接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期爲 2003 年 4 月 4 日，則該三個月的最後一日爲 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0.

Specification:
Class 6:
Building materials made of metal, especially profiles, tubes, plates, sheets and foils for windows, doors, sliding door, slid-folding door, sashes, louvres, grilles, gates, conservatories, partition walls, facades, curtain wall, skylights, building fagade, windows, doors, sliding door, slid-folding door, sashes, louvres, grilles, gates, conservatories, partition walls, facades, curtain wall, skylights, frames, insect screen, wall claddings, facings and prefabricated components, blades for shading installations, shutters, all made of metal; balustrades for stairs and balconies, windowsills, rain-leading sheets and profiles, fences, scaffolds, all made of metal; fittings and ironmongery; metal hardware, hinges, mechanical locking and entry systems for windows, doors and gates; all included in Class 6.
Class 19:
Building materials (non-metallic), especially profiles, tubes, plates, sheets and foils for windows, doors, sliding door, slid-folding door, sashes, louvres, grilles, gates, conservatories, partition walls, facades, curtain wall, skylights, building facade, windows, doors, sliding door, slid-folding door, sashes, louvres, grilles, gates, conservatories, partition walls, facades, curtain wall, skylights, frames, insect screen, wall claddings, facings and prefabricated components, blades for shading installations, shutters, all made of non-metallic; balustrades for stairs and balconies, windowsills, rain-leading sheets and profiles, fences,

scaffolds, all made of non-metallic; fittings and ironmongery; non-metallic hardware, hinges, mechanical locking and entry systems for windows, doors and gates; glass for buildings; stone for buildings, marble, granite, andesite, sandstone, limestone, tuff, artificial marble; wooden and artificial wooden frame for buildings; all included in Class 19.
Class 37:
Building services; constructing, installing, maintenance and repairing for windows, doors, curtain walls and claddings for building faç ade.
Class 42:
Providing scientific and technological services; conducting research, testing, remodeling and design for windows, doors, curtain walls and claddings of building faç ade.

Class 7:
Machines and machine tools; electronic components for machines, tools, automotive parts; printed circuit board manufacturing machines; label machines; termination machines, crimping machines and harness making machines; electronic hand tools and implements; parts and components for electronic hand tools and implements; automatic vending machines; all included in Class 7.
Class 8:
Hand tools and implements (hand-operated); parts and components for hand tools and implements; all included in Class 8.
Class 9:
Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin operated apparatus; cash registers; calculating machines, data processing equipment and computer hardware and peripheral devices, computer software, computer cabling; printed circuit board assembly; electromechanical systems and parts and components therefore; electric connectors and connector systems, electric connector components, power connectors; electric plug-in equipment connections and joints; connector housings; cable components, namely punch down blocks, jacks, plugs, patch cords, patch panels; wires and cables, fiber optic cable; electrical and fiber optic harnesses, electrical conductive cable ends, cable management devices; cable clamps, link boxes to ground and protect shields of high voltage cables; accessories for high voltage cables for industries in both overhead and underground installations, including outdoor oil filled terminations, outdoor dry type terminators; electrical cables for lighting installations; electric

cable ducts, plug and play cassettes, cable management components for enhancement of signal transmission, namely trays, dividers wraps, racks, brackets, channels, rings and clips, outlet housing and faceplates, and surge protectors; communication equipment, namely, electrical jacks, plugs, jackfields, connection panels, patching connectors and cords, signal repeaters, signal conditioners, communication distribution frames, fiber optic couplers, fiber optic wave length division multiplexer/demultiplexers, patch modules, interface modules, break-out modules, patching and switching chassis, patching, switching and monitoring power supplies, patching and switching control modules, data line monitors and emulators, private branch exchange test boards, network switching and monitoring controllers, switch cards, switching cables, digital signal cross connect modules, transmission circuit boards, signaling sub-boards, transmission mounting shelves and connection designation strips; service modules, cord reels, power panels and a selected number of cord cage options-namely, oscillator options, amplifier options, attenuator options, term set options, repeat coil options, ringdown converter options, signal relay options, blank plug-in cord options, monitor speaker options, transmission pad control options, automatic level control options, bridging transformer options, pulse generator options, outpulser options, fuse panels; status control systems for circuit monitoring and providing telemetry diagnosis and information in a remote communication system network, master display terminals sold as a unit; terminals used in status control systems for monitoring and providing telemetry diagnosis and information in a remote communication system network-namely, master display terminals; audio distribution amplifiers; speaker monitors; series loop access systems for providing access to series loop circuits comprising series loop access panels and series loop instrument panels, sold as a unit; jackfields; communication components and devices-namely, conference bridges, jack panels, jacks, cutover switches, patch cords, plugs, lamp sockets, lamp caps, telephone coils, repeat coils, connectorized cables; solid state telegraph relays; battery chargers-namely, aircraft battery chargers and industrial and leisure vehicle battery chargers; direct current ammeters; transformers; current sensors; magnetic amplifiers; broadcast filters; motor speed controls for controlling the speed of electric motors; power supply units for supplying power to electrical apparatus-namely, computers; door lock units, engine control systems, acceleration sensors; relays, automotive, telecommunication, industrial and computer relays; electrical apparatus; chip carrier sockets; circuits; adapters; sensors; magnetic sensors, radar sensors; inductive sensors; gas sensors; wireless subsystems and components; antennas; antenna systems; audio and video receivers; GPS receivers; circuit boards; power distribution boxes; multi-circuit power strips, receptacles; touch screens; touch computers, interactive displays; computer monitors, computer monitor frames; computer network hubs, switches and routers; computer networking apparatus; apparatus for linking computers into networks, apparatus for protecting computers from electrical power supply faults; articles adapted for use in the

ducting of computer cables; articles adapted for use in the support of computer cables; backup drives for computers; broadband data interconnecting computer installations; electronic components for computers; fiber optics communications installations for use with computers; plug-in components for computers modems; wire and board processing equipment; inductors, high current indicators, wire wound inductors, chokes, high current indicators, drum core indicators, shielded - unshielded wire wound inductors, power inductors; LAN protocol magnetics, magnetic modules; resistors; power resistors; switches, electric switches; smart cards; fiber optic products; electro-optic products; backplanes; backplane interconnects; attenuators; multiplexers; amplifiers; telematic systems; heat shrink sleeves for cables and wires; amplifiers; filters; power line filters; signal filters; diplexers; capacitors; circulators; isolators; resistors; transformers; couplers; batteries; battery terminals; microwave apparatus; audio mixers; modulators; converters; heat sinks, computer heat sinks; meters; controllers; radio frequency identification tags, circuit protection devices; circuit breakers; fuses; radar systems; radio frequency connectors, adapters, contacts and terminators; enclosures; street cabinets accommodating electric and electronic equipment and being configurable for pure fiber or a combination of copper-fiber to serve network architectures; cabinets adapted to hold computers; heat and cold shrink enclosures and wraps; identification and labelling components; panels; fiber optic panels, radios; accessories for radios; power converters; keypads; monitors; integrated circuits; touch systems; sleeves for electric cables and wires, arresters, surge arresters; electrical earthing equipment; electrical control cabinets; vibration indicators; electrical fuses; light diodes; equipment for telecommunication, namely modular insulation displacement wire connection block; overvoltage and current protectors for electrical and electronic telecommunication plants and data telecommunication systems, fittings, namely surge arresters, fuses, melting fuses diodes, varistors and thermoprotective circuit breakers; full line of telecommunications systems, equipment and components for use in the transmission or transfer of voice, audio, video, text and data by broadband, broadcasting, cable casting, coaxial cable, copper wire, fiber optic, radio, telephone, twisted pair, wire, wireless and other telecommunications technologies; computer software for use in operating and managing telecommunications systems and equipment, and the communications over such systems; undersea cables, telecommunication cables; all included in Class 9.

Class 17:

Rubber, gutta-percha, gum; vinyl and plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, not of metal; tubing (not of metal); rubber products (semi-worked); electrical insulating products and materials; hoses; insulating tubings, insulating tapes, moulds, extenders, gels, resins and insulating materials; plastic cable wraps; tapes and sealants; polyester base film, adhesives; all included in Class 17.

Class 37:

Building construction; repair; installation services; installation and repair of telecommunications networks; installation, maintenance and repair of apparatus for telecommunications; installation, maintenance and repair of telecommunications installations, communications networks, computer networks and data networks; wiring of buildings for telecommunication transmission; telecommunication electrical wiring; construction services; electrical installation, maintenance and repair; installation, maintenance and repair of machines; maintenance and repair services relating to engineering products; installation and repair of telecommunications equipment and systems, hardware and peripherals; installation and reparation of equipment and systems of housing infrastructure; all included in Class 37.

Specification:
Apparatus for recording, transmission or reproduction of sound or images in the fields of business and social networking, recruiting, employment and career and personal development; downloadable electronic publications in the fields of business and social networking, recruiting and employment, and personal and career development; computer software, namely, computer software for enabling business and social networking, posting and searching of employment opportunities, providing recruiting services and information about employment, careers, and recruiting, for allowing the uploading, downloading, retrieval, discussing and sharing of documents, information, video, sound, text and other media or multi-media, all being electronically recorded or downloadable from the Internet, extranets or other communication networks, and namely, application programming interface software for use in connection with the software applications of others.
Class 35:
Advertising, marketing and promotion services for businesses; business information services providing an online searchable database featuring employment and career opportunities and business, employment and professional business queries and answers;

providing business information about and making referrals concerning products, services, events and activities; organizing and conducting job fairs; job placement services, human resources consulting services; promoting the goods and services of others via computer and communication networks; business assistance services, facilitating the exchange and sale of services and products of third parties via computer and communication networks; charitable services, namely promoting public awareness about charitable, community service, and volunteer activities; providing online career networking services and information in the fields of employment, recruitment, job resources, and job listings; recruitment and personnel placement services; electronic commerce services, namely, providing an on-line community for advertising and marketing; hosting of exhibitions and networking events for business purposes; research in the fields of business.

Class 38:

Telecommunications services, namely electronic transmission of data, messages and information between and among computers, mobile and handheld devices and wired and wireless communication devices; telecommunication services, namely, enabling users to transmit messages, comments, multimedia content, videos, movies, films, and photos, audio content, animation, pictures, images, text, information, and other user-generated content via a global computer network and other computer and communications networks; providing online communications links which transfer users to other websites; providing online forums, chat rooms and electronic bulletin boards for users to post, search, watch, share, critique, rate, and comment on subjects of interest; providing access to computer, electronic and online databases; audio, text, video and multimedia broadcasting services over computer and electronic communications networks, namely uploading, posting, displaying, tagging and electronically transmitting data, audio, and video; providing access to computer databases in the fields of entertainment and education.

Class 41:

Entertainment and education services; disseminating information and providing and hosting seminars, electronic publishing services for others; electronic and online publishing services; hosting of exhibitions, conferences for cultural and educational purposes; organizing and conducting online educational events; organizing and conducting online educational and training events namely virtual meetings and seminars; electronic and online publication of reports in the fields of physical, mathematical, social, political, behavioral, applied sciences, international studies, technical sciences, namely statistics and information technology, available over a global computer network.

Class 42:

Computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via the Internet or other communications networks; computer services, namely, hosting virtual communities for registered users to organize groups, events, participate in discussions, and engage in social, business and community

networking; hosting of digital content online; hosting computer software applications of others; hosting an interactive website and online non-downloadable software for uploading, downloading, posting, showing, displaying, tagging, sharing and transmitting messages, comments, multimedia content, videos, movies, films, photos, audio content, animation, pictures, images, text, information, and other user-generated content; providing a website featuring non-downloadable software in the fields of business networking and marketing, employment, recruiting, advertising, marketing and promotion; providing non-downloadable software enabling users to search, locate and communicate with others via electronic communications networks for networking; application service provider services; searching and retrieving information available on computer networks, namely, providing information from searchable indices and databases of information, namely text, electronic documents, databases, graphics and audio visual information, by means of global computer information networks or other communications networks; providing temporary use of nondownloadable software; computer services in the nature of hosting customized web pages featuring user-defined information, personal profiles, audio and images; scientific and industrial research; computer programming; computer services, namely, on-line personalized information services; providing the use of software; design and development of computer software for others.
Class 45:
Providing personal and social services rendered by others to meet the needs of individuals; social introduction and networking services; providing information in the fields of personal development, namely self-improvement, self-fulfillment, all featuring charitable, philanthropic, volunteer, public and community services, and humanitarian activities.
