香港特別行政區政府知識產權署商標註冊處
Trade Marks Registry, Intellectual Property Department
The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請 。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情 。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知 。(例如，若果公布日期爲 2003 年 4 月 4 日，則該三個月的最後一日爲 2003 年 7 月 3 日 。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜 。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人 。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0 檢視電子憲報 。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0.

類別 Class 6

computers, computer networks and telecommunication equipment; diagnosis, analysis, optimization, styling, visualization, simulation, production, graphics languages and protocols and colour management software for text, photographic images and business graphics, laser signal sources, amplifiers equipment and peripheral devices; parts, accessories and replacement components for all of the above apparatus, devices, instruments; computer programs and components, including routers, controllers, disk drives; switches and wireless access points; cartridges for printers, plotters, copiers, facsimile machines and data recorders, toner cartridges and components thereof, downloadable printing fonts, font cartridges, paper trays for printers, print heads, cables, connectors, sorters, data carriers; internet servers disk backup hardware; memory chips; semiconductors, printed circuit boards, integrated circuits and software for cloud infrastructure management and automation; computer programs for monitoring web and application software performance; business intelligence software; project management software; software development tools for the creation of mobile internet applications and client interfaces; computer software that provides web-based access to applications and services through a web operating system or portal interface; downloadable software for sharing digital media and information via global communication networks; software for messaging and communications and exchanging voice, data, video and graphics accessible via mobile, wireless and communication networks; downloadable software for creating indexes of information; downloadable software for mobile phones and mobile devices for detecting a user's location and displaying relevant local information of general interest; downloadable software for mobile phones and mobile devices that allows the user to search the phone or device's content for information and applications; downloadable software for mobile phones and mobile devices that allows the user to search the internet for information of general interest; battery chargers; power adapters; servers and printers for healthcare and biomedical use; software and user interfaces instruments and devices all for use in the medical, healthcare, dental, surgical and veterinary fields; user authentication machines and devices; data storage apparatus; digital workplace environmental monitoring devices; interactive display apparatus and instruments; apparatus and instruments for controlling access to documents; iot（Internet of Things）sensors; project box being interactive display for interactive communication purposes; detective devices used in telecommunications network systems; consumer video communications machines.

Class 10:

Medical, surgical, dental, veterinary and healthcare apparatus and instruments; imaging apparatus and sensors for healthcare and biomedical use; technological medical apparatus and instruments for graphics analysis and diagnosis in the field of medicine, healthcare, veterinary and dental care; apparatus and instruments for medical analysis and diagnosis including their peripherals devices; all for use for humans and in the veterinary applications; mfp（multi-function products）being medical apparatus with copying,

x-ray photography, printing and scanning functions for use in the field of medicine, dental and veterinary; medical monitoring and testing devices; medical predictive analytics devices; medical apparatus and instruments to enable semantic understanding of documents, analysis and diagnosis including their peripheral devices; in-depth search technological medical devices and instruments allowing for greater levels of information to be searched; screening devices for medical purpose; all the aforesaid goods including their components for use in the field of medicine, surgical, veterinary, dental and healthcare.
Class 35:
Retail services in-store and on-line; business management services; business consultancy and advisory services; market analysis and research services; business risk assessment services; business organisation, operations, planning, administration and office functions; promotional services; business information services including sales, leasing, franchising and licensing of technological apparatus and instruments for business, office and home use; providing business information also via the internet, the cable network or other form of data transfer; providing business expert support to customers; business advisory and support services; leasing of office machines and business advisory relating to franchising services, conducting trade shows in the field of technological systems; customer relationship management services; electronic commerce services, namely, providing business information about information technology products via telecommunications networks; providing a website featuring an online marketplace for sellers and buyers of computer and information technological goods and services; business knowledge management services; business data analysis; billing services; ordering services; information services relating to all the aforementioned services; all the aforementioned services in relation to scientific apparatus and instruments, apparatus for recording, transmission or reproduction of sound, images or data, data processing equipment, user interfaces, unified user interface systems, software applications and management systems and tools, user authentication apparatus and instruments, all-in-one configurations systems and software, cloud computing applications and software apparatus and instruments, data storage and document share software and systems, technological administration interface, server, application software, including augmented reality application software, printers, including 3-d printers, computer dashboards, toolkits (computer software), scanners, photocopying apparatus and instruments, copying machines, toolbox (software tools), WI-FI apparatus, computer drive, computer hardware, configurations systems, devices and software, a single interface devices and toolkit (computer software) enabling connectivity, easy flow of information, communications, configuration and office operations of technological systems enhancing business efficiency, mfp (multifunctional products) namely machines which offer copying, photocopying, facsimile, printing and scanning functions, computer operating software for the aforementioned machines, documents rights management systems, including systems for controlling access

to documents, sensors, data processing devices enabling semantic understanding of documents and predictive analytics, smart room booking systems, interactive display systems, monitoring units for the environment, monitoring instruments, network monitoring, digital apparatus and instruments for the workplace and home use, including printers, dashboards, toolkits (computer software), application software, scanners, copying and photocopying apparatus and instruments; information services relating to the aforementioned; promotional services enhancing business development to bring awareness of the benefits of technological apparatus and instruments and their applications.

Class 37:

Installation, maintenance, cleaning and repair of electrical, electronic and wireless data processing, information technological and scientific systems, apparatus and instruments, computers, augmented reality tools and systems, servers, mfp (multi-function products), in-depth search data processing systems, documents rights management systems, storage and cloud systems and infrastructures, user authentication and interfaces systems and machines, digital workplace environmental monitoring systems, monitoring systems, healthcare, medical, dental, veterinary and surgical systems and apparatus, sensors including biomedical sensors, 3D printers, smart room booking systems, printers and networking equipment and their related peripheral devices; predictive analysis systems maintenance, repairs and installation; maintenance and repairing of office, business and home use technological equipment; maintenance and repair services for photographic, electronic, electrical, measuring apparatus and instruments; information services relating to the aforementioned services.

Class 38:

Telecommunication services, namely, electronic transmission of data and digital messaging via global computer and communication networks; digital transmission services; signalling and communications using mobile phones, telecommunication devices and handsets; augmented reality communications; information alert and signalling transmissions for communications; communication by hand-held machines; computer aided transmission of messages and images; rental of telecommunication equipment including telephones and facsimile apparatus; information services relating to the afore-mentioned services; communications via multinational telecommunication networks, wireless networks and the internet; telecommunications services, namely, telecommunications access services; data transmission and reception services via telecommunication means; electronic exchange of voice, data, images, audio video and graphics accessible via computer and telecommunication networks; providing multiple-user access to a global computer information network; providing telecommunication connections to the internet; providing online bulletin boards for transmission of messages among users in the field of general interest; providing online discussion groups for transmission of messages among users in the field of general interest; electronic mail services; workgroup communications services over computer

networks; instant messaging services; wireless broadband communication services; mobile phone communication services; providing secure real time electronic communication over a computer network; providing private and secure electronic communications over a private or public computer network via virtual private network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the internet; voice over internet protocol (voip) services; file sharing services, namely, electronic transmission of data via global computer networks.

Specification:

Class 9:
scientific, nautical, surveying, electric, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; accounting machines; accumulators; aerials; air analysis apparatus; alarms; animated cartoons; anodes; answering machines; antennas; anti-glare glasses; electricity anti-interference devices; apparatus and instruments for astronomy; electric devices for attracting and killing insects; meteorological equipment; bar code readers; barometers; batteries, electric; battery chargers; luminous beacons; warning devices; binoculars; blueprint apparatus; boiler control instruments; electricity branch boxes; breathing apparatus, except for artificial respiration; buzzers; cables, electric; cables (fibre [fiber (Am.)] optic); calculating disks; calipers; capacitors; capillary tubes; encoded cards, magnetic; TV games; computer games; eyeglass cases; cathodes; electricity cell switches; central processing units (processors); chromatography apparatus for laboratory use; chronographs (time recording apparatus); exposed cinematographic film; circuit breakers; circuit closers; cleaning apparatus for phonograph records; cleaning apparatus for sound recording discs; clothing for protection against fire; coaxial cables; coils, electric; electromagnetic coils; electric collectors; commutators; directional compasses;

compasses (measuring instruments); computer keyboards; computer memories; computer peripheral devices; computer programmes (programs), recorded; computer programs (downloadable software); computer software (recorded); printers for use with computers; electric conductors; electricity conduits; electric connections; connections for electric lines; contacts, electric; converters, electric; copper wire, insulated; counters; covers for electric outlets; data processing apparatus; decompression chambers; demagnetizing apparatus for magnetic tapes; detectors; dictating machines; audio-video compact discs; read-only memory compact discs; optical discs; disk drives for computers; electricity distribution boards; electricity distribution boxes; electricity distribution consoles; electricity ducts; dynamometers; electric installations for the remote control of industrial operations; electric loss indicators; electrified fences; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; electrolysers; electromagnetic coils; electronic notice boards; visual display units for electronic pens; electronic pocket translators; electronic publications (downloadable, provided online or offline); magnetic encoded cards; magnetic encoders; films, exposed; fire beaters; fire blankets; fire boats; fire engines; fire escapes; floppy disks; frequency meters; garments for protection against fire; glass covered with an electrical conductor; high-frequency apparatus; holders for electric coils; hydrometers; identification threads for electric wires; magnetic identity cards; electric apparatus for remote ignition; electricity indicators; electricity inductors; integrated circuit cards (smart cards); ionization apparatus, not for the treatment of air; electricity junction boxes; laptop computers; lasers, not for medical purposes; light conducting filaments (optical fibers (fibres)); light electric dimmers (regulators); light-emitting electronic pointers; electricity limiters; electric locks; meters; microphones; microprocessors; safety nets; optical apparatus and instruments; optical goods; optical lenses; oscillographs; oxygen transvasing apparatus; photographic, electrostatic, thermic photocopiers; apparatus and instruments for physics; plates for batteries; portable telephones; precision measuring apparatus; pressure gauges; printed circuits; projection apparatus; projection screens; protection devices for personal use against accidents; protective helmets; protective masks; voltage surge protectors; punched card machines for offices; radar apparatus; radiological apparatus for industrial purposes; radios; bar code readers; telephone receivers; electricity reducers; refractors; electric relays; remote control apparatus; respirators for filtering air; satellites for scientific purposes; slope indicators; smoke detectors; solar batteries; sonars; stereoscopes; sunglasses; switchboards; electric switches; telegraph wires; electronic transistors; vehicle breakdown warning triangles; video cassettes; video recorders; video screens; electricity wire connectors; masts for wireless aerials; exposed x-ray films; x-ray photographs, other than for medical purposes; x-rays producing apparatus and installations, not for medical purposes; company magazines and newspapers downloaded via the

internet; computer software downloaded from the internet; data recorded electronically from the internet; downloadable digital music from the internet; applications (software) for electronic devices; software to enable uploading, posting, showing, displaying, tagging, blogging, sharing or otherwise providing electronic media or information over the Internet or other communications networks; stills; apparatus and instrument for facial recognition; facial recognition panel; cartoon films, whether downloadable or not; CD-ROMs and other media formats featuring interactive games, motion picture films, sports and television series, game shows, reality based shows, animation, and other performance; audio and/or video recordings featuring music, music video and/or animation; e-cards; electronic greeting cards; electronic bills (computer documentation in electronic form); LED display; story books, electronic (provided online or offline).
Class 16:
magazines; periodicals; newspapers; writing paper; books; story books, printed; forms; calendars; posters; bags made of paper and plastic not included in other classes; toilet paper; notepads; announcement cards; cards; writing and drawing instruments and refills thereof; drawing materials; inks; inking ribbons; inking pads; blackboards; engravings; tailors' chalk; paper, cardboard and goods made from these materials, not included in other classes; paper and cardboard; printed matter; bookbinding material; photographs; stationery; stationery and office requisites, except furniture; adhesives for stationery or household purposes; artists' and drawing materials; paintbrushes; instructional and teaching materials; publications; printed research publications and other printed matter; letter writing sets; memo pads; diaries; yearbooks; timetables; postcards; ring binders; binders; souvenir booklets; marker pens; pens; pencils; pencil cases; folders; envelopes; bill envelopes; bill inserts (paper); adhesive tapes and bands for stationery or household purposes; paint brushes; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; personal organizers; boxes; packaging materials of paper or cardboard; wrapping or packing materials of paper; boxes of cardboard or paper; packaging containers of paper; erasers; labels; printed analysis publications and reports; catalogues; manuals and pamphlets; document files; graphic prints; charts; handbooks; gums for stationery and household purposes; paper sheets; pictures; lithographs; advertisement boards of paper or cardboard; manifolds (stationery); signboards of paper or cardboard; letterheads; acknowledgement slips; company chop; leaflets; brochures; newsletters; promotion packs; paper souvenirs; desktop stationery; adhesives [glues] for stationery or household purposes; printed publications; bags [envelopes, pouches] of paper or plastics, for packaging; waxed paper; towels of paper; stamps [seals]; writing instruments; note books; writing pads; promotion materials (printed matter); decoration of paper; cartoon books; cartoon cards; cartoon paper; cartoon posters; cartoon publications; cartoon strips.
Class 18:
leather and imitations of leather, and goods made of these materials and not included in other classes; animal skins and

hides; trunks and travelling bags; luggage and carrying bags; umbrellas and parasols; walking sticks; whips, harness and saddlery; backpacks; briefcases; clothing for pets; envelopes, of leather, for packaging; fur; handbags; key cases (leatherware); pelts; pocket wallets; purses; satchels (school-); school bags; shopping bags; suitcases; wallets (pocket-); wheeled shopping bags; collars, leashes and clothing for animals.
Class 20:
furniture, mirrors, picture frames; goods (not included in other classes) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics; air cushions; air mattresses; air pillows; bead curtains for decoration; bed fittings, not of metal; bedding [except linen]; beds for household pets; bins, not of metal; bottle caps; bottle closures; bottle racks; corks for bottles; plastic key cards; chests; wind chimes; clothes hooks; coat hangers; coathooks; coatstands; containers, not of metal (storage, transport); curtain holders; curtain hooks; curtain rails; curtain rings; curtain rods; curtain rollers; curtain tie-backs; cushions; towel dispensers; pet kennels; bed, furniture, door fittings; embroidery frames; fans [non-electric]; statues of wood, wax, plaster or plastic; fire screens; flower-pot pedestals; flower-stands; hat stands; high chairs for babies; house numbers, not of metal, non luminous; nesting boxes for pets; identity plates, not of metal; index cabinets; infant walkers; inflatable publicity objects; letter boxes; letter racks; magazine racks; mattresses; containers of plastic for packaging purposes; pillows; plate racks; cup racks; registration plates; signboards; trays; wickerwork: photograph frames; decorative edging strips of plastics and/or wood for use with window fittings; ornaments and decorations for windows or doors made of or from plastics, wax, wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for these materials; clips for sealing bags; inflatable headrests; decorations of plastics for foodstuffs or lunch boxes; key rings and key chains, not of metal; door stops; armchairs; baskets, not of metal; beds; benches [furniture]; boxes of wood or plastic; cabinet work; cabinets; carts for computers [furniture]; cases of wood or plastic; chairs [seats]; chests for toys; corks; garment covers [storage]; cradles; bamboo curtains; deck chairs; desks; dinner wagons [furniture]; head-rests [furniture]; keyboards for hanging keys; library shelves; lockers; locks [other than electric], not of metal; mannequins; racks [furniture]; saw horses; school furniture; seats; sofas; tables; tea carts; tea trolleys; trolleys for computers [furniture]; umbrella stands; cots; cupboards; display boards; drain traps [valves] of plastic; dressing tables; footstools and stools; hampers [baskets]; hooks for clothes rails; ladders of wood or plastics; medicine cabinets; mats, removable, for sinks; name plates, not of metal; number plates, not of metal; pegs and pins (not of metal); playpens for babies; scratching posts for cats; shelves; indoor window blinds [shades] [furniture]; works of art, figurines and statuettes and small decorations or ornaments of wood, cork, reed, cane, wicker,

horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for these materials, or of wax, plaster or plastics; all included in Class 20
Class 25:
Clothing, footwear, headgear.
Class 28:
Games and playthings; gymnastic and sporting articles not included in other classes; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; balls for games; billiard tables; board games; building games; playing cards; expanders exercisers; play balloons; playing balls; pools (swimming) [play articles]; practical jokes (novelties); toys; toys for domestic pets; puppets; toy figurines; mascot dolls; toy figures representing cartoon characters and accessories therefor.
Class 35:
advertising; advertising agencies; demonstration of goods for advertising purposes; advertising by mail order; dissemination of advertising matter; rental of advertising space; distribution of souvenirs (promotional materials); cost price analysis; bill-posting; distribution of samples; opinion polling; organisation of exhibitions for commercial or advertising purposes; marketing research; marketing studies; modelling for advertising or sales promotion; news clipping services; on-line advertising on a computer network; television advertising and commercials; radio advertising and commercials; outdoor advertising; public relations; publication of publicity texts; publicity; publicity agencies; publicity material rental; the bringing together, for the benefit of others, of a variety of goods and services, enabling customers to conveniently view, purchase or order those goods and services from a general merchandising internet web site; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods in a department store, supermarket and/or convenience store; window dressing; sales promotion; business management; business consultancy; business information and inquiries; business investigations; business management assistance; business research; relocation services for business; commercial information agencies; commercial or industrial management assistance; document reproduction; economic forecasting; employment agencies; computerized file management; import-export agencies; personnel management consultancy; personnel recruitment; procurement services for others; psychological testing for the selection of personnel; compilation of directories for publishing; statistical information for advertising, commercial, business management, business administration or office functions; business administration; book-keeping; business appraisals; data search in computer files for others; payroll preparation; secretarial services; office functions, personnel and human resources management, business information management assistance and office administration services; typing; transcription; tax preparation; accounting; drawing up of statements of accounts; auctioneering, auditing; rental of office machines and equipment; rental of vending machines; telephone answering for unavailable subscribers;

supermarket and/or convenience store retailing and wholesaling services; the bringing together of a variety of goods through Internet shopping channels enabling customers to conveniently view and purchase those goods by means of telecommunications; computerised ordering services; retailing and wholesaling service provided on-line from a computer database; operation of an online shopping service; consultancy and advisory services in respect of the aforementioned services; retailing and wholesaling services provided via a global computer network; advertisement services; backdrop advertising; sponsorship search; organisation of technical exhibitions; equipment sourcing, buying and selling equipment on behalf of businesses; business project management; advertising in newspaper, magazines, billboards, journals, websites; retail business in the field of electricity; online wholesaling and retailing services; promoting the goods and services of others by providing a website featuring consumer product information for people concerned about sustainable living; promoting the goods and services of others by means of an online retail store featuring environmentally sustainable consumer products; advertising in the form of animation; design of advertising/ promotional material.
Class 38:
telecommunications; communications by computer terminals; communications by fiber (fibre) optic networks; computer aided transmission of messages and images; electronic mail; message sending; news agencies; providing telecommunications connections to a global computer network; providing user access to a global computer network (service providers); rental of telecommunication equipment; sending apparatus (rental of message-); wire service; providing multiple user access to and leasing access time to a computer database of a global computer information network for the transfer and dissemination of information and data and for the facilitation of e-commerce and real world business transactions; communications by telephone; telex services; facsimile transmission; information about telecommunication; radio broadcasting; television broadcasting; cable television broadcasting; electronic transmission of data and information; providing and operating a global computer network for the transfer and dissemination of e-commerce and real world business transactions; all included in Class 38.
Class 39:
transport; travelling and transport arrangement, brokerage and agency; transport reservation; travel reservation; reservation of air transport; reservation of rail transport; reservation services for the transportation of goods by air, sea and land; electricity supply and distribution services; transport of goods and cargo by air, rail road or water; packaging and storage of goods; distribution of energy; distribution of electricity to consumers directly; courier services for merchandise, documents and messages; message delivery; storage information; storage of goods; travel and transportation information; packaging of goods; parcel delivery; warehousing; wrapping of goods; waste collection, storage and transport services; information and advisory services in relation to the aforesaid services; barge transport; boat rental; boat

transport; bus transport; car parking; car rental; coach rental; courier services (messages or merchandise); ferry-boat transport; freight brokerage (forwarding (Am.)); freighting; hauling; passenger transport; removal services; rental of storage containers; rental of warehouses; rescue operations (transport); river transport; salvaging; physical storage of electronically-stored data or documents; arranging travel and information and advisory services in respect of aforementioned services, all provided on-line from a computer database or the internet; transport and storage of trash; distribution of fuels; liquefaction gas station; operating canal locks; storage; transport by pipeline; consultancy relating to energy supply.
Class 41:
education academies services; education services relating to the energy, real estate, financial, information technology, electronic commerce, retail, entertainment, sports, engineering, research and development, telecommunications, cultures, arts and crafts, social, extra-curricular and culinary skills and/or arts activities fields; arranging and conducting of colloquiums, conferences, congresses, seminars and symposiums; providing of training relating to the energy, real estate, financial, information technology, electronic commerce, retail, entertainment, sports, engineering, research and development, telecommunications, cultures, arts and crafts, social, extra-curricular and culinary skills and/or arts activities fields; publication of texts; provision of educational information; organization of displays, presentations and exhibitions for cultural, sporting and educational purposes; providing on-line electronic publications, (not downloadable); publication of electronic books and journals on-line; arranging and organizing of sports and cultural competitions; instruction services relating to the energy, real estate, financial, information technology, electronic commerce, retail, entertainment, sports, engineering, research and development, telecommunications, cultures, arts and crafts, social, extra-curricular and culinary skills and/or arts activities fields; party planning for entertainment purposes; club entertainment services or club education services; provision of information services relating to the entertainment, sports, cultures, arts and crafts, social, extra-curricular and culinary skills and/or arts activities fields; film production; lending libraries; microfilming; photography; practical training (demonstration); production of radio and television programmes; production of shows; teaching; translation; arranging and conducting of workshops (training); information and advisory services in respect of the aforementioned services, including those provided on-line from a computer database or the internet; publication of instructional, educational and training materials; publication of texts [other than publicity texts]; amusements; information relating to entertainment or education provided online from computer databases or Internet; electronic game services provided on Internet; providing online game via Internet; animation production services; publication of lyrics of songs in book form and sheet form; provision of non downloadable cartoon via the Internet; all included in Class 41.

Class 42:
scientific technological and technical industrial research; computer programming; architecture consultation; consultancy in the field of computer hardware; computer software design; material testing; construction drafting; engineering drawing; underwater exploration; geological research; geological prospecting; geological surveys; graphics arts designing; design engineering; design feasibility studies; design of commercial products; design of building interiors; design and development of computer hardware and software; design of equipment/facilities for the transportation of waste; design of lighting systems or packaging; design of stationery; design of restaurants; surveying; land surveying; technical research; mechanical research; professional consultancy relating to technology; technical project studies; conducting of technical feasibility studies; consultancy relating to information technology; energy auditing; scientific research project management; provision of technology and/or technical information; provision of expert reports relating to science and technology; advisory services relating to energy efficiency, environmental protection and pollution, science; analysis for oil-field exploitation; chemical analysis; chemical research; recovery of computer data; computer rental; engineering; industrial design; installation of computer software; maintenance of computer software; quality control; research and development (for others); website design and hosting; software application hosting; creation support maintenance and design of web sites or internet sites; computer and technological services relating to provision and operation of e-commerce platforms for real-time and delayed interaction on the Internet; development, configuration, programming, technical installation, operation and maintenance of a computer network (software) for e-commerce, real-time and delayed interaction on the Internet; architectural consultation; packaging design services; consultancy in the field of environmental protection; mechanical research; quality testing; weather forecasting; consultancy in the field of computer software; chemistry services; bacteriological research; research in the field of environmental protection; scientific research project management services; non-business professional consultancy relating to all the aforesaid services; consultancy in the field of energy-saving; consultancy relating to energy saving measurement and verification; consultancy relating to use of energy; consultancy relating to energy auditing; consultancy relating to electricity; cloud computing; application service provider (ASP) services; provider to enable or facilitate uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or other electronic media or information via Internet; advisory services relating to environmental protection; provision of information, advisory and consultancy services relating to environmental protection; environmental design services; consultancy relating to technological services in the field of power and energy supply; design of animation and comics; digital imaging services; digital imaging services provided from the internet; providing (hosting) a website for educational purposes featuring photos, videos, and

		articles about electricity, the environment, agriculture, environmental sustainability, climate change, renewable energy, and/ or ecological balance; all included in Class 42.

[511] 貨品／服務說明： Specification:

Class 9:
Computer hardware; Software for social networking and interacting with online communities; Software development tools; Software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Software for creating, managing, and interacting with an online community; Software for organizing events, searching for events, calendaring and managing events; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; Software for modifying and enabling transmission of images, audio, audio visual and video content and data; Software for modifying photographs, images and audio, video, and audio-visual content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via the internet and communication networks; Software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; Software for use in creating, managing,

measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Computer peripheral devices; Electronic game software; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; Software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; Software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Software for converting natural language into machine-executable commands; Software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; Personal assistant software; Social assistant software; Software for mapping services; Software for planning activities with other users and making recommendations; Software for social and destination mapping; Software for making reservations and bookings; Software for ordering and/or purchasing goods and services; Location-aware software for searching, determining and sharing locations; Software for wireless content, data and information delivery; Software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; Software, namely, an application providing social networking functionalities; Software for creating, managing and accessing groups within virtual communities; Software for location-based searching and alerts; Software for searching and identifying employment opportunities; Software for identifying and allowing users to contact government representatives; Software providing a virtual marketplace; Software providing location-based weather information; Software providing, linking to, or streaming news or current events information; Software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; Software for finding content and content publishers, and for subscribing to content; Software for creating and managing social media profiles and user accounts; Software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; Software for advertisers to communicate and interact with online communities; Software for streaming multimedia entertainment content; Computer software; Software for processing images, graphics, audio, video, and text; Computer software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; Software for managing social networking

content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; Software for use in customer relationship management (CRM); Messaging software; Software for facilitating and arranging for the financing and distribution of fundraising and donations; Software for online charitable fundraising services and financial donation services
Class 35:
Marketing, advertising and promotion services; Provision of market research and information services; Promoting the goods and services of others via the internet and communication networks; Business and advertising services, namely, media planning and media buying for others; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; Consulting services in the fields of advertising and marketing; Business services for facilitating the exchange and sale of services and products of third parties via the internet and communication networks; Providing online marketplaces for sellers of goods and/or services; Business services for providing online facilities for connecting sellers with buyers; Business networking; Employment and recruiting services; Advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; Providing online computer databases and online searchable databases in the field of classifieds; Pre-paid gift card services, namely, issuing gift card certificates that may be redeemed for goods or services; Charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Advertising via electronic media; Customer relationship management; Advertising services; Dissemination of advertising for others via the internet and communication networks; Promoting the goods and services of others by means of distributing video advertising on the internet and communication networks; Advertising services, namely, targeting and optimization of online advertising; Business management; Business administration, office functions; Business consultation regarding marketing and advertising activities; Media planning and media buying services; Brand consulting; Design of advertising materials for others; Providing online business directories featuring the businesses, products and services of others
Class 36:
Financial transaction processing services, namely, providing secure commercial transactions payment options; Electronic processing and transmission of bill payment data for users of the internet and communications networks; Electronic funds transfer services; Credit card, debit card, and gift card transaction processing services; Payment transaction processing services; Providing electronic mobile payment services for others; Financial services; Payment processing services; Financial transaction services; Facilitating

and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and financial donation services
Class 38:
Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; Telecommunications; Providing access to computer, electronic and online databases; Telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information; Providing online forums for communication on topics of general interest; Providing online communications links which transfer mobile device and internet users to other local and global online locations; Facilitating access to third party websites or to other electronic third party content via a universal login; Providing online chat rooms, instant messaging services, and electronic bulletin boards; Audio, text and video broadcasting services over the internet or other communications networks; Voice over internet protocol（VOIP）services; Telephony communication services; Providing access to computer databases in the fields of social networking and social introduction and dating; Peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; Telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; Teleconferencing; Telecommunication services, namely, data transmission and reception services via telecommunication networks; Web messaging; Electronic exchange of voice, data, audio, video, text and graphics accessible via the internet and telecommunications networks; Audio, text and video broadcasting services over the internet and other communications networks; Providing access to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; Providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating
Class 41:
Entertainment services; Photosharing and video sharing services; Electronic publishing services for others; Entertainment services, namely, facilitating interactive and multiplayer and single player game services for games played via the internet or communication networks; Providing information about electronic, video or interactive multimedia games via the internet or communications networks; Contest and incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Publication of educational materials, namely, publishing of books, journals, newsletters, and

electronic publications; Educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Online journals, namely, weblogs (blogs) featuring user-defined content; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; Providing electronic and interactive multimedia games; Providing online virtual reality games; Providing online augmented reality games; Providing online mixed reality games; Providing computer, electronic and online databases in the field of entertainment; Publishing services, namely, publishing of electronic publications for others; Entertainment services via online facilities which stream entertainment content and video of entertainment events; Providing online games; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; Virtual reality game services provided online from a computer network; Augmented reality game services provided online from a computer network; Providing online virtual reality games; Providing online game software; Entertainment services, namely, providing interactive games; Entertainment services, namely, providing augmented reality games and interactive entertainment content; Entertainment services, namely, providing online virtual reality environments; Entertainment services, namely, providing online augmented reality environments; Providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing non-downloadable online publications about virtual reality technology via a website; Providing non-downloadable online publications about augmented reality technology via a website; Education; Providing of training; Sporting and cultural activities; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works

Class 42:

Design and development of computer hardware and software; Computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, namely, hosting electronic facilities for others for organizing and conducting meetings,

events and interactive discussions via the internet and communication networks; Computer services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities, to engage in social networking, and to manage their social networking accounts; Providing software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Computer services in relation to providing information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Development of hardware for use in connection with electronic and interactive multimedia games; Electronic and interactive multimedia game development services; Computer services in relation to providing online sites that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Computer services in relation to providing online sites that gives users the ability to upload, modify and share augmented reality content, information, experiences and data; Computer services in relation to providing online sites that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Providing software

enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing single sign-on and software technology for e-commerce transactions for user authentication; Providing single sign-on and software technology for user authentication in electronic funds transfer, credit and debit card and electronic check transactions; Providing an application programming interface (API) to allow users to perform electronic business monetary transactions via the internet; Providing software for processing electronic payments; Platform as a service (PAAS) services featuring software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Providing software for electronic messaging; Mapping services; Providing software for mapping services; Application service provider (ASP) featuring software for mapping services; Providing software for sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Providing software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Providing software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing location-aware software for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Providing software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing software for searching and identifying employment opportunities; Providing software for identifying and allowing users to contact government representatives; Providing software for providing a virtual marketplace; Providing software for providing location-based weather information; Providing software for providing, linking to, or streaming news or current events information; Providing software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Computer services in relation to providing online sites that gives users the

ability to upload, modify and share virtual reality content and data; Platform as a service (PAAS) featuring software platforms for use in purchasing and disseminating advertising; Providing software for modifying photographs, images and audio, video, and audio-video content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Providing software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; Providing software for finding content and content publishers, and for subscribing to content; Providing software for organizing images, video, and audio-visual content using metadata tags; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Computer services, namely, curating online user-defined content and advertisements and creating social media feeds; Providing software for taking photographs and recording audio, audio-visual and video content; Providing software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing software for streaming multimedia entertainment content; Providing software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing software for advertisers to communicate and interact with online communities; Providing temporary use of non-downloadable personal assistant software; Providing temporary use of non-downloadable social assistant software; Providing online facilities featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Development of video game software; Computer programming services for creating virtual reality videos

and games; Design and development of augmented reality hardware and software; Software development; Providing online software; Application service provider (ASP); Providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, namely, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Legal services; Providing software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing software for online charitable fundraising services and financial donation services
Class 45:
Social introduction and networking and dating services; Providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities for on-line social networking; Providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of electronic reminders and notifications; Online social networking services; Providing information in the form of databases featuring information in the fields of social networking and social introduction; User verification services; Identification verification services; Business identification verification services

[511]	貨品／服務說明： Specification:	Class 9: Computer devices and software for use to connect and control internet of things (IoT) devices; computer devices for home and environmental monitoring, control, and automation; security surveillance apparatus; alarm monitoring systems; computer devices and computer software that allow the sharing and transmission of

data and information between devices for the purposes of facilitating home and environmental monitoring, control, and automation; data processing equipment; intercommunication apparatus; home automation control devices; stand-alone voice controlled information devices; anti-intrusion and anti-theft warning apparatus and devices; theft prevention installations; security control apparatus; photographic apparatus and instruments; optical apparatus and instruments; apparatus for recording, transmission or reproduction of sound or images; computer hardware and software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing images, audio, video and data files; communication devices for voice, data, or image transmission; voice and data transmitters and receivers; computer software; electronic doorbells, electronic locks, motion sensors, alarms, alarm sensors, alarm systems, sensors and detectors, and speakers; video monitors; security cameras; video cameras for monitoring the interior and exterior of residences and commercial buildings, and wireless controllers to remote monitoring, control, and automation; video streaming devices, video recording, and video receiving devices; cameras; webcams; apparatus and devices providing night vision; alarm system and camera mounts and stands; environmental hazard detectors, namely, devices that detect and record the presence of water, humidity levels, heat, temperature, movement, motion, and sound; closed circuit television apparatus and cameras; pet and baby monitors, pet viewing units; parts, fittings and accessories for all the aforesaid goods; security software; computer software and software applications for home and environmental monitoring, control, and automation; software and software applications permitting users to identify and communicate with persons at their door; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by electronic devices, systems, and interchanges that exchange data via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to internet connected consumer electronic devices; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to theft-prevention and security systems, and home and business surveillance systems; voice command and recognition software; computer software used for controlling stand-alone voice controlled information and personal assistant devices; computer software for remote monitoring and analysis.
Class 11:
Security lights.
Class 35:
(A) Online retail store services; data processing; data management; collection of data; database and file management; promotional services comprising the recording, transcription, compilation and analysis of video and audio; compilation and systemization of data

into computer databases; data searches in computerized files for others; subscriptions to telecommunications database services; promoting consumer awareness of safety and crime prevention; (B) Consultancy and advisory services relating to the aforesaid services.
Class 38:
Telecommunication services; electronic communication services; transmission of data, audio, video and multimedia files; transmission of messages, voice, data, video, and images through a global communications network; communications services; broadcasting services; video communication services; video telephone services; data communication services; data streaming; providing voice communication services over the Internet; consultancy and advisory services relating to the aforesaid services.
Class 41:
Audio and video recording services; subscription video recording services; electronic library services for the supply of electronic information (including archive information) in the form of audio and/or video information; consultancy and advisory services relating to the aforesaid services.
Class 42:
Platform as a service (PAAS) featuring computer software platforms for use with home and environmental monitoring, control, and automation systems; software as a service (SAAS) services featuring computer software for use with home and environmental monitoring, control, and automation systems; application service provider featuring application programming interface (API) software for home and environmental monitoring, control, and automation; Platform as a service (PAAS)featuring computer software for use to connect and control internet of things (Iot) electronic devices; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; Platform as a service (PAAS) featuring computer software for use to connect and control internet of things (Iot) electronic devices; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices; security and anti-theft software applications; software applications permitting users to identify and communicate with persons at their door; voice command software applications; computer services, namely, providing an internet site featuring technology for use in home and environmental monitoring, control, and automation systems; computer services, namely, providing an internet portal featuring technology enabling users to remotely interact with home and environmental monitoring, control, and automation systems; providing online non-downloadable software for recording, viewing, storing, sharing and analyzing online audio and video; providing temporary use of on-line non-downloadable software for the management and transmission

of data; design and development of computer hardware and software; hosting a website for the electronic storage of data; monitoring of computer systems by remote access; monitoring of the functioning and use of camera systems by remote access; installation, maintenance and repair of computer software; cloud recording（cloud computing）and storage services（cloud computing）; electronic storage of electronic media, namely, images, text, audio, and video data; providing an online non-downloadable internet-based application featuring technology enabling users to share videos; providing an on-line network environment that features technology that enables users to share data; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing, and analyzing data; information technology support services; provision of technical support; consultancy and advisory services relating to the aforesaid services.
Class 45:
Home security monitoring services; consultancy, advisory and information services relating to home security monitoring; electronic security monitoring and security services for residential and commercial properties; providing information about safety and crime prevention; providing a website featuring information about safety and crime prevention.
