

### Name matching logic

- Fuzzy logic will be implemented in the matching of Applicant's / Owner's / Proprietor's Names, so as to avoid undesirable bouncing back of cases

- Current list:

Limited	Ltd.	Ltd.,	Ltd
Company	Company,	Co.	CO.,

- All entries in the same row are regarded as the same
- Case-insensitive search
- Trimming of repeated space, e.g. "Chan Tai Man" and "Chan    Tai Man" are regarded as the same
- Commas not considered in the match, e.g. "ABC Limited HK" and "ABC Limited, HK" will be considered as the same
