

Major bug fixes / refinements on the E-Filing System

Fixed on	Function / Web Form No.	Description of the issue	Description of the fix / refinement
30/09/2024	Online payment		'FPS (Faster Payment System)' is added as a payment method.
09/06/2022	Electronic Mail Box		Read messages and notifications are now able to be marked as unread with the "Mark as unread" button.
03/02/2022	"Download" function in Electronic Mail Box		The letters downloaded will now include the letter name, letter sent date and case no./IPD reference no. in the file name for easy reference. Furthermore, if multiple letters are downloaded at the same time, they will no longer be separated in folders, but will be included directly under the zip file downloaded. The file name of the zip file will also be named according to certain search criteria applied, if applicable.
03/02/2022	"Pending Forms", "Submitted Forms", "Create Web Forms" and "User Management" pages	When users perform certain actions, e.g. view a submitted form, edit a pending form, and return to the aforementioned pages, the system would reset the number of records per page to 10 and bring the users back to page 1.	After performing such actions, the system will bring the users back to the page the users were viewing. The number of records per page, which the users might have set to 20, 50, 100, would also be retained.
03/02/2022	iAM Smart personalised notification	This function allows users to receive the latest information and messages from e-filing services through iAM Smart mobile application.	Users can login the E-Filing System to enable this feature and receive the latest information and messages in iAM Smart apps.
15/10/2021	iAM Smart integration	<ol style="list-style-type: none"> iAM Smart is applied in our e-filing system to facilitate users of 'Individual Owner' and 'Individual Agent' account types to login with a single digital identity using their personal mobile phone with iAM Smart mobile application. Form pre-filling for one-time filers with iAM Smart profile information 	<ol style="list-style-type: none"> Users can login the e-filing system by scanning the QR code dedicated for the e-filing system using his/her mobile phone. One-time filers can use their information in e-ME profile (i.e. name, phone number) to fill up with their form submission by pressing "Form filling with iAM Smart e-ME" button.

15/10/2021	Form GE for attaching D6, D7, D9, P1, P1A, P14, P17, SP1 and SP2 in pdf format	Forms D6, D7, D9, P1, P1A, P14, P17, SP1 and SP2 were not acceptable for electronic filing/communications.	Registered efilers can file Forms D6, D7, D9, P1, P1A, P14, P17, SP1 and SP2 in e-filing using the Form 'GE'.
15/10/2021	CAPTCHA mechanism	The reCAPTCHA mechanism is replaced by hCAPTCHA mechanism.	To apply another CAPTCHA mechanism to improve reliability of captcha service.
15/10/2021	User Satisfaction Survey	To collect users' rating on the utilization of the e-Government services	After public users (i.e. one-time filers) submit and pay a form, a survey on the user's experience in filing the forms in the e-filing system pops up.
15/10/2021	Web form T5		A warning message is added when the e-filer ticks Part 03(c) and leaves Part 03(d) unticked, or when the e-filer ticks Part 03(d) and leaves Part 03(c) unticked.
30/04/2021	Browser cache	After a new software release, users may not see updates to the website unless they clear the browser cache manually.	NIS has waived the policy on browser cache- control. Users can see updates to the e-filing website without clearing browser cache manually.
30/04/2021	Online payment		'Union Pay' is added to the payment methods available in online payment by credit card.
