

Certified copies

Registered information

Information in the register of trade marks can be downloaded and printed from the Internet without charge. Alternatively, a copy of an entry in the register can be obtained by completing and filing Form T14 with the applicable fee (section 69(2) and rule 70(1)).

Applying for certified copies

Certified copies of an application for registration or information in the register may be needed for claiming priority in an application for registration outside the Hong Kong SAR, or as proof of ownership in legal proceedings.

A request for certified copies can be made by completing and filing Form T14 with the applicable fee (section 69(1); rules 70(1) and (2)).

Certified copies are sealed with the Registrar's seal (see definition of "certified" in section 2).
