Hi, since this will end in 11 Feb 2015, we would like to see if IPD can write an article about this and we will be happy to post it on StartupsHK website. Do you think you can write us an article and comment on why the Madrid Protocol is important to Hong Kong SMEs and Startups and we would be happy to put it on our site and get more feedback on the consultation.

On that note, StartupsHK is totally in support of Hong Kong joining the Madrid Protocol. We are aware that Singapore is part of this protocol and businesses there get to take advantage of the protocol and save a significant amount of cost and time when applying for trademark in the areas covered by the protocol.
