

香港特別行政區政府知識產權署商標註冊處

Trade Marks Registry, Intellectual Property Department

The Government of the Hong Kong Special Administrative Region

### **接納註冊 (全文本)**

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的 後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

### **ACCEPTANCE FOR REGISTRATION (FULL VERSION)**

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

Class 9:

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; electronic books (downloadable); electronic books and publications (downloadable) in computer

readable form; CD-ROMs storing contents of study-aid books and other publications; computer software for searching and retrieving information via computer systems and computer networks; mobile software application; mobile software; computer programs; computer software for network and information technology security; information display apparatus and systems; computer software for electronic mail, mobile messaging and multimedia messaging; personal information management software; billing application software specifically designed to facilitate automated payment of multiple bills; computer application software for mobile phones, portable media players, and handheld computers; barcode and optically readable symbol readers; data reader devices; card readers and authentication apparatus for encoded or magnetic data carriers; optical data carriers; cards (chips embedded); game software and entertainment software for use with mobile devices; mobile telecommunications equipment; cash dispenser cards; charge cards; magnetic cards (encoded); smart cards [integrated circuit cards]; identity cards, magnetic; cards for electronic, optical or magnetic storage of data for use as customer loyalty cards; computer software for application and database integration; computer software for hosting of digital content on the internet; database management software; electronic publication (downloadable) provided on-line from database or a global computer network; electronic verification apparatus for verifying authentication of charge cards, bank cards, credit cards, debit cards and payment cards; authentication and authorization software; GPS (Global Positioning System) software and video game programmes; internet and web-based application software for developing graphical user interfaces; access control software; apparatus (including computer hardware and computer software) for providing, processing, displaying, recording, transmitting, receiving, reproducing, editing, utilizing and playback of images, sounds, data and information; apparatus and software for recording, transmitting and reproducing sound and/or images; apparatus, instruments and software for communicating with local and global computer networks; application and communication software; application development software; business software; communications and networking software; data storage software; database encryption

software; educational software; electronic mail and messaging software; fingerprint authentication hardware and software; global positioning system (GPS) consisting of computers; apparatus for connection to the internet; internet electronic mail software; audio and video graphics apparatus for real time information and image transfer, transmission, reception, processing and digitizing; authentication machines for use in information data processing; EDP (electronic data processing) software; apparatus and devices for reading and processing data stored; apparatus and instruments for recordings, receiving, transmitting and/or reproducing data, information, pictures, images, and/or sound; apparatus for input, output, reception, transmission and storage of data; apparatus for processing card transactions and data relating thereof and for payment processing; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; data storage programs; electronic data carriers; barcode labels and tags; on-line and off-line electronic payment apparatus; GPS (Global Positioning System) apparatus; access control apparatus for identification and recording systems; access control equipment and systems; application programs; computer software relating to navigation; navigation systems; computer software (downloadable); pre-recorded sound, image, data and other information carriers and information storage devices; navigation apparatus for electrically displaying maps and locations based on position data; audio and video recordings, downloadable publications and software supplied on-line from a computer databases or the internet; communication hardware and software for the transmission, reception and reproduction of data signals; computer application software; computer hardware and computer application software for use in the field of telecommunications; computer hardware and software for compressing and decompressing digital data publications in electronic form (downloadable) supplied on-line from databases; computer hardware and software for data encryption, storage, and retrieval; computer hardware and software for database management; computer hardware and software for the receipt, display, and use of broadcast video, audio, and digital data signals; computer hardware and software for use in

providing financial exchange services; computer software for protecting and securing computer networks and applications; computer software for encrypting and authenticating data; networking software for wireless communications and connectivity; parts and fittings for all the aforesaid goods; all included in Class 9.

Class 16:

Paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; cards in the form of debit cards, credit cards, charge cards and telephone cards [other than encoded or magnetic cards]; pamphlets; printed advertisements concerning travel; printed materials; magazines; gift vouchers; letterhead; software operating manuals; discount cards; advertisement boards of card, cardboard, or paper; instruction manuals for design; picture books; picture cards; picture postcards; publicizing picture; photo paper; photo image printing paper; travel publications; travel guides; award certificates; activity book; adhesives for office use; advertising and publicity materials; apparatus for displaying photographs, pictures, postcards, or prints; bags of paper or plastic for packaging; brochures; business cards; calendars; catalogues; coupons; entertainment magazines; event programs; flyers; guide books; guide maps; holiday cards; illustrations; informational publications; instruction manuals; invitations [printed matter]; journals; loose-leaf publications; maps; office stationery; promotional publications; publications; registration forms; stationery; visiting cards; newspapers; tickets; advertising publications; printed publications; printed vouchers; magazine columns; postage stamps; rubber stamps; printed packaging materials of card, cardboard, paper or plastic; membership plastic cards; plastic cards; trading cards [printed matter]; printed coupons; paper for loose leaf binders; informational flyers; teaching materials for instruction and education; parts and fittings for all the aforesaid goods; all included in Class 16.

## Class 35:

Advertising; business management; business administration; office functions; business and commercial information services provided on-line from a computer database, computer network, global computer network or the internet; provision of business data by electronic and/or digital means; marketing in the framework of software publishing; advertising by the internet; business information services provided on-line from a computer database or the internet; online advertising on a computer network or the internet; provision of business information from the internet and/or computer database; sales promotion for others via the internet; distribution of commercial information; provision of information about sale of goods; consultancy relating to design of promotional material; design of advertisements; design of advertising, marketing and publicity materials; design of business and marketing materials; analysis of market research data and statistics; automated data processing; business data analysis services; collecting of business data; company data information services; computer data management; computer data processing; data processing; electronic data processing; information services relating to data processing; online data processing services; professional consultancy relating to data processing; provision of business data and information on-line via a database or the internet; updating and maintenance of data in computer databases; systematizing of data and information in computer data banks; promotion agency services; commercial consultancy; advertisement services; advertising and promotion; advertising services via the internet; arranging of advertising; data searching services; direct mail advertising; distribution of promotional items; promotion services; updating of advertising material; compilation of information into computer databases; marketing services; compilation and updating of customer files; marketing research; publication of publicity text; advisory services relating to providing customer services; customer relationship management services; distribution of coupons for the purpose of sales promotion; advertising to promote electronic commerce; rental of advertising time on communication media; subscription services for others relating to publications and electronic publications; compilation and management of

business information relating to electronic commerce; marketing and promotional services; business information services; organization of exhibitions for commercial or advertising purposes; provision of interactive information in the field of business on-line from computer database or the internet; advertising agency services; advertising and direct-mail advertising; advertising and interactive marketing services; advertising services via a global computer network; banner advertising; distribution of advertising materials; film advertising; information services in relation to advertising and promotion; management of advertising spaces; providing web space for advertising for online business; display services for merchandises; cost price analysis; on-line shopping services; demonstration of goods and services for advertising and promotional purposes; opinion polling; sponsorship search; modelling for advertising and/or sales promotion; providing data collection and retrieval services; search engine optimization for sales promotion; providing digital content (business information) by means of on-line social media platforms; online directory services; retailing and distributorship services, wholesaling and retailing, online wholesaling and retailing of scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus for recording, transmission or reproduction of sound or images, magnetic data carriers, recording discs, compact discs, DVDs and other digital recording media, mechanisms for coin-operated apparatus, cash registers, calculating machines, data processing equipment, computers, computer software, fire-extinguishing apparatus, electronic books (downloadable), electronic books and publications (downloadable) in computer readable form, CD-ROMs storing contents of study-aid books and other publications, computer software for searching and retrieving information via computer systems and computer networks, mobile software application, mobile software, computer programs, computer software for network and information technology security, information display apparatus and systems, computer software for electronic

mail, mobile messaging and multimedia messaging, personal information management software, billing application software specifically designed to facilitate automated payment of multiple bills, computer application software for mobile phones, portable media players, and handheld computers, barcode and optically readable symbol readers, data reader devices, card readers and authentication apparatus for encoded or magnetic data carriers, optical data carriers, cards (chips embedded), game software and entertainment software for use with mobile devices, mobile telecommunications equipment, cash dispenser cards, charge cards, magnetic cards (encoded), smart cards [integrated circuit cards], identity cards, magnetic, cards for electronic, optical or magnetic storage of data for use as customer loyalty cards, computer software for application and database integration, computer software for hosting of digital content on the internet, database management software, electronic publication (downloadable) provided on-line from database or a global computer network, electronic verification apparatus for verifying authentication of charge cards, bank cards, credit cards, debit cards and payment cards, authentication and authorization software, GPS (Global Positioning System) software and video game programmes, internet and web-based application software for developing graphical user interfaces, access control software, apparatus (including computer hardware and computer software) for providing, processing, displaying, recording, transmitting, receiving, reproducing, editing, utilizing and playback of images, sounds, data and information, apparatus and software for recording, transmitting and reproducing sound and/or images, apparatus, instruments and software for communicating with local and global computer networks, application and communication software, application development software, business software, communications and networking software, data storage software, database encryption software, educational software, electronic mail and messaging software, fingerprint authentication hardware and software, global positioning system (GPS) consisting of computers, apparatus for connection to the internet, internet electronic mail software, audio and video graphics apparatus for real time information and image transfer, transmission, reception, processing and

digitizing, authentication machines for use in information data processing, EDP (electronic data processing) software, apparatus and devices for reading and processing data stored, apparatus and instruments for recordings, receiving, transmitting and/or reproducing data, information, pictures, images, and/or sound, apparatus for input, output, reception, transmission and storage of data, apparatus for processing card transactions and data relating thereof and for payment processing, computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information, data storage programs, electronic data carriers, barcode labels and tags, teaching materials for instruction and education, on-line and off-line electronic payment apparatus, GPS (Global Positioning System) apparatus, access control apparatus for identification and recording systems, access control equipment and systems, application programs, computer software relating to navigation, navigation systems, computer software (downloadable), pre-recorded sound, image, data and other information carriers and information storage devices, navigation apparatus for electrically displaying maps and locations based on position data, audio and video recordings, downloadable publications and software supplied on-line from a computer databases or the internet, communication hardware and software for the transmission, reception and reproduction of data signals, computer application software, computer hardware and computer application software for use in the field of telecommunications, computer hardware and software for compressing and decompressing digital data publications in electronic form (downloadable) supplied on-line from databases, computer hardware and software for data encryption, storage, and retrieval, computer hardware and software for database management, computer hardware and software for the receipt, display, and use of broadcast video, audio, and digital data signals, computer hardware and software for use in providing financial exchange services, computer software for protecting and securing computer networks and applications, computer software for encrypting and authenticating data, networking software for wireless communications and connectivity, Paper and cardboard, printed matter, bookbinding material, photographs, stationery and office

requisites, except furniture, adhesives for stationery or household purposes, drawing materials and materials for artists, paintbrushes, instructional and teaching materials, plastic sheets, films and bags for wrapping and packaging, printers' type, printing blocks, cards in the form of debit cards, credit cards, charge cards and telephone cards [other than encoded or magnetic cards], pamphlets, printed advertisements concerning travel, printed materials, magazines, gift vouchers, letterhead, software operating manuals, discount cards, advertisement boards of card, cardboard, or paper, instruction manuals for design, picture books, picture cards, picture postcards, publicizing picture, photo paper, photo image printing paper, travel publications, travel guides, award certificates, activity book, adhesives for office use, advertising and publicity materials, apparatus for displaying photographs, pictures, postcards, or prints, bags of paper or plastic for packaging, brochures, business cards, calendars, catalogues, coupons, entertainment magazines, event programs, flyers, guide books, guide maps, holiday cards, illustrations, informational publications, instruction manuals, invitations [printed matter], journals, loose-leaf publications, maps, office stationery, promotional publications, publications, registration forms, stationery, visiting cards, newspapers, tickets, advertising publications, printed publications, printed vouchers, magazine columns, postage stamps, rubber stamps, printed packaging materials of card, cardboard, paper or plastic, membership plastic cards, plastic cards, trading cards [printed matter], printed coupons, paper for loose leaf binders, informational flyers; consultancy, information, management and advisory services relating to all the aforesaid; all included in Class 35.

Class 36:

Insurance; financial affairs; monetary affairs; real estate affairs; automatic credit card bill payment services; banking services relating to payment cards; bill payment services; card payment services; electronic payment card services; electronic payment processing services; information services relating to the automated payment of accounts; payment collection services; payment processing services; payment settlement

services; payment services through electronic means; payment services provided via the internet; providing payment services relating to securities transactions; payment transactions services; secure financial transaction, electronic fund transfer and electronic bill payment services; electronic payment transaction card services; financial database services relating to credit card transactions and other payment transaction; processing of credit card payments; providing rebates at participating establishments of others through use of a membership card; electronic financial transaction processing services; financial transaction services; financial transaction settlement; arranging discount services for bills of payment; automated payment of accounts provided on-line from the internet; electronic bill payment services; electronic payment services conducted via a global communications network; electronic payment services; electronic settlement of account via mobile wireless internet; electronic wallet services (payment services); financial services relating to bill payment; payment administration services via a global communication network; processing of bills and payments; processing of debit card payments; processing of payments conducted via a global communications network; processing of payments in relation to credit or charge cards; remote payment services; secure financial transaction services for banking purpose via the internet; transfer of payments for consumers via the internet; transmission of payments; affinity credit card services; automated banking services; credit card and debit card services; credit card cash advance services; financial and credit card services relating to frequent buyer programs for the awarding of goods, services, gifts, discounts and tokens of money; financial and credit card services relating to incentive award schemes; financial services relating to credit card customer loyalty and reward programs; financial services relating to credit cards; financial services relating to bank cards; providing information relating to charges for credit cards and electronic money; provision of banking, financial and credit card services; telephone credit cards processing services; internet banking (providing services for conducting of banking transactions via the internet); internet banking or banking services by means of a wireless communication tool; arranging financial transactions;

automated and electronic financial transactions conducted via computer terminals; automated banking services relating to charge card transactions; automated banking services relating to credit card transactions; banking transactions; clearing financial transactions via a global computer network; electronic cash transactions; electronic credit transactions; executing financial transactions on behalf of others; processing debit card transactions; processing financial transactions; providing financial information and transaction processing services by electronic means; providing secure financial transaction services; check verification; collection of payment; discount card services; processing of payment for banks; provision of dining discount card services (financial services); provision of financial information via the internet; provision of financial services relating to credit, cash and smart cards; provision of on-line banking; automated payment services; financial consultancy services in the field of payment systems; credit information services rendered by computer software; currency dealing, exchange and remittance services; consultancy, information, management and advisory services relating to all the aforesaid; all included in Class 36.

Class 38:

Telecommunications; interactive on-line telecommunications services; providing online forums; providing on-line chat rooms and forums for transmission of messages; providing internet chatrooms; electronic transmission of computer software of others by means of electronic communications networks; electronic transmission of data, messages, games, images, sound and documents via computer terminals, telephones and mobile telephones; delivery of music, sound, images, text signals and software via the internet; transmission services via electronic media; data transmission services via telecommunications networks; communications by computer terminals; providing user access to global computer network; mobile and cellular communications services; transmission of greeting cards online; telecommunication services relating to provision of on-line chat rooms via a global computer network; transmission of information, computer programs and data; internet-based telecommunications services; communication by electronic networks; communication of messages and images

by computer; communication services for the transmission of information; communication services over the internet; communication via the internet; computer aided transmission of messages, documents, data, information and images; data transfer and information transfer services via computer networks; delivery of data, text, photographs and images to mobile telephones and wireless communication apparatus; message sending and delivery by electronic media; on-line message sending, forwarding and receiving services; online information transmission; transmission of data, sound, images and text via the internet; transmission of data, visual images, sound and information by means of telecommunications apparatus; transmission of electronic advertisement; transmission of information via computer terminals; transmission of information via the internet; transmission of sound, images and information via the internet; providing telecommunication access to a computer network or the internet; providing telecommunication access to computer databases; operation of telecommunication network services; providing access to global computer networks (the internet) and telecommunication networks; telecommunications consultancy services relating to payment systems; on-line electronic transmission services for secure payment transactions; electronic transmission of business transaction data; telecommunication services relating to providing wireless local area network (LAN) connections; telecommunication services relating to the internet; providing telecommunication access to electronic networks, intranets and the internet to facilitate online sales of goods and services; providing information relating to telecommunication goods and services via the internet; providing telecommunication channels for teleshopping services; providing on-line chat rooms and forums for transmission of messages relating to customer services; consultancy, information, management and advisory services relating to all the aforesaid; all included in Class 38.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; website maintenance services; computer services, namely, creating virtual communities for registered users to organize

groups and events, participate in discussions, and engage in social, business and community networking; advisory services relating to computer software; advisory services relating to software development; analysis of computer software; computer and software consultancy services; creation of software; design and development of computer hardware; computer software and database design; writing, development, updating and design of computer software; information technology [IT] consultancy; project studies relating to software; computer and internet security system monitoring services; design and development of computer hardware and software for on-line attestation and verification of internet users; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; computer services relating to the design of website advertisement; information services relating to computer systems and applications; consultancy relating to design and development of computer software; data security consultancy; internet security consultancy; commercial design services; consultancy services relating to design; database design; design and development of data processing, storage and transmission apparatus; design and development of computer systems; design and development of computer systems, software and networks; design and development of computers and software; design and development of software for the internet websites and applications; design and development services relating to computer software application and computer database; design and engineering services relating to telecommunication systems and apparatus; design of computer programs and software; design of programs for data processing; design of software; design, development, updating, installation and maintenance of computer software; development, design and creation of software; development, design and rental of data processing programs; graphic design; graphic design for on-line shops; software design; computer data security services; computer data storage services; recovery of computer data; writing of programs for data processing; restoration of computer data; development of software programs for online automatic filling in an application form; computer services relating to automatic software updating through computer networks;

computer hardware and software consulting services; computer hardware and software development; computer networking for electronic commerce; computer security services; computer services provided on-line; computer services relating to computer networking; computer services relating to database development; computer services relating to the internet services; computer software design and maintenance; computer software updating; computer system integration services; design and development of computer software; development of computer software, hardware and networks for others; encryption of computer data; information and consultancy services relating to the internet and websites; information and consultancy services relating to computer technology; installation, design, upgrading and maintenance of computer software; maintenance and testing of software and programs; maintenance, updating and design of computer software and programs; providing computer information through the internet; software design and development; research and development relating to telecommunication; computer security services relating to network access; computer security system monitoring services; custom design of security access systems; design of computer security software for others; maintenance of software for security, surveillance and monitoring systems; security services for computer networks; data encryption and decryption services; computer consultancy services relating to electronic business transactions; computer services relating to home shopping services provided from the internet; graphic art design and development of multimedia software applications; providing search engines for obtaining data via electronic communications networks; providing search engines for the internet; providing search engines to facilitate commerce via the internet; development of multimedia software applications; services for providing computer software programs by means of online social media platforms; providing computer services featuring software to facilitate the posting, uploading, displaying, tagging, blogging, sharing and providing of electronic media or information via telecommunication networks and the internet; providing computer services relating to the access of an on-line network service for users to transfer personal information to and share personal information with and among multiple online facilities;

providing computer information from searchable indexes and databases of information, including text, graphics, electronic documents, electronic media, photographic images and audio visual information, via telecommunication networks and the internet; consultancy, information, management and advisory services relating to all the aforesaid; all included in Class 42.

Class 45:

Legal services; security services for the physical protection of tangible property and individuals; personal and social services rendered by others to meet the needs of individuals; on-line authentication of user in electronic commerce; user authentication and verification services for payment transaction; licencing of digital data, still images, moving images, audio and text; concierge information services; investigation, surveillance and security services relating to the safety of persons and entities ; agencies for on-line attestation and verification of internet users; agencies for on-line user verification and attestation for electronic commerce; advisory services relating to security; computer software licensing; consulting services relating to security systems; copyright management; electronic signature verification services; identity verification; security services; security alarm monitoring services; security assessment of risks relating to the protection of persons; security services for the protection of property; security services for the protection of property and documents; security risk assessment; security surveillance; legal advice; consultancy and advisory services relating to legal matters; providing legal information; legal administration and legal support services; legal administration of licences; legal services in relation to the negotiation of contracts for others; legal services relating to business; management and exploitation of industrial property rights; information advisory and consultancy services relating to legal services; social escort services; computerised security services for business establishments and domestic establishments; providing information relating to on-line dating, personal introduction and social networking; on-line social networking services; consultancy, information, management and advisory services relating to all the aforesaid; all included in Class 45.
