

香港特別行政區政府知識產權署商標註冊處
Trade Marks Registry, Intellectual Property Department
The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.info.gov.hk/pd/egazette/> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.info.gov.hk/pd/egazette/>.

- [511] Class(es) No(s):
貨品／服務說明 :
Specification:
- Class 9:
Telecommunications and computer products; telecommunications and computer equipment, components, supplies and systems, namely, pagers, telephones, telephone switches, peripheral equipment for use in local area networks and wide area networks; coaxial and fiber optic cables and adapters, computers, microcomputers, monitors, computer display units, speakers, microphones, computer storage media, computer memory, computer peripherals and modems; televisions and television peripheral equipment, namely, cameras, set boxes, remote control units for interactive and non-interactive use, computer programs for use in telecommunications, business, finance, programs for accessing a global computer network or interactive computer communications network; machine-readable, magnetically encoded cards, including telephone calling cards and credit cards; audio and video recordings in the fields of telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel; headsets for telephones, listening to music and gaming; filters for voice and data communications; jacks; jack assemblies; couplers and faceplates for use with telecommunications wires and cables; routers and gateways for telecommunications and computer use; print servers; web cameras; CD players; MP3 players; DVD players; PC cards; weather sensing devices and instruments; cameras and photo processing equipment; two-way radios; voice recorders; GPS/mapping devices; security systems; data cards; smart cards; EVDO data cards; GSM GPRS UMTS data cards; SIM cards; Computer software in the fields of data networking, computer telephony, e-commerce, computer and network security, electronic messaging, fax transmissions, desktop video conferencing, collaborative document sharing and to enable access to databanks.
- Class 14:
Clocks.
- Class 16:
Printed matter, namely, telephone directories, books, newsletters, pamphlets, brochures, printed sheets and cards, instructional and teaching materials all in the fields of telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel; non-magnetically encoded paper and plastic cards for use as telephone calling cards and credit cards and for other purposes; Printed materials, namely, magazines and newspapers all on the subject of telecommunications related goods and services.
- Class 28:
Electronic toys and games.
- Class 35:
Advertising services, namely, promoting the goods and services of others through printed advertising, printed directories, through encoded media and through the dissemination of materials through communications networks, including global communications networks; business management and consulting services, excluding agricultural business management and consulting services; business information services in the fields of telecommunications, advertising, information technology, marketing and related fields, providing information via telephone and other communications networks in the fields of business; billing services; data processing services; catalog services, telephone order services and electronic ordering services in the fields of telecommunications, information technology, and general merchandise; retail store services in the fields of telecommunications, information technology and general merchandise, namely, speakers, microphones, televisions and television peripheral equipment, namely, cameras, set boxes, remote control units, audio and video recordings in the fields of telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel, headsets for music and gaming, CD players, MP3 players, DVD players, weather sensing devices and instruments, cameras and photo processing equipment, voice recorders, GPS/mapping devices, security systems, clocks, printed matter, namely, telephone directories, books, newsletters, pamphlets, brochures, printed sheets and cards, instructional and teaching materials all in the fields of telecommunications,

information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel, printed materials, namely, magazines and newspapers all on the subject of telecommunications related goods and services, electronic toys and games; equipment leasing services in the fields of office equipment; on-line retail stores featuring downloadable pre-recorded music, games and videos.

Class 36:

Banking services, financial management, financial information and investment services; real estate management, rental, brokerage, and information services; credit card services, telephone calling card services in the nature of telecommunications prepay and postpay calling card services offered through non-magnetically encoded cards and through magnetically encoded pre-paid cards with stored value; electronic commerce services in the nature of electronic debit and credit card processing services, funds transfer and payment processing services; providing information via telephone and other communications networks in the fields of finance.

Class 37:

Installation, maintenance and repair for telecommunications apparatus, computer hardware, audio, video and interactive equipment, components, supplies and systems, and related equipment, components, supplies and systems thereof; repair of computer software.

Class 38:

Telecommunications, namely, transmission of voice, data, images, audio, video and information via telephone, television and global communication networks; personal communications services; pager services; leasing telecommunications equipment, components, supplies and systems; electronic mail services; television broadcasting services; providing news and information relating to telecommunications via telephone, television and global communications networks; providing telephone directory information via telephone, television and global communications networks; providing multiple user interactive access to a global communications network; transmission and broadcast of audio and video programming of all types via telephone, television, and global communications networks; Internet backbone services, namely, a high-speed line or series of connections that forms a major pathway within a network; Video and audio teleconferencing via the Internet, Asynchronous Transfer Mode (ATM) services, Integrated Service Digital Network (ISDN) services, Internet Protocol (IP) communications services, Virtual Private Network (VPN) services and private line services; providing telecommunications gateway services and frame relay connectivity services for data transfer; Electronic data transmission packet services; providing switching services to others for voice, data, video and multimedia applications; Providing telecommunications connections to the Internet and other computerized communications, data and wireless networks; providing multi-user access to a wireless communications network; Providing facsimile services; Telecommunications services, namely, providing a gateway for connecting between independent telecommunications and computer networks for sharing of Internet traffic; voice mail services; Telecommunications services, namely, providing toll free services and call routing services; Messaging center services in the nature of telephone voice messaging services; Video, audio and data telephone conference services; wireless telecommunications services, namely, the wireless transmission of voice and data; Telecommunications services, namely, providing voice over Internet protocol services; providing network access point services for the exchange of Internet traffic among Internet traffic carriers; electronic messaging services; provision of telephone directory information; providing information via telephone and other communications networks in the fields of telecommunications; equipment leasing services in the field of telecommunications; operating electronic information networks; consulting services in the fields of telecommunications, communication networks, computerized communications and global communications networks.

Class 39:

Providing information via telephone and other communications networks in the fields of travel; providing storage services for the electronic data of others; storage of websites, web centers, namely, electronic mail, newsgroups, list servers and the digital content and data of others.

Class 41:

Educational and entertainment services, namely, television and video production services, providing entertainment, general information and news relating to entertainment via telephone, television, and global communications networks; sponsoring sports, educational and entertainment programs and events; providing information via telephone and other communications networks in the fields of sports, entertainment and culture.

Class 42:

Web page hosting services, web page design services, design services in the fields of information technology, computer programming, telecommunications, communications networks, computerized communications, data center management services and global communications networks; consulting services in the fields of information technology (computer services) and computer programming, data center management services (computer services); Providing data center services (computer services); Colocation services, namely, the provision of a secure environmentally-controlled facility and technical monitoring for the telecommunications equipment of others; Hosting and maintenance of websites, web centers, namely, electronic mail, newsgroups, list servers and the digital content and data of others; Application Service Provider (ASP) services, namely, hosting computer software applications of others; Authentication services in the fields of telecommunications and network services; Providing non-downloadable network auditing software in the fields of secure communications and data networks; Design in the field of computerized communications and data networks; Providing computer information in the fields of computerized communications network services and data center services; providing information via telephone and other communications networks in the fields of information technology (computer services) and weather information; computer equipment leasing services in the field of information technology; installation and maintenance of computer software; computer services relating to information technology; computerized communication network security services; providing information in the fields of Internet and network security and the secure transmission of data and information; consulting services in the fields of Internet and network security services, information security services, secure data and information transmission services; consultation in the field of computerized communication network security; telecommunications system disaster emergency response and recovery services; and consulting services in the field of telecommunications system disaster emergency response and recovery; providing user authentication services to others in the field of voice and data communication network services; monitoring data networks for security purposes, including the provision of firewalls; data encryption and decryption services.

[511]	類別編號 : Class(es) No(s).:	9, 14, 16, 28, 35, 36, 37, 38, 39, 41, 42
[511]	貨品/服務說明 : Specification:	Class 9: Telecommunications and computer products; telecommunications and computer equipment, components, supplies and systems, namely, pagers, telephones, telephone switches, peripheral equipment for use in local area networks and wide area networks; coaxial and fiber optic cables and adapters, computers, microcomputers, monitors, computer display units, speakers, microphones, computer storage media, computer memory, computer peripherals and modems; televisions and television peripheral equipment, namely, cameras, set boxes, remote control units for interactive and non-interactive use, computer programs for use in telecommunications, business, finance, programs for accessing a global computer network or interactive computer communications network; machine-readable, magnetically encoded cards, including telephone calling cards and credit cards; audio and video recordings in the fields of

telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel; headsets for telephones, listening to music and gaming; filters for voice and data communications; jacks; jack assemblies; couplers and faceplates for use with telecommunications wires and cables; routers and gateways for telecommunications and computer use; print servers; web cameras; CD players; MP3 players; DVD players; PC cards; weather sensing devices and instruments; cameras and photo processing equipment; two-way radios; voice recorders; GPS/mapping devices; security systems; data cards; smart cards; EVDO data cards; GSM GPRS UMTS data cards; SIM cards; Computer software in the fields of data networking, computer telephony, e-commerce, computer and network security, electronic messaging, fax transmissions, desktop video conferencing, collaborative document sharing and to enable access to databanks.

Class 14:

Clocks.

Class 16:

Printed matter, namely, telephone directories, books, newsletters, pamphlets, brochures, printed sheets and cards, instructional and teaching materials all in the fields of telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel; non-magnetically encoded paper and plastic cards for use as telephone calling cards and credit cards and for other purposes; Printed materials, namely, magazines and newspapers all on the subject of telecommunications related goods and services.

Class 28:

Electronic toys and games.

Class 35:

Advertising services, namely, promoting the goods and services of others through printed advertising, printed directories, through encoded media and through the dissemination of materials through communications networks, including global communications networks; business management and consulting services, excluding agricultural business management and consulting services; business information services in the fields of telecommunications, advertising, information technology, marketing and related fields, providing information via telephone and other communications networks in the fields of business; billing services; data processing services; catalog services, telephone order services and electronic ordering services in the fields of telecommunications, information technology, and general merchandise; retail store services in the fields of telecommunications, information technology and general merchandise, namely, speakers, microphones, televisions and television peripheral equipment, namely, cameras, set boxes, remote control units, audio and video recordings in the fields of telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel, headsets for music and gaming, CD players, MP3 players, DVD players, weather sensing devices and instruments, cameras and photo processing equipment, voice recorders, GPS/mapping devices, security systems, clocks, printed matter, namely, telephone directories, books, newsletters, pamphlets, brochures, printed sheets and cards, instructional and teaching materials all in the fields of telecommunications, information technology, safety, news, sports, entertainment, culture, business and finance, weather and travel, printed materials, namely, magazines and newspapers all on the subject of telecommunications related goods and services, electronic toys and games; equipment leasing services in the fields of office equipment; on-line retail stores featuring downloadable pre-recorded music, games and videos.

Class 36:

Banking services, financial management, financial information and investment services; real estate management, rental, brokerage, and information services; credit card services, telephone calling card services in the nature of telecommunications prepay and postpay calling card services offered through non-magnetically encoded cards and through magnetically encoded pre-paid cards with stored value; electronic commerce services in the nature of electronic debit and credit card processing services, funds transfer and payment processing services; providing information via telephone and other communications networks in the fields of finance.

Class 37:

Installation, maintenance and repair for telecommunications apparatus, computer hardware, audio, video and interactive equipment, components, supplies and systems, and related equipment, components, supplies and systems thereof; repair of computer software.

Class 38:

Telecommunications, namely, transmission of voice, data, images, audio, video and information via telephone, television and global communication networks; personal communications services; pager services; leasing telecommunications equipment, components, supplies and systems; electronic mail services; television broadcasting services; providing news and information relating to telecommunications via telephone, television and global communications networks; providing telephone directory information via telephone, television and global communications networks; providing multiple user interactive access to a global communications network; transmission and broadcast of audio and video programming of all types via telephone, television, and global communications networks; Internet backbone services, namely, a high-speed line or series of connections that forms a major pathway within a network; Video and audio teleconferencing via the Internet, Asynchronous Transfer Mode (ATM) services, Integrated Service Digital Network (ISDN) services, Internet Protocol (IP) communications services, Virtual Private Network (VPN) services and private line services; providing telecommunications gateway services and frame relay connectivity services for data transfer; Electronic data transmission packet services; providing switching services to others for voice, data, video and multimedia applications; Providing telecommunications connections to the Internet and other computerized communications, data and wireless networks; providing multi-user access to a wireless communications network; Providing facsimile services; Telecommunications services, namely, providing a gateway for connecting between independent telecommunications and computer networks for sharing of Internet traffic; voice mail services; Telecommunications services, namely, providing toll free services and call routing services; Messaging center services in the nature of telephone voice messaging services; Video, audio and data telephone conference services; wireless telecommunications services, namely, the wireless transmission of voice and data; Telecommunications services, namely, providing voice over Internet protocol services; providing network access point services for the exchange of Internet traffic among Internet traffic carriers; electronic messaging services; provision of telephone directory information; providing information via telephone and other communications networks in the fields of telecommunications; equipment leasing services in the field of telecommunications; operating electronic information networks; consulting services in the fields of telecommunications, communication networks, computerized communications and global communications networks.

Class 39:

Providing information via telephone and other communications networks in the fields of travel; providing storage services for the electronic data of others; storage of websites, web centers, namely, electronic mail, newsgroups, list servers and the digital content and data of others.

Class 41:

Educational and entertainment services, namely, television and video production services, providing entertainment, general information and news relating to entertainment via telephone, television, and global communications networks; sponsoring sports, educational and entertainment programs and events; providing information via telephone and other communications networks in the fields of sports, entertainment and culture.

Class 42:

Web page hosting services, web page design services, design services in the fields of information technology, computer programming, telecommunications, communications networks, computerized communications, data center management services and global communications networks; consulting services in the fields of information technology (computer services) and computer programming, data center management services (computer services); Providing data center services (computer services); Colocation services, namely, the provision of a secure environmentally-

controlled facility and technical monitoring for the telecommunications equipment of others; Hosting and maintenance of websites, web centers, namely, electronic mail, newsgroups, list servers and the digital content and data of others; Application Service Provider (ASP) services, namely, hosting computer software applications of others; Authentication services in the fields of telecommunications and network services; Providing non-downloadable network auditing software in the fields of secure communications and data networks; Design in the field of computerized communications and data networks; Providing computer information in the fields of computerized communications network services and data center services; providing information via telephone and other communications networks in the fields of information technology (computer services) and weather information; computer equipment leasing services in the field of information technology; installation and maintenance of computer software; computer services relating to information technology; computerized communication network security services; providing information in the fields of Internet and network security and the secure transmission of data and information; consulting services in the fields of Internet and network security services, information security services, secure data and information transmission services; consultation in the field of computerized communication network security; telecommunications system disaster emergency response and recovery services; and consulting services in the field of telecommunications system disaster emergency response and recovery; providing user authentication services to others in the field of voice and data communication network services; monitoring data networks for security purposes, including the provision of firewalls; data encryption and decryption services.
