

香港特別行政區政府知識產權署商標註冊處
Trade Marks Registry, Intellectual Property Department
The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

類別 Class 6

Class(es) No(s) .:

[511] 貨品 / 服務說明 :
Specification:
Class 6:
Containers of metal; Containers of metal
[storage, transport], namely vessels for
transport, containment and storage for spent
nuclear fuel and high level radioactive waste;
Tanks of metal; Branching pipes of metal;
Junctions of metal for pipes; Pipes of metal;
Pipes of metal, for central heating
installations; Ducts of metal for central
heating installations; Steel pipes; Water-
pipes of metal; Valves of metal, other than
parts of machines; Water-pipe valves of metal.
Class 7:
Pressure reducers [parts of machines],
Pressure regulators [parts of machines],
Pressure valves [parts of machines]; Expansion
tanks [parts of machines]; Clack valves [parts
of machines]; Valves [parts of machines];
Boiler tubes [parts of machines]; Pumps [parts
of machines, engines or motors]; Pumps
[machines]; Wastes treatment machines;
Cleaning apparatus [for chemical processing],

Steam Engine Boilers.

Class 9:

Pressure indicator plugs for valves; Pressure gauges; Pressure indicators; Pressure measuring apparatus; Measuring and testing machines and instruments; Electronic machines, apparatus and their parts; Electric monitoring apparatus.

Class 11:

Boilers, other than parts of machines; Heating boilers; Gas boilers; Pressure water tanks; Flues for heating boilers; Boiler pipes for heating installations; Level controlling valves in tanks; Thermostatic valves [parts of heating installations]; Air valves for steam heating installations; Safety accessories for water or gas apparatus and pipes; Regulating accessories for water or gas apparatus and pipes; Feeding apparatus for heating boilers; Steam boilers, other than parts of machines; Expansion tanks for central heating installations; Faucets for pipes; Mixer taps for water pipes; Regulating and safety accessories for gas pipes; Taps [cocks, spigots] for pipes; Nuclear reactors; Reactor pressure vessels and their parts; Parts and fittings of nuclear reactors; Industrial furnaces; Parts and fittings of industrial furnaces; Installations for processing nuclear fuel and nuclear moderating material; Ventilation [air-conditioning] installations and apparatus; Cooling apparatus and machines; Coolers for furnaces; Air purifying apparatus and machines; Parts and fittings of air purifying apparatus and machines; Water purifying apparatus and machines; Parts and fittings of water purifying apparatus and machines; Heat exchangers, not parts of machines; Parts and fittings of heat exchangers.

Class 19:

Tanks of masonry; Pipes, not of metal; Branching pipes, not of metal; Rigid pipes not of metal [building]; Water-pipes, not of metal; Water-pipe valves, not of metal or plastic; Valves, not of metal.

Class 20:

Containers not of metal nor of masonry; Containers, not of metal [storage, transport], namely vessels for transport, containment and storage for spent nuclear fuel and high level radioactive waste; Tanks, not of metal nor of masonry; Valves, not of metal, other than parts of machines; Water-pipe valves of plastic; Pipes, not of metal nor of masonry.

Class 37:

Machinery installation, maintenance and repair; Heating equipment installation and repair; Repair and maintenance of nuclear power plants; Operation, check or maintenance of building equipment.

Class 42:

Designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments relating to boilers, pressure vessels, nuclear power plants, facilities for reprocessing spent nuclear fuel, uranium-enrichment facilities, and radioactive waste disposal facilities.

[511] 類別編號 : 6,11,12,41
Class(es) No(s) .:

[511] 貨品 / 服務說明 : Class 6:
Specification: Common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes; buildings of metal; floating containers of metal; floating docks of metal, for mooring boats; frames of metal for building; framework of metal for building; mooring buoys of metal; packaging containers of metal; platforms, prefabricated, of metal; steel buildings.

Class 11:

Fountains; ornamental fountains; apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; fairy lights for festive decoration or string lights for festive decoration; electric lamps; lamps; lanterns for lighting; light diffusers; light projectors; lightemitting diodes [LED] lighting apparatus; lighting apparatus and installations; lighting apparatus for vehicles; lights for vehicles; standard lamps or floor lamps; electric torches or electric flashlights; luminous tubes for lighting; water conduits installations; water distribution installations; water intake apparatus; watering installations, automatic.

Class 12:

Pontoons; vehicles; apparatus for locomotion by land, air or water; barges; boats; ferry boats; ships; vehicles for locomotion by land, air, water or rail; water vehicles; yachts.

Class 41:

Arranging and conducting of water shows; providing facilities for water games and water entertainments; planning of entertainment services; planning of shows; education; providing of training; entertainment; sporting and cultural activities; arranging and conducting conferences and conventions; arranging and conducting of workshops; arranging professional workshop and training courses; art exhibition and gallery services; art gallery services relating to fine arts leasing; booking of tickets for entertainment activities; charitable services, namely academic mentoring, education or training; club services [entertainment or education]; conducting classes, seminars, and workshops in the fields of art, graphic and industrial design, healthcare, wellness, cooking, cuisine and food art; non-financial sponsorship of sporting competition and entertainment and of cultural events; on-line ticket reservation services for entertainment events; organisation of entertainment services including art exhibitions, sport, music, cultural and recreational events and competitions; organising charitable fundraising events being the provision of entertainment, sporting and cultural services; organising of art exhibitions; organization and arranging of musical events and other cultural and artistic events; presentation of works of visual art or literature to the

public for cultural or educational purposes; providing recreation facilities; art gallery services; conducting lectures relating to art and movie; conducting workshops and seminars in art and movie appreciation; education services related to the arts; organization and arranging of artistic events; organizing and conducting of sports and cultural activities; organizing cultural and arts events; organizing of art exhibitions; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; provision of entertainment, cultural or sporting event activities and booking or reservation services of entertainment, cultural or sporting event activities provided in relation to a loyalty program or incentive scheme; information, advisory and consultancy services relating to the aforesaid services; presentation of live performances; presentation of variety shows; providing recreation facilities; organization of shows [impresario services]; production of shows; rental of stadium facilities; rental of show scenery; amusement park services; providing amusement arcade services; organization of competitions [education or entertainment]; arranging and conducting of concerts; entertainer services; organization of exhibitions for cultural or educational purposes; party planning [entertainment]; rental of stage scenery; arranging and conducting of symposiums.

Class(es) No(s) .:
[511] 貨品 / 服務說明 : Class 7:
Specification: Machines, machine tools, power-operated tools;
motors and engines, except for land vehicles;
machine coupling and transmission components,
except for land vehicles; agricultural
implements, other than hand-operated hand
tools; incubators for eggs; automatic vending
machines; metalworking machines and tools;
chemical processing machines and apparatus;
filter elements (presses) for chemical

processing; cartridges for filtering machines; filtering machines; filters [parts of machines or engines]; membrane filters for use as parts of machines; food or beverage processing machines and apparatus; disintegrators; agitators; machines for the mineralisation of drinking water; wrapping machines; chemical processing filters; hydraulic turbines; dynamos; waste disposal units; mineral water making machines; oil refining machines; gas separating machines; separating machines; cartridges for filtering machines; filters being parts of machines or engines; water separators; agricultural machines; plowing machines and implements, other than handheld tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines [feed cutters]; fodder mixing machines [feed mixers]; cake-fodder crushing machines [feed mills]; milk filtering machines; milking machines; chick brooders; incubators for eggs; sericultural machines and implements; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines and apparatus for manufacturing rubber goods; motors and engines [except for land vehicles]; parts of motors and engines [except for land vehicles]; filters for cleaning cooling air, for engines; water mills; wind mills; pneumatic or hydraulic machines and instruments; pumps [machines]; adhesive tape dispensing machines; automatic stamping machines; machines and apparatus for wax-polishing, electric; vacuum cleaners; electric wax-polishing machines; air filters for vacuum cleaners; dust filters for vacuum cleaners waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs [parts of machines]; brakes for machines.

Class 9:

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments;

apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; divers' apparatus, not for sports; electronic game software; meters; measures; network communication equipment; integrated circuits; resistances, electric; pollution sensors; remote control devices; heat regulating apparatus; electrolysers; game programs for arcade video game machines; laboratory apparatus and instruments; scientific research apparatus and instruments; membranes for filtration [scientific]; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; polarizing film for displays; polarizing film for optical machines and apparatus; optical films; measuring machines and instruments; testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical control apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; telecommunication machines and apparatus; personal digital assistants; smartphones; protective films for personal digital assistants; clear protective covers for personal digital assistants; acoustic membranes used in sound recording or reproducing apparatus; electronic machines, apparatus and their parts; electronic control apparatus; electron tubes; semi-conductor elements; electronic circuits; computer programs; computer software; computer software platforms, recorded or downloadable; computer software applications, downloadable; barcode label printers; computer software, recorded; protective films adapted for computer screens; circuit boards; circuit boards capable of reading and writing on a hard disk; protective

films for electronic machines, apparatus and their parts; geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; recorded video discs and video tapes; phonograph records; downloadable music files; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; polarization plastic film and sheets; polarization films for liquid crystal displays.

Class 11:

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; toilet bowls and seats sold as a unit; prefabricated bathrooms sold as a unit; electric water heaters; ionization apparatus for the treatment of air or water; radiators, electric; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; drying apparatus for harvest; forage drying apparatus; air conditioners; heating apparatus; heating apparatus, electric; boilers, other than parts of machines; freezing machines and apparatus; laundry dryers, electric; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations; dish drying machines; dish disinfectant apparatus;

worktops as parts of kitchen sinks; kitchen sinks; tap water faucets; level controlling valves for tanks; pipe line cocks; reducing valves for water supply; air vent valves; filters for air conditioners; dust filters; waste water treatment tanks; septic tanks; wastewater treatment apparatus; wastewater purification installations; filtration membranes for use with wastewater treatment equipment; membrane elements for use with wastewater and sewage purification equipment; plastic membranes for use with wastewater and sewage purification equipment; water filters; desalination units; reverse osmosis membranes for seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filter for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; water purification equipment and machines for the treatment [purification] of water; electric lamps; lighting apparatus; filters for automobile lights; water purifying apparatus and machines; filtration membranes for water purifying apparatus and machines; filtration membrane elements and modules for water purifying apparatus and machines; plastic membranes for water purifying apparatus and machines; filters for water purifying apparatus and machines; filter cartridges for electric water purifying apparatus and machines; membrane elements and other components for water purifying installations; electric water purifying apparatus and machines; air filters for air purifying apparatus and instruments; filters for air extractor hoods; washers for water taps; washers for water taps; cooking heaters; tap-water filters, non-electric; warming pans; pocket warmers; hot water bottles; adhesive sheets for disposable heating pads, not for medical purposes; breathable air filters for disposable heating pads; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seatings for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs.

Class 17:

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes

for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; mica [raw or partly processed]; valves of rubber or vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; plastic film, other than for wrapping for marine pollution control; marine pollution control membrane; electrical insulating materials; insulating materials; heat insulation materials; sound proofing materials; padding materials of rubber or plastics; stuffing of rubber or plastics; electrical insulating tapes; electrical insulating rubber products; insulation sealing materials; insulating varnish; washers of rubber or vulcanized fiber; chemical fiber, not for textile use; plastic fibers, not for use in textiles; rock wool; slag wool; rubber thread and covered rubber yarn, not for textile use; chemical fiber yarn and thread, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic film for protecting objects; semi-processed plastics in the form of sheets; adhesive-coated plastic film and sheet; light-proof plastic film; light-proof plastic film for use on windows; heat-shielding plastic film for use on windows; ultra-violet-shielding plastic film; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheet; polymeric porous film; laminated plastics, semi-processed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic film for use in the manufacture of dust removal mats; polymeric film for use in the manufacture of electric circuits; semi-processed plastics for use as damping

materials; plastic foam filling materials; heat-insulating plastic film and sheet, not for wrapping; surface-coated epoxy resin films; reverse osmosis membranes in the nature of semi-processed plastics, for seawater desalination and water treatment; fluorescent self-adhesive gel plastic sheets for use in encapsulation; insulating polyimide resin sheets; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; plastic substances, semi-processed; semi-processed plastic films, membranes and sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for wastewater and sewage purification; fluoro rubber; rubber for use in manufacture; vibration control rubber; synthetic rubber; soundproofing materials of rock wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; industrial adhesive tapes; self-adhesive tapes, other than stationery and not for medical or household purposes; removable industrial adhesive tapes; industrial masking tapes; adhesive bands, other than stationery and not for medical or household purposes; adhesive-coated tapes for hazard marking; self-adhesive tapes for protection of objects; adhesive tapes for heat shielding; adhesive tapes for water proofing; adhesive tapes for dust proofing; adhesive tapes for corrosion proofing; adhesive tapes for repairing; adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafer; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; antirust adhesive tapes for air crafts; masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking; masking tapes for use in painting; masking tapes for automobiles;

masking tapes for printing boards; masking tapes; polymeric porous adhesive tapes for industrial use; breathable adhesive tapes for industrial use; seals; filling putty for repairing water leakage; sealant pens for repairing tile joints; seals for watertight, airtight, soundproofing and thermal insulation for electric home appliances; seals for watertight, airtight, soundproofing and heat insulation for automobiles; sealing materials (for repair use) consisting of an epoxy resin and curing agent.

[511] 貨品 / 服務說明 :
Specification:
Class 7:
Robotic vacuum cleaners; dish washing machines for household purposes; washing machines for household purposes; vacuum cleaners; vacuum cleaner bags; daily chores helping robots for household purposes; outdoor condensers, namely, outdoor air condensers for air conditioners.
Class 9:
Smartphones; mobile telephones; portable computers; tablet computers; interactive computer software enabling exchange of information; software for searching and retrieving information across a computer network; computer software to enable the provision of information via communications networks; computer communication software to allow customers to access bank account information and transact bank business; interactive computer software; interactive entertainment software for use with computers; computer programmes for interactive television and for interactive games and/or quizzes;

interactive entertainment software for use with personal computers; interactive computer software that provides navigational and travel information; voice recognisers; voice processing systems; voice recognition software; smartwatches.

Class 11:

LED lamps; LED light bulbs; electric clothes management apparatus in the nature of garment steamers for household purposes; electric clothes management machines for drying clothes for household purposes; electric cooking ovens; dehumidifiers for household use; air purifiers; filters for air purifiers; electric fans; air conditioners; electric refrigerators; electric ranges; electric laundry dryers; microwave ovens; apparatus for cooking, namely, cooktops; cooking apparatus and installations; air humidifiers.

Class 14:

Wristwatches; clocks; watchbands; parts and fittings for watches; electronic clocks and watches; control clocks (master clocks); bracelets (jewelry); watches incorporating cameras; watches incorporating MP3 players; watch straps; necklaces; rings (jewelry).

Class 42:

Software as a service [SaaS]; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; cloud computing services; application software service provider (ASP).

Class 9:
Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, blank digital or analogue recording and storage media; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating devices, data processing equipment and computers; computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); computer, electronic and video games programmes and software (including software downloadable from

the Internet); computer applications for streaming audio materials, video materials, videos, music, and images; downloadable software for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software applications for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software for streaming audiovisual and multimedia content via the internet and global communications networks; software for searching, organizing, and recommending multimedia content; downloadable motion pictures and television shows provided via a video-on-demand service; downloadable motion pictures and television shows; animated cartoons and films; digital media streaming devices; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); digital music (downloadable from the Internet); downloadable games, pictures, motion pictures, movies and music; alarm systems; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; batteries, battery chargers;

computer workstations; computer servers; computer and telecommunications networking hardware; apparatus for coding and decoding signals; apparatus and instruments for data communication, satellite communication and telecommunication; instruments and software for communicating with computer networks and the world wide web; display monitors; computer hardware for use in transmitting, receiving, displaying and manipulating text, videos and video data, audio and audio data, photographs and other multimedia content; digital media players; projection apparatus; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; television apparatus; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 35:

Advertising; business management; business administration; office functions; online trading services relating to electronic auctioneering and providing online business evaluation relating thereto; online retail services of consumer products; provision of sales, business, advertising and promotional information through a global computer network and via the Internet; presentation of goods on communication media for retail purposes; providing a directory of third party web sites to facilitate business transactions; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; auctioneering provided on the Internet; business assistance relating to facilitating business transaction via local and global computer networks; market research

and business consulting services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; business administration services for the processing of sales made on the Internet; computer data processing; sales, business and promotional information services; updating and maintenance of data in computer databases; search engine optimization; web site traffic optimization; database management; compilation of information into computer databases; business consulting services; business consulting services in the field of web based events, conferences, training programs, learning programs, and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the field of online collaboration and collaboration technologies; business consulting services in the fields of sales and marketing; business project management services; business project management services relating to development, set up, staging, production, recording, monitoring and follow-up for web based events, conferences, training programs, learning programs, and seminars; dissemination of business information of goods and services of others via local and global computer networks; business consultancy services relating to providing a web site on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfill trade leads and orders, enter into contracts and transact business; providing computerized online ordering services; organization, operation and supervision of loyalty and incentive schemes; advertising services provided via the Internet; production of television and radio advertisements; auctioneering; organization of trade fairs; opinion polling; data processing; advertising agency services; advertising services provided for others; advertising of goods and services of others via local and global computer networks; rental of advertising space on communication media; marketing and promotion services; publication of publicity materials; rental of sales stands; pay per click advertising; marketing of vacant premises; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the

Internet; rental of advertising space; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise Internet web site and in a wholesale outlet; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from retail outlets; retail and wholesale of apparatus for coding and decoding signals, apparatus and instruments for data communication, satellite communication and telecommunication, instruments and software for communicating with computer networks and the world wide web, display monitors, computer hardware for use in transmitting, receiving, displaying and manipulating text, videos and video data, audio and audio data, photographs, and other multimedia content, digital media players, projection apparatus, semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone accessories, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery, magnetically and non-magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes

and lacquers, personal hygiene products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; direct mail advertising; buying and selling agency services for others; selection of goods and procurement of goods for individuals and businesses; ordering services [for others]; department store retailing services; supermarket retailing services; secretarial services; organization of exhibitions for commercial or advertising purposes; business assistance services relating to compilation and rental of mailing lists; business investigation; business referral services and personnel placement; import-export clearance agencies (import-export agency services); international import and export agency services; business management of performing artists; business management for freelance service providers; subscription to music, video, audiovisual and

multimedia content transmitting, streaming, and downloading services; arranging music, video, audiovisual and multimedia content transmitting, streaming, and downloading subscriptions for others; arranging subscriptions to telecommunication services for others; agency for newspapers subscriptions; document reproduction; transcription (including stencil-paper writing); rental of office equipment; customer relationship management; business management services relating to electronic commerce; business management and administration services relating to sponsorship programmes; accountancy; accounting services; telephone answering (for unavailable subscribers); telephone answering (for others); personnel management; charitable services, namely business administration relating to organizing and conducting volunteer programmes and community service projects; commercial administration of the licensing of the goods and services of others; corporate management consultancy services; commercial intermediation services; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; business project management services for construction projects; provision of business information; provision of business statistical information; provision of commercial and business contact information; providing business information via a web site; consultancy, information and advisory services relating to the aforesaid services; all included in Class 35.

Class 38:

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured

data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services, providing access to an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information whether in compressed or uncompressed form and whether in real or delayed time; telecommunications services, including, electronic transmission of streamed audio, video, and multimedia files via television, cable, the Internet and global wireless communications networks; electronic transmissions and streaming of downloadable audio, video, and multimedia content via computer and communications networks;

subscription-based electronic media, audio, video, movie and multimedia broadcasting services; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of

messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; all included in Class 38.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet web sites; entertainment and education services relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; providing information relating to sporting or cultural events,

current affairs and breaking news provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information, multimedia content, TV entertainment programs and provision of films online; providing non-downloadable films and television shows via video-on-demand transmission services; providing entertainment services via a global communication network in the nature of websites featuring a wide variety of general interest entertainment information relating to motion picture films, television show programs, reality shows, comics, musical videos, related film clips, photographs, and other multimedia materials; providing online non-downloadable video clips and other multimedia digital content containing audio, video, artwork, and/or text from or related to an ongoing television series; providing information, reviews and recommendations regarding movies and television shows via a website and video-on-demand transmission services; providing information, news and commentary in the field of entertainment; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops in relation to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; entertainment provided via electronic and digital interactive media; electronic games services provided by means of the Internet; providing video games, computer games, sound or images, or movies through telecommunication or computer networks; providing online computer games and contests; providing online videos, not downloadable; provision of on-line electronic publications streaming from the Internet or on a computer network or a computer database; publication of texts, books and journals (others than publicity texts); publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; providing online electronic publications (not downloadable); education, training and instruction services relating to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; design of

educational courses, examinations and qualifications; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials and agency thereof; arranging, organizing, planning and management of seminars; animal training; instructional services relating to operation of machines and equipment, including audiovisual equipment used for the production of broadcasting programs; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions for cultural or educational purposes, fashion shows, educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to fine arts leasing; entertainment ticket agency services; music entertainment services; rental of sound recordings; television programmes, radio and film production; premium or pay television programming services and television programming services; planning of TV entertainment programs; preparation and production of television programmes; entertainment services in the nature of development, creation, production, distribution, and post-production of motion picture films, television shows, reality shows, special events and multimedia entertainment content; entertainment services in the nature of a live theatrical, musical or comedic performance; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show and night club services; club services relating to entertainment, education and cultural services; direction in producing broadcasting programs; providing audio and visual studios; providing sports facilities;

providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental and leasing of motion pictures; rental and leasing of musical instruments; rental and leasing of television programmes; rental and leasing of television sets; lending libraries; archive library services; subtitling services; sign language interpretation services; rental of pre-recorded video tapes; rental and leasing of game machines; lending of arcade game equipment; lending of pictures; photography; translation; language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of education and entertainment news; lottery services; tutoring; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social

networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data

security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

detecting, testing, inspecting, life-saving
and teaching apparatus and instruments;

apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, blank digital or analogue recording and storage media; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating devices, data processing equipment and computers; computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); computer, electronic and video games programmes and software (including software downloadable from the Internet); computer applications for streaming audio materials, video materials, videos, music, and images; downloadable software for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions;

software applications for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software for streaming audiovisual and multimedia content via the internet and global communications networks; software for searching, organizing, and recommending multimedia content; downloadable motion pictures and television shows provided via a video-on-demand service; downloadable motion pictures and television shows; animated cartoons and films; digital media streaming devices; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); digital music (downloadable from the Internet); downloadable games, pictures, motion pictures, movies and music; alarm systems; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; apparatus for coding and decoding signals; apparatus and instruments for data communication, satellite communication and telecommunication; instruments and software

for communicating with computer networks and the world wide web; display monitors; computer hardware for use in transmitting, receiving, displaying and manipulating text, videos and video data, audio and audio data, photographs and other multimedia content; digital media players; projection apparatus; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; television apparatus; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 35:

Advertising; business management; business administration; office functions; online trading services relating to electronic auctioneering and providing online business evaluation relating thereto; online retail services of consumer products; provision of sales, business, advertising and promotional information through a global computer network and via the Internet; presentation of goods on communication media for retail purposes; providing a directory of third party web sites to facilitate business transactions; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; auctioneering provided on the Internet; business assistance relating to facilitating business transaction via local and global computer networks; market research and business consulting services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and

services; business administration services for the processing of sales made on the Internet; computer data processing; sales, business and promotional information services; updating and maintenance of data in computer databases; search engine optimization; web site traffic optimization; database management; compilation of information into computer databases; business consulting services; business consulting services in the field of web based events, conferences, training programs, learning programs, and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the field of online collaboration and collaboration technologies; business consulting services in the fields of sales and marketing; business project management services; business project management services relating to development, set up, staging, production, recording, monitoring and follow-up for web based events, conferences, training programs, learning programs, and seminars; dissemination of business information of goods and services of others via local and global computer networks; business consultancy services relating to providing a web site on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfill trade leads and orders, enter into contracts and transact business; providing computerized online ordering services; organization, operation and supervision of loyalty and incentive schemes; advertising services provided via the Internet; production of television and radio advertisements; auctioneering; organization of trade fairs; opinion polling; data processing; advertising agency services; advertising services provided for others; advertising of goods and services of others via local and global computer networks; rental of advertising space on communication media; marketing and promotion services; publication of publicity materials; rental of sales stands; pay per click advertising; marketing of vacant premises; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; rental of advertising space; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise Internet web site and in a wholesale outlet; the bringing

together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from retail outlets; retail and wholesale of apparatus for coding and decoding signals, apparatus and instruments for data communication, satellite communication and telecommunication, instruments and software for communicating with computer networks and the world wide web, display monitors, computer hardware for use in transmitting, receiving, displaying and manipulating text, videos and video data, audio and audio data, photographs, and other multimedia content, digital media players, projection apparatus, semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone accessories, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery, magnetically and non-magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, personal hygiene products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small

items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; direct mail advertising; buying and selling agency services for others; selection of goods and procurement of goods for individuals and businesses; ordering services [for others]; department store retailing services; supermarket retailing services; secretarial services; organization of exhibitions for commercial or advertising purposes; business assistance services relating to compilation and rental of mailing lists; business investigation; business referral services and personnel placement; import-export clearance agencies (import-export agency services); international import and export agency services; business management of performing artists; business management for freelance service providers; subscription to music, video, audiovisual and multimedia content transmitting, streaming, and downloading services; arranging music, video, audiovisual and multimedia content transmitting, streaming, and downloading subscriptions for others; arranging subscriptions to telecommunication services

for others; agency for newspapers subscriptions; document reproduction; transcription (including stencil-paper writing); rental of office equipment; customer relationship management; business management services relating to electronic commerce; business management and administration services relating to sponsorship programmes; accountancy; accounting services; telephone answering (for unavailable subscribers); telephone answering (for others); personnel management; charitable services, namely business administration relating to organizing and conducting volunteer programmes and community service projects; commercial administration of the licensing of the goods and services of others; corporate management consultancy services; commercial intermediation services; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; business project management services for construction projects; provision of business information; provision of business statistical information; provision of commercial and business contact information; providing business information via a web site; consultancy, information and advisory services relating to the aforesaid services; all included in Class 35.

Class 38:

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services,

providing access to an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information whether in compressed or uncompressed form and whether in real or delayed time; telecommunications services, including, electronic transmission of streamed audio, video, and multimedia files via television, cable, the Internet and global wireless communications networks; electronic transmissions and streaming of downloadable audio, video, and multimedia content via computer and communications networks; subscription-based electronic media, audio, video, movie and multimedia broadcasting services; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users

to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic

mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; all included in Class 38.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet web sites; entertainment and education services relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; providing information relating to sporting or cultural events, current affairs and breaking news provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information, multimedia content, TV entertainment programs and provision of films online; providing non-

downloadable films and television shows via video-on-demand transmission services; providing entertainment services via a global communication network in the nature of websites featuring a wide variety of general interest entertainment information relating to motion picture films, television show programs, reality shows, comics, musical videos, related film clips, photographs, and other multimedia materials; providing online non-downloadable video clips and other multimedia digital content containing audio, video, artwork, and/or text from or related to an ongoing television series; providing information, reviews and recommendations regarding movies and television shows via a website and video-on-demand transmission services; providing information, news and commentary in the field of entertainment; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops in relation to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; entertainment provided via electronic and digital interactive media; electronic games services provided by means of the Internet; providing video games, computer games, sound or images, or movies through telecommunication or computer networks; providing online computer games and contests; providing online videos, not downloadable; provision of on-line electronic publications streaming from the Internet or on a computer network or a computer database; publication of texts, books and journals (others than publicity texts); publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; providing online electronic publications (not downloadable); education, training and instruction services relating to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; design of educational courses, examinations and qualifications; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials

and agency thereof; arranging, organizing, planning and management of seminars; animal training; instructional services relating to operation of machines and equipment, including audiovisual equipment used for the production of broadcasting programs; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions for cultural or educational purposes, fashion shows, educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to fine arts leasing; entertainment ticket agency services; music entertainment services; rental of sound recordings; television programmes, radio and film production; premium or pay television programming services and television programming services; planning of TV entertainment programs; preparation and production of television programmes; entertainment services in the nature of development, creation, production, distribution, and post-production of motion picture films, television shows, reality shows, special events and multimedia entertainment content; entertainment services in the nature of a live theatrical, musical or comedic performance; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show and night club services; club services relating to entertainment, education and cultural services; direction in producing broadcasting programs; providing audio and visual studios; providing sports facilities; providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental and leasing of motion pictures; rental and leasing of musical instruments; rental and leasing of television programmes; rental and leasing of television

sets; lending libraries; archive library services; subtitling services; sign language interpretation services; rental of pre-recorded video tapes; rental and leasing of game machines; lending of arcade game equipment; lending of pictures; photography; translation; language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of education and entertainment news; lottery services; tutoring; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on

computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting

services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

Specification:

Class 9:
Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and

downloadable media, blank digital or analogue recording and storage media; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating devices, data processing equipment and computers; computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); computer, electronic and video games programmes and software (including software downloadable from the Internet); computer applications for streaming audio materials, video materials, videos, music, and images; downloadable software for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software applications for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software for streaming audiovisual and multimedia content via the internet and global communications networks;

software for searching, organizing, and recommending multimedia content; downloadable motion pictures and television shows provided via a video-on-demand service; downloadable motion pictures and television shows; animated cartoons and films; digital media streaming devices; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); digital music (downloadable from the Internet); downloadable games, pictures, motion pictures, movies and music; alarm systems; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; apparatus for coding and decoding signals; apparatus and instruments for data communication, satellite communication and telecommunication; instruments and software for communicating with computer networks and the world wide web; display monitors; computer hardware for use in transmitting, receiving, displaying and manipulating text, videos and video data, audio and audio data, photographs and other multimedia content; digital media

players; projection apparatus; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; television apparatus; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 38:

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services, providing access to an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive

telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information whether in compressed or uncompressed form and whether in real or delayed time; telecommunications services, including, electronic transmission of streamed audio, video, and multimedia files via television, cable, the Internet and global wireless communications networks; electronic transmissions and streaming of downloadable audio, video, and multimedia content via computer and communications networks; subscription-based electronic media, audio, video, movie and multimedia broadcasting services; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards

for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases;

providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; all included in Class 38.
