ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; Microelectronic components, computer control software and devices, technical servers, computers and computer peripherals, recording equipment incorporating magnetic tapes, disk array systems, page printers, processors, ATM switching nodes, personal computers and PC servers, recording equipment incorporating DVDs, electronic banking terminals, ATMs, ATMs incorporating interactive self-service window systems, traveler's check dispensers, passbook and statement printers, passbook entry machines, automatic certificate issuing machines, train seat reservation and ticket-selling terminal systems, electronic cash systems and devices for transforming monetary transactions worldwide, computer storage and display devices, DVD-ROM drives, DVD-RAM drives, display monitors, LCD monitors, multimedia LCD projectors, computer software,

telecommunications equipment, transmission and receiving devices, digital PBX, modules, ultra-thin film evaluation systems, cold field emission scanning electron microscopes, spectrophotometers, liquid chromatographs, micro centrifuges, micro ultracentrifuges, semi-conductor manufacturing equipment, constant temperature and/or humidity control units, magnetic disk inspection systems, patterned wafer inspection systems, wafer bump inspection systems, broadcasting studio camera series, cameras and recorders, microwave transmitters, microprocessors, microcontrollers, LCD drivers, flash cards, integrated circuits, laser diodes, light-triggered thyristors, insulated gate bipolar transistors, rectifiers, color picture tubes, projection TV tubes, color display tubes, liquid crystal display units, transformers and circuit breakers and/or switches, ink jet printers, programmable controllers, inverters, servo drive systems, servomotors, oscilloscopes, plotters, electromagnetic flowmeters, intelligent electronic transmitters, audio and visual consumer products; electrical wires and cables, films for semi-conductors; humanoid robot used in plant, office, home, apartment, shop, hotel, exhibition, amusement park for guidance, watch, conveyance and check; software for artificial intelligence; all included in Class 9.

Class 10:

Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture materials; electronic thermometers; tomograph, tomograph units, x-ray units, x-ray generators, ultrasonic blood flow monitors, ultrasound cardiogram units, nuclear medical data processing systems, radiotherapeutic microtron systems, CT scanners, sphygmomanometers, magnetic resonance imaging equipment, massaging apparatus, ultrasound scanners; all included in Class 10.

Class 11:

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; nuclear power plants, nuclear reactors; boilers, feed water purifiers for boilers, heat exchangers, refrigerating machines, water coolers, chillers, refrigerating display cases, air conditioning equipment, electric portable water coolers, electric dehumidifiers, electric furnaces, air pollution control apparatus, water supply apparatus, water pollution control apparatus, sludge collector apparatus, grit collector apparatus; oil and gas ranges, oil and gas stoves, kerosene heaters; lighting equipment, mercury lamps, infrared lamps, fluorescent lamps, incandescent lamps, lamp fixtures, flashlights; electric torches, electric lanterns, underwater lights; atomic furnaces; heaters, warmers, toasters, electric rice cookers, egg cookers, electric pots, roasters, microwave ovens, refrigerators, ice makers, coffee makers, fountains, water cleaners, hair dryers, clothes dryers, dehumidifiers, humidifiers, desk fans, floor fans, ceiling fans, ventilating fans, room air conditioners, floor heating panels; home baths and bath units, kitchen sinks, home boilers, solar heaters; disposal tanks, sewage tanks, all being apparatus for sanitary purposes; all included in Class 11.

Class 12:

Vehicles; apparatus for locomotion by land, air and water; rolling stocks for railways, dump trucks; all included in Class 12.

Class 35:

Advertising; business management; business administration; office functions; Business organization consultancy, business consultancy, marketing research and marketing analysis, marketing and management consultancy, procurement of contracts for the purchase and sale of goods; business consultation and business research in the field of advertisement, business management, electronic commerce, supply chain management and customer relationship management; provision of business data for the on-line exchange of goods and services; leasing of office machines and equipment; all included in Class 35.

Class 37:

Building construction; repair; installation services; Construction engineering; rental, repair and installation services of industrial plants and machinery and of construction equipment; installation, maintenance and repair of computer network systems utilizing a global information network; maintenance of office machines and equipment; all included in Class 37.

Class 39:

Transport; packaging and storage of goods; travel arrangement; Advisory services relating to transport, Advisory services relating to the storage of goods; Rental of warehouses; provision of travel information via a global computer network; professional consultancy services relating to transport, packaging and storage of goods; all included in Class 39.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; scientific and industrial research (none being relating to cosmetics); computer programming; computer services in the nature of administration and support services relating to computer network access; providing computer services for others in the field of electronic commerce; development and designing of computer hardware for telecommunication networks; development, designing, updating and maintaining computer software for telecommunication networks; development and design of monitoring systems and networks; development and design of products in the area of electronic information communication systems; planning (design) of telecommunication equipment; providing computer network systems integration services; computer services in the nature of technical assistance relating to computer hardware and software; computer database consultancy services; computerized analysis and assessment of data; technical consultancy, design and development services for computer databases, data processing systems, data processors, data processing programs and equipment and data storage systems; research relating to database management and data processing; engineering services relating to data processing, data processing apparatus and data processing technology; leasing of data processing systems, rental of data processors; computer programming services to ensure security of computerized data; testing of electronic data processing systems; research and development

relating to electronic money, network payment systems and network security; research and development in the fields of telecommunication and information technology networks and systems; design of computer network sites, maintenance of computer networks by maintaining computer software and providing computer programming services for others; computer networks consultancy services and computer network services for business in relation to sending and receiving product orders, product and manufacturing estimates, drawings, documents and inventory lists; product quality and process control via electronic means; designing and development of systems for the transmission of data; design services relating to data transmission test tools; recovery services for data communication systems; computer services relating to loading, revising and updating of computer software for electronic data interchange and telecommunications networks for others; protecting the security of data transmitted over computer networks by means of encryption and cryptography; architectural consultation and construction drafting; engineering; design and engineering consultancy of power plants; development of Internet and/or Intranet and/or Extranet systems and of firewall systems, computer services in the nature of technical support and consultation for computers, Internet and/or Intranet; chemists' services, engineers' services, physicists' services, surveying; development of technologies for the purification of soil and underground water resources; development of strategies in relation to environmental protection; development of strategies for and design of business and organizational management systems and networks, all being computer services; leasing of computer software; rental of measuring apparatus and instruments; computer services in relation to transfer and dissemination of information and data via computer networks; computer web-site design; computer system analysis; leasing and rental of computers, computer peripherals and computer programs; compilation and provision of industrial information; software as a service (SAAS) services; cloud computing; all included in Class 42.
