

香港特別行政區政府知識產權署商標註冊處
Trade Marks Registry, Intellectual Property Department
The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

[740/ 註冊申請人的送達地址: HUEN Chi Chung
750] Applicant's Address for Rm.808, Block D Lok Nga Court,
Service: Ngau Tau Kok Kowloon,
HONG KONG

[511] 類別編號: 9,16,41,42,45
Class(es) No(s) .:

[511] 貨品 / 服務說明: Class 42:
Specification: Scientific and industrial research; computer
programming; design and development of
computer software, computer systems and
computer networks: technical assistance
services and consulting services in relation
to computers, computer software, computer
systems, the Internet, the World Wide Web,
intranets and computer networks; maintenance
and technical support services for computer
software; scientific and technological
services and research and design relating
thereto; industrial analysis and research
services; design and development of computer
hardware and software.

greases;Condition monitoring relating to lubricants;Condition monitoring relating to oils;Conducting clinical trials;Conducting clinical trials for pharmaceutical products;Conducting clinical trials in the field of acupuncture therapy;Conducting clinical trials in the field of cardiovascular disease;Conducting early evaluations in the field of new pharmaceuticals;Conducting engineering surveys;Conducting feasibility studies relating to computer hardware;Conducting feasibility studies relating to computer information systems;Conducting feasibility studies relating to computer software;Conducting feasibility studies relative to gas exploitation;Conducting feasibility studies relative to gas exploration;Conducting feasibility studies relative to mineral exploitation;Conducting feasibility studies relative to mineral exploration;Conducting feasibility studies relative to oil field exploitation;Conducting feasibility studies relative to oil field exploration;Conducting geological surveys;Conducting industrial experiments;Conducting industrial tests;Conducting magnetic resonance imaging interpretation and analysis for the petroleum industry;Conducting of quality control tests;Conducting of scientific studies;Conducting of technical feasibility studies;Conducting research and technical project studies relating to the use of natural energy;Conducting sampling and analysis services to assess pollution levels;Conducting sampling and analysis services to check for contamination;Conducting technical project studies;Conducting technical project studies for construction projects;Configuration of computer firmware;Configuration of computer networks by software;Configuration of computer networks using software;Configuration of computer software;Configuration of computer systems and networks;Configuring computer hardware using software;Conformance testing services;Constructing an internet platform for electronic commerce;Construction design;Construction drafting;Construction draughting;Consultancy and advice on computer software and hardware;Consultancy and information services in the field of computer system integration;Consultancy and information services in the field of information technology;Consultancy and information services in the field of information technology architecture and

infrastructure;Consultancy and information services relating to computer programming;Consultancy and information services relating to computer software design;Consultancy and information services relating to computer system integration;Consultancy and information services relating to information technology;Consultancy and information services relating to information technology architecture and infrastructure;Consultancy and information services relating to software maintenance;Consultancy and information services relating to software rental;Consultancy and information services relating to the design, programming and maintenance of computer software;Consultancy (Computer software -);Consultancy in the design and development of computer hardware;Consultancy in the field of agricultural chemistry;Consultancy in the field of architectural design;Consultancy in the field of architecture and construction drafting;Consultancy in the field of bacteriological research;Consultancy in the field of biotechnology;Consultancy in the field of computer hardware;Consultancy in the field of computer security;Consultancy in the field of computer software;Consultancy in the field of computer system analysis;Consultancy in the field of computer system integration;Consultancy in the field of computers;Consultancy in the field of construction drafting;Consultancy in the field of data security;Consultancy in the field of energy-saving;Consultancy in the field of industrial research;Consultancy in the field of office and workplace automation;Consultancy in the field of pharmaceutical research;Consultancy in the field of scientific research;Consultancy in the field of security software;Consultancy in the field of software design;Consultancy in the field of technological design;Consultancy in the field of technological research;Consultancy pertaining to pharmacology;Consultancy relating to biotechnology;Consultancy relating to computer database programs;Consultancy relating to computer software;Consultancy relating to computer systems;Consultancy relating to computers;Consultancy relating to filtration technology;Consultancy relating to geological surveys;Consultancy relating to laboratory testing;Consultancy relating to membrane technology;Consultancy relating to pharmaceutical research and

development;Consultancy relating to quality control;Consultancy relating to research and development in the field of therapeutics;Consultancy relating to research in the field of pharmacogenetics;Consultancy relating to selection of curtaining [interior design];Consultancy relating to selection of furnishing fabrics [interior design];Consultancy relating to selection of loose covers for furniture [interior design];Consultancy relating to software design and development;Consultancy relating to software for communication systems;Consultancy relating to software maintenance;Consultancy relating to technological services in the field of power and energy supply;Consultancy relating to the creation and design of websites;Consultancy relating to the creation and design of websites for e-commerce;Consultancy relating to the creation of homepages and Internet pages;Consultancy relating to the design and development of computer database programs;Consultancy relating to the design and development of computer programs;Consultancy relating to the design and development of computer software programs;Consultancy relating to the design of home pages and Internet sites;Consultancy relating to the design of homepages and Internet pages;Consultancy relating to the design of packaging;Consultancy relating to the recovery of computer data;Consultancy relating to the updating of software;Consultancy services for analysing information systems;Consultancy services for designing information systems;Consultancy services in relation to computer software;Consultancy services in the field of technological development;Consultancy services relating to architecture;Consultancy services relating to computer networks;Consultancy services relating to computer networks using mixed software environments;Consultancy services relating to computer programming;Consultancy services relating to computer systems;Consultancy services relating to computers;Consultancy services relating to computing;Consultancy services relating to design;Consultancy services relating to environmental planning;Consultancy services relating to geographical planning;Consultancy services relating to geology;Consultancy services relating to geophysics;Consultancy services relating to geotechnics;Consultancy services relating to hydrogeology;Consultancy services relating to information

technology;Consultancy services relating to interior design;Consultancy services relating to marine surveying;Consultancy services relating to nuclear engineering;Consultancy services relating to product engineering;Consultancy services relating to quality control;Consultancy services relating to research in the field of environmental protection;Consultancy services relating to software used in the field of ecommerce;Consultancy services relating to technological research;Consultancy with regard to webpage design;Consultation in environment protection;Consultation in the field of physics;Consultation services relating to architectural planning;Consultation services relating to computer hardware;Consultation services relating to computer software;Consultation services relating to computer systems;Consultation services relating to computers;Consultation services relating to interior design;Consultation services relating to physics;Consultations in the field of computer hardware;Consulting in the field of cloud computing networks and applications;Consulting services in the field of cloud computing;Consulting services in the field of software as a service [SaaS];Consulting services relating to computer software;Consumer product design;Consumer product safety testing;Consumer product safety testing and consultation;Contract research services relating to molecular sciences;Control technology consulting services;Conversion of computer programs and data, other than physical conversion;Conversion of data and computer programs (except physical conversion);Conversion of data or documents from physical to electronic media;Conversion of images from physical to electronic media;Conversion of physical data and documents into electronic media format;Conversion of texts to digital format;Copying of computer software;Cosmetic research;Cosmetics research;Cosmetics research for others;Creating and designing web pages for others;Creating and designing website-based indexes of information for others [information technology services];Creating and maintaining computer sites (web sites) for others;Creating and maintaining customized web pages;Creating and maintaining web sites;Creating and maintaining web sites for others;Creating and maintaining websites;Creating and maintaining web-

sites;Creating and maintaining websites for cellular phones;Creating and maintaining websites for mobile phones;Creating and updating of home pages for computer networks;Creating, designing and maintaining web sites;Creating electronically stored web pages for online services and the internet;Creating home pages for others;Creating, maintaining and hosting the web sites of others;Creating, maintaining and hosting the websites of others;Creating, maintaining, and modernizing computer software;Creating, maintaining, and updating computer software;Creating of computer programs;Creating of home pages for computer networks;Creating or maintaining web sites for others;Creating programmes for data processing;Creating web pages for others;Creating websites;Creation and maintenance of software for blogs;Creation and maintenance of web sites;Creation and maintenance of websites;Creation and provision of web pages to and for third parties;Creation, maintenance and adaptation of software;Creation of computer programmes for data processing;Creation of computing platforms for third parties;Creation of control programs for automated measurement, assembly, adjustment, and related visualisation;Creation of control programs for electric operation control and drive modules;Creation of GPS maps;Creation of internet web sites;Creation, updating and adapting of computer programs;Cross-platform conversion of digital content into other forms of digital content;Custom design and engineering of telephony systems, cable television systems and fiber optics;Custom design of electromagnetic inductors;Custom design of electromagnetic transformers;Custom design of software packages;Custom design services;Customized design of computer hardware;Customized design of computer software;Data authentication via blockchain;Data back-up services;Data conversion of computer program data or information [not physical conversion];Data conversion of computer programs and data, not physical conversion;Data conversion of computer programs and data [not physical conversion];Data conversion of electronic information;Data decryption services;Data duplication and conversion services, data coding services;Data encryption and decoding services;Data encryption services;Data

migration services;Data mining;Data recovery services;Data security consultancy;Data security services;Data security services [firewalls];Data storage via blockchain;Data warehousing;Database design;Database design and development;Database development services;Debugging computer software for others;Decoding of data;Decor (Design of interior -);Dental research laboratory services;Design and construction of homepages and websites;Design and creating web sites for others;Design and creation of homepages and Internet pages;Design and creation of homepages and web pages;Design and creation of web sites for others;Design and development of antivirus software;Design and development of computer database programs;Design and development of computer database software;Design and development of computer databases;Design and development of computer firmware;Design and development of computer game software;Design and development of computer game software and virtual reality software;Design and development of computer hardware;Design and development of computer hardware architecture;Design and development of computer hardware for the manufacturing industries;Design and development of computer hardware for the manufacturing industry;Design and development of computer peripherals;Design and development of computer software;Design and development of computer software architecture;Design and development of computer software for evaluation and calculation of data;Design and development of computer software for logistics;Design and development of computer software for logistics, supply chain management and ebusiness portals;Design and development of computer software for others;Design and development of computer software for process control;Design and development of computer software for reading, transmitting and organising data;Design and development of computer software for supply chain management;Design and development of computer software for use with medical technology;Design and development of computer software for vehicle simulation;Design and development of consumer products;Design and development of data display systems;Design and development of data entry systems;Design and development of data output systems;Design and development of data processing apparatus;Design and development of data processing programs;Design and development of

data processing software;Design and development of data processing systems;Design and development of data retrieval software;Design and development of data storage systems;Design and development of databases;Design and development of diagnostic apparatus;Design and development of driver software;Design and development of electronic data security systems;Design and development of electronic database software;Design and development of electronic dictionaries;Design and development of electronic greeting cards;Design and development of electronic language translation dictionaries and databases;Design and development of endoprostheses;Design and development of energy distribution networks;Design and development of energy management software;Design and development of engineering products;Design and development of firmware systems;Design and development of homepages and websites;Design and development of image processing software;Design and development of industrial products;Design and development of Internet security programs;Design and development of medical diagnostic apparatus;Design and development of medical technology;Design and development of multimedia products;Design and development of navigation systems;Design and development of networks;Design and development of new products;Design and development of new technology for others;Design and development of operating software for accessing and using a cloud computing network;Design and development of operating software for cloud computing networks;Design and development of operating software for computer networks and servers;Design and development of operating system software;Design and development of prostheses;Design and development of regenerative energy generation systems;Design and development of route planning software;Design and development of software and hardware for signal amplification and transmission;Design and development of software for control, regulation and monitoring of solar energy systems;Design and development of software for database management;Design and development of software for electronic television program guides;Design and development of software for importing and managing data;Design and development of software for instant messaging;Design and development of software for inventory management;Design and

development of software for website development;Design and development of software in the field of mobile applications;Design and development of systems for data input, output, processing, display and storage;Design and development of telecommunications networks;Design and development of telecommunications systems;Design and development of testing and analysis methods;Design and development of video game software;Design and development of virtual reality software;Design and development of wireless computer networks;Design and development of wireless data transmission apparatus;Design and development of wireless data transmission apparatus, instruments and equipment;Design and development of word processing software;Design and graphic arts design for the creation of web pages on the Internet;Design and graphic arts design for the creation of web sites;Design and maintenance of computer sites for third parties;Design and maintenance of web sites for others;Design and planning services relating to telecommunication equipment;Design and testing for new product development;Design and testing of new products;Design and updating of home pages and web pages;Design and writing of computer software;Design (Computer system -);Design consultancy;Design consultation;Design, creation and programming of web pages;Design, creation, hosting and maintenance of websites for others;Design, development and implementation of software;Design, development and programming of computer software;Design, drawing and commissioned writing of computer software;Design feasibility studies;Design for others in the field of clothing;Design (Graphic arts -);Design (Industrial -);Design, maintenance and updating of computer software;Design, maintenance and up-dating of computer software;Design, maintenance, development and updating of computer software;Design, maintenance, rental and updating of computer software;Design of apparatus and machines for filling purposes;Design of apparatus and machines in the field of filling;Design of artwork;Design of audio-visual creative works;Design of bathrooms;Design of blinds;Design of board-games;Design of boats;Design of brand names;Design of building exteriors;Design of building interiors;Design of buildings;Design of business premises;Design of business premises for the tyre trade;Design of carpet

tiles;Design of carpets;Design of cars;Design of cd-rom electronic format for computer databases;Design of china;Design of clean rooms;Design of clothing;Design of clothing accessories;Design of clothing, footwear and headgear;Design of communication systems;Design of computer cluster configurations;Design of computer database;Design of computer database software;Design of computer databases;Design of computer game software;Design of computer hardware;Design of computer hardware for the manufacturing industries;Design of computer machine and computer software for commercial analysis and reporting;Design of computer microchips;Design of computer peripherals;Design of computer programs;Design of computer programs and software relating to aircraft;Design of computer software;Design of computer systems;Design of computers;Design of computers for others;Design of controlled environmental buildings;Design of curtains;Design of data processing apparatus;Design of data storage systems;Design of diagnostic apparatus;Design of diagnostic apparatus and equipment;Design of driver software;Design of electric circuit boards;Design of engineered building systems;Design of engineering products;Design of engineering works for flood prevention;Design of engineering works for the prevention of inundation of buildings by flood water;Design of engineering works for the prevention of inundation of land by flood water;Design of equipment for the transportation of freight;Design of equipment for the transportation of waste;Design of exhibition stands;Design of fashion accessories;Design of floor coverings;Design of furnishings;Design of furniture;Design of games;Design of geological surveys;Design of glass and of glass products;Design of graphic software systems;Design of graphics and of livery for corporate identity;Design of hardware for audio and video operators;Design of hardware for compression and decompression of multimedia contents;Design of hardware for data and multimedia content conversion from and to different protocols;Design of hardware for digital signal processing;Design of hardware for multimedia data storing and recalling;Design of hardware for processing and distribution of multimedia contents;Design of headgear;Design of health care buildings;Design of heating;Design of home pages;Design of home pages and web

sites;Design of homepages and Internet pages;Design of homepages and websites;Design of hotels;Design of ice sculptures;Design of industrial buildings;Design of industrial machinery;Design of industrial plant;Design of industrial products;Design of information systems;Design of information systems relating to finance;Design of information systems relating to management;Design of instruments;Design of integrated circuits;Design of interior decor;Design of interior decor for shops;Design of interior decoration;Design of Internet pages;Design of jewellery;Design of kitchens;Design of laboratory animal housing systems;Design of land surveys;Design of land vehicle parts;Design of land vehicles;Design of layouts for office furniture;Design of layouts for offices;Design of lighting systems;Design of logos for corporate identity;Design of logos for t-shirts;Design of manufacturing methods;Design of mathematical models;Design of measurement systems;Design of mechanical and micromechanical components;Design of mechanical, electromechanical and optoelectronic apparatus and instruments;Design of mobile telephones;Design of models;Design of monumental masonry;Design of motor racing cars;Design of motor vehicle parts;Design of motor vehicles;Design of moulds;Design of office automation equipment;Design of office space;Design of oil-field surveys;Design of operating system software;Design of optical and microoptical components;Design of optical components;Design of ornamental layouts;Design of ornamental structures;Design of packaging;Design of pipelines;Design of post card cartoon characters;Design of printed material;Design of printed matter;Design of products;Design of programs for computers;Design of prostheses;Design of protective clothing;Design of puppets;Design of rail vehicles;Design of remedial treatment to remedy defects in structures;Design of restaurants;Design of road networks;Design of sculptures;Design of seagoing vessels;Design of shopfitting systems;Design of shopfittings;Design of shops;Design of signs;Design of software;Design of software for audio and video operators;Design of software for compression and decompression of multimedia contents;Design of software for data and multimedia content conversion from and to different protocols;Design of software for digital signal processing;Design of

software for embedded devices;Design of software for multimedia data storing and recalling;Design of software for processing and distribution of multimedia contents;Design of software for use with printing machines;Design of space-frame structures;Design of space-truss structures;Design of specialist machinery;Design of specialist machinery for use in making equipment for lighting;Design of sports facilities;Design of stationery;Design of storage systems;Design of telecommunications apparatus and equipment;Design of telephones;Design of three dimensional displays;Design of tooling;Design of tooling for the production of land vehicle parts;Design of tools;Design of trade marks;Design of transport containers;Design of typefaces;Design of vehicle transporters;Design of vehicles and vehicle parts and components;Design of virtual reality software;Design of web pages;Design of web sites;Design of websites;Design of word processing software;Design planning;Design services;Design services for architecture;Design services for art-work;Design services for building interiors;Design services for clothing;Design services for computer hardware;Design services for computer programs;Design services for computers;Design services for data processing systems;Design services for display systems for exhibition;Design services for display systems for presentation purposes;Design services for display systems for promotional purposes;Design services for exhibitions;Design services for furniture;Design services for high tensile structures;Design services for packaging;Design services for parts of motor vehicles;Design services for temporary structures;Design services for the construction industry;Design services for the interior of buildings;Design services in relation to restaurants;Design services in the field of naval shipbuilding;Design services (Packaging -);Design services relating to architecture;Design services relating to artwork;Design services relating to baths;Design services relating to civil engineering;Design services relating to computer hardware;Design services relating to computer hardware and to computer programmes;Design services relating to computer programmes;Design services relating to computer software;Design services relating

to computer systems;Design services relating to computerised information processing systems;Design services relating to computers;Design services relating to data processing systems;Design services relating to data processing test tools;Design services relating to data processing tools;Design services relating to data processors;Design services relating to data transmission test tools;Design services relating to furnishing fabrics;Design services relating to integrated circuits;Design services relating to interior decorating for homes;Design services relating to interior decorating for offices;Design services relating to interior decoration;Design services relating to metalworking presses;Design services relating to metal-working tools;Design services relating to model making for display purposes;Design services relating to model making for entertainment purposes;Design services relating to model making for exhibition purposes;Design services relating to model making for play purposes;Design services relating to packaging;Design services relating to plant for the biotechnology industry;Design services relating to process systems for the biotechnology industry;Design services relating to real estate;Design services relating to residential property;Design services relating to roof covering components;Design services relating to shop displays;Design services relating to shop interiors;Design services relating to the creation of elementary cells;Design services relating to the creation of masks;Design services relating to the creation of networks;Design services relating to the development of computerised information processing systems;Design services relating to the installation of baths;Design services relating to the installation of sanitary fittings;Design services relating to the publication of documents;Design services relating to the reproduction of documents;Design services relating to vehicle liveries;Design services relating to virtual reality software;Design services relating to window graphics;Design sketching of packaging, containers, dinnerware and table utensils;Design, updating and maintenance of computer software;Designing;Designing and creating web sites for others;Designing and developing web pages;Designing and developing webpages on the internet;Designing and implementing network web pages for

others;Designing and implementing web sites for others;Designing computer codes;Designing computer languages;Designing computer software for controlling self-service terminals;Designing (Dress -);Designing feasibility studies on designs;Designing (Graphic arts -);Designing of child care facilities;Designing of clothing;Designing of computer hardware;Designing of computer programs;Designing of data processing programmes;Designing of data processing systems;Designing of electrical systems;Designing of electronic systems;Designing of furniture;Designing of jewellery;Designing of microchips for others;Designing of packaging and wrapping materials;Designing of paint techniques;Designing of watches;Designing websites for advertising purposes;Developing and updating computer software;Developing computer programs for electronic cash register systems;Developing computer software;Developing computer software for others;Developing of driver and operating system software;Developing programs for simulating experiments or series of experiments in a virtual optical laboratory; Development and creation of computer programmes for data processing;Development and design of digital sound and image carriers;Development and design of mobile applications;Development and maintenance of computer database software;Development and maintenance of computer software;Development and test of chemical production methods;Development and testing of computing methods, algorithms and software;Development and testing of software;Development, design and updating of home pages;Development of aircraft;Development of application software for delivery of multimedia content;Development of coatings for metals;Development of coatings for nonmetals;Development of computer based networks;Development of computer codes;Development of computer database software;Development of computer firmware;Development of computer game software;Development of computer hardware;Development of computer hardware for computer games;Development of computer hardware for the manufacturing industries;Development of computer languages;Development of computer peripherals;Development of computer platforms;Development of computer programmes;Development of computer

programs;Development of computer programs for analysis of exhaust gas emissions;Development of computer programs for combustion process analysis inside an engine;Development of computer programs for simulating laboratory experiments;Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam);Development of computer software;Development of computer software application solutions;Development of computer software for computer aided design/computer aided manufacturing [CAD/CAM];Development of computer software for creating electronic television program guides;Development of computer software for logistics, supply chain management and e-business portals;Development of computer software for use with computer-controlled switching systems;Development of computer software for use with programmable controllers;Development of computer systems;Development of computers;Development of construction projects;Development of consumer products;Development of data bases;Development of data processing apparatus;Development of data processing programs by order of third parties;Development of data programs;Development of diagnostic apparatus;Development of driver software;Development of energy and power management systems;Development of engines;Development of hardware for audio and video operators;Development of hardware for compression and decompression of multimedia contents;Development of hardware for data and multimedia content conversion from and to different protocols;Development of hardware for digital signal processing;Development of hardware for multimedia data storing and recalling;Development of hardware for processing and distribution of multimedia contents;Development of hardware for use in connection with electronic and interactive multimedia games;Development of hardware for video games;Development of industrial machinery;Development of industrial processes;Development of industrial products;Development of interactive multimedia software;Development of land (Architectural services relating to the -);Development of machining techniques;Development of measuring and testing methods;Development of measuring probes for biotechnological applications;Development of new products;Development of new technology for

others;Development of operating system software;Development of pharmaceutical preparations and medicines;Development of power assemblies;Development of programmes for data processing;Development of programs for computers;Development of prostheses;Development of software;Development of software for audio and video operators;Development of software for Automated Business Process Discovery (ABPD);Development of software for communication systems;Development of software for compression and decompression of multimedia contents;Development of software for data and multimedia content conversion from and to different protocols;Development of software for digital signal processing;Development of software for multimedia data storing and recalling;Development of software for processing and distribution of multimedia contents;Development of software for secure network operations;Development of software solutions for internet providers and internet users;Development of systems for the processing of data;Development of systems for the storage of data;Development of systems for the transmission of data;Development of technologies for the protection of electronic networks;Development of testing apparatus for electrical wires;Development of testing methods;Development of vehicles;Development of virtual reality software;Development of word processing software;Development (Research and -) of products;Development services in the field of computer software and advisory services relating thereto;Development services relating to computer programmes;Development services relating to computer software application solutions;Development services relating to computer systems;Development services relating to data processing systems;Development services relating to virtual reality software;Development, updating and maintenance of software and database systems;Diagnosing computer hardware problems using software;Diagnosis of faults in computer software;Diagnostic testing for industrial lubricants;Diamond authentication and certification services;Digital asset management;Digital compression of computer data;Digital Distributed Storage;Digital watermarking;Digitalization of sound and images;Digitization of documents;Digitization of documents [scanning];Disaster recovery services (Computer -);Disaster recovery

services for computer systems;Disaster recovery services for data communications systems;DNA screening for scientific research purposes;DNA testing services to determine paternity (laboratory services);Document data transfer from one computer format to another;Drafting and development of photovoltaic systems;Drafting (Construction -);Drafting of construction plans for recreation premises;Draftsman's services;Draftsman's services in the nature of technical drawing;Draughting (Construction -);Draughtsman's services;Drawing (Engineering -);Drawing up of engineering drawings;Drawing up of expert technical opinions in connection with oil deposits;Dress design;Dress design services;Dress designing;Dress designing services;Drug discovery services;Duplicating computer programmes;Duplicating computer programs;Duplication of computer programmes;Duplication of computer programs;Duplication of computer software;Earth science services;Editing of computer programs;Editing services for computer programs;Elaboration and maintenance of web sites for third parties;Electrical engineering services;Electrical safety research;Electromagnetic compatibility testing services;Electronic data back-up;Electronic data back-up services;Electronic data storage;Electronic data storage and data back-up services;Electronic data storage services;Electronic monitoring of credit card activity to detect fraud via the internet;Electronic monitoring of personally identifying information to detect identity theft via the internet;Electronic site authoring;Electronic storage of archived e-mails;Electronic storage of audio files;Electronic storage of data;Electronic storage of digital audio files;Electronic storage of digital images;Electronic storage of digital music;Electronic storage of digital photographs;Electronic storage of digital video files;Electronic storage of documents;Electronic storage of documents and archived e-mails;Electronic storage of entertainment media content;Electronic storage of files and documents;Electronic storage of images;Electronic storage of medical records;Electronic storage of photographs;Electronic storage of videos;Electronic storage services for archiving databases;Electronic storage services for archiving databases, images and other electronic data;Electronic storage

services for archiving electronic data;Encoding of digital images;Encoding of digital music;Encoding of magnetic cards;Encryption, decryption and authentication of information, messages and data;Encryption of digital images;Encryption of digital music;Energy auditing;Energy-saving (Consultancy in the field of -);Engineering;Engineering and computer-aided engineering services;Engineering consultancy;Engineering consultancy relating to computer programming;Engineering consultancy relating to data-processing;Engineering consultancy relating to design;Engineering consultancy relating to manufacture;Engineering consultancy relating to testing;Engineering consultancy services;Engineering design;Engineering design and consultancy;Engineering design services;Engineering drawing;Engineering drawing services;Engineering (engineering work);Engineering feasibility studies;Engineering project management services;Engineering project studies;Engineering research;Engineering services;Engineering services for applications on large and medium-sized computer systems;Engineering services for others;Engineering services for the analysis of machinery;Engineering services for the analysis of structures;Engineering services for the design of machinery;Engineering services for the design of structures;Engineering services for the gas industry;Engineering services in the field of building technology;Engineering services in the field of communications technology;Engineering services in the field of electrical power and natural gas production;Engineering services in the field of energy technology; Engineering services in the field of environmental technology;Engineering services in the field of motive power;Engineering services related to integrated circuit diagnostics;Engineering services relating to architecture;Engineering services relating to automatic data processing;Engineering services relating to computer programming;Engineering services relating to computers;Engineering services relating to data processing;Engineering services relating to data processing technology;Engineering services relating to energy supply systems;Engineering services relating to gas transport and supply systems;Engineering services relating to

information technology;Engineering services relating to machine tool design;Engineering services relating to metal forming systems;Engineering services relating to metal handling systems;Engineering services relating to robotics;Engineering services relating to the design of communications systems;Engineering services relating to the design of electronic systems;Engineering surveying;Engineering testing;Engineering work;Enterprise content management;Environmental assessment services;Environmental consultancy services;Environmental hazard assessment;Environmental monitoring of waste storage areas;Environmental monitoring of waste treatment areas;Environmental monitoring services;Environmental protection (Research in the field of -);Environmental surveys;Environmental testing;Environmental testing and inspection services;Environmental testing of exhaust emissions;Environmental testing of noise pollution;Environmental testing of vibration;Environmental testing services to detect contaminants in water;Estates (Planning of building -);Estimations in the field of science provided by engineers;Estimations in the field of technology provided by engineers;Evaluation and testing of real estate for the presence of hazardous material;Evaluation of performance of computer systems against bench-mark references;Evaluation of performance of data-processing against bench-mark references;Evaluation of product design;Evaluation of product development;Evaluation of standing timber (Quality -);Evaluation of wool (Quality -);Examination of welded fabrications to determine properties;Examination of welded fabrications to determine soundness;Examination of welded fabrications to determine structure;Executing of chemical analyses;Exhibition halls design;Expert advice relating to technology;Expert consultancy services in connection with computing equipment;Expert consultancy services in connection with computing networks;Expert opinion relating to technology;Expert reporting services relating to technology;Exploitation [surveying] of oil fields;Exploration and searching of oil and gas;Exploration of gas and oil;Exploration services in the field of the oil, gas and mining industries;Exploration services to locate gas;Exploration services to locate

oil;Exploration (Underwater -);Explosives engineering services;Fashion design;Fashion design consulting services;Feasibility studies relating to material analysis;Feasibility study services relating to computer software;Feasibility study services relating to computers;Fog computing;Food research;Food sanitation consultation;Footwear design services;Forecasting (Weather -);Forensic advice relating to damage assessment;Forensic advice relating to explosions;Forensic advice relating to marine accidents;Furnishing design services;Furnishing design services for the interiors of aircraft;Furnishing design services for the interiors of automobiles;Furnishing design services for the interiors of buildings;Furnishing design services for the interiors of ships;Furniture design;Gas exploration;Genetic engineering services;Genetic engineering services relating to plants;Genetic fingerprinting;Genetic research;Genetic testing for scientific research purposes;Genetic testing of laboratory animals for research purposes;Geological estimation and research;Geological estimations and research;Geological exploration;Geological probing of building plots;Geological prospecting;Geological research;Geological surveying;Geological surveys;Geological surveys or research;Geological testing of building plots;Geophysical exploration for the gas industry;Geophysical exploration for the mining industry;Geophysical exploration for the oil, gas and mining industries;Geophysical exploration for the oil industry;Geophysical exploration services;Geophysical research services;Geophysical surveys;Geo-seismic survey services;Grading of coins;Grading of lumber;Grading of precious stones;Graphic art design;Graphic art services;Graphic arts design;Graphic arts designing;Graphic design;Graphic design for the compilation of web pages on the internet;Graphic design of promotional materials;Graphic design services;Graphic designing;Graphic illustration design;Graphic illustration services for others;Greenhouse gas emission measuring and analysis;Hand writing analysis (graphology);Handwriting analysis [graphology];Hardware design;Hat design;Hire of computer programs;Hire of computers;Hiring of computer firmware;Hiring of computer programs;Hiring of computer software;Hiring out data processing equipment;Home inspection services [surveying];Homepage and webpage

design;Hosting a website for the electronic storage of digital photographs and videos;Hosting an online website for creating and hosting micro websites for businesses;Hosting and rental of memory space for websites;Hosting computer sites;Hosting computer sites [web sites];Hosting computer sites [websites];Hosting computer software applications for others;Hosting electronic memory space on the Internet for advertising goods and services;Hosting internet sites for others;Hosting memory space for websites;Hosting memory space on the Internet;Hosting multimedia educational content;Hosting multimedia entertainment content;Hosting of Access Control as a Service (ACaaS) servers and software;Hosting of communication platforms on the internet;Hosting of computerized data, files, applications and information;Hosting of customized web pages;Hosting of databases;Hosting of digital content;Hosting of digital content, namely, on-line journals and blogs;Hosting of digital content on the Internet;Hosting of digital content online;Hosting of e-commerce platforms on the Internet;Hosting of interactive applications;Hosting of memory space on the Internet for storing digital photographs;Hosting of mobile applications;Hosting of mobile websites;Hosting of multimedia applications;Hosting of multimedia content for others;Hosting of platforms on the Internet;Hosting of podcasts;Hosting of portals on the internet;Hosting of servers;Hosting of software for use in library management;Hosting of transaction platforms on the internet;Hosting of videocasts;Hosting of web portals;Hosting of web sites;Hosting of weblogs; Hosting of websites;Hosting online facilities for conducting interactive discussions;Hosting online facilities for conducting interactive discussions;Hosting on-line web facilities for others;Hosting online web facilities for others for conducting interactive discussions;Hosting on-line web facilities for others for managing and sharing on-line content;Hosting online web facilities for others for sharing online content;Hosting platforms on the Internet;Hosting services, software as a service, and rental of software;Hosting the computer sites (web sites) of others;Hosting the web sites of others;Hosting the web sites of others on a computer server for a global computer

network;Hosting the websites of others;Hosting web portals;Hosting web sites;Hosting webpages for others;Hosting websites;Hosting websites on the Internet;House design;House design services;House plans (Drawing-up of -);Hydrographic surveying;Hydrological research;Illustrating services (design);Illustration services (design);Illustrators' services;Image processing software design;Image processing software development;Implementation of computer programs in networks;Industrial analyses and research services;Industrial analysis and research services;Industrial analysis and research services in the field of chemistry;Industrial analysis and research services relating to automobile tires;Industrial analysis services;Industrial and graphic art design;Industrial art design;Industrial design;Industrial design services;Industrial development services;Industrial engineering design services;Industrial packaging design services;Industrial process development;Industrial process research;Industrial research;Industrial research and analysis;Industrial research and analysis services;Industrial research services;Industrial testing;Industrial testing of engineering works;Information on the subject of scientific research in the field of biochemistry and biotechnology;Information services relating to computers;Information services relating to information technology;Information services relating to the application of computer networks;Information services relating to the application of computer systems;Information services relating to the combination of colours, paints and furnishings for exterior design;Information services relating to the combination of colours, paints and furnishings for interior design;Information services relating to the development of computer networks;Information services relating to the development of computer systems;Information services relating to the harmonisation of colours, paints and furnishings for interior design;Information services relating to the safety of chemicals used in agriculture;Information services relating to the safety of chemicals used in forestry;Information services relating to the safety of chemicals used in horticulture;Information services relating to

the safety of fertilisers used in agriculture;Information services relating to the safety of fertilisers used in forestry;Information services relating to the safety of fertilisers used in horticulture;Information services relating to the safety of manures used in agriculture; Information services relating to the safety of manures used in forestry;Information services relating to the safety of manures used in horticulture;Information technology consultancy;Information technology consulting;Information technology consulting services;Information technology [IT] consultancy;Information technology [IT] consulting services;Information technology services for the pharmaceutical and healthcare industries;Information technology services provided on an outsourcing basis;Information technology support services;Infrastructure as a Service [IaaS];Inspecting buildings for the existence of mold;Inspecting foods for the purpose of certifying the kosher quality thereof;Inspection and testing via industrial rope access;Inspection of agriculture;Inspection of apparatus;Inspection of buildings [surveying];Inspection of cosmetics;Inspection of fisheries;Inspection of foodstuffs;Inspection of goods for quality control;Inspection of livestock breeding;Inspection of motor land vehicles [for roadworthiness];Inspection of motor vehicles before transport [for roadworthiness];Inspection of motor vehicles [for roadworthiness];Inspection of oil fields;Inspection of pharmaceuticals;Inspection of plant and machinery;Inspection of signalling instruments;Inspection of vehicles for roadworthiness;Inspection of weighing instruments;Inspection services for new and used vehicles for persons buying or selling their vehicles;Installation and actualisation of programs for data processing;Installation and customisation of computer applications software;Installation and maintenance of computer programs;Installation and maintenance of computer software;Installation and maintenance of database software;Installation and maintenance of Internet access software;Installation and maintenance services for software;Installation, maintenance and repair of computer software;Installation, maintenance and repair of software for computer systems;Installation, maintenance and

updating of computer software;Installation, maintenance and updating of database software;Installation, maintenance, repair and servicing of computer software;Installation, maintenance, updating and upgrading of computer software;Installation of Access Control as a Service (ACaaS) software;Installation of computer programmes;Installation of computer programs;Installation of computer software;Installation of database software;Installation of firmware;Installation of Internet access software;Installation of software;Installation, repair and maintenance of computer software;Installation, setting up and maintenance of computer software;Installation, updating and maintenance of computer software;Installing computer programs;Installing web pages on the internet for others;Integrated scientific research on vermin for greenhouses and harvest crops;Integration of computer systems and networks;Interactive hosting services which allow the users to publish and share their own content and images online;Interior and exterior design services;Interior architectural services;Interior decor design;Interior decorating;Interior decorating design;Interior decoration consultation;Interior design;Interior design services;Interior design services and information and advisory services relating thereto;Interior design services for boutiques;Interior design services for shops;Interior design services for the retail industry;Interior design services incorporating the principles of feng shui;Internet café services (computer rental);Internet security consultancy;Internet walled garden services;Internet web site design services;Intranet design, development and maintenance;Issuing of information relating to information technology;Issuing of scientific information;Issuing of toxicological information;IT consultancy, advisory and information services;IT project management;IT security, protection and restoration;IT service management [ITSM];IT services;Jewellery design services;Jewelry design;Kitchen design;Kitchen design services;Laboratory analysis;Laboratory analysis in the field of bacteriology;Laboratory analysis in the field of chemistry;Laboratory analysis in the field of cosmetics;Laboratory research;Laboratory research in the field of chemistry;Laboratory

research in the field of cosmetics;Laboratory research in the field of gene expression;Laboratory research services relating to dermatology;Laboratory research services relating to pharmaceuticals;Laboratory (Scientific -) services;Laboratory services;Laboratory services for agricultural research;Laboratory services for analytical testing;Laboratory services for soil analysis;Laboratory services relating to the production of monoclonal antibodies;Laboratory testing;Laboratory testing of materials;Laboratory testing services;Land and road surveying;Land development (Architectural services relating to -);Land surveying;Land surveys;Landscape lighting design;Landscape lighting design services;Layout design services for clean room environments;Leasing computer facilities;Leasing of computer apparatus;Leasing of computer equipment;Leasing of computer hardware;Leasing of computer programmes;Leasing of computer programs;Leasing of computer software;Leasing of computer software for reading a data base of price quotes;Leasing of computer software for reading a data stream;Leasing of computer software relating to price quotes;Leasing of computers;Leasing of data processing systems;Leasing of scientific instruments;Levee engineering;Locating and marking placement of underground utility pipes, cable or wires;Machine condition monitoring;Maintaining (Creating and -) web sites for others;Maintaining databases;Maintenance and repair of software;Maintenance and updating of computer software;Maintenance and updating of software for communication systems;Maintenance and upgrading of computer software;Maintenance of and updating of computer software;Maintenance of computer programmes;Maintenance of computer programs;Maintenance of computer records;Maintenance of computer software;Maintenance of computer software relating to computer security and prevention of computer risks;Maintenance of computer software used for operating filling apparatus and machines;Maintenance of data bases;Maintenance of data processing software;Maintenance of software;Maintenance of software for communication systems;Maintenance of software for Internet access;Maintenance of software used in the field of ecommerce;Maintenance of websites;Maintenance of websites and hosting

on-line web facilities for others;Managing the web sites of others;Managing web sites for others;Mapping;Mapping services; Marine, aerial and land surveying;Marine chart updating;Marine chart updating services;Marine surveying services;Marine vehicle design;Material testing;Material testing for fault detection;Material testing services;Materials testing;Materials testing and analysing;Materials testing and evaluation;Mathematical models (Design of -);Mathematical research services;Measurement evaluation services;Measurement services;Measuring apparatus (Rental of -);Measuring of earth samples;Measuring the environment within buildings;Measuring the environment within civil engineering structures;Measuring variables associated with the directional steering of boreholes;Measuring variables associated with the drilling of boreholes;Mechanical engineering;Mechanical engineering services;Mechanical research;Mechanical research in the field of motor sports;Mechanics research;Medical and pharmacological research services;Medical laboratories;Medical laboratory services;Medical research;Medical research laboratory services;Medical research services;Metallurgical analysis;Metallurgical laboratory services;Metallurgical testing;Meteorological forecasting;Meteorological information;Meteorological information services;Meteorological research;Microbiological testing;Microchip design services;Minefields surveys;Mineral and oil assaying;Mineral exploration services;Mining and mineral exploration services;Modifying of computer programs;Monitoring of activities which influence the environment within buildings;Monitoring of activities which influence the environment within civil engineering structures;Monitoring of audio warning signals;Monitoring of building structures;Monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds;Monitoring of computer systems by remote access;Monitoring of computer systems for detecting unauthorized access or data breach;Monitoring of computer systems for security purposes;Monitoring of computer systems to detect breakdowns;Monitoring of contaminated land;Monitoring of contaminated land for

gas;Monitoring of events which influence the environment within buildings;Monitoring of events which influence the environment within civil engineering structures;Monitoring of network systems;Monitoring of telecommunication signals;Monitoring of water quality;Monitoring the quality control of seismic procedures;Natural science services;New product design;New products (Design of -);New products (Testing of -);Non-destructive testing services;Non-medical, ultrasound imaging services;Nuclear engineering services;Oceanographic prospecting services;Oceanographic research services;Oenology services;Office furniture design;Office layout design services;Off-site data backup;Oil burner inspection;Oil exploration;Oil field exploration;Oil field surveying;Oil prospecting;Oil spill contingency planning services;Oil well logging and testing;Oil well testing;Oil-bearing seams (Preparing surveys of -);Oil-beds (Preparing surveys of -);Oil-field exploitation (Analysis for -);Oil-field exploration (Analysis for -);Oil-field surveys;Oil-fields (Preparing surveys of -);Oil-well testing;Online data storage;Operating search engines;Operation of search engines;Optical laboratories;Optical research laboratory services;Outsource service providers in the field of information technology;Packaging design;Packaging design for others;Packaging design services;Packaging designs;Pattern design;Performance of chemical analyses;Personal computer hire;Petroleum exploration;Pharmaceutical drug development services;Pharmaceutical product evaluation;Pharmaceutical products development;Pharmaceutical research and development;Pharmaceutical research and development services;Pharmaceutical research services;Photogrammetry services;Physics [research];Physics research;Pipeline inspection services;Planning and design of kitchens;Planning and design of residential communities;Planning and design of retail premises;Planning and design of sports facilities;Planning and layout design services for cleanroom environments;Planning, design, development and maintenance of online websites for third parties;Planning [design] of bars;Planning [design] of bathrooms;Planning [design] of building extensions;Planning [design] of buildings;Planning [design] of clubs;Planning [design] of internal combustion engines for land vehicles;Planning [design] of kitchens;Planning [design] of multi-story

office towers;Planning [design] of offices;Planning [design] of pubs;Planning [design] of restaurants;Planning [design] of shops;Planning in relation to town planning and commercial town planning;Platform as a Service [PaaS];Platform as a service [PaaS];Platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages;Platforms for artificial intelligence as software as a service [SaaS];Platforms for gaming as software as a service [SaaS];Platforms for graphic design as software as a service [SaaS];Prediction measurement of steady state exhaust emissions;Preparation of architectural design;Preparation of architectural plans;Preparation of architectural reports;Preparation of biological samples for analysis in research laboratories;Preparation of biological samples for research purposes;Preparation of biological samples for testing and analysis in research laboratories;Preparation of computer programs for data processing;Preparation of data processing programmes;Preparation of design parameters for visual images;Preparation of design reports;Preparation of engineering drawings;Preparation of engineering reports;Preparation of immunohistological samples for analysis in research laboratories;Preparation of maps in digital form;Preparation of project analysis studies;Preparation of reports in the biotechnology field;Preparation of reports relating to architecture;Preparation of reports relating to chemical research;Preparation of reports relating to commissioning of nuclear units;Preparation of reports relating to computer programmes;Preparation of reports relating to computer programming;Preparation of reports relating to computers;Preparation of reports relating to design;Preparation of reports relating to graphic arts design;Preparation of reports relating to industrial design;Preparation of reports relating to real estate planning;Preparation of reports relating to scientific research;Preparation of reports relating to technical project studies for construction projects;Preparation of reports relating to technical research;Preparation of scientific reports;Preparation of technical manuals;Preparation of technical reports;Preparation of technical

studies;Preparation of technological reports;Preparation of technological research reports;Private cloud hosting provider service; Process monitoring for quality assurance;Product design;Product design and development;Product design services;Product development;Product development consultation;Product development for others;Product development for vehicle construction and for vehicle body construction;Product quality control testing;Product quality evaluation;Product quality testing;Product quality testing services;Product research;Product research and development;Product safety testing;Product safety testing services;Product testing;Professional advisory services relating to computer hardware;Professional advisory services relating to computer software;Professional advisory services relating to computers;Professional advisory services relating to food technology;Professional consultancy relating to architecture;Professional consultancy relating to computer security;Professional consultancy relating to computer software;Professional consultancy relating to computers;Professional consultancy relating to energy efficiency in buildings;Professional consultancy relating to fitted kitchen design;Professional consultancy relating to fluid dynamics;Professional consultancy relating to industrial design;Professional consultancy relating to marine technology;Professional consultancy relating to technology;Professional consultancy relating to the conservation of energy;Professional consultancy relating to the design of interior accommodation;Professional consultancy relating to the science of ergonomics;Professional consultancy services relating to computer programming;Professional consulting services and advice about agricultural chemistry;Professional services relating to architectural design;Programming (Computer -);Programming of computer animations;Programming of computer game software;Programming of computer software for electronic language translation dictionaries and databases;Programming of computer software for evaluation and calculation of data;Programming of computer software for reading, transmitting and organising data;Programming of computers;Programming of computers for the printing of bar

codes;Programming of computers for the regulation of data between buyers and suppliers;Programming of customized web pages;Programming of data processing equipment;Programming of data processing programs;Programming of electronic data processing (EDP) software;Programming of educational software;Programming of electronic control systems;Programming of energy management software;Programming of Internet security programs;Programming of multimedia applications;Programming of multimedia equipment;Programming of operating software for accessing and using a cloud computing network;Programming of operating software for computer networks and servers;Programming of software for database management;Programming of software for e-commerce platforms;Programming of software for evaluating customer behaviour in online shops;Programming of software for importing and managing data;Programming of software for information platforms on the Internet;Programming of software for Internet platforms;Programming of software for Internet portals, chatrooms, chat lines and Internet forums;Programming of software for inventory management;Programming of software for market research purposes;Programming of software for online advertising;Programming of software for website development; Programming of telecommunications software;Programming of video game software;Programming of web pages;Project studies relating to software;Project studies (Technical -);Prospecting (Geological -);Prospecting (Oil -);Protection services (Computer virus -);Providing a website featuring information in the field of interior design;Providing alerts regarding children's access to online websites and content;Providing artificial intelligence computer programs on data networks;Providing backup computer programs and facilities;Providing computer facilities for the electronic storage of digital data;Providing electronic memory space on the Internet;Providing information about fashion design services;Providing information about industrial analysis and research services;Providing information about the design and development of computer hardware and software;Providing information about the design and development of computer software;Providing information about the design and development of computer software, systems and networks;Providing information

about the results of clinical trials for pharmaceutical products;Providing information, advice and consultancy services in the field of computer software;Providing information in the field of architectural design via a website;Providing information in the field of computer software design;Providing information in the field of computer software development;Providing information in the field of information technology;Providing information in the field of interior design via a web site;Providing information in the field of interior design via a website;Providing information in the field of product design;Providing information in the field of product development;Providing information on clinical studies via an interactive website;Providing information on computer technology and programming via a web site;Providing information relating to computer technology and programming via a web site;Providing information relating to scientific research in the fields of biochemistry and biotechnology;Providing Internet search engines with specific search options;Providing medical and scientific research information in the field of pharmaceuticals and clinical trials;Providing meteorological information;Providing online information about industrial analysis and research services;Providing on-line information in the field of technological research from a computer database or the Internet;Providing online, non-downloadable software;Providing on-line non-downloadable software for database management;Providing online non-downloadable software for use in communication;Providing online non-downloadable software for use in supply chain management;Providing online non-downloadable software for word processing;Providing on-line support services for computer program users;Providing or rental of electronic memory space on the Internet;Providing quality assurance services;Providing science technology information;Providing scientific information, advice and consultancy relating to carbon offsetting;Providing scientific information in the field of climate change;Providing scientific information in the field of global warming;Providing scientific information in the field of medical disorders and their treatment;Providing scientific information in the fields of climate change and global warming;Providing scientific research information and results from an

online searchable database;Providing search engines; Providing search engines for obtaining data on a global computer network;Providing search engines for obtaining data via communications networks;Providing search engines for the internet;Providing software on a global computer network;Providing space on the internet for weblogs;Providing technical advice relating to computer hardware and software;Providing technical advice relating to computers;Providing technical advice relating to energy-saving measures;Providing technological information about environmentally-conscious and green innovations;Providing temporary use of non downloadable computer software;Providing temporary use of non-downloadable business software;Providing temporary use of non-downloadable computer software for preparing shipping documents over computer networks, intranets and the internet;Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet;Providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet;Providing temporary use of non-downloadable computer software for tracking packages over computer networks, intranets and the internet;Providing temporary use of non-downloadable computer software for use in the creation and publication of on-line journals and blogs;Providing temporary use of non-downloadable interactive entertainment software;Providing temporary use of non-downloadable software;Providing temporary use of nondownloadable software applications accessible via a web site;Providing temporary use of nondownloadable software for analyzing financial data and generating reports;Providing temporary use of nondownloadable software to enable content providers to track multimedia content;Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users;Providing temporary use of online, non-downloadable computer software for language translation;Providing temporary use of online, non-downloadable computer software for use in broadcast monitoring applications;Providing temporary use of online non-downloadable investment software;Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing

network;Providing temporary use of on-line non-downloadable operating software for computer networks and servers;Providing temporary use of on-line non-downloadable software;Providing temporary use of online non-downloadable software;Providing temporary use of on-line non-downloadable software development tools;Providing temporary use of online non-downloadable software for accessing and using a cloud computing network;Providing temporary use of on-line non-downloadable software for database management;Providing temporary use of on-line non-downloadable software for importing and managing data;Providing temporary use of on-line non-downloadable software for inventory management;Providing temporary use of on-line non-downloadable software for processing electronic payments;Providing temporary use of on-line non-downloadable software for the management of data;Providing temporary use of on-line non-downloadable software for the management of information; Providing temporary use of on-line non-downloadable software for the transmission of data;Providing temporary use of on-line non-downloadable software for the transmission of information;Providing temporary use of on-line, non-downloadable software for use in publishing and printing;Providing temporary use of on-line non-downloadable software for web site development;Providing temporary use of online non-downloadable software for word processing;Providing temporary use of web-based applications;Providing temporary use of web-based software;Providing user authentication services using biometric hardware and software technology for e-commerce transactions;Providing user authentication services using single sign-on technology for online software applications;Providing virtual computer environments through cloud computing;Providing virtual computer systems through cloud computing;Providing weather condition information affecting ski conditions and road closures;Providing weather information;Provision of computer security risk management programs;Provision of computing facilities;Provision of data centre facilities;Provision of engineering reports;Provision of expert appraisals relating to computing;Provision of expert reports relating to computing;Provision of geographical information;Provision of information, advice and consultancy in

relation to carbon offsetting;Provision of information and data relating to medical and veterinary research and development;Provision of information concerning research and technical project studies relating to the use of natural energy;Provision of information relating to computer programming;Provision of information relating to computer programs;Provision of information relating to computers;Provision of information relating to industrial design;Provision of information relating to industrial engineering;Provision of information relating to information technology;Provision of information relating to scientific research;Provision of information relating to technological research;Provision of Internet search engines;Provision of meteorological information;Provision of meteorological information for shipping;Provision of on-line support services for computer program users;Provision of reports relating to computing;Provision of research services;Provision of scientific information;Provision of scientific information, advice and consultancy in relation to carbon offsetting;Provision of scientific information relating to chemicals;Provision of scientific information relating to the chemical industry;Provision of search engines for the Internet;Provision of security services for computer networks, computer access and computerised transactions;Provision of surveys [scientific];Provision of surveys [technical];Provision of technical consultancy (advice) in the field of telecommunications;Provision of technical consultancy to the oil refining industry;Provision of technical consultancy to the petrochemical industry;Provision of technical consultancy to the shipping industry;Provision of technical information in relation to computers;Provision of technical information relating to the manufacture of paper;Provision of technical studies relating to computer programming;Provision of technical support in the operation of computing networks;Provision of technical support in the supervision of computing networks;Provision of testing facilities for ammunition;Provision of testing facilities for firearms; Provision of weather information;Provision of weather information for shipping;Provision of weather information via the telephone;Public cloud hosting provider service;Pyrotechnics

assessment services;Quality assessment;Quality assurance consultancy;Quality assurance services;Quality audits;Quality checking;Quality checking and testing;Quality control;Quality control for others;Quality control of building materials;Quality control of completed buildings;Quality control of glass containers;Quality control of goods and services;Quality control of manufactured goods;Quality control of partly manufactured goods;Quality control of raw materials;Quality control of soil products;Quality control relating to computer software;Quality control relating to computer systems;Quality control relating to the hygiene of food;Quality control relating to the hygiene of foodstuffs;Quality control services;Quality control testing;Quality control testing services for agricultural machinery;Quality control testing services for forestry equipment;Quality control testing services for horticultural equipment;Quality control testing services for industrial machinery;Quality evaluation of standing timber;Quality evaluation of wool;Quality testing;Quality testing of products for certification purposes;Quantity surveying;Radon detecting;Reconstitution of databases;Reconstruction of database systems for others;Recordal of seismic data;Recording data relating to energy consumption in buildings;Recovery of computer data;Recovery of smartphone data;Remote computer backup services;Remote server administration;Rendering of computer graphics (digital imaging services);Rental and maintenance of computer software;Rental (Computer -);Rental of a database server (to third parties);Rental of application software;Rental of calculators;Rental of coding apparatus;Rental of computer apparatus;Rental of computer database software;Rental of computer equipment;Rental of computer game software;Rental of computer hardware;Rental of computer hardware and computer peripherals;Rental of computer hardware and computer software;Rental of computer hardware and facilities;Rental of computer hardware and software; Rental of computer peripherals;Rental of computer programmes;Rental of computer programs;Rental of computer software;Rental of computer software and programs;Rental of computer software, data processing equipment and computer peripheral devices;Rental of computer software relating to travel;Rental of

computers;Rental of computers and computer software;Rental of computers and software;Rental of computers for data processing;Rental of computing equipment;Rental of data carriers;Rental of data centre facilities;Rental of data processing apparatus;Rental of data processing apparatus and computers;Rental of data processing equipment;Rental of data processing equipment and computers;Rental of data processing programs;Rental of database management software;Rental of design equipment;Rental of electronic memory space on the Internet;Rental of entertainment software;Rental of financial management software;Rental of Internet security programs;Rental of laboratory apparatus and instruments;Rental of load banks for testing electrical power sources;Rental of measuring apparatus;Rental of memory space for websites;Rental of memory space on servers for hosting electronic bulletin boards;Rental of meters for the recording of energy consumption; Rental of mini computers;Rental of operating software for accessing and using a cloud computing network;Rental of operating software for computer networks and servers;Rental of science and technology equipment;Rental of scientific equipment;Rental of server memory space;Rental of software;Rental of software for computers;Rental of software for data processing;Rental of software for importing and managing data;Rental of software for Internet access;Rental of software for inventory management;Rental of software for website development;Rental of technical drawing instruments;Rental of time keeping equipment;Rental of timerecording apparatus;Rental of video game software;Rental of web servers;Rental of web servers;Rental services for computer equipment;Rental services relating to data processing equipment and computers;Renting computer software;Renting out hardware and software;Repair (maintenance, updating) of software;Repair of computer software;Repair of damaged computer programs;Repair of software [maintenance, updating];Research and consultancy services relating to computer hardware;Research and consultancy services relating to computer software;Research and development for others;Research and development for the pharmaceutical industry;Research and development in the field of biotechnology;Research and development in

the field of diagnostic preparations;Research and development in the field of microorganisms and cells;Research and development in the pharmaceutical and biotechnology fields;Research and development of computer software;Research and development of new products;Research and development of new products for others;Research and development of new products for third parties in the field of plastic materials;Research and development of vaccines and medicines;Research and development services;Research and development services in connection with physics;Research and development services in the field of antibodies;Research and development services in the field of antibody technology;Research and development services in the field of bacteriology;Research and development services in the field of chemistry;Research and development services in the field of cytology;Research and development services in the field of engineering;Research and development services in the field of gene expression systems;Research and development services in the field of immunohistology;Research and development services in the field of immunology;Research and development services relating to automobile tires;Research and development services relating to computer hardware;Research and development services relating to fertilisers;Research and development services relating to vaccines;Research and testing services in the fields of bacteriology and virology;Research (Biological -);Research, development, design and upgrading of computer software;Research (Geological -);Research in cosmetology;Research in engine construction;Research in instrumentation;Research in measurement technology;Research in the area of environmental protection;Research in the area of semiconductor processing technology;Research in the field of artificial intelligence;Research in the field of building construction;Research in the field of chemistry;Research in the field of climate change; Research in the field of communications technology;Research in the field of computer hardware;Research in the field of computer programs and software;Research in the field of data processing technology;Research in the field of ecology;Research in the field of electrical engineering;Research in the field of

energy;Research in the field of environmental conservation;Research in the field of environmental protection;Research in the field of gene therapy;Research in the field of hair care;Research in the field of information technology;Research in the field of manufacturing machinery;Research in the field of materials science;Research in the field of pharmacogenetics;Research in the field of physics;Research in the field of science provided by engineers;Research in the field of social media;Research in the field of technology provided by engineers;Research in the field of telecommunication technology;Research in the field of telecommunications technology;Research in the field of welding;Research in the reduction of carbon emissions;Research into new products;Research laboratories;Research laboratory services;Research of agriculture;Research of cosmetics;Research of fisheries;Research of foodstuffs;Research of livestock breeding;Research of pharmaceuticals;Research on building construction or city planning;Research on food;Research on the subject of pharmaceuticals;Research on urban planning;Research (Physics -);Research relating to animal husbandry;Research relating to architecture;Research relating to bacteriology;Research relating to biotechnology;Research relating to buildings;Research relating to chemistry;Research relating to computer programming;Research relating to computer programs;Research relating to computers;Research relating to construction machinery;Research relating to cultivation in agriculture;Research relating to cultivation in horticulture;Research relating to data processing;Research relating to demographics;Research relating to design;Research relating to environmental protection;Research relating to fine chemicals;Research relating to industrial machinery;Research relating to insecticides;Research relating to marine surveying;Research relating to mechanical engineering;Research relating to medicine;Research relating to medicines;Research relating to metals;Research relating to mineral resources;Research relating to molecular sciences;Research relating to pharmaceuticals;Research relating to physics;Research relating to plant breeding;Research relating to science;Research

relating to security;Research relating to speciality chemicals;Research relating to technology;Research relating to telecommunication techniques;Research relating to the computerised automation of administrative processes;Research relating to the computerised automation of industrial processes;Research relating to the computerised automation of technical processes;Research relating to the development of computer hardware;Research relating to the development of computer programs and software;Research relating to the development of computer software;Research relating to the production of seeds;Research relating to waste analysis;Research (Scientific -);Research services;Research services relating to computer programmes;Research services relating to computers;Research to develop new products;Retail design services;Road surveying; Safety technological testing services;Safety technology services relating to land vehicles;Safety testing of pressure equipment and installations;Safety testing of pressure vessels;Safety testing of products;Safety testing relating to cranes;Safety testing relating to lifting equipment;Sampling for contamination;Sampling for pollution;Scanning of images;Science and technology services;Scientific advisory services;Scientific analysis;Scientific and industrial research;Scientific and industrial research in particular in the field of electricity;Scientific and technological design;Scientific and technological research in the field of natural disasters;Scientific and technological research relating to patent mapping;Scientific and technological services;Scientific computer programming services;Scientific consultancy;Scientific design services;Scientific investigations for medical purposes;Scientific laboratory services;Scientific research;Scientific research and analysis;Scientific research and development;Scientific research conducted using databases;Scientific research for medical purposes;Scientific research for medical purposes in the area of cancerous diseases;Scientific research in the field of genetics and genetic engineering;Scientific research in the field of pharmacy;Scientific research in the field of social medicine;Scientific research relating to bacteriology;Scientific research relating to biology;Scientific research relating to chemistry;Scientific research relating to

Specification: Information technology support services;
electronic storage of files and documents;
testing, authentication and quality control;
configuring computer hardware using software;
configuration of computer software;
engineering consultancy relating to testing;
it consultancy, advisory and information
services; quality control; quality checking
and testing; inspection of plant and
machinery; technical supervision and
inspection; creation of control programs for
electric operation control and drive modules;
software creation; creation of computer
programmes for data processing; creating,
maintaining, and modernizing computer
software; software design and development;
design and development of computer hardware;
writing of control programs; providing virtual
computer environments through cloud computing;
providing information about the design and
development of computer software, systems and
networks; provision of engineering reports;
providing virtual computer systems through
cloud computing; providing temporary use of
non-downloadable business software; hosting
memory space on the internet; hosting of
computerized data, files, applications and
information; installation, repair and
maintenance of computer software; machine
condition monitoring; monitoring of audio
warning signals; monitoring of
telecommunication signals; technical planning
and technical project management for the
development of lighting equipment; technical
planning and consulting in the field of light
engineering; design of mechanical,
electromechanical and optoelectronic apparatus
and instruments; design of office automation
equipment; design of information systems
relating to management; design of lighting
systems; designing of electronic systems;
design of telecommunications apparatus and
equipment; designing computer software for

controlling self- service terminals; design and development of operating software for accessing and using a cloud computing network; design and development of virtual reality software; design and development of computer software for reading, transmitting and organising data; design services relating to the creation of networks; programming of electronic control systems; programming of operating software for accessing and using a cloud computing network; conducting of quality control tests; design of instruments; computer design research; research in the field of computer hardware; research relating to the computerised automation of technical processes; technical research relating to automatic identification systems; computer software research; research relating to the development of computer hardware; research relating to the development of computer software; technical data analysis services; computer software technical support services; safety technological testing services; technical testing services; expert consultancy services in connection with computing equipment; consultancy and information services relating to the design, programming and maintenance of computer software; expert consultancy services in connection with computing networks; computer systems integration services; electronic data storage and data back-up services; testing services for the certification of quality or standards; it programming services; engineering services for the design of machinery; engineering services relating to the design of communications systems; engineering services relating to the design of electronic systems; technological services relating to computers; development of measuring and testing methods; development of testing methods; development of hardware for multimedia data storing and recalling; development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); product testing; product quality control testing; conformance testing services; software development, programming and implementation; testing, analysis and monitoring of telecommunication signals; cloud computing; consulting in the field of cloud computing networks and applications; rental of operating software for accessing and using a cloud computing network; providing temporary use of on-line non-

downloadable operating software for accessing and using a cloud computing network.
