

香港特別行政區政府知識產權署商標註冊處

Trade Marks Registry, Intellectual Property Department

The Government of the Hong Kong Special Administrative Region

**接納註冊 (全文本)**

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

**ACCEPTANCE FOR REGISTRATION (FULL VERSION)**

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

[730] 註冊申請人的 Mitsui E&S Holdings Co., Ltd.  
姓名／名稱、地址 : 6-4, Tsukiji 5-chome, Chuo-ku, Tokyo 104-8439, JAPAN  
Applicant (s):  
Name, Address:  
[740/ 註冊申請人的送達地址 : Deacons  
750] Applicant's Address for 5th Floor Alexandra House, Central HONG KONG  
Service:  
[511] 類別編號 : 7, 9, 11, 12, 37, 42  
Class (es) No (s).:  
[511] 貨品／服務說明 : Class 7:  
Specification: Metalworking machines and tools; mining machines and apparatus;  
construction machines and apparatus; loading-unloading machines and  
apparatus; industrial fishing machines; chemical processing  
machines and apparatus; printing or bookbinding machines and  
apparatus; machines for manufacturing semi-conductors; non-electric  
prime movers, not for land vehicles; pneumatic or hydraulic  
machines and instruments; waste compacting machines; refuse  
crushing machines; AC (alternating current) motors and DC (direct  
current) motors [not including those for land vehicles but  
including parts for any AC (alternating current) motors and DC  
(direct current) motors]; alternators; DC (direct current)  
generators; wind-powered electricity generators; industrial robots;  
oil refining machines; well drilling machines; oil-well pumping  
machines; waste disposals; robots [machines]; textile machines and  
apparatus; food processing machines and apparatus; beverage  
processing machines and apparatus; lumbering machines and

apparatus; woodworking machines and apparatus; veneer or plywood making machines and apparatus; pulp making machines and apparatus; papermaking machines and apparatus; paper-working machines and apparatus; printing machines and apparatus; sewing machines; agricultural machines and agricultural implements, other than hand-operated; shoe making machines; leather tanning machines; machines for making cigarettes; glassware manufacturing machines and apparatus; painting machines; wrapping machines; power-operated potters' wheels; plastic processing machines; rubber manufacturing machines; stone working machines; adhesive tape dispensing machines; automatic stamping machines; electric washing machines for industrial purposes; food mixing machines for commercial use; food peeling machines for commercial use; dishwashers for industrial purposes; food cutting machines for commercial use; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; repairing or fixing machines and apparatus; mechanical parking systems; vehicle washing machines; shafts, couplings or connectors, machine elements not for land vehicles; bearings [parts of machines]; shaft couplings [machines]; journal boxes [parts of machines]; transmissions for machines; shock absorbers, machine elements not for land vehicles; springs, machine elements not for land vehicles; brakes, machine elements not for land vehicles; valves [parts of machines]; lawnmowers; curtain drawing devices electrically operated; dishwashers for household purposes; electric wax-polishing machines for household purposes; electric washing machines for household purposes; vacuum cleaners for household purposes; electric food blenders for household purposes; starters for motors; starters for engines; brushes being parts of machines; electric arc welding machines; metal cutting machines; electric welding machines; automatic vending machines; fuel dispensing machines for service stations; electric door openers; rocket engines not for land vehicles; rotary converters.

Class 9:

Time recording devices; work hours recording devices; time and date stamping machines; time clocks [time recording devices]; testing apparatus not for medical purposes; computer programmes [programs], recorded; computer programs for searching the contents of computers and computer networks by remote control; electrical communication machines and instruments; electronic components; fire boats; electronic publications, downloadable; blueprinting machines; life saving apparatus and equipment; divers' apparatus, not for sports; automatic adjusting/regulating machines and instruments; magnetic prospecting machines; ozonisers [ozonators]; electrolyzers; egg-candlers; cash registers; calculating machines; data processing apparatus; computers; money counting and sorting machines; photo-copying machines; abacuses; mathematical instruments; punched card office machines; voting machines; apparatus to check stamping mail; mechanisms for coin-operated car parking gates; fire extinguishers; fireplugs; fire hose nozzles; fire hoses; sprinkler systems for fire protection; fire detectors; gas alarms; burglar alarms; protective helmets; railway signals; vehicle breakdown warning triangles; road signs, luminous or mechanical; vehicle driving

simulators for training purposes; sports training simulators; fire engines; glassware for laboratory use; optical glass; laboratory apparatus and instruments; photographic apparatus and instruments; cinematographic apparatus; optical machines and apparatus; power distribution or control machines and apparatus; phase modifiers; electrical cells; electric or magnetic meters and testers; electric conductors; electric buzzers; magnetic cores; resistance wires; electrodes.

Class 11:

Industrial furnaces; nuclear reactors; hot water boilers; air conditioners; water purifying apparatus; waste water treatment tanks; septic tanks; garbage incinerators; drying apparatus and installations; recuperators for chemical processing; steamers for chemical processing; evaporators; distillation apparatus; heat exchangers, other than parts of machines; milk sterilizers; forage drying apparatus; freezing machines and apparatus for industrial purposes; cooking apparatus and installations; industrial dish drying machines; tap water faucets; level controlling valves in tanks; solar water heaters; water closets; prefabricated bathrooms sold as a unit; electric lamps; lighting apparatus; household electrothermic appliances.

Class 12:

Ropeways for cargo or freight handling; car dumpers; car pushers; mine-car pullers; traction engine; non-electric prime movers for land vehicles, not including their parts; mechanical elements for land vehicles; vessels; structural parts for vessels; aircraft; structural parts for aircraft; automobiles; structural parts for automobiles; parachutes; anti-theft alarms for vehicles; railway rolling stock; structural parts for trains; two-wheeled motor vehicles; structural parts for two-wheeled motor vehicles; bicycles; structural parts for bicycles; baby carriages; rickshaws; sleighs [vehicles]; hand trucks; carts; horse drawn carriages; bicycle trailers; adhesive rubber patches for repairing tubes or tires; wheelchairs; cigar lighters for automobiles; mechanical engine parts for land vehicles.

Class 37:

Construction; machinery installation; marine construction; construction consultancy; operation and maintenance of building equipment; scaffolding construction; construction and maintenance services relating to civil engineering; concrete construction; building construction supervision; shipbuilding; repair or maintenance of vessels; ship dismantling; aircraft maintenance or repair; repair or maintenance of automobiles; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of office machines and apparatus; repair or maintenance of boilers; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of medical machines and apparatus; repair or maintenance of firearms; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metalworking machines and tools; repair or maintenance of ceramic processing machines and apparatus; repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of water pollution

control equipment; repair or maintenance of air pollution control equipment; repair or maintenance of water purifying apparatus; repair or maintenance of environmental control equipment; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of nuclear power plants; repair or maintenance of chemical plants; consultancy relating to vehicle repair; repair or maintenance of chemical processing machines and apparatus and providing information relating thereto; repair or maintenance of burners; repair or maintenance of pumps; repair or maintenance of construction machines and apparatus; repair or maintenance of testing machines and instruments; repair or maintenance of fishing machines and instruments; repair or maintenance of storage tanks; rental of mining machines and apparatus; repair or maintenance of telecommunication machines and apparatus; steel structure construction works; repair or maintenance of railway rolling stock; rental of construction machines and apparatus; repair or maintenance of computers; repair of bicycles; repair or maintenance of air conditioners; repair or maintenance of freezing machines and apparatus; repair or maintenance of two-wheeled motor vehicles.

Class 42:

Providing meteorological information; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design of mechanical components; design services in the field of naval shipbuilding; architectural design; design of satellites; computer programming; development of space station; development of satellites; development of rockets; exploration and searching of oil and gas; environmental monitoring services; computer aided information processing services; research on building construction or city planning; testing and research services in the field of preventing pollution; testing and research services in the field of electricity; testing and research services in the field of civil engineering; architectural planning and consultancy services; consultancy and information services relating to information technology architecture and infrastructure; consultancy and information services relating to information technology; consultancy in the field of computer system integration; testing and research services relating to machines, apparatus and instruments; rental of laboratory apparatus and instruments; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; surveying; testing, inspection and research services in the fields of pharmaceuticals, cosmetics and foodstuffs; rental of computers; plant engineering; engineering services in the field of environmental technology; rental of ultrasonic diagnostic apparatus; design services.

 Computer software; computer programs; computer software applications; computer hardware; computers; intercommunication apparatus; computer software and networking equipment, namely, network hardware and software for monitoring and managing machine to machine networks; computer software and networking equipment, namely, network hardware and software for data collection applications; computer software and networking equipment, namely, network hardware and software for monitoring and managing data; computer database management software; computer programs and software for operating machines, apparatus and third party computer systems; software for clearing the settlement of financial assets, managing the title transfer of financial and non-financial assets; electronic signature software for settling securities and financial

and non-financial transactions; computer hardware and computer software for foreign currency settlement; computer software for recording financial data and information to a cryptographic ledger or a shared cryptographic ledger, managing digital identity information and automating legal contracts; computer software for financial payments; computer software for trading in virtual and digital currency; computer software to allow users to perform electronic business transactions via a global computer network; electronic publications, including, newsletters, journals, bulletins, fact sheets, reports, summaries, guidelines, manuals, compilations, brochures, workbooks, and worksheets; computer software for providing financial services; computer software used for receiving and monitoring usage and distribution information from remote sensors and meters; software which allows users to access, organise, store, and analyse data; data management, analytics and reporting software; computer software to enable uploading, downloading, accessing, posting, displaying, editing, tagging, blogging, vlogging, streaming, linking, sharing or otherwise providing electronic media, information or data via computers, mobile devices, electronic devices or communication networks; software for sending and receiving transmission of text, electronic documents, databases, data, graphics, images, audio or visual information via computer, mobile, electronic device or communication networks; computer software for the collection, editing, organising, modifying, transmission, storage and sharing of transmission of text, electronic documents, databases, data, graphics, images, audio or visual information; electronic bulletin boards; messaging systems; application software; application software for collecting, editing, organising, modifying, transmitting, storing and sharing of transmission of text, electronic documents, databases, data, graphics, images, audio or visual information; computer software for use as an application programming interface (API); computer software in the nature of an application programming interface (API) for computer software which facilitates online services for social networking, building social networking applications and for allowing data retrieval, upload, download, access and management; computer software for streaming audio-visual media content via computer, mobile, electronic device or communication networks; computer application software for processing electronic payments to and from others that may be downloaded from a computer, mobile, electronic device or communication networks; application software for social networking services; computer search engine software; computer software for accessing, browsing and searching online databases; computer software for personal information management; data synchronization software; encryption, decryption and authentication software; computer hardware; encoded loyalty cards; electronic keys; electronic key fobs being remote control apparatus; GPS tracking and location devices; network communication apparatus; electronic communication equipment and instruments; gaming software and hardware; virtual and augmented reality apparatus, software and hardware; software and hardware for group gaming; optical apparatus and instruments; telecommunications apparatus and instruments;

global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; apparatus for data storage; programs for consumer video game apparatus; games programs for consumer video game apparatus; computer game software; electronic game software; interactive multimedia software for playing games; media storage programs for consumer video game apparatus; game programs for computers; downloadable image files; electronic publications; downloadable maps; computer software and apparatus for reserving and issuing tickets for events, restaurants, bars, musical concerts and other entertainment and cultural events; computer programmes for interactive television and for interactive games and/or quizzes; computer programs for playing games; computer programs for video and computer games; computer programs for the generation of computer games; computer software that permits games to be played; computer games; computer game software for use with televisions; digital video disc players; games software; money counting and sorting machines; mechanisms for coin-operated apparatus; automated teller machines; cash dispensers; software for online messaging; pre-paid telephone calling cards, magnetically encoded; money counting and sorting machines; counters; meters; software for commerce over a global communications network; information, consultancy and advice in relation to the aforesaid goods.

Class 16:

Printed matter; books; booklets; bookmarks; calendars; stationery; handbooks; paper weights; pencil cases; pencil and pen holders; pens; periodicals; printed publications; writing instruments, writing materials.

Class 25:

Clothing; footwear; headgear.

Class 28:

Apparatus for group gaming; video game apparatus.

Class 35:

Advertising; marketing; publicity; rental of advertising space; publication of publicity texts; rental of advertising time on communication media; production of advertising films; public relations; marketing studies; marketing research; organization of exhibitions for commercial or advertising purposes; auctioneering; online auctioneering services via the Internet; business management assistance; business management and consultancy; business research; business information; providing business information via a web site; computerised file management; computerised stock management; systemisation of information into computer databases; compilation of computer databases; compilation of business directories; compilation of lists of prospective customers; compilation of mailing lists; updating of business information on a computer data base; commercial administration of the licensing of the goods and services of others; cost price analysis; economic forecasting; import-export agencies; online advertising on a computer network; presentation of goods on communication media, for retail purposes; price comparison services; sales promotion for others; sponsorship search; provision of an online marketplace for buyers and sellers of goods and services; promotional sponsorship; market research and

information services; sales promotion services; promoting the goods and services of others via computer, mobile, electronic device or communication networks; sales promotion through customer loyalty programs; promotion services namely facilitating the exchange and sale of services and products of third parties via computer, mobile, electronic device or communication networks; design, creation, preparation, production, and dissemination of advertisements and advertising material for others; media planning services; administration of consumer loyalty programs; arranging and conducting incentive rewards programs to promote the sale of goods and services; providing online marketplaces for sellers of goods and/or services; business services namely providing online facilities for connecting sellers with buyers; online retail services connected with the sale of digital media, namely images, movies, musical and audio-visual works and related merchandise; business networking; providing business, consumer, and commercial information; business services, namely providing computer databases regarding the purchase and sale of a wide variety of products and services of others; arranging and conducting commercial, trade, and business conferences, shows, and exhibitions; loyalty scheme services; loyalty, incentive and bonus program services; market research services regarding Internet usage habits and customer loyalty; promoting the goods and services of others by arranging for sponsors to affiliate their goods and services with awards programs; commercial services namely providing a web site or an application featuring ratings, reviews and recommendations posted by users; electronic commerce services, namely providing information about products via telecommunication networks for advertising and sales purposes; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Class 36:

Financial and monetary services; insurance services; financial transactions; provision of prepaid cards and tokens; valuation services; trading, arranging or electronic transfer of virtual and digital currency; bill payment services; financial services namely providing secure commercial transactions; debit and credit card services; electronic payment services; financial sponsorship; loyalty coupon payment processing services; issuing of tokens of value in relation to customer loyalty schemes; electronic transfer of a virtual currency for use by members of an online community via computer, mobile, electronic device or communication networks; trading and arranging virtual and digital currency; currency exchange pricing and fiscal currency valuation services; determining and providing financial index valuation of foreign, domestic, electronic and crypto currencies; valuation of financial transactions involving foreign, domestic, electronic and crypto currencies; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets; provision of financial advice services, namely via computer, mobile, electronic device or communication networks; provision of

financial services to facilitate electronic commerce via telecommunication systems and data communication systems.

Class 37:

Installation of computer networks; maintenance and repair of computer networks; computer hardware and telecommunication apparatus installation, maintenance and repair; computer maintenance services; computer repair services; installation of computers; repair of computers; computer installation services; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Class 38:

Telecommunication services; providing access to databases; computer aided transmission of messages and images; electronic mail; providing internet chatrooms; providing online forums; rental of telecommunication equipment; Internet service provider services; providing telecommunications connections to a global computer network; transmission of digital files; wireless broadcasting; secure data transmission services; communications by computer terminals and by fibre optic networks; transmission of information by data transmission; data transmission, in particular packet transmission of information and images; multimedia data transmission; electronic and computer messaging and mail; exchange of computerised documents; transfer, transmission and/or reception of data, data documents, messages, images, sounds, voices, text, audio, video, electronic communications and data and information by electronic, computer, cable, radio, electronic mail, communications satellite, microwave link, terrestrial means, cable, wireless or wirelink system or other communications means; peer-to-peer data sharing services, namely, electronic transmission of digital files; providing of access to the uploading or downloading of data; information dissemination services by electronic means; provision of access to search engines; broadcasting and reception of data, signals and information processed by computers or by telecommunications apparatus and instruments; providing access time to databases and computerised database servers; providing of access to multimedia content on electronic communications networks; video messaging services; provision and operation of electronic conferencing, discussion group and chat rooms; secure transmission of text, data, sound, images and moving images, and messages; leasing access time to a computer database server, among other for world-wide (Internet) or private access (intranet) telecommunications networks; rental of access time to global computer networks and other computer networks; television broadcasting; radio broadcasting; broadcasting of information and programmes via radio, television, cable and radio wave, transmission and reception of data, signals and information processed by computers or by telecommunications apparatus and instruments; electronic transmission of invoices; rental services of time access to a computing data base; providing of access to an electronic online network for searching for information; streaming of data; providing telecommunications connections to a global computer network; providing user access to global computer

networks; transmission of digital files; data transmission; electronic data interchange services; transferring information and data via computer networks and the Internet; transferring and disseminating information and data via computer networks and the Internet; provision of communications facilities for the interchange of digital data; provision of access to computer networks and the Internet; electronic transmission of computer programs via the Internet; broadcasting programs via a global computer network; providing global computer network access; providing access to a global computer information network; providing multiple-user access to a global computer information network; data transmission services between networked computer systems; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets; voice over internet protocol (VOIP), video conferencing, and audio conferencing.

Class 39:

Travel information and booking services; delivery of goods; transportation of goods; transportation logistics; distribution of goods; packaging and storage of goods; information about journeys, tariffs, timetables and methods of transport; provision of car parks and car parking services; providing information in the fields of travel; arranging social and collaborative travel; vehicle rental; rental of warehouses; rental of storage systems; rental of electronically controlled machines and apparatus for use for storage and retrieval of goods; rental of robotic cargo handling apparatus; rental of robotic transport apparatus for product selection and handling; rental of cargo boxes and containers; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Class 41:

Entertainment services; cultural activities; education services; training services; providing computer, electronic and online databases in the field of entertainment and cultural activities; publication of electronic journals and web logs featuring user generated or specified content; publishing services, namely publishing of electronic publications for others; creation, production and distribution of entertainment content, namely images, movies, musical and audio-visual works and related merchandise; providing online audio-visual entertainment information via computer, mobile, electronic device or communication networks; providing information via computer, mobile, electronic device or communication networks in the field of entertainment, training or recreation; ticketing services for entertainment, cultural, leisure or educational events; editing or recording of sounds and images; providing computer, electronic and online databases for educational, recreational and amusement use; photosharing and video sharing services; electronic publishing services for others; entertainment services, in particular facilitating interactive and multiplayer and single player game services for games played via computer, mobile, electronic device

or communication network; entertainment services namely sharing computer games; providing information about online computer games and video games via computer, mobile, electronic device or communication network; arranging and conducting competitions and facilitating events for video gamers and computer game players; providing online educational and training material for software developers; publication of educational materials, in particular, publishing of books, journals, newsletters, and electronic publications; educational, cultural and entertainment services, in particular, organising and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the Internet and social media, and distribution of course material in connection therewith; online publication of electronic journals, in particular blogs and vlogs featuring user-defined or user-generated content; entertainment services, including providing virtual reality games, interactive entertainment and virtual reality content; providing computer game services for use by network users; providing online augmented reality games; entertainment services, including providing online video games; organising exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes; arranging and conducting educational conferences; organising exhibitions and events in the field of software development for educational and entertainment purposes; organizing and conducting conferences and seminars in the fields of artificial intelligence and the internet of things; sports and sports training; keep-fit instruction; education relating to cooking, keep-fit instruction, health and hygiene, publication of magazines in electronic form, education information, entertainment information, organisation of competitions for entertainment purposes providing online computer games; providing digital music [not downloadable] for the internet; selection and compilation of pre-recorded music for broadcasting by others; providing digital music (not downloadable) from the internet; providing digital music (not downloadable) from MP3 Internet web sites; music production; music production services; providing online information and news in the field of employment training; provision of information relating to entertainment online from a computer database of the Internet; gaming services; casino, gaming and gambling services; organising of games; organisation of games and competitions; games services provided online from a computer network; rental of video games; electronic game services provided by means of the Internet; providing online games services (on computer networks); electronic online publication of periodicals and books; online publishing of electronic books and periodicals; providing interactive multi-player computer games via the Internet and electronic communication networks; providing information online relating to computer games and computer enhancements for games; electronic library services for the supply of electronic information (including archive information) in the form of electronic texts, audio and/or video information and data, games and amusements; publication of online publications; publishing of computer game software and video games software;

publishing of online journals, namely, blogs and vlogs in the field of travel; publishing of online journals, namely, blogs and vlogs in the field of food and drink and temporary accommodation; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Class 42:

Cloud computing; computer programming; computer software design; computer system analysis; computer system design; computer software consultancy; computer technology consultancy; consultancy in the design and development of computer hardware; writing, design and development of computer software; monitoring of network systems (for others); computer network services; computer network configuration services; development of computer networks; development, design, management and maintenance of websites; website search engine services; creating, managing, developing, designing, maintaining and hosting of websites; computer services namely providing customised online web pages featuring user-defined information; computer services namely providing a commercial platform for the dispatch, promotion, sale and resale of items via a global computer network; development, design, management and maintenance of mobile apps; development, design, management and maintenance of computer software for logistics, supply chain management and e-business portals; development, design, management and maintenance of computer software for delivery route optimisation, vehicle tracking, industrial automation and robotics; database development services; computer programming services; leasing, hire and rental of computer software and computer programs; electronic data storage; graphic design services; remote monitoring of computer systems and computer networks; updating of computer software; scientific and technological services and research and design relating thereto; industrial analysis and research services; software research, research projects and studies; technical research, research projects and studies; preparation, updating, maintenance and rental of computers, computer programmes and software; preparation, design, installation, updating, maintenance and rental of computer programs and software for operating machines, apparatus and third party computer systems; rental of computers and computer peripherals; electronic data storage; information technology [IT] consultancy; providing information on computer technology and programming via a web site; installation of computer software; maintenance of computer software; research and development of new products for others; scientific research; technical research; technical project studies; telecommunications technology consultancy; updating of computer software; software as a service (SaaS) services; computer services for others, namely, implementing and operating computer networks comprised of computer hardware and software for securing, monitoring and managing machine to machine networks; technical support, namely, monitoring of network systems and troubleshooting in the nature of diagnosing computer hardware and software problems; design and development of computer systems for the collection, storage and transmission of data; software as a service

(SaaS) services, namely, hosting software for use by others for securing, monitoring and managing machine to machine networks; software as a service (SaaS) services, namely, hosting software for use by others for receiving and transmitting information; computer services, namely creating virtual communities to organise groups and events, participate in discussions, and engage in social, business and community networking; computers, mobile devices or electronic devices; providing an online computer network service that enables users to transfer data and share data among multiple online facilities; providing online computer services, applications and platforms featuring technology that enables online users to create personal profiles featuring social and business networking information and to transfer and share such information among multiple online facilities; providing computer information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, images and audio or visual information, on computers, mobile devices, electronic devices or communication networks; providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of text, electronic documents, databases, data, graphics, images, audio or visual information; computer services in the nature of customised online feeds or pages featuring user-defined or specified information, personal profiles, audio, video, images, text, graphics and data; encryption, decryption and authentication of text, electronic documents, databases, data, graphics, images, audio or visual information; computer services, namely providing search engines for obtaining data on computers, mobile electronic devices or communication networks; providing online computer services, applications and platforms that give users the ability to upload, modify and share audio, text, electronic documents, databases, data, graphics, images, audio or visual information; providing online computer services, applications and platforms featuring technology that allows users to manage their photograph and social networking accounts; providing use of online temporary non-downloadable software for modifying the appearance and enabling transmission of text, electronic documents, databases, data, graphics, images, audio or visual information; file sharing services, namely providing a website, or an app or platform featuring technology enabling users to upload and download electronic files; hosting online web service or an app or platform for others for managing and sharing online content; software as a service [SaaS] for clearing the settlement of financial assets and transactions, managing the title transfer of financial and non-financial assets; software as a service [SaaS] for recording financial and non-financial data and information to a cryptographic ledger or shared cryptographic ledger, managing digital identity information and automating legal contracts; hosting software for use by others for clearing the settlement of financial assets and transactions; hosting a website to view and access financial news, data and information related to foreign, domestic, electronic and crypto currencies; computer programming, research, design and development of interactive computer software

and computer hardware for providing financial services, currency valuation services and electronic and crypto currencies, providing currency exchange rates for foreign, domestic, electronic and crypto currencies; information, consultancy and advice in relation to the aforesaid services; computer services namely provision of an internet platform for electronic commerce; platform as a service (PaaS) services; providing an online non downloadable, web-based and cloud-based software platform; providing an online non-downloadable, web-based, and cloud-based connected software platform that facilitates the provision of information, peer-to-peer interaction and transactions; web site design consultancy; preparation of data processing programmes; digitisation of documents; provision of search engines for the Internet; constructing an internet platform for electronic commerce; provision of scientific information; server hosting; hosting services and software as a service (SaaS) and rental of software; providing temporary use of non-downloadable software application programs; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets; computer services, namely, hosting electronic facilities for others for organising and conducting meetings, events and interactive discussions via communication networks, computers, mobile devices or electronic devices; application service provider (ASP) services featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, vlogging, linking, modifying, sharing or otherwise providing electronic media, photos or information over communication networks, computers, mobile devices or electronic devices; providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple websites; computer services in the nature of customized web pages featuring user-defined or specified information, personal profiles, audio, video, photographic images, text, graphics and data; providing technical information regarding computer software, computer programming and web page design from searchable indexes and databases of information, including text, electronic documents, databases, graphics and audio visual information, on computer and communication networks.

Class 43:

Temporary accommodation; provision of food and drink; making reservations for restaurant and hotels and temporary accommodation; providing information in the fields of food and drink and temporary accommodation; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Class 44:

Healthcare and medical services; healthcare, medical and personal well-being monitoring, consultancy, information and advisory services; medical aid and medical assistance services; emergency monitoring and assistance services in the medical and healthcare areas; pharmacy information and advisory services; veterinary and

pet care information and advisory services; beauty consultancy, information and advisory services; garden design and gardening information and advisory services; information and advice relating to nutrition; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Class 45:

Introduction and social networking services; online social networking services accessible by means of downloadable mobile applications or computer networks; computer software licensing; licensing of software; film, television, music, image and video licensing; identity verification; authentication services; leasing reproduction rights of photographs and transparencies to others; licensing of computer game software, computer software and computer programs; online social networking services; providing a website on the internet for the purpose of social networking; internet-based social networking services; providing information regarding, and in the nature of, social networking services, online social networking services designed for people with a common desire to meet other people with similar interests; providing online computer databases and online searchable databases in the field of social networking online social networking services, namely, facilitating social introductions or interactions among individuals, online social networking services, online social networking services in the field of entertainment, social networking services in the field of entertainment provided via a website and communications networks; providing online computer databases and online searchable databases in the field of social networking computer services, namely, creating virtual communities for registered users to organise groups and events, participate in discussions, and engage in social, business and community networking; information, advisory and consultancy services relating to the aforesaid services including the provision of such services online from a computer database or via the Internet or extranets.

Specification:

Class 9:

Programs for consumer video game apparatus; Electronic circuits, magnetic discs, optical discs, optical magnetic discs, magnetic tapes, ROM cards, ROM cartridges, CD-ROMs, DVD-ROMs and memory cards storing programs for consumer video game apparatus; Storage media storing programs for consumer video game apparatus; Programs for handheld game apparatus with liquid crystal displays; Electronic circuits, magnetic discs, optical discs, optical magnetic discs, magnetic tapes, ROM cards, ROM cartridges, CD-ROMs, DVD-ROMs and memory cards storing programs for handheld game apparatus with liquid crystal displays; Storage media storing programs for handheld game apparatus with liquid crystal displays; Programs for arcade video game machines; Electronic circuits, magnetic discs, optical discs, optical magnetic discs, magnetic tapes, ROM cards, ROM cartridges, CD-ROMs, DVD-ROMs and memory cards storing programs for arcade video game machines; Storage media storing programs for arcade video game machines; Downloadable computer programs; Game programs for computer; Computer programs; Electronic circuits, magnetic discs, optical discs, optical magnetic discs, magnetic tapes, ROM cards, ROM cartridges, CD-ROMs, DVD-ROMs and storage media storing programs for computers; Portable computers; Computers; Monitors for computer; Portable terminals for displaying electronic publications; Keyboards for computers; Stylus pens for computers; Electronic machines, apparatus and their parts; Flash memory cards; Memory modules; Optical discs [blank], magnetic discs [blank], compact discs [blank], and magnetic cards [blank]; Game programs for cellular phones; Cellular phones; Cellular phone straps; Parts and accessories for cellular phones; Digital cameras;

Video cameras; DVD players; DVD recorders; Audio players; Audio recorders; Portable apparatus for recording and reproduction of music; Portable apparatus for recording and reproduction of video; Apparatus for recording and reproduction of video; Monitors for television receiver; Television receivers [TV sets] and television transmitters; Television tuners; Telecommunication machines and apparatus; Pedometers; Measuring or testing machines and instruments; Batteries and cells; Rechargeable batteries; Downloadable or installable programs and additional data for consumer video game apparatus; Downloadable or installable programs and additional data for arcade video game machines; Downloadable or installable programs and additional data for handheld game apparatus with liquid crystal displays; Downloadable or installable programs and additional data for computers; Metronomes; Electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; Recorded compact discs; Phonograph records; Downloadable music files; Exposed cinematographic films; Exposed slide films; Slide film mounts; Downloadable image files; Recorded video discs and video tapes; Electronic publications; Photographic machines and apparatus; Cinematographic machines and apparatus; Optical machines and apparatus; screen saver programs; floppy disks; semiconductor memories; magnetic disk recording and reproducing apparatus; optical disk recording and reproducing apparatus; battery adapters; disk drives; programming apparatus and display apparatus, all for use with computers; programs for amusement apparatus and pinball machines, all being coin-operated or counter-operated and programs for the aforesaid game sets, games, machines and apparatus, all recorded on memory cartridges, magnetic tapes, magnetic disks, optical disks, optical-magnetic disks, integrated circuit cards, microchips, electronic circuits and cassettes for use therewith; facsimile transmission apparatus; voice frequency transmission apparatus; sound and video records, compact discs, mini discs; sound and video recording and reproducing apparatus and instruments; parts and fittings for all the aforesaid goods; AC adapters for consumer video game apparatus; Rechargeable batteries for controllers for consumer video game apparatus; AC adapters for handheld game apparatus with liquid crystal displays; Rechargeable batteries for handheld game apparatus with liquid crystal displays; all included in Class 9.

Class 16:

Printed-matter, magazines, newspaper, books, catalogues, pamphlets; paper; paper containers; stationery; labels; calligraphy books and paintings; hygienic napkins of paper; table clothes of paper; towels of paper; paper napkins; flags of paper; handkerchiefs of paper; photographs; garbage bags of paper and of plastic; pastes and adhesives for office and household purposes; duplicators; punches (office requisites) for marking; household film for wrapping foodstuffs; patterns for dressmaking and/or patterns for making clothes; tailors' chalk; paper crafts materials; photograph stands; addressing machines; printers' reglets; inking ribbons for printers; printers' type; electric staplers for office use; obliterating stamps; drawing instruments and/or drawing materials;

painters' brushes; typewriters; paper shredders for office use; sealing wax; franking machines for office use; rotary duplicators; parts and fittings for the aforesaid goods; all included in Class 16.

Class 24:

Woven fabrics; knitted fabrics; felt and non-woven textile fabrics; oilcloth; gummed waterproof cloth; vinyl coated cloth; rubberized cloth; filtering materials of textile; personal articles of woven textile [not for wear]; table napkins of textile; dish cloths; mosquito nets; bedsheets; quilts; futon and quilts cases [linen]; futon ticks [unstuffed futon]; pillowcases [pillow slips]; blankets; seat covers of textile; wall hangings of textile; curtains; shower curtains; table cloths [not of paper]; draperies [thick drop curtains]; toilet seat covers of textile; shrouds [sheets for wrapping corpses]; shrouds for dressing a corpse for funeral [Kyokatabira kimono]; Japanese cloth screens with black-and-white stripes [Kuroshiro-maku]; Japanese cloth screens with red-and-white stripes [Kohaku-maku]; labels of cloth; billiard cloth [baize]; banners and flags [not of paper]; all included in Class 24.

Class 25:

Clothing, outerwear, innerwear, coats, sweaters, shirts, underwear and/or underclothing, nightwear, swimsuits (bath suits), and bathing caps; socks and stockings; gloves; neckties; mufflers; hats and caps; braces (suspenders), waistbands; belts; footwear; shoes, boots, inner soles, and sandals; sportswear and footwear for sports, clothing and footwear for gymnastics; all included in Class 25.

Class 28:

Consumer video game apparatus; Controllers and joysticks for consumer video game apparatus; Protective films for liquid crystal displays for controllers for consumer video game apparatus; Keyboards for controllers for consumer video game apparatus; Stylus pens for controllers for consumer video game apparatus; Earphones for consumer video game apparatus; Microphones for consumer video game apparatus; Monitors for consumer video game apparatus; Charging stands for controllers for consumer video game apparatus; Protective cases for controllers for consumer video game apparatus; Storage cases for controllers for consumer video game apparatus; Parts and accessories for consumer video game apparatus; Arcade video game machines; Controllers and joysticks for arcade video game machines; Monitors for arcade video game machines; Parts and accessories for arcade video game machines; Card game toys and their accessories; Handheld game apparatus with liquid crystal displays; Controllers and joysticks for handheld game apparatus with liquid crystal displays; Protective films for liquid crystal displays for handheld game apparatus with liquid crystal displays; Keyboards for handheld game apparatus with liquid crystal displays; Earphones for handheld game apparatus with liquid crystal displays; Microphones for handheld game apparatus with liquid crystal displays; Monitors for handheld game apparatus with liquid crystal displays; Charging stands for handheld game apparatus with liquid crystal displays; Stylus pens for handheld game apparatus with

liquid crystal displays; Protective cases for handheld game apparatus with liquid crystal displays; Storage cases for handheld game apparatus with liquid crystal displays; Parts and accessories for handheld game apparatus with liquid crystal displays; Toys; Amusement machines and apparatus for use in amusement parks (other than arcade video game machines); Toys for domestic pets; Dolls; Go games; Japanese playing cards [Utagaruta]; Japanese chess [Shogi games]; Card games and their accessories; Dice; Japanese dice games [Sugoroku]; Dice cups; Chinese checkers; Chess games; Checkers [checker sets]; Conjuring apparatus; Dominoes; Playing cards; Japanese playing cards [Hanafuda]; Mah-jong; Game machines and apparatus; Billiard equipment; Sports equipment; Fishing tackle; video game machines; self-contained electronic tabletop game apparatus having a cathode ray tube display or a liquid crystal display apparatus; controllers and joy sticks for the aforesaid goods; amusement apparatus and pinball machines, all being coin-operated or counter-operated; toys and dolls incorporating a key holder; parts and fittings for all the aforesaid goods; all included in Class 28.

Class 30:

Coffee; cocoa; coffee beans; tea; sugar (honey malt syrup); sandwiches; pizzas; boxed lunches consisting of rice, with added meat, fish or vegetables; confectionery; bread and buns; curry mixes; all included in Class 30.

[511] 貨品／服務說明 :

Class 9:

Specification:

Computer application software for mobile phones, portable electronic devices, computers and the Internet, namely, software for viewing, editing, managing, capturing, reporting, flight logs, accounts and personnel relating to flight department activity, flight scheduling information, operational data analytics, flight tracking information, aircraft maintenance tracking, flight department financial data, and communication services connectivity; computer software applications (downloadable) and web-based platforms to view automated data capturing aircraft performance information; computer software applications for flight operations and aircraft scheduling; computer hardware, namely, wireless access point (WAP) devices and routers for communicating with computer and telecommunications users onboard aircraft for transmitting voice and data between the aircraft and the ground or onboard other aircraft; computer network management products, including adapters, switches, routers and hubs; computer software for use in receipt, organization, and retransmission to third parties of aircraft information in the field of aviation; data compression software; downloadable mobile applications for mapping and displaying of real time in-flight aircraft status; gateway routers; interoperable communication system designed to provide radio, streaming video, wireless Internet, and VOIP (voice over internet protocol) phone; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for collection and

management of data; network routers; software for codecs, namely, used for converting between analog audio signals and digital audio signals, and for transmitting and receiving digital audio signals; telecommunications equipment; telephone call routers; USB (universal serial bus) hardware for the maintenance and repair of aeronautical telecommunications networking hardware, apparatus, and instruments; wireless communication devices for voice, data or image transmission via aeronautical communications networks; wireless routers.

Class 35:

Business management of telecommunications networks for other carriers.

Class 38:

Communication services, namely, transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; providing multiple user dial-up and dedicated access to the Internet; providing multiple user wireless access to the Internet; satellite communication services; telecommunications services for providing multiple-user access to a global computer network; voice over Internet protocol (VOIP) services; wireless PBX (private branch exchange) services.

Class 41:

Training services in connection with communication networks, business aviation, flight operations, flight scheduling, flight logs and operational data analytics; providing workshops, webinars and examination preparation services in connection with communication networks, business aviation, flight operations, flight scheduling, flight logs and operational data analytics.

Class 42:

Computer network configuration services; computer security service for restricting access to and by computer networks to and of undesired web sites, electronic media and individuals and computer facilities; digital compression of computer data; computer services for providing a web site that enables users to view flight logs, flight scheduling information, operational data analytics, flight tracking information, aircraft maintenance tracking information, flight department's financial data, and communication services connectivity information; providing temporary use of on-line non-downloadable cloud computing software for improving performance of any Internet based traffic; providing temporary use of on-line non-downloadable software for use in the collection, organization, and retransmission of aircraft information to third parties; satellite telecommunications technology service that enhances efficient use of bandwidth on a satellite transponder.

[511] 貨品／服務說明 : Class 9:  
Specification: Computer hardware; Software for social networking and interacting with online communities; Computer software development tools; Software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Software for creating, managing, and interacting with an online community; Software for organizing events, searching for events, calendaring and managing events; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; Software for modifying and enabling transmission of images, audio, audio visual and video content and data; Software for modifying photographs, images and audio, video, and audio-visual content with photographic

filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via a global computer and communication networks; Software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; Software for use in creating, managing, measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Computer peripheral devices; Virtual reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality experiences; Electronic game software for wireless devices; Electronic game software for handheld electronic devices; Electronic game software; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; Interactive multimedia computer game programs; Downloadable electronic game programs; Computer game software; Headsets for use with computers; Laser equipment for non-medical purposes; Computer peripherals; Software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; Software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Software for converting natural language into machine-executable commands; Software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; Personal assistant software; Social assistant software; Software development tools to enable mobile software applications to access backend services, namely, data storage, push notifications, and user management; Software for mapping services; Software for planning activities with other users and making recommendations; Software for social and destination mapping; Software for making reservations and bookings; Software for ordering and/or purchasing goods and services; Location-aware software for searching, determining and sharing locations; Software for wireless content, data and information delivery; Software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; Software, namely, an application providing social networking functionalities; Software

for creating, managing and accessing groups within virtual communities; Software for location-based searching and alerts; Software for searching and identifying employment opportunities; Software for identifying and allowing users to contact government representatives; Software providing a virtual marketplace; Software providing location-based weather information; Software providing, linking to, or streaming news or current events information; Parental control software; Software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Software in the nature of a mobile application for creating, sharing, disseminating and posting advertising; Software for geo-location based advertising and product and service promotion; Application programming interface (API) software for allowing data retrieval, upload, access and management; Software for viewing and interacting with a feed of images, audio-visual and video content, and associated text and data; Downloadable computer software for finding content and content publishers, and for subscribing to content; Software for organizing images, video, and audio-visual content using metadata tags; Software for creating and managing social media profiles and user accounts; Software for uploading, downloading, streaming, archiving, transmitting, and sharing images, audio-visual and video content and associated text and data; Interactive photo and video equipment, namely, kiosks for capturing, uploading, editing, printing and sharing digital images and video; Software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; Software for advertisers to communicate and interact with online communities; Software for streaming multimedia entertainment content; Application programming interface (API) for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Software for organizing events; Computer software, downloadable computer software and mobile application software for use in taking and editing photographs and recording and editing videos; Virtual reality computer hardware; Virtual reality game computer hardware; Virtual reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality experiences; Computer game software for home video game consoles; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones, namely, configurable head-mounted displays; Headsets for use with video game consoles; Computer software; Augmented reality computer hardware; Virtual reality headsets; Augmented reality headsets; Virtual reality glasses; Augmented reality glasses; Virtual reality software for navigating a virtual reality environment; Augmented reality software for navigating an augmented reality environment; Augmented reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide augmented reality experiences; Headsets for virtual reality games; Headsets for augmented reality games; Handheld virtual reality controllers; Handheld augmented reality controllers; Video and computer game programs; Interactive

entertainment software; Gesture recognition software; Motion tracking sensors for virtual reality technology; Motion tracking sensors for augmented reality technology; Computer software for controlling the operation of audio and video devices; Digital media streaming devices; Earphones; Headphones; Video display software; Video display hardware, namely, video drivers for video eyewear; Software for navigating a virtual reality environment; Software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; Virtual reality software for object tracking, motion control and content visualization; Augmented reality software for object tracking, motion control and content visualization; Virtual reality software for users to experience virtual reality visualization, manipulation and immersion; Augmented reality software for users to experience augmented reality visualization, manipulation and immersion; Virtual reality software for operating virtual reality headsets; Augmented reality software for operating augmented reality headsets; Virtual reality software for interactive entertainment; Augmented reality software for interactive entertainment; Headsets; Software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; Wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality and augmented reality world experiences; Goggles for enabling virtual reality, augmented reality world experiences; Software for use in creating and designing virtual reality and augmented reality software; Application programming interface (API) for computer software for developing virtual reality and augmented reality experiences; Software and firmware for operating system programs; Computer operating systems; Software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented and virtual reality experiences; Software, firmware and hardware for use in visual, voice, audio, motion, eye and gesture tracking and recognition; Computer hardware and software for operating sensor devices; Electronic sensor devices, cameras, projectors, and microphones for gesture, facial, and voice detection, capture and recognition; Computer hardware and software for detecting objects, user gestures and commands; Software and firmware for controlling, configuring and managing controllers; Software and firmware for enabling electronic devices to share data and communicate with each other; Computer operating system software; Software driver programs for electronic devices for enabling computer hardware and electronic devices to communicate with each other; Cameras; Batteries; Battery chargers; Battery cases; Battery packs; Power charging and power management devices for mobile electronic devices; Charging docks; Charging stands for mobile electronic devices; Base chargers for mobile electronic devices; Power packs (batteries); External chargers; Wireless charging cases; Rechargeable electric battery devices, namely, rechargeable batteries and portable power supplies; Rechargeable external battery packs for use with mobile

electronic devices; Chargers for batteries; Power adapters; Electrical adapters; Electrical and electronic connectors; Power adapters; Bags and cases specially adapted for mobile electronic devices; Briefcases, backpacks and carrying cases for mobile electronic devices; Cases for mobile electronic devices; Faceplates; Protective covers and cases for mobile electronic devices; Protective sleeves for mobile electronic devices; Holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; Wall mounts for mounting mobile electronic devices; Stands for mobile electronic devices; Holders for mobile electronic devices; Remote controls for mobile electronic devices; Electrical audio and speaker cables and connectors; Audio speakers; Docking stations for mobile electronic devices; Loudspeakers; Electronic cables parts and fittings; Electric cables; Connection cables; Cables for optical signal transmission; Power cables and cable connectors; Microphones; Audio receivers; Audio transmitters; Wireless computer peripherals; Head-mounted video display; Receivers of electronic signals; Video receivers; Wireless transmitters and receivers for reproduction of sound and signals; Electric sensors; Sensors for monitoring physical movements; Software for sending and receiving electronic messages, graphics, images, audio and audio visual content via the internet and communication networks; Software in the nature of a mobile application; SIM cards; Software for processing images, graphics, audio, video, and text; Software, namely, instant messaging software, file sharing software, communications software for electronically exchanging data, audio, video images and graphics via computer, mobile, wireless, and communication networks; Software for personal information management, and data synchronization software; Software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; Software for displaying and sharing a user's location and finding, locating, and interacting with other users and places; Software for use in customer relationship management (CRM); Software for providing consumer information; Messaging software; Software for facilitating and arranging for the financing and distribution of fundraising and donations; Software for online charitable fundraising services and financial donation services; Software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; Telecommunications equipment for providing third party access to, and enabling the transmission of video, data and voice over, global communications networks, namely, mobile and access computer and mobile telephone terminals, base transceiver stations and wireless radio parts thereof, data transceivers, data repeaters, routers and switches, transmission circuits, integrated circuits, computer hardware, mobile cloud clients and servers, multiplexers, digital signal processors, radio frequency signal processors, mobile switching circuits, air traffic electrical controllers, mobility electrical controllers, access electrical controllers, remote port

electrical controllers, radio ports, antennas, electronic radio components, software for telecommunications applications, and mobile core networks comprising data transceivers, wireless networks and gateways for collection, transmission and management of data, voice and video; Communication software and communication computer hardware for providing access to the Internet

Class 35:

Marketing, advertising and promotion services; Provision of market research and information services; Promoting the goods and services of others via computer and communication networks; Business and advertising services, namely, media planning and media buying for others; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; Consulting services in the fields of advertising and marketing; Facilitating the exchange and sale of services and products of third parties via computer and communication networks; Online retail store services featuring a wide variety of consumer goods of others, gift cards, and delivery of digital media, virtual reality headsets, and virtual reality content and data; Providing online marketplaces for sellers of goods and/or services; Providing online facilities for connecting sellers with buyers; Business networking; Employment and recruiting services; Advertising and information distribution services, in particular, providing classified advertising space via the global computer network; Providing online computer databases and online searchable databases in the field of classifieds; Pre-paid gift card services, in particular, issuing gift card certificates that may be redeemed for goods or services; Charitable services, in particular promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Promotional services through providing contest and incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Organizing exhibitions and events in the field of software and hardware development for commercial or advertising purposes; Association services that promote the interests of professionals and businesses in the field of mobile software application development; Online advertising and promoting the goods and services of others via the internet; Marketing and advertising consultation services; Market research services; Advertising, marketing and promoting the goods and services of others by means of providing photo and video equipment at special events; Providing online facilities for live streaming video of promotional events; Arranging and conducting special events for commercial, promotional or advertising purposes; Advertising via electronic media; Organizing, promoting and conducting exhibitions, tradeshow and events for business purposes; Organizing and conducting events, exhibitions, expositions and conferences for commercial purposes in the

interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; Online retail store services featuring virtual reality and augmented reality headsets, games, content and digital media; Electronic catalog services; Customer relationship management; Business assistance and consulting services; Providing online facilities featuring user comments concerning business organizations, service providers, and other resources; Advertising services; Dissemination of advertising for others via a global computer network; Advertising services, namely, advertising campaign management, targeting, implementation and optimization services; Marketing research, namely, advertising campaign and consumer preferences research and analysis; Promoting the goods and services of others by means of distributing video advertising on the internet; Advertising services, namely, scheduling, tracking, and reporting advertising for others; Preparation and realization of media and advertising plans and concepts; Ad serving, namely, placing advertisements on websites for others; Advertising services, namely, targeting and optimization of online advertising; Business information management, namely, reporting of business information and business analytics in the fields of advertising and marketing; Business management; Business administration, office functions; Business consultation regarding marketing activities; Media planning and media buying services; Brand consulting; Design of advertising materials for others; Providing online business directories featuring restaurants, bars, movie theaters, dance clubs, museums, art galleries, and other cultural and social spaces; Promoting the public interest and awareness of issues involving access to the internet for the global population; Business consultation in the field of telecommunications; Business management consulting services to enable business entities, non-governmental organizations and non-profit organizations to develop, organize, and administer programs to offer greater access to global communications networks

Class 36:

Financial transaction processing services, namely, providing secure commercial transactions and payment options; Electronic processing and transmission of bill payment data for users of the internet and communication networks; Electronic funds transfer services; Credit card, debit card, and gift card transaction processing services; Merchant services, namely, payment transaction processing services; Providing electronic mobile payment services for others; Financial services; Payment processing services; Financial transaction services; Facilitating and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and financial donation services

Class 38:

Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; Telecommunications; Providing access to computer, electronic and online databases; Telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information;

Providing online forums for communication on topics of general interest; Providing online communications links which transfer mobile device and internet users to other local and global online locations; Facilitating access to third party websites or to other electronic third party content via a universal login; Providing online chat rooms, instant messaging services, and electronic bulletin boards; Audio, text and video broadcasting services over the internet or other communications networks; Voice over internet protocol (VOIP) services; Telephony communication services; Providing access to computer databases in the fields of social networking and social introduction and dating; Peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; Telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Chatroom services for social networking; Streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; Telecommunications services, namely, electronic transmission of virtual reality content and data; Providing electronic bulletin boards for transmission of messages among users in the field of general interest; Video conferencing services; Providing technical support services regarding the usage of communications equipment; Providing facilities and equipment for video conferencing; Teleconferencing; Providing an online community forum for users to share and stream information, audio, video, real-time news, entertainment content, or information, to form virtual communities, and to engage in social networking; Telecommunication services, namely, data transmission and reception services via telecommunication networks; Mobile phone communication services; Web messaging; Video teleconferencing; Instant messaging services; Electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunications networks; Encrypted electronic transmission and delivery of recovered data; Provision of access to telecommunication networks and the internet; Internet Connectivity; Information about telecommunication; Consulting in the field of telecommunication services, namely, transmission of voice, data, and documents via telecommunications networks; Providing telephone directory information via global communications networks

Class 41:

Entertainment services; Providing access to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; Photosharing and video sharing services; Electronic publishing services for others; Entertainment services, namely, facilitating interactive and multiplayer and single player game services for games played via the internet or communication networks; Providing information about online computer games and video games via computer or communication networks; Arranging and conducting competitions and facilitating events for video gamers and computer game players; Providing online resources for software

developers in the fields of education and entertainment; Contest and incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Organizing and sponsoring contest and incentive award programs for software developers; Publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; Educational services, in particular, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Online journals, namely, weblogs (blogs) featuring user-defined content; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; Providing a computer game for use network-wide by network users; Providing online virtual reality games; Providing online augmented reality games; Providing online mixed reality games; Entertainment services, namely, providing online video games; Organizing exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes; Arranging and conducting educational conferences; Organizing exhibitions and events in the field of software development for educational purposes; Educational services, namely, organizing and conducting conferences and seminars in the fields of artificial intelligence and the internet of things; Training in the field of design, advertising and communication technologies; Training in the field of strategic media planning relating to advertising, marketing and business; Online journals, namely, blogs featuring advertising, marketing and business; Providing computer, electronic and online databases in the field of entertainment; Publishing services, namely, publishing of electronic publications for others; Rental of photography and/or videography kiosks for capturing, uploading, editing and sharing of pictures and videos; Entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; Organizing live exhibitions and conferences in the fields of culture, entertainment and social networking for non-business and non-commercial purposes; Providing online games; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; Entertainment services, namely, arranging and conducting of competitions for encouraging use and development of

interactive entertainment, virtual reality, augmented reality, consumer electronics, and video game entertainment software and hardware; Organizing exhibitions and events for cultural, educational, or entertainment purposes; Production of video and computer game software; Virtual reality arcade services; Augmented reality arcade services; Virtual reality game services provided online from a computer network; Augmented reality game services provided online from a computer network; Providing online computer games and interactive games; Augmented reality video production; Virtual reality video production; Production of video and computer game software; Providing online game software; Entertainment services, namely, providing interactive games; Multimedia entertainment software production services; Multimedia production services; Entertainment services in the nature of development, creation, production and post-production services of multimedia entertainment content; Entertainment services, namely, providing augmented reality games and interactive entertainment content; Entertainment services, namely, providing online virtual reality environments; Entertainment services, namely, providing online augmented reality environments; Providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing information about online computer games and video games via computer or communication networks; Arranging and conducting competitions and facilitating events for video gamers and computer game players; Organizing exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes arranging and conducting educational conferences organizing exhibitions and events in the field of software development for educational purposes; Providing a website featuring non-downloadable publications about virtual reality technology; Providing a website featuring non-downloadable publications about augmented reality technology; Education; Providing of training; Sporting and cultural activities; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works; Providing computer, electronic and online databases for educational, recreational and amusement use in the field of entertainment and in the fields of secondary, collegiate, social and community interest groups

Class 42:

Design and development of computer hardware and software; Computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, in particular, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer services in the nature of

customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities to engage in social networking, and to manage their social networking accounts; Providing software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Application service provider featuring application programming interface (API) software for managing, tracking, reporting and measuring media planning, media buying and advertising of others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Application service provider (ASP) featuring software for use in designing and managing online advertising and marketing campaigns; Designing and developing computer game software and video game software for use with computers, video game program systems and computer networks; Development of hardware for use in connection with electronic and

interactive multimedia games; Electronic and interactive multimedia game development services; Providing online sites that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing online sites that gives users the ability to upload, modify and share augmented reality content, information, experiences and data; Providing online sites that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Design, engineering, research, development and testing services in the field of mobile application software development related to the use and functionality of hyperlinks; Technical consultation in the field of mobile application software development related to the use and functionality of hyperlinks; Providing software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business transactions via the internet; Providing software for processing electronic payments; Platform as a service (PAAS) services featuring computer software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Platform as a service (PAAS) featuring computer software platforms for electronic messaging and transmission of audio, video, photographic images, text, graphics and data; Providing software for electronic messaging; Mapping services; Providing software for mapping services; Application service provider (ASP) featuring software for mapping services; Providing software for sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Providing software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Providing software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing location-aware software for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Providing software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing software for searching and

identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing software for searching and identifying employment opportunities; Providing software for identifying and allowing users to contact government representatives; Providing software for providing a virtual marketplace; Providing software for providing location-based weather information; Providing software for providing, linking to, or streaming news or current events information; Providing software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Providing online sites that gives users the ability to upload, modify and share virtual reality content and data; Providing online sites that gives users the ability to upload, modify and share augmented reality content and data; Providing online sites that gives users the ability to upload, modify and share mixed reality content and data; Online video ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online video advertising to purchase and sell video advertising inventory; Platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; Application service provider (ASP) featuring software for use in buying, selling, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Application service provider (ASP) featuring software for use in designing and managing online video advertising and marketing campaigns; Providing online facilities that give users the ability to engage in social networking and manage their social networking content; Providing software for creating and managing social media profiles and user accounts; Providing software for modifying photographs, images and audio, video, and audio-video content with photographic filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Providing software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; Providing software for finding content and content publishers, and for subscribing to content; Providing software for organizing images, video, and audio-visual content using metadata tags; Computer services, namely, creating a virtual community for registered users to share, view, subscribe to and interact with images, audio-visual and video content and related data and information; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring

application programming interface (API) software which facilitates online services for social networking, developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Computer services, namely, curating online user-defined content and advertisements and creating social media feeds; Providing software for taking photographs and recording audio, audio-visual and video content; Providing software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing software for streaming multimedia entertainment content; Providing software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing software for advertisers to communicate and interact with online communities; Providing personal assistant software; Providing social assistant software; Providing online facilities featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; Providing e-commerce software to allow users to perform electronic business transactions via the internet; Providing temporary use of non-downloadable computer software for accessing, collecting, displaying, editing, linking, modifying, organizing, tagging, streaming, sharing, storing, transmitting, and otherwise providing electronic media, photographs, images, graphics, audio, videos, audio-visual content, data and information via the internet and communication networks; Providing temporary use of non-downloadable computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Computer services, namely, providing information in the fields of technology and software development via the internet and communication networks; Providing software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Design and development of computer game hardware and software; Design and development of virtual reality hardware and software; Design and development of mixed reality hardware and software; Design and development of video game hardware and software; Providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of virtual reality content and data; Computer services

in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, and augmented reality content and data; Computer programming services for creating virtual reality videos and games; Design and development of augmented reality hardware and software; Software development; Development of interactive multimedia software; Maintenance and repair of computer software; Providing temporary use of non-downloadable computer software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; Computer services, namely, providing information in the fields of technology and software development via a global computer network; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; Computer services, namely, cloud hosting provider services; Providing temporary use of online non-downloadable cloud computing software for use in electronic storage of data; Providing temporary use of online non-downloadable cloud computing software for virtual, augmented reality applications and environments; File sharing services, namely, providing online facilities for others featuring technology enabling users to upload and download electronic files; Computer services, namely, hosting electronic facilities for others for interactive discussions via communication networks; Providing online non-downloadable software; Application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Application service provider (ASP); Providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing temporary use of online non-downloadable software and applications for instant messaging, voice over internet protocol (VOIP), video conferencing, and audio conferencing; Computer services, namely, creating an online community for registered users to engage in social networking; Data encryption services; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Providing online software platform services that give users the ability to post ratings, reviews, referrals and recommendations relating to businesses, restaurants, service providers, events, public services and government agencies; Computer services, in particular, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Computer services, namely, providing remote management of devices via computer networks, wireless networks or the internet; Providing

software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing software for online charitable fundraising services and financial donation services

Class 45:

Social introduction and networking and dating services; Providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; Providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; Providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of electronic reminders and notifications; Online social networking services; Providing information in the form of databases featuring information in the fields of social networking and social introduction; User verification services; Identification verification services; Business identification verification services; Legal services

Class(es) No(s).:

[511] 貨品/服務說明 :

Specification:

Class 9:

Fixed and mobile broadcasting and communications equipment used for the purposes of transmission, reception, compression, encoding, decoding, use and control of audio, video, data, television, radio and information signals over satellite, cable and terrestrial channels, namely, receivers, decoders, integrated receivers and decoders, transcoders, multiplexers, statistical multiplexers and demultiplexers, conditional access controllers and computer hardware and computer software, modulators and demodulators, transport stream combiners and transport stream processors, analogue-to-digital converters and digital-to-analogue converters, frequency upconverters and frequency downconverters, serial-to-parallel converters and deserialisers, signal monitors and alarms, transceivers, audio and video distribution amplifiers and attenuators; computer hardware and computer software used for centralized controlling and providing service information for use in connection with managing a broadcasting system, namely, computer keyboards, visual display units and computer printers, controllable signal switches and/or routers, controllable data converters, audio balancers, remote control handsets, electrical transformers and electrical power supplies and micro-processors; computer hardware and computer software used for access to the global computer networks, private and global telecommunications networks, interactive television services, telecommunications interface units, global positioning; computer software for use in recording and organizing audio and video and data for television broadcasting, pre-recorded audio, video and data tapes, discs and optical discs containing television broadcast information and information relevant to, and for use in connection with, operating a television broadcasting system; electronic computer memories; electronic circuits for use in connection with receiving, transmitting, processing, encoding, decoding, encrypting and decrypting electronic radio frequency, microwave, and optical signals; electronic encryption, decryption, deciphering and enciphering devices; smart cards with programmable electronic memories; smart card readers, writers and/or smart card identifiers; electronic programme guides, teletext videotext and closed captioning processors and controllers; computer hardware and computer software, all for use in connection with managing a broadcast system, controlling and/or managing financial transactions, electronic processing, billing of customers and advertisers, electronic financial transactions and trading and for pay-per-view and pay-per-play services, and for use in operating broadcast systems, telecommunications and network communications performance managers and analysers.

Class 37:

Repair, maintenance and installation services for others of sound, image and data transfer and information telecommunications systems, broadcasting signaling systems, telecommunications networks, broadcast networks, satellite data links and digital broadcasting apparatus.

## Class 38:

Broadcasting services; broadcasting services via the Internet; internet television broadcasting; operation of broadcasting facilities; interactive television broadcasting; data transmission and data broadcasting; broadcasting of motion picture films via the Internet; broadcasting and transmission of pay-per-view television programs; broadcasting of video and audio programming over the internet; audio, video and multimedia broadcasting via the Internet and other communication networks; video-on-demand transmission services; advisory and consultancy services in respect of the foregoing; professional consultation in the fields of digital communications networks and digital broadcasting.

## Class 42:

testing, laboratory service, product research and development design for others, all in the fields of digital communications networks and digital broadcasting; information and advisory services, namely, technical consultation in the fields of video broadcasting, audio broadcasting, television broadcasting, data broadcasting and information broadcasting, computers, computer hardware, and computer software.
