ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

metal; Fittings of metal for building; Containers of metal [storage, transport]; Tanks of metal; Boxes of common metal; Roofing of metal; Roofing of metal panels; Metal ceiling panels; Metal beams; Metal ventilating ducts; Roof gutters of metal; Street gutters of metal; Drainage tray of metal; Pipes (reinforcing materials of metal for -); Clips of metal for pipes; Movable metal structures; Pipe muffs of metal; Sealing caps of metal; Valves of metal, other than parts of machines; Water-pipe valves of metal; Drain pipes of metal; Gutter pipes of metal; Rain gutters of metal; Collars of metal for fastening pipes; Stop collars of metal; Ironmongery; Hardware of metal, small; Building (Reinforcing materials of metal for -); Rings of metal.

Class 7:

Motors, other than for land vehicles; Engines, other than for land vehicles; Couplings other than for land vehicles; Gears, other than for land vehicles; Incubators for eggs; Automatic vending machines; Pneumatic controls for machines, motors and engines; Hydraulic controls for machines, motors and engines; Control mechanisms for machines, engines or motors; Taps [parts of machines, engines or motors]; Universal joints [Cardan joints]; Hydraulic energy accumulator (machine components); Pressure valves [parts of machines]; Actuators for machine; Pumps [machines]; Heat exchangers [parts of machines]; Valves [parts of machines]; Thermostatic control valve for machine use; Hydraulic valve; Pumps [parts of machines, engines or motors]; Compressors for restoring and recovering refrigerant gas; Compressors [machines]; Pumps for heating installations; Pump control valves; Mixers [machines].

Class 9:

Surveying apparatus and instruments; Electronic control equipments for heating supply; Magnetic data carriers; Data processing equipment; Computer software; Thermostats; Climate control digital thermostats; Control panels [electricity]; Regulating apparatus, electric; Measuring apparatus; Heat regulating apparatus; Computer software applications, downloadable; Mobile phone software applications, downloadable; Interactive touch screen terminals.

Class 11:

Pipes [parts of sanitary installations]; Heating installations [water]; Regulating and safety accessories for water apparatus; Water distribution installations; Heating apparatus;

Drying apparatus and installations;
Ventilation [air-conditioning] installations
and apparatus; Water supply installations;
Sanitary apparatus and installations; Floor
heating apparatus; Space heating equipments,
wind heat type; Heating installations;
Thermostatic valves [parts of heating
installations]; Mixer taps for water pipes;
Central heating radiators; Thermostatic valves
(parts of heating units); Sanitary apparatus
and installations; Water-pipes for sanitary
installations; Water purification
installations; Water filtering apparatus; Drip
irrigation emitters [irrigation fittings];
Water conduits installations; Taps [faucets];
Faucet water quantity control valve.

Class 17:

Flexible tubes, not of metal; Flexible pipes,
not of metal; Fittings, not of metal, for
flexible pipes; Pipe fittings, not of metal;
Non-metallic joint for hose; Junctions, not of
metal, for pipes; Reinforcing materials, not
of metal, for pipes; Conduit elbow, not of
metal; Plastic substances, semi-processed;
Semi processed plastic; Caulking materials;
Insulating materials; Extruded plastic
material for production; Self-adhesive plastic
sheet for processing; Plastic hose; Plastic
strip; Plastic bar; Plastic board; Caulking
compound; Lute; Sealant compounds for joints;
Adhesive bands, other than stationery and not
for medical or household use; Self-adhesive
tapes, other than stationery and not for
medical or household use; Compressed air pipe
fittings, not of metal; Irrigation hose; Non-
metal pipe couplings and joints.

Class 19:

Rigid pipes, not of metal, for building;
Building materials (non-metallic); Rain
gutters, not of metal; Drain pipes, not of
metal; Downpipes, not of metal; Base units for
manholes and chambers, not of metal; Tanks of
masonry; Gutter pipes, not of metal; Plastic
pipes for the roof; Street gutters, not of
metal; Drain pipe, not of metal, for
construction of basement waterproofing system;
Rigid non-metallic construction tubes;
Asphalt, bitumen; Transportable non-metallic
constructions; Plastic tubes for building;
Geotextiles; Non-metallic ventilation ducts;
Clay pipes and pipelines; Sandstone pipes;
Roofing, not of metal; Roof coverings, not of
metal; Roof flashing, not of metal; Wooden
roofing; Ceilings, not of metal; Ceiling
cladding, not of metal; Non-metal flooring.

Class 20:

Storage tanks, not of metal or masonry; Liquid storage tanks, not of metal or masonry; Plastic storage container; Valves, not of metal, other than parts of machines; Drain traps [valves] of plastic; Water-pipe valves of plastic; Non-metallic containers for transport; Sealing caps, not of metal.

Class 35:

Advertising; Business management assistance; Business management consultancy; Commercial administration affairs of the licensing of the goods and services of others; Business management assistance and consulting for companies in the energy sector; Commercial intermediation services; Business management and organization consultancy; Secretarial services; Word processing; Systemization of information into computer databases; Administrative processing of purchase orders; Import-export agencies services; Marketing; Sales promotion for others; Presentation of goods on communication media, for retail purposes; Provision of an on-line marketplace for buyers and sellers of goods and services; Presentation of goods on communication media, for retail purposes; Commercial information services; Provide marketing information; Marketing for goods and services of others.

Class 37:

Installation of rain gutters; Plumbing; Building sealing; Pipeline installation consultation service; Heating equipment installation and repair; Freezing equipment installation and repair; Building maintenance and repair; Building construction; Pipeline construction and maintenance; Building insulation; Building refurbishment and repairs; Restoration of buildings; Repair of buildings; Repair of roof; Repair or maintenance of water pollution control equipment; Installation and maintenance of solar power plant; Irrigation devices installation and repair; Machinery installation, maintenance and repair; Installation of power generating and transmission apparatus and equipment; Pipeline maintenance; Drain pipe cleaning service.

Class 42:

Technological research; Scientific research; Scientific research and development; Scientific laboratory services; Research and development of new products for others; Industrial design; Design and development of computer software; Technical advisory services in the field of alternative energy generation; Energy research; Consultancy in the field of

energy-saving; Research in the field of building construction; Construction drafting; Surveying; Technical measurement services; Water analysis; Water quality monitoring.

computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 35:

Advertising; business management; business administration; office functions; online trading services relating to electronic auctioneering and providing online business evaluation relating thereto; online retail services of consumer products except for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, batteries and battery chargers; provision of sales, business, advertising and promotional information through a global computer network and via the Internet; presentation of goods on communication media for retail purposes; providing a directory of third party web sites

to facilitate business transactions; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; auctioneering provided on the Internet; business assistance relating to facilitating business transaction via local and global computer networks; market research and business consulting services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; business administration services for the processing of sales made on the Internet; computer data processing; sales, business and promotional information services; updating and maintenance of data in computer databases; search engine optimization; web site traffic optimization; database management; compilation of information into computer databases; business consulting services; business consulting services in the field of web based events, conferences, training programs, learning programs, and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the field of online collaboration and collaboration technologies; business consulting services in the fields of sales and marketing; business project management services; business project management services relating to development, set up, staging, production, recording, monitoring and follow-up for web based events, conferences, training programs, learning programs, and seminars; business consultancy services for facilitating business meetings and transaction of business via local and global computer networks by locating matching businesses, products and services; dissemination of business information of goods and services of others via local and global computer networks; business consultancy services relating to providing a web site on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfill trade leads and orders, enter into contracts and transact business; providing computerized online ordering services; organization, operation and supervision of loyalty and incentive schemes; advertising services provided via the Internet; production of television and radio advertisements; auctioneering; organization of

trade fairs; opinion polling; data processing; advertising agency services; advertising services provided for others; advertising of goods and services of others via local and global computer networks; rental of advertising space on communication media; marketing and promotion services; publication of publicity materials; rental of sales stands; pay per click advertising; marketing of vacant premises; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; rental of advertising space; the bringing together, for the benefit of others, of a variety of goods except for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, batteries and battery chargers, enabling customers to conveniently view and purchase those goods from a general merchandise Internet web site and in a wholesale outlet; the bringing together, for the benefit of others, of a variety of goods except for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, batteries and battery chargers, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications; the bringing together, for the benefit of others, of a variety of goods except for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, batteries and battery chargers, enabling customers to conveniently view and purchase those goods from retail outlets; retail and wholesale of semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone accessories, electronic and telecommunications

goods, computer hardware and computer software, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery, magnetically and non-magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, personal hygiene products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; direct mail advertising; buying and selling agency services for others; selection of goods and procurement of goods

for individuals and businesses; ordering services [for others]; department store retailing services except for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, batteries and battery chargers; supermarket retailing services except for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, batteries and battery chargers; secretarial services; organization of exhibitions for commercial or advertising purposes; business assistance services relating to compilation and rental of mailing lists; business investigation; business referral services and personnel placement; import-export clearance agencies (import-export agency services); international import and export agency services; agency for newspapers subscriptions; document reproduction; transcription (including stencil-paper writing); rental of office equipment; customer relationship management; business management services relating to electronic commerce; business management and administration services relating to sponsorship programmes; business management and administration services relating to start-up projects; accountancy; accounting services; telephone answering (for unavailable subscribers); telephone answering (for others); personnel management; charitable services, namely business administration relating to organizing and conducting volunteer programmes and community service projects; commercial administration of the licensing of the goods and services of others; corporate management consultancy services; commercial intermediation services; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; business project management services for construction projects; provision of business information; provision of business statistical information; provision of commercial and business contact information; providing business information via a web site; business advisory services; business analysis services; consultancy, information and advisory services relating to the aforesaid services; all included in Class 35.

Class 36:

Insurance; financial affairs; monetary

affairs; real estate affairs; clearing and reconciling financial transactions via a global computer network; online banking services and financial services; credit card services, processing and transmission of bills and payments thereof, and providing insurance for financial transactions; funds transfer services; transmission of funds by electronic means for others; transfer of payments for others via the Internet; financial services in the nature of billing and payment processing services; financial services in the nature of financial management, financial planning and financial analysis; financial services in the nature of investment, funding and crowd-funding; arrangement and management of leases and tenancy; renting and leasing of real estate; real estate appraisal; real estate valuation, real estate financing, real estate investment; real estate brokerage services; real estate agency services; housing agency services; actuarial services; real estate management and consultancy services; rent collection; rental of offices (real estate); rental of apartments and flats; provision of financial information via the Internet; safety deposit and issuing of travel vouchers services; capital investments; financial evaluation [insurance, banking, real estate]; financial and asset management services; insurance and financial services; financial services provided by telecommunication means; financial consultancy and advisory services; online banking; banking services provided on-line from a computer databases or the Internet; securities brokerage services, stock exchange quotation services; stocks and bonds brokerage; financial analysis; debit card services, charge card services and cheque guarantee services; banking, savings account and investment services; financial clearing services; credit verification via global computer information network; electronic credit risk management services; electronic purchase payment and electronic bill payment services; financial accounts debiting and crediting services; electronic banking services; issuance of stored value cards, charge cards and debit cards; telephone credit cards services; information services relating to finance and insurance, provided online from a computer database or Internet; agency for collection of gas and electricity fees; antique appraisal; art appraisal; jewelry appraisal; used car appraisal; tax information supply (financial services); fund raising for

charitable organizations and charities; organizing of charitable events for fund raising and arranging charitable events for fund raising; organizing of charitable collections and arranging charitable collections; organizing charitable fund raising services and activities; financial sponsorship; trusteeship; rental of paper money and coin counting or processing machines; rental of cash dispensers or automated-teller machines; online payment services; safe deposit services; arranging finance for construction projects; import-export clearance agencies (custom clearance); consultancy, information and advisory services relating to the aforesaid services; all included in Class 36.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet web sites; entertainment and education services relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; providing information relating to sporting or cultural events, current affairs and breaking news provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information, multimedia content, TV entertainment programs and provision of films online; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops in relation to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; entertainment provided via electronic and digital interactive media; electronic games services provided by means of the Internet; providing video games, computer games, sound or images, or movies through

telecommunication or computer networks;
providing online computer games and contests;
providing online videos, not downloadable;
provision of on-line electronic publications
streaming from the Internet or on a computer
network or a computer database; publication of
texts, books and journals (others than
publicity texts); publication of diagrams,
images and photographs; publication of
newspapers, magazines and periodicals;
providing online electronic publications (not
downloadable); education, training and
instruction services relating to
telecommunications, computers, computer
programs, cloud computing, web site design, e-
commerce, business management, financial
management and advertising; provision of
education, recreation, instruction, tuition
and training both interactive and non-
interactive; design of educational courses,
examinations and qualifications; training
services in relation to occupation health and
safety, and environmental conservation;
provision of cigar classes, wine tasting
classes; providing education information about
research materials and agency thereof;
arranging, organizing, planning and management
of seminars; animal training; instructional
services relating to operation of machines and
equipment, including audiovisual equipment
used for the production of broadcasting
programs; provision of information relating to
education, training, entertainment,
recreation, sporting, social and cultural
activities; arranging, organizing, hosting and
conducting singing competitions; arranging,
organizing, hosting and conducting concerts;
arranging, organizing, hosting and conducting
events and competitions for education or
entertainment purposes; arranging, organizing,
hosting and conducting game shows and quests;
organizing contests for entertainment
purposes; organizing contests for educational
purposes; arranging of award ceremonies;
presentation of awards; arranging and
organizing award presentation, ceremony and
competition; arranging, conducting and
provision of conferences, conventions,
congresses, seminars and training workshops;
organizing and conducting exhibitions for
cultural or educational purposes, fashion
shows, educational shows and cultural shows
and performances; art exhibition and gallery
services; art gallery services relating to
fine arts leasing; entertainment ticket agency
services; music entertainment services; rental

of sound recordings; television programmes, radio and film production; premium or pay television programming services and television programming services; planning of TV entertainment programs; preparation and production of television programmes; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show and night club services; club services relating to entertainment, education and cultural services; organizing and conducting exhibitions, fashion shows, educational shows and cultural shows and performances direction in producing broadcasting programs; providing audio and visual studios; providing sports facilities; providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental and leasing of motion pictures; rental and leasing of musical instruments; rental and leasing of television programmes; rental and leasing of television sets; lending libraries; archive library services; subtitling services; sign language interpretation services; rental of pre-recorded video tapes; rental and leasing of game machines; lending of arcade game equipment; lending of pictures; photography; translation; language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of education and entertainment news; lottery services; tutoring; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming,

previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against

virus; computer system software services; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; hosting computer application software for searching and retrieving information from databases and computer networks; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

Class 43:

Services for providing food and drink;

temporary accommodation; accommodation services; provision of accommodation by way of housing, hotels and rooms (other than the letting of apartments or houses); services rendered by hotels, motels, boarding houses, holiday camps, provision of lodgings and rooms; child care services, day nurseries and creche facilities; dining and restaurant services; bar services; cocktail lounge services; wine bar services; services rendered by restaurants, cafeterias, cafes, snack bars, sandwich bars, canteen, coffee bars, coffee shops and tea rooms; reservation services for booking accommodation and meals; reservation services for booking meeting rooms, exhibition spaces and facilities, and convention space and facilities; provision of meeting facilities; provision of conference facilities; providing facilities for hosting of exhibitions; provision of exhibition facilities; provision of facilities for shows and performances; accommodation services for travellers, tourists, meetings and functions; business catering services; club services for the provision of food and drinks; hotel catering services; innkeeping [bar, restaurants and accommodation]; providing facilities [accommodation] for conducting conventions; providing facilities [accommodation] for fairs; provision of information relating to the preparation of food and drink; tourists homes; catering services; banqueting services; hotel lounge services; provision of food and beverages services, preparation of food and drink, self-service and/or fast food restaurant services; take-away food services; provision of food and drink for dine-in, take-away and delivery; takeaway counters; providing information relating to preparation of foods and beverages and catering services on-line from a computer database or via the Internet or extranets; providing information relating to restaurants and bars services on-line from a computer database or via the Internet or extranets; reservation services for hotels and restaurants; ice-cream parlour services; food sculpting; consultancy, information and advisory services relating to the aforesaid services; all included in Class 43.

Specification:	Chromatography columns; storage containers, mainly metal, glass or high polymer materials for use in laboratories; chromatographic and electrophoretic devices for science and technical goals, as well as accessories, including racks, stands, fittings, tanks pressure; laboratory equipment; laboratory

filters, namely filters surface, depth filters, strainers, including membranes and filters of hyperfiltration membranes in layers, fabrics and porous masses, such as sheet, tapes, rolls, round filters, filter sleeve, pleated filters and folding of paper, high polymer materials, organic fibers, inorganic, synthetic and/or natural material sintered and/or metallic materials; separation apparatus, namely filtering apparatus for science; laboratory, pilot plant and production equipment, namely, bioreactors, electronic controllers for use with bioreactors and bag assemblies in the nature of fluid handling bags and bag manifold systems comprising a plurality of bags connected together with associated tubing, connectors and fittings, filters, ports, liners, chambers, capsules, filter holders, sensors, mixing impellers, tank dispensers and pumps all specifically adapted for use with bioreactors, sold separately and in combination, for use in mixing animal cells suspended in cell culture media and for controlling the temperature, pH and other conditions of the suspension, for the purpose of producing biological materials for medical therapeutic or clinical diagnostic use; laboratory, pilot plant and production equipment, namely, mixers, electronic controllers for use with mixers and bag assemblies in the nature of fluid handling bags and bag manifold systems comprising a plurality of bags connected together with associated tubing, connectors and fittings, filters, ports, liners, chambers, capsules, filter holders, sensors, mixing impellers, tank dispensers and pumps for use with mixers, sold separately and in combination, for the purpose of producing biological materials for medical therapeutic or clinical diagnostic use; laboratory, biological pilot plant and biological production equipment for use in pharmaceutical and biological product laboratories and testing facilities, namely, plastic bags for use in holding biological material and related reagents for the purpose of producing biological materials for medical therapeutic or clinical diagnostic use; laboratory equipment, namely, liners of plastic for tanks used in holding biological material and related reagents; laboratory apparatus for freezing and thawing in clean room environments or in cryopreservation; computer software for remotely monitoring, managing, controlling and securing clinical,

medical and laboratory assets and data; laboratory apparatus and instruments, namely, pre-packed columns for use in chromatography; cell processing laboratory apparatus and instruments with integrated computer software used to analyze, harvest, culture, process, expand and purify cells; parts and accessories for use with such laboratory apparatus and instruments, namely pre-filled plastic cassettes, trays, cell culture bags, tubing and filters; laboratory apparatus and instruments for use in science, research and industry; measuring apparatus and instruments; radiological apparatus and instruments for industrial purposes; computers and printers, and software and programmes for use therewith; glassware for laboratory use; and parts and fittings for the aforesaid goods; chemistry apparatus and instruments; liquid chromatography apparatus for scientific use; apparatus for use in separation and purification for scientific use; laboratory and research equipment, consisting of empty and pre-packed columns of chemical solids for use in purification; apparatuses of molecular biology, namely filter membranes and membranes of transfer, in particular, immobilizing membranes to detect nucleic acids and proteins; chromatography apparatus for laboratory use; chromatography systems; apparatus and instruments for use in chromatography; computer software for remotely monitoring, managing, controlling and securing clinical, medical and laboratory assets and data; computer software for use in image analysis; imaging apparatus and instruments, namely a charge coupled device (CCD) camera for capturing images for analysis and use in the life science research field; computer software for use on laboratory systems in the life sciences industry; downloadable computer software, namely software for optimization, obtaining performance data, maintenance, remote diagnostics and troubleshooting, connectivity, calibration qualification, trade-ins, information about spare parts and kits, all for life science and bioprocess equipment; freezing apparatus for scientific research and laboratory purposes; modular biologics manufacturing system (laboratory apparatus) used for growing, purifying, concentrating, isolating and packaging biological materials in chemical, biotechnological and pharmaceutical processes, consisting of a bioreactor used to grow cell cultures and fermentations, a mechanical

mixing machine for agitating biological media, a filler machine used for packaging pharmaceutical products, a separation machine used for isolating, purifying and concentrating biological materials, and connecting computer hardware and software, substantially all within a plastic or metal enclosure; pre-packed columns for use in purification (laboratory apparatus); supported and unsupported nitrocellulose microporous membranes for the media transfer and immobilisation of nucleic acids and proteins; thawing apparatus for scientific research and laboratory purposes; laboratory equipment namely, chromatographic columns, gas, water and other liquid or fluid filtering units, in the nature of tubes, cartridges, membrane filters and integral hardware therefor; extraction thimbles, and programmable electronically controlled hot plate/stirrers for laboratory use; computer software for remotely monitoring, managing, controlling and securing clinical, medical and laboratory equipment and data; laboratory apparatus and instruments for use in science, research and industry, namely, purification columns, electrophoresis apparatus not for medical purposes and western blotting systems comprised of computer hardware, software and scanners all used for qualitative and quantitative analysis of proteins; computers, printers, and software and programs all for use with running experiments on purification, electrophoresis and western blotting apparatus, namely, computers, printers, software and programs for screening, analyzing and evaluating proteins, and structural parts and fittings for the aforesaid apparatus; scientific apparatus and instruments used for radiology for the purpose of measuring, monitoring and surveying; computers, printers and software programs used for the purpose of life science research and for nuclear cardiology and medical imaging, for use by laboratories, pharmacies, doctors, hospitals, and medical service providers; radiology apparatus and instruments for the reading and interpretation of autoradiographs and films, namely automated film readers and scanners; apparatus for electrophoresis; chromatography columns and pumps; apparatus for microfabrication; apparatus for scintillation; imaging apparatus for radioactive and luminescent emissions; synthesis and purification integrated systems for use in radiology; apparatus for manufacturing

oligonucleotides; apparatus for microarrays; microarray slides; laboratory glassware; laboratory vials and microvials; microtitre plates; and parts and fittings for the aforesaid goods; kit consisting primarily of pre-packed columns, chemicals, pre-made buffer concentrates, syringes and instructional manual for the purification of proteins for in vitro use; nucleic acid purification filters; laboratory equipment, mainly materials, liquids and consumables for scientific purposes that are disposable in nature and can not be repurposed after initial use, namely, syringe filters, chromatography columns, chromatography resin, microscope lens paper, vent filter, DNA columns for separation purposes, RNA columns for separation purposes, PCR reagents, gradient media; noise reduction capture mode in the image acquisition control downloadable and recorded software offered as a part of a charge coupled device (CCD) camera system that is used for capturing images of protein gels and western blots for analysis in the life science research field; analyzers for research and scientific laboratories for automatically measuring and investigating the interactions of biomolecules in terms of strength, speed and specificity, including defining parameters such as kinetic constants, concentrations, binding patterns and multi-component complex formation; chromatography columns, namely, process scale columns for use with high resolution separation media in research and in the production of pharmaceuticals; computer software and hardware for controlling automated liquid handling systems, namely chromatography systems, filtration systems, bio reactors and oligonucleotide synthesizers; computer software for differential analysis in electrophoresis and other proteomics applications; computer software for graphing and charting data from chromatography systems for the purification of proteins for use by biotechnology scientists and researchers in the life science field; computer software for microscopy, imaging, and informatics sold exclusively through direct sales; computer software for remotely monitoring, managing, controlling and securing clinical, medical and laboratory equipment and data; computer software for use in image analysis; cross flow filtration and separation system comprising flow manifold, microporous membranes, product reservoir, pump, valves, gauges and piping for the separation and concentration of biological

solutions in the biopharmaceutical and biotechnology fields; devices for enabling controlled loading of samples in chromatography columns, namely, valved glass tubes and injectors;; disposable plastic bioreactors for cell culturing; downloadable computer software, namely software for optimization, obtaining performance data, maintenance, remote diagnostics and troubleshooting, connectivity, calibration qualification, trade-ins, information about spare parts and kits, all for life science and bioprocess equipment; electrical and scientific apparatus - namely automated DNA optical scanning equipment; electrical and scientific apparatus, namely, microscopes and high accuracy electro-mechanical actuators; automated microscopy systems comprising microscopes and computer hardware and software for high content imaging of microtiter plates, microscope slides and biological samples; electromechanical hardware and software systems comprising computers, computer software, electromechanical positioners for micropositioning control, for use in the field of photonics, digital flow control, semiconductor test and inspection, and microscopy and optical scanners and scanning systems for lasers; computer software for microscopy, imaging, and informatics in the field of clinical and diagnostic testing; electromechanical hardware and software systems comprising computers, computer software, electromechanical positioners for use in the inspecting and analysis of biological samples; electric actuators, namely, high precision electric computer controlled devices for adjusting laser frequency of tunable lasers; electromechanical valve actuators, namely, high precision electric computer controlled valves for use in high precision flow applications; precision positioning systems comprised of optical indexers, namely, an optical train with a camera comprised of an objective lens, a shutter and a filter wheel that enables image data to be digitized, microscopy stages, electronic control circuitry, motion control chassis, linear actuators, screw actuators, linear slider, electric motors, and tunable lasers for use in precision positioning in the fields of photonics, biomedical imaging, fluidics, mass flow valves, life sciences, and semiconductor manufacturing; precision positioning systems comprised of optical indexers, namely, an optical train with a

camera comprised of an objective lens, a shutter and a filter wheel that enables image data to be digitized, microscopy stages, electronic control circuitry, motion control chassis, linear actuators, screw actuators, linear slider, electric motors, and tunable lasers for use in precision positioning in the field of clinical diagnostics; electrical and scientific apparatus, namely, optical imaging apparatus; electrical units used in electrophoresis formed of an electrode assembly, clamping frame and tank; laboratory apparatus and equipment for biological and life sciences research, namely, electrophoresis apparatus, mass spectrometry equipment namely a separation unit, a power supply/control unit, gel cassettes, cassette rack, circulation pump, glass plates, separator and filler sheets, cassette and buffer removal tools; laser imaging apparatus, namely an imagesetter for the production of photographic images in life sciences; filters and microporous membranes, holders, housings and supports therefor, none being made of metal, all being laboratory apparatus; units for filtration and separation purposes, and parts thereof; all for diagnostic, scientific or laboratory use; filters and separators for scientific and laboratory use sold with or without supports for scientific and laboratory use; filters and separators (laboratory apparatus); holders, housings and supports, all for use with the aforesaid filters or separators; filtering units; parts and fitting for all the aforesaid goods, all for scientific and laboratory use; filters for rapid laboratory concentration and/or diafiltration of critical biological solutions; filters for use in laboratory equipment in the biopharmaceutical industry; computer software for controlling chromatography processes and other liquid handling modules; freezing apparatus for scientific research and laboratory purposes, namely, laboratory controlled rate freezers for cryogenic preservation; hybridization transfer membranes for non-medical scientific and research use; kit consisting primarily of chromatography laboratory equipment, namely, prepacked chromatography columns, chemicals, premade buffer concentrates, disposable reusable dispenser syringes for laboratory use for purification of proteins for in vitro use; kits consisting primarily of prepacked chromatography columns and disposable reusable dispenser syringes for laboratory use for

protein purification purposes; apparatus and instruments for protein purification purposes, namely, prepacked chromatography columns; laboratory equipment, namely disposable plastic syringe filters; laboratory equipment, namely filters, syringe filters, disposable filter units and disposable syringe filters; laboratory and research equipment consisting of a packed column of chemical solids that function to facilitate the separation of mixtures of organic or biological materials based upon their differing molecular weights or structures; laboratory and sample preparation products, namely, filters, filter-barrels, vials, caps and vial stands; laboratory apparatus and instruments, namely, pre-packed columns for use in chemical synthesis; laboratory apparatus and instruments, namely, pre-packed columns for use in separation and purification; laboratory apparatus, namely handheld devices containing a card for the processing of buccal cells; laboratory apparatus, namely, a syringeless filter; laboratory apparatus, namely, membrane filter cartridges for the separation of biomolecules in biopharmaceutical production; laboratory columns for use in chemical synthesis; laboratory equipment and accessories used in electrophoretic processes; laboratory equipment, namely, disposable column and buffers for small volume purification of monoclonal antibodies; laboratory filtration systems, consisting of filter cartridge, manifold, pump, back pressure valve, pressure gauges and holding tanks, for use in separation of biological components and membrane separation; laboratory instrument used in the electrophoresis field, namely, an isoelectric focusing instrument; liquid chromatography apparatus and chromatography systems comprised of monitors, motor valves, series pumps, fraction collectors, autosampler, a working platform, pre-programmed method templates and analysis software for use with liquid chromatography apparatus and chromatography systems; scientific and laboratory apparatus and chromatography systems for use in purification, consisting of filters, columns, mixing chambers, holders, pumps, cables, tubing kits; and the parts thereof; liquid chromatography analyzers; liquid chromatography apparatus of scientific use; membrane filter cartridges for the separation of biomolecules in biopharmaceutical production (laboratory apparatus); microtiter

plates having chemical chromatographic resin for small scale purification of tagged recombinant proteins; multi-purpose fluorescent sample readers and scanners for analysis of gels, blot arrays and microplates; nucleic acid and protein transfer and immobilization media, for laboratory use, namely supported or reinforced nitrocellulose microporous filters; laboratory equipment - namely, peristaltic pumps, fraction collectors, column monitors, isoelectric focusing units, electrophoresis units, cell culture units and laboratory centrifuges; software and hardware for analyzing data and automating processes related to biomanufacturing equipment; fermenters; separating funnels (laboratory glassware); soxhlet extraction thimbles made from organic or inorganic fibre and filter for laboratory use; membrane filters for laboratory use; filter supports for single use as laboratory apparatus.

Online retail store services featuring music recordings, comedy recordings, spoken word recordings, video recordings, and music related products; subscription-based services featuring downloadable prerecorded music and

video; online retail store services featuring downloadable prerecorded music and video; online ordering services featuring prerecorded music and video; online retail store services featuring microphones, speakers, smart speakers, audio speakers, amplifiers, loudspeakers, remote controls for audio and video products, headphones, earphones, headsets, home entertainment systems, audio and home theater equipment, and parts and accessories therefor.

Class 38:

Telecommunications, namely, communication via portable electronic devices, portable media players, portable digital devices, speakers, smart speakers, audio speakers, loudspeakers, amplifiers, for transmitting, accessing, receiving, uploading, downloading, encoding, decoding, streaming, displaying, storing, caching, and transferring voice, audio, visual images, data, books, photos, videos, text, content, audiovisual works, multimedia works, literary works, files, and other electronic works; streaming of audio, visual and audiovisual material via the Internet or other computer or communications network; communications services, namely, transmission and distribution of voice, audio, visual images via global communications networks; interactive broadcasting and webcasting services over the Internet and telecommunications networks; audio broadcasting; audio and video broadcasting services over the Internet; Internet broadcasting services.

Class 41:

Providing on-line music, not downloadable; providing reviews, commentary and information in the field of music, comedy, and spoken word recordings over a global computer network and other communications networks; entertainment services, namely, providing non-downloadable live pre-recorded music, comedy, and spoken word recordings by means of audio and video transmission over a global computer and other communications networks; entertainment services, namely, providing online reviews of music, comedy, and spoken word recordings; entertainment services, namely, profiling of musicians, artists and bands by providing non-downloadable video clips of musical, comedic, and spoken word performances over a global computer network and other communications networks; entertainment services, namely, making music, comedy, and spoken word recording recommendations based on user

generated data over a global computer network and other communications networks; arranging and conducting of concerts; entertainment services in the nature of providing and arranging film screenings; provision of information relating to live performances, live music concerts; providing information in the field of entertainment; conducting workshops and seminars in the field of audio equipment, audio systems, acoustics, and music; educational services, namely, providing displays and exhibits in the field of audio equipment, audio systems, acoustics, and music; production of audio recordings; providing audio or video studios; arranging for ticket reservations for shows and other entertainment events; ticket reservation and booking services for entertainment and cultural events.

Class 42:

Providing non-downloadable software featuring technology that allows users to input their selections of characteristics for music, or that identifies characteristics of music based on user selections, so that profiling can be completed and recommendations provided based on those characteristics; providing non-downloadable software provided over a global computer network and other communications networks for creating entertainment and information profiles based on user selections of entertainment and information options or based on user specification of characteristics of entertainment and information, and recommending other entertainment and information based on such selections and specifications; providing non-downloadable software for authoring, downloading, streaming, broadcasting, transmitting, editing, extracting, encoding, decoding, playing, storing, organizing and reproducing music and comedy; providing non-downloadable software featuring technology that enables users to create personalized music channels for independent, simultaneous listening, and share channels with other users; providing an interactive website featuring technology that allows users to consolidate and manage voice, data, video, and media content in the fields of music and radio; computer services, namely, providing a website featuring technology that allows users to monitor and control a smart home system at a remote location; electronic storage of electronic media, namely, images, text, audio, and video data; providing non-downloadable software for recording, viewing,

storing, sharing and analyzing online audio and video; providing non-downloadable software for controlling home entertainment systems comprised of digital music players, digital music controllers, speakers, amplifiers, and wireless handheld controllers; providing non-downloadable software for controlling home automation systems, namely, lighting, appliances, heating and air conditioning units, alarms and other safety equipment, home monitoring equipment; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; software as a service (SAAS) services featuring computer software that facilitates energy efficiency in energy delivery control systems and environmental control systems; software as a services (SAAS) services featuring computer software for use with networked devices for monitoring, control and automation in residential, commercial, and automotive environments that allow the sharing and transmission of data and information between such devices; application service provider featuring application programming interface (API) software for home and environmental monitoring, control, and automation.
