

香港特別行政區政府知識產權署商標註冊處

Trade Marks Registry, Intellectual Property Department

The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

Class 38:

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and

discussion forums; Internet broadcasting services, providing an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to on-line shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing

access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; all included in class 38.

Class 39:

GPS (Global Positioning System) navigation services; provision of information relating to travel and tourism through the Internet or through telecommunication networks; providing an interactive online database featuring roadway, travel, navigation, traffic and point-of-interest (travel) information; providing information to travellers regarding fares, timetables and public transport; travel and tourism information and guide services; route guidance and planning services; travel arrangement; travel agency services; travel ticket agency services; arranging travel and information therefor, all provided on-line from a computer database or the Internet; yacht and/or boat trips; providing driving directions for travel purposes; rental of navigational systems; transport; providing road and traffic information; providing navigation and information services, namely information relating to traffic and traffic jams; transport of goods and passengers; car transport; air transport; vehicle rental; car rental services; chauffeur services; transport by pipeline; transport services in the nature of transport management; providing flying areas, namely providing access to airstrips, landing strips and runways; packaging; packaging and storage of goods; physical storage of electronically-stored data or documents; message delivery; delivery of goods by mail order; courier services [messages or merchandise]; shipbrokerage; loading and unloading of cargo; freight brokerage; removal services; brokerage for rental, leasing, selling,

purchasing and/or chartering of ships and/or boats; salvage and refloating of ships and/or boats; piloting; gas distribution and supply; electricity distribution and supply; heat distribution and supply; water distribution and supply; mooring facility services; rental of warehouses; rental and/or leasing of wheelchairs; rental and/or leasing of airplanes; rental and/or leasing of bicycles; rental and/or leasing of cars; rental and/or leasing of ships and/or boats; rental and/or leasing of man-powered vehicles; rental and/or leasing of mechanical parking systems; management of parking spaces; car parking services; providing toll road; rental and/or leasing of containers; rental and/or leasing of pallets; rental and/or leasing of packaging or wrapping machines; rental and/or leasing of refrigerator; collection of domestic waste and trash; collection of industrial waste and trash; consultancy, information and advisory services relating to the aforesaid services; all included in class 39.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; publication of texts, books and journals (others than publicity texts); publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; education, training and instruction services relating to telecommunications, computers, computer programs, web site design, e-commerce, business management and advertising; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; design of educational courses, examinations and qualifications; entertainment provided via electronic and digital interactive media; electronic games services provided by means of the Internet; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; providing on-line electronic publications (not downloadable); arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; entertainment ticket agency services; information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet web sites; entertainment and education services relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; music entertainment services; rental of sound recordings; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; information relating to sporting or cultural events, current affairs and breaking news provided by satellite television transmission, the Internet or by other electronic means; television programmes, radio and film production; premium or pay television

programming services and television programming services; planning of TV entertainment programs; provision of entertainment information, multimedia content, TV entertainment programs and provision of films online; preparation and production of television programmes; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show and night club services; club services relating to entertainment, education and cultural services; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions, fashion shows, educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to fine arts leasing; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials and agency thereof; arranging, organizing, planning and management of seminars; animal training; direction in producing broadcasting programs; instructional services relating to operation of machines and equipment, including audiovisual equipment, which is used for the production of broadcasting programs; providing audio and visual studios; providing sports facilities; providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental and leasing of motion pictures (Cine-films); rental and leasing of musical instruments; rental and leasing of television programmes; rental and leasing of television sets; rental of entertainment software; lending libraries; archive library services; subtitling services; sign language interpretation services; providing video games, computer games, sound or images, or movies through telecommunication or computer networks; providing online computer games and contests; rental of pre-recorded video tapes; rental and leasing of game machines; lending of arcade game equipment; lending of pictures; photography; translation; language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of news; lottery services; providing on-line videos, not downloadable; tutoring; consultancy, information and advisory services relating to the aforesaid services; all included in class 41.

Class 42:

Scientific and technological services and research and design relating thereto, industrial analysis and research services; design and development of computer hardware and software; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an on-line access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing

software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice provided to Internet users by means of a support hotline; computer service relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer services in relation to providing direct connection services between computer users for exchanging data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; providing technical information at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; computer services relating to customized searching of computer databases and websites; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer services relating to certification of business transactions and preparation of reports therefor; access control to (security services for-) computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to on-line authentication of electronic signatures; off-site data backup; electronic data storage; providing information on computer technology and programming via a web site; cartography services; cloud computing; consultancy,

information and advisory services relating to the aforesaid services; all included in class 42.

Class 45:

Personal and social services rendered by others to meet the needs of individuals; social work services; dating services; legal services; domain name registration services; intellectual property consultancy; legal research; legal document preparation services; legal administration of licences; licensing of intellectual property; litigation services; alternative dispute resolution services; arbitration services; guard and security services; personal safety services; rental of apparel; providing protection (security) services through electric central stations for intruders, burglar and fire protection systems; intruder and burglar alarms monitoring services, fire and flood detecting device and alarm monitoring services; house keeping and maid services; licensing of digital data, still images, moving images, audio and text; creation, compilation and maintenance of a register of domain names; baggage inspection for security purposes; personal background investigation services; security services for the protection of property and individuals; on-line authentication of electronic signatures; funeral services; on-line social networking services; releasing doves for special occasions; embalming services; consultancy, information and advisory services relating to the aforesaid services; all included in class 45.

Specification: Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; on-line electronic publications (downloadable from the Internet or a computer network or a computer database); instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and

images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable electronic publications in the nature of articles, papers, and instructional materials in the fields of telecommunications, the Internet, training, business, sales, and marketing; computer software, computer peripherals; notebook computers; laptop computers; portable computers; handheld computers; personal digital assistants; personal media players; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; fire-extinguishing apparatus; computer hardware and firmware; computer software (including software downloadable from the Internet); compact discs; digital music (downloadable from the Internet); telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; downloadable games, pictures, motion pictures, movies and music; alarm systems; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; computer, electronic and video games programmes and software (including software downloadable from the Internet); liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; spectacles and sunglasses; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; computer software applications, downloadable; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; tablet computers; encoded key cards; 3D spectacles; memory cards for video game machines; all included in class 9.

Class 16:

Newspapers; magazines; periodicals; journals; paper, cardboard and goods made from these materials, not included in other classes; printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); printers' type; printing blocks; books, pamphlets, posters, printed cards, circulars, catalogues, calendars, price tags, price labels; carry bags of paper, cardboard and plastic; printed telephone, facsimile, electronic mail and website directories; cards in the form of debit cards, credit cards, charge cards and telephone cards other than encoded and magnetic cards; marketing and promotional materials being printed matter; printed advertisements; user manuals; packaging materials made of paper, plastic or cardboard;

tissues; handkerchiefs made of paper; models and figurines made of paper; paper party bags for packaging; page holders; all included in class 16.

Class 35:

Advertising; business management; business administration; office functions; organisation, operation and supervision of loyalty and incentive schemes; advertising services provided via the Internet; production of television and radio advertisements; accountancy; auctioneering; organization of trade fairs; opinion polling; data processing; provision of business information; advertising agency services; advertising services provided for others; database management; compilation of information into computer databases; business consulting services; business consulting services in the field of web based events, conferences, training programs, learning programs, and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the field of online collaboration and collaboration technologies; business consulting services in the fields of sales and marketing; business project management services; business project management services relating to development, set up, staging, production, recording, monitoring and follow-up for web based events, conferences, training programs, learning programs, and seminars; market research and business consulting services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; dissemination of business information of goods and services of others via local and global computer networks; business consultancy services relating to providing a web site on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfill trade leads and orders, enter into contracts and transact business; providing computerized online ordering services; advertising of goods and services of others via local and global computer networks; international import and export agency services; rental of advertising space on communication media; online trading services relating to electronic auctioneering and providing online business evaluation relating thereto; online retail services of consumer products; providing a directory of third party web sites to facilitate business transactions; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; business assistance relating to facilitating business transaction via local and global computer networks; corporate management consultancy services; marketing and promotion services; publication of publicity materials; marketing of vacant premises; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; rental of advertising space; computer data processing; sales, business and promotional information services; telephone answering (for unavailable subscribers); telephone answering (for others); auctioneering provided on the Internet; personnel management; provision of sales,

business, advertising and promotional information through a global computer network and via the Internet; presentation of goods on communication media for retail purposes; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise Internet web site and in a wholesale outlet; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from retail outlets; retail and wholesale of telephones, mobile phone handsets, mobile phone accessories, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery and magnetic and non magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, personal hygiene products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; direct mail advertising; buying and selling agency services for others; selection of goods and procurement of goods for individuals and businesses; ordering

services [for others]; department store retailing services; supermarket retailing services; secretarial services; provision of business statistical information; organisation of exhibitions for commercial or advertising purposes; business assistance services relating to compilation and rental of mailing lists; business investigation; business administration services for the processing of sales made on the Internet; business referral services and personnel placement; import-export clearance agencies (import-export agency services); agency for newspapers subscriptions; document reproduction; transcription (including stencil-paper writing); rental of office equipment; customer relationship management; business management services relating to electronic commerce; business management and administration services relating to sponsorship programmes; accounting services; charitable services, namely business administration relating to organizing and conducting volunteer programmes and community service projects; rental of sales stands; provision of commercial and business contact information; search engine optimization; web site traffic optimization; pay per click advertising; commercial intermediation services; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; updating and maintenance of data in computer databases; business project management services for construction projects; providing business information via a web site; consultancy, information and advisory services relating to the aforesaid services; all included in class 35.

Class 38:

Telecommunications: telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services, providing an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided

transmission of messages and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to on-line shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and

between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; all included in class 38.

Class 39:

GPS (Global Positioning System) navigation services; provision of information relating to travel and tourism through the Internet or through telecommunication networks; providing an interactive online database featuring roadway, travel, navigation, traffic and point-of-interest (travel) information; providing information to travellers regarding fares, timetables and public transport; travel and tourism information and guide services; route guidance and planning services; travel arrangement; travel agency services; travel ticket agency services; arranging travel and information therefor, all provided on-line from a computer database or the Internet; yacht and/or boat trips; providing driving directions for travel purposes; rental of navigational systems; transport; providing road and traffic information; providing navigation and information services, namely information relating to traffic and traffic jams; transport of goods and passengers; car transport; air transport; vehicle rental; car rental services; chauffeur services; transport by pipeline; transport services in the nature of transport management; providing flying areas, namely providing access to airstrips, landing strips and runways; packaging; packaging and storage of goods; physical storage of electronically-stored data or documents; message delivery; delivery of goods by mail order; courier services [messages or merchandise]; shipbrokerage; loading and unloading of cargo; freight brokerage; removal services; brokerage for rental, leasing, selling, purchasing and/or chartering of ships and/or boats; salvage and refloating of ships and/or boats; piloting; gas distribution and supply; electricity distribution and supply; heat distribution and supply; water distribution and supply; mooring facility services; rental of warehouses; rental and/or leasing of wheelchairs; rental and/or leasing of airplanes; rental and/or leasing of bicycles; rental and/or leasing of cars; rental and/or leasing of ships and/or boats; rental and/or leasing of man-powered vehicles; rental and/or leasing of mechanical parking systems; management of parking spaces; car parking services; providing toll road; rental and/or

leasing of containers; rental and/or leasing of pallets; rental and/or leasing of packaging or wrapping machines; rental and/or leasing of refrigerator; collection of domestic waste and trash; collection of industrial waste and trash; consultancy, information and advisory services relating to the aforesaid services; all included in class 39.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; publication of texts, books and journals (others than publicity texts); publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; education, training and instruction services relating to telecommunications, computers, computer programs, web site design, e-commerce, business management and advertising; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; design of educational courses, examinations and qualifications; entertainment provided via electronic and digital interactive media; electronic games services provided by means of the Internet; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; providing on-line electronic publications (not downloadable); arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; entertainment ticket agency services; information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet web sites; entertainment and education services relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; music entertainment services; rental of sound recordings; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; information relating to sporting or cultural events, current affairs and breaking news provided by satellite television transmission, the Internet or by other electronic means; television programmes, radio and film production; premium or pay television programming services and television programming services; planning of TV entertainment programs; provision of entertainment information, multimedia content, TV entertainment programs and provision of films online; preparation and production of television programmes; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show and night club services; club services relating to entertainment, education and cultural services; arranging,

conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions, fashion shows, educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to fine arts leasing; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials and agency thereof; arranging, organizing, planning and management of seminars; animal training; direction in producing broadcasting programs; instructional services relating to operation of machines and equipment, including audiovisual equipment, which is used for the production of broadcasting programs; providing audio and visual studios; providing sports facilities; providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental and leasing of motion pictures (Cine-films); rental and leasing of musical instruments; rental and leasing of television programmes; rental and leasing of television sets; rental of entertainment software; lending libraries; archive library services; subtitling services; sign language interpretation services; providing video games, computer games, sound or images, or movies through telecommunication or computer networks; providing online computer games and contests; rental of pre-recorded video tapes; rental and leasing of game machines; lending of arcade game equipment; lending of pictures; photography; translation; language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of news; lottery services; providing on-line videos, not downloadable; tutoring; consultancy, information and advisory services relating to the aforesaid services; all included in class 41.

Class 42:

Scientific and technological services and research and design relating thereto, industrial analysis and research services; design and development of computer hardware and software; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an on-line access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange

documents; computer technology advice provided to Internet users by means of a support hotline; computer service relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer services in relation to providing direct connection services between computer users for exchanging data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; providing technical information at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; computer services relating to customized searching of computer databases and websites; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer services relating to certification of business transactions and preparation of reports therefor; access control to (security services for-) computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to on-line authentication of electronic signatures; off-site data backup; electronic data storage; providing information on computer technology and programming via a web site; cartography services; cloud computing; consultancy, information and advisory services relating to the aforesaid services; all included in class 42.

Class 45:

Personal and social services rendered by others to meet the needs of individuals; social work services; dating services; legal services; domain name registration services; intellectual property consultancy; legal research; legal document preparation services; legal administration of licences; licensing of intellectual property; litigation services; alternative dispute resolution services; arbitration services; guard and security services;

personal safety services; rental of apparel; providing protection (security) services through electric central stations for intruders, burglar and fire protection systems; intruder and burglar alarms monitoring services, fire and flood detecting device and alarm monitoring services; house keeping and maid services; licensing of digital data, still images, moving images, audio and text; creation, compilation and maintenance of a register of domain names; baggage inspection for security purposes; personal background investigation services; security services for the protection of property and individuals; on-line authentication of electronic signatures; funeral services; on-line social networking services; releasing doves for special occasions; embalming services; consultancy, information and advisory services relating to the aforesaid services; all included in class 45.

Specification: Class 9:
Batteries; battery chargers; battery packs; photographic and digital cameras; computer hardware; computer peripheral equipment; computers; computer servers; desktop computers; laptop computers; notebook computers; tablet computers; mobile personal computers; computer keyboards; computer mice; computer monitors; computer displays; computer game software and programs; computer storage apparatus; routers; blank and encoded integrated circuits and circuit cards; electronic information storage server systems for use in enterprise storage application, network electronic storage, network attached storage and storage area networks, comprised of computer hardware, computer peripherals, and operating system software; handheld, mobile and wearable digital electronic devices, capable of providing access to the internet, for the sending and receiving of telephone calls, electronic mail and other data and digital media, including mobile telephones, smart phones, smart watches, smart watch phones and accessories therefor; modems; CD-ROMs; compact disc recorders and players; power adapters; ink jet printers; printers for use with computers; protective covers for laptop computers and tablet computers; scanners for use with data processing equipment and computers; televisions, including smart TV's and accessories in the nature of set-top boxes, gamepads, 3D glasses and remote controls all for use with televisions; apparatus for recording, transmission and/or reproduction of sounds, images or other data; apparatus, instruments and materials for transmitting and/or receiving and/or recording sound and/or images; audio components and accessories; carrying cases, sacks and bags, all for use with computers and portable handheld digital electronic devices; computer hardware and software for the reproduction, processing and streaming of audio, video and multimedia content; computer hardware and software for controlling the operation of audio and video devices and for viewing, searching and/or playing audio, video, television, movies, photographs and other digital images and other multimedia content; earphones; headphones; built-in wireless audio and video receivers and electronic docking stations for use with electronic book readers, tablet computers, MP3 players, MP4 players, mobile phones and smart phones; portable listening devices, namely, CD players, digital and analog cassette decks, digital recorder and playback equipment for personal use; single crystal silicon in the form of wafers, chips and unformed for use for scientific purposes and semiconductor use; integrated circuits; computer communications software for connecting computer network users and global computer networks; computer communications software to allow customers to access account information and transact business; computer e-commerce software to allow users to perform electronic business transactions via a global computer

network; computer game software; computer graphics software; computer software for graphics arts, animation and manipulation of images; computer screen saver software; computer search engine software; computer software for use in database management, for use as a spreadsheet, for word processing, for accounting, for business development, for customer service in a wide variety of fields that may be downloaded from a global computer network; computer software development tools; computer software for accessing information directories that may be downloaded from the global computer network; computer software for application and database integration; computer software for creating searchable databases of information and data; computer software for the collection, editing, organizing, modifying, book marking, transmission storage and sharing of data and information; computer software for communicating with users of hand-held computers; computer software that assists computers in deploying parallel applications and performing parallel computations; computer software to automate data warehousing; computer software to control and improve computer and audio equipment sound quality; computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; computer software, namely, an application allowing sales and field service employees to update and receive data stored in an enterprise's computer databases in real time, using a mobile device, with full telephony integration with the telephone and/or software features of the mobile device; computer telephony software; computer software for use with a global positioning system (GPS); computer application software for mobile phones, portable media players and handheld computers, namely, software for use in voice recognition; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video and other multimedia content, electronic publications and electronic games; computer software for use in recording, organizing, transmitting, manipulating and reviewing text, data, audio files, video files and electronic games in connection with computers, televisions, television set top boxes, audio players, video players, media players, telephones and handheld digital electronic devices; computer software for instant messaging, sending and receiving emails and contact information, schedule sharing, content sharing, playing, sharing and managing multimedia files, recording, organizing, transmitting, manipulating and reviewing text, audio files, video files and computer game programs in connection with televisions, computers, music players, video players, media players and mobile phones; computer software and hardware for managing networking devices and computers; computer software and hardware for the management, control and networking of servers; computer software for use with computer servers, data storage devices and computer memory devices; operating systems software; computer software for systems administration; software for managing the network configurations of a network entity based on the location of a computational entity in the network; computer

software for performing automatic communications switching in computer networks; network interface modules for servers, switch modules, transceivers and computer accessories; software used in a networked computer server environment to avoid downtimes and maintain the integrity of the networked computer and switching/routing devices so as to ensure the robustness and performance of the networked system by automating the configuration of components in the networked computer server environment; computer hardware and software for controlling the operation of or execution of programs and networks for server systems and workstations; computer switches that enable enhanced input/output (I/O) for an entire rack of computer servers; computer switches comprised of hardware and software and capable of facilitating or enabling virtual servers and virtual computers through software or hardware design; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, interfaces and adapters for use with all the aforesaid goods; portable digital electronic devices and software related thereto; software for telecommunication and communication via local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular and satellite networks; user manuals in electronically readable, machine readable or computer readable form for use with and sold as a unit with all the aforementioned goods; watches enabled for wireless communications with electronic terminals such as smart phones, tablet computers, PDAs and computers; providing electronic publications for downloading over computer networks, namely, books, pamphlets, brochures, newsletters, journals and magazines relating to computer hardware, computer software, mobile phones, smart phones, handheld and mobile electronic devices.

Class 14:

Watches; watch straps; watch bands; timepieces; clocks; parts for watches, clocks and horological and chronometric instruments; cases for watches, clocks and horological and chronometric instruments; bracelets of jewelry incorporating functions of watches, speed sensors, pace counters, measurements of calorie consumption, distances, momentum, heartbeat measuring monitors, built-in pedometers; watch cases; watch glasses; parts and fittings for all the aforesaid goods.

Class 18:

Back packs, ruck sacks, bags, cases, belts, key fobs, key cases, luggage tags and coasters, mobile telephone cases and mobile telephone holders all of leather or imitation leather.

Class 35:

Online retail store services provided via a global computer network featuring computer hardware, computer software, computer peripherals, consumer electronics, telecommunications apparatus, mobile phones, handheld and mobile digital electronic devices, accessories, peripherals and carrying cases for such devices and demonstration of products relating thereto; retail store services featuring computer hardware, computer software, computer peripherals, consumer electronics, telecommunications apparatus, mobile phones, handheld and mobile digital electronic devices,

accessories, peripherals and carrying cases for such devices and demonstration of products relating thereto; retrieval services for digital text, data, image, audio and video works.

Class 36:

Financial services, including but not limited to, credit services related to the acquisition of goods; extension of retail credit services for the purchase of computers, consumer electronics and related accessories; financing services; lease-purchase financing services; payment services; providing and underwriting warranty and extended warranty contracts.

Class 37:

Maintenance, installation and repair of computer hardware, computer peripherals, consumer electronic devices, electric appliances, office machines as well as telephonic and photographic equipment and apparatus.

Class 38:

Communication and telecommunication services; communication by computer terminals; computer aided transmission of messages and images; providing telecommunication connections to a global computer network; electronic transmission of streamed and downloadable audio and video files via computer and other communications networks; provision of connectivity services and access to electronic communications networks, for transmission or reception of audio, video or multimedia content; provision of telecommunications connections to electronic communication networks for transmission or reception of audio, video or multimedia content; provision of telecommunications access and links to computer databases and the internet; electronic transmission of computer software for smart phones, mobile phones and handheld electronic devices via the internet and other computer and electronic communication networks; information, advisory and consultancy services relating to all the aforesaid.

Class 41:

Education services, providing of training, instruction and entertainment relating to computers, computer software, multimedia products, interactive products and online services, telecommunication apparatus, mobile phones, handheld and mobile digital electronic devices; workshops, conferences and seminars in the field of computers, computer software, online services, information technology, website design and consumer electronics; arranging professional workshop and training courses; computer education training services; arranging and conducting of commercial, trade and business conferences; arranging and conducting of exhibitions, workshops, seminars and video conferences; providing electronic publications for browsing over computer networks, namely, books, pamphlets, brochures, newsletters, journals and magazines relating to computer hardware, computer software, mobile phones, smart phones, handheld and mobile electronic devices.

Class 42:

Computer consultation services; computer hardware and software design, editing, updating, testing, research and advisory services; consulting services in the field of design, selection,

implementation and use of computer hardware and software systems for others; computer software design; computer system design; computer system analysis; planning, designing, implementing and developing computer networks for others; design, installation, interconnection, testing and maintenance of computer hardware and computer software for use in network computing; computer system and computer network integration; designing architectural servers comprised of computer hardware, computer software, semiconductors and electronic devices and creating frameworks for designing, developing, managing and delivering computer hardware, computer software, semiconductors and electronic devices; installation and maintenance of computer software; development and maintenance of computing network software for others; recovery of computer data; updating computer software for others; computer and consumer electronic diagnostic services; computer programming services; scientific and technological services in the fields of computer hardware, computer software, computer peripherals, portable and/or electronic devices, communications and information technology and research and design relating thereto; providing consulting services and technical support services, namely, troubleshooting support for computers, computer hardware, computer peripherals, servers, network equipment, computer software and consumer electronic devices, including handheld mobile digital electronic devices; computer consultation services for determining the compatibility of computer hardware and computer software; computer consultation services for computer hardware and computer software for use in the field of heat exchangers and thermal management; technological consultation services in the field of design, selection, implementation and use of heat exchangers and thermal management systems; computer services, namely, creating an online community for registered users to participate in discussions, share recommendations, get feedback from their peers, from virtual communities and engage in social networking; design, development, maintenance and management of application software for mobile phones, computers, TVs and consumer audio and visual electronics; maintenance, repair and updating of computer operating system software; computer system integration; computerized data storage for digital text, data, image, audio and video works.
