(B) Active chemical ingredients for use in manufacture of anti-cancer drugs and vaccines; Adjuvants for use in manufacture of vaccines; Nucleic acids, proteins and peptides for laboratory use; Diagnostic preparations for scientific or research use.  
Class 5:  
(A) Pharmaceutical and medicinal preparations and substances except vitamin preparations, mineral food supplements, probiotics, omega 3 preparations, dietetic substances and food supplements for medical and non-medical purposes. (B) Pharmaceutical products for the prevention and treatment of cancer, infectious diseases, and immunological diseases, except vitamin preparations, mineral food supplements, probiotics, omega 3 preparations, dietetic substances and food supplements for medical and non-medical purposes; Vaccines; Chemical reagents used for medical purposes; Biochemical reagents used for purposes for the treatment of cancer, treatment of immunological diseases, and treatment of infectious diseases; Macromolecules, namely, nucleic acid sequences and proteins, used for medical and veterinary purposes; cell based immune therapeutics for treatment of cancer, treatment of immunological diseases, and treatment of infectious diseases; Diagnostic preparations for clinical or medical laboratory use.  
Class 9:  
(A) Mobile apps and computer software to enable healthcare professionals and patients to access information on pharmaceutical, medical and vaccine products and services; e-commerce software to enable users to perform electronic business transactions via a global computer network.  
Class 10:  
(A) Surgical and medical apparatus and instruments; medical diagnostic devices. (B) Medical diagnostic devices for analysis of body fluids and biopsies for diagnosis and

monitoring of cancer, infectious diseases, and immunological diseases; Medical diagnostic devices for analysis of body fluids and biopsies for patient stratification.

Class 35:

(A) Provision of information and advisory services relating to electronic commerce; provision of customer information on pharmaceutical and medical products through an on-line computer network. (B) Retail or wholesale services of pharmaceutical products; retail or wholesale services of medicinal preparations; retail or wholesale services of medical supplies; Compiling data for medical and scientific research, clinical trials, and drug admission.

Class 42:

(A) Scientific research for medical purposes. (B) Medical and scientific research in the field of treatment of immunological diseases, cancer treatment, and treatment of infectious diseases; Providing medical and scientific research information, consultancy, and advisory services, all in the fields of treatment of immunological diseases, cancer treatment, and treatment of infectious diseases.

Class 44:

(A) Medical care; hygienic and beauty care; healthcare services; provision of medical information and services; provision of information to patients and healthcare professionals concerning pharmaceutical products, vaccines, medical products, medical diseases and disorders and related treatments via the Internet; gene and cell therapy; medical and psychological counselling services; medical and health care services. (B) Medical services, namely, providing therapies for treating cancer, infectious diseases and immunological diseases; Veterinary services, namely, providing therapies for treating cancer, infectious diseases, and immunological diseases; Medical and pharmaceutical consultation; Medical diagnostic testing, monitoring and reporting services; Genetic testing for medical purposes.

[511] 貨品 / 服務說明： Class 4:  
Specification: Electrical energy; engine oils; fine oils for  
motors; greases for technical purposes;  
hardened oils [hydrogenated oils for  
industrial use]; industrial oils; lubricants;  
lubricating oils being hydraulic oils;  
lubricating oils and greases; lubricating oil  
for motor vehicle engines; motor spirits;  
motor oils; non-chemical additives for oils  
and fuels; non-chemical additives for fuels,  
lubricants and greases; oils for engines;  
penetrating oils; industrial oils being  
quenching oils; industrial greases.

Class 7:  
Anti-pollution devices for motors and engines;  
alternators; air compressors; air filters for  
engines; air filters for motors; actuating  
mechanisms for controlling rudders; actuating  
mechanisms for operating rudders; belts for  
engines; ball-bearings; belts for machines;  
bearings for transmission shafts; brakes for

machines; boat engines; boat motors; bilge pumps; camshafts for vehicle engines; clutches, other than for land vehicles; clutches for machines; couplings, other than for land vehicles; couplings for machines; connecting rods for machines, motors and engines; cranes; circulating pumps; crankcases for machines, motors and engines; cooling radiators for motors and engines; catalytic converters for motors and engines; cylinders for motors and engines; control mechanisms for machines, engines or motors; control cables for machines, engines or motors; compressors as parts of machines, motors and engines; diesel engines for machines; diesel engines not for land vehicles; drive chains for machines; drive belts for motors, other than for land vehicles; drive shaft couplings, other than for land vehicles; direct current motors; DC generators; electricity generators; electric power generators for ships; electric motors for machines; emergency power generators; electric power generators for emergency use; engine bearings; electric pumps; electronic ignitions for vehicles; electronic control devices for production technology and servo drives and programmable controllers [parts of machines/motors]; electric motors, not for land vehicles; engines for marine use; exhausts for motors and engines; electric drives for motors [other than for land vehicles]; electric drives for machines; electric propulsion mechanisms for water vehicles; engines and motors for the generation of electricity; electric power supplies [generators]; electrical engines, other than for land vehicles; electric motors, and their parts, not for land vehicles; engines for boats; fuel injection devices for internal combustion engines; fan belts for motors and engines; fuel injectors; fuel systems for internal combustion engines; fuel and air mixture regulators being parts of internal combustion engines; flexible couplings [parts of machines]; fan belts for land vehicle engines; fans being parts of machines; fuel injector parts for land and water vehicle engines; filters for cleaning cooling air, for engines; fuel filters; fuel filters for vehicle engines; filters [parts of machines or engines]; filters for motors and engines; engine fuel pumps; fuel economisers for motors and engines; gas converters; gasoline engines, not for land vehicles; gaskets for internal combustion engines; gearboxes other than for land vehicles;

generating sets for use with engines; gear levers other than for land vehicles; gear transmissions, other than for land vehicles; gears for machines; generators of electricity; hydroelectric installations for generating electricity; haulage apparatus [mining]; hydraulic accumulators being parts of machines; hydraulic engines and motors; hydraulic controls for machines, motors and engines; internal combustion engines for boats; internal combustion engines for power generation, other than for land vehicles; igniting devices for internal combustion engines; ignition wires for motor vehicles; ignition wires for vehicle engines; ignition magnetos for engines; joysticks being part of machines, other than for game machines; linear motors; marine engines; mufflers for motors; mobile electric power generators; motors and engines (except for land vehicles); mufflers for motors and engines; machine coupling and transmission components, except for land vehicles, and parts therefor; mechanical seals [machine parts]; mechanical engine parts for land vehicles; motors for boats; oil filters for motors and engines; oil drain pumps; power transmission belts for industrial machines; pulleys; pulleys being parts of machines; pistons for internal combustion engines; pistons for engines; pump impellers; pump control valves; pumps for cooling engines; pumps as parts of machines, motors and engines; pressure controllers [regulators] being parts of machines; power transmission parts [other than for land vehicles]; power trains for sea craft; power transmission couplings [other than for land vehicles]; power transmissions and gearing for machines [not for land vehicles]; push rods for engines; pneumatic controls for machines, motors and engines; pneumatic pumps; radiators [cooling] for motors and engines; reduction gears other than for land vehicles; roller bearings for machines; springs being parts of machines; sparking plugs for internal combustion engines; silencers for motors and engines; starter motors; starters for engines; shafts for pumps; speed governors for machines, engines and motors; self-regulating fuel pumps; speed change gears being parts of machines; torque converters, other than for land vehicles; thrusters [marine propulsion apparatus]; transmission shafts, other than for land vehicles; transmissions for machines; valves as machine components; water pumps for use in motors and engines; electronic controls

for motors; electronic servo motor controllers.

Class 9:

Apparatus and instruments for controlling electricity; apparatus and instruments for accumulating electricity; apparatus and instruments for switching electricity; apparatus and instruments for transforming electricity; apparatus and instruments for regulating electricity; apparatus and instruments for conducting electricity; adaptive cruise control device comprised of hardware, software, sensors, transmitters, receivers, and global positioning system (GPS) network used to calculate, control, monitor, and adjust vehicle speed, performance, and efficiency; apparatus and instruments for controlling and monitoring watercrafts; apparatus and instruments for controlling and monitoring unmanned vehicles; apparatus for recording, transmission, processing and reproduction of sound, images or data; access control and alarm monitoring systems; apparatus, instruments and cables for electricity; apparatus and instruments for accumulating and storing electricity; apparatus for diagnosing electrical power installations; autonomous driving control systems for vehicles; apparatus for testing vehicle transmissions; artificial intelligence and machine learning software; alarms; antennas for wireless communications apparatus; anti-intrusion alarms; anti-theft warning apparatus; anodes; battery testers; batteries; battery chargers; battery charging devices for motor vehicles; battery cables; burglar alarms; computer software for wireless content delivery; computers for autonomous driving; computer software for application and database integration; computer software for controlling self-service terminals; charging stations for electric vehicles; coaxial relays; computer network hubs; routers; connectors [electricity]; computer component testing and calibrating equipment; computer cables; cables for the transmission of sounds and images; checking [supervision] apparatus and instruments; computer software for Global Positioning Systems (GPS); computer software; computer software for controlling the operation of audio and video devices; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer hardware and software sold as a unit that enables user to receive and display vehicle position and

movement tracking data, vehicle telematics and engine monitoring data, data relating to vehicle speed, asset tracking, driver performance, and service reminders; computer software for controlling and managing access server applications; computer software for communicating with users of hand-held computers; computer software for processing digital images; computer hardware for telecommunications; computer programs for use in autonomous control of vehicles; computer programs for use in the autonomous navigation of vehicles; cathodic anti-corrosion apparatus; computer applications for automotive electronic control; computer programs to operate vehicles; computers for autonomous-driving vehicles; cruise control systems for vehicles; charging appliances for rechargeable equipment; computer application software for use in implementing the Internet of Things [IoT]; computer hardware modules for use in electronic devices using the Internet of Things [IoT]; computer monitors; data processing equipment; detectors; directional compasses; dynamometers; downloadable electronic maps; downloadable software applications; distance measuring apparatus; diagnostic apparatus, not for medical purposes; electric batteries; electric relays; electric couplings; electrical switches; electric current control devices; electronic motion sensitive switches; electronic databases recorded on computer media; electronic navigational and positioning apparatus and instruments; electronic publications; electronic publications, downloadable; electrical controlling devices; electronic control for adjusting the trim of a surface drive on a marine vessel and for adjusting the trim tabs of a marine vessel; electronic cruise control apparatus; electronic driver display systems for vehicles; electric contacts; electrical sockets; electric cables and wires; electric charging cables; electrical relays; electric control devices for energy management; Electronic control sensors for motors; electronic control systems for machines; electroluminescent display panels; electric power supply units; electronic keys for vehicles; electronic power controllers; electronic devices for eliminating corrosion in marine sterndrives; electrical fuses; emergency signal transmitters; fuel cells; fuel consumption measuring apparatus; gauges; GPS receivers; GPS navigation devices; global

positioning system (GPS) apparatus; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; graphical user interface software; GPS tracking and location devices; ignition batteries; interfaces for computers; life vests; light switches; level gauges; lasers for non-medical purposes; lighting control software for use in commercial and industrial facilities; lighting control apparatus; logs [measuring instruments]; mains chargers; magnetic compasses; marine compasses; marine autopilots; network access server operating software; network routers; oil level sensors; power switches; power controllers; position sensors; proximity sensors; power cables; power distribution or control machines and apparatus; pressure sensors; pressure controllers [gauges]; radio receivers and transmitters; radio-frequency controlled locks; remote controls; rudder position indicators; rudder installations, namely rudder position transmitters and rudder position indicators; remote controls for operating vehicle alarms; radar apparatus; rechargeable electric batteries; rechargers for electric accumulators; radar detectors; radar receivers with amplifiers; remote control apparatus; recorded and downloadable navigation software, namely, software for displaying maps and driving directions; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking [supervision], lifesaving and teaching apparatus and instruments; steering apparatus, automatic, for vehicles; speed indicators; switchboxes [electricity]; generators (Signal -); signal processors; sensors for determining position; sensors for determining temperature; sensors for determining acceleration; sensors for Internet of Things [IoT] enabled devices; software for diagnostics and troubleshooting; simulation apparatus; simulation software; software for GPS navigation systems; software for satellite navigation systems; software for processing images, graphics and text; sonars; telecommunications equipment; transmitting and receiving apparatus for long-distance transmission; telecommunications equipment, namely, fiber-optic transceivers, fiber optic repeaters, converters and optimizers, wave division multiplexers, free-space optics transmission systems, switches including Ethernet switches and routers, fiber-to-the-

home and Ethernet-over-VDSL access aggregators, terminators and repeaters, and remote presence management products, namely, switches, and console, alarm, sensor and power management devices; transmitters of electronic signals; telecommunications cables; thermostats; thermostats for vehicles; terminals for batteries; touchscreen monitors; touchscreen sensors; utility programs for performing computer system diagnostics; ultrasonic object detectors for use on vehicles; voltage regulators; voltage regulators for vehicles; vehicle mounted GPS sensor for determining the rate of motion for a vehicle; vehicle tracking devices comprised of cellular radio modules, computer software and computer hardware, sensors, transmitters, receivers and global positioning satellite receivers, all for use in connection with vehicle tracking, vehicle monitoring and anti-theft vehicle alarms; Vehicle tracking apparatus; vehicle control software; vehicle speed control apparatus and instruments; vehicle automatic driving control devices; voltmeters; wire connectors [electricity]; wireless controllers to remotely monitor and control the function and status of security systems; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; wireless routers; wireless adapters for computers; wireless computer peripherals; measuring and control devices for air conditioning technology; navigation software.

Class 12:

Apparatus for locomotion by land or water; autonomous land vehicles; autonomous vehicles; anti-theft devices for vehicles; boat rudders; ship propellers; screw-propellers for boats; propellers for boats; boats; couplings for land vehicles; clutches for land vehicles; clutch linings for land vehicles; disengaging gear for boats; driving motors for land vehicles; driverless transporter vehicles; dump trucks; diesel motors for land vehicles; engines for land vehicles; electrically powered motor vehicles; electric drives for vehicles; electric steering gears [for vessels]; fuel cell electric cars; ferry boats; gearboxes for land vehicles; hybrid vehicles; hydrogen fueled cars; hydraulic torque converters for land vehicles; hydraulic circuits for vehicles; land vehicles; motors for land vehicles; off-road vehicles; power clutches for land vehicles; propeller shafts

for boats; power take-off shafts for land vehicles; propulsion mechanisms for land vehicles; powertrains, including engines and motors, for land vehicles; remote control vehicles, other than toys; steering gears for ships; steering wheels for vehicles; steering gears and rudders [for vessels]; tractors; trimming vanes in the nature of trim tabs for boats; thrusters for vehicles; vehicle joysticks; vehicle propellers; yachts.

Class 35:

Advertising; administrative processing of warranty claims; business management; business administration services; business statistics information; computerized online retail store services relating to engines/motors and machines (including drive units), as well as of parts, fittings and accessories for the aforesaid goods; compilation of statistics [for business or commercial purposes]; collection, systematization, compilation and analysis of business data, statistics, information and indexes of information for commercial or advertising purposes; commercial management; customer relationship management; database management; management (Advisory services for business); organisation of customer loyalty programs for commercial, promotional or advertising purposes; obtaining business statistics [for others]; providing information concerning commercial sales; providing consumer information relating to goods and services; processing warranty registration documents for others; retail services in relation to vehicles; retail services and wholesale in respect of engines/motors and machines (including drive units), as well as of parts, fittings and accessories for the aforesaid goods; retail services in relation to construction equipment; sales promotion services; all of the above only related to power generators, industrial engines, engines for off-road vehicles and/or engines or products for boats or ships.

Class 37:

Advisory services relating to the installation of generators; anti-rust treatment for vehicles; battery charging service for motor vehicles; charging of electric vehicles; construction, maintenance and repair of watercraft, yachts, boats and water vehicles; custom construction of ships; electric appliance installation and repair; emergency vehicle repair services; fueling of hydrogen gas for vehicles; fire alarm installation and

repair; HVAC (Heating, ventilation and air conditioning) installation, maintenance and repair; information and consultancy services relating to vehicle repair; inspection of vehicles prior to maintenance; installation, maintenance and repair of computer hardware for telecommunications systems; installation of electricity generators; installation, repair and maintenance of condensing apparatus, steam condensers, radiators for motors and engines, air reheaters, boiler tubes; inspection of vehicles prior to repair; installation, maintenance and repair of computer network and information technology equipment; installation of energy-saving apparatus; interference suppression services for electrical apparatus; installation of theft prevention devices; installation of electric light and power systems; installation, maintenance and repair of computer hardware; installation, maintenance and repair of catalytic converters; marine construction; maintenance and repair of ships; maintenance and repair of energy generating installations; maintenance, servicing, tuning and repair of motors; maintenance and repair of electricity generators; maintenance and repair of parts and fittings for boats; maintenance of parts and fittings for commercial motor land vehicles; machinery installation, maintenance and repair; natural gas refuelling service for motor vehicles; providing information relating to the repair or maintenance of power generators; polishing (cleaning); repair or maintenance of power generators; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of vessels; repair or maintenance of electric motors; rental of tools, plant and equipment for construction, demolition, cleaning and maintenance; rental and leasing of tools and workshop equipment for vehicles, engines, motors and machines; rebuilding engines that have been worn or partially destroyed; rental of machines, tools and apparatus for building construction; reconditioning of vehicle engines; reconditioning of industrial machinery; reconditioning machines, motors and engines that have been worn or partially destroyed; repair of power generating apparatus and installations; repair and maintenance of electric vehicles; repair or maintenance of power distribution or control machines and apparatus; repair of electrical equipment and electrotechnical installations; repair of

energy supply installations; repair of filters for machines, motors or engines; repair or maintenance of measuring machines and instruments; technical support services, namely, technical advice related to the installation of generators, marine engines and motors; tuning of engines; vehicle battery charging; vehicle cleaning; vehicle fueling services; vehicle maintenance; vehicle repair services.

Class 38:

Advisory and consultancy services relating to wireless communications and wireless communications equipment; computer-aided transmission of messages and images; communication by radio; communication via computer terminals, by Digital transmission or by satellite; communications via multinational telecommunication networks; electronic transmission of data and documents via computer terminals and electronic devices; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission of messages and data; electronic exchange of data stored in databases accessible via telecommunication networks; internet communication; information transmission via electronic communications networks; interactive delivery of video over digital networks; maritime radio-telephone network services; network transmission of sounds, images, signals and data; providing access to telecommunication networks; provision of access to an electronic marketplace [portal] on computer networks; providing email notification alerts via the internet; paging services; providing voice communication services over the Internet; rental of access time to global computer networks; telematics services; telephone communication services provided for hotlines and call centers; transmission of information through video communication systems; transmission of information by electronic communications networks; transmission, reception and processing of coded and emergency signals; telecommunication access services; transmission of messages; wireless communication services; wireless broadband communication services.

Class 40:

Air and water conditioning and purification; custom assembling of materials for others; custom assembling of electronic components for communication devices; custom construction of

machines; custom manufacture of boats; custom construction of power generators and engines; customization of motor vehicles; custom manufacturing services for others in the field of propulsion systems for motors and engines; custom manufacturing of propulsion systems for thruster units for others; consultancy services relating to the generation of electrical power; generating of electricity; generation of power; production of hydroelectric power; rental of electric power generators; rental of power-generating equipment; rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing.
