接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

information; apparatus for coding and decoding signals; apparatus for use in broadcasting, transmission, receiving, processing, reproducing, encoding and decoding of digital signals; electronic circuits and components all for processing, coding and decoding electronic radio frequency and optical signals; speech processors, amplifiers, receivers and transmitters; alarm systems; security cameras; mobile radio and television broadcasting units; cameras; video cameras; headphones; ear pieces; speakers; GPS (Global Positioning System) apparatus and equipment; computer, electronic and video games programmes and electronic equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; mouse pads; integrated circuits; data storage programs; servers; web-based online systems for booking satellite capacity and for the automated remote-control of satellite transmission equipment; pedometer; dongles; cloud computing operating system; data center storage devices; cloud computer networks and applications; computer software platforms for cloud computing networks and applications; computer software to enable users to program, view and distribute audio, video, text and other multimedia content, including music, concerts, videos, radio, television, news, sports, games, cultural events, and entertainment-related and educational programs via communication networks; computer software for use with satellite and/or GPS (Global Positioning System) navigation systems for navigation, route and trip planning, and electronic mapping; computer software used in mobile phones that allows users to play and download electronic games, listen to and download ring tones and music, and view and download data, software, screen savers and wallpapers; apparatus for processing card transactions and data relating thereof and for payment processing; on-line and off-line electronic payment apparatus; cash payment service computer terminals; downloadable software that allows subscribers to utilize VOIP communication, virtual community and social networking services; and parts and fittings for all the aforesaid goods; all included in Class 9.

Class 38:

Telecommunication services; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; telecommunication gateway services; computer network communication services; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals, communication by fibre optic networks, computer aided transmission of messages and images, facsimile transmission, message sending, paging services, rental of modems, data communication services by electronic means; telephone services; mobile phone services; telegraph services, telex services; telegraphic-wire services; wire services; satellite communication services; electronic mail service; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; collection, transmission and delivery of data by

electronic means; collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging, conferencing and order-transmission services; communication services for video conferencing purposes; satellite video conferencing services; video conferencing services; radio and television communication services; communication services between computers; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of discussion forums; provision of telecommunication access to signal coding and decoding apparatus; television broadcasting services; broadcasting and transmission of radio and television programmes; cable television broadcasting; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; preparation of reports in relation to the foregoing services; provision of telecommunication facilities for interactive discussion and conversation; telecommunication services provided by means of pre-paid telephone cards; telephone services relating to credit card authorization; providing access to digital music web sites on the Internet; providing telecommunication access to MP3 (Moving Picture Experts Group-1 audio layer 3) web sites on the Internet; delivery of digital music by telecommunications; computerized consultation of telephone directories; transmission of information relating to on-line shopping and general retail services; video-on-demand transmission services; providing voice over Internet protocol (VOIP) peer-to-peer communications; providing a high speed access to area networks and a global computer information network; teletext services; news agency information and news agency services; transmission of news; supply of satellite radio and television broadcasting facilities; operation of transmit and/or receive satellite earth stations (whether fixed or transportable); dissemination of television programmes relayed by satellites, the Internet or by other electronic means; telecommunication services in relation to web-based online systems for booking satellite capacity and for the automated remote-control of satellite transmission equipment; leasing access time to a computer database; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications and data via computer networks for processing and/or displaying purposes; providing user access to remote computers containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); consultancy in the field of

data processing equipment, apparatus for recording, transmission or reproduction of sound or images, all for the transmission, distribution and broadcasting of information, data, graphics, sound, music, videos, animation and text, via satellite systems or landline computer networks, computer hardware, computer software, information technology, telecommunications apparatus, electronic apparatus and instruments and the Internet; on-line electronic transmission services for secure payment transactions; electronic transmission of information via computers, computer networks and mobile telephones; operation of telex machines; consultancy, information and advisory services in relation to the aforesaid services; all included in Class 38.

Class 42:

Computer service relating to creating indexes of information, sites and resources on computer networks; computer programming; computer integration services; design, drawing and commissioned writing, all for the compilation of web pages on the Internet; creating and maintaining web sites; hosting web sites of others; installation, maintenance and repair of computer software and computer programs, updating of computer software, computer services relating to recovery of computer data, computer software design; design and engineering design services relating to telecommunications systems and apparatus; testing of computing, telecommunication, electrical and electronic apparatus and instruments; computer systems analysis; computer database development; rental and leasing of computers, computer apparatus, computer software and computer data; computer services relating to home shopping services provided from the Internet; computer and electronic signal coding and decoding; design and development of computer hardware; design of computer databases and electronic record formats; computer and software support and maintenance services; design of computer software and hardware for use in telecommunications and voice over Internet protocol (VOIP) applications, data transmission and instant messaging services; providing temporary use of online, non-downloadable computer software that allows subscribers to utilize VOIP communication, virtual community and social networking services; design of computer software and hardware for use in web-based online systems for booking satellite capacity and for the automated remote-control of satellite transmission equipment; technical advisory and consulting services relating to computer software and hardware; monitoring of apparatus for recording, transmission or reproduction of sound or images for the transmission, distribution and broadcasting of information, data, graphics, sound, music, videos, animation and text, via satellite systems or computer networks; monitoring of data processing equipment, computer hardware, telecommunication apparatus, digital point of sale material and electronic signage; cloud computing consultation services; meteorological information; architecture; surveying; geological survey, research and prospecting; testing and research of pharmaceutical, cosmetics and food; research for building construction and city planning; testing and research for prevention of pollution; electrical testing and research; civil engineering testing and research; testing, inspection and research

for agriculture, livestock breeding and marine product industries; rental and leasing of measuring apparatus and instruments; rental and leasing of fixing equipment (computer equipment); rental and leasing of ultrasonic diagnostic equipment (computer equipment); rental and leasing of physical or chemical apparatus and instruments; consultancy and advisory services relating to energy conservation; energy auditing; environmental design services; environmental conservation and management; testing and evaluation of occupational health and safety; architectural and design services; interior designs of buildings, offices and apartments; application service provider services for uploading, posting, displaying, sharing or otherwise providing electronic media over the internet; application software services; creation of on-line social network sites; hosting social network sites; cloud services to enable downloading and uploading data; cloud services for storing data and computer software; cloud computing services; electronic storage and retrieval of data, documents, text, video and files; electronic storage and retrieval of technical information; leasing of electronic data storage apparatus; operation of electronic calculators; rental of entertainment software; designing, creation and hosting of bill payment websites; operating search engines; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.
