

香港特別行政區政府知識產權署商標註冊處

Trade Marks Registry, Intellectual Property Department

The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的 後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

Class(es) No(s) .:
- [511] 貨品 / 服務說明 : Class 6:
Specification: Building materials and metal construction elements; unprocessed and partially processed metal materials not adapted for a specific use; metal hardware; doors, gates, windows and window covers made of metal; structures and transportable structures made of metal; statues and works of art made of base metals; containers and articles of transport and packaging made of metal; parts and accessories for all the aforesaid goods, all included in Class 6.
Class 7:
Machinery for agriculture, earthworks, construction, oil and gas extraction and mining; pumps, compressors and fans; industrial robots; removal and transport equipment; electric generators; machines and machine tools for material processing and production; motors, drives, machine parts and controls for the operation of machines and motors; delivery machines; sweeping, cleaning and washing machines; parts and accessories for all the aforementioned goods, all included in Class 7.
Class 9:
Data processing equipment and computers; software; scientific, measurement, optical, weighing, signalling and control devices and instruments; devices and instruments for conducting, switching, transforming, storing, regulating or controlling electricity; devices for recording, transmitting and reproducing sound, data and images; microprocessors; chips [integrated circuits]; transmitting and

receiving devices for electronic or optical signals; electrical sensors, in particular radio sensors; antennas; computer peripherals; interfaces [computer interface apparatus or programs]; parts of the aforesaid apparatus; all included in Class 9.

Class 12:

Vehicles and means of transport; parts and accessories for vehicles as well as wheels, tyres and tracks for vehicles.

Class 16:

Paper, paperboard (cardboard) and goods made from these materials, all included in this class; printed matter; bookbinding materials; photographs; stationery; adhesives for stationery or household purposes; artists' materials; brushes; typewriters and office requisites (except furniture); instructional and teaching materials (except apparatus).

Class 19:

Non-metal building materials and construction elements; non-metal doors, gates, windows and window covers; non-metal structures and transportable structures; unprocessed and partially processed materials not adapted to a specific use, all included in this class, namely pitch, tar, bitumen and asphalt, stone, rock, clay and minerals, wood and imitation wood; statues and works of art, all included in this class; parts and accessories for all the aforesaid goods, all included in this class.

Class 35:

Advertising; business management; company administration; office work (office functions); merchandising; sales promotion [for third parties]; mediation of commercial and economic contacts, including via the Internet; mediation of contracts for third parties concerning the purchase and sale of goods and/or the use of services; organisation of advertising events; presentation of companies on the Internet and other media; business management, business advice on management issues, business advice on the organisation and management of companies; business management and organisational advice; carrying out business cost-benefit, market and marketing analyses for companies and scientific institutions; business management advice on drawing up business plans for third parties and drawing up business plans for third parties; organisation of business plan competitions for advertising purposes; advice on the organisation of business start-ups; business consulting services relating to the

exploitation of business ideas; business administration, management consulting; personnel management consulting; franchising, namely the transfer of economic know-how; collection of information of all kinds in computer databases; compilation and systematisation of data in computer databases; maintenance of data in computer databases; commercial management of the licensing of goods and services for third parties; services of an advertising agency; advertising; marketing for third parties in digital networks; market research; public relations; sponsorship in the form of advertising; economic advisory services relating to the representation of economic interests of third parties with respect to political decision-makers and other persons; commercial and business management of transport infrastructure facilities, buildings and public infrastructure facilities as well as energy generation facilities; the aforementioned services in particular within the framework of public private partnership projects; business and organisational advice, preparation and supervision for construction projects and real estate, in particular for the construction, equipping, use, management and operation of buildings and real estate of all kinds; business and organizational planning and development of construction projects; development of utilisation concepts for real estate from a business perspective; services of a business economist for project management and project controlling; mediation, conclusion and execution of contracts for the sale of immovable property and real estate; business and organisational consulting in the field of tendering and awarding construction contracts; business planning; business consulting in the field of accounting; business and organisational consulting in the field of landfill management; procurement services for third parties; company management; brokerage in the provision of information of trade and economic contacts; brokerage of trade transactions for third parties; business and organisational consulting on energy consumption and energy saving; retail and wholesale services with construction materials, building materials, construction machinery and construction equipment; real estate marketing.

Class 36:
financial affairs; real estate services;
financial mediation and financial management

of and participation in investments in infrastructure facilities, public infrastructure buildings and facilities as well as in energy generation facilities; the aforementioned services, in particular in connection with public-private partnership projects; real estate; real estate management; financial consulting, preparation and support for construction projects and real estate, in particular for the construction, fit-out, use, management and operation of buildings and real estate of all kinds; financial construction project planning and development; brokerage, leasing, letting, management and operation of real estate; asset management for construction projects and real estate; development of utilisation concepts for real estate in financial terms; financial consulting in the field of landfill operations; financial consulting; insurance; brokerage and administration of insurance; insurance consulting; financial consulting on the purchase or sale of companies.

Class 37:

Construction; repairs; installation works; construction of traffic infrastructure facilities as well as buildings and public infrastructure facilities and energy generation facilities; the aforementioned services in particular in connection with public-private partnership projects; construction; structural and civil engineering, including tunnelling; road construction; port construction; construction and upgrading of waterways; airport construction; construction of squares; construction of track-guided routes; development of developed and undeveloped properties; construction, maintenance, repair, servicing, renovation and cleaning of real estate, in particular of buildings; maintenance, repair, servicing and cleaning of real estate equipment and facilities; execution of construction projects; conversion of real estate; construction of facilities for drinking water supply, sewage disposal and sewage treatment; construction of energy production generation of landfills; management of construction works; rental of construction machinery; provision of construction information; maintenance, repair and servicing of industrial facilities; equipping and supplying construction sites; construction services provided by a developer, namely execution of construction projects, in particular construction of bridges;

construction work on bridges; installation and maintenance of hardware for network systems; demolition work; hiring of tools, construction machinery and equipment for construction and demolition work; extraction of natural resources; hire, rental and leasing of goods in connection with the supply of the above-mentioned services, all included in Class 37; consultancy and information on the above-mentioned services, all included in Class 37.
Class 38:

Telecommunications, in particular provision of access to and electronic transmission of television, radio, telecommunications, data and information signals via wireless and/or wired digital and analogue networks, also in online and offline operation in the form of interactive electronic media services and by means of computers, including the gathering and delivery of news via satellite, radio, fax, telex, telephone, telegram and email (as part of the service of a press agency); provision of access to network-based telecommunications services, namely internet and intranet, for the transmission and use of documents and services to be provided by means of the telecommunications network, namely electronic transmission and amplification and/or reproduction of information signals, as well as communication between the subscriber facilities operated in the public network, including electronic transmission of faxes, texts and graphics for display on visual display units, images and information for remote display, telemetry, remote switching and remote adjustment between these terminals; electronic transmission of messages for printing or for electronic use by the customer; services of an online provider, namely provision of access to information and its transmission as well as transmission of texts, drawings and images about goods and services as well as electronic transmission and transmission services for data, voice and video signals and telephone services, mobile radio services, value-added services (telecommunications services), email services, call forwarding and conference calls; collection of press releases; computer-aided transmission of messages and images; email data services; provision of access to an address information centre, an electronic marketplace, remote security service centre or trust centre on computer networks; provision of Internet access (software) to texts, graphics, documents, databases and computer

programs; provision of chat lines and forums; the aforementioned services also for transmission via the Internet; broadcasting and electronic transmission of radio and television programs as well as electronic transmission of chargeable services provided via telecommunications networks, video on demand programs, near video on demand programs, online information services, home shopping services, video telephony services, teleworking services, tele-learning services, tele-teaching services, telemedicine services, video games, and interactive television and computer services; rental of equipment for telecommunications and for the transmission or retrieval of data and information, including fax machines, modems, telephones and telecommunications equipment; rental of telecommunications equipment, in particular for remote data transmission and retrieval; services provided by Internet and Internet providers, namely the provision of access to software in data networks for Internet access; provision of access to the websites on the Internet or on an intranet for third parties; the operation of telecommunications facilities, in particular communication centres, namely telephone hotlines, email hotlines and fax hotlines; telecommunications and data transmission services; and data transmission services between networked computer systems; telecommunications services, in particular for the operation of telecommunications equipment for the electronic transmission of information and data; electronic transmission of information through remote indication, telemetry, remote switching and remote adjustment (telecontrol information) between terminals operated as telecontrol control centres and a specific group of terminals operated as telecontrol control centres; electronic transmission of texts and images from news agencies to newspaper companies, broadcasters and public authorities (transmission service for press releases); transmission of messages for the purposes of the alerting service (transmission services for the alerting service); paging through radio, telephone or other means of electronic communication, including the transmission of messages from a given sender from transmitting radio stations to receivers (radio messages to one or more receivers) and the transmission of maritime safety messages via coastal radio stations (maritime radio service); the rental of access time to

databases containing data, graphics, audio-visual and multimedia information and computer programs for the transmission and use of documents, and the rental of access time to databases.

Class 39:

Supplying consumers with electricity, heat, gas or water; distribution of energy; storing waste in landfills; operating landfills; transport facilities; operation of infrastructure facilities, in particular airports and ports; operation of traffic routes and facilities, in particular roads, tunnels, bridges and railways; operation and chartering of special ships for construction projects.

Class 40:

Material processing, namely stripping, waste processing (transformation), grinding, 3D printing of samples, decontamination of hazardous materials, crude oil processing, energy generation, information on material processing, soldering, air conditioning, air cleaning, air improvement (deodorisation), metalworking, metal casting, waste and refuse recycling, metal plating, polishing by grinding, refining, grinding, forging, welding, sorting waste and recyclable materials, power generation, waste and refuse incineration, waste and refuse destruction, water treatment; preparation of materials to order (for third parties); remediation of contaminated soils; recycling of residual building materials.

Class 41:

Education; education and training; entertainment; sporting and cultural activities; publishing services of a publishing house (excluding printing); production of published products and printed matter and music products as well as audio and video carriers of all kinds in electronic form, also on the Internet; publication of magazines and books in electronic form, also on the Internet; provision of electronic publications (not downloadable); online publication of electronic books and magazines; compilation and production of film, television, radio and multimedia programmes or broadcasts; organisation and conduct of training courses, seminars, workshops, symposia, congresses and conferences; organisation of exhibitions for educational purposes; operation of educational facilities, in particular schools and universities; operation of sports and leisure facilities;

operation of cultural facilities.

Class 42:

Scientific and technological services and research and related design services; scientific and industrial research; conduct scientific studies; scientific and technical advisory services; provision of technical and scientific opinions; technical and scientific project planning; carrying out of technical measurements; development of measurement and testing methods; materials testing; quality testing; testing services of a technical measurement and testing laboratory; technical development and research services relating to new products for third parties; computing services of a programmer; design and development of computer hardware and software; maintenance and installation of software; research services in databases and on the Internet for science and research purpose; technical consulting in the field of energy saving; technical research and development work in the fields of materials technology and component behaviour, production technology and manufacturing technology, information and communication technology, microelectronics and microsystems technology, sensor systems and testing technology, process engineering, energy and construction technology and environmental and health research; technical-economic studies and information dissemination, in particular specialist information for the fields of civil engineering and regional planning; scientific-technical trend analyses; quality control services provided via award of certification seals; technical quality assurance and product development, technical testing of products and plants and preparation of technical quality inspection reports; weak point analysis, technical consulting in the development of new products; construction and design planning; construction and design consulting; services of an architect; technical preparation, support and advice on construction projects; engineering services of an engineer and an industrial engineer for project management, project development and project controlling; development of utilisation concepts for designing real estate in technical terms; planning and technical consulting on the use, management, exploitation and operation of real estate; planning and technical consulting for the fit-out/construction of real estate; technical construction project planning and development; development of computer software

and Internet technologies, in particular for all the aforementioned services; installation and maintenance of software; technical consulting for landfill management; technical consulting for the development of real estate; calculations, investigations, equilibration and data management for energy consumption, electricity consumption, gas consumption, water consumption and heat consumption; consulting in the field of energy consumption and energy saving; technical analysis, consulting and design services in the field of occupational safety, health and environmental protection; technical preparation of building projects by property developer.

Class 44:

Agricultural, water gardening, gardening and forestry services; operation of health care facilities, in particular hospitals.

Class 45:

Consulting in the field of safety; implementation of safety and monitoring measures in the field of occupational safety, health and environmental protection.

[511] 貨品 / 服務說明: Class 6:
Specification: Tool storage chests of metal sold empty, clamps of metal, metal c-clamps, metal wheel chocks; metal tool storage units, namely, chests and a-frames; metal accessories for tool storage units, namely, tool boxes, tool trays, socket clips, wrench organizers, roll cab handles, hang-on trays, metal casters; non-luminous and non-mechanical metal signs; metal boxes; metal ramps; non-precious metal goods, namely, name plates, metal license plates, key holder boards; metal trays; covers for metal roll cabinets.
Class 7:
Automotive and industrial power tools, namely, power-operated impact wrenches, cordless power-operated ratchet wrenches, cordless power drills, power-operated engravers, power-operated polishers, grinders, air impact

power-operated wrenches, power-operated air ratchets, power-operated air drills, power-operated air hammers, die grinders, pencil die grinders, air powered-operated punch tools; electric air-powered sanders, namely, orbital, disc, in-line and jitterbug sanders, belt sanders; power-operated tire buffers, power-operated pinstripe removal tools, power-operated needle scalers; finishing tools, namely, power-operated polishers; power drill bit sets, power drill bits, wire brushes for use in machines; cutting and grinding accessories, namely, grinder/finisher kits, comprised of grinders, grinder discs, shank adaptors, spanner wrenches all sold as a unit; pneumatic blow guns; laser engraving pens, being parts of machines; transmission boot and joint tools, namely, boot tools, joint clamps, boot installers, air regulators, and rack and pinion tools; motorcycle power jacks, automobile power jacks, truck power jacks, power jack stands, power transmission jacks, hydraulic jacks; engine hoists; air chucks for power drills; power-operated hub cap removers; camshaft pulley tools, namely, electric pulley blocks, oil filter crushers; timing belt tension compressors for engines for land vehicles; power-operated lock tools for cam shaft sprockets; brake bleeder pumps other than for vehicles; body repair kits comprised of paint spray guns; abrasive blast cleaning machines; wet/dry vacuum cleaners and accessories, all sold as a unit; mechanized units for cleaning parts, namely, high pressure washers; vacuum pumps; soldering kits consisting of electric soldering irons and also tips, stand and cleaning sponges in a storage case all sold as a unit; miniature butane soldering torches; air compressors; hydraulic power units for pullers; hydraulic presses; arbor presses; hydraulic nut splitters; pressurized wheel bearing packers; air filters for motor vehicles and engines; engine starters.

Class 8:

Automotive and industrial hand tools, namely, socket wrenches, bit socket wrenches, metric hex bits for hand drills, hex bits for hand drills, triple square bits extensions in the nature of knurled, locking, locking set screw for hand drills, handled swivel, nut and bit drivers, turbo T-handle speed swivel nut and bit drivers; general service sets of hand tools, namely, socket wrenches, hex bits for hand drills, ratchet wrenches, hex socket bit drivers, spark plug sockets, quick release

ratchet wrenches all in a storage case; manually operated hand tools, namely, combination reversible ratcheting box/open end wrenches, flex head ratcheting box-open end wrenches, open end wrenches, screwdrivers, ratcheting screwdrivers, ratcheting bit wrenches, prybars, pliers, wire crimpers, wire cutters; hand tools, namely, tweezers, miniature tools in the nature of pliers, revolving punches, automatic centering punches, steel stamping-out tools, hammers, utility knives, multi-purpose safety cutters, hobby knives, putty knives and scrapers, chain pipe cutters, general purpose tubing cutters, hand tubing benders, spark plug sockets being hand tools; hand tools, namely, metric die sets consisting of single hex non-adjustable dies, die plus taps, die stock, T-handle tap wrenches, thread pitch gauge, a drill/tap chart and a midget screwdriver in a storage case, all sold as a unit; hand tools, namely, die sets consisting of taps and dies, pipe thread taps and dies, die stocks, tap wrenches and also screw pitch gauge and a screwdriver in a storage case, all sold as a unit; hand tools, namely, screw extractor sets consisting of drill bits and screw extractors in a storage case, all sold as a unit; hand tools, namely, screw remover sets consisting of drill bits in a storage case, all sold as a unit; hand tools, namely, injector slide hammer puller, 6-point crowfoot wrenches, 6-point flare nut socket wrenches, injection pump wrench, idle wrench, 6-point deep socket wrenches, 6-point flare nut socket wrenches, gear puller; hand tools, namely, belt wrench, fuel filter wrenches; hand tools, namely, wrenches, injector and idle lock nut wrenches, cutting tools, hose-pinching pliers, mallets, oil filter wrenches, all-purpose snips, riveting tools, windshield removal tools in the nature of steel cable pull handle and windshield knife, window scrapers, door hinge tools in the nature of pliers, antenna wrench; vices of metal; Multi-function hand tools comprised of screwdrivers, knives, can or bottle openers, files, single cut files, double cut files, pliers, lights, wire cutters, leather tools, nail tools, serrated blades, locking saws; manicure sets; ice scrapers; magnetic pick-up tools; spark plug boot remover; torque adaptor; speeders; breaker bars; manual torque multipliers; torque wrenches; torque screwdrivers; torque drivers; needle-nose pliers; chisels; awls; hook and awl sets; picks; hacksaws; master

spindle rethreading sets consisting of rethreading dies in a storage case; jack stands; floor jacks; tire bead breakers; trim pad tool sets; general brake service kits consisting of brake spring pliers, brake adjusting tool, brake bleeder wrench, drive spring cap socket and drive soft grip driver; knife sharpeners; pocket knives.

Class 9:

diagnostic equipment for automotive, truck, aerospace, military vehicles, energy industry and industrial use, namely, scanners in the nature of automotive diagnostic scan tools (OBD-II (On-Board Diagnostics - Second Generation) scan tools), OBD-II (On-Board Diagnostics - Second Generation) break out box, heavy-duty scan tools for trucks testing; digital multimeters; specialty circuit testers; diagnostic leak detectors for air conditioning, fuel tanks, and coolants, carbon monoxide analyzers; mechanic's stethoscopes, marine mechanic's stethoscopes, electronic squeak and rattle finders, infrared thermometers not for medical purposes, thermometers not for medical purposes; ignition quick probes for testing ignition batteries; digital timers for lights; lead testers for vacuum pumps; diagnostic fuel injector probes for testing diesel engines; electric oxygen sensor wrenches for scientific use; battery chargers; battery testers; portable booster battery packs; booster battery cables; battery hydrometers; digital manifold level gauges; digital tire pressure gauges; calipers for measuring automobiles, trucks, tractors and earth moving equipment; bubble levels, angle magnetic locators, tape rulers, tape measures; telescoping inspection mirrors for automotive use; combustion leak tester kits consisting of leak detectors for fuel and exhaust systems vacuum pressure pump kits for brake testing service; eye, ear and face safety protection equipment, namely, protective ear covering shields and safety glasses; protective work gloves; knee pads for workers; extension cords and reels for extension cords; antifreeze fluid leak detector; cordless battery charger and battery charger packs; power adapters; spark plug gap and feeler gauges; diesel timing gauge sets consisting of feeler gauges and compression gauges; peak voltage testers for motorcycles; leak detection fluid for automotive use; micrometers; electronic torque testers; dial indicators; dial test indicator sets; engine oil pressure gauge sets; wheel balancers;

motorcycle wheel balancers; plastic cell phone holders; power inverters; USB power supply units; lithium ion batteries; battery chargers; diagnostic smoke machines; combustible gas detectors; welding helmets.

Class 11:

Air conditioning filters; flashlights; LED work lights for construction settings, namely, shop lights, front lights and spot lights; flexible lights, namely, portable utility lights; cordless LED work lights for construction settings; LED lanterns, portable gas grills; cordless work lights.

[511] 類別編號 :
Class(es) No(s) .: 6,11,19,20,37

[511] 貨品 / 服務說明 :
Specification: Class 6:
Metal building materials like metal ceilings,
paneled ceilings, air-conditioned ceilings,
heating and cooling ceilings, ceiling panels
of metal, fire protection ceilings,
illuminated ceilings (metallic), facades of
metal, metal partition walls, mobile partition
walls (metallic), floor plates of metal,
cavity floors (metallic), double floors
(metallic), door systems (metallic),
constructional fittings (metallic), sound
protection elements (metallic), fire
protection elements (metallic), transportable
buildings of metal, working cabins (metallic),
ceiling sails made of metal materials, wall
coverings of metal for construction purposes,
roofs of metal, roofs of metal with integrated
solar cells.
Class 11:
Illumination, lighting installations and
lamps, integrated built-in lights, mirror
louvre luminaires, prism lights, floor lamps,
light sails.
Class 19:
Building materials of wood and plastic like
paneled ceilings, air-conditioned ceiling,
heating and cooling ceilings, ceiling panels
of wood, fire protection ceiling, illuminated
ceilings, partition walls (non-metallic),
glass partition walls, facades (non-metallic),
mobile partition walls, floor plates (non-
metallic), cavity floors, double floors, door
systems (non-metallic), constructional
fittings (non-metallic), sound protection
elements (non-metallic), fire protection
elements (non-metallic), ceiling sails made of
non-metallic materials, wall coverings (non-
metallic) for construction purposes, non-
metallic transportable buildings, working
cabins, heating floors, dry floor screed,
roofs (non-metallic), roofs (non-metallic)
with integrated solar cells, glass roofs,
flush-mounted and frameless glazings (non-
metallic).
Class 20:

Furniture, for example for hotels and restaurants; wall units, wooden partition walls, glass partition walls.

Class 37:

[511] 貨品 / 服務說明: Class 7:
Specification: Metalworking machines and parts thereof;
metalworking machine tools; machining centers;
computer-controlled metalworking machines and
tools; laser welding machines; laser welding
devices; laser metalworking machines; laser
metalworking machines used for cutting; laser
metalworking machines used for metal surface
treatment; laser metalworking machines used
for welding; gear manufacturing machines being
machine tools; toothed wheel manufacturing
machines being machine tools; gear cutting and
finishing machines; cutting tools for
machinery and parts thereof; cutter blades for
cutting tools [parts of machines]; broaches
for machine tools; cutter heads [parts of
machines]; gear cutters for machine tools;
cemented carbide tools for machine tools;

cemented carbide cutting tools; anti-corrosive cemented carbide tools; anti-abrasive cemented carbide tools; grinding machines with spiral bevel gears; grinding machines for metalworking; semi-conductor manufacturing machines; semi-conductor wafer processing machines; 3D printers.

Class 9:

Electronic data processing apparatus and electronic control systems for machines; computer hardware used for status checking, remote monitoring and operating machine tools; computer software used for status checking, remote monitoring and operating machine tools; computer hardware used for obtaining and analyzing information of machine tools; computer software used for obtaining and analyzing information of machine tools; computer software used for cloud computing; semi-conductors; semi-conductor chips; integrated circuits; computer servers used for remote monitoring systems; computer software used for 3D modeling; laser measuring systems; 3D scanners; computer software used for simulation of cutting tools and machine tools; computer software used for simulation; application software; measuring machines; digital displacement indicators used for precision measuring instruments; precision measuring instruments; measuring instruments used for collecting surface data of 3D objects; laser scanning sensors for measuring shapes of objects; measuring instruments using 3D computer graphics; measuring instruments for controlling metalworking machines; measuring instruments controlled by computers; measuring instruments using cameras; measuring instruments using photographs; measuring instruments using photographs for adjusting length of machine tool blades; measuring apparatus; measuring instruments; tool measuring instruments; telecommunications apparatus; radio receivers for remote controls; analogue to digital converters; electronic data processing apparatus for 3D image processing; electromagnetic measuring detectors; optical machines and instruments; photographic apparatus and instruments; cinematographic machines and apparatus.

Class 37:

Installation of metalworking machines; installation of data communication apparatus; machinery installation; maintenance and repair of metalworking machines; providing information on maintenance and repair of metalworking machines; monitoring maintenance

of toothed wheel manufacturing machines, grinding machines, milling machines, machining centers, laser welding machines, cutting tools and metalworking machines by remote access; maintenance and repair of toothed wheel manufacturing machines, grinding machines, milling machines, machining centers, laser welding machines, cutting tools and metalworking machines; maintenance and repair of measuring machines; providing information on maintenance and repair of measuring machines; maintenance and repair of measuring instruments used for collecting surface data of 3D objects, laser scanning sensors for measuring shapes of objects, measuring instruments using 3D computer graphics, measuring instruments for controlling metalworking machines, measuring instruments controlled by computers, laser measuring systems; providing information on maintenance and repair of measuring instruments used for collecting surface data of 3D objects, laser scanning sensors for measuring shapes of objects, measuring instruments using 3D computer graphics, measuring instruments for controlling metalworking machines, measuring instruments controlled by computers, laser measuring systems for fault diagnosis; maintenance and repair of telecommunications apparatus; providing information on maintenance and repair of telecommunications apparatus; monitoring maintenance of analogue to digital converters by remote access; monitoring maintenance of 3D printers by remote access; maintenance and repair of toothed wheel manufacturing machines, grinding machines, milling machines, machining centers, laser welding machines, cutting tools and other metalworking machines; maintenance and repair of analogue to digital converters; providing information on maintenance and repair of analogue to digital converters for fault diagnosis; maintenance and repair of integrated circuits manufacturing machines; providing information on maintenance and repair of integrated circuits manufacturing machines; maintenance and repair of semi-conductor manufacturing machines; providing information on maintenance and repair of semi-conductor manufacturing machines; monitoring maintenance of semi-conductor wafer processing machines and semi-conductor manufacturing machines by remote access; maintenance and repair of measuring instruments used for collecting surface data of 3D objects, laser scanning sensors for measuring shapes of

objects, measuring instruments using 3D computer graphics, semi-conductor wafer processing machines and semi-conductor manufacturing machines; providing information on maintenance and repair of semi-conductor wafer processing machines and semi-conductor manufacturing machines for fault diagnosis by telecommunication ; maintenance and repair of 3D printers; providing information on maintenance and repair of 3D printers for fault diagnosis by telecommunication.

Class 41:

Teaching; educational and instruction services regarding operation and maintenance of machine tools; arranging and conducting of seminars.

Class 42:

Design of machines, apparatus, instruments and mechanical components and mechanical engineering; design of telecommunication equipment; testing and research services relating to machines, apparatus and instruments; rental of measuring apparatus; rental of measuring machines; rental of measuring instruments used for collecting surface data of 3D objects; computer programming; monitoring of computer systems by remote access; computer software programming for network communications; data conversion of computer program data or information [not physical conversion]; consultancy in the field of computer system developments; design, programming and maintenance of computer software; installing computer programs; updating and maintenance of computer software; creating and maintaining web sites; technological advice relating to operation of computers, automobiles and industrial machines; technological advice relating to operation of metalworking machines; consultancy in the field of energy-saving; providing computer programs designed to the specifications of others; cloud computing; rental of operating software for accessing and using a cloud computing network; rental of computers; software as a service [SaaS]; hosting on-line web facilities for others.

[511] 貨品 / 服務說明:

Class 7:

Specification:

Motors and engines, except for land vehicles, in particular electric motors and drives; electric motors and parts thereof, not for land vehicles; gears, not for land vehicles, in particular gear drives, gearheads; brakes, not for land vehicles; drive assemblies and components for machinery consisting of electric motors and transmissions; industrial robots; robots (machines) and drive systems (machines) for robots; current generators; moving and handling equipment; machines and machine tools; machines and machine tools for treatment of materials and for manufacturing; pumps (machines) and microdrives for pumps; pumps (parts of machines, engines or motors); micromotors, in particular for medical devices; components for machines, motors and gears (except for land vehicles) made of technical ceramics.

Class 9:

Software, in particular software for controlling motors and drives; encoders and sensors, in particular for motors and drives; sensors (measurement apparatus), other than for medical use; electronic controls for machines and motors, in particular controllers for electric drive systems and motors; microcontrollers; electrical controls; electric drive controlling apparatus; computer hardware; computer peripherals and accessories; laboratory robots; electronic

circuits; electric connections; batteries and related battery management systems; data recorded electronically; electronic databases (software); electronic databases recorded on computer media; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; digital recording media; operating systems for electrical controllers; apparatus for processing, transmitting and storing database information; data processing equipment and related accessories (electrical and mechanical); electronic components; components for electric circuits; optical apparatus and instruments; optical apparatus and equipment; navigation, guidance, tracking, targeting and map making devices; measuring, detecting and monitoring instruments and indicators and related controllers; interfaces.

Class 10:

Medical, surgical and dental apparatus, instruments and implants, as well as their parts and accessories, as far as included in this class; diagnostic apparatus for medical purposes; analysis apparatus for medical purposes; pumps for medical purposes; artificial limbs; surgical robots; parts and accessories for all the aforesaid goods included in this class.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; bicycles and electric bicycles; electric drives and motors for vehicles; gears for vehicles; brakes for vehicles; parts and accessories for all the aforesaid goods included in this class.

Class 35:

Advertising; product demonstrations and product display services; marketing services related to loyalty, incentive and bonus programs; customer loyalty services for commercial, promotional and/or advertising purposes; commerce services; commercial information and advice for consumers (consumer advice shop); retail and wholesale services with regard to motors, drives and drive systems; online retail services with regard to motors, drives and drive systems; data processing; compilation and systemization of information into computer databases.

Class 37:

Installation, maintenance and repair of motors, drives and drive systems; installation, maintenance and repair of hardware for data processing apparatus.

Class 40:

Custom manufacturing of motors, drives and drive systems for vehicles and other applications to the order and specification of a customer; custom manufacturing of ceramic components as machine parts, watch components, components for drive technology, spindles, components for medical technology and/or components for industrial automation to the order and specification of a customer; coating of materials with ceramics; metal treating.

Class 41:

Publishing services; news reporting; providing information about education, training, entertainment, sporting and cultural activities; education and teaching; entertainment; arranging and conducting of sports events; sporting activities; organisation of conferences, exhibitions and competitions for educational purposes; providing of education and training; providing of education and training relating to motors, drives, as well as concerning drive arrangement and drive configuration; providing of education and training relating to technical ceramics.

Class 42:

Technical consultancy relating to product development; product development consultation; consultancy services in the fields of science, engineering and information technology; design, development, programming, installation and maintenance of computer software; design and development of computer hardware; software as a service (SaaS) and rental of software; cloud computing; scientific and technological services and research and design relating thereto; research, development, analysis and consultancy services in the field of engineering; engineering services; engineering services relating to motors, drives and drive systems; analysis and testing services relating to electrical engineering apparatus; industrial research, development and testing services; quality control testing and consultancy relating thereto; research and development services regarding technical ceramics.

[511] 貨品 / 服務說明 :

Specification:

Class 9:

Computer software; artificial intelligence (AI) software; artificial intelligence (AI) software featuring explainable AI (XAI) and systems of intelligence; artificial intelligence based software for data analysis, pattern discovery, process automation, contextual prediction, predictive analytics, predictive modeling, recognition, classification, segmentation, regression, decision support and visualization; systems of intelligence software; artificial intelligence apparatus; computer software for document management; computer programmes for document analysis and processing in the field of insurance; network security software; computer software for ensuring data integrity, data authenticity; security software for mobile electronic devices; electronic mail security software; computer software for driver assistance systems; computer software for pilot assistance systems; computer software for processing digital images, digital signal processing, proximity sensors for crash detection and for the automated control of motor vehicle steering systems and motor vehicle braking systems; navigation software for motor vehicles; computer software for logistics; motor vehicle onboard computers for navigation and vehicle safety.

Class 35:

Business administration consulting services in the field of artificial intelligence; market analysis; artificial intelligence based market analysis services; artificial intelligence based trading platform (on-line trading services); business management analysis; business data analysis; marketing analysis services; supply chain management services; providing business intelligence services; advisory and consulting services for consortium management related to business software and platforms; insurance claims auditing services; records management services, namely document indexing for others.

Class 36:

Funds investment management, advisory and consulting services in the field of artificial intelligence technology transfer, corporate structuring and financing; financial analysis; artificial intelligence based financial analysis services; investment risk assessment services; artificial intelligence based investment risk assessment services; consulting and information concerning insurance; financial evaluation for insurance

purposes; insurance claims processing; assessing insurance claims; insurance information and consultancy; electronic processing of insurance claims and payment data; fraud detection services in the field of insurance; insurance consultancy.

Class 39:

Advisory services relating to the storage and transportation of goods; advisory services relating to the tracking of goods in transit; computerized transportation information services; consultancy in the field of air, rail and road transport; information services relating to methods of transport; providing directions for travel purposes; providing information regarding airports; providing information regarding motor vehicle sharing systems (motor vehicle rental services and motor vehicle hailing services); tracking of passengers, cargo, and vehicles via global positioning system; traffic information; transportation logistics; warehousing information; freight logistics management; transportation logistics management.

Class 42:

Computer technology consultancy services; computer technology consultancy services in the nature of software development and computer modeling services in the field of artificial intelligence technology solutions and software products for data analysis, pattern discovery, process automation, contextual prediction, predictive analytics, predictive modelling, recognition, segmentation, regression, decision support and visualization; providing artificial intelligence based data analysis, pattern discovery, process automation, contextual prediction, predictive analytics, predictive modelling, recognition, segmentation, regression, decision support and visualization services (computer services); Research, development, design, technical consulting and maintenance of business software; Computer software design and updating, computer software design for others; design and development of software; design and development of computer interfaces; design and development of software architectures; software as a service (SAAS) provider; software as a service (SAAS) provider in the field of artificial intelligence based software products for data analysis, pattern discovery, process automation, contextual prediction, predictive analysis, predictive modelling, recognition, classification,

segmentation and visualization of all sectors of business data; artificial intelligence (AI) as a service (AIAAS) provider; artificial intelligence (AI) as a service (AIAAS) provider in the field of artificial intelligence based software products for data analysis, pattern discovery, process automation, contextual prediction, predictive analysis, predictive modelling, recognition, classification, segmentation and visualization of all sectors of business data; technological consulting; technological consulting in the field of artificial intelligence; research and development relating to computer software and computer hardware; research and development in the field of artificial intelligence; development of standards for others in the field of artificial intelligence; implementation of standards for others in the field of artificial intelligence; evaluation of the standards of others in the field of artificial intelligence; facilitation services relating to the development and setting of standards in the field of artificial intelligence; consulting services relating to the development and setting of standards in the field of artificial intelligence, including explainable AI (XAI); computer security services; development of security systems and contingency planning for information systems; computer security consultancy services; internet security consultancy services; computer network security services; computer security threat analysis for protecting data; maintenance of computer software relating to computer security and prevention of computer risks; design and development of electronic data security systems; computer security consultancy; Providing non-downloadable artificial intelligence computer software featuring systems of intelligence on a software-as-a-service basis; software as a service (SAAS) provider in the field of computer software for document management; software as a service (SAAS) provider in the field of computer programmes for document analysis and processing in the field of insurance; software as a service (SAAS) provider in the field of network security software; software as a service (SAAS) provider in the field of computer software for ensuring data integrity, data authenticity; software as a service (SAAS) provider in the field of security software for mobile electronic devices; software as a service

(SAAS) provider in the field of electronic mail security software; software as a service (SAAS) provider in the field of computer software for driver assistance systems; software as a service (SAAS) provider in the field of computer software for pilot assistance systems; software as a service (SAAS) provider in the field of computer software for processing digital images, digital signal processing, proximity sensors for crash detection and for the automated control of motor vehicle steering systems and motor vehicle braking systems; software as a service (SAAS) provider in the field of navigation software for motor vehicles; software as a service (SAAS) provider in the field of computer software for logistics; electronic document authentication services; digitization of documents [scanning]; conversion of data or documents from physical to electronic media.

Class 45:

Licensing of intellectual property rights; computer software licensing; advisory services relating to intellectual property rights; consulting and legal services in the field of privacy and security laws, regulations, and requirements; legal consulting based on systems of intelligence; licensing of technology based on systems of intelligence; security threat analysis for protecting public safety.

Cases for smartphones; cell phone straps; telecommunication devices and apparatus; mobile phone neck straps; mobile phone cases; mobile phone accessories; loudspeakers; cabinets for loudspeakers; battery chargers for use with telephones; headphones; earphones; telephone apparatus; intercoms; mobile phones; antennas; audio- and video-receivers; camcorders; electric capacitors for telecommunication apparatus; compact disc players; digital cameras; digital photo frames; DVD players; electro-dynamic apparatus for the remote control of signals; electronic notice boards; facsimile machines; Global Positioning System (GPS) apparatus; hands free kits for phones; high-frequency apparatus;

intercommunication apparatus; musical juke boxes; microphones; electric monitoring apparatus; navigation apparatus for vehicles (on-board computers); optical data media; personal stereos; portable media players; radar apparatus; radio pagers; radios; record players; remote control apparatus; satellite navigational apparatus; smartphones; sound and image recording apparatus; sound recording carriers; sound reproduction apparatus; sound transmitting apparatus; television apparatus; transmitters of electronic signals; vehicle radios; video recorders; telecommunication machines and devices for use in assisting in improving safety of car driving; audio equipment; car stereos; car televisions; in-car telephone handset cradles; protective cases for personal digital assistants; computer mouse; computer operating programs, recorded; computer programs, recorded; computer programs, downloadable; personal computers; personal computers for vehicles; tablet computers; computers for use in remote monitoring of fuel cell power generators using communication networks; carrying cases adapted for computers; covers and cases for mobile telephones; covers and cases for tablet computers and notebook computers; computer programs for mobile phones; computer programs for fuel saving drive diagnosis devices; blank USB flash drives; computer keyboards; apparatus and installations for the production of X-rays, not for medical purposes; bar code readers; central processing units; integrated circuits; computer memory devices; computer peripheral devices; computer software applications, downloadable; computer software, recorded; data processing apparatus; disks, magnetic; electronic agendas; electronic book readers; electronic pocket translators; electronic tags for goods; integrated circuit cards; interfaces for computers; lasers, not for medical purposes; light-emitting diodes (LED); magnetic data media; marine depth finders; metal detectors for industrial or military purposes; microprocessors; mouse pads; optical character readers; printed circuit boards; printed circuits; printers for use with computers; protection devices against X-rays, not for medical purposes; sonars; electronic components; electronic memory devices; electronic control apparatus and instruments for vehicles; electronic display units for vehicles; electronic cruise control apparatus; computer hardware and software; navigation computers for cars; electric safety

monitoring apparatus; vehicle safety apparatus in the nature of an on-board vehicular video surveillance systems; motor vehicle adaptive cruise control devices; electronic controllers for motor vehicle braking; motor vehicle cameras and sensors for detecting road lane markers, pedestrians, objects outside of the vehicle, and relative distance thereof from a vehicle; lane departure warning alarm systems for motor vehicles; electronic motor vehicle steering systems for assisting vehicles to stay on course near the center of a lane; front collision warning alarm systems for motor vehicles; motor vehicle lighting systems to automatically activate and deactivate high beam headlights upon sensing oncoming vehicle; eyeglasses; goggles for sports; sunglasses; eyeglass cases; eyeglass chains; eyeglass cords; eyeglass frames; contact lenses; containers for contact lenses; spectacle lenses; protective helmets for automobile races; downloadable image files; pre-recorded video discs; pre-recorded videos; exposed cinematographic films; exposed slide films; slide film mounts; downloadable electronic publications.

Class 12:

Driving motors for land vehicles; engine mounts for land vehicles; engines for land vehicles; jet engines for land vehicles; motors for land vehicles; propulsion mechanisms for land vehicles; turbines for land vehicles; axle bearings for land vehicles; axles for land vehicles; axle journals; axles for vehicles; cardan shafts for vehicles; universal joints for land vehicles; wheel bearings for land vehicles; automobile chains; connecting rods for land vehicles, other than parts of motors and engines; gear boxes for land vehicles; gearing for land vehicles; hydraulic circuits for vehicles; reduction gears for land vehicles; torque converters for land vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; transmissions for land vehicles; power transmission belts for land vehicles; shock absorbers for automobiles; shock absorbing springs for vehicles; suspension shock absorbers for vehicles; torsion bars for vehicles; vehicle suspension springs; brake discs for vehicles; brake linings for vehicles; brake pads for automobiles; brake segments for vehicles; brake shoes for vehicles; brakes for vehicles; boats and ships; structural parts for boats; structural

parts for ships; aircraft; structural parts for aircraft; electrically powered motor vehicles; electric tricycles; buses; trucks; ambulances; racing cars; amphibious vehicles; snowmobiles; armored vehicles; fork lift trucks; camping cars; tractors; trailers; trolley buses; hearses; automobiles and structural parts therefor; structural parts for buses; structural parts for trucks; automobile bodies; automobile bonnets; automobile bumpers; automobile chassis; automobile dashboards; automobile doors; automobile door handles; automobile hoods; automobile horns; automobile seats; automobile seat covers; automobile sunroofs; automobile tires; automobile wheels; spokes for automobile wheels; inner tubes for automobile tires; automobile wheel rims; rearview mirrors for automobiles; automobile windows; automobile windscreens; automobile windshields; automobile convertible tops; safety belts for automobile seats; safety harnesses for automobile racing; safety harnesses for automobile seats; security harness for automobile seats; steering wheels for automobiles; steering wheel covers for automobiles; air bags for automobiles, buses and trucks; seat belt pre-tensioners for automobiles; brake pedals for land vehicles; direction signals for automobiles; leather upholstery for automobile seats; leather upholstery for automobiles; cigar lighters for automobiles; shaped automobile covers; mudguards for automobiles; luggage carriers for automobiles; spare wheel holders for automobiles; automobile roof racks; headlight wipers; windscreen wipers; windscreen wiper blades; motor vehicle brake control systems for applying emergency braking at low vehicle speeds; electronic brake control apparatus for automobiles; two-wheeled motor vehicles; bicycles; structural parts for motorcycles; structural parts for bicycles.

Class 14:

Key rings; jewelry cases of precious metal; trophies of precious metal; commemorative shields; pin badges; ornaments of precious metal; bracelets (jewelry); brooches (jewelry); necklaces (jewelry); pendants (jewelry); tie pins; badges of precious metal; charms (jewelry); cufflinks; shoe ornaments of precious metal; clocks; watches; horological and chronometric instruments and cases therefor; horological and chronometric instruments and parts thereof.

Class 16:

Paper gift bags for wine; bags of paper for packaging; boxes of cardboard or paper; bags of plastics, for packaging; paper; cardboard; stickers; cards; pocket memorandum books; paper notebooks; writing instruments; erasers; seals (stationery); bookmarkers; underlays for writing paper; rulers for stationery and office use; pouches for writing instruments; writing cases; drawing pads; memo blocks; stationery-type portfolios; file folders; terrestrial globes; paper bows for gift wrap; stationery; picture postcards; catalogs; calendars; magazines; books; pamphlets; newsletters; printed matter; photographs; photograph stands; plastic shopping bags; holders for vehicle inspection certificate.

Class 18:

Handbag frames; purse frames; horseshoes, not of metal; bags of leather, for packaging; boxes of leather or leather board; envelopes, of leather, for packaging; pouches, of leather, for packaging; leads for pets; collars for pets; clothing for pets; card cases; credit card cases of leather; purses; wallets; pocket wallets; coin purses, not of precious metal; suitcases; handbags; rucksacks; key cases; business card cases; bags; drawstring pouches; briefcases; wheeled shopping bags; attache cases; shopping bags; bags for sports; small backpacks; school satchels; travelling bags; tote bags; travelling cases of leather; luggage tags of leather; vanity cases, not fitted; umbrellas; walking sticks; canes; metal parts of canes and walking-sticks; handles for canes and walking-sticks.

Class 20:

Cushions; Japanese floor cushions (zabuton); pillows; mattresses; fans for personal use, non-electric; beds for household pets; dog kennels; nesting boxes for small birds; tool boxes, not of metal; wind chimes; inflatable publicity objects; upright signboards of wood or plastics.

Class 21:

Electric toothbrushes; powder compacts of precious metal sold empty; cosmetic utensils; toilet utensils; cups; mugs; dishes; beer jugs; beer mugs; servingware [dishes] for serving food; servingware [vessels] for serving beverages; liqueur sets; lunch boxes; pitchers; salad bowls; saucers; services (dishes); table plates; teapots; glass beverageware; tea canisters; tumblers for use as drinking glasses; drinking glasses; flower pots; hydroponic plant pots for home

gardening; watering cans; piggy banks; vases; holders for flowers and plants; brushes for footwear; shoe horns; shoe shine cloths; shoe shine sponges and cloths; shoe-trees.

Class 24:

Towels of textile; Japanese cotton towels (tenugui); handkerchiefs of textile; woven textile goods for personal use; mosquito nets; bed sheets; comforters; quilts; duvet covers; pillowcases; bed blankets; table napkins of textile; glass cloths; shower curtains of textile or plastic; banners, not of paper; flags, not of paper; seat covers of textile; wall hangings of textile; curtains; tablecloths, not of paper; draperies.

Class 25:

Camisoles; T-shirts; clothing; coats; sweaters; cardigans; vests; waistcoats; shirts; cuffs; sport shirts; dresses; skirts; blouses; polo shirts; shirts for suits; sweatshirts; trousers; wind-resistant jackets; jerseys; nightwear; underwear; swimsuits; swimming caps (bathing caps); traditional Japanese clothing; sleep masks; aprons; collar protectors for wear; socks; stockings other than special sportswear; puttees and gaiters; fur stoles; shawls; scarves; Japanese style socks (tabi); Japanese style socks covers (tabi covers); gloves (clothing); neckties; neckerchiefs; bandanas; mufflers; ear muffs; nightcaps; headgear for wear; caps (headwear); hats; visors; garters; sock suspenders; braces for clothing; waistbands; belts for clothing; footwear (other than "shoe dowels, shoe pegs, tongue or pullstrap for shoes and boots, hobnails, protective metal members for shoes and boots"); driving shoes other than special shoes for sports; sandals; slippers; mules.

Class 28:

Toys for domestic pets; home video game machines; hand-held games with liquid crystal displays; toys; stuffed toys; toy vehicles; teddy bears; dolls; go games; Japanese playing cards (utagaruta); Japanese chess (shogi games); dice; Japanese dice games (sugoroku); dice cups; Chinese checkers games; chess games; checkers games; conjuring apparatus; dominoes; playing cards; Japanese playing cards (hanafuda); mah-jong; slot machines; game machines and apparatus; billiard equipment; sports equipment, other than for climbing, surfing, water-skiing and scuba diving; golf equipment; golf balls; golf ball markers; golf gloves; golf clubs; golf club heads; fitted head covers for golf clubs; golf bags, with or without wheels; tennis

implements; tennis rackets; tennis balls; fishing tackle; butterfly nets.

Class 41:

Vehicle-driving instruction; driver safety training; educational and instruction services; educational and instruction services relating to arts and crafts; educational and instruction services relating to sport; educational and instruction services relating to music and dance; educational and training services relating to games; educational services provided by schools; provision of educational examinations and tests; provision of educational information; arranging, conducting and organization of seminars; providing electronic publications from a global computer network or the Internet, not downloadable; reference libraries of literature and documentary records; book rental; organization of sports events and competitions; organization of professional golf tournaments or competitions; organization, arranging and conducting of soccer games; organization, arranging and conducting of sumo wrestling competitions; organization, arranging and conducting of boxing matches; organization, arranging and conducting of baseball games; organization of entertainment events excluding movies, shows, plays, musical performances, sports, horse races, bicycle races, boat races and auto races; arranging award ceremonies and gala evenings for entertainment purposes; conducting of live entertainment events and film festivals; conducting of film festivals; organization, arranging and conducting of auto races; providing amusement facilities.

Class 43:

Providing temporary accommodation; providing food and drink; bar services; cafe, cafeteria and restaurant services; rental of conference rooms; rental of facilities for exhibitions.

Class 9:

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; electronic apparatus for measuring and regulating, electronic amplifiers, transmitters of electronic signals for editing cinematographic film; transmitters [telecommunications]; data processing equipment and computers, computer peripheral devices; search engine software for access to recommendations and selections of customized programs; software for the analysis of

consumers' audiovisual and television habits; software (multimedia or not); downloadable applications for mobile devices; software packages, computer hardware, sound and image transmitters and receivers, word, information or data entry, storing and processing apparatus and instruments, photographic, audiovisual, cinematographic and optical apparatus and instruments; computer programs for interactive television; computer applications that can be downloaded or integrated into a television set, game console or any mobile device providing access to a package of television channels and/or audiovisual content available live or on-demand; software and applications enabling users to program, distribute, transmit and receive audio content, video content, images, texts and other multimedia content via communications networks; ticket issuing, reading and recording machines; mechanisms for coin-operated apparatus; teaching apparatus and instruments; educational apparatus designed for use with television receivers, computers or computer peripheral devices; apparatus and instruments for recording, transmission, dissemination, reading, distribution, reproduction, storage, encrypting, decrypting, transforming, processing of information, sound, images or data; communication and telecommunication apparatus; audiovisual and videotext apparatus and instruments; aerials, satellite dishes; satellites for scientific and telecommunications purposes; speakers, amplifiers; computers, computer screens, interactive video apparatus; interactive graphic displays; computer keyboards, computer peripheral devices, modems, decoders, encoders; data access apparatus for use in accessing and controlling access to information processing apparatus; authentication apparatus for telecommunication networks; apparatus for scrambling signals and for descrambling signals and retransmissions; digital terminal namely digital tablet, laptop computer and cellular phone; monitors for receiving data on a global computer network; storage and memory apparatus; USB flash drives; hub (Ethernet hub); HDMI dongles; interfaces for computers; video films; downloadable music or image files; CD-ROMs, recording discs, compact discs, digital video discs (DVDs) and other digital or non-digital sound or video data and recording media, video and audio discs, digital discs, optical discs,

videotapes; encoded programs (texts encoded in form of film or index card); data storage and/or reproduction media; sound, video image and data recordings; magnetic identity cards; pre-recorded or blank video discs and video cassettes, pre-recorded or blank laser cassettes and laser discs, magnetic tape cassettes; digital video versatile discs; audio cassettes, video cassettes; memory card or cards with microprocessor integrated circuit cards [smart cards], electronic cards; integrated circuits and microcircuits; card readers; electronic components; video game and program memory cartridges; recording media containing data for computers, cell phones, fixed or mobile organizers, or video game consoles; apparatus for recording, transmission, reproduction, storing or processing of sound or images; electronic images (downloadable); CD-ROM, digital video disc, digital disc, magnetic disc, video and audio disc, digital disc, acoustic or optical disc players; interactive television apparatus and instruments; television screens; fiber optic cables and optical cables; software providing access to a computer or data transmission network, in particular to a global communication network (of the Internet type) or a private or reserved access network (of the Intranet type); electronic guide for television and radio programs; apparatus and instruments for simultaneous or non-simultaneous programming and selection of television programs; projection apparatus; sound and video apparatus; apparatus for recording and reproduction of videos; multimedia or non-multimedia computer programs, whether interactive or not, and computer game software, video game software and computer games for desktop, laptop or hand-held computers, for cell phones, for consoles, for fixed or mobile organizers; programs for electronic and computer games; video games programs adapted for use with a television screen or on a mobile phone; software for game machines; software in the form of applications and sets of applications, software available and/or downloadable on-line via global computer networks or web sites on the Internet; software for downloading images, sound and data, software for downloading electronic mail; virtual reality computer game software; CD-ROMs containing games; mobile applications offering virtual reality computer software and games; software and computer devices for use in streaming video content;

Virtual reality headsets; ring tones, music, sounds, MP3 files, illustrations, games, images and videos for downloading, for computer software, downloadable and recorded on computer media; computer and video game tapes and cassettes; application software for mobile phones, tablet computers and wireless communication devices, namely software for mixing music, audio content and sounds; software to be downloaded as an application for mobile phones, tablet computers and wireless communication devices to be used for mixing music, audio content and sounds in the field of music and musical entertainment; cinematographic films; films and animated cartoons; films and programs prepared for television and movies; video and data recordings and media, including videotapes and DVDs; downloadable video and audio content, images, graphic illustrations and music provided via an on-line telecommunications network, and via the Internet or other computer or communications networks; Wired and wireless networks for downloading to wireless and mobile devices and mobile phones; Pre-recorded movies on discs, DVDs, laser discs, videotapes and video cassettes; Video recordings and audio recordings in electronic format, downloadable from the Internet; downloadable music files; downloadable publications in electronic format provided on-line from computer databases, the Internet or any other communications network; Interactive software and related computer hardware providing entertainment; downloadable electronic publications recorded on computer media; downloadable audio and video files and recordings containing music, comedies, plays, action, adventure and/or animation; videos and recording of data and activators; downloadable video and audio content, images, graphic illustrations and music provided via a telecommunications network, on-line and via the Internet or other computer or communications networks.

Class 35:

Business management and administration; professional information, assistance and consultancy in business management and organization; data entry, processing, organization and compilation services, in particular into computer databases; compilation and analysis of data and statistics, market research and studies; business auditing; office functions; book-keeping; advertising, advertising agency and

marketing services; advertising publishing services; preparing and performing media planning and advertising concepts; advertising services for creating brands (advertising and promotion); advertising services for creating brand images; direct mail advertising; document reproduction; computerized file and database management; organization of exhibitions, trade fairs, events, shows, concerts, for commercial or advertising purposes; publication of publicity texts; dissemination of advertising matter; public relations; media relations, namely setting up communication tools for public relations operations and media relations operation; bill-posting consultancy; commercial operation of databases; advertising network services; search for advertising space, advisory services and provision of advertising space, advisory services for the purchase of advertising space, purchase of advertising space for its own account or for others (agent), media consultancy (regarding advertising purchase); rental and promotion of advertising space; rental of advertising time on any communication means; providing, both on one's own behalf and on behalf of others, advertising insertion and dissemination services on any media; publicity material rental; advertising sponsorship; sales promotion services of goods and/or services; promotional and advertising actions; presentation of goods or services on communication media; preparation and placement of advertising matter; commercial advice for consumers; market research, namely studies and consultations concerning market targeting; opinion polling; information search in computer files for others; web site traffic optimization; commercial intermediation services; providing organization of competitions for promotional purposes with or without distribution of prizes or awarding of rewards; business management of exhibition venues; sales promotion for others; providing presentation and demonstration of goods and services for promotional or advertising purposes; advertising by mail order, radio, television; advertising mail; publishing services for advertising prospectuses, receptionist services in the context of business shows and other events for personnel employment; advertising or promotional operations in the field of sports and cultural events, organization consultancy in sports and cultural events, marketing in the field of

sports, business management of sports people, sponsorship search; advertising research and planning services, advertising and marketing consultancy and communication, consultancy regarding events communication strategies, sales event services and sales promotion services for others of all kinds and on all media; bill-posting; market studies, compilation of statistics; data entry, formatting, compilation and processing services and recording, transcription and systematization services of written communications and sound and/or visual recordings; newspaper subscription services, arranging subscriptions to internet and television broadcasting services, subscription to telecommunication database services; arranging subscriptions for others to printed matter and to all information, text, sound and/or image media and to electronic or non-electronic digital publications of audiovisual products or multimedia products (computer formatting of texts and/or images, fixed or animated, and/or sounds (whether musical or not), for interactive or non-interactive use, on corresponding media (CD-audio, DVD-audio)); arranging subscriptions to a videotext, telephone or computer service (Internet); advertising communication by computer terminals, by digital or analogue television, by the Internet, by cell phones or by personal digital assistants; organization, operation and supervision of customer loyalty programs; commercial information and advice for consumers in the choice of computer hardware and audiovisual and telecommunications equipment; arranging subscriptions to a television channel, audiovisual programs, audio programs, radio programs, newspapers; arranging subscriptions to telecommunication services; arranging subscriptions to a telephone or computer service (Internet), to Internet connectivity offerings; telesales promotion with an offer for sale (sales promotion for others); retail and wholesale of clothing, leather goods, jewelry, pens, stationery, games, toys, sports articles; retail and wholesale of audiovisual, computer and telecommunications goods, namely videotapes, television sets, video recorders, personal stereos, tape recorders, radios, high fidelity equipment (Hi-Fi), decoders, cell phones, computers, magnetic tapes, juke boxes for computers, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), compact discs [read-only

memory], couplers [data processing equipment], floppy disks, magnetic data media, video screens, interfaces for computers, readers [data processing equipment], recorded computer software, microprocessors, modems, monitors (hardware), monitors (computer programs), computers, computer memory devices, computer peripheral devices, recorded computer programs, processors (central processing units), recorded computer operating programs, chips (integrated circuits); news clipping services; administrative processing of purchase orders; compilation of statistics; providing business information via a web site; consultancy in the field of data entry over the Internet; employment agencies; providing online computer files of business information; organization of auctioneering; business management of exhibition venues for commercial or advertising purposes; retail or wholesale services of musical and non-musical sound recordings and video recordings; advertising and promotion services and related consulting services; advertising and promotion services for musicians, singers, songwriters, performers and artists; administrative processing services of computer online order services of goods and consumer products; computer on-line ordering services in the field of music; computer on-line retail services for music, musical sound recordings and video recordings; arranging and conducting of an on-line showroom for commercial or advertising purposes in the field of music, musical concerts and videos; retail or wholesale catalogue mail-order services for CDs, cassettes, DVDs, clothing and licensed goods including clothing, books and magazines, bags for packaging, ruckpacks and stickers [stationery]; on-line retail services for pre-recorded music and audio-visual content including downloading them and clothing, books and magazines, bags for packaging, ruckpacks and stickers [stationery]; organization of promotional campaigns using audiovisual media; design of audiovisual presentations for use in advertising; arranging and conducting of exhibitions and trade fairs in the field of music and entertainment for business purpose; promotion of concerts for others; promotion of goods and services of others through organizing sponsorship for the association of their goods and services with concerts, musical and sports events; promotion of goods for others through the design and dissemination of advertisements in an

electronic magazine available via a computer network; providing commercial information on the goods and services of others through a computer network; retail services available via computer networks and interactive television for CDs, cassettes, DVDs, videocassettes and licensed goods including clothing, books and magazines, bags for packaging, ruckpacks and stickers [stationery]; management services for artists and professional athletes; star agency services; advertising, including the promotion of goods and services of others through sponsoring agreements and license agreements relating to international sports and musical events; business management of sports people namely coordination of recreation and sport for individuals wishing to participate in team sports; promotion of sports and musical competitions and events for others; promotion of the interests of those involved and concerned with sports or music; promotion of goods and services of others by allowing consumers to produce their own customized pre-recorded telephone messages in the form of music, customized messages or both for use with existing telephone systems to be broadcast when callers are put on hold; promotion of goods and services of others through the production of customized recorded messages to be broadcast when callers are put on hold; arrival control in entertainment venues through remote verification of the validity of tickets on presentation for business management purpose; acquisition, namely purchasing tickets for entertainment events for others; distribution (sales services) of musical and non-musical sound recordings and video recordings; advertising and promotion services and related consulting services; advertising and promotion services for musicians, singers, songwriters, performers and artists; administrative processing services of computer on-line order services for ordering goods and consumer products; computer on-line ordering services in the field of music; computer on-line retail services in the field of music, musical sound recordings and video recordings; arranging and conducting of an on-line showroom for commercial or advertising purposes in the field of music, musical concerts and videos; catalogue mail-order services for CDs, cassettes, DVDs, clothing and licensed goods including clothing, books and magazines, bags for packaging, ruckpacks and stickers

[stationery]; promoting and conducting exhibitions for commercial purposes in the field of music; promotion of goods and services of others through organizing sponsorship for the association of their goods and services with professional sports and music competitions; talent agency services relating to research and selection of artistic talent (writing); business administration of entertainers; design of advertising materials namely advertising strips; corporate brand image consultancy services; online publication of advertisements or commercial information; rental of billboards; mobile ringtone subscription services, namely the provision of mobile phone ringtone services allowing users to choose from a variety of call notification sounds and music ; business management of entertainers; negotiations of commercial transactions for artists; design of advertising materials, namely advertising strips; corporate brand image consultancy services; all included in Class 35.

Class 38:

Telecommunications; information about telecommunication; radio communications; communications by telephone, telegrams, video telephones, digital means, electronics, mobile radios, computer terminals, fiber optic networks, television, television broadcasting; providing user access to global computer networks; providing online forums; providing access to databases; electronic bulletin board services [telecommunications services]; providing online television broadcasting, radio broadcasting platforms for rating and advising on professional services; telephone directory service; providing telecommunications connections to a global computer network; news agencies; press agencies; broadcasting of radio programs; broadcasting of television programs; teleconferencing services; videoconferencing services; instant or non-instantaneous electronic mail services; telecommunications services via Internet, Intranet, Internet for and by cell phones, digital networks, satellite, cable and terrestrial channels; information transmission services via videotext means; wireless telephony services, services for the broadcasting and transmission of video games to and from a cell phone, a personal digital assistant or a desktop, laptop or hand-held computer, providing access to a site or portal after connection to the Internet network; providing connection to a

telecommunications network for downloading video games; broadcasting of television programs, diffusion of programs via satellite, cable, computer networks (in particular the Internet), radio networks, radiotelephony networks and terrestrial means; diffusion of audio, audiovisual and cinematographic programs and programs including multimedia, texts and/or images (whether fixed or animated), musical or non-musical sounds, ringtones, for interactive or non-interactive use; electronic bulletin board services [telecommunications services]; rental of videotext equipment and instruments, namely telephones, facsimile apparatus, message sending apparatus, modems; rental of aerials and satellite dishes; rental of decoders and encoders; rental of access devices (equipment) to interactive audiovisual programs; rental of access time to telecommunication networks and web sites; rental of any telecommunications or videotext apparatus or instrument; providing access to the downloading of video games, digitized data; communications (transmissions) over an open (Internet) or closed (Intranet) global computer network; on-line download services for movies and other audio and audiovisual programs; program transmission and TV channel selection services; providing connections to telecommunications services, Internet services and databases; providing access to search engines for access to recommendations and selections of customized programs; telecommunications routing and junction services; services for transmitting and receiving video images via the Internet using a computer, television, tablet, mobile phone or mobile device; services for transferring audio, video or multimedia content from a mobile phone, tablet or mobile device to a television screen or to any other mobile device by means of a wireless communication service; advertising mail by means of telecommunications; transmission of messages, images, electronic mails, digital files, on-line electronic publications, telegrams, documents, podcasts; streaming of data; video-on-demand transmission; live video or video-on-demand transmission on a computer, television, or any mobile device; transmission of programs in French or in subtitled original versions; secure messaging services, interconnection services for corporate communication networks; communication services for communicating by telegraphic means as well as by any computer telecommunication means, by

interactive videography, and in particular on terminals, computer peripheral devices or electronic and/or digital equipment, by video telephone and videoconferencing, forwarding, sending of telegrams and messages, data transmission services, in particular transmission of parcels, forwarding, transmission of computerized documents; diffusion of multimedia programs [for computer formatting of texts and/or images, fixed or animated, and/or sounds (whether musical or not)] for interactive or non-interactive use; broadcasting of radio and television programs and audiovisual and multimedia programs for interactive or non-interactive use; communication services on computer networks in general; consultancy in the field of telecommunications; streaming of sound and audiovisual recordings via the Internet; digital and electronic transmission of voices, data, sounds, images, audio and video contents and messages; providing on-line chat rooms, forums and electronic mail for the transmission of messages among users concerning music and entertainment; radio transmission of ring tones, voices, music, MP3 files, illustrations, games, images, videos, information and news for downloading via a global computer network to wireless communication devices; sending and receiving voice messages and text messages between wireless communication devices; providing multiple access to a global information computer network; providing access to on-line recording services for sports or music competitions; providing access to a website portal containing links to websites for music artists and information about tickets for musical performance; transmission of educational material for others in the field of music and entertainment; providing an on-line search database containing music and catalogued and indexed recorded sounds; Providing access to digital music over a network; transmission of electronic media, multimedia content, videos, films, images, texts, photographs and audio and video files via communications networks or the Internet; diffusion of multimedia programs (including programs for interactive use); communications via the Internet; providing access to an on-line computer website that lists songs and other musical selections based on subscribers' preferences; transmission of programs over global computer networks; cable, network and satellite transmission services; streaming of

sound and audiovisual recordings via the Internet; digital and electronic transmission of voices, data, sounds, images, audio and video content and messages; providing on-line chat rooms, forums and electronic mail for the transmission of messages among users concerning music and entertainment; radio transmission of ring tones, voices, music, MP3 files, illustrations, games, images, videos, information and news for downloading via a global computer network to wireless communication devices; sending and receiving voice messages and text messages between wireless communication devices; providing wireless communication services including transmission of ring tones to mobile phones and mobile devices; providing multiple access to a global information computer network; fiber optic communications services; videophone communications by television, personal stereos, by video personal stereos, by interactive videography, by video telephony; television broadcasting; transmission of messages, telegrams, images, videos; transmission of information by teleprinters; remote transmission; transmission of television programs, radio programs; diffusion of programs by satellite, cable, computer networks (in particular the Internet), radio networks, radiotelephony networks and terrestrial means; diffusion of audio, audiovisual and cinematographic programs and programs including multimedia, (texts and/or images (fixed or animated) and/or musical or non-musical sounds, ringtones) for interactive or non-interactive use; electronic bulletin board services [telecommunications services]; rental of remote access computing and videotext apparatus and instruments, namely telephones, facsimile apparatus, message sending apparatus, modems, personal stereos; rental of access devices (equipment) to interactive audiovisual programs; providing access to the downloading of video games; providing access for downloading of video games, digitized data; on-line download services for movies and other audio and audiovisual programs; program transmission and TV channel selection services; telecommunications routing and junction services; providing telecommunications connections to a computer network; consultancy in the field of telecommunications; professional consultancy in the field of telephony; consultancy in the field of diffusion of video programs;

consultancy in the field of data transmission via the Internet; consultancy in the field of providing access to the Internet; transmission and reception of video images via the Internet by means of a computer or mobile telephone; transmission of advertising mail by means of telecommunications; transmission and reception of video images via the Internet by means of a computer or mobile telephone; paging; voice mail, call forwarding, automatic answering machines and electronic mail, electronic message transmission services; videoconferencing services; video mail services; videophone services; automatic answering machine services (telecommunications); providing access to the Internet (Internet service providers); electronic correspondence exchange services, electronic mail services, information transmission services via secure messaging systems; providing access to electronic conferences and chat rooms; providing access to websites on the Internet containing digital music or any audiovisual work; providing access to telecommunications infrastructure; providing access to search engines on the Internet; Computer aided transmission of messages and images, and transmission of images, photographs, videos, and/or sounds via computer terminals, and any other transmission systems, waves, cables, satellites, Internet network; image, photograph, video, and/or sound broadcasting services, via telecommunications networks including the Internet; providing access and consultation for images, photographs, videos, and/or sounds; electronic bulletin board services [telecommunications services]; providing telecommunications connections to a global computer network; transmission of radio or television programs; teleconferencing services; sending of telegrams, satellite transmission, providing access to, rental of and providing access time to databases (texts, photographs, videos, graphics) via a global telecommunications network; transmission of animated images via Internet, television, mobile phone and digital network media; radio and television broadcasting of musical programs, shows and other entertainment programs via the Internet and other telecommunications systems, rental of access time to on-line forums and Internet chat rooms, digital images and sound transmission services; message, data and content sending via the Internet and other communication

networks; providing online forums, chat rooms, journals and web logs for the sending of messages, comments and multimedia content via the Internet and other communication networks; providing access to an Internet portal containing links to the websites of music artists and containing information on musical performance tickets; rental of decoders and encoders and their accessories.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing recreation facilities; production of radio programs, of videotape films; rental of motion pictures; rental of sound recordings; videotape editing; photography services; booking of seats for shows; game services provided on-line (from a computer network); arranging and conducting of conferences, colloquia, workshops; providing information and consultancy relating to entertainment and recreation facilities and in particular information and consultancy provided for visitors or clients of performance halls; ticket agency services [entertainment]; operation of performance halls, theatre halls, movie theaters; agency services for booking online or offline tickets, and seats for entertainment, shows, plays and movies; providing presentation of live performances; organization of sports or cultural competitions; organization of cultural and entertainment events; organization and conducting of shows, festivals, parties, live shows, plays, concerts and all events for cultural or educational purposes, in particular in the fields of sports, fitness, well-being, physical training, gastronomy, music; training services in the fields of sports, fitness, well-being, physical training, gastronomy, music; ticket agency services namely services for booking and holding entrance tickets to nightclubs and events at nightclubs, performance halls, for all entertainment, sports and cultural events and pre-purchased ticketing services; ticket booking agency services for events; dissemination (production) of radio programs for others; production and publishing of music; providing on-line entertainment including the provision of downloadable and non-downloadable sound and video recordings; fan club services (entertainment); development and dissemination of educational material for others in the field of music and entertainment;

dissemination (production) of radio programs and entertainment; sound recording and production; record production; production of videotapes; publication of books and magazines, whether electronic or not; entertainment in the form of radio streaming in the field of music; entertainment in the form of concerts and live performances by artists and music groups; entertainment services including appearances of music groups, music artists and celebrities; entertainment namely performances of concerts, well-known music performing artists and singers broadcast via television and radio channels and recorded on audio and video media; entertainment services including live and recorded performances by music artists for subsequent broadcast; education and entertainment services, namely the production and presentation of music performances and awards nights before an audience that are broadcast live or pre-recorded for delayed broadcast; entertainment services including the provision of access to a website featuring music performances, music videos, photographs and other non-downloadable multimedia content of music and entertainment; providing on-line music videos; publication of non-advertising texts, namely musical critics; providing non-downloadable music and information relating to online music via a global computer network; performances by professional comic performers on stage or broadcast on television; organization of entertainment exhibitions in the form of music festivals; organization of exhibitions in the field of music and the arts; organization of exhibitions for entertainment purposes, on the subjects of music and the arts; on-line music services including the provision of electronic library services which contain musical and non-musical sound recordings via an on-line computer network; provision of an on-line search database containing recorded, catalogued, indexed sounds and music; development (production and publishing) and dissemination of educational materials for others in the field of music and entertainment; Arranging and conducting of writing workshops to encourage the setting up of new concepts and processes of artistic creation (writing); organization of writing competitions; writing of printed and electronic publications on current and future artistic and creative trends, editorial lines and associated strategic planning; Editing of radio and

television programs; production, distribution and compilation of television and radio programs; Provision of online entertainment, namely providing non-downloadable sound and video recordings in the field of music and musical entertainment; Production and editing of films; Syndication of television programs; Entertainment, namely by means of a stream of music and entertainment performances broadcast on television, satellite and audio and video media; Education and entertainment services, namely the production and presentation of television shows, sports events, fashion shows, games, award ceremonies and comedy shows before a live audience, all of which are broadcast live or pre-recorded for delayed broadcast; Preparation of entertainment programs for broadcast; Selection and compilation of pre-recorded music for broadcast by others; Entertainment services, namely the provision of on-line magazines on music, music artists and music videos; Entertainment services, namely providing pre-recorded non-downloadable music, music information and music-related comments and articles, all provided on-line via a global computer network; Entertainment services, namely live, television and film performances by a professional artist; Entertainment services, namely the organization and production of musicals and stage performances; Conducting of recreational exhibitions in the form of music festivals; Entertainment services, namely conducting of exhibitions in the field of music and the arts; Multimedia entertainment services, namely development, recording, production and post-production services in the fields of films and video; Entertainment and education services, namely providing an immersive 3D virtual reality experience in the form of non-downloadable cinematographic films and videos; entertainment through the provision of a computer video game that is available on-line via a mobile phone, personal digital assistant, computer, digital or analogue television decoder; production, publishing and distribution of music, namely the distribution of music of others; Information, consultancy and assistance services concerning all of the aforesaid services; publication of non-promotional newsletters; provision of databases and indexes on entertainment information in the fields of music via communications networks; provision of information, audio and video contents,

illustrations, texts and other multimedia contents in the field of music via communications networks; publishing of texts, graphic, audio and video works via communications networks; music services offered on-line from a data processing network; entertainment including a streaming music and entertainment program broadcast by satellite and by sound and image media; entertainment in the form of radio streaming in the field of music; entertainment services namely performances of concerts, well-known music performing artists and singers; Education and entertainment services including the production and presentation of sports competitions, fashion shows, game shows, music shows, award ceremonies and comedy shows before an audience that are broadcast live or pre-recorded for delayed broadcast; entertainment services including live or television appearances of a professional comic performer; radio and television entertainment on any medium including television, computer, personal stereo, video personal stereo, personal assistant, mobile phone, computer networks, Internet; animal training; production of shows, films, television movies, television programs, news reports, debates, videograms, phonographic recordings; rental of videograms, films, phonographic recordings, videotapes; rental of motion pictures; rental of cinema projection apparatus and any audiovisual equipment and instruments, radio and television sets, audio and video equipment, cameras, personal stereos, video personal stereos, stage scenery and their accessories; presentation of films, musical concerts, television programs, videos with customized recommendations, audiovisual, radio and multimedia programs; movie studios; edition of audiovisual, radio and multimedia programs, texts and/or images, whether fixed or animated, and/or musical or non-musical sounds, and/or ring tones, for interactive or non-interactive use; news reporters services; photography, namely photography shooting techniques, photographic reporting; videotaping; video program production consultations; game services provided on-line (from a communication network), gambling services; providing casino facilities [gambling]; publication and lending of books and texts (other than publicity texts); electronic desktop publishing; videotaping; game services provided on-line from a computer network; providing on-line music, videos,

electronic publications; providing entertainment information, films, music, live performances and entertainment events; interactive entertainment services; subtitling; entertainment through the use of a video game on a mobile phone, personal digital assistant, computer, digital or analogue television decoder; organization of lotteries, radio and television programs, organization of sports competitions, organization of shows (impresario services); recording studio services; Publishing and publication of illustrations, books, journals, newspapers, periodicals, magazines, publications of all kinds and in all forms, including electronic and digital publications, sound and/or visual media, multimedia (interactive discs, digital compact discs with read-only memory), multimedia programs; planning, creation, organization and production of entertainment events, organization of seminars, organization of conferences, organization of forums, congresses and colloquia, editing of radio and television programs (for interactive or non-interactive use), organization of games and information campaigns and professional or non-professional game events, production and direction of information programs, radio and television entertainment, audiovisual and multimedia programs for interactive or non-interactive use; rental of films and cassettes, including video cassettes, and sound and/or visual media, and multimedia (interactive discs, digital compact discs with read-only memory); multimedia program publishing services, for interactive or non-interactive use; providing entertainment through television, radio, cinema, cable television, satellite television and the Internet; television and radio entertainment in particular through national and international telecommunications networks (Internet); production and distribution of films, other than advertising films, radio programs, television films other than advertising films, short television programs, television programs, entertainment, television reports, television documentaries, motion pictures other than advertising films; editing, production and rental of films other than advertising films, videos and television programs; editing, production and rental of films other than advertising films on videotapes; editing and rental of radio programs; cinema presentations; recording studio services; microfilming; videotaping;

modeling agencies for artists; digital imaging services; rental of show scenery; arranging and conducting of workshops [training]; scriptwriting services; entertainer services; arranging and conducting of sports events and competitions, providing sports facilities, management and organization services for training centers involved in sports; teaching services [classes]; entertainment services in the form of live television programs, comedy, drama and/or animation; entertainment services namely animated or live theatre productions; Production, preparation, presentation, distribution, and rental of television and radio programs and films, animated films, videos, DVDs, computer games and sound and/or visual recordings; Educational and entertainment services provided via the Internet or other computer or communications networks including wireless, cable or satellite networks; Information concerning entertainment or education provided on-line from a databank or from the internet; organization of live indoor and outdoor recreational events; providing ringtones (not downloadable) for cellular phone through the Internet; entertainment services in the form of television programs, live scenes, comedy, drama and/or animation; animation film productions or with real actors; production, preparation, presentation, distribution and rental of television and radio programs as well as films, animated films, videos, DVDs, computer games and sound and/or visual recordings; publication and distribution of printed media and audio and video recordings; arranging and conducting of exhibitions, tours and shows, all for entertainment purposes; education and entertainment services provided by the Internet or other computer or communication networks, including wireless, cable or satellite networks; education and entertainment information provided on-line from a computer database or the Internet; providing multiplayer interactive computer games through the Internet and electronic communication networks; amusement park and theme park services; training services; orchestra services; production, organization and conduct of shows, live performances, plays, concerts and improvisation exercises; recording and editing of radio and television programs; rental of simultaneous interpretation equipment, microphones, cameras; production of radio and television programs; editing of cinematographic films;

cinema presentations; interpretation; translation; movie studios; recording studio services; artistic direction of entertainers; provision of music, films, television programs, games and audio books that can be downloaded or streamed to on-line users via a communication network; services of nightclubs, discos, music halls, cabarets, cafés-theatres, karaoke theatres, clubs (entertainment or education); production, organization and planning of receptions, parties and dances; disc jockey services; rental of performance and theatre venues; providing recreation facilities; rental of lighting apparatus for theatrical sets; arranging and conducting of workshops [training] and training courses and in particular arranging of training courses and workshops on theater and body language; practical training and in particular practical training in film directing and musicals; coaching (training); vocational guidance (education or training advice); drama classes, in particular singing, dance, music, theatre and body language classes; organization of teaching programs; education, teaching and entertainment information, receptionist services in the context of shows and other events; publication of non-advertising tests namely ratings and opinions on the performance of professionals; ticket booking services for entertainment events; rental of audiovisual equipment and instruments; providing on-line recording services for sports or music competitions.

Class 42:

Consultancy and advisory services in relation to corporate graphic identity; research, studies and design of new products, services and processes in artistic creation (writing) for commercial purposes; design and development of computer hardware, computer systems and software; design, installation, maintenance, updating of computer software; research and development of new products for others; technical research; preparation of technical expertises; surveying, professional consultancy in the field of computer hardware, creation of computer video programs; providing search engines for the internet; operating search engines for the internet; rental of computer hardware and instruments, namely screens; consultancy in the field of computer hardware, computer rental; design of encryption, decryption, access control systems for television, radio, and in particular mobile programs, and for information

transmission system; design of interactive programs and equipment; technical analysis; design services for designing technical standards for manufactured goods and telecommunications; meteorological information; research and development for others of electronic, computer, audiovisual, scrambling and access control systems in the field of television, computing, telecommunications, audiovisual; rental of computer files of computer programs; provision of information on computing applied to telecommunications; computer services of authenticating (proof of origin) electronic messages; computer formatting of texts and/or images, fixed or animated, and/or sounds (whether musical or not), ringtones, for interactive or non-interactive use; Administration of user rights on computer networks; server administration; quality auditing; providing telecommunications technology consultancy; data recovery and backup; design and development of operating software for access to and use of a cloud computing network; software programming for online chat rooms; providing search engines for access to recommendations and selections of customized programs; computer software or application design for consulting and transmitting data and content on screens and electronic devices; computer systems analysis; cloud computing; server hosting; Site design and hosting for and on the Internet network and digital or analog or interactive television; information technology programming and design of games for digital or analog television decoders, mobile phones, personal digital assistants (organizers) or computers; research in the field of design, research in the field of software development, research in the field of information technology and design; providing commercial graphic design and industrial engineering, creation and research of wrappings and packaging materials; graphic illustration services for the design and creation of audiovisual works; graphic illustration services; drawing and technical writing for others; designing, creating, testing and maintaining websites, applications and databases; computer services, namely designing and implementing networked websites, e-commerce software applications and computer network systems using information technology for others; designing, creating, usability testing and maintaining websites, computer applications and databases; prototype and

synchronization software; devices for hands-free use of mobile phones; digital cameras; downloadable audio and video files, movies, ring tones, video games, television programs, pod casts and audio books via the internet and wireless devices; downloadable cloud computer software for use in database management, use in electronic storage of data, use in configuration of hardware; downloadable computer software, namely downloadable computer software for controlling LED lighting; downloadable computer software, namely, downloadable mobile applications for setting up, configuring, and controlling wearable computer hardware and wearable computer peripherals; downloadable graphics for mobile phones; downloadable ring tones for mobile phones; downloadable software for boosting the speed and performance of game programmes and electronic devices; downloadable software that allows subscribers to utilize voice over Internet protocol (VOIP) communication services; dustproof plugs for jacks of mobile phones; earphones; electronic and computer game programmes in the field of augmented reality and virtual reality; electronic devices used to locate lost articles employing the global positioning system or cellular communication; electronic mail and messaging software; electronic organizers; electronic, scientific, photographic, cinematographic, optical and signaling apparatus and instruments for use in augmented and virtual reality projects; electronically encoded identity wristbands; eyewear cases; galvanic cells; game engine software for video game development and operation; gesture recognition software; Global Positioning System (GPS) device; graphics amplifiers; handheld computers; hands free devices for mobile-phones; hands free kits for phones; head - mounted display screen devices; headphones; headsets; headsets for mobile telephones; high definition graphic chipsets; holders adapted for mobile phones; image data capture devices; keyboards for mobile phones; keyboards for smart phones; laptop computers; leather cases for mobile phones; LED lighting specially adapted for the illumination of computer hardware, computer peripherals, sound and audio apparatus and electronic devices, including mobile devices; light emitting diode displays; light-emitting diodes (LED); local mobile telephone installations; local mobile telephone systems; microphones; microprocessor or microcontroller

to be incorporated in necklaces; mobile application software for enabling real world views overlaid with digital images, sound, video, and information using a screen, smartphone, tablet computer, digital eyewear, or other mobile electronic wearable devices; mobile communication terminals; mobile data apparatus; mobile data communications apparatus; mobile data instruments; mobile data receivers; mobile phone cases; mobile phone covers; mobile phone straps; mobile tablet computers; mobile telephone batteries; mobile, and handheld computers; motion detectors; motion sensors for computer and video games; mouse [data processing equipment]; mouse pads; noise cancelling apparatus; notebook computers; peripherals for mobile devices; personal digital assistants; phone plugs; photographic and cinematographic equipment; plug adaptors; prescription eyewear; price comparison software; programmable light-emitting diodes [LED] controlled by computer software; protective and carrying bags adapted for holding and storing computer peripheral devices; protective films adapted for smartphones; providing online software for downloading by others that allows subscribers to utilize voice over internet protocol (VOIP) communication services; rechargeable cellular telephone batteries; recognition apparatus incorporating scanners; software to control and improve audio equipment sound quality; speakers (audio equipment); spectacle parts, namely eyewear temple decorative covers; stands adapted for mobile phones; straps for mobile phones; sunglasses; touch sensitive electronic screens with customizable computer graphic use interfaces, graphic icons and interactive graphic screens; tripods for electronic apparatus; tablet computers; universal serial bus hardware; usb cables for cellphones; user interface software; video game computer programs for use with game apparatus not requiring a separate means of display; virtual reality software; wearable computer peripherals; wearable mobile electronic devices; wearable peripherals for mobile devices; webcams; wireless headsets for smartphones; apparatus for cable management for the aforementioned goods; batteries and power supplies for the aforementioned goods; computer software and computer software drivers for the aforementioned goods; packaged or downloaded instruction manuals in electronic format sold as a unit for the

aforesaid goods; parts and spare parts of the aforementioned goods as far as included in this class; stands, covers, cases, holsters, power adaptors, and wired and wireless remote controls for the aforementioned goods.

Class 35:

Providing an electronic cloud-based database of business directory information; marketing, advertising and promotion services; promoting the goods and services of others via computer and communication networks; provision of market research information; business and sales management services for facilitating the exchange and sale of services and products of third parties via computer and communication networks; retail sale services relating to consumer electronics, computer hardware, computer software, computer peripherals, apparatus for recording, transmission or reproduction of data, sound or images, audio equipment and apparatus, webcams, electrical machinery and apparatuses, batteries, bags, pouches, cases, covers, lighting apparatus, lighting equipment, photographic and cinematographic equipment, eyewear, horological and chronometric instruments, jewellery, clothing, headgear, video game apparatus, furniture, furnishings, home appliances, mobile phones, preparations for making beverages, beverages and foodstuffs, virtual credits, coupons, vouchers, gift cards, prepaid cards, stored value cards and tokens for the purchase or redemption of goods; invoicing; drawing up of statements of accounts; administration of consumer loyalty programs; business management of reimbursement programs for others; sales promotion by issuing redeemable coupons (for others); sales promotion services for retail and wholesale of goods through discount programs; operation and supervision of sales and promotional incentive schemes; sales promotion through customer loyalty programmes; providing a web-based system and online portals in the field of commerce; business information management, namely, electronic reporting of business information, business analytics, namely, information and analytics regarding the sale of products and services of others, and regarding the authenticating, processing and management of mobile payments; business information management, namely, electronic reporting of business analytics relating to payment processing, authentication and tracking; electronic processing of orders for others; administrative processing of purchase

orders; advertisement via mobile phone networks; advertising; advertising, sponsorship (promotion and marketing services) and business management of persons who participate in competitions and events for computer games; advertising, sponsorship (promotion and marketing services) of competitions and events for computer games; advisory services relating to customer service; business information; business information management, namely electronic reporting of business information, business analytics, namely business information and analytics regarding the sale of products and services of others, and relating to the authenticating, processing and management of mobile payment; business information management, namely, electronic reporting of business analytics relating to payment processing, authentication and tracking; business management and organization consultancy; business research; commercial information and advice for consumers [consumer advice shop]; compilation of information into computer databases; customer service management; demonstration of goods and services; retail, wholesale, or sales promotion services for discount services provided via a global computer network or physical stores; distributorship services, namely, online retail services relating to video games; business management of credit cards, debit cards, gift cards, virtual currency, coupons, vouchers, prepaid cards, stored value cards and other forms of payment transactions for business purposes; marketing; on-line advertising on a computer network; online retail services; online retail store services provided via a global computer network featuring computers, computer software, computer peripherals, mobile phones, smart phones, application software and consumer electronics, and demonstration of products relating thereto; organisation, operation and supervision of sales and promotional incentive schemes; presentation of goods on communication media, for retail purposes; promotional marketing; provision of an on-line marketplace for the trading of goods and services; provision of an on-line virtual marketplace; providing business directory information via an electronic cloud-based database; retail sale services provided via a global computer network or physical stores; retail services provided via a global computer network or physical stores; retail

store services provided via a global computer network or physical stores; retail store services featuring computer, electronic and entertainment products, telecommunications apparatus, mobile phones, handheld mobile digital electronic devices, and other consumer electronics, computer software, and accessories, peripherals, and carrying cases for such products, provided via the internet and other computer, electronic and communications networks; retail store services featuring computers, computer software, computer peripherals, mobile phones, smart phones, application software and consumer electronics, and demonstration of products relating thereto; search engine optimization; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network.

Class 36:

Financial transaction services, namely, providing secure authorization and secure processing services for electronic banking and credit/debit card transactions; financial services, in particular providing a virtual currency for use by members of an online community via a global computer network; virtual currency exchange transaction services for transferrable electronic cash equivalent units having a specified cash value; payment processing services, namely, providing virtual currency transaction processing services for others; electronic payment administration, processing and subsequent transmission of bill payment data; electronic funds transfer via electronic communications networks; electronic wallet services (payment services); financial transaction processing services, namely, clearing and reconciling financial transactions via computer and communication; credit and debit card payment processing services; processing electronic payments made through virtual currency, coupons, vouchers, gift cards, prepaid cards, stored value cards and tokens; issue of virtual currency, coupons, vouchers, gift cards, prepaid cards, stored value cards and tokens of value for purchasing goods and for using services, and for claiming discounts, bonus points and other benefits in digital form using software, applications for mobile devices, via internet homepages, by e-mail and using other telecommunications channels; redeeming the

vouchers of others for payment of goods or services; financial services relating to the provision of virtual currency, coupons, vouchers, gift cards, prepaid cards, stored value cards and tokens for the purchase or redemption of goods; financial services; cryptocurrency services in the nature of financial services, namely, providing a virtual currency for use by members of an on-line community via a global computer network; digital money services in the nature of financial services, namely, providing a virtual currency for use by members of an on-line community via a global computer network; electronic transfer of virtual currencies; financial services, namely, providing electronic transfer of a virtual currency for use by members of an on-line community via a global computer network; financial sponsorship; financial information; financial consultancy; financial analysis; issuance of virtual currency, coupons, vouchers, gift cards, prepaid cards, stored value cards, tokens of value; providing financial information via a web site; providing rebates at participating establishments of others through use of a membership card; electronic payment services; issuing of virtual currency, coupons, vouchers, gift cards, prepaid cards, stored value cards and tokens of value in relation to customer loyalty schemes; issuing of virtual currency, coupons, vouchers, gift cards, prepaid cards, stored value cards and tokens of value in relation to incentive schemes; monetary transaction services; discount card services [financial services]; loyalty coupon payment processing services; conducting cashless payment transactions; electronic transfer of virtual currencies; providing financial services via wireless network, global computer network and mobile telecommunications devices, namely, banking, credit, debit and stored value payments systems; electronic wallet services, namely, issuance, storage, redemption and electronic transfer of a virtual currency for electronic payments and transactions; electronic commerce payment services, namely, establishing funded accounts used to purchase goods and services on the internet; information, advice and consultancy in relation to all the aforesaid services; managing and tracking credit cards, debit cards, gift cards, virtual currency, coupons, vouchers, prepaid cards, stored value cards and other forms of payment transactions for business purposes; issuing and providing

receipts for electronic payments and payment transactions; processing payment of bills and accounts for others; facilitating secure peer-to-peer financial transactions using an electronic financial platform connected to a global computer network; electronic processing and transmissions of traditional currency and virtual currency; peer-to-peer virtual currency exchange services for transferrable electronic cash equivalent units having a specified cash value that can be exchanged for virtual currency or converted into traditional currency or gold.

Class 38:

Audio broadcasting, broadcasting music, concerts, and radio programs, via a global computer network, streaming of audio content via a global computer network; audio, video and multimedia broadcasting via the Internet and other communications networks; broadcasting or transmission of radio and television programmes; Cellular telephone communication; communication and telecommunication services; communication between computers; communication by computer, computer intercommunication; communication services for the electronic transmission of data, images and voices; communication services in the form of matching users for the transfer of music, video and audio recordings via communication networks; Communications by cellular phones; communications by computer; Communications by means of mobile phones; computer aided transmission of messages, data and images; computer intercommunication; delivery of digital images; delivery of digital music by telecommunications; delivery of digital music, video and other multimedia works by telecommunications; delivery of messages by electronic transmission; electronic bulletin board services; electronic communications consultancy; electronic mail and messaging services; electronic mail services; electronic transmission of audio and video files via communications networks; electronic transmission of data and documentation via the Internet or other databases; electronic transmission of data between computers and servers; electronic transmission of data via communications networks; electronic transmission of streamed and downloadable audio and video files via computer and other communications networks; facsimile, message collection and transmission services; information about telecommunication; internet cafe services being the provision of

telecommunications access to the internet; Mobile telephone communication; Mobile telephone communication services; Mobile telephone services; news agency services for electronic transmission; one-way and two-way paging services; operating search engines [telecommunications services]; providing access to digital music web sites on the Internet; providing access to web sites on the Internet; providing communications services namely voice over internet protocol (VOIP) peer-to-peer communications, electronic transmission of data and documents over computer terminals, and instant messaging services; providing of user access to the internet; providing online bulletin boards for the transmission of messages among computer users concerning computer gaming and entertainment; providing telecommunication access to databases and directories via communications networks for obtaining data in the fields of computer gaming and entertainment; providing telecommunication access to digital music and MP3 web sites on the Internet; providing telecommunication access to web sites on the Internet; providing telecommunications access to websites and electronic news services online allowing the download of information and data; providing telecommunications connections to the Internet or databases; providing temporary internet access to use online non-downloadable software to enable users to program audio, video, text and other multimedia content; providing user access to the Internet (service providers); providing users with telecommunication access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; providing wireless telecommunications via electronic communications networks; provision of connectivity services and access to electronic communications networks, for transmission or reception of audio, video or multimedia content; provision of telecommunication access time to websites featuring multimedia materials; provision of telecommunications access and links to computer databases and the Internet; provision of telecommunications connections to computer databases and the Internet; provision of telecommunications connections to electronic communication networks; provision of telecommunications connections to the Internet or computer

databases; rental and hire of communication apparatus and electronic mailboxes; rental and hire of communications apparatus and of electronic mailboxes; rental of access time to the internet to use online non-downloadable software to enable users to program audio, video, text and other multimedia content; streaming of video content via a global computer network; streaming of video content, streaming and subscription audio broadcasting of spoken word, music, concerts, and radio programs, broadcasting prerecorded videos featuring music and entertainment, television programs, motion pictures, news, sports, games, cultural events, computer gaming and entertainment-related programs of all kinds, via computer and other communications networks; subscription audio broadcasting via a global computer network; telecommunication access services; telecommunication of information (including web pages), computer programs and any other data; Telecommunications; Telephone communication services; telex, telegram and telephone services; time sharing services for communication apparatus; transmission of data and news by electronic means; transmission of data and of information by electronic means, computer, cable, radio, teleprinter, telephone, mobile phone, electronic mail, telecopier, television, microwave, laser beam, communications satellite or electronic communication means; transmission of data by audiovisual apparatus controlled by data processing apparatus or computers; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; transmission of digital files; video broadcasting, broadcasting prerecorded videos featuring music and entertainment, television programs, motion pictures, news, sports, games, cultural events, computer gaming and entertainment-related programs of all kinds, via a global computer network; virtual chatrooms established via text and audio messaging; webcasting services; webcasting services (transmission); wireless broadcasting; wireless digital messaging, paging services, and electronic mail services, including communication services that enable a user to send and/or receive messages through a wireless data network; Wireless telephone services; information, advisory and consultancy services relating to all the aforesaid.

Class 42:

Providing temporary use of non-downloadable computer software that allows users to send, receive, transfer, store, and safeguard digital currency; providing a secure and web-based computer service featuring technology that enables users to remotely access, send, receive, transfer, store, and manage digital currency; application service provider featuring application programming interface (api) software for integration of financial transactions into websites and mobile applications; designing, programming, or doing maintenance of computer programs for use in electronic commerce transactions; providing search engines for electronic commerce transactions; designing, programming, or doing maintenance of computer programs (software) for authenticating users in electronic commerce transactions; providing temporary use of non-downloadable computer programs for use in electronic commerce transactions; designing, programming, or doing maintenance of internet websites for electronic commerce transactions; electronic storing and safeguarding of traditional currency and virtual currency via electronic wallets; designing, creating, maintaining and hosting online retail and electronic commerce websites for others; platform as a service (PaaS) services featuring games monetization computer platform software for providing a virtual currency for use in video games by members of an on-line community via a global computer network; information, advice and consultancy in relation to all the aforesaid services; creating an on-line virtual computer environment for the trading of goods and services; software and platform as a service (SAAS) and (PAAS) featuring computer software platforms for the trading of goods and services; constructing and hosting internet platforms for payment processing and transfer; providing temporary use of on-line non-downloadable software and software platforms for facilitating, enabling and processing electronic payments and data transmission (including via mobile phones), processing of real-time payments, processing of internet or direct connect or computer network based transactions, processing of financial transactions and transmission of photographic images, text, graphics and data; Application service provider (ASP) services featuring computer software; application service provider (ASP) services featuring computer software for setting up, configuring, and

controlling computer hardware and computer peripherals; application service provider (ASP) services featuring software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, and electronic publications; application service provider (ASP) services featuring software that enables users to play and program music and audio, video, text and multimedia content, and software featuring musical sound recordings, audio, video, text and multimedia content; computer consulting and support services for scanning information into computer discs; computer data recovery; computer hardware and software consulting services; computer programming; computer services, namely, creating, organizing and managing websites for online communities relating to digital media, interactive technology, consumer electronics, gaming, and virtual reality; computer services, namely, design and development of augmented reality and virtual reality game software and hardware for others; computer support services (programming and software installation, repair and maintenance services); computer timesharing services for communication apparatus; computer, mobile phone and consumer electronic diagnostic services (computer services); computerised data storage services for archiving electronic data; computerized data storage services; computerized data storage services for text, data, image, audio, video, and multimedia content; consultancy in the field of software design; consulting services in the field of selection, implementation and use of computer hardware, computer software and consumer electronic systems for others; consulting services in the field of selection, implementation and use of computer hardware and computer software for the operation of consumer electronic systems for others in the nature of audio, audiovisual and home and portable entertainment systems and devices; creating and maintaining websites; creating an on-line virtual environment (website) for the trading of goods and services; data migration services; design and development of computer game software; design and development of computer hardware and software; design and development of computer software and hardware for use in telecommunications and voice over internet protocol (VOIP) applications; design and development of software in the field of

mobile applications; design and development of user interface for application software; design and development of user interfaces for computer devices for the purposes of computer gaming; design and development of user interfaces for computer gaming; design and development of video games (software) and games software; design of mobile telephones; design of telecommunications apparatus and equipment; design, maintenance, development and updating of computer software; development of computer software application solutions; development of software; development, maintenance and updating of a telecommunication network search engine; electronic storage of data, text, images, audio, and video; electronic data storing of traditional currency and virtual currency via electronic wallets; computer security services for protection of virtual currency via electronic wallets; hosting an electronic financial platform connected to a global network to facilitate secure peer-to-peer financial transactions; graphic design for the compilation of web pages on the internet; hosting a website for the uploading, sharing, viewing and posting of photographs, digital images, movies, videos, online journals, namely web blogs in general interest fields, computer gaming, and other related multimedia entertainment materials over a global computer network; hosting computer software applications of others; hosting of a social networking website; hosting of an online searchable database of text, data, image, audio, video, and multimedia content; hosting the websites of others; industrial analysis and research services; information and consultation in connection with computerised data storage services for archiving electronic data; information and consultation in connection with electronic storage of data, text, images, audio, and video; information relating to computer software provided online from a global computer network or the internet; information relating to the design and development of computer hardware provided online from a global computer network or the internet; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); installation, updating, maintenance and repair of computer software and application software; mobile phone data recovery; multimedia and audiovisual software consulting services; online provision of web-based applications;

operating search engines; providing a secure website and web-based applications and software that enable users to remotely access, send, receive, transfer, store, and manage digital currency; providing an online interface and network environment that features technology that enables participants to solicit, collect, modify, store, organize, transmit and manage user data and information; providing temporary use of online non-downloadable computer programs for use in electronic commerce transactions; providing mapping services and information via computers, telecommunication networks, mobile phones, hand-held devices and wireless navigation devices; providing online information in the field of software and hardware development for use with augmented reality and virtual reality applications; providing temporary use of online, non-downloadable computer software that allows subscribers to utilize voice over internet protocol (VOIP) communication services; scientific and technological services and research and design relating thereto; smartphone software design; software creation; software design and development; support and consultation services for developing computer systems, databases and applications; technical consulting in the field of computers, mobile phones and consumer electronics; technical support services, namely, troubleshooting computer hardware, computer peripheral, computer software, mobile phone hardware, application software and consumer electronic devices; unlocking of mobile phones; updating of smartphone software.

[511] 貨品 / 服務說明 : Class 9:
Specification: Devices and software for use to connect and control internet of things (IoT) devices; devices for home and environmental monitoring, control, and automation; security surveillance apparatus; alarm monitoring systems; devices and computer software that allow the sharing and transmission of data and information between devices for the purposes of facilitating home and environmental monitoring, control, and automation; data processing equipment; intercommunication apparatus; home automation control devices; stand-alone voice controlled information devices; anti-intrusion and anti-theft warning apparatus and devices; theft prevention installations; security control apparatus; photographic apparatus and instruments; optical apparatus and instruments; apparatus for recording, transmission or reproduction of sound or images; computer hardware and software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing images, audio, video and data files; communication devices for voice, data, or image transmission; voice and data transmitters and receivers; computer software; doorbells, electronic locks, motion sensors, alarms, alarm sensors, alarm systems, sensors and detectors, and speakers; video monitors;

security cameras; video cameras for monitoring the interior and exterior of residences and commercial buildings, and wireless controllers to remote monitoring, control, and automation; video streaming devices, video recording, and video receiving devices; cameras; webcams; apparatus and devices providing night vision; alarm system and camera mounts and stands; environmental hazard detectors, namely, devices that detect and record the presence of water, humidity levels, heat, temperature, movement, motion, and sound; closed circuit television apparatus and cameras; pet and baby monitors, pet viewing units; electronic video surveillance products, namely, electronic components of security systems; electronic video surveillance products, namely, electronic components of security systems; automated self-contained electronic surveillance devices that can be deployed to gather evidence or intelligence; wearable activity trackers; wearable cameras; wearable computers in the nature of smartwatches; wearable computers in the nature of smart glasses; wearable video display monitors; communications headsets for use with mobile phones, communication radios, intercom systems, or other communications network transceivers; computer hardware, namely routers, wireless network extenders and wireless access point (WAP) devices; computer firmware and software for controlling the operation of all of the foregoing; network interface adapters; network communications hubs; network communication cables; wired and wireless routers; wireless and wired intelligent gateways; modems; network switches; ethernet adapters, namely, power over ethernet injectors; network access range expanders and extenders; networking power line kits, namely, broadband power line communication systems for transferring broadband data over electrical power lines, comprised of a port, networking power lines, cables, and an electronic installation guide; networking access points; computer software for interconnecting, managing, securing and operating local and wide area networks; communication terminals comprising computer hardware and/or software for providing video, audio, data, video game, and telephone communications and/or transmissions; network storage devices, comprised of computer hardware and/or software; network routers; wireless routers; software for wireless routers; VPN hardware; RAID controllers;

computers; network bridges; gigabit interface converter (GBIC) standard modules; parts, fittings and accessories for all the aforesaid goods; security software; computer software and software applications for home and environmental monitoring, control, and automation; software and software applications permitting users to identify and communicate with persons at their door; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of application programming interfaces (APIs) that are used by electronic devices, systems, and interchanges that exchange data via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to internet connected consumer electronic devices; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to theft-prevention and security systems, and home and business surveillance systems; voice command and recognition software; computer software used for controlling stand-alone voice controlled information and personal assistant devices; computer software for remote monitoring and analysis; electronic control systems for machines; software for monitoring and controlling communication between computers and automated machine systems; navigation software for use with smart, autonomous vehicles and mobile machines for use in connection with internet of things (IoT) enabled devices; software for use in tracking and monitoring position and range of smart, autonomous vehicles and mobile machines for use in connection with internet of things (IoT) enabled devices; electronic systems, equipment and instruments, namely behavior engine software, positioning engine software, positioning sensors and dynamic intelligent software and sensors for use in connection with internet of things (IoT) enabled devices; computer software for router placement; computer hardware, namely, smart-home hubs for the connection of multiple smart-home devices to a network; telecommunications software; computer software for use in remotely restricting access to computers and mobile

phones; computer application software for security, namely, software for protecting families against explicit content; computer application software for controlling privacy and security settings on a wireless network; computer application software for the purpose of providing ad-blocking during internet usage.

Class 35:

Online retail store services; data processing; data management; database and file management; compilation and systemization of data into computer databases; data searches in computerized files for others; subscriptions to telecommunications database services; retail store services in the fields of consumer electronics, general consumer merchandise, and audiovisual equipment; retail store services featuring a wide variety of consumer goods of others; compilation and updating of knowledge (data) in computer databases.

Class 38:

Telecommunication services; electronic communication services; transmission of data, audio, video and multimedia files; transmission of messages, voice, data, video, and images through a global communications network; communications services; broadcasting services; video communication services; video telephone services; data communication services; data streaming; providing voice communication services over the internet; consultancy and advisory services relating to the aforesaid services; electronic and wireless transfer and streaming of audio and video; electronic transmission of downloadable audio and video files via computer; providing access and connections to global computer networks via telecommunications; providing access to the Internet; dissemination of text and images via computer terminals and the Internet; online transmission of news services; communications services; cloud communications services; sending and receiving data to and from cloud repositories; providing multiple user access to global computer networks; providing customer access to the communications networks of others; consultation in the field of communication services; streaming of data via a global computer network; podcasting and webcasting services; delivery, reception and transmission of messages, documents, images and other data by electronic transmission; electronic-mail services; data and electronic media

transmission services via on-line global and local computer networks; providing on-line chat rooms and electronic bulletin boards for transmission of messages among users; providing email and instant messaging services; mobile telecommunication network services; rental of telecommunication and Wi-Fi equipment; provision of information, advice and consultancy relating to all the aforementioned services.

Class 42:

Platform as a service (PAAS) featuring computer software platforms for use with home and environmental monitoring, control, and automation systems; software as a service (SAAS) services featuring computer software for use with home and environmental monitoring, control, and automation systems; application service provider featuring application programming interface (API) software for home and environmental monitoring, control, and automation; platform as a service (PAAS) featuring computer software for use to connect and control internet of things (Iot) electronic devices; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; platform as a service (PAAS) featuring computer software for use to connect and control internet of things (Iot) electronic devices; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices; providing temporary use of online non-downloadable security and anti-theft software applications; providing temporary use of online non-downloadable software applications permitting users to identify and communicate with persons at their door; providing temporary use of online non-downloadable voice command software applications; computer services, namely, providing an internet site featuring technology for use in home and environmental monitoring, control, and automation systems; computer services, namely, providing an internet portal featuring technology enabling users to remotely interact with home and

environmental monitoring, control, and automation systems; providing online non-downloadable software for recording, viewing, storing, sharing and analyzing online audio and video; providing temporary use of on-line non-downloadable software for the management and transmission of data; design and development of computer hardware and software; hosting a website for the electronic storage of data; monitoring of computer systems by remote access; monitoring of the functioning and use of camera systems by remote access; installation, maintenance and repair of computer software; cloud recording and storage services (cloud computing); electronic storage of electronic media, namely, images, text, audio, and video data; providing an online non-downloadable internet-based application featuring technology enabling users to share videos; providing an on-line network environment that features technology that enables users to share data; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing, and analyzing data; information technology support services; provision of information technology [IT] technical support; consultancy, design, testing, research, information technology [IT] technical support and information in the field of wireless networking, wifi, computing, computer networks, computer software, the internet and the world wide web; information technology [IT] technical consultancy and information in the field of routers, wireless network extenders and wireless access point (WAP) devices; design, creation, maintenance and hosting of websites or website portals; application service provider services; information technology [IT] technical consultation and technical support services in the field of data communications, computer networking, communications, telecommunications, computer software and the internet; hosting computer software applications for use by others; providing temporary use of online non-downloadable software; software writing services; information technology [IT] troubleshooting services; monitoring of computer systems and networks for security purposes; computer security services relating to routers, wireless network extenders and wireless access point (WAP) devices; computer security services relating to the protection of computer networks and computer systems against

attacks from computer viruses, hackers, tampering, unauthorized intrusion and unauthorized manipulation of data; online data storage services; providing temporary use of online, non-downloadable software for remotely restricting access to computers and mobile phones; providing temporary use of online, non-downloadable software for protecting families against explicit content; providing temporary use of online, non-downloadable software for controlling privacy and security settings on a wireless networks; software as a service (SAAS) services featuring software for the purpose of providing ad-blocking during internet usage; information, consultancy and advisory services relating to all the aforesaid services including such services provided on-line or via the internet or extranets.

Class 45:

Home security monitoring services; consultancy, advisory and information services relating to home security monitoring; electronic security monitoring and security services for residential and commercial properties; consultancy, advisory and information services relating to home security monitoring.

9, 35, 36, 37, 38, 41

[511] 貨品 / 服務說明 :

Specification:

Class 9:

computer hardware; chips [integrated
circuits]; integrated circuit cards [smart
cards]; smart cards [integrated circuit
cards]; computer software, recorded; computer
software applications, downloadable;
downloadable computer software programs;
downloadable computer security software;
computer software for providing security to
networks; communications software for
connecting global computer networks; computer
programs for use in telecommunications;
computer programs, recorded; computer
peripheral devices; interfaces for computers;
readers [data processing equipment]; computer
programs, downloadable; computer software
platforms, recorded or downloadable

Class 35:

advisory services relating to business
management and business operations; business
management and organization consultancy;
assistance, advisory services and consultancy
with regard to business management;
negotiation of business contracts for others;
business planning and business continuity
consultancy; business planning; assistance,
advisory services and consultancy with regard
to business planning; business consultancy and
advisory services; business advice, inquiries
or information; business research; business
strategic planning services; consultancy and
advisory services in the field of business
strategy; business investigations; business
intermediary and advisory services; provision
of information and advisory services relating
to e-commerce; negotiation and conclusion of
commercial transactions for third parties;
advisory services for preparing and carrying
out commercial transactions; professional
business consultancy; systemization of
information into computer databases; computer
database management; updating and maintenance
of data in computer databases; compilation of
information into computer database

Class 36:

e-wallet payment services; management of pre-
paid card with membership card function;

issuance of pre-paid card with membership card function; mobile and internet payment services; integrated services of mobile electronic wallet and mobile payment; pre-paid card transaction processing services; processing electronic payments made through prepaid cards; systemization and operation of pre-paid card system (financial services); issuance of transportation cards embedded with smart chip; electronic payment for others; electronic payment services; electronic processing of payments; consulting services regarding payment solutions (financial consultation services); payment card services
Class 37:

installation and repair of network systems (hardware); maintenance of server computers for networks; server computers for networks installation; repair of server computers for networks; maintenance of computer servers for networking; installation, maintenance and repair of hardware for data communication networks; installation of hardware and cables for Internet access; computer network installation services; installation of computer network systems and apparatus; maintenance of computer network systems and apparatus; repair of computer network apparatus and instruments; installation of computer network apparatus and instruments; repair of computer network systems and apparatus; maintenance of computer network apparatus and instruments; installation, repair and maintenance of computers and computer peripherals; repair and maintenance of computer and telecommunications equipment; repair and maintenance of computer and telecommunications hardware; installation of computer equipment; repair services of computer equipment; maintenance of computer equipment; installation and maintenance of hardware for computer networks and Internet access; installation, maintenance and repair of computer network and information technology equipment; installation, maintenance and repair of hardware for computer networks; installation of computer systems; installation of hardware for computer systems; installation, maintenance and repair of computer peripherals; repair or maintenance of telecommunication machines and apparatus for computer communication networks; installation, maintenance and repair of computer hardware and peripherals; installation of electronic and digital connection to a call center; installation and maintenance of communication

network apparatus; repair or maintenance of telecommunication machines and apparatus; installation and repair of telecommunication machines and apparatus; installation, maintenance and repair of telecommunications apparatus and instruments; repair or maintenance of telecommunication machines and apparatus and providing information relating thereto; maintenance and repair of telecommunications networks, apparatus, and instruments; installation, maintenance and repair of computer hardware for telecommunications systems; advisory services relating to the installation of communication equipment; installation, maintenance and repair of telecommunications equipment

Class 38:

providing access to data and wireless network; providing user access to computer programs in data networks; providing access to information via data networks; providing user access to computer programs on data networks; providing access to computer programs on data networks; providing telecommunications connections to databases; communications services for accessing a data-base; advice in the field of data communication; information services relating to electronic communication networks; providing access to electronic communications networks and electronic databases; provision of central switching services for electronic communications networks; operating of electronic communications networks; communication services over computer networks; consultation services relating to communications; planning relating to communications; advice services relating to communications; communication network consultancy; providing access to databases

Class 41:

organization of lotteries; lottery services

Class(es) No(s) .:

[511] 貨品 / 服務說明 :

Specification:

Class 9:

Teaching and instructional materials in electronic form supplied online; teaching, instructional and educational apparatus and instruments; computer software (downloadable) supplied on the Internet; on-line electronic publications (downloadable) from the Internet or on a computer network or a computer database; computers, computer hardware and software, computer peripherals; scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signaling apparatus and instruments; apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images, and/or sound; telephones, pagers, mobile phones, facsimile machines; apparatus and instruments for displaying and/or printing out data, information, pictures and/or images; magnetic data carriers, recording discs; video tapes, audio cassettes, compact discs, floppy discs, CD ROMS and DVD ROMS; data processing equipment; computer software for browsing and/or search of data, or enabling browsing and/or searching on a computer network or the Internet; cards, wires, discs and semiconductor devices carrying computer programs; telecommunication apparatus, instruments, networks and circuitry; cables, cable installations, optical fibres, optical communication apparatus and circuitry, all for telecommunication purposes; instruments and software for communicating with computer networks and the world-wide web; computer software for connecting computer network users to design pages and sites on the world wide web; computer hardware and software for database management; computer hardware and software for decompressing digital media; video and audio apparatus, equipment and devices; apparatus for coding and decoding signals; set top box; remote control; satellite dishes; digital satellite broadcasting systems, namely, receivers, transmitters and antennas for satellite broadcasting; analog and digital satellite receivers; apparatus and instruments for data communication, satellite communication and telecommunication; apparatus or devices for satellite antenna televisions; digital satellite receivers; digital satellite systems; satellite communication equipment; multimedia software application (downloadable)

providing access to enable sharing of multimedia content and comments among users; all included in Class 9.

Class 16:

Instructional and teaching materials (except apparatus); textbooks; certificates; paper, cardboard; printed matter; photographs; stationery; plastic materials for packaging (not included in other classes); calendars, books, catalogues, postcards, posters, banners, periodicals, printed publications, newspapers, and magazines; greeting cards; wrapping paper and packaging materials; paper bags and envelopes; bookends, bookmarks; diaries; files; writing pads, memo pads, writing paper; ornaments and decorating made of paper and/or cardboard; pocket notebooks; autograph books; folders for papers; stickers; booklets; red pocket envelopes; inserts for video tapes, digital videodiscs/digital versatile discs (DVD), video discs, laser discs; printed working pass, paper identity badges with neck straps; all included in Class 16.

Class 35:

Advertising, promotion, marketing and business information services relating thereto; news clipping services; business information services; dissemination of advertising materials; updating of advertising materials; publication of publicity materials; rental and/or sale of advertising space; rental and/or sale of advertising time on communication media; publicity agencies; marketing research; marketing studies; updating of advertising materials and compilation of advertisements for use whether online or otherwise; systemization of data into computer databases; computer data processing; computerized data retrieval services for digital text, data, image, audio, and video works; telephone answering services; personnel management; merchandise ordering services; provision of business information via the Internet; secretarial services; provision of business statistical information relating to broadcasting and publishing business information including audience figures, user numbers, costs, circulation numbers and advertising data; organization of exhibition for commercial or advertising purposes; customer relationship management; business consultancy; information, management and advisory services relating to all the aforesaid services; all included in Class 35.

Class 38:

Telecommunications services, namely, providing email and push notification alerts via the internet; Broadcasting services, multicasting services and unicasting services including namely, uploading, capturing, posting, showing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, and/or reproducing of data, multimedia content, video, pictures, images, text, photos, games, user-generated content, audio content, and information via software application on the Internet and other communications networks connecting with mobile phone, tablet computer, computer and handheld device; broadcasting services, multicasting services and unicasting services including namely, uploading, capturing, posting, showing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, and/or reproducing of movies via software application on the Internet and other communications networks connecting with mobile phone, tablet computer, computer and handheld device; sending, collection and transmission services of mail messages, data, electronic media, multimedia content, video, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via software application on the Internet and other communications networks connecting with mobile phone, tablet computer, computer and handheld device; electronic communication networks services; telecommunication networks services; broadcasting, transmission and reception of video and audio information by means of cable, wire, fibre, satellite or digital signals; teletext service; video data transmission services; transmission of video and audio information via fixed telecommunications infrastructure made over a closed secure private network utilizing IP (internet protocols); transmission of the video and audio information via any global computer network comprising inter-connected networks using various protocols, which includes without limitation to the World Wide Web and all associated telecommunication networks and technologies; transmission of the video and audio information over the Internet with or without a multiple system operator being involved in the control or distribution of the content which normally requires hardware interface at consuming end (being industry defacto named as "OTT" (Over The Top)); interactive telecommunication and television

broadcast services, video-on-demand subscription services, subscription television broadcasting services; view data services; mobile television broadcasting services, webcasting services; Internet Protocol television broadcasting services; Internet television broadcasting services; OTT (Over The Top) television services; providing access to software to enable uploading, downloading, capturing, posting, editing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, manipulating, distributing, publishing and/or reproducing of data, multimedia content, video, movies, pictures, images, text, photos, games, user-generated content, audio content and information via software application on the Internet and other communications networks; providing access to software to enable the provision of data, multimedia content, videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via Internet and other communications networks; providing access to computer database on the global computer network and handheld device database on the global communications networks for searching and retrieving information, data and resources available on computer and other communications networks; consultancy, information and advisory services in relation to the foregoing services; providing access to computer database on the global computer network for searching and retrieving information, data, websites and resources available on computer networks; preparation of reports relating to broadcasting, including viewer numbers for television programmes watched via television channels, via the official website, via streaming, simulcast, catch-up, audience awareness of the official website and mobile applications; all included in Class 38.

Class 41:

Provision of teaching education information; academy services; provision of educational, teaching, tutorial and instructional services via the Internet and other communications networks on mobile, tablet computer, computer and handheld device; services in relation to the production and distribution of television programmes including but not limited to dramas, situation comedies, variety shows, educational, infotainment and culture programmes as well as motion pictures; production and distribution of television programme services, audio visual or audio

programming, television programmes, films, interactive television, interactive entertainment and competition; entertainment and infotainment provided via electronic and digital interactive media; digital video and video film production services; distribution and rental of electronic media, recording disc, audio and video compact disc, laser discs, digital video discs/digital versatile discs (DVD) and tapes containing television programmes; entertainment and education services, provision of online computer games and contest; provision of (entertainment) information relating to education, entertainment, news, games, music, movies, drama, television programmes and performers, celebrity personality, training, recreation, sporting, social and cultural activities via the Internet and other communications networks on mobile, tablet computer, computer and handheld device; providing online electronic publications (not downloadable) from the Internet and other communication networks; arranging and organizing musical, educational, sporting and cultural events, exhibitions and competitions; organizing and presentation of live and theatrical performance; arranging and conducting conferences and exhibitions; training for the aforesaid services; educational services, training and instruction services relating to customer services and customer relationship management; practical training and demonstration, arranging and organizing of conferences, seminars and training courses, all related to customer services and customer relationship management; editing, manipulating (editing) and publishing and/or reproducing of multimedia content, video, movies, pictures, images, photos, games, audio content via software application on the Internet and other communications networks downloadable on mobile, tablet computer, computer and handheld device; editing, manipulating (editing) and publishing of text via software application on the Internet and other communications networks downloadable on mobile, tablet computer, computer and handheld device; distributing of, movies via software application on the Internet and other communications networks downloadable on mobile, tablet computer, computer and handheld device; provision of on-line electronic publications by streaming from the Internet or on a computer network or a computer database; publishing business information (publication service), including

viewer numbers for television programmes watched via television channels, via the official website, via streaming, simulcast, catch-up, audience awareness of the official website and mobile applications; all included in Class 41.

Class 42:

Computer services; computer programming; design, drawing and commissioned writing, all for the compilation of web pages on the Internet; on-line computer services; application services provider (ASP); creating and maintaining websites; hosting multimedia digital content for others; computerized data storage services for digital text, data, image, audio, and video works; all included in Class 42.

Class 45:

Licensing of television programmes, digital data, still images, moving images, video, audio and text; licensing of digital data, still images, moving images, audio and text; online social networking services; all included in Class 45.

Specification:

Weighing machines with body fat monitors;
weighing machines with body composition
monitors; measuring machines and instruments;
fat metabolism measurement machines and
apparatus; machines and apparatus to measure
and analyze acetone concentration in breath;
baby scales; bath room scales; weighing
machines; kitchen scales, and parts and
accessories thereof; scales, and parts and
accessories thereof; scales for industrial
use; scales for commercial use; pedometers;
calorie consumption meters and monitors;
detectors and analyzers for alcoholic
concentration in breath; breath checkers;
halitosis meters; body odor detectors and
analyzers; residual chlorine meters; pH
meters; water quality surveying and monitoring
apparatus and instruments; skin condition
meters and analyzers; apparatus for measuring
the amount of exercises and physical
activities and the amount of calorie burned by

the said exercises and physical activities; wearable apparatus for measuring the amount of exercises and physical activities and the amount of calorie burned by the said exercises and physical activities; subcutaneous fat thickness measuring instruments; measurement machines and instruments, namely, sleeping state analyzers; temperature gauges; hygrometers; thermo-hygrometers; thermo-hygrometers with luminous and voice navigation functions; hot water temperature meters; altimeters; ultraviolet measurement apparatus; heat stroke detection device, namely, WBGT (WetBulb Globe Temperature) heat index meters; salinometers; glutamine acid meters; glucose measurement machines and apparatus; measuring machines and instruments with the communications function of transmitting measured data to computers; air pollution concentration analyzers to measure the density and amount of powder dust, house dust; air pollution concentration analyzers to measure and analyze the air environment; air analysis apparatus; air pollution analyzers; weighing machines having features of monitoring and analyzing the volume and other conditions of body muscles; muscular strength measurement machines; measuring machines to check and analyze the body distortion or the body balance; measuring machines to monitor and analyze the speed of making a physical balance steady as well as the motor functions and physical conditions including the speed of standing-up from a sitting position, muscular strength, speed of shifting a physical balance; measuring machines to measure the softness of human head skins; measuring machines to measure the softness of human skins; measuring machines to measure the softness of human muscles; measuring machines to measure the softness of agricultural crops; measuring machines to measure the softness of material objects; hardness measurement machines; measuring machines to measure the mature degree of vegetables and fruits; saccharometers; crop moisture meters; moisture meters; agricultural crop component analyzers; food analysis machines to analyze vegetables, fruits and other foods; apparatus for testing food; calorie intake measurement and analysis apparatus; scales having features of measuring the amount of food calories; Doppler effect sensing device; pressure sensing device; pressure sensors; human motion detecting sensors; motion detecting sensors; shake or vibration sensors; air pressure sensors;

illuminance sensors; sound sensors; sensors [measurement apparatus], other than for medical use; monitoring apparatus, other than for medical purposes; telecommunications machines and instruments for remote supervision system; detecting apparatus (measuring machines and instruments); measuring cups; measuring spoons; measures; photographic machines and instruments; cinematographic machines and instruments; optical machines and instruments; cameras; kitchen timers with electronic buzzers; telecommunications machines and instruments; communications device to store, record, process and transmit the measured data; straps and neckpieces for mobile phones; straps and neckpieces for smart phones; GPS (global positioning system) based navigation system; CCD (charged-coupled device) cameras; CMOS (complementary metal-oxide semiconductor) cameras; alarm system to detect emergency circumstances in houses of solitary elderly people, which is comprised of sensors, computer networks; alarm system to detect emergency circumstances in houses of elderly people; detectors; electric or magnetic meters and testers; electronic circuits (excluding those in which computer programs are recorded); computer programs; prepaid magnetic cards, encoded; printers; electronic machines and instruments, and their parts; downloadable application software for mobile phones, smart phones or computers; pre-recorded media, in which application software for mobile phones, smart phones or computers is recorded; application software; computers and computer displays; records; music files, which can be downloaded from the Internet and be saved; downloadable sounds and music; image files, which can be downloaded from the Internet and be saved; pre-recorded video discs and video tapes; video media or audio media, pre-recorded; electronic publications; pre-recorded CD-ROMs; pre-recorded DVDs; cable adapters; computer network adapters for wireless network connection; computer network adapters for wireless network communications; electronic data processing device, namely, electronic data writers and readers used for electronic device containing IC (integrated circuit) chips; electronic data processing device; electronic buzzers with countdown timers; electronic buzzers; sports timers with electronic buzzers; sports timers; countdown timers with electronic buzzers used to measure and countdown the time when doing studies,

works, exercises or other activities [measuring apparatus]; countdown timers used to measure and countdown the time when doing studies, works exercises or other activities [measuring apparatus]; chronographs for use as specialized time recording apparatus; chronographs to display the time measured by the countdown method, namely, countdown timers with electronic buzzer; chronographs with electronic buzzers to measure the time of studies, works, exercises and other activities by the countdown method; chronographs; time recording apparatus.

Class 10:

Body fat monitors; body composition monitors; medical machines and instruments; biomedical body composition analysis machines; bioelectrical impedance measurement machines for medical use; impedance abdominal fat analyzers; abdominal fat analyzers; medical machines and instruments used to measure fat metabolism; medical machines and apparatus to measure and analyze acetone concentration in breath; sphygmomanometers; clinical thermometers; blood glucose meters; sleeping state analyzers for medical use; sleeping quality analyzers for medical use; pulse meters; bone density measurement machines; heart rate monitors; medical diagnosis machines and medical monitoring machines; measuring machines to monitor and analyze the quality, volume and other conditions of body muscles for medical use; measuring machines to check and analyze the body distortion of a patient or the body balance of a patient for medical use; medical measurement machines to monitor and analyze the speed of making a physical balance steady as well as the motor functions and physical conditions including the speed of standing-up from a sitting position, muscular strength, speed of shifting a physical balance; medical measurement machines and instruments; massage apparatus.

Class 41:

Educational services in the field of health and healthcare; educational services in the field of nutrition and eating; educational services in the field of fatness and obesity; educational services in the field of beauty care, dieting and slimming; educational services, namely, teaching knowledge; educational services, namely, teaching sports for health promotion; educational services, namely, teaching arts, sports or knowledge; providing information on donation of human corpses for medical education (medical

education services) ; arranging of donation of human corpses for medical education (medical education services); arranging, operating or holding seminars, and information services in relation thereto; arranging, operating or holding seminars and workshops in the field of health promotion; arranging, operating or holding educational and entertaining events (but not including advertising ones) in the field of health and healthcare, wherein measuring and diagnostic machines and instruments are featured and utilized, and information services in relation thereto; arranging, operating or holding educational and entertaining events in the field of health, healthcare, beauty care, exercise, medical care, food, eating or nutrition, and information services in relation thereto; arranging, operating or holding educational and entertaining events in the field of body measurement and physical fitness measurement, and information services in relation thereto; producing educational, cultural, entertaining or sporting video media (excluding movies, broadcasting programs or advertising videos); arranging, operating or holding sporting events, and information services in relation thereto; Entertainment services; Providing entertainment information; entertainment services; providing entertainment information; providing non-downloadable electronic publications; reference libraries of literature and documentary records; library services; providing online videos regarding cooking, not downloadable; providing online videos regarding sports and exercises, not downloadable; production of broadcast programs regarding cooking; production of videos regarding cooking, excluding movies, broadcast programs or advertising videos; production of videos; providing training facilities for health promotion; fitness club services and exercise club services; providing sporting facilities; timing of sporting events; providing training gyms and studios; rental or leasing of sporting equipment used in training gyms and studios; rental or leasing of sporting equipment; book publishing services, and text publishing services; publishing services in the field of electronic publications; planning, editing or producing of publications; sports information services provided through websites; instructional services in the field of health and healthcare; instructional services in the field of nutrition; instructional services in

the field of obesity/fatness prevention; instruction services for practice of obesity and fatness prevention and dieting.

Class 42:

Technological advice relating to computers, automobiles and industrial machines; designing, creating or maintenance of computer programs; data conversion of computer programs and data, not physical conversion; conversion of data or documents from physical to electronic media; creating and designing website-based indexes of information for others [information technology services]; creating and maintenance of websites for others; data encryption services; electronic monitoring of personally identifying information to detect identity theft via the internet; rental or leasing of computers; providing computer programs, non-downloadable; ASP (application service provider) services, namely, providing non-downloadable computer software; software as a service [SaaS]; cloud computing services; hosting of websites; hosting of computer servers; electronic data storage; platform as a service [PaaS]; computer software rental; rental or leasing of gauging machines and instruments; rental or leasing of measuring machines and instruments; rental or leasing of scientific, chemical or laboratory machines and instruments; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; designing and development of computer hardware; scientific research and development; information services in the field of science and technologies.

Class 43:

Providing food and drink, and information services in relation thereto; providing food recipe information and drink recipe information; catering [provision of food and drink]; providing food and drink at cafes with rest facilities having hammocks; providing rest facilities having hammocks (temporary accommodations); providing food and drink at cafes with rest facilities; providing rest facilities (temporary accommodations); temporary accommodation services; preschooler and infant care at daycare centers; infant and child care services provided at nurseries or daycare centers.

Class 44:

Counseling services in the field of health and healthcare; information services in the field of health and healthcare; medical information

services; counseling services in the field of nutrition; health checkup, and information services in relation thereto; counseling and medical advisory services in the field of obesity/fatness prevention; information services in the field of obesity and fatness prevention, and medical advice for practice of obesity and fatness prevention and dieting; consultancy and advisory services in the field of nutrition and eating habits; information services in the field of nutrition and eating habits; rental or leasing of diagnostic machines and instruments; rental or leasing of medical machines and instruments; rental or leasing of ultrasonic diagnostic system; rental or leasing of massage apparatus; consultancy and advisory services in the field of beauty care and slimming; information services in the field of beauty care and slimming; barber shops; beauty salon services; rental or leasing of apparatus and instruments for use in beauty salons or barber's shops; rental or leasing of beauty care apparatus for commercial use; providing foot bath facilities; providing spa and bath houses with rest facilities having hammocks; providing spa and bath houses with rest facilities; sauna services; providing spa and bath houses; massage and therapeutic Shiatsu massage; chiropractic; moxibustion; treatment for dislocated joints, sprain and bone fractures [Judo-seifuku]; acupuncture; providing information regarding massage and therapeutic Shiatsu massage; massage services by using aromatherapy; oil massage; relaxation massage services for body care; providing information regarding reflexology and massage; counseling in relation to massage; reflexology services; animal breeding; veterinary services; beautification for animals; aromatherapy and massage services for pets.

Class 42:
Scientific and technological services and

research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer)

computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing

technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

Class 45:

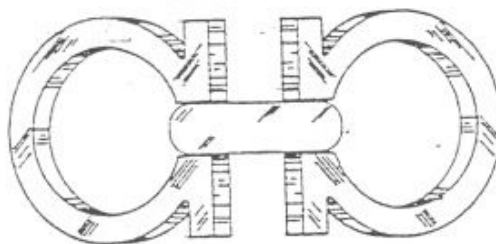

Legal services; security services for the physical protection of tangible property and individuals; personal and social services rendered by others to meet the needs of individuals; on-line authentication of electronic signatures; on-line social networking services; legal research; legal document preparation services; litigation services; alternative dispute resolution services; arbitration services; legal administration of licences; domain name registration services; licensing of digital data, still images, moving images, audio and text; creation, compilation and maintenance of a register of domain names; intellectual property consultancy; licensing of intellectual property; consultancy relating to licensing of intellectual property; exploitation and licensing of industrial and intellectual property rights; exploitation and licensing of intellectual property rights relating to semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer) computer chips and central processing units, computer chips and central processing units with instruction set architecture; licensing of computer chip and central processing unit platforms; licensing of the use of computer software and computer programs; guard and security services; personal safety services; rental of apparel; providing protection (security) services through electric central stations for intruders, burglar and fire protection systems; intruder and burglar alarms monitoring services, fire and flood detecting device and alarm monitoring services; house keeping services; baggage inspection for security purposes; personal background

investigation services; security services for the protection of property and individuals; funeral services; releasing doves for special occasions; embalming services; social work services; dating services; consultancy, information and advisory services relating to the aforesaid services; all included in Class 45.

- [511] 貨品 / 服務說明 : Class 9:
Specification: Closed circuit television systems equipment, closed circuit television cameras, lenses, Internet Protocol cameras, Network video recorder & its related accessories. Video Door Phone and Intercom systems no matter in analogues and internet protocol connection systems and with or with video features. LED panel display. Computer programs; fingerprint sensors and smart card reader and writer, namely that used for the identification of fingerprints, which are used for security and the time and attendance system. Data processors, printers, modems, multiplexes, and disc drive units, copying machines, adding machines, cash registers, calculating machines, computers and components thereof, coin dispensers, dictating machines, film card readers, postage-stamp meters, electrically operated erasing machines used in recording for erasing data from tapes, card punching and reading machines, data communications terminals, display terminals, paper counting machines, microfilming apparatus and instruments, viewers for microfilm, counterfeit money detecting apparatus and encoders, calculating devices, , joggers being electrical switches, projectors, tape punches and readers; radio apparatus, telephones, telegraphs and signaling systems, attachment plugs for electric connections, automotive testing equipment, electric cables and cable connectors, wire ways and bus ways, capacitors, circuit breakers, electric conduits and fittings, current taps, electric door-operating units, electric fence controllers, fuse holder assemblies, fuses, detectors for ground fault current conditions, circuit interrupters, detectors and protectors; connectors, incubators and brooders, all being scientific apparatus; industrial control equipment, electrical terminal blocks; electronic tube and capacitor testers; tuners and amplifiers, radio

receivers, all for sale in kit form; laboratory apparatus and instruments, lightning arresters and lightning conductors; measuring and discharge devices, rectifiers, scales; meter sockets, subservice switching and metering centres, automatic load limiters, utility power outlets boxes, luminous signs, sound recording and reproducing equipment, switchgear assemblies, temperature indicating and regulating apparatus, time indicating and recording appliances, vibrators being electrical apparatus, battery chargers, transformers, tubing for laboratory use, wires, wire connectors, industrial x-ray equipment, panel boards, photo printing apparatus; ultrasonic cleaning apparatus for cleaning small machine parts and mechanisms; time counters, oscilloscopes, electrical power supply units, volt-meters, voltage calibrators, multimeters, oscillators, elongation testers, viscometers; recorders, noise testing apparatus, capacitance bridges, all being scientific apparatus used for documenting and recording test data in laboratory facility; potentiometers, power meters, frequency counters, signal generators, modulation meters, inductor analyzers, deviation monitors, tube capacitors and transistor analyzers, frequency synthesizers, scalars, ohmmeters, ammeters, light meters, photomultipliers, photometers, digital measuring apparatus and instruments, meters for measuring magnetic fields, amplifiers and preamplifiers, tracers, level meters, spectrum analyzers, and function generators; transmitters and receivers, all being signaling apparatus; power units, electronic components, program controllers, valves, switches, relays, transducers, indicating and recording and controlling instruments and meters, measuring instruments, gauges, counters, timers, analyzers, fuses, computers for providing access to stored information, electric converters, annunciators, signaling panels, monitors, integrators and programmers; helmets for motorcyclists, emergency lights and signs for use by motorist; reflectors; lineman's body belts, safety straps, protective headgear, eye protectors, safety shoes and boots, fire alarm systems; electrical apparatus and instruments; electric switches; remote control switches; sockets; plugs; adaptors; fuses, fuse links; electrical connectors; infra red switches; batteries, battery chargers, LED displays, electronic bill boards, apparatus for recording,

transmission or reproduction of sound or images; speakers; electrical cables. computer hardware and software for use in the fields of telecommunications, digital security and surveillance, computer and telecommunication networks and audio-visual application; computer hardware and software for use in the monitoring, acquisition, recording, analysis and storage of voice, fax, video, Internet, data and desk-top screen imagery from multiple telecommunication channels, electronic instruction manuals, sold as a unit with the aforesaid goods; all included in Class 9.

electronic communication devices; data and correspondence transmission by electronic means; data communication services by telephone and electronic means; data transmission services via telecommunications networks; data transmission via the Internet; delivering information and data by electronic means; digital cable broadcasting services; digital television, satellite television and radio broadcasting services; dissemination of information by wireless or cable networks; dissemination of television programmes relayed by satellite receivers; electronic and digital data communication services; electronic bulletin board services; electronic communications services; electronic order transmission for e-commerce; electronic order transmission services via computer networks; electronic telecommunication services; electronic transfer of information for offsite storage on electronic media; electronic, digital, cellular and wireless transmission of voice, data, information, images, audio, video, signals and messages; facsimile and electronic data transmission services; file transfer via telecommunication means; hire of telecommunications and wireless communications apparatus, equipment, installations, instruments and systems; information transmission via electronic communications networks; interactive telecommunication via the Internet; international electronic transmission of data; Internet and Intranet communications services; Internet broadcasting; Internet phone services; Internet, Intranet and Extranet communication network services; leasing and rental of communication and telecommunication apparatus; leasing of telecommunication equipment; local and long distance transmission of voice, data, graphics by means of satellite; message sending and delivery by electronic media; message sending by telecommunications means; mobile telecommunications services; multimedia telecommunications services; on-line and Internet communications; on-line electronic transmission services for secure payment transactions; on-line information services relating to telecommunications; operating of electronic communications systems and networks; operation and rental of equipment for telecommunications; operation of cable television networks; operation of communication facilities for the interchange of data by electronic means; operation of radio, telephone, telegraph, satellite and

cable network communications systems;
operation of telecommunication apparatus;
operation of telecommunication network
services; planning relating to
telecommunications and wireless
communications; providing access to databases
via telecommunication networks; providing
access to digital music web sites on the
Internet; providing access to electronic
communications networks and electronic
databases; providing access to global computer
networks (the Internet) and telecommunication
networks; providing access to platforms and
portals on the Internet; providing
communications information via electronic
communications networks; providing electronic
data links to websites; providing information
relating to communications or
telecommunications via websites and the
Internet; providing information relating to
data communications and telecommunication via
a global computer network; providing
information relating to telecommunication;
providing internet chatrooms; providing mobile
access to the Internet, corporate networks,
and Intranets; providing multiple-user access
to electronic communications networks for the
transfer and dissemination of information and
news; providing multiple-user
telecommunication access to a global computer
information network; providing
telecommunication connections; providing
telecommunication information; providing
telecommunications access to users to enable
trading activities via the Internet; providing
transmission services relating to video games,
music and images via the Internet; providing
user access to a global computer network or
the Internet; provision of access to the
Internet; provision of communication
facilities for the interchange of data by
electronic means; provision of electronic
communications facilities; provision of
electronic mail and messages services;
provision of multiple-user telecommunication
access; provision of telecommunication
connections to computer data bases and global
computer networks; provision of
telecommunication facilities for interactive
discussion and conversation; provision of
telecommunication information; provision of
telecommunications and wireless communications
services; provision of telecommunications
connections to a global computer network; real
time electronic transmission of messages;
rental of communication and telecommunication

apparatus and equipment; rental of data communication apparatus; rental of data transmitting apparatus and instruments; rental of electronic apparatus and instruments for data communication; rental of electronic mail-boxes; rental of equipment for telecommunication; rental of mobile phones and communications equipment; rental of modems; rental of satellite transponders; rental of telecommunication and transmission equipment; rental of telecommunication appliances and networks; rental of telecommunication lines for the communication by computer terminals; rental of telecommunications systems; satellite and cable telecommunication and transmission services; sending of messages by electronic means; streaming of audio and video materials on the Internet; telecommunications consulting services; telecommunications network services; telecommunications via computer terminals; television broadcasting services via cable; transfer of data by telecommunication; transfer of telephone or telecommunication calls; voice telecommunication services; wireless Internet access services; wireless telecommunications services; value-added network (VAN) services; wide area network (WAN) services; local area network (LAN) services; provision of access to the internet via wireless hotspots; consultancy, information, management and advisory services relating to all the aforesaid services; all included in Class 38.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; design and development of computer hardware and software; leasing of data processing equipment; computer services relating to dissemination of information via computer networks; computer services relating to computer and electronic signal coding and decoding; hosting computer sites [web sites]; hosting of digital content on computer networks; hosting of digital content on the Internet; computer information services provided on-line from a computer database or the Internet; computer database development; design and development services relating to computer software application and computer database; providing computer services for searching websites; computer programming; computer programming services relating to telecommunications; computer programming for telephones; consultancy relating to computer

programming, hardware and software; design, drawing and commissioned writing for the compilation of websites; creating and maintaining websites; installation, maintenance, updating and design of computer software and programs; research, development, design and updating of computer software; software development relating to computer database; consultancy relating to computer hardware; computer consultation relating to telecommunications; computer services relating to the interconnection of computer hardware and software; design and engineering services relating to telecommunication systems and apparatus; research and development relating to telecommunication; design of telecommunication networks and installations; testing of telecommunications equipment; testing of electronic data processing systems; engineering services for telecommunications and data networking; analysing of computer systems; computer security services relating to network access; computer services relating to the operation of the Internet services; computer services relating to home shopping services provided from the Internet; updating of game software via the Internet; rental of Internet server; rental of electrical and electronic apparatus and instruments relating to computing; rental, design and development of computer software and hardware; rental of computer networking equipment; rental of computer software and data processing apparatus; computer services relating to compiling and processing of computerized data; monitoring of computer systems by remote access; computer software and database design; creation and installation of programs for data processing; technical advisory services relating to data processing; updating of game software via mobile communication apparatus; developing game software and entertainment software for mobile devices; electronic data storage; customer identification in electronic commerce; computer system and network integration; design of telecommunications installations; providing search engines for obtaining data via electronic communications networks; telecommunications software maintenance; telecommunications network engineering advice and consultation services; computer programming for telecommunication machines and apparatus; development of multimedia software applications; design and development of software for the Internet websites and applications; rental of IC cards;

design and development of computer hardware and software for on-line attestation and verification of Internet users; testing of computing, telecommunication, electrical and electronic apparatus and instruments; providing electronic data conversion services; providing information on computer technology and programming via a web site; providing information relating to computer software and hardware; providing information relating to software; custom design of security access systems; cloud computing; platform design and maintenance; consultancy, information, management and advisory services relating to all the aforesaid services; all included in Class 42.

Computer telephony software offering communication integrated telephone system via internet; Portable computer; Tablet pc; Wireless base station; Mobile digital electronic devices, namely, mp3 players, mobile telephones, smart telephones, digital cameras, global positioning systems and personal digital assistants; Signal converter, namely, a converter that superimposes an ethernet signal on an existing cable; Optical fiber signal receiver; Computer network adapter; Ethernet network signal repeater; Computer network signal booster; Computer network signal adapter; Computer software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, and electronic publications; Computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; Data synchronization

programs and application development tool programs; Electronic notice boards; Downloadable electronic publications, namely, books, magazines and manuals in the field of art, math, music, technology, electronic games, and sports education and providing information about videos, films, television shows and programs and entertainment; Electronic pens; Electronic writing tablets; Electronic blackboard; Electronic character generator; Electronic agendas; Electronic books in the field of business, technology, communications, consumer electronic devices, health and medicine, art, digital graphics, and history pertaining thereto; Personal digital assistant (pda); Electronic dictionary, namely, hand-held electronic dictionaries, downloadable electronic dictionaries; Electronic publication in the nature of a manual featuring instructions related to computer hardware, mobile digital electronic device and network apparatus; Electronic and entertainment products, namely, flat panel display screens, lcd large screen displays; Mobile phone; Portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, image, and audio files; Computer software for use in database management; Computer anti-virus software; Anti-spyware software; Computer application software for mobile phones, portable media players and handheld computers, namely, software for use in database management, electronic storage of data, for tracking people, objects and pets using gps data on a device on the tracked people, objects and pets, and for use with medical patient monitoring equipment, for receiving, processing, transmitting and displaying data; Computer software for communicating with users of hand-held computers; Electronic displays, namely, digital signage; Advertisement player, namely, electronic advertisement boards featuring a neon lamp, electronic advertisement and messaging display unit with multi-networking (tcp/ip) capabilities and remote connectivity; On-demand set-top box; Smart set-top box; Video conference device, namely, wireless television set for providing video conferencing and telephone service over the internet; Protective covers and cases for tablet computers, personal digital assistants; Computer hardware; Computer peripheral devices; Microprocessors; Memory board; Computer monitor; Database management

software; Database synchronization software; Computer programs for accessing, browsing and searching online databases; Computer software for the redirection of messages, internet e-mail, and/or other data to one or more electronic handheld devices from a data store on or associated with a personal computer or a server; Solid state memory drives; Hard disk drive; Micro hard disk driver; Central processing units; Disk drives; Electronic book and electronic card readers as data processing equipment; Random access memory device, namely, ram card; Programmable data access processor; Computer; Random access memory expansion module; Random access memory card; Computer software for the synchronization of data between a remote station or device and a fixed or remote station or device; Computer memories; Electronic communication devices, namely, mobile phones, communication computers; Data storage device, namely, blank tapes for storage of computer data; Data processing apparatus, namely, apparatus for recording, transmission, processing and reproduction of sound, images or data; Micro-computer; Computer monitors; Computer programs for use in monitoring computer activity; Floating-point unit computer chip; Read only memory chip, namely, blank compact discs with read only memory; Blank magnetic data carrier; Flash memory card; Memory card for computer; Interfaces for computers, namely, computer network interface devices, computer interface boards; Memory expansion card; Computer network card for connecting portable computer devices to computer networks; Video display card; Data coupler, namely, acoustic couplers; Main computer circuit board; Computer terminal; Computer workstation comprising computer terminals, hardware and peripherals; Internet apparatus, namely, internet servers and cable connectors; Computer hardware, namely, network firewall; Network router; Computer network bridge; Computer network hub; Network gateway router in the nature of computer control hardware; Network server; Electronic security devices, namely, electronic fence; Uninterruptible power supplies; Interactive electronic device, namely, remote cursor controls for computers; Control mounting cabinet specially adapted for electroplating apparatus ;Electronic equipment, namely, electronic circuit boards, electronic card readers, electronic cables; Computer memory cassette; Computer programs [downloadable software]; Micro computer

emulator; Data media; Usb flash drives; Data retrieving machine; Computer programmes [programs], recorded; Computer operating programs, recorded; Monitors [computer programs]; Electronic equipment rack.

Class 35:

Rental of electronic billboards; Advertising services, namely, rental of advertising space, and preparing and placing advertisements for others; Computer database and documents management; Data processing services; Compiling of information into computer databases; Computer file management; Database management; Rental of advertising space; Design of internet advertising; Production of advertising matter and commercials; Advertising and marketing; Advertising on the internet for others; Promotional activities for others, namely, promoting the goods and services of others via billboards, promotional exhibitions, and electronic notice boards; Providing business intelligence services; Computer files and information search, namely, business research; Business administration assistance; Comparison shopping services; On-line auction services; Providing and rental of advertising space on the internet; Rental of advertising material; On-line shopping, namely, operating an on-line shopping site in the field of computer hardware, software, communication devices, computer peripherals and network equipment; Retail store service for computer hardware and network equipment; Processing of computer data.

Class 42:

Provide online information, namely, information in the fields of computer hardware and software design and development, selection, implementation and use of computer hardware and software systems; Website creation and maintenance services; Computer services, namely, creating an on-line community for registered users to engage in social networking; Host sites for others, namely, computer services, namely, design, creation, hosting and maintenance of internet sites for third party; Application service provider, namely, providing website members with temporary use of non-downloadable software to listen to online music, non-downloadable software to play, edit and record music, video, and text; Providing temporary use of non-downloadable anti-virus software; Computer program design relating to design of programs for computers; Duplication of computer program; Computer systems analysis;

Computer system design services; Recovery of computer data; Computer software rental; Computer hardware rental; Rental of computer hardware and software; Computer rental; Rental of web servers; Internet authentication, namely, electronic document and e-mail authentication services; Network security management, namely, computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; Consultation for telecommunication engineering technology; Design of communication systems for transmission and reception of voice, data and video, namely, design of the central monitoring and control system for a communication system; Fire alarm, detection and suppression systems engineering planning and design; Engineering services in the field of computer security equipment planning and design; Consultation for refrigeration and air conditioning engineering technology; Refrigeration and air conditioning engineering planning and design; Providing computer software service, namely, integration of computer software into multiple system and networks; Application service provider featuring application programming interface (api) software for downloading, sending, receiving, editing, compressing, encoding, decoding, storing and manage text, images, video and electronic publications; Custom design and development of computer hardware and software; Provision of internet search engines; Computer software design; Updating and maintenance of computer software; Consultation for computer software design; Computer software installation; Consulting services in the fields of design, selection, implementation and use of computer hardware and software; Consultation for developing computer system, database, computer hardware and software; Computer software consulting, namely, consulting in the fields of selection, implementation and use of computer software; Computer programming; Provide service for temporary use of non-downloadable computer software; Conversion of data or documents from physical to electronic media; Data conversion of computer programs and data [not physical conversion]; Rental of network server space; Planning and construction of web site; Network certification service; Network safety administered service; Monitoring of computer systems by remote access; Digital data storage service; Computer data backup service;

Telecommunication technology consultancy;
Electrical engineering consultancy; Design of
computer hardware exterior appearance.
