The remaining goods or services on the register now read as follows:

#### 類別 Class 35

Wholesale and retail sales services, including by way of telecommunications and/or information technology networks, for devices and instruments for operation, distribution, connection, transformation, accumulation, adjustment, measurement, monitoring and control of the electrical current, including electric cables and conduits ; wholesale and retail sales services, including by way of telecommunications and/or information technology networks, for devices and products for lighting, heating, air-conditioning, air cooling and household appliances; wholesale and retail sales services, including by way of telecommunications and/ or information technology networks, for tools and instruments to cut, cut out, bore, measure, tighten, crimp, unroll, strip and draw wires, sheaths and cables, to weld, crimp, file, build, actuated manually or electrically ; wholesale and retail sales services, including by way of telecommunications and/or information technology networks, for screws, bolts, and

products for mechanical or chemical fixing; wholesale and retail sales services including by way of telecommunications and/or information technology networks, for products to vacuum-clean, clean, wipe, galvanize, lubricate, release, lubricate, varnish, dehumidify and protect from moisture, to cool locally ; wholesale or retail sales services including by way of telecommunications and/or data processing networks, for flexible pipes, insulator or insulating products and materials; wholesale or retail sales services including by way of telecommunications and/or data processing networks, for devices and instruments for monitoring and safety of people, goods, site access; wholesale or retail sales services including by way of telecommunications and/or data processing networks, for devices and installations for home automation, building automation and industrial automatism; wholesale or retail sales services including by way of telecommunications and/or data processing networks, for devices for the recording, transmission and reproduction of sounds, images, or data including communication devices and instruments; wholesale or retail sales services including by way of telecommunications and/or data processing networks, for information technology equipment, including data-processing peripherals, connection cables and sockets for information technology materials and installations; business organization and management consultancy ; commercial administration; advertising services; advice on the commercial strategy and on commercial management and development; professional consultations and business information; marketing studies; organization of shows, exhibitions, fairs and professional markets for commercial or publicity purposes, short-listing (commercial analysis) of products for third parties and commercial advice on the electric and industrial materials likely to meet the requirements defined by a set of technical specifications.

#### 類別 Class 37

Installation, maintenance and repair of electric devices and installations; installation, maintenance and repair of devices and products for the lighting, heating, air-conditioning, cooling of air and household appliances; installation, maintenance and repair of alarm, access control and monitoring devices and installations for home automation, building automation and industrial automatism ; hiring tools and instruments to cut, cut out, bore, measure, tighten, crimp, unroll, strip and draw wires, sheaths and cables, to weld, crimp, file, build, actuated manually or electrically; technical information, in particular online or on information technology and/or telecommunications networks, regarding materials, devices and installations for lighting; advice, consultation in the field of devices, material and installations for lighting.

#### 類別 Class 39

Hiring of devices and instruments for the distribution of electric current; advice, consultation in the field of material and installations for distribution of the electrical current.

#### 類別 Class 40

Rental of apparatus and instruments for conducting, transforming, accumulating, regulating or controlling electricity; technical information, in particular online or

on information technology and/or telecommunications networks, regarding materials, devices and installations for electric operation, heating and air-conditioning; advice, consultation in the field of material and installations for operation, transformation, accumulation, adjustment, measurement, control or the ordering of the electrical current; advice, consultation in the field of devices, material and installations for ventilation, heating or cooling of air.

類別 Class 42

Technical research in the field of material and installations for operation, distribution, transformation, accumulation, adjustment, measurement, control or the ordering of the electrical current; technical research in the field of devices, material and installations for lighting, ventilation, heating or cooling of air; advice, consultation and technical research in the field of home automation, building automation and industrial automatisms; research in the field of safety and distance monitoring of persons and goods, industrial facilities or service activities and private residences ; study of technical projects in need assessment (technical diagnoses) in terms of electric material and installation, including cables, in terms of air heating and cooling, house automation, building automation, industrial automatisms, safety and monitoring ; technical advice and studies for technical performance evaluation, compatibility analysis and the possibilities of integration of electric materials in complex electric installations ; technical design of new products and services in the field of materials and electric installations, and in the field of tools ; technical studies, analyses and diagnoses for establishing and implementing electric devices and installations ; product evaluation and analysis services providing short-lists of products for third parties and technical advice in the choice of electric and industrial materials likely to meet the technical needs defined in a set of technical specifications; technical information, in particular online or on information technology and/or telecommunications networks, regarding electric materials, devices and installations, regarding materials, devices and installations for computerised street signs, home automation, access control, building automation and industrial automatisms.

類別 Class 45

Technical information, in particular online or on information technology and/or telecommunications networks, regarding materials, devices and installations for monitoring; technical information, in particular online or on information technology and/or telecommunications networks, regarding materials, devices and installations for alarm; advice, consultation in the field of safety and distance monitoring of persons and goods, industrial facilities or service activities and private residences.
