ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

Specification:
- Class 1:
Chemical compositions for treating water and liquid and/or solid waste, namely flocculants, coagulants, polyelectrolytes and reagents; chemicals and additives for water conditioning, namely biocides, bio detergents, anti-corrosive preparations, softeners, chemical agents for conditioning boiler water, tanks of metal, apparatus and installations for heating, cooling, refrigerating and water supply purposes, heat condensers and other installations comprising pipes and pipework; organic soil conditioning preparations, derived from the treatment and purification of water and liquid waste, for soil fertilising purposes; composts and cultivation media produced by treatment processes carried out in plants for the treatment of liquid and solid waste and/or in plants for the purification of urban or industrial waste water; oxidising preparations for purification, sterilisation and disinfection of liquids, in particular for water treatment and food preservation; chemicals used in industry or as part of industrial manufacturing processes.
- Class 6:
Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; safes; ores; buildings of metal; scaffolding of metal; boxes of common metal; bins of metal; packaging containers of metal; containers of metal for transport; tanks of metal.
- Class 7:
Machines for use in the processing of water, machines for the filtration of water, in particular by means of diaphragms, ion exchangers, biological reactors, and mixers; machines for injecting chemical or physical reagents for the treatment of water or waste; machines for water supply purposes; pumps, valves and other machines for the storage and distribution of water for domestic use, including drinking water, waste water, rain water and sprinkler water; irrigation, pulverisation and bottling machines; machines and installations for physicochemical or biological processing, dehydration, centrifugation, pressing and spreading of liquids, semi-liquid and solid waste, in particular sludge derived from water treatment; machines for the drying of waste and of sewage sludge; mobile or fixed machines for water treatment and waste treatment; machines for the automatic sorting of waste, in particular household packaging waste; waste packaging and de-packaging machines; apparatus for vacuum cleaning of waste; installations for electricity generation.
- Class 9:
Dosage apparatus for chemicals and biological and physicochemical reagents; programmable controllers for measuring, monitoring and controlling water quality parameters, computer software for analysing and controlling water and waste quality parameters; measuring and checking apparatus and instruments for water supply and treatment purposes; measuring and checking apparatus and

instruments for monitoring energy and fluid consumption; mechanical, electronic, magnetic and/or optical data carriers for measuring and recording fluids including water, gas and electricity, for the purpose of supplying and monitoring consumption of the aforesaid; programmable computer apparatus and installations for remote monitoring, remote management and remote control, using the auto-switched network, of specialist lines or radio links for the control of installations intended for the processing, supply and collection of drinking water, waste water and industrial water; apparatus and installations for remote measuring, remote management and remote control, using the auto-switched network, of specialist lines or radio links for measuring and controlling fluids including water, gas and electricity, for the purpose of supplying and monitoring consumption of the aforesaid; computer software for monitoring of supply and collection networks for drinking water and waste water; computer software for the management and analysis of power and fluid consumption (recorded programs); computer hardware for simulating the functions of plants for the potabilisation or sanitation of industrial and municipal water; computer hardware and software, databases and computers for controlling, regulating, modelling and management of potabilisation and sanitation plants; scientific apparatus and instruments (not for medical purposes) for the optimisation of carbon dioxide emissions associated with the operation of a water treatment facility, with the management of water resources, with waste collection and treatment, and with air treatment; electrical apparatus and instruments for generating ozone from gases including oxygen or air; parts for the aforesaid apparatus; electrical apparatus for monitoring and checking the quality of sea water; apparatus and instruments for chemical and bacteriological analysis (not for medical purposes); computer software for establishing water pricing systems; measuring and checking apparatus for detecting leaks in pipework, branch pipes and water storage tanks.

Class 11:

Installations for steam generating and waste incineration purposes; apparatus and installations for the treatment and distribution of water or liquids; apparatus and equipment for clarification, physical and physicochemical filtration, softening, deionisation and demineralisation on ion exchangers of water or of liquids; equipment and accessories for treating water or liquids on diaphragms (ultrafiltration, nanofiltration and hyperfiltration or reverse osmosis); cartridge filters of metal or textile, sand filters, activated carbon filters or filters using any other granular material; installations for iron and manganese removal and biological removal of nitrates from water; apparatus and installations for the disinfection and sterilisation of fluids in liquid and gas form using ultra-violet radiation and other kinds of radiation; installations for the treatment of organic materials based on plants and/or animals, of urban or industrial origin (in particular waste from green spaces, sludge from plants for the treatment of effluents and of liquids and solid waste and/or from plants for the purification of domestic or industrial waste water);

water heating installations, installations for the desalination of sea water, apparatus and installations for the treatment of water and effluents from the chemical and agri-foodstuffs industry, installations and apparatus for the treatment and recycling of effluents; apparatus for steam generating, distillation, crystallisation and drying purposes, heat exchangers, air heating apparatus, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for the treatment of water or liquids, namely settler apparatus, sterilising installations, air humidifiers, coalescers and mixers; apparatus for the treatment of air, namely for deodorising and purification; mobile or fixed installations and equipment for water treatment and waste treatment; apparatus and devices for water supply purposes.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; handling carts, dump carts, automotive lorries, trailer vehicles.

Class 19:

Water-pipes not of metal, industrial concrete for use in civil engineering works, water supply pipes and sewage networks; insulating glass for construction purposes, buildings not of metal, namely oil pipelines, gas pipelines, posts, not of metal, for electric power lines; building materials (non-metallic), buildings not of metal, in particular non-metallic transportable buildings, non-metallic rigid pipes for building, asphalt, pitch and bitumen, cement, lime, slate, clay, reinforcing materials, not of metal, for building, clinker ballast, construction timber, bricks, coatings, marble, staircases not of metal, windows not of metal, doors not of metal, roof coverings not of metal, shutters not of metal, non-luminous and non-mechanical signs, not of metal, for roads, gutters, materials for making and coating roads, luminous paving blocks, binding material for road repair, tar, tarred strips for building, crash barriers, not of metal, for roads, glass granules for road marking, road marking sheets and strips of synthetic material, gravel, aggregates.

Class 35:

Providing of assistance to commercial or industrial companies in the conduct of their business; business inquiries, business management and consultancy, business planning, business affairs and studies; market studies; direct mail advertising; organisation of exhibitions for commercial or advertising purposes; advertising sponsorship of sporting and artistic competitions; organisation and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, news clipping services, relocation services for businesses, writing of publicity texts, market research, economic forecasting, compilation of statistics, computerised file management, personnel recruitment, cost price analysis, document reproduction, compilation of information in computer databases, commercial information and advice for consumers; administrative management of websites and intranet sites relating to the management and monitoring of power and fluid consumption for a real estate property; computerised file

management, input and compilation of business information relating to logistical organisation of the collection, transport, storage, distribution and treatment of all kinds of municipal or industrial waste in computer databases; providing of business and advertising information to users; business consultancy services in the field of setup and management of computerized user files in connection with services for the collection, transport, storage, distribution and reclamation of all kinds of household and/or industrial waste; sales promotion, for others, relating to authorised packaging or equipment for the collection of waste from medical facilities; administrative processing of purchase orders; arranging of collective buying, namely procurement for others; procuring of purchase and sale contracts for others; providing of business information on the business management of the collection, transport and treatment of waste from medical facilities; computerised file management relating to the management of waste from medical facilities.

Class 36:

Insurance; financial affairs; monetary affairs; real estate affairs; real estate appraisal; real estate management; financing; financial analysis; mutual funds and capital investments; financial consultancy; financial evaluation (insurance, banking, real estate); fund investments.

Class 37:

Repair and maintenance of apparatus for the treatment of fluids and liquids; servicing and maintenance of pipework systems, refurbishment of water channels or water supply pipes, construction of sewerage systems, wastewater collectors, rainwater decontamination facilities and flood protection facilities, renovation of pumping stations, development of existing facilities with a view to improving the security and quality of water supply, construction of water treatment plants (for drinking water, urban and industrial waste water, rain water); creation of water pipes and water treatment works, drilling of wells, construction, installation and repair of irrigation devices; renovation and maintenance of buildings and properties, refurbishment of sites, buildings and warehouses, property development; restoration and refurbishment of deteriorated sites (cleaning and rebuilding); maintenance or cleaning of buildings, premises and ground surfaces (exterior surface cleaning of buildings); disinfection, rat extermination and fumigation; cleaning of buildings, urban buildings, works of art, underground structures, road installations, industrial premises and sites (interior and exterior surface cleaning), cleaning of water pipes and industrial installations, high-pressure cleaning of underground structures, cleaning of roads; upkeep and maintenance of structures, buildings, roads and urban installations; repair and maintenance of installations, apparatus, centres and units for the storage of waste and refuse, and centres, installations, apparatus and units for the recycling, treatment, reclamation and destruction of waste and refuse; construction of installations, centres and units for the storage of waste and refuse, and centres, installations and units for the recycling, treatment, reclamation and destruction of

waste and refuse; cleaning of waste and refuse, maintenance and renovation of industrial and urban sanitation systems; refurbishment of industrial and urban sanitation systems.

Class 38:

Telecommunications; providing of telecommunications information; communications by computer terminals or fibre-optic networks; radio or telephone broadcasting; electronic advertising (telecommunications); providing telecommunications connections to a global computer network; rental of telecommunications equipment; teleconferencing; electronic mail; rental of access time to global computer networks; radio communications between fluid metering apparatus and a central receiver transmitting information to a database; transmission of information relating to consumption, monitoring, tracking and pricing via radio communications from metering apparatus to a central database; communications by computer terminals; providing of access to databases relating to the management of waste from medical facilities; dissemination (transmission) of announcements and alerts to the public via computer networks or other telecommunications media in connection with security.

Class 39:

Water supplying, water distribution, collection of urban or industrial waste water and sludge; collection, transport, sorting, unloading and storage of valuable materials or urban, industrial and radioactive, solid or liquid waste, industrial greases, and paper for office use; collection, transport, grouping together, sorting, identification, packaging and repackaging (storage) of all kinds of waste, in particular urban, household and industrial waste, normal and special industrial waste, and hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; unloading and storage of valuable materials, waste and hazardous or perishable goods; storage of waste in landfill; transport, packaging and storage of manures, organic soil conditioning preparations, composts and cultivation media.

Class 40:

Treatment and processing of waste produced by individuals, groups and businesses (whether public or private), normal waste, special waste, solid, liquid and hazardous waste, and providing of information relating to the aforesaid; purification and regeneration of waste; recycling of refuse and waste, composting of refuse and waste; reclamation (treatment of materials) of industrial, household and hospital waste, normal and special waste, and waste from groups and businesses (whether public or private), reclamation of refuse and waste (treatment of materials) for energy and biological use; decontamination of soil; remediation of land and of deteriorated sites (decontamination); destruction of refuse and waste, incineration of refuse and waste, disposal of industrial toxic waste and of industrial, domestic, hospital, normal and special non-toxic waste; treatment of water, treatment of water by the introduction of reagents, in particular in water for human or animal consumption and in water for industrial use, sanitation and treatment of industrial waste water, water production; treatment of materials, namely residues and waste derived from water treatment;

transformation of agricultural products of vegetable or animal origin for making manures, composts and cultivation media.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing of information relating to entertainment or education; publication of books; videotape film production; organisation of competitions (education or entertainment); arranging and conducting of colloquiums, conferences or congresses; organisation of exhibitions for cultural or educational purposes; electronic publication of books and periodicals online; electronic desktop publishing.

Class 42:

Water quality control, scientific and industrial research relating to environmental protection, laboratory research in the fields of water, water treatment and water purification, chemical analysis, chemical research, professional consultancy, technical project studies, surveying and engineering (not for construction) in the fields of water and water treatment, surveys relating to the treatment of water and effluents, laboratory research relating to the treatment of industrial, household, hospital and special waste, refuse, sludge and ash, reclamation of industrial, household, hospital and special waste, bacteriological research, surveys relating to industrial, household, hospital and special waste, sludge and ash from both urban and industrial plants, computer programming, computer services, namely development, design and updating of computer software and computer software packages, technical advice and consultancy relating to research and development of new products in the field of information technology, computer rental, design of computer systems and telecommunications systems, scientific and industrial research for performance evaluation and development in connection with physicochemical water treatment processes and related goods; scientific and technical studies for performance evaluation and development in connection with the operation of installations for the treatment of industrial or drinking water, treatment of waste water, domestic water or industrial water and treatment of physicochemical or biological fluids and sludge; technical audits (surveying) relating to the aforesaid processes and equipment and to all other kinds of fluid treatment, including in connection with industrial processes; services of technical research centres, in connection with the collection, transport, treatment, cleaning, storage, sanitation, reclamation and disposal of waste and refuse; surveying in the field of waste and refuse; scientific and industrial research relating to environmental protection for the collection, transport, treatment, cleaning, storage and reclamation of waste and refuse; engineering, technical project studies, engineering in connection with the design and construction of industrial and urban centres and units for the collection, sorting, storage, treatment, reclamation and destruction of waste and refuse; technical advice relating to prevention of air, water and noise pollution; consultancy on environmental protection, planning in the field of urban development, industrialisation and development of natural resources, providing of information relating to environmental

protection, studies (surveying) relating to the economic, social and environmental implications of activities for urban development, industrialisation and operation or development of natural resources, in particular water; soil analysis, engineering in the fields of agriculture, horticulture, viticulture, tree-grafting and forestry; monitoring the quality of water, air and soil; engineering relating to industrial information systems (automation, checking, control and central technical management, decision-making systems, operational data management systems); technical project studies, analyses, evaluations, appraisals, research and technical consultancy in the fields of technology, maritime, coastal and port matters, energy, sustainable development, the environment, climate, meteorology, management of industrial and household waste, water, flood defence, hydrogeology, development of wetlands, public transport, telecommunications, civil engineering and urban engineering; quality control (ensuring certification and compliance) for the services of providing of assistance to commercial or industrial companies in the conduct of their business, business inquiries, business management and consultancy, business planning, business affairs and studies, market studies, direct mail advertising, organisation of exhibitions for commercial or advertising purposes, advertising sponsorship of sporting and artistic competitions, organisation and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, news clipping services, relocation services for businesses, writing of publicity texts, market research, economic forecasting, compilation of statistics, computerised file management, personnel recruitment, cost price analysis, document reproduction, compilation of information in computer databases, commercial information and advice for consumers, administrative management of websites and intranet sites relating to the management and monitoring of power and fluid consumption for a real estate property, computerised file management, input and compilation of business information relating to logistical organisation of the collection, transport, storage, distribution and treatment of all kinds of municipal or industrial waste in computer databases, providing of business and advertising information to users.

[511] 貨品／服務說明 : Class 1:
Specification: Chemical compositions for treating water and liquid and/or solid waste, namely flocculants, coagulants, polyelectrolytes and reagents; chemicals and additives for water conditioning, namely biocides, bio detergents, anti-corrosive preparations, softeners, chemical agents for conditioning boiler water, tanks of metal, apparatus and installations for heating, cooling, refrigerating and water supply purposes, heat condensers and other installations comprising pipes and pipework; organic soil conditioning preparations, derived from the treatment and purification of water and liquid waste, for soil fertilising purposes; composts and cultivation media produced by treatment processes carried out in plants for the treatment of liquid and solid waste and/or in plants for the purification of urban or industrial waste water; oxidising preparations for purification, sterilisation and disinfection of liquids, in particular for water treatment and food preservation; chemicals used in industry or as part of industrial manufacturing processes.
Class 6:

Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; safes; ores; buildings of metal; scaffolding of metal; boxes of common metal; bins of metal; packaging containers of metal; containers of metal for transport; tanks of metal.

Class 7:

Machines for use in the processing of water, machines for the filtration of water, in particular by means of diaphragms, ion exchangers, biological reactors, and mixers; machines for injecting chemical or physical reagents for the treatment of water or waste; machines for water supply purposes; pumps, valves and other machines for the storage and distribution of water for domestic use, including drinking water, waste water, rain water and sprinkler water; irrigation, pulverisation and bottling machines; machines and installations for physicochemical or biological processing, dehydration, centrifugation, pressing and spreading of liquids, semi-liquid and solid waste, in particular sludge derived from water treatment; machines for the drying of waste and of sewage sludge; mobile or fixed machines for water treatment and waste treatment; machines for the automatic sorting of waste, in particular household packaging waste; waste packaging and de-packaging machines; apparatus for vacuum cleaning of waste; installations for electricity generation.

Class 9:

Dosage apparatus for chemicals and biological and physicochemical reagents; programmable controllers for measuring, monitoring and controlling water quality parameters, computer software for analysing and controlling water and waste quality parameters; measuring and checking apparatus and instruments for water supply and treatment purposes; measuring and checking apparatus and instruments for monitoring energy and fluid consumption; mechanical, electronic, magnetic and/or optical data carriers for measuring and recording fluids including water, gas and electricity, for the purpose of supplying and monitoring consumption of the aforesaid; programmable computer apparatus and installations for remote monitoring, remote management and remote control, using the auto-switched network, of specialist lines or radio links for the control of installations intended for the processing, supply and collection of drinking water, waste water and industrial water; apparatus and installations for remote measuring, remote management and remote control, using the auto-switched network, of specialist lines or radio links for measuring and controlling fluids including water, gas and electricity, for the purpose of supplying and monitoring consumption of the aforesaid; computer software for monitoring of supply and collection networks for drinking water and waste water; computer software for the management and analysis of power and fluid consumption (recorded programs); computer hardware for simulating the functions of plants for the potabilisation or sanitation of industrial and municipal water; computer hardware and software, databases and computers for controlling, regulating, modelling and

management of potabilisation and sanitation plants; scientific apparatus and instruments (not for medical purposes) for the optimisation of carbon dioxide emissions associated with the operation of a water treatment facility, with the management of water resources, with waste collection and treatment, and with air treatment; electrical apparatus and instruments for generating ozone from gases including oxygen or air; parts for the aforesaid apparatus; electrical apparatus for monitoring and checking the quality of sea water; apparatus and instruments for chemical and bacteriological analysis (not for medical purposes); computer software for establishing water pricing systems; measuring and checking apparatus for detecting leaks in pipework, branch pipes and water storage tanks.

Class 11:

Installations for steam generating and waste incineration purposes; apparatus and installations for the treatment and distribution of water or liquids; apparatus and equipment for clarification, physical and physicochemical filtration, softening, deionisation and demineralisation on ion exchangers of water or of liquids; equipment and accessories for treating water or liquids on diaphragms (ultrafiltration, nanofiltration and hyperfiltration or reverse osmosis); cartridge filters of metal or textile, sand filters, activated carbon filters or filters using any other granular material; installations for iron and manganese removal and biological removal of nitrates from water; apparatus and installations for the disinfection and sterilisation of fluids in liquid and gas form using ultra-violet radiation and other kinds of radiation; installations for the treatment of organic materials based on plants and/or animals, of urban or industrial origin (in particular waste from green spaces, sludge from plants for the treatment of effluents and of liquids and solid waste and/or from plants for the purification of domestic or industrial waste water); water heating installations, installations for the desalination of sea water, apparatus and installations for the treatment of water and effluents from the chemical and agri-foodstuffs industry, installations and apparatus for the treatment and recycling of effluents; apparatus for steam generating, distillation, crystallisation and drying purposes, heat exchangers, air heating apparatus, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for the treatment of water or liquids, namely settler apparatus, sterilising installations, air humidifiers, coalescers and mixers; apparatus for the treatment of air, namely for deodorising and purification; mobile or fixed installations and equipment for water treatment and waste treatment; apparatus and devices for water supply purposes.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; handling carts, dump carts, automotive lorries, trailer vehicles.

Class 19:

Water-pipes not of metal, industrial concrete for use in civil engineering works, water supply pipes and sewage networks; insulating glass for construction purposes, buildings not of metal,

namely oil pipelines, gas pipelines, posts, not of metal, for electric power lines; building materials (non-metallic), buildings not of metal, in particular non-metallic transportable buildings, non-metallic rigid pipes for building, asphalt, pitch and bitumen, cement, lime, slate, clay, reinforcing materials, not of metal, for building, clinker ballast, construction timber, bricks, coatings, marble, staircases not of metal, windows not of metal, doors not of metal, roof coverings not of metal, shutters not of metal, non-luminous and non-mechanical signs, not of metal, for roads, gutters, materials for making and coating roads, luminous paving blocks, binding material for road repair, tar, tarred strips for building, crash barriers, not of metal, for roads, glass granules for road marking, road marking sheets and strips of synthetic material, gravel, aggregates.

Class 35:

Providing of assistance to commercial or industrial companies in the conduct of their business; business inquiries, business management and consultancy, business planning, business affairs and studies; market studies; direct mail advertising; organisation of exhibitions for commercial or advertising purposes; advertising sponsorship of sporting and artistic competitions; organisation and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, news clipping services, relocation services for businesses, writing of publicity texts, market research, economic forecasting, compilation of statistics, computerised file management, personnel recruitment, cost price analysis, document reproduction, compilation of information in computer databases, commercial information and advice for consumers; administrative management of websites and intranet sites relating to the management and monitoring of power and fluid consumption for a real estate property; computerised file management, input and compilation of business information relating to logistical organisation of the collection, transport, storage, distribution and treatment of all kinds of municipal or industrial waste in computer databases; providing of business and advertising information to users; business consultancy services in the field of setup and management of computerized user files in connection with services for the collection, transport, storage, distribution and reclamation of all kinds of household and/or industrial waste; sales promotion, for others, relating to authorised packaging or equipment for the collection of waste from medical facilities; administrative processing of purchase orders; arranging of collective buying, namely procurement for others; procuring of purchase and sale contracts for others; providing of business information on the business management of the collection, transport and treatment of waste from medical facilities; computerised file management relating to the management of waste from medical facilities.

Class 36:

Insurance; financial affairs; monetary affairs; real estate affairs; real estate appraisal; real estate management; financing; financial analysis; mutual funds and capital investments; financial

consultancy; financial evaluation (insurance, banking, real estate); fund investments.

Class 37:

Repair and maintenance of apparatus for the treatment of fluids and liquids; servicing and maintenance of pipework systems, refurbishment of water channels or water supply pipes, construction of sewerage systems, wastewater collectors, rainwater decontamination facilities and flood protection facilities, renovation of pumping stations, development of existing facilities with a view to improving the security and quality of water supply, construction of water treatment plants (for drinking water, urban and industrial waste water, rain water); creation of water pipes and water treatment works, drilling of wells, construction, installation and repair of irrigation devices; renovation and maintenance of buildings and properties, refurbishment of sites, buildings and warehouses, property development; restoration and refurbishment of deteriorated sites (cleaning and rebuilding); maintenance or cleaning of buildings, premises and ground surfaces (exterior surface cleaning of buildings); disinfection, rat extermination and fumigation; cleaning of buildings, urban buildings, works of art, underground structures, road installations, industrial premises and sites (interior and exterior surface cleaning), cleaning of water pipes and industrial installations, high-pressure cleaning of underground structures, cleaning of roads; upkeep and maintenance of structures, buildings, roads and urban installations; repair and maintenance of installations, apparatus, centres and units for the storage of waste and refuse, and centres, installations, apparatus and units for the recycling, treatment, reclamation and destruction of waste and refuse; construction of installations, centres and units for the storage of waste and refuse, and centres, installations and units for the recycling, treatment, reclamation and destruction of waste and refuse; cleaning of waste and refuse, maintenance and renovation of industrial and urban sanitation systems; refurbishment of industrial and urban sanitation systems.

Class 38:

Telecommunications; providing of telecommunications information; communications by computer terminals or fibre-optic networks; radio or telephone broadcasting; electronic advertising (telecommunications); providing telecommunications connections to a global computer network; rental of telecommunications equipment; teleconferencing; electronic mail; rental of access time to global computer networks; radio communications between fluid metering apparatus and a central receiver transmitting information to a database; transmission of information relating to consumption, monitoring, tracking and pricing via radio communications from metering apparatus to a central database; communications by computer terminals; providing of access to databases relating to the management of waste from medical facilities; dissemination (transmission) of announcements and alerts to the public via computer networks or other telecommunications media in connection with security.

Class 39:

Water supplying, water distribution, collection of urban or industrial waste water and sludge; collection, transport, sorting, unloading and storage of valuable materials or urban, industrial and radioactive, solid or liquid waste, industrial greases, and paper for office use; collection, transport, grouping together, sorting, identification, packaging and repackaging (storage) of all kinds of waste, in particular urban, household and industrial waste, normal and special industrial waste, and hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; unloading and storage of valuable materials, waste and hazardous or perishable goods; storage of waste in landfill; transport, packaging and storage of manures, organic soil conditioning preparations, composts and cultivation media.

Class 40:

Treatment and processing of waste produced by individuals, groups and businesses (whether public or private), normal waste, special waste, solid, liquid and hazardous waste, and providing of information relating to the aforesaid; purification and regeneration of waste; recycling of refuse and waste, composting of refuse and waste; reclamation (treatment of materials) of industrial, household and hospital waste, normal and special waste, and waste from groups and businesses (whether public or private), reclamation of refuse and waste (treatment of materials) for energy and biological use; decontamination of soil; remediation of land and of deteriorated sites (decontamination); destruction of refuse and waste, incineration of refuse and waste, disposal of industrial toxic waste and of industrial, domestic, hospital, normal and special non-toxic waste; treatment of water, treatment of water by the introduction of reagents, in particular in water for human or animal consumption and in water for industrial use, sanitation and treatment of industrial waste water, water production; treatment of materials, namely residues and waste derived from water treatment; transformation of agricultural products of vegetable or animal origin for making manures, composts and cultivation media.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing of information relating to entertainment or education; publication of books; videotape film production; organisation of competitions (education or entertainment); arranging and conducting of colloquiums, conferences or congresses; organisation of exhibitions for cultural or educational purposes; electronic publication of books and periodicals online; electronic desktop publishing.

Class 42:

Water quality control, scientific and industrial research relating to environmental protection, laboratory research in the fields of water, water treatment and water purification, chemical analysis, chemical research, professional consultancy, technical project studies, surveying and engineering (not for construction) in the fields of water and water treatment, surveys relating to the treatment of water and effluents, laboratory research relating to the treatment of industrial, household, hospital and special waste, refuse, sludge and ash, reclamation of industrial, household,

hospital and special waste, bacteriological research, surveys relating to industrial, household, hospital and special waste, sludge and ash from both urban and industrial plants, computer programming, computer services, namely development, design and updating of computer software and computer software packages, technical advice and consultancy relating to research and development of new products in the field of information technology, computer rental, design of computer systems and telecommunications systems, scientific and industrial research for performance evaluation and development in connection with physicochemical water treatment processes and related goods; scientific and technical studies for performance evaluation and development in connection with the operation of installations for the treatment of industrial or drinking water, treatment of waste water, domestic water or industrial water and treatment of physicochemical or biological fluids and sludge; technical audits (surveying) relating to the aforesaid processes and equipment and to all other kinds of fluid treatment, including in connection with industrial processes; services of technical research centres, in connection with the collection, transport, treatment, cleaning, storage, sanitation, reclamation and disposal of waste and refuse; surveying in the field of waste and refuse; scientific and industrial research relating to environmental protection for the collection, transport, treatment, cleaning, storage and reclamation of waste and refuse; engineering, technical project studies, engineering in connection with the design and construction of industrial and urban centres and units for the collection, sorting, storage, treatment, reclamation and destruction of waste and refuse; technical advice relating to prevention of air, water and noise pollution; consultancy on environmental protection, planning in the field of urban development, industrialisation and development of natural resources, providing of information relating to environmental protection, studies (surveying) relating to the economic, social and environmental implications of activities for urban development, industrialisation and operation or development of natural resources, in particular water; soil analysis, engineering in the fields of agriculture, horticulture, viticulture, tree-grafting and forestry; monitoring the quality of water, air and soil; engineering relating to industrial information systems (automation, checking, control and central technical management, decision-making systems, operational data management systems); technical project studies, analyses, evaluations, appraisals, research and technical consultancy in the fields of technology, maritime, coastal and port matters, energy, sustainable development, the environment, climate, meteorology, management of industrial and household waste, water, flood defence, hydrogeology, development of wetlands, public transport, telecommunications, civil engineering and urban engineering; quality control (ensuring certification and compliance) for the services of providing of assistance to commercial or industrial companies in the conduct of their business, business inquiries, business management and consultancy, business planning, business affairs and studies, market studies, direct mail advertising, organisation of exhibitions for commercial

or advertising purposes, advertising sponsorship of sporting and artistic competitions, organisation and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, news clipping services, relocation services for businesses, writing of publicity texts, market research, economic forecasting, compilation of statistics, computerised file management, personnel recruitment, cost price analysis, document reproduction, compilation of information in computer databases, commercial information and advice for consumers, administrative management of websites and intranet sites relating to the management and monitoring of power and fluid consumption for a real estate property, computerised file management, input and compilation of business information relating to logistical organisation of the collection, transport, storage, distribution and treatment of all kinds of municipal or industrial waste in computer databases, providing of business and advertising information to users.
