Class 1:

Specification:

Chemicals used in industry; compositions for fire extinguishing and prevention; Fire extinguishing chemicals; chemicals for fighting forest fires; Fire suppression chemicals; fire extinguishing foaming concentrates; fire extinguishing foaming surfactants; fire extinguishing fluorochemical surfactants; chemical compositions for absorbing spills; chemical agents for controlling hazardous spills; Fireproofing preparations; fire resistant chemicals; fire extinguishing compounds; fire extinguishing preparations; fire extinguishing media; fire retarding chemicals, compositions and preparations; fire extinguishing compositions, in particular fire extinguishing foams and foam compositions; fire protection compositions; chemicals preparations for use in the control and prevention of fires; dry chemicals for fire extinguishing; dry chemicals for fire suppression; foam for fire extinguishing; foam for fire suppression.

Class 6:

Ironmongery; small items of metal hardware; pipes, tubes and hoses, and fittings therefor, including valves, of metal; pipes and tubes of metal; safes; fireproof cabinets of metal [other than furniture]; metal building materials; signs, and information and advertising displays of metal; doors, gates, windows and window coverings of metal; window protection devices of metal; fire doors of metal; sprinkler tube and sprinkler tube fittings; metal tubing; metal strut channels and fittings; security boxes, containers, shutters and closures of metal; metal security lock cylinders; metal roller shutter doors for security purposes; protective screens of metal; grooved couplings of metal; pipe couplings of metal; press to fit metal pipe fittings; nozzles of metal for an aerosol delivery system for chemical and biological decontamination.

Class 9:

Scientific, nautical, surveying, electric, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images, including apparatus for data processing, communication and copying purposes and computer peripheral hardware; information technology and audiovisual equipment; recorded content, namely computer operating programs, recorded; software; computer operating systems; computer servers; electronic display devices, television receivers and film and video devices; audio devices and radio receivers; video cameras; video systems; closed circuit television systems; video surveillance hardware and software; video surveillance cameras; video surveillance systems; security surveillance

apparatus; electric and electronic video surveillance installations; image processing apparatus; lasers for non-medical purposes; thermal imaging apparatus for night vision; detection systems; communications equipment; computer networking and data communications equipment; alarms and warning equipment; signalling apparatus; access control devices; panic buttons; telecommunications and data networking hardware; electronic asset tracking systems; software for gas and filter selection management; network routers; wireless routers; apparatus, instruments and cables for electricity; safety, security, protection and signalling devices; measuring, detecting and monitoring instruments, indicators and controllers; data processing equipment and computers; computer hardware and parts, fittings and accessories therefor; computer software; downloadable software; downloadable electronic publications; computer software applications, downloadable; software applications for use with mobile devices; computer software for controlling and managing access server applications; hardware and software devices and systems; hardware, software, and hardware and software systems for use with security, safety, health, fire detection and suppression, access control, intrusion, customer care, loss prevention, inventory, business and retail performance, customer traffic, environmental, energy management and lighting apparatus, systems and devices; Anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels; detectors; magnetic and electromagnetic object detectors; transponders; antennas; electronic readers, sensors, transmitters, receivers and controllers utilizing radio-frequency identification (rfid), microwave, electromagnetic, radio-frequency and acoustic-magnetic signaling for tracing or tracking of persons, animals, vehicles or goods; electronic apparatus for monitoring and tracking, namely, detaching devices and deactivators for use with inventory control and anti-theft labels and tags; deactivators and detaching devices, hooks and detaching hooks for use with electronic inventory control and anti-theft tags; and electronic and downloadable user manuals sold together with all the aforesaid articles as a unit; sensors and detectors; sensors and detectors for gathering data, not being for medical use; sensors and detectors for gathering data for transmission to insurance agencies in relation to the status of property; sensors and detectors for gathering data for transmission to insurance agencies in relation to the status of commercial premises; sensors and detectors for gathering data for transmission to insurance agencies in relation to the status of domestic premises; sensors and detectors for gathering, processing and transmitting data using "internet of things" technology; data streaming apparatus; data streaming software; motion sensors; optical beam sensors; infra-red sensors; sensors for detecting, counting and tracking people; computer software used to operate, control, monitor and manage anti-theft alarms, inventory control systems, theft-prevention devices, people tracking devices and asset tracking devices; hardware and software for the connection of apparatus, systems and devices; hardware and software for the control, operation, monitoring and management of apparatus, systems and devices; hardware and software for the

remote control, remote operation, remote monitoring and remote management of apparatus, systems and devices; hardware and software for the remote control, remote operation, remote monitoring and remote management of apparatus, systems and devices; all such control, operation, monitoring and management being cloud-based, via the Internet, or via wireless networks; protective and safety equipment; protective helmets; fire alarm systems; electric control panels; touch sensitive control panels; thermostats; wireless fire alarm systems; fire detectors; smoke detectors; carbon monoxide detectors; heat detectors; fire sensors; fire hoses; fire hose nozzles; fire alarms; smoke alarms; carbon monoxide alarms; fire escapes; fire beaters; fire pumps; fire sprinklers; fire trucks; fire engines; fire fighting vehicles; fire extinguishers; fire boats; fire blankets; fireproof clothing; fire resistant gloves; fireproof garments; fire protection apparatus; fire detection apparatus; fire fighting apparatus; fire extinguishing apparatus; fire extinguishing systems; fire suppression systems; sprinkler systems for fire protection; sprinkler heads for fire protection; detection and control equipment for smoke; detection and control equipment for heat; detection and control equipment for flame; automatic fire extinguishing apparatus; electric alarms for fire; fire break glass units; asbestos screens for firemen; sprinkler systems for fire extinguishing; fire escape ladders [safety equipment]; fire extinguishing apparatus for automobiles; water sprinkling devices for fire control; alarms for the detection of inflammable gases; storage tanks (parts of fire fighting apparatus) for fire fighting agents; flame detection instruments; fire suppression nozzles; equipment for dispersing dry chemicals and foam chemicals for fire fighting; security cameras; security alarms; security warning apparatus; security control apparatus; personal security alarms; electronic security tags; radio frequency identification (RFID) tags; electromagnetic tags; acoustomagnetic tags; radio frequency identification (RFID) labels; electromagnetic labels; acoustomagnetic labels; radio frequency identification (RFID) readers; electromagnetic readers; acoustomagnetic readers; radio frequency identification (RFID) sensors; electromagnetic sensors; acoustomagnetic sensors; radio frequency identification (RFID) transmitters; electromagnetic transmitters; acoustomagnetic transmitters; radio frequency identification (RFID) receivers; electromagnetic receivers; acoustomagnetic receivers; Electrical controllers for acoustomagnetic sensor detection systems; electronic controllers for Radio Frequency Identification (RFID) readers; security surveillance apparatus; automatic access security apparatus; downloadable computer security software; software to control building environmental, access and security systems; control panels for security alarms; motion detectors; motion sensing input devices; electronic motion sensitive switches; motion sensors for security lights; electronic sensors; security alarm systems; wireless security alarm systems; anti-theft alarms; anti-theft alarm keypads; anti-theft alarm control panels; electronic article surveillance devices; electronic apparatus for monitoring and tracking; intercoms; intercom apparatus; voice evacuation systems;

nurse call systems; tracking devices; vehicle tracking apparatus; radar systems; sonar systems; digital signage; mass notification systems; safety wear and apparatus for the protection of head, eyes, ears and face; safety headgear; protective clothing and headgear; self-contained breathing apparatus; non-medical pressurizing respiratory breathing air cylinders used by emergency personnel; face masks for breathing (non-medical); communication devices; safety garments for use by firefighters, industrial workers, first responders and military personnel; personnel locator systems (electronic location apparatus); personal alert safety systems; respirators for filtering air; respiratory mask filters; gas masks; flame detection apparatus; airline breathing apparatus; air purifying breathing equipment; infrared locating apparatus; computer software for use in emergency event management for the location management, tracking, assignment, control and monitoring of emergency services personnel and of their equipment and apparatus; telecommunications and data networking hardware; devices for transporting and aggregating voice, data and video communications across multiple network infrastructures and communications protocols; computer hardware and software systems for tracking equipment and assets using GPS data on a device on the tracked equipment and assets; software for gas and filter selection management; two-way radios and wireless consoles, speakers and microphones therefor and voice projection amplifiers therefor; electronic sensors for tracking people who are in need of emergency services and transmitters for sending electronic alerts to emergency personnel in relation to the status of persons who are in need of emergency services; measuring apparatus for monitoring the size, number, flow rate and direction of objects moving through an area; electronic apparatus, systems, components and parts and fittings for locating, identifying, monitoring and tracking personnel and articles; electronic positioning tags for tracking purposes; encoded personnel identity badges; encoded patient bracelets; asset tracking tags being parts and fittings of electrical tracking apparatus; temperature sensors with radio, low frequency and infrared communication capability; electronic wireless input modules for reading data from personnel and article monitoring devices and systems; computer software for securing access to physical property, assets and buildings; software for gathering intelligence related to inventory and asset management, anti-shoplifting and loss prevention, device health monitoring, consumer traffic patterns, operational compliance, point-of-sale transaction analysis, video enabled applications and store execution functions; application software; application software for use with mobile electronic devices; application software for wireless devices; computer software for monitoring and controlling systems and devices for the management of motorways and tunnels; flame detectors; heat detectors; combustion gas detectors; gas sensors; gas alarms; gas testing instruments; gas detecting apparatus, including wireless and mobile gas detecting apparatus; gas leak alarm systems; apparatus for analysing gases; alarm stations; controller devices; Programmable Logic Controller (PLC) devices.

Class 35:

Inventory services; inventory management services; inventory services; namely computerised inventory control; business management in relation to tracking and control of commercial transactions and sales volume tracking for others; stock control services; provision of advice and information in the fields of cloud based and non-cloud based inventory management services; provision of advice and information in the fields of cloud based and non-cloud based asset tracking, namely, monitoring and tracking of inventory shipments, and inventory control at the warehouse and retail store levels; providing business analysis of retail inventory and sales data; analysis of business data; business advisory services relating to company performance; procurement services for others; business assistance, management and administrative services; business analysis, research and information services; market research; collection and systemization of business data; business intelligence services; data collection services; provision of business statistical information; preparation of business reports; business consultancy services relating to quality management services.

Class 37:

Cleaning and maintenance; alarm, lock and safe installation, maintenance and repair; HVAC (heating, ventilation and air conditioning) installation, maintenance and repair; building maintenance and repair; fire alarm repair; fire alarm installation; fireproofing during construction; installation of fire detection systems; fire extinguisher recharging services; installation of fire performance coatings; maintenance and servicing of fire alarm installations; advisory services relating to the installation of fire prevention equipment; providing information relating to the repair or maintenance of fire alarms; installation of security systems; erection of security fencing; repair of security locks; installation of security apparatus; application of security films to glazing; maintenance and servicing of security alarms; installation of security and safety equipment; information services relating to installation and maintenance of security systems; advisory services relating to the installation of security and safety equipment; inspection and assessment (prior to repair and maintenance), construction, repair, installation and maintenance services relating to fire protection systems, electrical communications systems, alarm, security and access control systems, ventilating and air conditioning systems, pipelines, valves, valve fittings and actuators, electronic monitoring equipment and apparatus, traffic and transport management systems, heating, temperature sensing; leasing of construction plant and machinery; installation, maintenance and repair services relating to fire protection and extinguishing apparatus and to security and monitoring apparatus and to apparatus for such systems; installation and maintenance of fire protection systems; technical consultation in the field of mechanical building constructions; consulting services about the installation and maintenance of alarm response and verification services; consulting services about the installation and maintenance of vehicle security systems and

vehicle navigation systems; repair of clothing for protection against fire; repair, installation and maintenance services, all relating to anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, transponders, antennas, encoded micro particulates, electronic article detection equipment, radio frequency identification (rfid), microwave, electromagnetic, radio frequency and acoustomagnetic tags, labels, readers, sensors, transmitters, receivers and electrical controllers, customer tracking and surveillance apparatus, electronic surveillance and tracking apparatus, detachers and deactivators for use with inventory control and anti-theft tags and labels, tag deactivators, including hooks, tag detachers, including hooks.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software development, programming and implementation; computer hardware development; hosting computer software applications of others, software as a service and rental of software; rental of computer hardware facilities; information technology (IT) consultancy, advisory and information services; information technology (IT) security (computer), protection and restoration; data duplication and conversion services; data coding services; testing, authentication and quality control; design services; design and drafting of fire extinguishing systems; data security services; computer security consultancy; research relating to security (computer and Internet); computer security system monitoring services; design, development and programming of Internet security programs; rental of Internet security programs; data migration services; design services in relation to anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, electronic article detection equipment, radio frequency identification (rfid), microwave, electromagnetic, radio frequency and acoustomagnetic tags, labels, readers, sensors, transmitters, receivers and electrical controllers, customer tracking and surveillance apparatus, electronic surveillance and tracking apparatus, detachers and deactivators for use with inventory control and anti-theft tags and labels, tag deactivators, including hooks, tag detachers, including hooks; design of computer software for monitoring and controlling motorways and tunnels; design of computer software for urban traffic control; scientific and industrial research; engineering consulting services; design services relating to fire protection and extinguishing systems and to security and monitoring systems and to apparatus for such systems and to computer software for such systems and apparatus; computer software maintenance services relating to fire protection and extinguishing systems and to security and monitoring systems and to apparatus for such systems; design services relating to traffic management and transportation systems and to telecommunications systems relating thereto; design and engineering services in relation to systems for heating and cooling, sensing systems; technical project studies; technological

consultancy services relating to fire prevention; quality control services; inspection of products on site for quality control purposes; fire alarm testing and inspection services; fire suppression systems testing and inspection services; closed circuit television (CCTV) and security equipment testing and inspection services; smoke detector testing and inspection services; fire extinguisher testing and inspection services; intrusion system testing and inspection services; automatic sprinklers testing and inspection services; emergency lights testing and inspection services; security systems testing and inspection services; design of fire protection systems; design of security systems; design of retail solutions, namely, providing temporary use of non-downloadable computer software used for managing alarm systems, controlling and analyzing inventory, detecting and preventing theft, asset tracking, analyzing retail activity, and people counting and tracking; development and testing of fire fighting apparatus, appliances and equipment; computer programming relating to monitoring, surveillance and image processing; collection of information, analysis and advisory services relating to pedestrian movement; design and development of home security systems; engineering and computer system analysis in the field of home security systems; computer services relating to operating computer systems and computer networks; computer services relating to operating computer systems and computer networks featuring technology that allows users to monitor and control electrical, heating, power and security systems at a remote location, and enables users to adjust energy usage at preprogrammed or scheduled times; computer services relating to operating computer systems and computer networks featuring technology that facilitates the monitoring and control, from a remote location by wireless communication, of devices for electrical, heat, power, and security monitoring and control; hosting a website featuring technology enabling users to remotely view, monitor, program, operate and control electrical, heating, power and security systems in homes and businesses; providing technological information updates for home security systems via the global computer network; design of protective clothing; providing use of non-downloadable software by users over a network; providing use of non-downloadable software accessed by users over a network for use with security, safety, health, fire detection and suppression, access control, intrusion, customer care, loss prevention, inventory, business and retail performance, customer traffic, environmental, energy management and lighting apparatus, systems and devices; providing software as a service; providing temporary use of non-downloadable computer software for tracking packages or freight over computer networks, intranets and the internet; providing software as a services for use with security, safety, health, fire detection and suppression, access control, intrusion, customer care, loss prevention, inventory, business and retail performance, customer traffic, environmental, energy management and lighting apparatus, systems and devices; consultation, design and integration services in the field of hardware, software, and hardware and software devices and systems; cloud computing services for managing, maintaining,

diagnosing, monitoring and controlling of security, safety, health, fire detection and suppression, access control, intrusion, customer care, loss prevention, inventory, business and retail performance, customer traffic, environmental, energy management and lighting apparatus, systems and devices; provision of virtual computer systems through cloud computing for environmental, energy management, access and security systems for buildings related to heating, ventilation, climatisation and lighting of buildings; provision of computing advice and information in the fields of cloud based and non-cloud based energy management; calibration services; building energy conservation management services; monitoring services relating to computer software for fire protection and extinguishing systems; monitoring and controlling of computer equipment for safety, rescue, security and enforcement purposes; provision of technological advice and information in the fields of cloud and non-cloud based energy conservative management and energy conservative management of lighting apparatus, systems and devices; energy conservation consultancy services in relation to control of lighting systems and control of heating, ventilation and air conditioning (HVAC) systems of building.

Class 45:

Security services for the protection of property and individuals; safety, rescue, security and enforcement services; fire fighting services; monitoring fire alarms; fire prevention consultation; rental of fire extinguishers; rental of fire alarms; providing information relating to the rental of fire alarms and fire extinguishers; fire detection and suppression services; provision of fire prevention-related advice; fire fighting consulting services in evaluation of fire scenes; alarm monitoring services; monitoring of security systems; monitoring burglar and security alarms; electronic monitoring services for security purposes in the field of residences, businesses and commercial properties; security guard services; security guarding for facilities; providing information relating to security guard services; monitoring of alarm in relation to alarm response and verification services; monitoring and control of alarm and security systems, of water flow and of home automation systems; monitoring of centralized burglar and fire alarm services; security services in relation to building access, security services relating to the heating, ventilation, air conditioning and lighting of buildings; security services in the field of monitoring and of telephone calls from subscribers and notifying emergency facilities; theft recovery services (security services); tracking services for pets, homes, people and businesses, namely, tracking, locating and monitoring services for recovering lost animals, people, and stolen property; consulting services, including through call centres, for all of the aforesaid services; concierge services for others comprising making requested personal arrangements and reservations and providing customer-specific information to meet individual needs with respect to all the aforesaid services; leasing of fire fighting equipment; monitoring services relating to fire protection and extinguishing systems, security and monitoring systems and apparatus for fire protection and extinguishing systems; security services in relation

to control of building environmental access systems and control of building security systems; security services in relation to access control services; security services in relation to intrusion detection and control services; surveillance services; closed-circuit surveillance; rental of security surveillance apparatus and equipment; providing reconnaissance and surveillance services; forensic analysis of surveillance video for fraud and theft prevention purposes; cloud based surveillance services; cloud based closed-circuit surveillance; cloud based rental of security surveillance apparatus and equipment; cloud based provision of reconnaissance and surveillance services; cloud based forensic analysis of surveillance video for fraud and theft prevention purposes; security services for the protection of property and individuals; cloud based security services for the protection of property and individuals; provision of advice and information in the fields of cloud based and non-cloud based security, safety, fire detection and suppression, access control, intrusion, loss prevention and building environments and security, safety, fire detection and suppression, access control, intrusion, loss prevention and building environmental apparatus, systems and devices; technical advice relating to fire prevention.
