

香港特別行政區政府知識產權署商標註冊處

Trade Marks Registry, Intellectual Property Department

The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

Specification: Telecommunications, television, computer networking and information technology equipment, components, and systems; telecommunications software; telephones, tablet computers and wireless communication devices for voice, data, or image transmission, media players; television (TV) set-top boxes; digital video recorders (DVRs); remote controls for televisions, computers, and set-top boxes; digital media streaming devices; modems and routers; satellite navigational system, namely, a global positioning system (GPS); accessories for telephones, cellular telephones, tablet computers and wireless communication devices, namely, headsets and earphones, phone chargers, battery chargers, car mounts, mobile phone holders; charging and docking stations, cell phone and tablet computer protective cases, protective covers and cases for handheld electronic devices, cell phone holsters, fitted plastic films for anti-glare and anti-scratch protection adapted for use with mobile phone displays; wireless and mobile speakers; CD and DVD cases;

computer bags; mouse pads; computer mice; decorative magnets; wireless telecommunications devices for the transmission of audio, voice, data, image, video, and messaging, internet access, access to navigation and directional service and the ability to download music, videos and applications over the air, and which may include a music player and a camera; wireless communications devices that establishes a local, wireless network; wearable personal electronic devices and sensors that process, store, and transmit biometric data of the user; electronic personal emergency response systems consisting of a wireless device worn on the body with a button that users push to notify others in the event of an emergency, and a remote unit that dials out on the telephone for help; wearable personal location devices equipped with software that enables a parent to monitor their child's location; computer hardware and software for telecommunications, television, computer networking and information technology; software apps in the fields of entertainment, games and productivity; network management software, software for use in network access control, and creating and maintaining firewalls; computer programs for accessing a global computer network and interactive computer communications network; computer software for encryption; computer and network security software; software for machine to machine (m2m) services, connected devices and the internet of things (IoT); software development kits (sdfs) and application programming interface (api) for creating software and applications related to m2m and IoT devices, and IoT goods and services; software for IoT network and data connectivity, device management, configuration, provisioning, management, and control; software that collects and transmits data from m2m and IoT connected devices and integrates data with enterprise, web and mobile application software; software application that provides for messaging and sharing of voice, data, and photos; software for providing an internet-based television service; software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, playing, storing and organizing text, data, graphics, images, videos, electronic games, digital media and electronic publications; video and electronic game programs and software; software for streaming of content; video clipping software; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; computer application software for mobile phones, namely, software for processing data; computer application software for mobile phones, namely, software for facilitation of communication; electronic games software for wireless devices; gesture recognition software for the sharing of voice, images and data; software application for transmitting information relating to fitness, activity and health; software application for managing information regarding a health and fitness program; software application for biometric monitoring devices and data; software to enable the transmission of mapping, navigation, traffic, weather and point-of-interest information to telecommunications networks, internet websites and cellular telephones; computer hardware and software systems, namely, on-board diagnostic (obd) reader, radio transceiver and speaker

programmed for placing and responding to requests for roadside assistance, transmission of voice and data, vehicle location and recovery, real-time vehicle diagnostics, emergency incident detection and dispatching of emergency roadside assistance through the use of an internal global positioning systems (GPS) and cellular telecommunications; computer software for dispatching of emergency roadside assistance vehicles in response to requests for service; mobile application providing a parking meter timer; mobile application for locating vehicle on map; computer software that allows users to set reminders for vehicle maintenance notifications; software application for making payments and transferring and receiving money; software application for facilitating mobile payments; electronic financial platform that accommodates multiple types of payment and debt transactions via a mobile phone.

Class 14:

Watches; sports watches; jewelry; clocks; stopwatches.

Class 16:

Printed matter, namely, telephone directories; pamphlets, brochures, printed sheets and cards, and instructional and teaching materials all in the fields of telecommunications, computer networking and information technology; pencils; ink pens; highlighter pens; notepads; adhesive notepads; paperweights; calendars; paper staplers; money clips.

Class 18:

Sports bags; umbrellas; tote bags; business card cases; backpacks; briefcases; luggage tags.

Class 24:

Golf towels; blankets for outdoor use; beach towels.

Class 25:

Clothing, namely, caps, jackets, shirts, pants and hats; shirts, pants and hats containing biometric monitoring devices; flip flops; ties; gloves; scarves.

Class 28:

Golf equipment, namely, divot repair tools, golf ball markers, golf balls, and golf tees; beach balls; toys consisting of a spool attached to a string; flying disks; balloons; dice, dominoes; playing cards; poker chips; footballs.

Class 35:

Retail and online store services featuring telecommunications and information technology goods and services, wireless electronic devices and accessories such as headsets, batteries and covers, wearable wireless technology such as smart watches and fitness devices, gaming controls and devices and media streaming devices, subscription of television-related goods and services, consumer electronics, connected devices for the home including thermostats, lighting and home security, and product demonstrations; subscription of television services; promoting telecommunications goods and services, subscription-based TV goods and services, digital technology and consumer electronics through discounts and online coupons; arranging subscription based television services; arranging subscription services for the streaming of television, movies, music, live events, video, games and multimedia content;

online retail store services; promoting sports competitions and events of others; conducting incentive award programs to promote innovation and technology; advertising on mobile electronic device for others; promotion services by provision of data to wireless subscribers to promote the goods and services of others; administration of a discount program enabling participants to obtain discounts on goods and services through use of a discount membership card; advertising and promotional services including promoting the goods and services of other by providing discounts including auto repair and travel service discounts; promoting the sale of telecommunications and television services through the administration of an incentive award program whereby customers receive a reward for referring new customers; charitable services, namely, promoting public awareness of environmental issues, policy and initiatives; charitable services, namely, organizing and conducting employee volunteer programs and community service projects; providing an incentive award program designed to award participants who demonstrate excellence relating to innovation and technology.

Class 36:

Financial sponsorship of sports, educational and entertainment programs and events; electronic transfers of money; financial transaction services, namely, providing secure commercial transactions and payment options; charitable foundation services, namely, providing financial assistance for programs and services of others; providing grants for research and education in the areas of literacy, domestic violence prevention, promoting education of children in science, technology, engineering and math (STEM) subjects, health care and health care technology, environmental issues, and smart energy systems.

Class 37:

Installation, maintenance, and repair of telecommunication networks and equipment, computer hardware, computer systems and communication networks; telephone wire and jack maintenance and repair services; emergency roadside assistance services, namely, responding to calls for roadside assistance, flat tire changing, emergency fuel supplying and battery jump starting; stolen vehicle tracking; providing automotive mechanic advice and information by telephone; providing vehicle diagnostic information and vehicle maintenance reminders (advisory services) through email, web and cell phone applications; providing information in the field of vehicle diagnostics and vehicle diagnostic records via a computer information network; performance monitoring of vehicles (maintenance services).

Class 38:

Telecommunications services; television broadcasting services, transmission and broadcast of audio and video programming and television programs to TVs, computers and wireless electronic devices; video on demand (VOD) services; pay-per-view (PPV) services; rental of set-top boxes and digital voice recorders (DVRs) for use with televisions; providing online chat rooms for social networking; electronic transmission and streaming of television, movies, music, live events, video, games and multimedia

content for others; telecommunications and information technology services, namely, transmission of voice, audio, video, images, information, data and other content by telecommunications networks, wireless communications networks, the Internet, fiber-optic communications networks, and other computer data networks; DSL (digital subscriber line) and high speed Internet service provider services; electronic mail services; providing multiple user interactive access to a global communications network; internet backbone services, namely, a high-speed line or series of connections that forms a major pathway within a network; wide area network (WAN) transmission services; ethernet transmission services; asynchronous transfer mode (atm) services, namely, the transmission of information encoded into small fixed-sized cells; integrated digital network (isdn) services (telecommunications); internet protocol (ip) communications services, namely, the transmission of information via the internet; virtual private network (vpn) services and private line services, namely, providing private and secure real time electronic communication over a computer network; electronic data transmission services; switched voice, data, video and multimedia transmission services; providing telecommunications connections to the internet and other computerized communications, data and wireless networks; providing multi-user access to a wireless communications network; telecommunications gateway services, namely, providing a gateway for connecting between independent telecommunications and computer networks for sharing of internet traffic; video, audio and data telephone conference services; wireless telecommunications services, namely, the wireless transmission of voice and data; telecommunications services, namely, providing voice over internet protocol services (voip); electronic messaging services; consulting in the field of telecommunications and computerized communications; providing network access point services (NAPs) for the exchange of internet traffic among internet traffic carriers; electronic mail and text messaging services; telecommunications and information technology services, namely, telephone and voice transmission services; teleconferencing services; electronic transmission of voice and data featuring encryption and decryption; telematic transmission of information; transmission of data and information via telemetry; telepresence services; telematic sending of information relating to vehicle safety, security, diagnostics and management; two-way wireless broadband communication services provided within automotive vehicles; telecommunication services, namely, providing the ability to contact a remote call center from a vehicle to report accidents and emergency situations so that vehicle location can be determined and emergency personnel dispatched; emergency response services, namely, sending electronic alert notices via telecommunication networks; secure electronic transmission of data and information for the healthcare industry; content delivery telecommunication network services; digital media telecommunication platform services for the encoding, delivery and display of digital media content; rental of telecommunications consumer premises equipment (CPE); toll free telephone services; providing call center and contact center services; voice response

services and call routing services; electronic voice messaging services, namely, the recording and transmission of voice messages by telephone, text, numeric and picture wireless digital messaging services and electronic mail services; machine to machine (m2m) telecommunications services; Internet of things (IoT) telecommunications services; providing electronic transmission of data and information to wirelessly connected machine to machine (m2m) devices, network-connected devices and to internet connected devices comprising the Internet of things (IoT); electronic transmission of data on wireless networks for machine to machine (m2m) and IoT services and connected devices; electronic and telematics transmission of data related to monitoring, locating, recovery and tracking of assets and connected devices in a variety of industries; telecommunications consulting in the fields of machine to machine (m2m) technology, connected devices, remote device management and the internet of things (IoT); charitable services in telecommunication, namely, providing donations of wireless telephones and wireless airtime to victims of domestic violence and related advocacy groups.

Class 39:

Emergency roadside assistance services, namely, towing, winch-out and key delivery services; vehicle location services in the nature of providing geographic information regarding the location of vehicles; providing information via telecommunication networks and cellular telephones, namely, vehicle routing, navigation, global positioning information; information services regarding traffic, namely, traffic congestion, and travel, namely, gas station and point-of-interest of visitor attraction information; providing a website and website links regarding map images and trip routing; storage of computer and telecommunications equipment for others; machine to machine services, namely, vehicle fleet management (transport operation management).

Class 41:

Entertainment in the nature of television news shows and visual and audio performances via television, computers and wireless electronic devices; electronic games services provided by means of the Internet; entertainment services in the nature of development, creation, production, and post-production services of multimedia entertainment content; entertainment services, namely, the provision of television, video and live content programs featuring a wide variety of subjects; providing an internet website portal in the field of entertainment; arranging sweepstakes and contests that promote the use of telecommunication services and wireless devices; rental of stadium facilities; arena services, namely, providing general purpose facilities for sports.

Class 42:

Computer services and computer networking services; telecommunications software services; computer services, namely, technical operation and management of the computer networks of others; managed computer services and network operations for others; cloud computing services; cloud hosting provider services; computer services, namely, remote and on-site management and administration of information technology systems for others,

comprising virtual and physical infrastructure, servers, storage systems, networks and software; recovery and remote backup of computer data; data recovery services and computer emergency disaster data recovery; providing virtual computer systems and virtual computer environments through cloud computing; computer services, namely, providing infrastructure management services for the monitoring, administration and management of public and private cloud computing information technology and application systems; integration of private and public cloud computing environments; providing cloud computing and cloud storage; consulting services in the field of cloud computing; technical consulting services in the fields of datacenter architecture and cloud computing solutions; remote administration and management of in-house and hosted datacenter devices, databases and software applications for others; computer co-location services, namely, providing facilities for the location of computer servers with the equipment of others; computer security services by providing secure, environmentally-controlled facilities for the computer servers and network equipment of others; technical monitoring for the computer servers and telecommunication and network equipment of others; computer infrastructure services, namely, providing remotely accessible computer network servers; computer services, namely, providing an on-line virtual environment for virtual computing accessible via the internet and other computer networks; leasing and rental of computing capacity, namely, computer software, computer hardware and computer networking equipment; leasing of computer servers; technical management of virtual infrastructure and computer networking; providing temporary use of non-downloadable software for accessing and using a cloud computing network; computer services, namely, evaluation and analysis of computer systems, including internal computer systems, extranet computer systems and global computer network systems, to assure compliance with industry standards; implementation of computer software for others; providing temporary use of on-line non-downloadable software including software development kits (SDKs) and APIs for use in software development and testing; providing information in the field of independent software application development via the internet; design, development and implementation of computer networks and computer systems for others; monitoring of computer networks and computer systems to ensure their proper functioning; computer and computer network monitoring services, namely, performance reporting and load balancing for quality control purposes; authentication services in the fields of telecommunications and network services; providing temporary use of non-downloadable network auditing software in the fields of secure communications and data networks; on-line security services, namely, providing security and anonymity for electronically transmitted credit card transactions; design in the field of telecommunications and computerized communications and data networks; design services and consulting related thereto in the fields of information technology, computer programming, data center management and global computer networks; installation, maintenance and repair of computer software; operating electronic information

networks; computer disaster recovery planning; design of premises-based, cloud-based and hybrid unified communications systems; providing temporary use of non-downloadable computer software for compliance management and risk analysis in the fields of computer and network security; providing temporary use of non-downloadable network security software; computer consultation in the fields of internet and network security and secure transmission of data and information; technical consulting services in the fields of computer software, computer hardware and computer networks, namely, providing consultation regarding design, implementation, configuration and use thereof; technical consulting services, namely, troubleshooting of computer hardware and software problems relating to virtual and physical infrastructure, servers, storage systems and networks; technical consulting services in the field of computer software, namely, providing consultation regarding software maintenance; technical support services relating to computer infrastructure technology, namely, providing technical advice and help desk services relating to servers, storage systems, networks and software; computer networks and communications network security services in the nature of intrusion protection, security threat analysis, managed security services, vulnerability management and assessment, threat analysis, and forensics and penetration testing; data encryption services and software; computer consultation in the field of computer security featuring secure transmission of data, data encryption and decryption; testing, analysis and evaluation of the goods and services of others in the fields of computers and computer security assessments; consulting services in the field of computer security and communications network security; hosting the applications and web sites of others; software as a service (SaaS), namely non-downloadable software for machine to machine (m2m) services and network and internet connected devices, non-downloadable software for the internet of things (IoT), software platform for the management of machine to machine (m2m) services, IoT services, and connected and remote devices, software platforms providing a development environment, software development kits (sdk), and an application programming interface (api) for creating applications for machine to machine (m2m) devices, network and internet connected devices, and remotely-managed devices and machines, and enabling the integration and automating the provisioning, monitoring and control of such devices and machines; providing a web portal to monitor and manage connectivity, usage and provisioning of m2m and IoT devices; engineering and computer consulting, design, and development in the field of machine to machine (m2m) and IoT communication and connected devices; technical support in the field of machine to machine (m2m) and IoT communication and connected devices; computer services, namely, creating virtual communities for registered users to participate in discussions and engage in networking; non-downloadable software for the collection, editing, transmission, storage and sharing of audiovisual content being software as a service (SaaS); providing a web site featuring temporary use of non-downloadable software allowing web site users to upload, post, and display online videos

for sharing; providing a website featuring technology that enables internet users to develop individual playlists that create personalized viewable content and allows for independent or simultaneous viewing or sharing of content; providing a web hosting platform for non-downloadable gaming software; providing non-downloadable gaming software; computer services relating to uploading music, audio and video content to the internet for others; computer services, namely, monitoring, analyzing, and reporting on the wireless internet usage habits, wireless internet searching habits, and wireless customer loyalty habits of others for third party web sites for targeted advertising to the individual interests of wireless communications users; software as a service (SaaS), namely software and software platforms for digital advertisers and publishers for purposes of brand advertising and software for use by digital advertisers and publishers for the purpose of placing digital advertising, managing digital advertising campaigns, optimizing advertising impressions, targeting advertising to customer populations, tracking, analyzing, and reporting on advertising campaigns, managing advertising inventory, matching digital advertisers with publishers, participating in advertising auctions and exchanges, and buying and selling advertising; providing a website and website links regarding geographical information; electronic storage and archiving of data for others; computer and computer network security services; computer security services in the nature of the issuance and management of digital certificates and other security credentials for others; providing information in the fields of internet and computer network security; consulting services in the field of computer, network and data integrity and security.

Class 43:

Arena services, namely, providing general purpose facilities for concerts, conventions and exhibitions.

Class 45:

Monitoring of computers, websites, computer networks and communications network systems for security purposes; providing user authentication services for security purposes; providing cloud-based authentication of personal identification information for security purposes; consultation in the field of data theft and identity theft; on-line monitoring computer systems for security purposes to prevent illegal file sharing and providing electronic reports regarding attempts at illegal file sharing in connection therewith on networks worldwide; providing a web site featuring information in the field of security; security consultancy; security services, namely, providing security assessments for businesses and governmental agencies; online social networking services; emergency roadside assistance services, namely, opening of locks; emergency monitoring services, namely, security monitoring of vehicle electronic device by remote call center and arranging for dispatch of emergency personnel when accident is detected; emergency response alarm monitoring services, namely, monitoring of alert devices by a remote monitoring center for the dispatch of emergency public health and security services and notification to third parties, namely, preferred family contacts,

		emergency responders, or a nurse.
