

香港特別行政區政府知識產權署商標註冊處

Trade Marks Registry, Intellectual Property Department

The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

[511] 貨品 / 服務說明：
Specification:
類別 7：
水族池通氣泵；擠奶機；動物剪毛機；起鹽機；木材加工機；
造紙機；紙尿褲生產設備；印刷滾筒；織補機；染色機；壓茶
磚機；切面包機；電動制飲料機；煙草加工機；剝皮革機；熨
衣機；自行車組裝機械；陶匠用旋輪；雕刻機；電池芯加工
機；制繩機；制搪瓷機械；制燈泡機械；瓶子封口機；煤球
機；電動榨果汁機；洗衣機；粉碎機；模壓加工機器；玻璃加
工機；化肥製造設備；化學工業用電動機械；鑽機；軋鋼機滾
筒；鑽探裝置（浮動或非浮動）；粉刷機；電梯（升降機）；
電錘；鑄模機；機器鍋爐用水垢收集器；內燃機點火裝置；水
輪機；迴形針機；拉鏈機；工業機器人；製造電線、電纜用機

械；電動剪刀；電子工業設備；眼鏡片加工設備；氣體分離設備；塗漆機；自行車用發電機；馬達和引擎用風扇；供暖裝置用泵；閘門（機器、引擎或馬達部件）；冰箱壓縮機；液壓耦合器；水加熱器（機器部件）；機器用耐磨軸承；滑輪膠帶；電焊機；蒸汽清潔器械；電控拉窗簾裝置；滾筒（機器部件）；3D 打印機；電動擦鞋機；球拍穿線機；自動售貨機；航空加油車接頭；貯液器（機器部件）；貼標籤機（機器）；3D 打印筆；電鍍機。

類別 9：

筆記本電腦；計步器；郵戳檢查裝置；收銀機；投幣啟動設備用機械裝置；口述聽寫機；全息圖；衣裙下擺貼邊標示器；投票機；搖獎機；人臉識別設備；複印機（照相、靜電、熱）；電子體重秤；裁縫用尺；救援激光信號燈；智能手機；行車記錄儀；照相機（攝影）；測量儀器；空氣分析儀器；運載工具用測速儀；聯機手環（測量儀器）；視聽教學儀器；感應器（電）；運載工具駕駛和控制模擬器；鏡（光學）；電源材料（電線、電纜）；集成電路用晶片；芯片（集成電路）；變阻器；電源插頭轉換器；視頻顯示器；電子鑰匙（遙控裝置）；光學纖維（光導纖維）；工業遙控操作用電氣設備；避雷針；非空氣、非水處理用電離設備；滅火設備；工業用放射屏幕；濾氣呼吸器；報警器；3D 眼鏡；移動電源（可充電電池）；幻燈片（照相）；照蛋器；叫狗哨子；裝飾磁鐵；電柵欄；訓練動物用電子項圈；運動哨；便攜式遙控阻車器。

類別 10：

血壓計；電子針灸儀；口罩；出牙咬環；吸奶器；非化學避孕用具；人造外科移植物；矯形用物品；縫合材料；便攜式手持小便器；按摩器械；畸齒矯正儀器；醫用體溫計；血壓監測儀；助聽器；醫用帶；醫務人員用面罩；醫用手套。

類別 11：

燈；運載工具用燈；空氣淨化用殺菌燈；燙髮用燈；乙炔燈；電壓力鍋；野餐燒烤用火山岩石；冰箱；空氣淨化裝置和機器；頭髮用吹風機；電加熱裝置；舞臺煙霧機；衛生設備用水管；自動澆水裝置；馬桶座圈；水淨化裝置；熱水袋；打火機；聚合反應設備；空氣淨化器。

類別 12：

自行車；自行車輪胎用充氣泵；嬰兒車；運載工具用輪胎；補

內胎用全套工具；螺旋槳；風擋刮水器；電動運載工具；兒童安全座（運載工具用）；自平衡車；汽車用安全座；滑板車（車輛）。

類別 28：

便攜式遊戲機螢幕專用保護膜；遊戲機；智能玩具；國際象棋；投球機；鍛煉身體器械；電子靶；滑板；狩獵用哨子；游泳池（娛樂用品）；塑膠跑道；護肘（體育用品）；雪鞋；聖誕樹架；釣魚用具；拉拉隊用指揮棒；球拍用吸汗帶；偽裝遮蔽物（體育用品）；抽獎用刮刮卡；運動用吸汗帶。

[511] 類別編號: 7,9,37,42
Class(es) No(s).:

[511] 貨品 / 服務說明: Class 7:
Specification: Vacuum cleaners for household or industrial purposes; electrical vacuum cleaners for household or commercial purposes; parts for electrical vacuum cleaners for household or industrial purposes; floor scrubbing machines for household or commercial purposes; cleaning robots for household or industrial purposes; robots for floor scrubbing for household or industrial purposes; packaging or wrapping machines and apparatus; semiconductor manufacturing machines and systems; electric vacuum cleaners; electric cordless sweepers; dust filters for vacuum cleaners; brushes for vacuum cleaners; vacuum cleaner bags; robots for cleaning; robots for cleaning with artificial intelligence; cleaning robots with artificial intelligence for household or industrial purposes; robots for floor scrubbing with artificial intelligence for household or industrial purposes.
Class 9:
Self-propelled or remote control robots with sensors, chassis, driving apparatus, capable of reconnoitering buildings and facilities[not for industrial, medical, and playing purposes]; self-propelled or remote control robots with sensors, chassis, driving apparatus, useful for finding or rescue people [not for industrial, medical, and playing purposes]; computers; mobile computers; communications computers; computer terminal equipment; data processing apparatus and computers; interface for computers; computer peripheral apparatus; calculating machines; data processing equipments; shape recognition devices composed of computer chips, computer hardware and software; computer programs for

connecting to remote computers and computer networks; computer programs for remote research on the contents of computers and computer networks; computer programs for remote connecting to computers and computer networks; computer softwares to synchronize data between portable computers or pocket computers and host computers; computer programs for transferring data from central processing units or to central processing units; downloadable interactive entertainment software for playing computer games for use with computers; accumulators [batteries]; remote control apparatus; work recording apparatus; photocopying apparatus; computer apparatus for drawing or design; time and date stamping machines; time clocks [time recording devices]; punched card office machines; voting machines; apparatus to check stamping mail; game programs for arcade video game machines; power distribution or control machines and apparatus; rotary converters; phase modifiers; cells; telecommunication devices and apparatus; electronic machines and apparatus, and parts therefor; consumer video game programs; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; optical apparatus and apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; battery charge devices; smartphones; personal digital assistants; humanoid robots with artificial intelligence; life-support robots [not for industrial, medical, and playing purposes]; robots for guiding, reception, surveillance, rescue and security.

Class 37:

Repair and maintenance of electrical vacuum cleaners for household or industrial purposes; repair and maintenance of motorized floor scrubbing machines for household or industrial purposes; repair and maintenance of electrical cleaning robots for household or industrial purposes; repair and maintenance of motorized robots for floor scrubbing for household or industrial purposes; cleaning of residential houses using robots; cleaning of indoor of residential houses using robots; cleaning of indoor using robots; cleaning of indoor; cleaning of building exterior surfaces; window cleaning services; carpet and rug cleaning; cleaning of building interiors and exteriors using robots; cleaning of building interiors and exteriors; cleaning of inside of factory,

building, stores, and office space using robots; cleaning of inside of factory, building, stores, and office space; cleaning of roads, parks, gardens, sports fields, sports arenas, and amusement parks using robots; cleaning of roads, parks, gardens, sports fields, sports arenas, and amusement parks; rental of electrical cleaning robots for household or industrial purposes; rental of motorized robots for floor scrubbing for household or industrial purposes; rental of vacuum cleaners for household or industrial purposes; rental of electrical vacuum cleaners; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical machines and apparatus; repair of toys or dolls; repair and maintenance of robots for cleaning; repair and maintenance of robots for cleaning with artificial intelligence; repair and maintenance of cleaning robots with artificial intelligence for household or industrial purposes; repair and maintenance of robots for floor scrubbing with artificial intelligence for household or industrial purposes; rental of robots for cleaning; rental of robots for cleaning with artificial intelligence; rental of cleaning robots with artificial intelligence for household or industrial purposes; rental of robots for floor scrubbing with artificial intelligence for household or industrial purposes.

Class 42:

Design and development of robots, apparatus and instruments for processing information, computers, and computer software; research and development of new products for cleaning for household or industrial purposes; robotics engineering relating to cleaning robots; designing of machines, apparatus, instruments [including their parts] for cleaning for household or industrial purposes, or systems composed of such machines, apparatus and instruments; design services in relation to vacuum cleaners and cleaning robots; computer programming in relation to vacuum cleaners and cleaning robots; technological advice relating to computers, automobiles and industrial machines for cleaning for household or industrial purposes; research on building construction or city planning; testing or research services in the field of preventing

pollution; testing or research services in the field of electricity; testing or research services in the field of civil engineering; testing or research services relating to machines, apparatus and instruments for cleaning for household or industrial purposes; rental of computers; providing computer programs on data networks; programming of operating software for accessing and using a cloud computing network; cloud computing; providing information relating to providing computer programs on data networks; designing and developing relating to machines, apparatus and instruments for cleaning for household or industrial purposes; software as a service [SaaS]; configuration and installation of computer programs and extension and adding function thereof; fault diagnosis and virus inspection of computer programs; verification of operation of computer programs; consultancy relating to verification of operation of computer programs; detection, elimination, and preventing infection of computer virus; troubleshooting of computers, application softs, and computer software problems [technical support]; preparation of use manuals of computer operation or computer programs; technological consulting services in the field of operation method for computer hardware, computer software, and computer peripherals by a helpdesk; scientific testing, research, analysis, surveys, or development and consultancy and information services relating thereto.

7,9,11,12

[511] 貨品 / 服務說明:

Specification:

Class 7:

Compressors; pumps; pneumatic, electronic, hydraulic controls for motors.

Class 9:

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, controlling, life-saving and teaching apparatus and instruments; physical, electric, electronic measuring, signalling, checking (supervision), control, regulating, and monitoring equipment and apparatus; mechanically and/or pneumatically and/or hydraulically and/or electromechanically and/or electromagnetically and/or electrically and/or electronically operated, controlled and controlling measuring, signalling, checking (supervision), controlling, regulating, conveying, recording, amplifying and monitoring equipment and apparatus; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling of electricity; electric apparatus for commutation; material testing instruments and machines; lifesaving apparatus and equipment; switches, electric; high-frequency

apparatus; telecommunications equipment; data processing apparatus; data communications apparatus; telematic apparatus; telematic terminal apparatus; computer hardware; peripherals adapted for use with computers; software; software for electronic driving assistance systems; computer programs [downloadable software]; computer programs, recorded; automatic vehicle speed control apparatus; software based on sensors related to adaptive speed control (ACC); software based on sensors related to smart vehicle steering; software based on sensors related to smart hydraulic steering; software based on sensors related to lane departure warning systems; software based on sensors related to side wind compensation systems; simulators and computer programs for the steering and control of vehicles; databases recorded on computer media; all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines; parts and accessories for all of the aforementioned goods; all included in Class 9.

Class 11:

Heating, ventilating, air-conditioning apparatus and lighting installations, air treatment apparatus; all of the aforementioned goods for commercial and rail vehicles; parts and accessories for all of the aforementioned goods; all included in Class 11.

Class 12:

Commercial and rail vehicles for long-distance and local distance transport as well as for passenger and freight transport; brakes, brake systems and their parts for vehicles; exhaust brakes; compressed air systems; compressed air tanks (vehicle parts); compressed air supply systems; compressed air systems for controlling brakes, clutches, and/or transmissions; pneumatic suspension systems in vehicles; levelling installations for level control, level setting and/or lift axle control, as vehicle parts for commercial and rail vehicles; steering units for land vehicles; transmissions, transmission control units, transmission components, for land vehicles; clutch and clutch actuating units for land vehicles; drive gears [land vehicle parts]; powertrains, including motors and engines, for land vehicles; motors, electric, for land vehicles; vehicle wheels; axles and axle bearings; pedal systems (vehicle parts); dampers, torsional vibration dampers, each as vehicle parts; entrance systems as parts of

door systems for vehicles; door systems (vehicle parts); control systems for doors and platform screen doors; traction controls (vehicle parts); bogies for railway wagons and rail-bound vehicles; sanding devices, as parts adapted to rail-bound vehicles; windscreen wiper and washer systems (vehicle parts); all of the aforementioned goods for commercial and rail vehicles; parts and accessories for all of the aforementioned goods; all included in Class 12.

- [511] 類別編號: 7,9,11,17
Class(es) No(s).:
- [511] 貨品 / 服務說明: Class 7:
Specification: Machines, machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; metalworking machines and tools; chemical processing machines and apparatus; filter elements (presses) for chemical processing; cartridges for filtering machines; filtering machines; filters [parts of machines or engines]; membrane filters for use as parts of machines; food or beverage processing machines and apparatus; desalination films for food or beverage processing machines and apparatus; disintegrators; agitators; machines for the mineralisation of drinking water; wrapping machines; chemical processing filters; hydraulic turbines; dynamos; waste disposal units; mineral water making machines; oil refining machines; gas separating machines; separating machines; water separators; agricultural machines; plowing machines and implements, other than handheld tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines [feed cutters]; fodder mixing machines [feed mixers]; cake-fodder crushing machines [feed mills]; milk filtering machines; milking machines; chick brooders; sericultural machines and implements; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines and apparatus for manufacturing rubber goods; parts of motors and engines [except for land vehicles]; filters for cleaning cooling air, for engines; water mills; wind mills; pneumatic or hydraulic machines and instruments; pumps [machines]; adhesive tape dispensing machines; automatic stamping machines; machines and apparatus for wax-polishing, electric; vacuum cleaners; electric wax-polishing machines; air filters for vacuum cleaners; dust filters for vacuum

cleaners; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs [parts of machines]; brakes for machines.

Class 9:

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; breathing apparatus for underwater swimming; electronic game software; meters; measures; network communication equipment; integrated circuits; resistances, electric; pollution sensors; remote control devices; heat regulating apparatus; electrolyzers; game programs for arcade video game machines; laboratory apparatus and instruments; scientific research apparatus and instruments; membranes for filtration [scientific]; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; polarizing film for displays; polarizing film for optical machines and apparatus; optical films; measuring machines and instruments; testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical control apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; telecommunication machines and apparatus; personal digital assistants; smartphones; protective films for personal

digital assistants; clear protective covers for personal digital assistants; acoustic membranes used in sound recording or reproducing apparatus; electronic machines, apparatus and their parts; electronic control apparatus; electron tubes; semi-conductor elements; electronic circuits; computer programs; computer software; computer software platforms, recorded or downloadable; computer software applications, downloadable; barcode label printers; computer software, recorded; protective films adapted for computer screens; circuit boards; circuit boards capable of reading and writing on a hard disk; protective films for electronic machines, apparatus and their parts; Geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; recorded video discs and video tapes; phonograph records; downloadable music files; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics; fiber optics connectors; photoelectric composite wiring boards; printed wiring boards; gas separators for scientific and laboratory use; filters for use with gas separators for scientific and laboratory use; membrane elements for use with gas separators for scientific and laboratory use; plastic flat films and membranes for use with gas separators for scientific and laboratory use; protective plastic films adapted for screens for electronic or optical apparatus and instruments; computer software platforms; modems; routers; computer servers; computer software for use in the operation and control of electronic medical interview

systems; computer software for use in the field of kinesiology; audiovisual teaching apparatus; teaching apparatus; wearable computers; protective films adapted for smartphones; smartglasses; smart rings; respiratory masks, other than for artificial respiration; filters for respiratory masks; protective masks; decorative magnets; polarizing plastic film and sheets; polarizing films for liquid crystal displays.

Class 11:

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; toilet bowls and seats sold as a unit; shower enclosures; electric water heaters; ionization apparatus for the treatment of air or water; radiators[heating]; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; drying apparatus for harvest; forage drying apparatus; air conditioners; heating apparatus; heating apparatus, electric; boilers, other than parts of machines; freezing machines and apparatus; laundry dryers, electric; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations; dish drying machines; dish disinfectant apparatus; worktops as parts of kitchen sinks; kitchen sinks; tap water faucets; level controlling valves for tanks; pipe line cocks; reducing valves for water supply; air vent valves; filters for air conditioners; dust filters for air conditioning; waste water treatment tanks; septic tanks; wastewater treatment apparatus; waste water purification installations; filtration membranes for use with waste water treatment equipment; membrane elements for use with waste water and sewage purification equipment; plastic membranes for use with waste water and sewage purification equipment; water filters; desalination units; reverse osmosis membranes for seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filter

for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; water purification equipment and machines for the treatment [purification] of water; electric lamps; lighting apparatus; filters for automobile lights; water purifying apparatus and machines; filtration membranes for water purifying apparatus and machines; filtration membrane elements and modules for water purifying apparatus and machines; plastic membranes for water purifying apparatus and machines; filters for water purifying apparatus and machines; filter cartridges for electric water purifying apparatus and machines; membrane elements and other components for water purifying installations; electric water purifying apparatus and machines; air filters for air purifying apparatus and instruments; filters for air extractor hoods; washers for water taps; cooking heaters; tap-water filters, non-electric; warming pans; pocket warmers; hot water bottles; adhesive sheets for disposable heating pads, not for medical purposes; breathable air filters for disposable heating pads; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs; separators for purifying gas; filters for use with separators for purifying gas; membrane elements for use with separators for purifying gas; plastic flat films and membranes for use with separators for purifying gas; footmuffs, electrically heated; electric pocket warmers for warming hands; footwarmers, electric or non-electric; warming pans; sterilizers; heating elements; hair driers; cooking utensils, electric; cookers; hand drying apparatus for washrooms; water supply installations; coolers, electric; deodorizing apparatus, not for personal use; dehumidifiers; air filtering installations; air deodorising apparatus; filters for air conditioning; fans [air-conditioning]; humidifiers; heat pumps.

Class 17:

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials;

flexible pipes, tubes and hoses, not of metal; mica [raw or partly processed]; valves of rubber or vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; plastic film, other than for wrapping for marine pollution control; marine pollution control membranes, in the nature of insulating waterproofing membranes; electrical insulating materials; insulating materials; heat insulation materials; sound proofing materials; padding materials of rubber or plastics; stuffing of rubber or plastics; electrical insulating tapes; electrical insulating rubber products; insulation sealing materials; insulating varnish; washers of rubber or vulcanized fiber; plastic fiber, not for textile use; plastic fibers, not for use in textiles; rock wool; slag wool; rubber thread and covered rubber yarn, not for textile use; chemical plastic yarn and thread, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic film for protecting objects; semi-processed plastics in the form of sheets; adhesive-coated plastic film and sheet; light-proof plastic film; light-proof plastic film for use on windows; heat-shielding plastic film for use on windows; ultra-violet-shielding plastic film; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheet; polymeric porous film; laminated plastics, semi-processed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic film for use in the manufacture of dust removal mats; polymeric film for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; plastic foam filling

materials; heat-insulating plastic film and sheet, not for wrapping; surface-coated epoxy resin films; reverse osmosis membranes in the nature of semi-processed plastics, for seawater desalination and water treatment; fluorescent self-adhesive gel plastic sheets for use in encapsulation; insulating polyimide resin sheets; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; plastic substances, semi-processed; semi-processed plastic films, membranes and sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for wastewater and sewage purification; fluoro rubber; rubber for use in manufacture; vibration control rubber; synthetic rubber; soundproofing materials of rock wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; industrial adhesive tapes; self-adhesive tapes, other than stationery and not for medical or household purposes; removable industrial adhesive tapes; industrial masking tapes; adhesive bands, other than stationery and not for medical or household purposes; adhesive-coated tapes for hazard marking; self-adhesive tapes for protection of objects; adhesive tapes for heat shielding; adhesive tapes for water proofing; adhesive tapes for dust proofing; adhesive tapes for corrosion proofing; adhesive tapes for repairing; adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafer; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; antirust adhesive tapes for air crafts; masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking; masking tapes for use in painting; masking tapes for automobiles;

masking tapes for printing boards; masking tapes; polymeric porous adhesive tapes for industrial use; breathable adhesive tapes for industrial use; seals; filling putty for repairing water leakage; sealant pens for repairing tile joints; pen-type chemical compositions for repairing tile joints; seals for watertight, airtight, soundproofing and thermal insulation for electric home appliances; seals for watertight, airtight, soundproofing and heat insulation for automobiles; repair sealing materials (for repair use) consisting of an epoxy resin and curing agent; fluorine resins, semi-processed; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; plastic fibers, other than for textile use; threads of plastic materials, other than for textile use; thermal insulating materials for footwear; plastic films for preventing dew condensation of windows.

authentication; computer software and software
applications for user identity verification
and authentication; downloadable software in
the nature of a mobile application for
biometric user identity verification and

authentication; downloadable software in the nature of a mobile application for user identity verification and authentication; software development kits (SDK); apparatus and instruments for the identification or automatic recognition of persons, finger or palm prints, characteristics of the iris, veins or voice, facial or body features or other biometric characteristics; computer software for the identification or automatic recognition of persons, finger or palm prints, characteristics of the iris, veins or voice, facial or body features or other biometric characteristics; systems consisting of apparatus and computer software for checking and identifying biometric data, namely, persons, finger or palm prints, characteristics of the iris, veins or voice, facial or body features; computers and computer software for biometric devices for identifying and authentication of persons; biometric system computer software for identifying and authentication of persons; computer software for detecting persons; computer software for interpreting finger or palm prints, characteristics of the iris, veins or voice, facial or body features or other biometric data for the purposes of identifying individuals; optical, optoelectronic or electroacoustic sensors for taking finger or palm prints, characteristics of the iris, veins or voice, facial or body features or other biometric characteristics; electronic card readers; magnetic coded card readers; smart card readers; biometric computer terminals; biometric electronic payment terminal; biometric electrical terminal blocks; electric locks or devices for controlling access to buildings; data processing equipment for checking finger or palm prints, characteristics of the iris, veins or voice, facial or body features or other biometric characteristics; computer systems consisting of computer and computer software for protecting information or communications in connection with checking finger or palm prints, characteristics of the iris, veins or voice, facial or body features or other biometric characteristics; computer software for processing the signal used for detecting and identifying persons or the biometric characteristics of persons in the field of security and controlling access; apparatus, instruments and computer software for detecting and identifying fraudulent

documents; optoelectronic sensors for taking information on stationary and moving vehicles; fixed, portable and on-board data processing equipment for use on land, air or sea vehicles in connection with forensic security and transport applications for medico-legal applications; electronic terminals for the purposes of securing game, lottery or betting applications; optoelectronic sensors for gathering bar code, numbers and date information on game, lottery or betting tickets; electronic readers for checking and identifying digital data; devices, namely, electronic devices and computer software for checking and identifying digital data utilized by optical readers, microphones, gyroscopes, accelerometers and computer processors; apparatus and instruments for the authentication and identification of digital data utilized by optical readers, computer software and computer processors; reader computer software, computer terminals and electronic devices which authenticate and identify a machine-readable area on passports, visas, identity cards, driving licenses, health cards, voting cards, resident cards, permits to stay, professional health cards and other personal administrative documents that have an electronic chip that can transmit data for the purpose of verifying an individual's identity; electronic devices and computer software for identification, via a password, of an individual's identity; apparatus and instruments comprised of computer software, computer terminals and electronic readers for processing data, namely, for acquisition, verification, storage, generation of database and transmission of data; computer software for checking and identifying secured digital data by acquisition, processing, verification, storage, generation of database and transmission of data; apparatus and instruments for controlling data relating to a person's identity by acquisition, processing, verification, storage, generation of database and transmission of data; chip cards, namely, blank electronic chip cards and encoded chip cards for developing and loading applications onto user terminals; encoded electronic chip cards for access and communicating with data network users; equipment for processing data, namely, encoded electronic chip card terminals and parts for the aforementioned goods; computer programs and operating systems for chip cards, namely, software used in

identification and detection systems for the purposes of identifying individuals, authentication of documents and locating and identifying of vehicles; apparatus for testing chip cards for testing their quality and proper operation; installations for handling chip cards, namely, chip card readers; apparatus for printing, namely, printers for printing identity cards, health cards, voting cards, resident cards, licenses, permits, and passports; downloadable mobile applications for use with wearable computers, smart phones, monitors, displays, computer hardware, activity trackers, audio equipment, communications apparatus, telecommunication apparatus, computer peripheral devices, portable media players and digital electronic communication devices; computer application software for use with wearable computers, smart phones, monitors, displays, computer hardware, activity trackers, audio equipment, communications apparatus, telecommunication apparatus, computer peripheral devices, portable media players and digital electronic communication devices.

Class 16:

Printed matter, namely, paper and cardboard for use in the manufacture of identity cards, telephone cards, checks, credit or bank cards, passports, visa documents, driving licenses, health cards, voting cards, resident cards, permits to stay, professional health cards and other personal administrative documents that comprise a machine-readable area; printed cards and personal administrative documents without magnetic coding of paper or cardboard for sale to issuing organizations, that comprise a machine-readable area, namely, identity cards, telephone cards, checks, credit cards, bank cards, passports, visa documents, driving licenses, health cards, voting cards, resident cards, permits to stay, and cards for indicating the credentials of medical professionals.

Class 38:

Telecommunications, namely, providing access to telecommunication networks and providing telecommunications connections to a global computer network; providing electronic telecommunication connections; providing telecommunications connections to the internet or databases; providing information about telecommunication and data communication; telecommunication consultation in the nature of technical consulting in the field of audio,

text and visual data transmission and communication; consulting in the field of telecommunication services, namely, transmission of voice, data, and documents via telecommunications networks; consultancy, information and advisory services relating to the aforesaid services.

Class 42:

Software as a service featuring software for biometric user identity verification and authentication; software as a service featuring software for user identity verification and authentication; services and advice in the field of controlling persons' access, namely, providing a secured-access, members only website featuring technology that gives members the ability to enter into a protected online area in order to conduct financial services activities or facilitate e-commerce transactions; design, research and development of computer programs and computer software for interpreting finger or palm prints, characteristics of the iris, veins, voice, facial and body features or other biometric characteristics in the fields of access control or authentication of persons; research, design and development of on-line computer software systems to check previous histories of persons' past history and background; research, design and development of electronic data security systems to check previous histories of persons' past history and background; design, research and development of computer programs and computer software for electronic identification; automation services for computers, namely, data automation and collection service using proprietary software to evaluate, analyze and collect service data; conversion of data from physical to electronic media; design, installation, maintenance and updating of computer software for data processing; cryptography services; encoding of identity documents; advice, information and consultation in connection with the aforementioned services, namely, computer security consultancy, computer consultation in the field of computer security, information technology consultation, advice relating to the design of computer hardware and technical advice relating to operation of computers; hosting of electronic databases in the field of biometric electronic access data, biometric identification, identity verification and authentication; encryption, decryption and

authentication of information, messages and data; providing user authentication services using biometric, facial recognition, finger print authentication, voice recognition and other types of hardware and software authentication technology for provision of financial services, e-commerce transactions, donations, licensed product tracking and fan engagement; data security services; IT security, protection and restoration; computer security threat analysis for protecting data; provision of security services for computer networks, computer access and computerised transactions; certification of data via blockchain; data authentication via blockchain; including all of the aforementioned services for use in connection with payment systems; consultancy, information and advisory services relating to the aforesaid services.

Class 45:

Identification verification services, namely, providing authentication of personal identification information; personal background investigation services using alphanumeric and biometric data; providing authentication of personal identification information namely, consultation in the fields of product and document authentication and tracking, and brand monitoring and protection, to protect against counterfeiting, tampering, and diversion, and to ensure the integrity of genuine products and documents; identification verification services, namely, providing authentication of personal identification information via secure storage and via the Internet; personalization services for documents, namely, providing authentication of personal identification information; providing user authentication services in e-commerce transactions.; Providing authentication of personal identification information [identification verification services], including using biometrics, facial recognition, finger print authentication, voice recognition and other types of authentication based on measurement and analysis of unique physical or behavioral characteristics; safety, rescue, security and enforcement services; security services for the physical protection of tangible property and individuals; rental of equipment for safety, rescue, security and enforcement; safety, rescue, security and enforcement services; security services; public events

security services; on-line social networking services; consultancy, information and advisory services in relation to the aforesaid services.

Entertainment services, namely, providing on-line non-downloadable music and film via a video-on-demand service via communications networks by means of computer terminals, fiber optic networks and telephones; entertainment services, namely, provision of non-downloadable films and television programs via a video-on-demand source; entertainment

services, namely, providing on-line non-downloadable videos and music via a video-on-demand service via communications networks by means of computer terminals, fiber optic networks and telephones; entertainment services, namely, providing images and pictures about fictional characters appearing in games and animations; entertainment services, namely, providing non-downloadable photographic images containing artwork via communications networks by means of computer terminals, fiber optic networks and telephones; entertainment services, namely, providing non-downloadable videos in the field of education, culture, entertainment or sports via communications networks by means of computer terminals, fiber optic networks and telephones; entertainment services, namely, providing non-downloadable music and video featuring television programs using a video-on-demand service via computer network communications; entertainment services, namely, providing non-downloadable music and video featuring television programs using video-on-demand and pay-per-view television services; movie showing, movie film production, or movie film distribution; entertainment services, namely, providing non-downloadable video and audio for computer games via communications networks by means of computer terminals, fiber optic networks and telephones; providing non-downloadable music via the Internet or computer network; entertainment services, namely, providing non-downloadable music via the Internet, computer network, cable network, computer network using an on-demand service and interactive communication using mobile phones; entertainment services, namely, providing non-downloadable audio and video featuring presentation of theatrical performances via the Internet, computer network, cable network, computer network using an on-demand service and interactive communication using mobile phones; entertainment services, namely, providing non-downloadable photographic images and animation films via the Internet, computer network, cable network, computer network using an on demand service and interactive communication using mobile phones; entertainment services, namely, providing computer games via the Internet, computer network, cable network, computer network using an on-demand service and interactive communication using mobile phones; providing

non-downloadable video, still and moving images containing film and television programs and artwork by streaming via the Internet; providing non-downloadable films via the Internet or computer network; providing on-line non-downloadable music via an on-demand service and information relating thereto; providing non-downloadable videos for television program featuring regional information via the Internet or computer network; providing non-downloadable videos containing television programs via the Internet or computer network; providing non-downloadable films via an on-demand service via cable network, computer network and the Internet; providing non-downloadable videos containing films and television programs via an on-demand service via cable network, computer network and the Internet; providing non-downloadable films via an on-demand service via interactive communication using mobile phones; direction or presentation of live show performances; musical entertainment services, namely, live music concerts; musical performances, namely, live performances by a musical group; presentation of musical performances; production and distribution of interactive television programs; production and distribution of cable television or television programs; production and distribution of radio programs; production and distribution of programs for cable television providers; production and distribution of television quiz programs, television prize programs, television game programs, and television entertainment programs for others; production and distribution of programs for television, cable television, radio, satellite radio, movies and film; production and distribution of television programs features of educations by means of computer networks; production and distribution of television programs in the field of news; production and distribution of radio or television programs featuring regional information; production and distribution of radio or television programs featuring traditional Japanese culture; production of radio or television programs; organization of sporting events in the field of football, hockey, golf, car races, basketball, baseball, soccer, lacrosse, volleyball, tennis, curling, squash, swimming, cycling; organization of sporting events; organization, production, presentation and conducting of events for the purpose of

cultural exchange between people and region;
organization, production, presentation and
conducting of events related to cultural
exchange between Japan and overseas;
organization, production, presentation and
conducting of live talk show events;
organization of entertainment events excluding
movies, shows, plays, musical performances,
sports, horse races, bicycle races, boat races
and auto races; entertainment in the nature of
video game competitions; entertainment
services, namely, providing non-downloadable
videos, music and lyrics for karaoke via
communications networks by means of computer
terminals, fiber optic networks and
telephones; providing amusement facilities;
entertainment services, namely, providing
online, non-downloadable electronic match
games via communications networks by means of
computer terminals, fiber optic networks and
telephones; entertainment services, namely,
providing online, non-downloadable electronic
games via communications networks by means of
home video game machines and personal
computers; entertainment services, namely,
providing online, non-downloadable electronic
games via communications networks by means of
mobile telephone or computer terminals; game
services provided by means of communications
by computer terminals, optical fiber networks
or mobile telephone; game services provided by
means of communications by computer terminals
or mobile telephone; rental of cinematographic
machines and apparatus; rental of cine-films;
rental of records or sound-recorded magnetic
tapes; rental of image-recorded magnetic
tapes; news reporters services using the
Internet; news reporters services and
providing information relating thereto; news
reporters services.

Class 42:

Providing meteorological information; design
of home video game machines; design services;
data conversion from physical to electronic
media; duplication of computer programs;
rental of system security programs for home
video game consoles used with televisions
which is recorded on magnetic tapes, CD-ROMs,
DVD-ROMs or optical discs; video game software
programming services for others for video game
machines for use with television for business
and personal use; computer programming;
information services relating to computer
programming in order to protect the security
of the computer network to protect the system

from unauthorized access; rental of measuring apparatus; rental of web servers; rental of web server's memory for entry of diaries and schedules of individuals and corporations and storage of electronic data; rental of web server's memory; rental of computers; rental of computer programs; installation of computer software; providing temporary use of online non-downloadable computer software; software as a service; platform as a service; hosting of platform on the internet; platform for gaming as software as a service; providing temporary use of non-downloadable game software.

Class 45:

Providing information via a web site in the fields of personal introduction services for social network users; Internet-based dating, matchmaking and personal introduction services; Internet based marriage partner introduction or dating services; on-line social networking services; Internet based social networking, introduction, and dating services; marriage partner introduction or dating services; introduction services in the fields of personal relationships and dating for the social networking via a communication networks; providing user authentication and identification services in e-commerce transactions via a global computer networks for others; personal body guarding by using global navigation system(GPS); providing information relating to personal background; providing information relating to investigation or surveillance on background profiles; provision of present location information for others about lost property by using communication terminal; provision of location information in relation to lost objects and animals via communication terminal.

服務說明: Downloadable reports about property damage, loss, climate, environment, weather events, and catastrophes; Downloadable images in the fields of energy and natural resources, agriculture, mining, transportation, supply chain logistics, engineering, weather, environment and climate, cartography, insurance, banking, construction, real estate, law enforcement, emergency services, government and geopolitics; Software for cost estimating and other assessments in the building, construction, repair, restoration, maintenance and remodeling industries; Software for detecting, identifying, measuring and analyzing roofs, building structures, property, terrain and other objects in the nature of structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement; Software for image capture and analysis, and ordering imagery and image capture services, for use with aerial, terrestrial, satellite and other imagery and remote sensing technologies in the nature of unmanned aerial vehicles, computer vision technology, and mobile remote sensing technologies, and with photographic data, geospatial data, locational data and other information and data generated using remote sensing technologies; Downloadable reports about property damage, loss, climate, environment, weather events, and catastrophes, and surveillance, with aerial, terrestrial, satellite and other imagery and remote sensing technologies in the nature of unmanned aerial vehicles, computer vision technology, and mobile remote sensing technologies, and with photographic data, geospatial data, locational data and other information and data generated using remote sensing technologies; Software for capturing, generating, taking, viewing, storing, editing, arranging, converting, combining, sharing, downloading, enhancing, providing, accessing, annotating, transmitting, manipulating, processing, analyzing, maintaining, searching, managing, displaying, detecting, reproducing, modifying and otherwise interacting with or utilizing information, data, and aerial, terrestrial, satellite, and geospatial imagery and other imagery and outputs from sensory and detection technologies; Software for capturing, generating, taking, viewing, storing, editing, arranging, converting, combining, sharing, downloading, enhancing, providing, accessing, annotating, transmitting, manipulating, processing, analyzing, maintaining, searching, managing, displaying, detecting, reproducing, modifying and otherwise interacting with or utilizing information, data, and aerial, terrestrial, satellite, and geospatial imagery, and other imagery and outputs from sensory and detection technologies in the fields of energy and natural resources, agriculture, mining, transportation, supply chain logistics, engineering, weather, environment and climate, surveillance, cartography, insurance, banking,

construction, real estate, law enforcement, emergency services, government, real estate, and geopolitics; Software for capturing, generating, taking, viewing, storing, editing, arranging, converting, combining, sharing, downloading, enhancing, providing, accessing, annotating, transmitting, manipulating, processing, analyzing, maintaining, searching, managing, displaying, detecting, reproducing, modifying and otherwise interacting with or utilizing information, data, aerial, terrestrial, satellite, and geospatial imagery, and other imagery and outputs from sensory and detection technologies for fraud detection, assessment of energy efficiency, analysis of infrastructure, analysis of electrical utilities infrastructure, forensic analysis, surveillance, geographical information systems and risk assessment, risk detection, risk analysis, and risk management; Software for creating drawings, floorplans, and schematics of building structures, roofs, other features of Building structures, property, terrain and other objects and conditions; Software for integrating electronic data and other information with real world environments; Software for integrating electronic data and other information with real world environments for the purpose of generating maps, representations of building structures, roofs, other features of building structures, property, and terrain and other objects and conditions; Software for use in providing information featuring aerial, terrestrial, satellite and geospatial imagery, and other imagery and other remote sensing technologies in the nature of unmanned aerial vehicles, computer vision technology, and mobile remote sensing technologies, and photographic data, geospatial data, locational data and other information and data generated from remote sensing technologies; Software for photogrammetric analysis; Software for use in detection, inspection, evaluation and assessment of buildings and other objects in the nature of structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement; Software for risk assessment, analysis and management and hazard assessment, analysis and management; Software to assist in insurance claims assessment, analysis and management; Software for capturing, storing, managing, processing and transmitting photos, videos and other sensory and detection information; Software used for capturing, storing and accessing images and geographic, locational and other data regarding the captured, stored and accessed images; Software for use in analysis, predictive modeling, and creating reports, relating to property damages, loss information, climate, environment, weather events, and catastrophes; Software for controlling imaging apparatus and technologies and other sensory and detection apparatus and technologies; Software for use in valuations of real estate, buildings, fixtures, personal property and other objects; Software for identifying, documenting, inventorying, and monitoring personal, commercial, and industrial property and any damage thereto and status, condition, value and location thereof; Software, namely, graphic based construction estimation software, which estimates the cost of building or repairing structures and other objects; Software, namely, cost estimation, project management and analytic reporting software; Software for identifying, estimating and valuing insuring, remodeling, replacement and construction costs; Downloadable reports, data files and software for underwriting and risk analysis, all in the field of information and analytics regarding weather, climate, environment, hazards and other events and conditions; Downloadable electronic maps featuring information and analytics regarding weather, climate, environment, hazards and other conditions; Downloadable software for creating and viewing reports and

maps; Downloadable white papers, research papers, instruction books, and tutorials, all in the field of photography, videography, technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, catastrophes, climate, environment and weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture, and consulting and services related thereto; Software for the operation of unmanned aerial systems; Downloadable reports with information from computers or sensors relating to the status and conditions in residential and commercial buildings and in vehicles; Software for risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, and financial and investment analysis; Software for accessing information on risk for specific geographic regions, catastrophic events, weather, climate, and environmental events, world events, and other potential loss events; Software for accessing information on risk relating to human rights, political stability, security, corruption, safety, conflicts, terrorism, food security, water security, energy security, climate change and poverty; Software for providing insurance data; Software for use in insurance, insurance services, insurance underwriting, and insurance rating information, and for computing, estimating, and analyzing insurance risk information; Risk modeling software for analyzing business and financial risk; Software for climate, environment and disaster risk management; Downloadable electronic publications in the nature of reports, briefs and data files featuring information regarding risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, financial and investment analysis, and insurance hazard assessment; Downloadable electronic publications in the nature of reports, briefs and data files for use by insurance companies in the fields of corporate social responsibility, compliance, risk management and strategy, and audits; Downloadable electronic publications in the nature of reports, briefs and data files featuring information regarding risk for specific geographic regions, catastrophic events, weather, climate, and environmental events, world events, and other potential loss events; Downloadable electronic publications in the nature of reports, briefs and data files featuring information on risk relating to human rights, political stability, security, corruption, safety, conflicts, terrorism, food security, water security, energy security, climate change and poverty; Downloadable electronic publications in the nature of reports, briefs and data files featuring insurance data, insurance risk information, information about insurance services, insurance underwriting, insurance rating, and insurance risk, business risk and financial risk; Downloadable electronic publications in the nature of reports, briefs and data files featuring information on climate, environment and disaster risk management; Computer software for use in analysis, risk management, and marketing in the financial services field and warehousing of financial services data; Simulation software for the modeling of natural and man-made events, catastrophe modeling software, weather modeling software, climate and environment modeling software, risk management software, loss modeling software, software to model rebuild and replacement costs for damaged structures; Computer software and computer programs for data analysis and modelling relating to strategic business planning, financial planning, business process planning and improvement, business management, and commercial intelligence in the energy, chemicals, metals, mining and commodities industries; Downloadable electronic publications and electronic

publications recorded on computer media in the nature of articles, reports, presentations, brochures and newsletters in the field of strategic business planning, financial planning, business process planning and improvement, business management, and commercial intelligence in the energy, chemicals, metals, mining and commodities industries; Computer software for use with product regulatory compliance, namely, for use in data collection, database management, analytics, regulatory reporting, and providing information to customers on compliance with customer, industry and/or regulatory obligations; Downloadable electronic reports with information on and analysis of wildfires and risk associated with wildfires, and ratings information relating to wildfires used to evaluate risk; Downloadable electronic data files and databases with information on and analysis of wildfires and risk associated with wildfires, and ratings information relating to wildfires used to evaluate risk; downloadable electronic maps featuring information and analytics relating to wildfires and risk associated with wildfires; Downloadable electronic reports with information on and analysis of fire protection efforts; downloadable electronic reports with ratings information relating to fire protection efforts used to evaluate risk; Downloadable data files in the fields of merchant risk assessment and merchant compliance with customer, industry and/or regulatory obligations; Software for detection of fraudulent activity; software for detection of fraudulent activity in the field of insurance; software for identifying damage to vehicles; Downloadable electronic reports with bankruptcy information; Downloadable electronic reports regarding theft of assets; Software for use in retail, insurance, risk management, risk assessment, and risk analysis, all relating to loss prevention, metrics tracking, retail transaction analytics and profit enhancement; software for insurance claims management, retail incident and case management and reviewing, analyzing, and tracking of insurance claims and retail data; software for incident reporting; software for identifying theft and fraud; Software for insurance and retail fraud investigations; Software for providing estimates of loss to assist in settlement of retail fraud incidents, and insurance claims; Software for data collection, analytics, and providing alerts pertaining to retailer transaction and other retailer data, crimes, accidents, other safety events in the workplace and brand protection issues; Software to assist retailers, property owners and law enforcement to investigate and recover stolen or damaged property, to share and analyze information regarding crimes, and for reporting of criminal activity; Software for monitoring employee compliance; Software for screening employees and candidates for employment for criminal records and verification of education, credentials, and employment history; software for use in risk mitigation arising from weather, climate and environmental events and for using forecasting information to make decisions regarding merchandising; software for analyzing data and creating reports relating to risk, metrics tracking, retail transaction analytics, profit enhancement and loss prevention; GPS tracking devices; Software for providing information and analytics about insurance, reinsurance, and insurance claims; software used to analyze and manage risk, to compile insurance claim information, to analyze and manage insurance information and insurance claim information, to track and manage financial information relating to insurance, to identify and detect fraud and abuse and to provide downloadable reports related thereto; Software for insurance claims management; Software for insurance underwriting downloadable electronic reports and downloadable electronic data files with information and analytics relating to insurance data, insurance claims, and

insurance fraud and abuse; Downloadable reports and data files featuring information and analytics regarding weather and natural hazards; Downloadable electronic maps featuring information and analytics regarding weather and natural hazards; Downloadable software for creating and viewing reports and maps about weather and natural hazards that have occurred at geographic locations; Computer software for accessing downloadable databases for analyzing risk relating to weather and other perils; Software for accessing information on estimates of insured loss and actual insured loss resulting from catastrophic events, for accessing information on weather events and other catastrophic events, for insurance claims management, for risk management and analysis, for financial risk assessment, for financial and investment analysis, for providing insurance claims data, for facilitating interaction and engagement between insurers and claims adjusters, and for providing feedback about insurance claims; Downloadable databases and electronic publications in the nature of articles and reports with information on estimates of insured loss and actual insured loss resulting from catastrophic events; Downloadable databases and electronic publications in the nature of articles and reports with information about weather events and other catastrophes; Downloadable databases and electronic publications in the nature of articles and reports with information in the insurance industry; Electronic publications recorded on computer media, namely, newsletters providing information regarding estimates of insured loss and actual insured loss resulting from catastrophic events, newsletters that provide information about weather events and other catastrophes, and newsletters with information in the insurance industry; Software for retail businesses for identifying employee and customer theft and fraud; Software for retail businesses for managing transaction data; Software for loss prevention in retail businesses; Software for creating reports in the field of loss prevention in retail businesses; Downloadable electronic reports with research and analytics in the field of energy; Databases recorded on computer media with information in the field of business strategic and operational risk management and analysis, business strategic and operational risk analytics, business strategic and operational risk calculation, business strategic and operational risk mitigation, business strategic and operational risk forecasting; Databases recorded on computer media about energy and energy analytics; Database recorded on computer media that contains investigation results regarding the loss, damage or theft of insured property for use by insurance companies; Databases recorded on computer media for using predictive modeling to allow insurance carriers and insurance underwriters to rate and underwrite insurance policies; downloadable imagery in the nature of videos and photographs in the field of agriculture and emergency response services.

Class 35:

Business administration services in relation to subscriptions to a computer service for the insurance industry for providing information relating to changes in insurance coverages and policies and for completing insurance applications with applicant information from existing databases; Providing business risk assessment information to insurance carriers; Providing information in the field of property and casualty insurance claims auditing; Providing business referral services for building improvement, remodeling, and repair service providers; Providing building and construction cost assessments and cost-estimating services; Providing health care utilization and review information services regarding health care cost management for cost recovery opportunities and processing of

health care information particularly to identify missed or incorrect coding, and quality problems and initiatives; Providing healthcare cost review regarding cost reduction services to insurance organizations and other payors of healthcare claims; Prepayment cost reduction services, namely, clinical cost analysis of suspect claims provided to insurance companies and other payors of health care claims; Providing an online cost-modeling database featuring replacement cost estimates for building structures used in the insurance field for contracting work; Analyzing computer data, and preparing reports of information generated during the operation of vehicles, instruments and machinery for business purposes; Providing estimates of the costs of building repair, restoration, and reconstruction, namely, estimating contracting work; Providing pricing information for use in estimating and valuing the costs of construction, remodeling, repair or replacement of residential, commercial, industrial and agricultural structures and the fixtures and contents thereof; Compilation and analysis of business data in the fields of energy and natural resources, agriculture, mining, transportation, supply chain logistics, engineering, weather, environment and climate, cartography, insurance, banking, finance, construction, real estate, law enforcement, emergency services, government, real estate, and geopolitics; Auditing of insurance claims estimations, namely, insurance claims auditing services; Providing business information in the fields of imagery and geospatial data; Providing in-person promotional forums in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, catastrophes, climate, environment and weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Business consulting services in the field of energy, namely, consulting about business risk management and business analysis, energy price comparisons, business management of energy usage and energy efficiency; Providing business information in the fields of energy and energy efficiency, agriculture, natural resources, and geopolitical issues; Business research and data analysis services in the field of drone services; Providing an interactive website featuring business information and business analysis relating to assessment of energy efficiency and business risk management; Providing business information and business analysis in the fields of energy, namely, about business risk management and business analysis, energy price comparisons, business management of energy usage and energy efficiency, supply chain logistics business management services for purposes of reduction of theft and risk of theft; Providing information and analysis relating to assessment of energy efficiency and business risk management; Trade information in the field of insurance; Compilation and analysis of business information to assist in risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, financial and investment analysis; Providing business risk assessment information to insurance carriers; Preparing electronic reports for business or commercial purposes in the fields of insurance, insurance services, insurance management and analysis, risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, and financial and investment analysis; Providing online databases with information in the field of business strategic and operational risk management and analysis, business strategic and operational risk analytics, business strategic and operational risk calculation, business strategic and

operational risk mitigation, business strategic and operational risk forecasting; Business strategic and operational risk management services; Preparing electronic reports for business strategic and operational purposes in the fields of insurance, insurance services, insurance management and analysis, risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, and financial and investment analysis; Marketing consultancy and business risk management provided to financial services institutions; Data integration, namely, business data processing services provided to financial services institutions; Business data analysis for measuring the effectiveness of advertisements and targeting consumers; Benchmarking for the financial services industry, namely, providing commercial information and market research information in the field of credit card, debit card, deposit, and other financial transactions; Business assistance, namely, business management assistance; Business analysis, namely, business management analysis; Business strategy planning services; Business management; Business administration; Business appraisals; Business information; Business investigations; Business management and organization consultancy; Business research; Provision of commercial information; Compilation of information into computer databases; Compilation of statistics; Economic forecasting; Provision of business information; Marketing research and marketing studies; Publication of publicity texts and publicity agents; Systemization of information into computer databases; Provision of commercial intelligence, namely, providing business and market intelligence services and business planning, all the aforesaid services relating to the energy, chemicals, metals, mining and commodities industries; Advisory and consulting services in the field of methodologies for cost accounting projects, business process improvement and business management relating to resource planning for the mining and resource industry in the nature of mine planning, equipment scheduling, maintenance scheduling, financial modelling, production scheduling, materials management, quality management, human resources management, project management relating to mine planning, equipment scheduling, maintenance scheduling, financial modelling, production scheduling, materials management, and quality management; Project management for business purposes in the field of mine planning, equipment scheduling, maintenance scheduling, financial modelling, production scheduling, materials management, and quality management; Providing commercial information in relation to resource planning for the mining and resource industries; Providing commercial information in the fields of energy, oil and gas, and coal and metals mining extraction; Computer services, namely, computerized database management relating to the handling, storage and regulation of hazardous waste materials; Business consulting and advisory services relating to product regulatory compliance, namely, services relating to compliance with customer, industry and/or regulatory obligations; Data management services relating to compliance with customer, industry and regulatory obligations for use in data collection, namely, systemization of data in computer databases and database management in the field of product regulatory compliance; Business risk management consultation services in the nature of assisting banks in quantifying the level of risk posed by merchants through analysis of merchant websites; Providing information and online databases in the fields of merchant business risk assessment; Providing data in the field of consumer behavior, namely, marketing information about consumer behavior; Provision of business information by means of maintaining a registry in the field of heavy machinery with

information on ownership and theft of assets; Provision of business information by means of maintaining a database in the nature of a registry that provides data on the ownership of construction equipment for use by the insurance industry and law enforcement; Provision of business information by means of maintaining a registry of investigators of stolen equipment; Compiling and analyzing data, namely, business data for use in the insurance and financial industries; Compilation and analysis of business and commercial information, namely, data compiling and analyzing in the field of insurance, relating to wildfires and analysis of risk associated with wildfires; Compilation and analysis of ratings information, namely, business risk assessment in the field of wildfires, used to evaluate risk; Providing risk analysis ratings information, namely, business risk assessment, to the insurance industry relating to wildfires used to evaluate risk; Business consulting in the fields of weather, climate and environmental risk; Consulting and advisory services in the field of business risk analysis associated with energy service interruption; Providing information in the field of business risk analysis associated with energy services interruption via the internet; Compilation and analysis of business and commercial data to assist in insurance claims management and analysis, and business risk management and analysis; Providing business information, namely business information on weather events, other catastrophes, and business information related to estimates of insured loss and actual insured loss resulting from catastrophic events, to assist in insurance claims management and analysis, risk management and analysis, business risk assessment, and financial and investment analysis; Providing on-line databases featuring business information, namely, business information related to weather-related events, other catastrophic events, and business information related to estimates of insured loss and actual insured loss resulting from catastrophic events; Providing online databases and business information about energy and energy analytics, namely, in the field of business risk management and energy price comparison analysis, business management of energy usage and energy efficiency; Providing business consulting and advisory services in the field of energy, namely, business risk management and energy price comparisons analysis, business management of energy usage and energy efficiency; Providing information in the field of insurance claims, namely, insurance claims auditing; Providing databases and information in the field of insurance claims auditing; Providing online databases and business information and consulting and advisory services about energy, namely, energy price comparisons, business management of energy usage and energy efficiency; Providing online databases and information in the field of insurance, namely, insurance claims auditing; Insurance analysis services, namely, insurance claims auditing; Business consulting in the fields of energy efficiency, natural resources management and geopolitics; Providing online websites in the field of insurance claims auditing, business risk management and analysis, business risk analytics, business risk calculation, business risk mitigation, and business risk forecasting; Providing on-line information in the field of property and casualty insurance loss, namely, claims auditing; Providing on-line information for health care businesses, health care providers and others in the health care market, namely, health care cost management and fraud prevention for analyzing and creating reports on, health care costs and cost-control, for targeting specific business problems in the health care field; Providing on-line information in the field of insurance premium audits, for outsourcing insurance premium audits and for linking users of insurance

premium audit services to high-quality vendors; Providing on-line information in the field of estimating contracting work to receive, track, document and manage repair estimates and property replacement costs; Providing on-line information in the field of screening candidates for verification of education, credentials, and employment history for business purposes; Providing on-line information in the field of estimating contracting work for cost estimating in the building, construction, repair, restoration, maintenance and remodeling industries; Providing on-line information in the field of business risk assessment, business management analysis and business management; Providing on-line information in the field of insurance claims auditing; Providing an interactive website featuring information, and analysis relating to natural resources, namely, natural resources business risk assessment and natural resources management; Providing information in the field of natural resources business risk assessment and natural resources business management; Business consulting in the field of energy, namely, business risk management consulting, energy price comparison consulting, and business management of energy usage and efficiency consulting; Providing business and commercial information in the field of energy and supply chain logistics, namely, information about supply chain management for energy products; Consulting about managing business risk relating to catastrophes; Providing in person promotional forums in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, catastrophes, climate, environment and weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Obtaining and providing business and commercial information from computers or sensors relating to the status and conditions in vehicles, namely, information about vehicle driving history and performance; Data validation services provided to insurance companies, law enforcement agencies and equipment owners, namely, providing customized computer search and retrieval based on specific customer requests in the field of data to verify the accuracy and status of the Product Identification Number for equipment electronically or via the telephone; Business investigations for fraud prevention.

Class 36:

Providing information about property and casualty insurance and underwriting risks, risk assessment and evaluation, and risk management, for use by insurance companies in handling insurance claims and insurance investigations, about pending and historical insurance claims, and the adequacy of insurance coverage; Providing insurance information relating to changes in automobile insurance policies; Insurance rating services and information relative thereto, namely, benchmarking expected loss for financial risk assessment purposes, and computing and providing information about computation of insurance premium information; Providing insurance appraisals and evaluations, namely, appraisals of personal and real property insurance claims, and repair cost appraisal; Providing real-time insurance claims processing reports to insurance carriers and restoration contractors via a secure online website; Providing insurance claims processing featuring automated claims administration management, tracking, and monitoring of all stages of insurance claims handling; Insurance consulting in the nature of evaluating issued insurance policy information in conjunction with third party data libraries and proprietary databases and assessing rating factor errors in premium auditing to enhance actuarial

analysis, and determining for others the accuracy and validity of insurance policyholders data used for the calculation of insurance policy premiums; Performing insurance premium underwriting services for others for all types of insurance; Providing reports for mortgage originators and lenders containing information in making decisions about loans; Providing insurance information regarding the data of insurance policy transactions to comply with requirements to notify lien holders, secured parties, or mortgagees of changes in insurance coverage or policies; Providing information in the field of insurance claims, namely, assessment of insurance claims, appraisals of insurance claims, and adjustment of insurance claims; Providing information on property damage and terrain, namely, financial appraisal of damages and information about insurance and financial risks relating to damage to property and terrain, to assist in insurance claims administration and analysis, insurance and financial risk management and analysis, financial risk assessment, financial and investment analysis, and real estate valuation, and real estate risk management and analysis; Providing an interactive website featuring information and analysis namely, information in the fields of insurance, banking, and real estate; Providing an interactive website featuring information and analysis namely, information in the fields of insurance and financial risk assessment, insurance and financial risk detection, insurance and financial risk analysis, and financial risk management; Obtaining and providing information on facilities and structures in the field of energy, namely, financial appraisal information, to assist in investment analysis, real estate valuation, and real estate investment and analysis; Providing databases and information in the field of insurance, insurance services, insurance analytics, insurance claims, insurance management and analysis, namely, claims assessment, claims adjustment, actuarial information, insurance underwriting information, insurance claim appraisal history and asset valuation appraisal history, insurance coverage verification, financial risk management and analysis, financial risk analytics, financial risk calculation, financial risk mitigation, financial risk forecasting, financial risk assessment, financial and investment analysis; Providing databases and information in the field of claims assessment, claims adjustment, actuarial information, insurance claim appraisal history and asset valuation appraisal history insurance coverage verification, and real estate and real property appraisals, all to assist with insurance underwriting; Insurance underwriting information services; Insurance analysis services, namely, assessing insurance claims, and analyzing insurance information for purposes of financial risk assessment; Providing insurance information via online databases using predictive modeling to allow insurance carriers and insurance underwriters to rate and underwrite insurance policies; Providing information and analytics on financial risk relating to specific geographic regions, weather, climate and environmental events, other catastrophes, world events, and other loss events; Providing insurance and financial risk analysis information and information for investors, manufacturers, insurance carriers, commodities traders, investors, and those in the supply chain, in the field of climate, environment, world events, and disaster risk management; Providing financial risk and investment data regarding climate, environment, world events, and disasters for use in the insurance and financial fields; Consulting and information in the field of insurance; Providing information and analytics regarding property locations and characteristics, namely, insurance risks derived from property locations for purposes of insurance and financial risk assessment; Providing insurance ratings information,

namely, insurance data analyzing insurance loss history and financial information used to evaluate insurance and financial risk; Consulting and advisory services in the fields of financial risk assessment, financial and investment analysis; Financial consultancy and financial risk management; Providing insurance information via an online database that contains a glossary of technical terms in the field of insurance, covering loss, damage or theft of heavy construction equipment and that is offered via a global communications network for use by insurance companies; Banking consultation; Bankruptcy management, namely, debt management services and debt collection consulting and advisory services; Providing and analyzing financial data, bankruptcy data, and data about debtors; Financial portfolio valuation and analysis services; Analysis of credit and financial risk; Financial counseling services; Insurance claims administration; Insurance brokerage services; services to insurance companies, intermediaries and sellers in the nature of assessment and management of medical insurance underwriting risk; Services to insurance companies, intermediaries and sellers in the nature of claims adjustments on insurance products; Creation and administration of trusts providing healthcare benefits; Providing financial information and databases in the fields of merchant risk assessment and merchant compliance with customer, industry and/or regulatory obligations, all used to evaluate insurance and financial risk; Providing information about vehicle insurance and underwriting risks, risk assessment and evaluation, and risk management; Providing information about vehicles, namely, information about damage and repair appraisal and repair cost, for insurance and financial purposes; Providing vehicle history reports, namely, providing reports about damage and repair appraisal insurance risk evaluation purposes; Providing information on and analysis of fire protection efforts, namely, insurance and financial risk associated with fire ratings of local communities, to assist in underwriting of insurance and financial services products; Providing ratings information relating to fire protection efforts, namely, insurance risk assessment information used to evaluate insurance and financial risk; Providing information on and analysis of wildfires and risk associated with wildfires namely, insurance risk information, and ratings information relating to wildfires namely, insurance risk assessment information, used to evaluate risk, all of the foregoing used to evaluate insurance and financial risk; Consulting and advisory services in the field of insurance; Providing information in the field of insurance claims risk management, namely, information on weather and natural hazards; Insurance risk assessment relating to the effects of weather and natural hazards; Providing insurance and financial risk analysis information relating to energy service interruption; providing information in the field of financial risk analysis associated with energy service interruption via the internet; Providing information in the field of insurance, namely, risk analysis information on weather and other perils; Providing on-line computer databases featuring financial risk analysis information about perils in the nature of financial loss events; Providing information over a global computer network in the field of financial risk analysis information about weather and other perils; Providing insurance underwriting and insurance rating data, namely, insurance and financial risk rating data for insurance use, via an online database available on the internet; Compilation and analysis of data for financial purposes to assist in financial risk assessment, and financial and investment analysis; Providing insurance and financial risk information, namely, information related to weather events and other catastrophes in the nature of information about

the effects and potential effects of such events on premiums, and estimates of insured loss and actual insured loss resulting from catastrophic events, to assist in insurance claims management and analysis, financial risk management and analysis, financial risk assessment, and financial and investment analysis; Providing on-line databases featuring insurance and financial risk information, namely, information related to weather-related events and other catastrophes in the nature of information about the effects and potential effects of such events on premiums, and estimates of insured loss and actual insured loss resulting from catastrophic events, all for assessing insurance and financial risk; Providing insurance to value portfolio analysis; Providing estimates of the costs of building repair, namely, repair cost evaluation; Compilation and analysis of financial data in the fields of energy and natural resources, agriculture, mining, transportation, supply chain logistics, engineering, weather, environment and climate, cartography, insurance, banking, finance, construction, real estate, law enforcement, emergency services, government, real estate, and geopolitics, all for financial analysis; Compiling and analyzing data for financial analysis purposes; Compilation and analysis of ratings information, namely, insurance risk assessment in the field of wildfires, used to evaluate risk; Providing risk analysis ratings information, namely, insurance risk assessment, to the insurance industry relating to wildfires used to evaluate risk; Providing online databases and information about energy, namely, insurance risk management and analysis, insurance risk analysis, and energy investment opportunity evaluations; Providing consulting and advisory services in the field of energy, namely, insurance risk management and analysis, insurance risk analysis, and energy investment opportunity evaluations; Obtaining information, and providing information and analysis, namely, insurance claims assessment information and analysis and repair cost evaluation information and analysis for building structures, roofs, other features of building structures, structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, to assist in insurance claims management and analysis; Providing electronic notifications with information on bankruptcy matters, namely, provision of financial notifications in the field of bankruptcy via email alerts; Consulting and services related thereto in the nature of consultation in the fields of insurance and real estate; Providing online websites in the field of insurance, namely, insurance and financial risk management and analysis, insurance and financial risk analytics, insurance and financial risk calculation, insurance and financial risk mitigation, insurance and financial risk forecasting, insurance and financial risk assessment and insurance and financial and investment analysis; Providing on-line information in the field of property and casualty insurance loss, namely, claims auditing; Providing on-line information in the field of real estate appraisal and valuation for use as an automated valuation model for real estate property assessment and creation of real property valuation reports for others; Providing on-line information in the field of claims administration for managing workers compensation claims; Providing on-line information, namely, providing online financial calculators for use in executing residential insurance and valuation calculations; Providing on-line information in the field of personal and real estate appraisals and repair cost evaluation to receive, track, document and manage insurance claims, property valuations, repair estimates and property replacement costs; Providing on-line information in the fields of insurance, insurance claims processing and administration used in insurance claims handling and

that allows for collaboration among insurance underwriters, insurance claims personnel and insurance policyholders; Providing on-line information in the field of repair cost evaluation for cost estimating in the building, construction, repair, restoration, maintenance and remodeling industries; Providing on-line information in the field of insurance and financial risk assessment, insurance and financial risk analysis and insurance and financial risk management; Providing on-line information in the field of insurance claims assessment; Providing information about insurance and prospective insureds and reports relating to insurance, namely, information about insurance claims assessment, claims adjustment, actuarial information, insurance underwriting information, insurance claims history information, asset valuation and history, and insurance coverage verification; Providing estimates of the costs of building repair, restoration, and reconstruction, namely, providing replacement cost valuation; Consulting services in the field of energy, namely, consulting about energy investment opportunity evaluations; Providing online databases, information and analysis in the field of energy, namely, insurance risk analysis and energy investment opportunity evaluations, all the aforesaid services relating to the energy, chemicals, metals, mining and commodities industries; Providing information and online databases in the field of insurance, namely, insurance risk assessment and insurance claims appraisals for real property; Insurance rating services and information relative thereto, namely, benchmarking expected loss for risk assessment purposes; Providing vehicle history reports, namely, providing reports about vehicle repairs, damage, accidents and ownership for insurance risk evaluation purposes; Providing on-line information in the field of replacement cost valuation for cost estimating and other assessments in the building, construction, repair, restoration, maintenance and remodeling industries; Providing an interactive website featuring information about natural resources investment opportunities; Providing information in the field of natural resources investment opportunities; Providing information about insurance and potential insured, namely, assessment of insurance claims; Consulting about managing insurance risk relating to catastrophes; Preparation of reports with information in the field of property risk associated with wildfires; Compilation and analysis of insurance data in the fields of energy and natural resources, agriculture, mining, transportation, supply chain logistics, engineering, weather, environment and climate, cartography, insurance, banking, finance, construction, real estate, law enforcement, emergency services, government, real estate, and geopolitics, all for insurance analysis; Compiling and analyzing data for insurance analysis purposes; Providing information about insurance and potential insured, namely, providing statistical evaluation of insurance claims performance measures for others.

Class 37:

Providing online computer databases and information, featuring information on construction of buildings, and restoration and repair of buildings and automobiles; Providing information and analysis in the field of building construction, building inspection in the course of construction, and hazardous waste clean up relating to building structures, roofs, other features of building structures, structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, for use in building inspections, risk assessment, hazard assessment, and reconstruction assessment; Providing an interactive website featuring information and analysis relating to construction, namely, information about building construction, building damage repair,

and building repair; Providing information and analysis in the field of construction of building structures, roofs, other features of building structures, and in the field of repair and maintenance of manned and unmanned aerial vehicles and related technology in the nature of computer vision hardware and mobile remote sensing hardware; Mining extraction; Construction of mines, energy plants, metal mine drilling and working platforms; Repair of mines, energy plants, metal mine drilling and working platforms, mine borers, and mine probes, namely, elongated rods used to manually probe for covered mines, electronic equipment for mine detection; Installation of metal mine drilling and working platforms, mine borers, and mine probes, namely, elongated rods used to manually probe for covered mines, electronic equipment for mine detection; Information, advisory and consultancy services in relation to all the aforesaid services; Obtaining and providing information on facilities and structures in the field of energy, to assist in business risk management and analysis, namely, providing information about construction layouts; Providing information and analysis in the field of mining, namely, about mining extraction and construction of mines; Providing an interactive website featuring information and analysis, namely, information in the field of construction of electrical utilities infrastructure; Providing an interactive website featuring information and analysis in the field of infrastructure construction; Providing information and analysis namely, information in the field of construction of electrical utilities infrastructure; Consulting in the fields of building in the nature of building construction and repair of damages to buildings caused by catastrophes; Providing online information in the field of building construction information, for detecting, identifying, measuring and analyzing roofs, building structures, property, terrain, and other objects and conditions; Providing online information in the field of rebuilding and repair of building structures, roofs, and other features of property, for creating drawings, floorplans, and schematics of property; Providing on-line information in the field of building inspection in the course of construction for use in inspection, evaluation and assessment of buildings; Providing information, online databases, and analysis in the field of energy extraction, namely, extraction of oil, gas, and coal.

Class 38:

Automatic electronic transmission of notifications of changes in automobile liability insurance policies to state motor vehicle departments; Electronic transmission for others of information on data from aerial, terrestrial, and satellite imagery and other remote sensing technologies, photographic data, geospatial data, locational data, insurance claims, valuations of real estate, buildings, fixtures, and personal property, and building construction cost estimating and valuation via the Internet; Providing online forums for transmission of messages among computer users concerning technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, catastrophes, climate, environment and weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture, and consulting and services related thereto in the nature of consulting services in the field of communications and consulting services to facilitate on-line forums; Providing online forums for users to exchange information and research, provide and receive feedback, and engage in peer review, regarding research in the fields of technology, use of imagery, geospatial intelligence and

analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, climate, environment, catastrophes, weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Providing online forums for on-line collaboration in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and other remote sensing technologies, insurance, real estate, building and construction, climate, environment, catastrophes, weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Providing multi-user access to a global computer information network for the transfer and dissemination of information relating to the energy, oil and gas, and coal and metals mining industries; Information, advisory and consultancy services in relation to all the aforesaid services; Providing access to databases of information in the field of product regulatory compliance via a global computer network; Providing telecommunications transmission of electronic notifications with information on bankruptcy matters; Providing access over a global computer network to databases and information for use in insurance, risk management, risk assessment, and risk analysis, all relating to loss prevention; Providing online electronic bulletin boards for transmission of messages among computer users concerning insurance, risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment and financial and investment analysis; Providing access to a database with information and analysis concerning the natural hazards that have occurred at property addresses or locations identified by latitude and longitude; Electronic transmittal of information and analysis concerning the natural hazards that have occurred at property addresses or locations identified by latitude and longitude; Providing notifications for retail businesses about information and investigations regarding potential employee and customer fraud and theft, via electronic message alerts, namely, telecommunications transmission of email notification alerts.

Class 39:

Rental of unmanned aerial vehicles; Providing an interactive website featuring information in the field of transportation; Providing information in the field of transportation; Arrangement and provision of national and international medical transport services for patients by air, road or sea; Air ambulance transport services; Arrangement and provision of national and international medical transport services to transport patients back to their country of origin or citizenship by air, road, or sea; Providing information and analysis in the fields of energy and supply chain logistics, namely, about storage, transportation and delivery of goods by air, ship and rail; Computer services, namely, information storage in the nature of physical storage of data and documents recorded in electronic format relating to the handling, storage and regulation of hazardous waste materials; Providing online databases and information about energy, namely, energy distribution and energy distribution disruptions; Providing consulting and advisory services in the field of energy, namely, energy distribution and energy distribution disruptions; Consulting in the fields of piloting manned and unmanned aerial vehicles, and energy in the nature of energy distribution and distribution disruptions; Consulting in the field of energy in the field of technology for distribution of energy; Providing online databases, information and consulting in the field of pipeline transmission, supply of electricity via grids, energy distribution

and disruption of distribution.

Class 40:

Providing information and analysis, and online databases and information in the field of energy generation; Consulting in the field of energy in the field of technology for generation of solar energy; Providing online databases, information and consulting in the field of production of wind and solar energy; Providing information and analysis relating to emergency services, namely, information about hazardous waste treatment services used to analyze risk; Consulting in the field of energy generation.

Class 41:

Educational services, namely, conducting seminars, lectures, workshops and web seminars, for the insurance, insurance premium audit, law enforcement, real estate and mortgage, and fraud detection fields, and providing training manuals in connection therewith; Providing online publications, namely, newsletters in the field of property and casualty insurance claims; Providing on-line non-downloadable electronic information circulars containing actuarial data and analysis for use in insurance rate-making and other actuarial processes; Educational services, namely, providing internships, externships, and apprenticeships in the fields of computer programming, computer software development, computer software development in the field of mobile applications and interfaces, computer system design, computer science, computer software application development, web development, and web design; Providing online non-downloadable electronic publications in the nature of reports with information and analysis relating to data from aerial, terrestrial, and satellite imagery and other remote sensing technologies, photographic data, and geospatial data; Educational services, namely, providing in-person and on-line training courses, seminars and workshops and providing round table and panel discussions, in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology, insurance, real estate, building and construction, climate, environment, catastrophes, weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture, and consulting in the fields of photography and videography; Aerial photography and videography services; Training in the use and operation of unmanned aerial vehicles and consultation relating thereto; Providing technology information relating to imagery, namely, information about digital imaging and photographic computer imaging; Providing online non-downloadable white papers, research papers, instruction books, and tutorials, all in the fields of photography, videography, technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology, insurance, real estate, building and construction, catastrophes, climate, environment, weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Obtaining information and providing information and analysis, namely, photography and videography in the field of images of building structures, roofs, other features of building structures, property, terrain, and structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, using aerial, terrestrial, satellite and geospatial imagery technologies; Obtaining information and providing information and analysis, namely, aerial photography and videography in the field of imagery of building structures, roofs, other features of building structures, property, terrain, and other objects and conditions, gathered by manned and unmanned aerial systems; Providing online publications in the nature of reports, briefs, and newsletters in the field of insurance, risk

management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment and financial and investment analysis; Education and training services, namely, arranging and conducting of conferences, congresses, seminars, symposiums and workshops in the field of strategic business planning, financial planning, business process planning and improvement, business management, commercial intelligence in the energy, chemicals, metals, mining and commodities industries; Publication of books and online publication of articles, reports, books, journals, presentations, brochures and newsletters in the field of strategic business planning, financial planning, business process planning and improvement, business management, and commercial intelligence in the energy, chemicals, metals, mining and commodities industries; Developing educational programs for use by law enforcement agencies to deter theft and find stolen property; Educational services namely, providing on-line classes, seminars and workshops in the fields of career counseling and training, communication of corporate directives, compliance requirements and procedure and best practices to a distributed workforce; Providing online non-downloadable electronic publications in the nature of maps featuring information and analytics relating to wildfires and risk associated with wildfires; Providing online non-downloadable publications in the nature of electronic reports with information on and analysis of wildfires via a global computer network; Educational services, namely, conducting conferences in the fields of catastrophe insurance and catastrophe response; Providing news in the nature of current event reporting related to weather catastrophes; Providing blogs (on-line publication of journals or articles) with information on estimates of insured loss and actual insured loss resulting from catastrophic events; Providing blogs (on-line publication of data, journals or articles) with information about weather events and other catastrophes; Providing blogs (on-line publication of data, journals or articles) with information in the insurance industry; Providing in person educational forums in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, catastrophes, climate, environment and weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Aerial and terrestrial photography services, namely, obtaining and providing imagery on facilities and structures in the field of energy to assist in business risk management and analysis; Obtaining and providing imagery, namely, photography services in the field of property damage and terrain, to assist in insurance claims administration and analysis, insurance and financial risk management and analysis, financial risk assessment, financial and investment analysis, and real estate valuation, and real estate risk management and analysis; Obtaining imagery, namely, photography services in the field of building structures, roofs, other features of building structures, structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, for use in building inspections, risk assessment, hazard assessment, reconstruction assessment, and to assist in insurance claims management and analysis; Providing on-line webinars in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, climate, environment, catastrophes, weather events and issues,

surveillance, energy, natural resources, geopolitics, and agriculture; Providing computer representations of geographic locations namely, digital imaging services created from aerial, terrestrial, satellite and geospatial imagery; Providing online information in the field of photography information for use with aerial, terrestrial, satellite and geospatial imagery, and with photographic data; Providing on-line information in the field of photography information for use in providing information featuring aerial, terrestrial, satellite and geospatial imagery and photographic data; Providing on-line information in the field of photographic and video capture and digital imaging services, for capturing, storing, management, processing and transmitting photos, videos and other sensory and detection information; Providing on-line information in the field of photography and videography for capturing, storing, management, processing and transmitting photos, videos and other sensory and detection information; Providing on-line information in the field of digital photography for capturing images; Providing non-downloadable electronic publications, namely, electronic reports with information on and analysis of fire protection efforts via a global computer network; Providing an online non-downloadable publication, namely, a glossary of technical terms regarding the loss and theft of heavy construction equipment for use by insurance companies, manufacturers and law enforcement; Providing in-person educational forums in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, catastrophes, climate, environment and weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Providing an interactive website featuring imagery, namely, non-downloadable and downloadable photographs in the field of assessment of energy efficiency and business risk management and energy generation and extraction, all the aforesaid services relating to the energy, chemicals, metals, mining and commodities industries; Providing an interactive website featuring imagery in the nature of non-downloadable videos and photographs in the fields of insurance, banking, and real estate; Providing an interactive website featuring imagery in the nature of non-downloadable videos and photographs in the fields of insurance and financial risk assessment, insurance and financial risk detection, insurance and financial risk analysis, and financial risk management; Providing a website featuring on-line non-downloadable videos and photographs in the field of mining extraction, mine construction, and infrastructure construction; Providing an interactive website featuring imagery, namely, non-downloadable videos and photographs in the fields of transportation, energy, and supply chain logistics; Providing a website featuring non-downloadable imagery in the nature of videos and photographs in the field of engineering of building structures, property and terrain, and conditions in the nature of damage and need for repair or replacement, weather, environment, climate, and natural disasters; Providing a website featuring non-downloadable imagery in the nature of videos and photographs in the field of weather, environmental analysis, climate science, and forensic analysis; Providing a website featuring non-downloadable imagery in the nature of videos and photographs in the field of land evaluation surveying of terrain; Providing a website featuring non-downloadable imagery in the nature of videos and photographs in the field of agriculture and emergency response services; Providing a website featuring non-downloadable imagery in the nature of videos and photographs in the field of insurance claims investigations; Providing information relating to

merchant fraud detection, namely, providing training for loss mitigation personnel at retail merchants; arranging and conducting business conferences; arranging and conducting business conferences for persons in the business of insurance and risk management.

Class 42:

Providing on-line non-downloadable software programs for use in analyzing property and casualty insurance loss information; Providing on-line non-downloadable software programs for use as an automated valuation model for real estate property assessment and creation of real property valuation reports for others; Providing on-line non-downloadable software programs for health care businesses, health care providers and others in the health care market, for analyzing, creating financial models of, and creating reports on, health care costs and cost-control, the financing of health care costs, managed care provider groups, self-insured employers, third party administrators, and the delivery of health care services, for targeting specific business problems in the health care field, to perform information and research services regarding the Medicare market, and to validate claim submissions and detect, investigate, audit and manage fraudulent claims and over-payment of claims; Providing on-line non-downloadable software for accessing, storing, retrieving and updating driver and motor vehicle records; Providing on-line non-downloadable software for managing workers compensation claims; Providing on-line non-downloadable software for use by the insurance industry to electronically pre-fill insurance applications with applicant information from existing databases; Providing on-line non-downloadable software for use in executing residential insurance and valuation calculations; Providing on-line non-downloadable software featuring a spatial assessment tool that offers geographic maps displaying insurance risk assessment data and information, namely, risk addresses, risk assessment, exposure concentrations, and information regarding target areas for underwriting new business; Providing on-line non-downloadable software for conducting insurance premium audits, for outsourcing insurance premium audits and for linking users of insurance premium audit services to high-quality vendors; Providing on-line non-downloadable software for providing real-time claims management reports to insurance carriers and restoration contractors via a secure on-line website; Providing on-line non-downloadable software to receive, track, document and manage insurance claims, property valuations, repair estimates and property replacement costs; Providing on-line non-downloadable software used in insurance claims handling for collaboration among insurance underwriters, insurance claims personnel and insurance policyholders; Providing on-line non-downloadable software for weather-related simulations, forecasts and modeling, to insurance companies and farmers, concerning the risk of weather-related losses; Providing on-line non-downloadable software for screening candidates for employment for criminal records and verification of education, credentials, and employment history; Recovery of computer data generated during the operation of vehicles; Providing on-line databases featuring weather-related catastrophic events; Computer software maintenance, technical support, namely, troubleshooting of computer software problems; Application service provider featuring software for providing an online computer database that facilitates audits of insurance premiums; Providing climate forecast information; Electronic data storage services for others; Providing an interactive website featuring technology that allows users to view, annotate and manipulate geospatial data related to properties, structures and characteristics of the earth and objects upon the earth; Providing information and analysis,

namely, measurements of building structures, roofs, other features of building structures, property, terrain, and structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, using imagery and remote sensing technologies; Providing geographic information and measurement information through the collection, manipulation, processing, and/or formatting of images and geographic measurements of geographic locations, namely, photography taken from aerial vehicles, aerial surveying using remote sensing technologies; Providing computer representations of geographic locations namely, computer mapping and modeling services created from aerial, terrestrial, satellite and geospatial imagery and other imagery and remote sensing technologies; Providing three dimensional imagery using computer modeling, and computer modeling with measurements and images of building structures, roofs, other features of building structures, property, terrain and structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement; Remote measuring services for building structures, roofs, property, other features of building structures, terrain, and structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, using aerial, terrestrial, satellite and geospatial imagery and other imagery, other remote sensing technologies, and computer software; Obtaining information and imagery, and providing information, imagery, and analysis, namely, computer modeling and computer electronic imaging of building structures, roofs, other features of building structures, property, terrain, other objects and conditions, weather, natural hazards, climate, environment, and natural disasters, for use in building inspections, risk assessment, hazard assessment, reconstruction assessment, and to assist in insurance claims management and analysis; Providing online non-downloadable software for cost estimating and other assessments in the building, construction, repair, restoration, maintenance and remodeling industries; Providing online non-downloadable software a for detecting, identifying, measuring and analyzing roofs, building structures, property, terrain, and other objects and conditions; Providing online non-downloadable software for use with aerial, terrestrial, satellite and geospatial imagery and other imagery and remote sensing technologies, and with photographic data, geospatial data, locational data, and other information and data from remote sensing technologies; Providing online non-downloadable software for creating drawings, floorplans, and schematics of building structures, roofs, other features of building structures, property, terrain and other objects in the nature of structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement; Providing online non-downloadable software for integrating electronic data and other information with real world environments; Providing online non-downloadable software for integrating electronic data and other information with real world environments for the purpose of generating maps, representations of building structures, roofs, other features of building structures, property, terrain and other objects and conditions; Providing online non-downloadable software for use in providing information featuring aerial, terrestrial, satellite and geospatial imagery and other imagery and remote sensing technologies and photographic data, geospatial data, locational data, and other information and data generated from remote sensing technologies; Providing online non-downloadable software for photogrammetric analysis; Providing online non-downloadable software for use in detection, inspection, evaluation and assessment of buildings and

other objects in the nature of structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement; Providing online non-downloadable software for risk assessment, analysis and management and hazard assessment, analysis and management; Providing online non-downloadable software to assist in insurance claims assessment, analysis and management; Providing online non-downloadable software for capturing, storing, management, processing and transmitting photos, videos and other sensory and detection information; Providing online non-downloadable software used for capturing, storing and accessing images and geographic, locational and other data regarding the captured, stored and accessed images; Providing an interactive website featuring information and analysis, namely, engineering information in the field of building structures, roofs, other features of building structures, property, terrain, other objects in the nature of structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, weather, environment, climate, and natural disasters; Providing an interactive website featuring information and analysis, namely, provision of information in the fields of weather, environmental analysis, and climate science; Providing an interactive website featuring information, and analysis, namely, provision of information in the field of forensic analysis; Providing information, and analysis in the fields of weather, environmental analysis, climate science, and forensic analysis; Providing information and analysis, namely, measurement services featuring imagery and measurements in the field of building structures, roofs, other features of building structures, property, terrain, and other objects in the nature of structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, gathered by manned and unmanned aerial systems; Providing online non-downloadable software for use in analysis, predictive modeling, and creating reports, relating to property damages, loss information, climate, environment, weather events, catastrophes, and other events and conditions; Providing information and analysis, namely, scientific information in the fields of landscape conditions, climate science, and environmental analysis, and changes and risks associated therewith using aerial, terrestrial, satellite and other imagery and remote sensing technologies; Providing online non-downloadable software for controlling imaging and other sensory and detection apparatus and technologies; Providing an interactive website featuring technology that allows users to access, review, comment on, receive training on, and provide feedback on, software and services in the field of insurance and conduct interactive discussions in the field of insurance; Providing online non-downloadable software for use in valuations of real estate, buildings, fixtures, personal property and other objects; Providing online non-downloadable software for documenting, inventorying, and monitoring personal, commercial, and industrial property and any damage thereto and status, condition, value and location thereof; Providing online non-downloadable software for communicating with insurance policyholders and insurance industry professionals, for providing and tracking customer surveys and for estimating the costs of insurance, construction, engineering, remodeling or replacement of residential, commercial, industrial and agricultural buildings and the fixtures and contents thereof; Providing online non-downloadable software, namely, graphic based construction estimation software to estimate the cost of building or repairing structures and other objects in the nature of structural material and contents of buildings and land; Providing online non-downloadable

software, namely, non-downloadable cost estimation, project management and analytic reporting software; Providing online non-downloadable software for identifying, estimating and valuing insuring, remodeling, replacement and construction costs; Providing online non-downloadable software for analytics regarding weather, hazards and other events and conditions in the nature of climates, environment, and catastrophes; Providing a database featuring information and analysis about weather, environmental assessments, climate science and natural hazards in the nature of weather and geological event modeling and simulation; Providing online non-downloadable software for creating reports about weather, environment, climate, and natural hazards; Electronic storage services, namely, storing data for others relating to insurance claims, home warranties, valuations of real estate, buildings, fixtures, and personal property, residential insurance valuation calculations, and construction, replacement and remodeling costs estimates, and insurance policies covering real estate; Electronic storage services, namely, storing data for others in the fields of residential, commercial, industrial and agricultural real estate valuations, construction, replacement and remodeling costs estimates; Electronic storage services, namely, storing data from aerial, terrestrial, satellite and other imagery and remote sensing technologies, photographic data and geospatial data; Providing online non-downloadable software for education and training in the fields of insurance cost valuation and residential construction and remodeling; Providing online non-downloadable software for identifying, documenting, inventorying, and monitoring personal, commercial, and industrial property and any damage thereto and status, condition, value and location thereof; Providing online non-downloadable software for calculating the costs of repairs and for monitoring of claims under home warranties and building insurance policies; Providing online non-downloadable software for calculating the costs of, tracking the progress and payments of, and reporting personal property claims; Quality control services by means of development of industry standards and practices, namely, developing voluntary standards in the field of imagery and geospatial intelligence and analysis, and use of manned and unmanned aerial vehicles and related technology; Providing on-line databases and preparation of customized reports and analytical documents delivered electronically featuring scientific research and analysis, computer modeling, simulations, and forecasting, on weather, environment, climate and natural hazards; Providing on-line, non-downloadable software for creating and viewing reports and maps about weather, environment, climate and natural hazards; Providing a website featuring temporary use of non-downloadable software for creating and viewing reports and maps; Providing online non-downloadable software for the operation of unmanned aerial systems; Providing online non-downloadable software for capturing, generating, taking, viewing, storing, editing, arranging, converting, combining, sharing, downloading, enhancing, providing, accessing, annotating, transmitting, manipulating, processing, analyzing, maintaining, searching, managing, displaying, detecting, reproducing, modifying and otherwise interacting with or utilizing information, data, and aerial, terrestrial, satellite, and geospatial imagery and other imagery and outputs from sensory and detection technologies; Providing online non-downloadable software for capturing, generating, taking, viewing, storing, editing, arranging, converting, combining, sharing, downloading, enhancing, providing, accessing, annotating, transmitting, manipulating, processing, analyzing, maintaining, searching, managing, displaying, detecting, reproducing, modifying and

otherwise interacting with or utilizing information, data, and aerial, terrestrial, satellite, geospatial and other imagery and outputs from sensory and detection technologies in the fields of energy and natural resources, agriculture, mining, transportation, supply chain logistics, engineering, environment, weather and climate, surveillance, cartography, insurance, banking, construction, real estate, law enforcement, emergency services, government, and geopolitics; Providing online non-downloadable software for capturing, generating, taking, viewing, storing, editing, arranging, converting, combining, sharing, downloading, enhancing, providing, accessing, annotating, transmitting, manipulating, processing, analyzing, maintaining, searching, managing, displaying, detecting, reproducing, modifying and otherwise interacting with or utilizing information, data, aerial, terrestrial, satellite, and geospatial imagery and other imagery and outputs from sensory and detection technologies for fraud detection, assessment of energy efficiency, analysis of infrastructure, analysis of electrical utilities infrastructure, forensic analysis, geographical information systems and risk assessment, risk detection, risk analysis, and risk management; Obtaining and providing information and imagery, namely, scientific research information, computer modeling, simulations, and forecasting, on weather events, catastrophes, environment, and climate to assist in insurance claims management and analysis, risk management and analysis, financial risk assessment, financial and investment analysis, and real estate valuation, and real estate risk management and analysis; Providing online non-downloadable software for risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, and financial and investment analysis; Providing online non-downloadable software for accessing information on risk in specific geographic regions, catastrophic events, weather events, world events, and other potential loss events; Providing online non-downloadable software for accessing information on risk relating to human rights, political stability, security, corruption, safety, conflicts, terrorism, food security, water security, energy security, climate change and poverty; Providing online non-downloadable risk modeling software for analyzing business and financial risk, and software for climate, environment and disaster risk management; Providing online non-downloadable software for use in analysis, predictive modeling, and creating reports, relating to catastrophic loss information, weather events, other catastrophes, and world events; Hosting online databases featuring information and analytics on risk in particular geographic regions, weather and natural hazards, weather-related events, other catastrophic events, world events, other loss events; Hosting online databases featuring information and analytics on risk relating to human rights, political stability, security, corruption, safety, conflicts, terrorism, food security, water security, energy security, climate change and poverty; Hosting of a website featuring information and analytics in the fields of insurance, insurance services, insurance management and analysis, risk management and analysis, risk analytics, risk calculation, risk mitigation, risk forecasting, financial risk assessment, and financial and investment analysis; Providing online non-downloadable software for use in financial analysis, financial risk management, marketing in the financial field, and warehousing of financial data; Data warehousing for financial services institutions; Consultancy services in the field of simulation software for the modeling of natural and man-made events, catastrophe modeling software, weather modeling software, environment modeling software, climate modeling software, consultancy services in the

field of risk management software, loss modeling software, software to model rebuild and replacement costs for damaged structures; Scientific and technological services and research and design relating thereto, namely, computer programming and computer software consultation in the fields of methodologies for costing projects, financial planning, business process improvement, business management, mine planning, equipment scheduling, maintenance scheduling, financial modelling, production scheduling, materials management, quality management, human resources management, project management in the field of the chemical, energy, oil and gas, and coal and metals mining; Scientific and industrial research in the field of chemical, energy, oil and gas, and coal and metals mining industries; Professional technological consultancy services and preparation of technology research reports relating to energy, oil and gas, and coal and metals mining industries; Providing technological information, advisory and consultancy services in relation to the energy, oil and gas, and coal and metals mining industries; Providing technological information, advisory and consultancy services to companies in the energy, oil and gas, and coal and metals mining industries in the field of chemical, energy, oil and gas, and coal and metals mining; Scientific and technological services and research, namely, technical data analysis and modelling in the fields of energy, chemicals, metals and mining; Industrial analysis and research services in the fields of energy, chemicals, metals and mining; Analysis services for oil field exploration; Analysis services for mining exploration; Scientific research consultancy in the fields of energy, chemicals, metals and mining; Oil prospecting; Oil well testing; Research in the field of environmental protection; Providing online databases of environmental information enabling customers to analyze and determine the environmental impact of industrial sites, operations, and chemicals used therein; providing online databases of scientific information enabling customers to analyze and determine the environmental impact of industrial sites, operations, and chemicals used therein; Providing online, non-downloadable software for retail businesses for identifying employee and customer theft and fraud; Providing online, non-downloadable software for retail businesses for managing transaction data; Providing online, non-downloadable software for loss prevention in retail businesses; Providing online, non-downloadable software for creating reports in the field of loss prevention in retail businesses; Providing on-line databases featuring weather information and weather reporting; Providing on-line non-downloadable software for use in analysis, predictive modeling, and creating reports, relating to catastrophic loss information, weather events and other catastrophes; Reporting services, namely, weather reporting; Providing on-line non-downloadable software for analyzing risk relating to weather and other perils; Software as a service (SAAS) services featuring software for risk management associated with energy service interruption; Weather forecasting information services; Research in the field of weather, climate and the environment; Consulting and advisory services in the field of weather, climate, and environmental risk; Scientific research; Research in the field of space exploration; Providing on-line non-downloadable searchable computer databases featuring geographic information derived from scientific research on wildfires, and featuring scientific research information about wildfire risk factors for risk analysis purposes; Providing a website featuring information in the nature of geographic information derived from scientific research on wildfires, and featuring scientific research information about wildfire risk factors, and technology that enables users to analyze the risk associated with wildfires for insurance purposes;

Providing online non-downloadable software for analyzing risk analysis information relating to residential and commercial property; Providing an interactive website featuring technology that allows users to access and download information, analysis and reports on fire protection efforts to assist communities with evaluating fire risk; Providing online non-downloadable software in the fields of career counseling and training, communication of corporate directives, compliance requirements and procedure and best practices to a distributed workforce; Developing databases and investigative resources, namely, development of investigative databases containing information about assets and theft of assets for use by law enforcement agencies to deter theft; Providing on-line, non-downloadable software for use in insurance, risk management, risk assessment, and risk analysis, all relating to loss prevention; Providing on-line, non-downloadable software for insurance claims management and case management and reviewing, analyzing, and tracking of insurance claims data; Providing on-line, non-downloadable software for incident investigating and reporting; Providing on-line, non-downloadable software for identifying and investigating theft and fraud; Providing on-line, non-downloadable software for insurance investigations; Providing on-line, non-downloadable software for providing estimates of loss to assist in settlement of insurance claims; Providing on-line, non-downloadable software for data collection, analytics, and providing alerts, on crimes, accidents, other safety events in the workplace and brand protection issues; Providing on-line, non-downloadable software to assist property owners and law enforcement to investigate and recover stolen or damaged property, to share and analyze information regarding crimes, and for reporting of criminal activity; Providing on-line, non-downloadable software for monitoring employee compliance; Providing on-line, non-downloadable software for screening employees and candidates for employment for criminal records and verification of education, credentials, and employment history; Providing on-line, non-downloadable software for use in risk mitigation arising from weather events and for using weather forecasting information to make decisions regarding merchandising; Providing on-line, non-downloadable software for analyzing data and creating reports relating to risk and loss prevention; Electronic storage services, namely, storing data for use in insurance, risk management, risk assessment, and risk analysis, all relating to loss prevention; Providing online non-downloadable software to access information about insurance and prospective insureds and to order reports relating to insurance; Providing online non-downloadable computer software for screening employees and candidates for employment concerning criminal records, driving records, for verification of social security numbers, education and employment history, and for managing, monitoring and analyzing information about drivers; Providing online, non-downloadable software for identifying damage to vehicles; Compilation and analysis of scientific research data in the fields of energy and natural resources, agriculture, mining, transportation, engineering, weather, environment and climate; Providing information, imagery, and analysis in the field of mining, namely, about mining exploration; Computer services, namely, information storage and retrieval in the nature of electronic storage of files and documents, and public document retrieval relating to the handling, storage and regulation of hazardous waste materials; Providing temporary use of online, non-downloadable software for automated claims administration management, tracking, and monitoring of all stages of insurance claims handling; Providing information and analysis namely, information in the field of land evaluation surveying of terrain; Providing

an interactive website featuring technology through which data about vehicles that have been in accidents can be uploaded, information about vehicle insurers can be located, and insurers can be alerted about vehicles in accidents; Providing on-line computer databases featuring risk analysis information in the nature of computer modeling, simulation and forecasting about weather; Providing information and analysis, namely, land and geological surveying information and analysis, and providing home inspection information and analysis for repair, restoration and renovation, all relating to building structures, roofs, other features of building structures, structural material and contents of buildings, and land and conditions in the nature of damage and need for repair or replacement, for use in building inspections, risk assessment, hazard assessment, reconstruction assessment, and to assist in insurance claims management and analysis; Providing information and analysis in the field of repair and maintenance of computer vision mobile remote sensing software for manned and unmanned aerial vehicles; Providing a website featuring technology that enables users to engage in on-line discussions, which allow users to exchange information and research, provide and receive feedback, and engage in peer review, regarding research in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and mobile remote sensing technologies, insurance, real estate, building and construction, climate, environment, catastrophes, weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Providing a website featuring technology that enables users to engage in on-line discussions, for on-line collaboration in the fields of technology, use of imagery, geospatial intelligence and analysis, manned and unmanned aerial vehicles and related technology in the nature of computer vision technology and other remote sensing technologies, insurance, real estate, building and construction, climate, environment, catastrophes, weather events and issues, surveillance, energy, natural resources, geopolitics, and agriculture; Providing geographic information through the collection, manipulation, processing and formatting of images and geographic measurements of geographic locations, namely, cartography and mapping services featuring geophysical maps; Providing an interactive website featuring information, imagery, and analysis in the field of cartography, and geographical information systems; Providing information, imagery, and analysis in the field of cartography, and geographical information systems; Consultation in the fields of technology in the nature of remote sensing technologies, geospatial intelligence technologies for mapping, environmental assessment technologies, and information technology for analysis of climate and weather events and issues; Obtaining technical information and providing technical information and analysis via photography taken from aerial vehicles, aerial surveying of building structures, roofs, other features of building structures, property, terrain, and structural material and contents of buildings and land and conditions in the nature of damage and need for repair or replacement, using remote sensing technologies; Obtaining and providing information on agriculture, namely, agricultural research, to assist in insurance claims management and analysis, risk management and analysis, financial risk assessment, financial and investment analysis, and real estate valuation, and real estate risk management and analysis; Electronic monitoring and reporting of status and conditions, namely, vehicle driving history and performance, atmospheric and air quality measurements in buildings, security data, and connected home data, in residential and commercial

buildings and in vehicles using computers or sensors; Obtaining and providing information from computers or sensors relating to the status and conditions in residential buildings namely, atmospheric and air quality measurements in buildings and temperature measurements from connected home systems; Providing information, and analysis relating to fraud detection, namely, electronic monitoring of payment activity to detect fraud and providing an interactive website featuring information and analysis relating to fraud detection, namely, electronic monitoring of payment activity to detect fraud; Providing notifications for retail businesses, namely, electronic monitoring of payment activity to detect potential fraud and theft by retail employees, and customers; Hosting an interactive website featuring technologies that allows users to send and receive notifications about information regarding theft of assets via electronic message alerts; Providing information relating to merchant fraud detection, namely, information about electronic monitoring to detect fraud; Security threat analysis, namely, computer security threat analysis for protecting data; Providing an interactive website featuring information and analysis in the field of natural resources, namely, environmental risk assessments; Providing information on and analysis of fire protection efforts, namely, provision of mapping as it pertains to fire prevention, to assist in underwriting of insurance and financial services products; Providing information and analysis in the field of repair and maintenance of computer vision software and mobile remote sensing software for manned and unmanned aerial vehicles; Consulting in the field of catastrophes, namely, computer disaster recovery planning for response to man made perils; Providing information about pre-travel medical risk mitigation, namely, information about research in the field of health risks assessment of travel to specific locations; Providing research on chemical regulatory matters, namely, scientific research in the field of chemical regulations to enable customers to analyze and determine the environmental impact of industrial sites, operations, and chemicals used therein; Providing environmental hazard assessment rating information, namely, calculation and simulation of wildfire risk factors; Providing on-line information in the field of computer security threat risk assessment for commercial data protection; Providing information on agriculture, namely, predictive modeling information on weather to estimate agricultural crop losses, to assist in insurance claims management and analysis, risk management and analysis, financial risk assessment, financial and investment analysis, and real estate valuation, and real estate risk management and analysis; Providing an interactive website featuring information and analysis relating to agriculture, namely, predictive modeling information on weather to estimate agricultural crop losses.

Class 43:

Providing information and analysis relating to emergency accommodation services, namely, information about emergency shelter services [temporary housing] used to analyze risk.

Class 44:

Providing information on agriculture, namely, agronomic information about crop yield and pest control to assist in insurance claims management and analysis, risk management and analysis, financial risk assessment, financial and investment analysis, and real estate valuation, and real estate risk management and analysis; Providing an interactive website featuring information and analysis relating to agriculture, namely, agronomic information about crop yield and pest control; Providing information analysis relating to emergency services, namely, information

about emergency medical services used to analyze risk; Providing information about pre-travel emergency services, namely, information about risks associated with medical conditions and medical emergency treatment and response services; Providing information about pre-travel risk mitigation, namely, information about treatment of medical conditions; Providing information related to medical emergencies, namely, providing news in the field of medicine.

Class 45:

Pre-employment background verification of a person's credentials and screening services, namely, pre-employment background screening, verifying professional credentials for employment purposes, and automatic monitoring of public records regarding active employees for criminal activity; Providing a searchable online database to assist property owners and law enforcement to investigate and recover stolen or damaged property; Providing online information about fire prevention and fire ratings of local communities, namely, emergency response statistics, and information, namely, emergency response information about buildings and real property surveys and maps as it pertains to fire prevention; Investigation services in the field of health care insurance claims to detect fraud; Reviewing standards and practices of building departments of municipalities to determine and evaluate their compliance with building codes, for the benefit of the insurance industry; Data validation services provided to insurance companies, law enforcement agencies and equipment owners, namely, providing data in the nature of assigned identification numbers for theft protection verifying the accuracy and status of Product Identification Numbers for equipment electronically or via the telephone; Providing reports for hiring companies, employers, potential employers, volunteer organizations, landlords, and others containing information for background screening; Providing information on motor vehicle violations of drivers and insurance policyholders to others; Licensing of computer software and software programs; Home and vehicle security monitoring using sensors; Obtaining and providing information from computers or sensors relating to the status and conditions in residential and commercial buildings and in vehicles, namely, home and vehicle security monitoring; Providing information and an interactive website featuring information and analysis relating to insurance claims investigations, workers compensation fraud investigations; Providing research on chemical regulatory matters, namely, legal research in the field of chemical regulations to enable customers to analyze and determine the environmental impact of industrial sites, operations, and chemicals used therein; Providing chemical regulatory information, namely, legal information in the field of chemical regulations, to enable customers to analyze and determine the environmental impact of industrial sites, operations, and chemicals used therein; Advice and consultancy on environmental regulatory matters; Providing online background investigation services, research services in the field of legal research, prior employment research, criminal records research, verification of education, verification of employment, and people locator services to others, namely, research on addresses of individuals; Providing pre-employment background screening services, namely, providing online information on employment histories, verification of education, credentials, and prior employment for security purposes, criminal background checks, and automatic monitoring of active employees for criminal activity through a global information network; Providing news related to laws and regulations impacting the insurance industry; Providing information on and analysis of wildfires to assist communities with
