

香港特別行政區政府知識產權署商標註冊處
Trade Marks Registry, Intellectual Property Department
The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.info.gov.hk/pd/egazette/> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.info.gov.hk/pd/egazette/>.

instruments, all for recognizing digital and analogue codes; control apparatus for all the aforesaid goods; computer operating programs; computer system extensions, tools and utilities in the field of application software for connecting personal computers, networks, telecommunications apparatus and global computer network applications; computerized telecommunications and networking equipment consisting of operating system software, modems, cameras, headsets, microphones, cables and adaptors; computer games; racks, cabinets and holders, all adapted for the aforesaid goods; audio and video graphics for real time information and image transfer, transmission, reception, processing and digitizing; computer firmware; computers; handheld computers; minicomputers; computer installations; memory boards; processing apparatus; personal digital assistants; cellular telephones; smart phones; portable and handheld personal organizers; computer hardware; integrated circuit memories; integrated circuit chips; chip-sets; semiconductor processors; semiconductor processor chips; semiconductor chips; printed circuit boards; electronic circuit boards; computer memory devices; operating systems; computer programs; microcontrollers; data processors; central processing units; semiconductor memory devices; audio circuit boards; audio-video circuit boards; video graphic accelerators; multimedia accelerators; video processors; video processor boards; cards, discs, tapes, wires, records, microchips and electronic circuits, all for the recordal of data; modems; apparatus and instruments, all for processing, storage, retrieval, transmission, display, input, output, compressing, decompressing, modifying, broadcasting and printout of data; computer output devices; work stations; data memories; storage devices; set electronic chips; components for computers printed circuits; voice accelerators; software and hardware used for data, image and video activities commonly used in computing; data, image and video accelerators; flash memories; flash memory devices; memory systems for computers; telecommunications equipment and computer networks, namely processing and operating systems; headsets; microphones; cables and adapters; computer terminals and printers for use therewith; video display units; cameras; computer hardware and software for the transmission and receipt of facsimiles; computer hardware and software for the development, maintenance, and use of local and wide area computer networks; computer hardware and software for the development, maintenance, and use of interactive audio-video computer conference systems; computer hardware and software for the receipt, display, and use of broadcast video, audio, and digital data signals; servers; apparatus for testing and programming integrated circuits; peripheral memory apparatus; fixed function servers; computer networking hardware; semiconductor devices; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (LANs), virtual private networks (VPN), wide area networks (WANs) and global computer networks; server operating software; computer software for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information, computer software tools for the facilitation of third party software applications; computer hardware and software for wireless network communications; instructional materials relating to computers recorded magnetically, electronically or optically; video systems products; apparatus and equipment for recording, processing, storage, retrieval, receiving, reproducing, transmitting, display, input, output, modifying, compressing, decompressing, broadcasting, merging and/or enhancing sound, video images and graphics; algorithms for the compression and/or decompression of data; computer component testing and calibrating apparatus; computer programs for network management; computer programs for accessing and using the internet; telecommunications apparatus and equipment for use in video-conferencing, teleconferencing, document exchange and editing; magnetic data carriers, recording discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers; calculating machines; internet and web servers; internet and web cache-servers; web and internet-terminals; instrument for internet and web access, wireless and remote computer peripheral devices; peripheral memory systems; computer software; computer disks; computer disk drives; mouse pads; loudspeakers; amplifiers; equalizers; multimedia speaker system; signal processors; digital audio signal processors; headphones; earphones; electronic, cinematographic and checking

(supervision) apparatus and instruments; apparatus for recording, transmission or reproduction of sound or images; audio cassettes; compact discs; video cassettes; laser video discs; digital video discs; digital versatile discs; CD-ROMs; motion picture films; compact disc players; compact disc recorders; DVD players; DVD recorders; video cassette players; video cassette recorders; audio cassette players; audio cassette recorders; MP3 players; MP3 recorders; telephones; parts, fittings and testing apparatus for all the aforesaid goods; parts, fittings, and testing apparatus for all the aforesaid goods; downloadable electronic publications in the area of computers, telecommunications, entertainment, telephony, and wireless communications; and user manuals for use with, and sold as a unit with, all the aforesaid goods; manuals sold as a unit and downloadable from a global computer network; user manuals in electronically readable, computer readable or machine readable form for use with, and sold as a unit with, all the aforesaid goods.

Class 16:

Binders, bookends, bookmarkers, boxes for pens, calendars, tablets, note cards; self-adhesive pads, desk pads, and calendar pads, pens, pencils, folders, paperweights, pen and pencil holders, photograph stands, rulers, gift wrap, erasers, markers, crayons, chalk, desk sets, desk organizers, bumper stickers; computer instruction manuals; white papers; printed publications in the area of computers, telecommunications, entertainment, telephony, and wireless communications; printed matter; manuals; user guides; publications, books, periodicals, newsletters, magazines, brochures, pamphlets; writing paper; notepads; computer paper; paper tape and cards for the recordal of computer programs; paper, cardboard and goods made from these materials, not included in other classes; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); printers' type; printing blocks; cards, pads, plastic materials for packaging (not included in other classes).

Class 38:

Telecommunications via a global network of computers; multimedia communications and digital communications services, namely, broadcast, transmission, and receipt of interactive and non-interactive audio, video, and digital signals; electronic transmission and receipt of interactive and non-interactive voice, data, images, paging messages, facsimiles, and information; teleconferencing services; videoconferencing services; chat room and instant messaging services; telecommunications consulting and support services; telecommunications, audio, video and telephonic communications services; broadbandwidth telecommunication services; Internet and web digital transmission and broadcasting services; communications between computers; communication by computer, computer terminals, electronic mail systems, electronic means, telegrams, telephone, and teleprinter; communication network consultancy; communication of data by means of telecommunications; communication of information by computer, electronic means, satellite and television; communication services by cable, electronic means, satellite, telephone, telegram and telephone; communication services for the transmission of information; communication services for the transmission of information by electronic means; communication services for video conferencing purposes; communication services over computer networks; communication services provided by facsimile and electronically; rental and leasing of communication and telecommunication apparatus and instruments; communications services for accessing a database; communications services for telegrams; communications services for the exchange of data in electronic form; communications services incorporating linguistic translation and interpretation facilities; news agency services; Internet and web services provider services; provision of information, management, advisory and consultancy services for the aforesaid services.

Class 41:

Education and entertainment services, namely, arranging and conducting educational conferences and seminars in the fields of computers, telecommunications, and computer networking, and distributing course materials in connection therewith; development, publishing and dissemination of educational materials in the fields of computers, telecommunications and computer networking for others; interactive and

non-interactive computer education training services; providing information via global computer network in the fields of education and entertainment; provision of interactive and non-interactive electronic information services in the fields of education and entertainment; education, training and entertainment in the fields of computers, telecommunications and computer networking; conducting workshops and seminars about computers, telecommunications and computer networking; arranging and conducting congresses and symposiums about computers, telecommunications and computer networking; organization of competitions about computers, telecommunications and computer networking; computer education training services; providing information via global computer network in the fields of education and entertainment about computers, telecommunications and computer networking; provision of interactive and non-interactive electronic information services in the fields of education and entertainment about computers, telecommunications and computer networking; mobile library services; provision of information, advisory and consultancy services for the aforesaid services; providing on-line publications, namely, books, informational brochures, white papers, catalogs and pamphlets in the fields of computer and information technology; photography, photo-montage, photo-typesetting; photocomposing services; photographic reporting; editing of illustrated material; providing access to on-line electronic image and photograph sharing, storage archiving services and photograph digitization services for handheld device, wireless device, wireless communication device, personal digital assistance and cell phone.

Class 42:

Installation, maintenance, and updating of computer software; consulting services in the field of computer networks, computer systems, and communications-related equipment and software; providing information in the field of computer technology via the global computer network; designing and developing standards for others in the manufacture, design, and implementation of computer software, computer hardware, and telecommunications equipment; computer services; technical support and consultancy services for computer software and hardware; computer diagnostic services; computer network services; providing computer online access to data storage services and network server farms; web site hosting and hosting digital content on a computer network; computer network monitoring services, namely providing information on the operation of computer networks; computer consulting services, namely providing consultancy services in the fields of web software customization, user interface design, web site content management and integration, web site development and maintenance; computer Internet application services provider services; digital identification, certification services and expert certification; updating of computer software; computer systems analysis; recovery of computer data; computer programming; disaster recovery services of computer data from computer systems; installation and maintenance of computer programmes and computer records; design services relating to computers, computer hardware, computer firmware, computer programs, computer software, computer systems, computer system analysis, integrated circuits, electronic systems, information systems, computer databases, data processors, data processing systems, data processing tools, computer networks, communication systems, telecommunications apparatus, computer microchips, audio-visual creative works, the creation of networks, the development of computerised information processing systems; technical management of web sites and Internet services; designing and developing standards for others in the design and implementation of computer firmware, computer network, teleconferencing equipment; design of audio-visual creative works and design of photo albums, electronic postcards, books, artwork, photographs, postcards, stationery, address books and calendars by means of digital techniques or by means of image synthesis; designing, creating and providing web sites and providing access to web sites concerning photography, imaging and related goods and services; designing computer software, hardware and peripherals that allow computer users, to upload their photographs, digital images, and other personal content to web sites, and that allow them to share these images, and interact with others in chat rooms; engineering services relating to computers, computer programming, data processing and information technology; software engineering, computer engineering,

technical engineering; computer services providing access to Internet and web digital transmission and broadcasts; providing others with access to interactive and non-interactive broadcast video, audio and digital data signals; provision of interactive and non-interactive electronic information services on a wide variety of topics relating to web design, engineering, installation, repair, and maintenance of computer-related and communication-related goods, design and implementation of computer software, computer hardware and telecommunication equipment, maintenance and updating of computer software; providing on-line access to a computer database relating to on-line electronic publications, books, brochures, technical publications, catalogs and pamphlets relating to computing, information technology and consumer goods; development of local and wide area computer networks for others; development of audio-video computer conference systems for others; development of computer hardware and software for the receipt, display and use of broadcast video, audio, and digital data signals for others; leasing access time to computer databases in the nature of computer bulletin boards in a wide variety of fields; development of interactive and non-interactive web pages for the global computer network for others; development, maintenance and provision of interactive and non-interactive electronic bulletin boards services; providing and leasing access time to computers, computer databases, computer networks, the Internet, computer software and applications, computer bulletin boards and interactive computer communications networks; provision of computer access to computer networks, web sites, the worldwide web and the Internet; providing access to global computer networks for interactive use and for other uses and services; providing access to computer databases relating to wide range of general interest information; technical research relating to automatic identification systems; information services relating to computers, computer software, computing, computer systems, computer hardware, computer programming and computer networks, all being provided as answers to users' questions by telephone, email and on-line from the Internet; providing information relating to installation, use, configuration, repair, maintenance, upgrading and updating of computer software; providing temporary access to and/or use of on-line non-downloadable software for use with imaging and photographic applications, sharing of digital images, and photograph enhancement; providing computer access to online electronic image and photograph sharing, storage and archiving services and photograph digitization services; leasing and rental of computers, computer hardware, peripheral, computer components, computer software, printers for use with computer; provision of computing facilities; providing computer access to on-line newspaper; on-line computer services for the distribution of news, information, entertainment, business, financial and personal materials, articles, photographs, animations, sound, advertising and announcement features electronically over the World Wide Web and through on-line computer and digital transmission; provision of information, management, advisory and consultancy services for the aforesaid services.
