### 接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

### ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

[511] 貨品/服務說明 : Class 1:  
 Specification: Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry; sensitized films, unexposed; synthetic resins; thermoplastic and thermosetting synthetic resins organic molding compositions, for general use in the industrial arts; chemical intermediates; organosilicone compounds—namely, polysiloxanes and silanes in the form of resins, pastes, fluids, elastomers, vulcanizing preparations and accelerators; antifoaming agents; catalysts for paints; chemicals for developing and fixing x-ray films and other chemicals associated with the development of said films; phosphors; chemical substances for use as nuclear fissionable material; fuel for nuclear reactors; adhesive substances used in industry; polycrystalline alumina ceramic, for general use in the industrial arts; soldering fluxes and preparations; thermoplastic and thermosetting adhesives; chemicals, biochemicals and reagents for use in industry, science and research; chemical preparations, kits and reagents for analysis or diagnosis used for scientific purposes, namely, chemical preparations for cell separation and culture, nucleic acid purification, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules, and markers for DNA (Deoxyribonucleic Acid)/RNA (Ribonucleic Acid) synthesis; reagents for luminescence; reagents for gene expression quantification; reagents for use with the polymerase chain reaction process; reagents for use with the rolling circle amplification process; reagents for DNA (Deoxyribonucleic Acid) cloning and vectors, modifying and restriction enzymes; reagents for labeling, sequencing and fragment analysis of nucleic acids, proteins and custom synthesis; reagents for recombinant protein expression purification; chromatography media; reagents for electrophoresis, bioinformatics, spectrophotometry and fluorometry; radiochemicals for scientific research use; reagents for scintillating proximity assays; high through put screening assays for drug development (chemicals); reagents for high resolution laser fluorescence confocal

microscopy; specialty chemicals for use in industry, science and research; gases and gas mixtures for industrial, research and scientific purposes; chemical preparations and substances for use in the manufacture of pharmaceutical products, diagnostic preparations and substances; chemical test reagents, saline solution and reagent-coated paper all for scientific and laboratory use; fissionable chemical elements for scientific research use; radioactive elements and isotopes for industrial, scientific and research purposes; radioactive sources and standards for use in radiographic techniques (radioactive products); radioactive sources for use in non-destructive testing (radioactive products), purification and sterilizing techniques; radionuclides for scientific research use; chemicals and chemical compositions for use in the treatment of water systems, wastewater treatment systems, cooling water systems, boiler water and steam generating systems, boiler condensate systems, fluid separation systems, water clarification and dewatering in aqueous systems, conditioning systems, gas cleaning systems, industrial process systems, fuels and fuel processing systems, hydrocarbon and gas processing systems, oil and gas processing and petrochemical systems, pulp and papermaking systems, metal and plastic coating systems, metal processing systems; chemical products, namely chemical gasoline additives, distillate fuel additives and performance additives for fuels used in turbine engines; bags of chemically-treated water-absorbing granular materials for placement into fuel tanks; test kit consisting of reagents used for determining the presence of algae and active organic organisms in diesel fuel; bacteria cultures and nutrients for wastewater and sludge treatment; polymeric chemicals used to disperse particulate matter in steam generating equipment; chemicals and chemical compositions as antifoulants and demulsifiers in coke-making and by-product operations of iron and steel industries. chemicals, catalysts, plastic semi-worked products for use as material, acid gas eliminating filters, unprocessed plastics, zinc oxide whisker crystals.

Class 2:

Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants; mordants; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; corrosion inhibitants in the nature of a coating for use in the metal finishing industry, namely, a final aqueous acidic rinse; corrosion inhibitants in the nature of a coating for use in cooling water systems; corrosion inhibitants in the nature of a coating, namely, resinous coatings for metal and masonry surfaces; coating materials, etching fluids; toner cartridges for printer use; ink cartridges for printer use; toners, toners for copying apparatus and machines, toners for facsimile apparatus and machines.

Class 3:

Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices; cleaning preparations containing chemicals and chemical

compositions for use in cleaning steel, aluminum, galvanized and mixed metal surfaces for general industrial use in the manufacture of metal products; cleaning agents containing chemicals and chemical compositions for use in industry to remove contaminants from industrial process systems; paint strippers containing chemicals and chemical compositions to remove paint from equipment surfaces in paint spray booth operations.

Class 5:

Pharmaceutical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for humans and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; pharmaceutical preparations for use in diagnosis; veterinary pharmaceutical preparations for use in diagnosis; pharmaceutical and veterinary substances for medical purposes; diagnostic reagents and preparations for medical purposes; diagnostic substances for medical purposes; contrast media for medical imaging; diagnostic scanning agents for in vivo use; diagnostic imaging agents for magnetic resonance imaging; radiopharmaceutical products for clinical, medical, scientific and research use; radiopharmaceutical sources and standards for use in nuclear medicine; radioactive pharmaceutical preparations and non-radioactive reagents for producing radiopharmaceuticals for in vivo diagnostic or therapeutic use; gases and gas mixtures for medical imaging; babies' napkins, babies' napkin-pants [diaper-pants] of paper and cellulose, disposable.

Class 7:

Machines and machine tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand operated; incubators for eggs; automatic vending machines; apparatus, equipment and instruments for the generation of power, namely, electric generators and wind powered electricity generators; turbines; turbines for power generation; wind turbines for power generation; wind turbines in association with wind farms, turbine generating installations, namely, power generating installations; engines for the generation of electricity; and parts and fittings for all the aforesaid; solar-powered electricity generators; machines and machine systems including component parts and fittings for the generation, transformation, conversion, transmission, distribution, control and utilization of electricity; dynamo electric machines, induction devices, electric translating devices, electric regulating and controlling devices, electric measuring instruments, electric protective devices, switchboards, switchboard appliances, wiring devices, and supplies; electric motors, steam and gas turbines and parts thereof, electric generators and their parts, aircraft engines, compressors; washing machines, dryers, dishwashers, garbage disposers and compactors; pumps, namely, centrifugal pumps, diaphragm pumps, bellows pumps and process and transfer pumps; fluid control devices, namely, valves, flow meters, pressure switches, sequence timers, regulators, levelers, ejectors,

and electrical controls and switches; fluid separation cartridges and parts therefore, including semi-permeable membranes; filter cartridges for various industrial machines for filtration applications including the filtration of coating solutions for the manufacture of magnetic tape and the filtration of petrochemicals, portable water, beer in the brewing industry, and other specialty chemicals; machines for the feeding and application of chemicals for industrial use; axial and centrifugal compressors; reciprocating compressors; screw and vane compressors; rotary, vacuum, electric, submersible and centrifugal pumps; turboexpanders, namely, air and electric compressors; CNG (Compressed natural gas) refueling machines for land vehicles and industrial equipment and accessories and parts for all the foregoing namely, pumps, valves, fuel filters, filter casings, distributor rotors, blades, bearings and mechanical seals; steam condensers; boat engines; turbochargers for engines; fuel injectors; welding machines, industrial robots, machines for inserting electronic components, dry etching machinery, micro electric-discharge machines, optical disc production systems, precision joining equipment, processing machines for printed wired boards, welding wire, parts mounting machines, soldering machines, screw fastening machines, electric power tools; electric motors, electric generators; elevators (lifts); washing and drying machines, electric clothes washing machines, electric clothes dryers, electric dish washers; compressors (non surgical); pumps, electric pumps; mixing, cutting and chopping machines, blender machines, electric juice extractors, electric food processors, electric meat grinders, electric can openers, electric knife sharpeners, electric coffee mills, electric ice crushers, electric waste processors; garden tools, electric lawn mowers, garden sprayers for disinfectants and insecticides; electric appliances for cleaning, electric vacuum cleansers, electric floor polishers; electric window cleaners; electric door openers; carbon rods for welding use; electric arc welding apparatus, welding electrodes.

Class 9:

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; software; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports glasses; games software; fuel pumps for service stations for fueling airplane engines; fuel distribution equipment, namely, metered fuel pumps, electrical fuel level gauges, control valves for regulating the flow of gases and fuel lines; automated fuel station management systems comprising computer operating software, metered fuel pumps, rate control panels, fuel lines and dispensing nozzles for fueling land and marine vehicles and marine vehicles and aircraft; gas

meters; on-board and wayside signaling and communication systems, train inspection systems, cross warning systems, switchmachines; GPS (Global Positioning System) – based tracking and monitoring systems for the railroad and transit industries; electrical devices and electrical power distribution products, namely, capacitors, circuit breakers, circuit breaker load centers, circuit closers, circuit interrupters, commutators, contactors, current rectifiers, current limiters, electric contacts, electric collectors, electric conductors, electric connectors, electric controllers, electric inductors, electric power supplies, electricity distribution boards and boxes, electricity distribution consoles, electricity switchboards and switchboxes; computer software for, persons who troubleshoot and maintain programmable controllers, computer software for analyzing blood vessels including cardiac vessels which also provides calculation functions with respect to blood vessels, computer software for use with medical patient monitoring equipment, computer software for receiving, processing, transmitting and displaying data, computer software for use in developing personalized asset allocation programs; computer software for use on-line which enables office equipment dealers to submit applications, manage portfolios and communicate with the company; computer software for use in accessing mortgage and insurance information, computer software for collecting data involving vital medical signs, computer software for use in electrical power systems analyses and instructional manual in electronic format sold as a unit therewith, computer software for use by employees for financial institutions for determining financial investments for clients and in processing the sale of the identified investments, computer software for obtaining information on the flood-hazard status of real property, computer software for the development of graphical user interfaces and data visualization, computer software for use in the calculation of mortgage payments, computer software for regulating and managing vehicle fleet maintenance services, computer software for use in connection with accessing and utilizing commercial computer services, computer software for use by customers to obtain lease portfolio information, computer software for a radiology information system for use by radiologists and radiology departments, computer software for use in the database management of employee and patient information for patient monitoring and archival purposes, computer software installed on and used in connection with PC's and medical monitoring equipment for graphical user interface, computer software for use in sending encrypted and compressed data over paging carrier systems, computer software for providing access to websites where buyers and sellers can conduct business electronically, and computer software for underground navigation namely for navigation of down hole probe assembly for oil drilling and drilling assemblies for routing underground utilities; electronic, nuclear, industrial and laboratory testing, measuring, computing and control instruments and apparatus; electrical goods, electrical power generation and distribution products and electrical voltage and overvoltage surge products, namely, arresters, busways; capacitors; lighting contactors;

controllers and input/output devices; fuses; lighting controls; switch boxes, LEDs, namely, light emitting diodes, voltage regulators for electric power, voltage surge protectors, voltage surge suppressors, voltmeters, electrical circuit boards, relays and timers, solenoids and limit switches, full-voltage manual starters, reduced voltage starters, electrical switches and disconnects, circuit board terminal blocks and pumping panels, circuit breakers and disconnects, transformers, electrical lighting and power circuit boards, electrical wires, cables, cords, and conductors, electrical wiring and fixtures, lightning arrestors, electricity meters, power meters, grounding resistors, humidity and temperature sensors; building and wood sensors; industrial calibration sensors, push buttons, motor control centers, electrical resistance heating wires and electrical controllers therefore and voltage regulators included in this class; software and software programs for industrial, research, and medical use; apparatus for electrophoresis; chromatography columns and pumps; apparatus for microfabrication; apparatus for bioinformatics systems; apparatus for scintillation; imaging apparatus for radioactive and luminescent emissions; synthesis and purification integrated systems; apparatus manufacturing oligonucleotides; apparatus for microarrays; laser based optical systems for digital imaging; microarray slides; laboratory glassware; vials and microvials; microtitre plates; computer software for hospital operating room management; computer software for critical care information management; industrial process control software; computer software programs and program manuals sold as a unit for use in factory management; graphical user interface based computer programs for controlling machines in industrial automation applications; software for creating graphics displays and editing dynamic data interfaces for realtime graphics applications for industrial and business applications; communications software for connecting computer network users; software for plastic injection molding; software for control, monitoring, simulation, communications, data logging and collection, and factory automation; software to integrate manufacturing machine operations, control processes, provide data for visualization, track problems and generate production reports; packaged software for use in the operation and programming of grinding machines in the manufacturing industry; industrial process control hardware, namely, computer monitors; laptop computers, ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, display devices and terminals; computer whiteboards; system boards and processors; call control, operator interface, gage interfaces and data collectors; control and manufacturing applications, namely, statistical process control, data collection, distributed numerical control; manufacturing execution systems and document management; digital signal processing products and systems, namely industrial automation controls and programmable logic controllers; machine tools (control apparatus), namely, an adaptive control product in the nature of an external controller to optimize machine tool cutting performance of rough and semi-rough cuts; distributed

and remote input/output hardware devices, input/output modules, interface modules, power supplies and mounting hardware; intrusion and burglar alarm systems; security devices, namely, programming logic computers, control panels, electronic intrusion detectors, electronic glassbreak sensors, electronic vibration sensors, magnetic contacts for use in security systems, electronic switch plates, electronic motion sensors for alarm systems, electronic motion sensitive switches, hardwire sirens, audio speakers, electronic drivers, access control and alarm monitoring systems; fire, heat and smoke detecting and alarm units; computer card operated access control systems; card readers, card encoders, and encoded cards for use with card operated access control systems; video cameras; video object recognizers; video object trackers; video license plate readers; video alarm verifiers; video face recognizers; video vehicle recognizers; video traffic detectors; video access door controllers; video intrusion detectors; processing hardware and software that analyzes digital video images to automatically extract, record and report intelligence, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; cameras; closed circuit video systems; closed circuit video system comprising one or more cameras, and a camera housing; short range, wireless, radio frequency transceivers; power line transceivers; communication control hardware for operating closed circuit camera; communication control hardware, namely keypad controllers, matrix switchers, multiplexers, digital video recorders, integrated pan-tilt-zoom domes, remote video controllers, receivers, electronic alarm, management controls and triggers, and video transmission devices sold separately or as part of a system for operating closed circuit cameras; personal digital assistant devices configured for use by real estate professionals; communications interface devices for use with personal digital assistant devices; fiber-optic transmission systems, namely, fiber optic transmitters, receivers and transceivers used in the transmission of video, audio, and data signals over optical fiber; electrical switches; electro mechanical locks; magnetic locks; handheld electronic hardware for receiving, controlling, storing, manipulating, displaying and transmitting data and for operating electronic locks; electronic access cards and readers and encoders therefore; magnetic access cards and readers and encoders therefore; smart access cards and readers and encoders therefore; proximity cards and readers and encoders therefore; key fobs and readers and encoders therefore; bar code access cards and readers, encoders, card lamination apparatus; access keypads; radio frequency tracking tags; tracking and control system comprising one or more radio frequency tags, transceivers, and sensors used to determine and monitor the location and movement of tangible assets, inventory and individuals; infrared sensors; computer hardware and software for facilities management and controlling facility access systems and components therefore, namely, control panels, access card readers, and equipment and systems for video imaging, video monitoring; digital hard drive recording, network transmission and remote access; networked digital video storage servers, access control and surveillance

applications alarm monitoring and security; computer software and hardware for controlling and operating security and access system comprising locks, doors, access, and identification; devices and security enclosures in the nature of boxes for securing keys; surveillance equipment sold individually as components or together as a system comprising one or more surveillance cameras, covert cameras, close circuit television cameras, camera housings, camera mounts, camera lenses, video monitors, video recorders, digital recorders, video storage media, video switches, control panels, keypad controllers, joystick controllers, interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controllers, control panel housing, switch housing, transformers switches, splitters, coaxial cables, connectors, motion detectors, microphones and speakers; computer user interface software and control software for managing security, fire and access systems; electric locks; hand-held electronic computer and communication hardware for receiving, controlling, storing, manipulating, displaying and transmitting data for operating electronic locks; electronic key fobs, readers and encoders; data processing software and computer hardware; power supplies, namely batteries, rectifiers/voltage/current regulators and transformers; control panels, namely, electronic apparatuses adapted to electrically monitor a pre-determined activity and activate a burglar alarm; siren speakers; and electronic siren drivers, namely, tone generators and amplifiers adapted to be used for sirens; computer software to control communication hardware for operating and controlling closed circuit cameras; switch units incorporating magnetically actuated reed switches for use in burglary and fire sensing alarm systems, in industrial position sensing apparatus, in revolution counters, in equipment cabinet safety interlock systems, in industrial position controlling apparatus, in electrical cables and in pump and valve controlling apparatus and home security alarm systems; electrical and electronic checking apparatus for screening individuals, baggage, and cargo for the presence of particular substances; electrical and electronic checking apparatus for screening individuals, baggage, and cargo for the presence of explosives and/or narcotics; apparatus for detecting presence of explosives and other contraband; time or condition sensing apparatus for initiating and controlling regeneration or backwash cycles for water treatment equipment; control valves for water conditioning and water filtration equipment; bioreactors for culturing cells; portable analytical instruments namely, a probe with a microprocessor based data conversion logger for measurement of organic and inorganic chemicals in water; filters and filter housings for laboratory use; fluid separation apparatus for laboratory use; membrane filters for laboratory use; silt density measuring device; deionization units for laboratory use, filters and filter housings for laboratory use; fluid separation apparatus for laboratory use; membrane for laboratory use; fluid flow control devices, namely, pumps, valves, flow meters and regulators for laboratory use; ozone monitors; laboratory equipment, namely, porous microtiter plates for use in cell biology and other life

science applications; electronic water and process treatment controls, namely, apparatus for use in the treatment of commercial and industrial water systems, boiler water systems, cooling water systems, and closed water systems, pulp and paper processing systems, fuel processing systems, and metal processing systems to analyze the chemistry of the system, determine the proper treatment program, apply the desired treatment and monitor the effectiveness of the treatment; computer software for data management in the water treatment and pulp and paper fields; electronic controllers used for processing information in the water treatment and pulp and paper fields; apparatus for use in industrial water systems to measure and control ph and conductivity; apparatus for feeding chemical to an industrial, commercial or municipal water system in measured amounts; electronic test apparatus for use in water treatment; laboratory testing equipment—namely, deposition and corrosion rate testers; mobile laboratory equipped with equipment and instrumentation to monitor and measure ph, conductivity, and chromate concentration of industrial and domestic waters, to conduct inorganic analysis of water and to conduct microbiological testing of water; electronic and electrochemical products, namely, fuel cells; apparatus for converting electronic radiation to electrical energy, namely photovoltaic solar modules, photovoltaic solar hybrid modules, electronic sensors for measuring solar radiation, solar cells; apparatus for converting electronic radiation to electrical energy, namely photovoltaic solar modules, systems, components, and all associated balance of system components, printers, laser printers, ink jet printers, multifunction and all in one printers, parts for all the aforesaid goods; electronic handheld units for the wireless receipt and/or transmission of data that enable the user to keep track of or manage personal information and which may also have the capacity to transmit and receive voice, image and video communication; software for the synchronization of data between a remote station or unit and a fixed or remote station or unit and software which enables and provides one-way and two-way wireless connectivity to data; portable digital electronic devices and software related thereto; handheld electronic devices for the wireless receipt and/or transmission of data; software for the redirection of messages, e-mail, and/or other data from a personal computer or a server to one or more handheld electronic devices; computer software and program for management and operation of wireless; telecommunications devices; computer software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for browsing and navigating through web sites on said networks; computer software for sending and receiving short messages and electronic mail and for filtering non-text information from the data; handheld electronic devices for data, voice, image and video communication; computer game software for mobile handsets; electronic game software for mobile handsets; computer software, software packages; batteries, dry cells, rechargeable batteries, battery chargers, storage batteries, solar cells, fuel cells; carbon, carbon rods for dry batteries, electric apparatus and instruments; wiring apparatus, connectors

(electrical), electric cables, electrical conduits, floor ducts especially for housing electric cables, ballast (for discharge lamps), under carpet wiring systems, dimmer switches, circuit breakers, magnetic contactors and starters, circuit protectors, switch gears, electric junction boxes, appliance switches, outlet sockets, plugs (electrical), insulating materials, electric time switches, other wiring devices; signalling apparatus and instruments, video entry phones, intercom systems, electric door chimes, buzzers, fire alarms, gas leakage alarms, burglar alarms, portable emergency buzzers; acoustic machines and apparatus, radios, cassette tape players/recorders, radio cassette recorders, portable cassette tape players, compact disc players/recorders, mini disc players/recorders, mini disc decks, DVD (digital versatile disc) audio players/recorders, secure digital players/recorders, secure digital card, speakers, tuners, amplifiers, stereo component system, record players, graphic equalizers, clock radios, IC (integrated circuit) recorders, digital sound processors, headphones, earphone, microphones, sing-along cassette players/recorders, compact disc software (recorded), electric megaphones, language laboratories, car audio systems, public address systems, audio mixers, audio equipment cleaners, audio cable, video cable, other acoustic machines; audio-visual machines and apparatus, television receivers, cathode ray tube displays, cathode ray tubes, image pick up tubes, plasma television receivers, plasma displays, LCD (liquid crystal display) television receivers, liquid crystal displays, combined television receiver with video tape recorder, combined television receiver with disc player, antenna, tuners for satellite broadcasting, tuners for television, Internet terminals, video projectors, video cassette recorders, camcorders, video cameras, video printers, laser disc players, video CD (compact disc) players, video CD (compact disc) software, DVD (digital versatile disc) video players/recorders, color video systems for large-scale display, cable television systems, hard disk drivers, video imagers, electric optical display boards, multi purpose electric display systems, closed circuit video equipment systems, DVD (digital versatile disc) software, television cameras, video switchers, non-linear editing systems, editing controller, DVD (digital versatile disc) authoring system, light emitting diode display, other audio-visual machines; optical-disc machines and apparatus; optical disc drives, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc mastering systems; communication machines and apparatus, facsimile transceivers, transceivers, telephones, cellular mobile telephones, carry case for cellular mobile telephone, telephone answering machines, private automatic branch switching systems, global positioning system receivers, radio telephones, marine radars, radio paging receivers, mobile communication systems, multi-channel access radio systems, electric traffic information boards, video teleconferencing systems, personal handy-phone systems, local area network systems, AV (audio/visual) codec (encoders/decoders), in-car navigation (route guidance system), electronic system for the collection of road tolls, GPS (Global Positioning System) antenna; checking

(supervision) apparatus and instruments, communication and monitoring system for apartment buildings, intruder detection systems, automated system for monitoring and controlling functions within buildings, electric multi-layer security appliances; automatic controlling machines and instruments, electric distribution boards, traffic-signal control apparatus, bus location system, ultrasonic vehicle detectors, information and telecommunications networks for managing road traffic, light dimmers, daylight switches, inverters, programmable controllers, transformers, cubicles, home electricity generation system, power capacitors; data processing equipment; computer and computer peripheral devices, computers, word processors, computer software (recorded), image scanners for personal computer, printers, PC (personal computer) cards, computer keyboards, mouse (data processing equipment), CD-ROM (compact disc-read only memory) drives, floppy disk drives, card reader/writers, bar code readers, time recorders, handy data terminal, electronic cash registers, point of sales systems, data collection terminals, PDA (personal digital assistants), DVD-RAM/ROM (digital versatile disc-random access memory/read only memory) drive, CAD/CAM (computer aided design/computer aided manufacturing) systems, hard disc drives, electronic calculators, uninterrupted power source for computers / communication / broadcasting; external storage media, video cassette tapes, cleaning tapes, D-VHS (data video home systems), other peripherals for computers; video cassette tapes, audio cassette tapes, floppy discs, optical discs, mini-discs, DVD (digital versatile discs), IC (integrated circuit) memory card; weighing and measuring apparatus and instruments, thermoluminescence dosimetry systems, portable x-ray dosimeters, electronic counters, ammeters, power consumption meters, clamp meters, electric leakage meters, electric insulation meters, thermometers, measurement system processors, multi-circuit type electric power monitor, micro-precision measurements, body fat monitor, step counter, audio/video analyzers, oscilloscopes, modulators, voltmeters, distortion meters, other measuring apparatus; sensors, photo sensor, temperature sensors, position sensors, angular speed sensors, rotation sensors, angle sensors, dew sensors other sensors; electric components, light emitting diodes, liquid crystals, liquid crystal display module, magnetrons, diodes, transistors, thermostats, integrated circuits, LSI (large scale integration), semiconductor memory devices, one-chip microcomputers, electric condenser microphone cartridge, halftone image processors, thermal printing heads, magnetic heads, permanent magnets, connectors, relays, display components, semiconductor lazer, CCD (charge coupled device) image sensor, film capacitor, membrane unit for oxygen enrichment, electric tuner units, high frequency units, coin validating units, bill validating units, magnetic card readers/writers, voltage controlled oscillators, PPL (phase-locked loop) synthesizer modules, wireless communication module unit, optical transmission components, printed wiring boards, speaker components, power supplies, AC (alternating current) adapters, convergence magnets, inductors (coils), capacitors for electrical appliances, filters of electric signals,

transformers, deflection yokes, thermistors, varistors, piezoelectric ceramics components, acousto-optic devices, resistors, potentiometers, encoders, printer units, hybrid IC (integrated circuit), switch components, heat seal wiring boards, transparent touch panels, electroluminescence elements, remote control units, magnetic resistive elements, thermal cut-offs (cut-outs), metal cutting machines by arc, gas, or plasma; electric timers; electric pants presses; apparatus for pre-payment, data processing equipment in particular for financial applications; computer operating programs; computer hardware and software, in particular for the development, maintenance and use of local and wide area computer networks; systems for reading memory cards and systems for reading data in memories including integrated circuit memories and banking card memories; cash dispensing machines; accounting machines; coded cards including magnetic cards and cards including integrated circuits, in particular, for financial applications; apparatus for reading cards, printing apparatus including printing apparatus for data processing systems and financial transaction systems; machines for banking establishments; encoders and decoders; modems; magnetic coded cards, electronic data carrier cards, magnetic coded card readers, electronic data carrier card readers, electronic encryption units, computer hardware, computer terminals, computer software for use in the financial services, banking and telecommunications industries; electrical and electronic goods, namely calculating machines, pocket planners, alarms; banking cards including printed banking cards and banking cards using magnetic memories and integrated circuit memories; banking cards, including such cards having integrated circuits and microprocessors; memory cards; automatic cash dispensers; equipment for data processing and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the nature of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads.

Class 11:

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; solar collectors, solar heat collection panels; solar light fixtures, namely, indoor and outdoor solar powered lighting units and fixtures; solar thermal installations, namely solar thermal modules; solar water heaters; roofing, not of metal, incorporating solar cells; domestic electric and gas cooking appliances, namely, cooking rings, gas and electric stoves; gas and electric ovens and cooktops; heat exchangers; chemical heavy wall reactors and nuclear reactors and accessories and component parts thereof, namely, heat pumps, steam valves and valves for regulating the flow of gases and liquids; electric lamps and their parts; electric lighting fixtures and their parts; electric refrigerators, freezers, air conditioning apparatus, electric ovens, ranges; microwave ovens for cooking; wall cooking ovens for domestic use; food warming drawers; convection ovens, electric and gas cook tops; electric and gas cooking ovens and ranges; ventilation hoods for stoves; and ventilating exhaust fans; water filters; water

softening units; clothes dryers; electric fans, ceiling fans, flashlights; lamps and lights for vehicle; electric lights for Christmas trees; fluid separation units; fluid concentration units; fluid recycling units; polymeric membrane material for use in the separation of fluids; filter apparatus used for filtering solids from gases and liquids or filtering liquids from gases, and for filtering one immiscible liquid from another; spirally-wound elements or cartridges contained within a tubular plastic sleeve for concentrating products and removing impurities in fluid treatment systems; water conditioning units for residential purposes; reverse osmosis modules and membranes therefore; water purification units and systems consisting of clarifiers, electro deionization systems, condensate polishers, vacuum degasification units, ultra filtration units, ultraviolet sterilizers, ion exchangers, acid and caustic regeneration systems, reverse osmosis systems, forced draft decarbonator units, filters, chemical feed systems and bulk storage units, sold with automatic controls and instruments to monitor operating parameters of the units and systems electrochemical liquid purification units for use in the industrial, commercial and municipal sectors; water filtering units for domestic, commercial and industrial use; waste water purification units; water purifying units for potable water for domestic, commercial and industrial use; fluid separation units, namely industrial fluid filters; recycling units, namely, fluid purification units; water treatment equipment, namely cartridges; water treatment equipment for household use, namely, water softeners and water conditioners; media filters and depth filters for removing sediments, iron, sulfur, tastes and odors from water; reverse osmosis water purification; depth filter units and depth filter cartridges for liquid and air filtration for domestic, industrial, and commercial use; disposable cartridge filters for industrial water filtration; apparatus and installations for lighting, incandescent lamp, glow switch starters, screw-in fluorescent lamp, fluorescent lamp, tungsten halogen lamps, flash lights, fluorescent lanterns, other lamps, fluorescent lighting fixtures, dynamo lighting sets for bicycles, germicidal lamps, electric insect killers, other lighting fixtures; apparatus and installations for cooking, automatic bread makers for domestic use, electric kettle, electric rice cooker, gas fuelled rice cookers, slow cookers, electric roasters, ovens for cooking, toasters, coffee makers, electric cooking stoves, electric thermo pots, gas cookers, induction heating hobs, electric barbecue gridles, blenders, juicers, hand mixers, food processor, meat grinders, electric can openers, electric knife sharpeners, microwave ovens, gas cooking stoves with ovens, electric food-pans, sinks, other cookers; apparatus and installations for refrigeration and freezing, refrigerators, freezers, cold/hot water dispensers, freezing and refrigerating showcases, electric water coolers, electric ice makers; ventilating apparatus and instruments, electric fans, ventilating fans, electric air purifiers, extraction hoods for cookers, electric dehumidifiers, electric humidifiers, blowing machines, air curtains, air handling units, ceiling fans, roof ventilators, electrostatic precipitator, parts and fittings

therefor, all included in class 11, other ventilating apparatus and installations; apparatus and installations for heating, steam-generating, drying, cooling and air-conditioning, air conditioners, fan coil units for air-conditioning, evaporative air refreshing apparatus, stoves, electric space heaters, electric blankets, electric floor carpets, kerosene fan heaters, electric foot warmers (kotatsu), gas cordless warmers, other installations for heating/cooling and air conditioning; water supply apparatus; installations for sanitary purposes, electric bidets, toilets, washing toilet seats, portable toilets, sewage aeration treatment systems, water-purifiers, incinerators (trash burners), kitchen waste processors, sauna baths, bathtubs, bath installations, electric home shower; water heaters, gas instantaneous water heaters, other water heaters; dryers, dish dryers, electric hair dryers, clothes dryers, other dryers.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; tires for vehicles; electric motors and diesel engines for land vehicles; bicycles, bicycle tires and tubes, automatic guided vehicles, electric power assisted bicycles; tires.

Class 14:

Precious metals and their alloys and goods in precious metals or coated therewith, not included in other classes, in particular commemorative coins and medals; jewellery, precious stones; lapel badges and pins; horological and chronometric instruments.

Class 25:

Clothing, footwear, headgear.

Class 32:

Beers; mineral and aerated waters and other non-alcoholic drinks; fruit drinks and fruit juices; syrups and other preparations for making beverages.

Class 35:

Advertising; dissemination of advertising matter via all media, in particular in the form of thematic messages centred on human values; publicity through sponsoring; business management; business administration; office functions; promoting the goods and services of others by means of contractual agreements, in particular of sponsoring and licensing, enabling partners to gain additional notoriety and/or image and/or liking derived from those of cultural and sporting events, in particular international; promoting the goods and services of others by the means known as initial interest factor leading the public to consider, among a multitude of competitors, goods or services which are presented to the public bearing signs, emblems or messages able to capture their attention; promoting the goods and services of others by means of image transfer; rental of advertising space of all kinds and on all carriers, digital or not; administration of the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles; inventory control services; consultation in the field of inventory control services; acquisition integration services; direct marketing advertising for others featuring database marketing; consultation in the field of direct marketing

advertising for others featuring database marketing; business reorganization consulting services; truck and automobile fleet business management services, namely voyage reporting and invoicing via a global computer network; business consultation in the field of truck and automobile fleet management services; business administration consulting services; operation and management of power plants of others; consultation in the field of operation and management of power plants, business services, namely the administration of repair and services contracts, supply chain management and consulting services in the areas of chemical product and service sourcing and procurement, product inventory and supply management and cost containment; consulting, marketing, cost and pricing analysis relating to electrochemical liquid purification units for use in the industrial sector; retrieval of data, images, audio, video and documents, including text, cards, letters, messages, mail, animations and electronic mail, over local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular and satellite networks; administrative, commercial and technical computerized file management; data entry and data processing; business consultancy in computerized management; business services in relation to rental of computer files; business management of computer servers and data transmission networks of higher value (multimedia systems, videotex, international telecommunications computer networks). retail services for electric and electronic machines and apparatus (the bringing together, for the benefit of others, of variety of goods enabling customers to conveniently view and purchase these goods in an electrical retail store), information relating to commodity sales, business information, commercial information agencies, rental of photocopying machines; promoting the sale of goods and services of others including by means of advertisements, promotional contests, discounts and incentives in the nature of sweepstakes, rebates, reward points, and value added offers generated in connection with the use of payment cards; promoting sports competitions and events of others; promoting concerts and cultural events of others, organisation of expositions having commercial or advertising purposes; the provision of documentation, namely direct mail advertising, dissemination of advertising matter, distribution of samples, document reproduction; advertising regarding commercial sales promotion of goods and services at the retail level; providing information relating to e-commerce and electronic retailing; providing information regarding purchase of goods and services on-line via the Internet and other computer networks; tourist documentation services namely, advertising for transport, travel, hotels, lodging, food and meals, sports, entertainment and sightseeing, for tourist agencies services, and for information relating to tariffs, timetables and methods of transport and travel arrangement.

Class 36:

Insurance; financial affairs; banking, monetary affairs; real estate affairs, credit card services, financing of sporting and cultural activities; rental of buildings and outbuildings designed

for hosting business entertainment; asset based and private label financing services; financial analysis and consultation; credit card financial services; credit card services, namely, extension of credit to others; financial asset management for others; insurance and re-insurance services, namely, underwriting services for all types of insurance; equity investment services; insurance underwriting services in the field of bonds; financial guarantee assurance underwriting services; personal loan financing; mortgage banking services; acquisition financing services; commercial financing services; commercial real estate agency services; mutual fund investment; private equity and debt investment; consultancy, advisory and information services relating to all the foregoing services; leasing and rental of mobile and modular buildings, insurance brokerage services, credit agency services in the fields of consumer and commercial credit, real estate loan financing services and banking and financial services; computerized services in connection with financial and monetary operations relating to electronic commercial transactions; banking, among other, the use of bank cards or store account cards; clearing-house services; issuing of cheques and letters of credit; financial services; insurance services; financial operations; bill payment services; debit card services; charge card services; pre-paid card services; electronic credit and debit transactions; electronic funds transfer; smart card and electronic cash services; cash disbursements services; cash replacement rendered by credit card and debit cards; electronic cash transactions; cheque verification; cheque cashing; deposit access and automated teller machine services; payment processing services; transaction authentication and verification services; providing financial information via a global computer network; sponsoring musical concerts and festivals; financial services for the purchase of goods and services at retail level at the point of sale for promotional purposes; information services in the tourist field, namely finance information; services in regard to financial matters for the assistance of tourists.

Class 37:

Building construction, repair, installation and maintenance services; construction, installation, repair, replacement, overhaul and maintenance of power plants, engines, turbines, wind turbines, motors and apparatus, equipment and instrument for the generation of power and electricity and their component parts, filings and accessories; installation, maintenance and repair services for compressors and pumps, namely machines, turbo expanders, fuel pumps and fuel distribution equipment, CNG (compressed natural gas) refueling equipment, gas turbines, steam turbines, air cooled heat exchangers, steam condensers, heavy wall reactors and tubular reactors; oil and gas pipeline maintenance and repair services; drilling and pumping of oil and gas; drilling for crude oil; oil well casing, tubing and drill pipe installation; rental of oil and gas well drilling tools; remote monitoring and diagnostic repair and maintenance services rendered in the repair and maintenance of aircraft engines, turbines, electrical equipment, medical equipment, locomotives including accessories and component parts of all the foregoing; construction equipment leasing; chemical

cleaning services for glass-lined reactor vessels used in the chemical and pharmaceutical processing industries; maintenance services for heat transfer systems and condensers; maintenance and repair services in the field of computerized cooling system equipment, services rendered in the repair and maintenance of machinery, instruments, electrical equipment and appliances; oil and gas maintenance and repair services; services relating to the installation of point of sale terminals in shops; computer maintenance; electric appliance installation and repair, repair of radio receivers and television receivers, repair and maintenance of electrical communication apparatus and instruments, repair and maintenance of household electric appliance, repair and maintenance of electric lighting apparatus, repair and maintenance of power distribution and control apparatus, repair and maintenance of electric motors, repair and maintenance of measuring and/or testing machines and instruments, repair and maintenance of medical apparatus and instruments, repair and maintenance of metalworking machines and tools, repair and maintenance of cooking appliance, repair and maintenance of automatic distribution machines, repair and maintenance of water purifying apparatus, repair and maintenance of musical instruments, watch and clock repair and maintenance, repair and maintenance of gas water heaters for household purposes, repair and maintenance of bath equipment, repair of toilet stool units with washing water squirts, installation/maintenance and repair of computer hardware, repair and maintenance of air conditioning apparatus, office machines and equipment installation/maintenance and repair, machinery installation, maintenance and repair, vehicle repair, repair and maintenance of electrical communication apparatus and instruments, repair and maintenance of computers, repair and maintenance of electronic printers, telephone repair, electrical works, equipping for telecommunication; installation, maintenance and repair services for compressors, pumps, namely, machines, turboexpanders, fuel pumps and fuel distribution equipment, CNG (compressed natural gas) refueling equipment, gas turbines, steam turbines, air cooled heat-exchangers, steam condensers, heavy wall reactors and tubular reactors.

Class 38:

Telecommunication services, television broadcasting (live or pre-recorded); communications by mobile telephones; communications by electronic computer terminals, databases and Internet related telecommunications networks; communications by telex; communications by telegraph; communications by telephone; communications by facsimile; paging by radio; communications by teleconferencing; cable television broadcasting; radio broadcasting; press and information agency services; other message transmission services; broadcasting of a commercial site on the Internet; radio and television programming and broadcasting services provided via the Internet; electronic messaging; providing access to computer bulletin boards, and real-time chat forums; transmission of messages and images via computer; providing access to home and office shopping and ordering services via computer and/or interactive communications technologies; telecommunication

of information (including web pages), computer programs and any other data; electronic mail services; providing user access to the Internet; providing telecommunications connections to the Internet or databases; providing access to digital music web sites on the Internet; providing access to MP3 web sites on the Internet; rental of access time to a central database (telecommunications); providing access to search engines; management of chat forums on the Internet; rental of access time to a central server database; rental of access time to a computer database (telecommunications); simultaneous broadcasting of films and of video and sounds records, in particular via electronic interconnections; leasing of telephone sets, facsimile and other communication equipment; e-mail service; wireless data messaging service, particularly service that enable a user to send and/or receive message through a wireless data work; one-way and two-way paging services; electronic transmission of data, images, audio, video and documents, including text, cards, letters, messages, mail, animations and electronic mail, over local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular and satellite networks; electronic transmission of computer software over local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular, and satellite networks; portal web site services; providing access to databases and local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular, and satellite networks; message transmission/relay services, namely, electronic transmission of messages; telecommunication services for the dissemination of information by mobile telephone, namely the transmission of data to mobile telephones; mobile telephone communication services; transmission and reception of voice communication services; value added network transmission and receive services; telecommunications services by data transmission and by multimedia networks; leasing access time to a computer data base.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities, television sporting and cultural entertainment; organization of cultural and educational exhibitions; organisation of lotteries and competitions; betting and gaming services relating to or in conjunction with sport; entertainment services provided at or relating to sports events; organisation of sporting and cultural events and activities; organisation of real or virtual sporting competitions; management of sporting facilities; rental services for audio and video equipment; production of films, other than publicity films, production of video and sounds recordings, presentation and distribution of films and video and sounds recordings; rental of films and video and sounds recordings; rental and/or provision via a computer network of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer and video games; entertainment, namely presentation of interactive education and entertainment products, namely interactive compact

discs, CD-ROMs, computer and video games; radio and television coverage of sporting events; radio and television program and video tapes production services; production of animated movies; production of animated television programs; seat booking services for shows and sporting events; timing of sports events; organisation of beauty contests; interactive entertainment; on-line gambling services; providing of games over the Internet; providing of raffle services; information relating to entertainment or education, provided on-line from a computer database or the Internet; electronic games services provided by means of the Internet; providing on-line electronic publications; publication of books, reviews, journals, magazines, texts (other than publicity texts); on-line publication of electronic books, reviews, journals, magazines, texts (other than publicity texts); providing digital music from the Internet; providing digital music from MP3 Internet web sites; sport record and statistical information services; leasing of recorded sound and images; audio production services; providing sporting results; information related to sporting events provided on-line from a computer database or from the Internet; publishing and production services; providing digital music (non-downloadable); delivery of digital music by telecommunications; providing statistical information in relation to sports results and audience ratings for sports competitions; training in the use and operation of signaling and cross-warning systems for the rail and transit industries; educational services in the field of medical imaging and diagnostics; namely, holding seminars, conferences, symposiums or workshops relating to the pharmaceutical industry, for medical practitioners and employees of pharmaceutical companies; educational services, namely holding seminars, conferences, symposiums or workshops in the field of life science and biotechnology for scientists and researchers; conducting seminars related to industrial water treatment problems; providing training services for all the aforesaid; providing training services in management and the medical field through the use of instructions and demonstrations provided online, through the internet, intranet and extranets; education services, namely, conducting practical training workshops, classes and seminars featuring demonstrations in the field of management and medicine; design, organisation and conducting of courses, seminars and all training activities in the field of computers; organizing and realizing concerts; booking services for shows; cinema presentations; entertainment information; film production; production of shows; theatre productions; providing golf facilities; health club services; sport camp services; presentation of live performances; movie theatre presentations; organization of shows [impresario services]; holiday camp services [entertainment]; movie studios; news reporters services; providing on-line electronic publications, not downloadable; education services, namely, conducting classes, seminars, presentations, video presentations, provision of educational material namely, disseminating materials in the area of financial literacy; education services in the tourist field; information services in the tourist field, namely ticket reservation information services

for entertainment; information services in the tourist field, namely entertainment information services; information services in the tourist field, namely activity scheduling information services for sports, culture and entertainment; services in regard to entertainment for the assistance of tourists; tourist reservation services, namely entertainment and activity reservation services; tourist assistance services, namely ticket reservations for entertainment; tourist assistance services, namely activity scheduling for sports, culture and entertainment; tourist reservation services, namely ticket reservation services for entertainment.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; laboratory analysis; design and development of computer hardware and software; services relating to wind and wind power, namely professional consulting services and engineering services; design for others in the field of wind power; industrial design services; design of power, wind power and electric power generating equipment and installations; engineering services, technical consultation and research services in the oil and gas industries; oil and gas exploration services; geophysical exploration for the oil and gas industries; analysis of oil and gas fields; oil and gas prospecting, namely, well logging and testing; oil and gas well testing; oil and gas pipeline inspection; remote monitoring and diagnostic services for compressors, pumps, turboexpanders, fuel pumps and fuel distribution equipment, CNG (compressed natural gas) refueling equipment, gas turbines, steam turbines, air cooled heat exchangers, steam condensers, heavy wall reactors and tubular reactors; information technology solution services in the field of global railroad and transit industries; and computer equipment and medical system (software) leasing; research, consultation, and advisory services relating to engineering, design and development problems encountered by utility, industrial, and commercial companies, governments, and individuals; computer programming services for others; computer software design and analysis services for others; computer consultation services; maintenance and updating of computer software and computer systems for others; installation of computer software; computer systems analysis and design services for others; consultancy services relating to chemical research; consultancy services relating to the discovery and evaluation of drugs and compounds having diagnostic, prophylactic and/or therapeutic properties; technical support services; consultancy services relating to methods for diagnosis using laser based optical systems; high through put screening assays for drug development services; customer synthesis, analytical and diagnostic services; biotechnological services; technical support services for factory automation software, namely, providing maintenance of computer software and providing periodic upgrades of software; custom design of security access systems; design and consulting services in connection with the configuration of systems used in applications supporting fiber optic technology; technical support services, namely troubleshooting of problems with

computer hardware, video and electronic communication hardware, and software; technical consultation services for hardware and software used in connection with security and access systems; technical consultation services for surveillance cameras; custom design services for others in the fields of security systems, access systems, and tangible asset and inventory monitoring systems; laboratory and testing services for fluid separation and membrane testing; engineering and consulting services in the fields of water treatment, aqueous systems, cooling water systems, industrial boiler water systems, industrial water and process systems, industrial fuel processing system treatment, pulp and paper making system treatment, and metal and plastic processing system treatment; engineering services and technical support services related to the design and configuration of computer software and hardware systems to be used in the treatment of aqueous system and in the treatment of pulp and paper making systems, petroleum and petrochemical processing systems, and metal and plastic finishing operations; providing information to others, over a global computer network, relating to industrial water purification systems; advisory services related to all the aforesaid; chemical control system services relating to the feeding of treatment chemicals through industrial water systems; programming for data processing machines, among other, programming services in the field of electronic money (services); computer programs assuring the security of data transfers; research and industrial development in the field of computers; all technical consultancy in the field of computers; creation and maintenance of computer data bases and computer programs; computer engineering services and computer services in relation to internet; consultation in the fields of computers programming and data processing, in particular, in regard to financial transactions; hosting computer sites [web sites]; installation of computer software; maintenance of computer software; providing search engines for the internet; quality control; recovery of computer data; research and development for others; technical project studies; surveying; updating of computer software; maintenance of computer software; engineering, testing and research relating to electric machines, apparatus and instruments, computer rental.

Class 43:

Services for providing food and drink; cafeteria and restaurant services; welcoming services, namely providing food and drink; catering services; booking of temporary accommodation and hotel rooms; providing infrastructures for business entertainment; bar services; cafés; rental of meeting rooms; tourist homes; information services in the tourist field, namely lodging information services; tourist reservation services, namely hotel reservation and food and meal reservation services.
