接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的 後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

[511] 貨品 / 服務說明 :
Specification:

Class 1:
meat tenderizers for industrial purposes;
stabilizers for food, except preparations for
stiffening whipped cream; emulsifiers for
food; antioxidant for food; mildew proofing
agents; enzymes for chemical purposes;
chemicals for maintaining freshness of food
and preserving foodstuffs; activated carbons;
filtering clarificants; food preservatives;
calcium salt; lecithin [raw material];
plasticizers; hydrolyzed protein [raw
material]; hydrolyzed protein [chemical
preparations] for the food industry; enzymes
for industrial purposes; fermented
polysaccharide derived from microorganisms;
hydrolyzed protein [chemical preparations] for
food additives and food fillers; anti-aging
agents; chelating agents; conditioning agents
for food, except those for medical purposes;
chemicals for use as an additive to food;
chemicals; artificial sweeteners; flour and
starch for industrial purposes; chemicals
containing glutathione as main ingredient;
chemicals containing polyol as main
ingredient; chemicals containing curdlan as
main ingredient.

Class 5:
fungicides for kitchen purposes;
pharmaceutical preparations; empty capsules
for pharmaceuticals; dietary supplements for
humans; lactose for pharmaceutical purposes;
lacteal flour for babies; dietary supplements
for animals.

Class 29:
edible oils and fats; meat extracts; gelatine;
processed meat products; processed seafood
products; dried vegetables; dried fruits;
vegetable extracts for food; processed
vegetables and fruits; white of eggs; yolk of
eggs; powdered eggs; processed eggs; instant
or pre-cooked soup; stew and soup mixes; soup;
dried flakes of laver mixes for sprinkling on
rice in hot water [Ochazuke mixes]; dried
flakes of fish, meat, vegetables or seaweed
[Furi-kake]; protein for human consumption;
milk products; frozen vegetables; frozen
fruits.

Class 30:
sausage binding materials; thickening agents
for cooking foodstuffs mainly consisting of

fermented polysaccharide derived from microorganisms; binding agents for ice cream; meat tenderizers for household purposes; preparations for stiffening whipped cream; flavorings for beverages, other than essential oils; flavorings, other than essential oils; aromatic preparations for food, not from essential oils; confectionery; bread and buns; sandwiches; steamed buns stuffed with minced meat [Chinese-manjuh]; hamburgers [sandwiches]; pizzas; hot dogs [sandwiches]; meat pies; umami seasonings; seasonings containing meat extracts, seafood extracts or vegetable extracts; mirin-based seasonings; Japanese shochu-based seasonings; sake-based seasonings; Japanese liquors-based seasonings; wine-based seasonings; seasonings mainly consisting of hydrolyzed protein; soya bean paste; Worcester sauce; meat gravies; ketchup; soya sauce; vinegar; vinegar mixes; seasoning soy sauce [Soba-tsuyu]; salad dressings; tomato sauce; white sauce; mayonnaise; sauces for barbecued meat; cube sugar; fructose for culinary purposes; crystal sugar [not confectionary]; sugar; maltose for culinary purposes; honey; glucose for culinary purposes; powdered starch syrup for culinary purposes; starch syrup for culinary purposes; molasses for food; natural sweeteners; seasonings [other than spices]; yeast powder; koji [fermented malted rice]; yeast in pill form, except those for medical purposes; ferments for pastes; yeast extract; yeast; baking powder; malt extract for food; instant confectionery mixes; flour premixes; cake powder; starch for food; soya flour; flour; gluten prepared as foodstuff; ice cream mixes; sherbet mixes; rice; husked oats; husked barley; thickeners for food.

Class 31:

edible seaweeds; vegetables [fresh]; fruits [fresh]; copra; foxtail millet [unprocessed]; proso millet [unprocessed]; sesame [unprocessed]; buckwheat [unprocessed]; corn [unprocessed grain]; Japanese barnyard millet [unprocessed]; wheat, barley and oats [unprocessed]; unprocessed rice; sorghum [unprocessed]; protein for animal consumption; animal foodstuffs; additives to fodder, except those for medical and nutrition purposes; yeast for animal consumption.

Class 33:

Japanese white liquor [Shochu]; Japanese shochu-based mixed liquor [Mirin]; Japanese liquors [in general]; western liquors [in general]; western liquors for cooking;

alcoholic fruit beverages; alcoholic fruit beverages for cooking; Japanese shochu-based beverages [Chuhai]; Chinese liquors [in general]; flavored liquors.

quantification; reagents for polymerase chain reaction processes; reagents for rolling circle amplification processes; reagents for DNA cloning and vectors, enzymes for modification and restriction; reagents for labeling, sequencing and fragment analysis of nucleic acids and proteins and customized synthesis; reagents for recombinant protein expression and purification; chromatography media; reagents for electrophoresis, biocomputing, spectrophotometry and fluorometry; radiochemical products for scientific research; reagents for scintillation proximity assay; test kits and products for high data rate analysis for producing medicines; reagents for high-resolution laser microscopy, fluoroscopic microscopy and confocal microscopy; specialized chemicals for use in industry, science and research; gases and gas mixtures for use in industry, research and science; chemical products and substances for the manufacture of pharmaceutical products, diagnostic products and substances; chemical testing reagents, saline solution and paper coated with reagents, all for scientific use and for use in laboratories; fissile chemicals for scientific research; radioactive elements and isotopes for use in industry, science and research; radioactive norms and sources for radiographic technology; radioactive sources for non-destructive sterilization, purification and testing, technology; radionuclides for scientific research; chemical compounds and chemicals for use in the treatment of water supply systems; chemical compounds and chemicals for use in the treatment of wastewater treatment systems; chemical compounds and chemicals for use in the treatment of cooling water circuits; chemical compounds and chemicals for use in the treatment of boiler water and steam generating systems; chemical compounds and chemicals for use in the treatment of boiler condensate systems; chemical compounds and chemicals for use in the treatment of liquid separation systems; chemical compounds and chemicals for use in the treatment of systems for water purification and dehydration in aqueous systems; chemical compounds and chemicals for use in the treatment of conditioning systems; chemical compounds and chemicals for use in the treatment of gas purification systems; chemical compounds and chemicals for use in the treatment of industrial process systems; chemical compounds

and chemicals for use in the treatment of fuel treatment systems; chemical compounds and chemicals for use in the treatment of hydrocarbon and gas treatment systems; chemical compounds and chemicals for use in the treatment of petrochemical systems and oil and gas treatment systems; chemical compounds and chemicals for use in the treatment of paper and pulp making systems; chemical compounds and chemicals for use in the treatment of plastic and metal coating systems; chemical compounds and chemicals for use in the treatment of metal processing systems; chemicals, namely chemical additives for gasoline, additives for heating oil and additives for improving the efficiency of turbine engine fuel; chemically-treated bagged water-absorbing granular materials for placement into fuel tanks; testing kit comprising reagents for determining the presence of algae and active organic organisms in diesel fuel; bacterial cultures and nutrients for sludge and wastewater treatment; polymeric chemicals for dispersing particles in steam generating equipment; chemicals and chemical compounds used as anti-fouling and demulsifying agents in operations for producing coke by-product operations of steel industries; chemicals, catalysts, plastic semi-processed goods used as materials, filtering materials for removing acid gases, unprocessed plastics, crystal whiskers and zinc oxide; radiopharmaceuticals for scientific use and for research; polymeric membrane materials for liquid separation.

Class 3:

Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; cleaning preparations containing chemicals and chemical compounds for cleaning steel, aluminium, galvanized and mixed metal surfaces for general industrial use in the manufacture of metal products; cleaning agents containing chemicals and chemical compounds for industrial use for removing contaminants in industrial process systems; paint stripping preparations containing chemicals and chemical compounds for removing paint from equipment surfaces in spray-painting booth operations.

Class 9:

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual,

optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports goggles; computer game software; fuel distribution equipment, namely electric fuel-level gauges, control valves for regulating gas flow and fuel lines; operating software for calibrated fuel pumps for refueling of land vehicles, marine vehicles and aircraft; operating software for flow control panels for refueling of land vehicles, marine vehicles and aircraft; operating software for fuel lines and pump nozzles for refueling of land vehicles, marine vehicles and aircraft; gas meters; on-board and roadside signaling and communication systems, train inspection systems, crossing notification systems, apparatus for electric control of switching; GPS tracking and monitoring systems for the transit and railway industries; capacitors; circuit breakers; circuit-breaker patch boards; circuit closers; contact breakers; commutators; contactors; current rectifiers; current limiters; electric contacts; electric collectors; electric conductors; electric connectors; electric controllers; electric inductors; electric power supply systems; distribution boards [electricity]; branch boxes [electricity]; electrical distribution consoles; electrical switchboards and switchboxes; software for troubleshooting and maintenance of programmable controllers; software for cardiac vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels; software for medical patient-monitoring equipment; software for receiving, processing, transmitting and displaying data; software for developing customized programs for asset allocation;

software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information; software for collecting data concerning vital signs; software for analyzing electrical systems and electronic instruction manuals sold as a unit therewith; software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the identified investments; software for obtaining information on the risk of flooding with regard to real property; software for developing graphic user interfaces and displaying data; software for calculating mortgage payments; software for controlling and managing vehicle fleet maintenance services; software for using and accessing commercial computer services; software used by clients to obtain information regarding lease portfolios; software for a radiology information system for radiologists and radiology departments; software for managing databases containing information on employees and patients for archiving purposes and patient monitoring; software installed on and used with PCs and medical monitoring equipment for graphic user interfaces; software for sending encrypted and compressed data to radio-paging (transport) systems; software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means; software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to route subterranean installations; electronic, nuclear, industrial and laboratory, testing, measuring, calculating and monitoring instruments and apparatus; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; switches for lighting; input/output controls and devices; fuses; controls for lighting; switch boxes; LEDs, namely light-emitting diodes; voltage regulators for electric power; voltage surge protectors; voltage surge limiters; voltmeters; electrical circuit boards; relays and timers; solenoids and limit switches; manual full-voltage starters; reduced-voltage starters; electric switches and disconnecting switches; splitters for circuit boards and pumping panels; circuit breakers and

disconnecting switches; transformers; electric circuit and electric lighting boards; electric wires; cables; cords and conductors; electric wiring; lightning conductors; electricity meters; wattmeters; grounding resistances; humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser rays microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; applications for manufacture and control, namely for statistical process control, data collection, direct digital

control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; wired and remote input/output electric equipment; input/output modules; interface modules; electricity supplies; assembly equipment; anti-theft and burglar alarm systems; logic programming computers for security systems; control panels for security systems; electronic burglar detectors; electronic glass-breakage detectors; electronic vibration detectors; magnetic contacts for security systems; electronic switch plates for security systems; electronic motion detectors for alarm systems; electronic motion-sensitive switches; fixed connection sirens for security systems; audio loudspeakers for security systems; electronic navigation systems for security systems; access control and alarm monitoring systems; fire, heat and smoke alarms and detectors; computer cards access control systems; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object tracking; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing hardware or software used for analyzing digital video images for automatically extracting, recording and reporting information automatically, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radiofrequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom dome cameras, remote video controllers, receivers, electronic alarms, video transmission devices; personal digital

assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and readers and encoders thereof; magnetic access cards and readers and encoders thereof; memory access cards and readers and encoders thereof; proximity cards; proximity cards readers; proximity cards encoders; electronic keys and readers and encoders thereof; barcode access cards and readers, encoders and laminators thereof; access keypads; radio-frequency tracking tags; tracking and control systems consisting of one or several radio-frequency beacons, detectors and transceivers for determining and checking the location and movements of tangible assets, stocks and individuals; infrared sensors; control boards; access card readers; video imaging equipment and systems; video surveillance equipment and systems; digital hard disk recording equipment and systems; network transmission equipment and systems; remote access equipment and systems; networked digital video storage servers; applications for surveillance and access control; applications for alarm and security monitoring; computer software and hardware for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices and security cases in the form of boxes for securing keys; surveillance systems sold separately or as components or in the form of sets comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera housings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches; surveillance systems sold separately or as components or in the form of sets comprising control panels, numerical pad controls, joysticks; surveillance systems sold separately or as components or in the form of sets comprising interface apparatus for alarms and access

control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings, transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; data processing computer software and hardware; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens and electronic siren controls, namely ringer tone generators and amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, integrated into industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on individuals, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on individuals, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensitive apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; control valves for water treatment and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density

measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flowmeters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for treatment of industrial and commercial water supply systems; electronic controls for treatment of boiler water systems; electronic controls for treatment of water cooling systems; electronic controls for treatment of cooling water systems; electronic controls for treatment of closed water-supply systems; electronic controls for treatment of systems for paper and pulp treatment; electronic controls for fuel treatment systems; electronic controls for metal treatment systems for analyzing the chemistry of the system, determining the proper treatment program, applying the desired treatment and monitoring the effectiveness of the treatment; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; equipment and instruments for mobile laboratory equipped for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial waters; equipment and instruments for mobile laboratory equipped for carrying out inorganic and microbiological water testing; electronic and electrochemical products, namely fuel cells; apparatus for converting photo-electric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose

printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of audio and video data with integrated memory; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and software related thereto; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer software and programs for wireless device operation and management; telecommunication devices; software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for navigation on the aforesaid networks websites; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software packages; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon electrodes for dry batteries; wiring apparatus; electric cables; electric ducts; floor ducts specially designed for housing electric cables; ballast (for discharge lamps); under carpet wiring systems; code lighting-switches; magnetic contactors and starter switches; circuit protectors; switching devices; electric connecting boxes; device switches; output jacks; plugs (electric); electric timers; other wiring devices; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable emergency intercoms; acoustic machines and apparatus; radios; tape recorders/players; radio cassette recorders; portable tape players; compact disc recorders/players; minidisc recorders/players; minidisc decks consoles; DVD (digital versatile disc) audio recorders/players; secured digital recorders/players; secured digital cards; loudspeakers; tuners; amplifiers; stereo component systems; disc

readers; graphic equalizers; radio alarm clocks; integrated circuit recorders; digital audio processing devices; earphones; headphones; microphones; cassette recorders/players; software for compact discs (prerecorded); electric megaphones; language laboratories; audio systems for cars; public address systems; audio mixers; audio equipment cleaning equipment, namely magnetic head cleaning equipment; audio cables, video cables, other audio machines; audiovisual machines and apparatus; television sets; cathode ray tube display devices; cathode ray tubes; image pick-up tubes; plasma television sets; plasma displays; LCD (liquid crystal display) television sets; liquid crystal display monitors; television sets combined with video tape recorders; television sets combined with disc players; antennas; tuners for satellite broadcasting; television tuners; Internet terminals; video projectors; video cassette recorders; camcorders; video printers; laser disc players; video CD (compact disc) players; software for video CD (compact disc); video recorders/players for DVDs; color video systems for large-scale display; cable television systems; hard disk units; video imaging devices; electric optical display boards; multi-purpose electric display systems; closed-circuit video equipment systems; software for DVDs; television cameras; video switches; non-linear editing systems; editing controllers; DVD creation systems; light emitting diodes (LED) displays; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines; facsimile transceivers; transceivers; telephones; cellular mobile telephones; cases for cellular mobile telephones; telephone answering machines; private auto-switch systems; global positioning system receivers; radiotelephones; marine radars; radio-paging receivers; mobile communication systems; multi-channel access radio systems; electric panels for traffic information; videoconferencing systems; private portable telephone systems; local network systems; AV codecs (coder-decoders); navigation systems for cars (road guidance systems); electronic systems for road toll collection; GPS (global positioning system) antennas; checking (supervision) apparatus and instruments; communication and surveillance systems for

apartment buildings; intruder detection systems; automated systems for surveillance and control of functions within buildings; electric multi-layer security apparatus; checking (supervision) apparatus and instruments, communication and surveillance systems for apartment buildings, intruder detection systems, automated systems for surveillance and control of functions within buildings, electric multi-layer security apparatus; automatic control machines and instruments; electric distribution boards; road signal control apparatus; bus location systems; ultrasound vehicle detectors; information and telecommunication networks for road traffic management; light dimmers; light switches; inverters; programmable control systems; electrical enclosures; domestic electricity production systems; power capacitors; data processing equipment; computers and computer peripherals; word processors; software (recorded); image scanners for personal computers; PC (personal computer) cards; computer keyboards; mouse (data processing equipment); CD-ROM (compact disc-read only memory) units; diskette units; card reading/writing systems; barcode readers; time recorders; portable data terminals; point-of-sale systems; data collection terminals; personal digital assistants (PDAs); DVD-RAM/ROM (digital versatile disc-random access memory / read only memory) units; CAD/CAM (computer-aided design/computer-aided manufacturing) systems; electronic calculators; uninterrupted power supplies for computers / communication / broadcasting; external storage devices; video cassettes; cleaning heads; D-VHS (video data home systems); other computer peripherals; video tapes; audio cassettes; diskettes; optical discs; mini-discs; DVDs (digital versatile discs); integrated circuit memory cards; weighing and measuring apparatus and instruments; thermoluminescent dosimetry systems; portable x-ray dosimeters; electronic meters; ammeters; electricity consumption meters; grip measuring devices; electric apparatus for measuring leakance; electric insulation meters; thermometers; measuring system processors; electric multi-circuit sector voltage monitors; micro-precision measuring devices; pacers; audio/video analyzers; oscilloscopes; modulators; distortion meters; sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation

sensors, angle sensors, dew point sensors, other sensors; electric components; light emitting diodes; liquid crystals; liquid crystal display modules; magnetrons; transistors; semi-conductor storage devices; one chip micro-computers; cartridges for electric condenser microphones; thermostats; integrated circuits; gray-scale image processors; thermal printing heads; magnetic heads; permanent magnets; relays; display components; semi-conductor lasers; charge coupling devices (CCD device); image detectors; film capacitors; over-oxygenation membrane units; electric tuner units; high-frequency units; coin validation units; note validation units; magnetic card reading/writing devices; voltage-controlled oscillators; phase-locking circuit synthesizing modules; wireless communication module units; optical transmission components; printed wiring boards; loudspeaker components; electricity supplies; AC (alternating current) adaptors; focusing magnets; inductors (coils); capacitors for electric apparatus; electric signal filters; deflection coils; thermistors; varistors; piezoelectric ceramic components; acoustic-optical components; resistances; potentiometers; printing units; hybrid integrated circuits; switching components; heat-welding wiring boards; transparent touch panels; electroluminescent components; remote control units; magnetic resistance elements; thermal disconnects; data processing equipment, in particular for financial applications; operating system programs; computer hardware and software, in particular for local and wide-range computer networks development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, in particular for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; machines for banking institutions; encoders and decoders; modems; encoded magnetic cards; electronic data carrier cards; encoded magnetic cards readers; electronic data cards reader; electronic encryption systems; computer hardware; computer terminals; software used in financial services, in the banking and telecommunication industries; electric and electronic products,

namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automated teller machines (ATMs); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; machines and machine systems, including parts and accessories for transmission, distribution and control of electricity; induction devices; electrical displacement devices; electricity control and regulation devices; electricity measuring instruments; electrical protection devices; switchboards; switchboard apparatus; wiring devices; liquid control devices, namely, flowmeters, manostats, sequential timers, electric switches and controls; audio amplifiers for keyboards; external memories for musical instruments; systems for managing data and preserving archives in the field of anesthesia; gradient coils, namely magnetic gradient coils for magnetic resonance imaging; alarm devices for tire pressure; pressure gauges for vehicle tires; rubber testing machines; smart watches.

Class 11:

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; solar panels, panels for capturing solar energy; solar lighting accessories, namely lighting units and solar light fixtures for indoor and outdoor use; solar-thermal installations, namely solar-thermal modules; solar water-heaters; gas and electric cooking apparatus for household use, namely cooking rings, electric and gas cookers; gas and electric ovens and cooktops; heat exchangers; heavy-wall chemical reactors and nuclear reactors and accessories and components thereof, namely, heat pumps, valves for steam systems and valves for regulating gas and liquid flow; electric lamps of all kinds and their parts; electric lighting accessories and their parts; freezers, air-conditioning apparatus, electric ovens, electric refrigerators; microwave ovens for cooking; wall-mounted cooking ovens for household use; food warming drawers; convection ovens,

electric and gas cooktops; electric and gas cooking ovens; ventilation hoods for stoves and exhaust fans; water filters; water softeners; laundry driers; electric fans, ceiling fans, flashlights; lamps and lights for vehicles; electric lights for Christmas trees; liquid separation devices; liquid concentration devices; liquid recycling devices; filters for filtering of solids from gas and liquids or for filtering of liquids from gas and for filtering of an immiscible liquid from another; spiral elements or cartridges - contained in a tubular plastic sleeve for concentrating goods and removing impurities in liquid treatment systems; water conditioning devices for residential use; reverse osmosis modules and their membranes; devices and systems for water purification consisting of clarification units; electric deionization systems; condensate polishing filters; vacuum degassing devices; ultra-filtration devices; ultraviolet sterilization devices; ion exchangers for the purification of water; systems for regeneration of acids and caustic products; reverse osmosis systems; forced-air carbonate removal devices; filters; electrochemical purification devices for liquids for industrial, commercial and municipal use; water filtering devices for household, industrial and commercial use; wastewater purification units; drinking water purification devices for household, industrial and commercial use; liquid separating devices, namely industrial liquid filters; recycling devices, namely liquid purification devices; water treatment equipment, namely cartridges; water treatment equipment for household use, namely water softeners and water conditioners; support filters and depth filters for removing deposits, iron, sulfur, tastes and smells from water; reverse-osmosis water purification devices; depth filter units and cartridges for filtering liquids and air for household, industrial and commercial use; disposable cartridge filters for filtering industrial water; apparatus and installations for lighting; incandescent lamps; gas discharge starters; grooved fluorescent lamps; fluorescent lamps; tungsten halogen lamps; pocket searchlights; fluorescent lanterns; fluorescent lighting apparatus; dynamo lighting kits for bicycles; germicidal lamps; other lighting apparatus; cooking apparatus and installations; automatic bread-making machines for household use; electric kettles; electric rice cookers; gas rice cookers; slow

cookers; electric grills; toasters; coffee machines; electric thermal-insulating coffee makers; induction cooktops; electric barbecue grills; microwave ovens; gas cookers with ovens; electric saucepans; sink basin; other kitchen ranges; refrigerating and freezing apparatus and installations, refrigerators, freezers, cold/hot water dispensers, freezing and refrigerating display cases, electric water coolers, ice-making apparatus; ventilation apparatus and instruments; electric air purifiers; extractor hoods for cookers; electric dehumidifiers; electric humidifiers; blowers; blinds propelling cold air; air exhaust units; ceiling fans; electrostatic precipitators; heating apparatus and installations, apparatus for steam generating, drying, cooling and air conditioning; air conditioners; blade fans for air conditioning; apparatus for cooling air by evaporation; stoves; electric radiators; electric blankets; electric floor carpets; kerosene-powered fan heaters; electric foot warmers (kotatsu); wireless gas radiators; water distribution apparatus; electric bidets; toilets; self-cleaning toilet seats; portable toilets; systems for wastewater treatment by aeration; water purifiers; incinerators (waste incinerators); household waste processors; saunas; bathtubs; electric showers; water heaters, gas-powered instantaneous water heaters, other water heaters; driers, dish driers, electric hair driers, laundry driers, other driers; electric lamps, electric driers, electric-resistance heating cables; metallic sinks.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; electric motors and diesel engines for land vehicles; bicycles, tires and tubes for bicycles, automatic vehicles, electric bicycles; tires; tires for passenger cars; tires for trucks; tires for buses; tires for racing cars; tires for automobiles; retreaded tires for passenger cars; retreaded tires for trucks; retreaded tires for buses; retreaded tires for racing cars; retreaded tires; retreaded tires for automobiles; inner tubes for passenger cars tires; inner tubes for trucks tires; inner tubes for buses tires; inner tubes for racing cars tires; inner tubes for automobiles tires; wheels and rims for passenger cars; wheels and rims for trucks; wheels and rims for buses; wheels and rims for racing cars; wheels and rims for automobiles; tread rubber for retreading tires for the

above-mentioned vehicles; tires for two-wheeled motor vehicles; inner tubes for two-wheeled motor vehicles; wheels and rims for two-wheeled motor vehicles; bicycles and their parts and fittings; tires for bicycles; inner tubes for bicycles; wheels and rims for bicycles; adhesive rubber patches for repairing tubes or tires; tread rubber for retreading tires for two-wheeled motor vehicles or bicycles; tread rubber for retreading tires for aircraft; tread used to retread tires; preformed tire tread; rubber patches for repairing vehicle tread; shock absorbers (for land vehicles); air springs for land vehicles; air springs for railway cars; suspension shock absorbers for vehicles; tricycles for infants; tires for off-the-road vehicles; tires for scrapers on wheels; tires for motor graders on wheels; tires for shovel loaders on wheels; tires for tire rollers on wheels; tires for wheeled cranes on wheels; tires for cranes on wheels; tires for snow plows on wheels; tires for pavers on wheels; tires for mining machinery on wheels; continuous tracks for vehicles, namely continuous tracks for agricultural machinery; continuous tracks for vehicles, namely continuous tracks for mining machinery; continuous tracks for vehicles, namely continuous tracks for construction and cargo handling machinery; rubber pads to be attached to shoe plates of metal crawlers; continuous tracks for vehicles, namely continuous tracks for snow removers.

Class 14:

Coins, ingots and medals in precious metals or in their alloys, commemorative or not; jewelry, precious and semi-precious stones; pins; horological and chronometric instruments; key rings.

Class 16:

Paper, cardboard; printed matter, in particular stamps; newspapers, periodicals, books, photographs and posters; bookbinding material; stationery and office requisites, except furniture; adhesives for stationery or household purposes; artists' and drawing materials; paint brushes; instructional or teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; computer printouts; chequebooks, punched cards; newspapers and periodicals in the field of information technology; paper shredders; electric staplers; battery-powered letter openers; electric pencil sharpeners; electric

perforators; electronic typewriters; ribbon cartridges for electronic typewriters; apparatus for printing cheques; thermal paper.
Class 18:

Leather and imitations of leather; leather vanity cases (not fitted); leather bags for mountain-climbing; leather rucksacks (backpacks); leather wallets (purses); briefcases (leather goods); leather attaché-cases; leather suitcases; leather school bags; leather handbags; key cases (leatherware); leather straps; animal skins and hides; luggage and carrying bags; umbrellas and parasols and walking sticks; whips, harness and saddler; collars, leashes and clothing for animals.

Class 21:

Household or kitchen utensils and containers; cookware and tableware, except forks, knives and spoons; combs and sponges; brushes, except paintbrushes; brush-making materials; articles for cleaning purposes; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware; implements for cleaning clothing, toothbrushes; electric toothbrushes; ultrasound cleaning apparatus for dentures; dental floss, holders for dental floss, toothpicks, holders for toothpicks; non-electric implements and materials included in this class, all for cleaning; parts and components of all the aforesaid goods included in this class; holders and dispensers for all the aforesaid goods, all included in this class; electric trouser presses; corkscrews, electric and non-electric; bottle openers, electric and non-electric; electrical devices for attracting and destroying insects; electric combs.

Class 25:

Clothing, footwear, headwear.

Class 28:

Games, toys and playthings; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; playing cards; electric floats for fishing; apparatus for tying fishing lines to hooks; electronic apparatus for practicing golf; wax applicators for skis; stationary exercise bicycles and rollers; rubber balls; golf equipment, namely, trolleys for golf bags, golf clubs, golf bags, with or without wheels, golf gloves; sports bags shaped to contain specific sports apparatus; tennis rackets; tennis balls.

Class 29:

Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and

vegetables; jellies, jams, compotes; eggs; milk, cheese, butter, yoghurt and other milk products; edible oils and fats.

Class 32:

Beers; non-alcoholic beverages; mineral and aerated waters; fruit beverages and fruit juices; syrups and other non-alcoholic preparations for making beverages.

Class 35:

Advertising; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; advertising by sponsoring; online advertising and marketing services; business management; business administration; office functions; promoting the goods and services of others, by means of contractual agreements, in particular sponsoring and licensing agreements, enabling them to gain additional notoriety and/or enhanced image and/or a surge of sympathy derived from the notoriety and/or enhanced image resulting from cultural and sporting events, in particular international events, and/or a surge of sympathy generated by the above; promoting the goods and services of others by means of what is referred to as the initial interest factor leading the public to consider, among a multitude of competitors, goods or services presented to the public bearing signs, emblems or messages able to capture its attention; promoting the goods and services of others by means of the so-called image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles; inventory management services; consultation relating to stock monitoring services; advertising by means of direct marketing for others consisting in marketing of databases; consultation for advertising by means of direct marketing for others consisting in marketing of databases; consultation services in connection with business reorganization; truck and automobile fleet management services, namely billing and consulting in connection with the administrative management of truck and automobile fleets; business administration consultancy; administrative management of power plants of others; business consultation in connection with the management of power plants; commercial administration of contracts for repair and servicing; supply

chain commercial management services; business consulting services relating to the purchase and supply of chemical services and products; commercial supply management of products; establishing product inventory; consulting, marketing, analysis of prices and costs concerning devices for electrochemical purification of liquids for industrial use; administrative, commercial and technical management of computer files; data input and processing services; department store retail services connected with the sale of beauty products, toiletries, machines for household use, hand tools, optical goods, domestic electrical and electronic equipment; information services concerning the sale of raw materials; commercial information services; commercial information agencies services; photocopiers rental services; promoting the sale of goods and services of others by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promoting sporting competitions and events for use by others; promoting concerts and cultural events for others, organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods and services on line via the Internet and other computer networks; advertising concerning transport, travel, hotels, accommodation, food and meals, sports, entertainment and sightseeing tours provided through tourist agencies; maintenance of computerized databases; digital file management comprising a portfolio of images and video sequences intended for use under license in traditional advertising and in the promotion of behaviour (moral advertising); providing online market for the buyer and seller of goods and services; retail services or wholesale services for tires; retail services or wholesale services of clothing, footwear, headgear; retail services or wholesale services for sports goods; retail services or wholesale services for bicycles

and parts and fittings for bicycles; retail or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; presentation of goods on communication media, for retail purposes; procurement services for others [purchasing goods and services for other businesses]; retail services or wholesale services of jewellery, horological instruments, fashion accessories, bags, memorabilia.

Class 36:

Insurance; financial affairs; banking; monetary affairs; real estate affairs; credit card services; financing of sporting and cultural activities; rental of buildings and outbuildings designed for hosting corporate entertainment events; equity and private mark financing services; financial analyses and consultation; financial services in connection with credit cards; credit card services, namely granting credit to others; financial asset management for others; insurance and reinsurance services, namely underwriting of all types of insurance; equity capital investment services; insurance underwriting services in the field of bonds; financial security underwriting services; personal loan financing; lending against collateral; acquisition financing services; commercial financing services; commercial real-estate agency services; mutual funds; loan and private capital investments; services for providing information in the field of the aforesaid services; financial assistance services and consultancy in the field of the aforesaid services; lease-purchasing of mobile and modular structures; insurance brokerage services; credit agency services in the field of commercial and consumer credit; financing of real estate loans and financial and banking services; monetary operations in particular by means of bank cards or customer loyalty cards; financial clearing services; issuance of checks and letters of credit; financial services; insurance services; financial operations; bill payment services; debit card services; payment card services; pre-paid card services; electronic transactions by credit and debit card; electronic transfer of funds; smart card and electronic money services; provision of liquidities; credit card and payment services replacing cash payments; electronic transfer of capital; check verification; check cashing services; automated teller and safe deposit system services; payment processing services;

transaction authentication and verification services; provision of financial information via a global computer network; financial sponsoring of festivals and concerts; financial services for purchasing goods and services sold in retail at points-of-sale for promotion purposes; provision of information services in the field of tourism, namely providing financial information; financial services for tourist assistance purposes; lease-purchasing of telephones, facsimile machines and other telecommunication equipment; lease-purchasing of transport containers; financial sponsorship of sporting activities.

Class 38:

Telecommunications; television program broadcasting, broadcasting of televised programs (live or recorded); cellular telephone communication; communications by electronic computer terminals, by databases and by telecommunication networks connected to the Internet; communications by telegraphs; communications by telephone; communications by facsimile machines; radio paging services; teleconferencing communications; television broadcasting; cable television broadcasting; radio broadcasting; news agencies; other message transmission services; providing access to a commercial site on the internet; radio and television broadcasting provided via the Internet; electronic mail; providing access to computer information newsletters and to discussion forums on line; transmission of messages and images via computers; providing access to home and office shopping services via computer and/or interactive communication technologies; telecommunication of information (including web pages), of computer programs and of all other data; electronic mail services; providing user access to the Internet; services of telecommunication connections to the Internet or to databases; providing access to digital music web sites on the Internet; rental of access time to a central database (telecommunications); provision of access to search engines; providing discussion forums on the Internet; rental of access time to a central server database; rental of access time to a computer database (telecommunication services); simultaneous broadcasting, in particular by means of electronic interconnections, of films and of video and sound recordings; wireless data messaging services, in particular services enabling a user to send and/or

receive messages via a wireless data network; one-way and two-way messaging services; electronic transmission of data, images, documents, mails, messages and audio and video data, via local or global computer and communication networks; electronic transmission of data, images, documents, mails, messages and audio and video data via the Internet, intranets, extranets, television; electronic transmission of data, images, documents, mails, messages and audio and video data via mobile communication networks, cellular networks and satellite networks; electronic transmission of software via local or global communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; providing access to databases and to local or global communication networks, including the Internet, intranets, extranets, television, mobile communication, cellular and satellite networks; transmission and relay of messages, namely electronic transmission of messages; telecommunication services for the dissemination of information by mobile telephone, namely, transmission of data to mobile telephones; communication by mobile telephone; voice communication transmission and reception; transmission and reception on a value-added network; telecommunication services by telematic means and by multimedia networks; rental of access time to a database server center; operating networks for transmission of value-added data (multimedia systems, interactive videography, global computer telecommunication networks).

Class 41:

Education; providing of training; entertainment; sporting and cultural activities, televised sporting and cultural entertainment; organization of exhibitions for cultural and educational purposes; organization of lotteries and competitions; betting and gambling services in connection with or relating to sports; entertainment services provided during sporting events or concerning sporting events; organization of sporting and cultural events and activities; organization of real or virtual sporting competitions; providing sports facilities; entertainment in the nature of television news shows; entertainment services in the nature of creation, development and production of television programming; entertainment services in the nature of an ongoing reality based

television program; entertainment in the nature of ongoing television programs in the field of sport; rental of audio and video equipment; production of films, other than advertising films; production of sound and video recordings; presentation and distribution of films and of sound and video recordings; rental of films and of sound and video recordings; rental and/or provision via a computer network of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; entertainment, namely presentation of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; radio and television coverage of sporting events; production of television and radio programs and of videotapes; production of cartoons; production of animated programs for television; reservation of tickets for sporting events and shows; timing of sports events; organization of beauty contests; interactive entertainment; on-line betting services; provision of games on the Internet; provision of raffle services; services of provision of information concerning entertainment or education, provided on line from a data bank or the Internet; electronic game services provided by means of the Internet; providing on line electronic publications; publication of books, magazines, texts (other than publicity texts) and periodicals; on line publication of electronic books, magazines, texts (other than publicity texts) and periodicals; provision of digital music from the Internet; provision of sporting results; services of provision of information concerning sports and sporting events; rental of recorded sounds and images; audio production services; services of provision of information concerning sporting events provided on line from a computer database or the Internet; editing and publishing services; provision of digital music (non-downloadable); offering digital music by means of telecommunications; publication of statistics regarding sporting results and audience ratings for sporting competitions; training in the use and operation of systems for signaling and notification of crossings for the railway and transit industries; conducting of seminars, conferences, symposiums or workshops in the field of medical imaging and diagnosis intended for medical practitioners and employees of pharmaceutical companies;

education services, namely conducting of seminars, conferences, symposiums or workshops in the field of life sciences and biotechnology for scientists and researchers; conducting of seminars on problems in connection with industrial water treatment; training services in all the aforesaid fields; training services in the field of management and medicine by means of the use of instructions and demonstrations provided on line, via the Internet, intranets and extranets; education services, namely conducting of practical training workshops, courses and seminars including demonstrations in the field of medicine and management; design, conducting and hosting of courses, seminars and all training activities in the field of information technology; organization and performance of concerts; booking of seats for shows; movie presentations; services of provision of information in terms of entertainment; film production; show production; theater production services; operation of golf facilities; health club services (fitness training); sports camp services; presentation of live performances; film projection; organization of shows (impresario services); holiday camp services [entertainment]; movie studios; news reporter services; provision of on-line electronic publications, not downloadable; music hall services; education services, namely conducting of courses, seminars, presentations, video presentations; provision of educational material, namely dissemination of material in the field of financial knowledge; education services in the field of tourism; services of provision of information in the field of tourism, namely services of provision of information regarding reservation of tickets for recreational events; services of provision of information in the field of tourism, namely services of provision of information regarding entertainment; services of provision of information in the field of tourism, namely services of provision of information regarding planned sporting, cultural and recreational activities; services in connection with entertainment for tourist assistance; tourist reservation services, namely activity and entertainment reservation services; assistance services for tourists concerning reservation of tickets for recreational events; assistance services for tourists concerning planned sporting, cultural and recreational activities; presenting of

prizes rewarding the authors of exceptional acts or performances; arranging and conducting ceremonies relating to the presentation of prizes and awards.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; carrying out laboratory analyses; design and development of computer hardware and software; professional technical consultancy and engineering services relating to wind and wind energy; design for others in connection with wind energy; industrial design services; design of equipment and installations for generating energy, wind energy and electricity; engineering services, technical consultancy and research for the gas and oil industries; exploration services relating to oil and gas; geophysical probing for the oil and gas industries; oil and gas field analysis; oil and gas prospecting, namely locating and testing of wells; gas and oil well testing; oil and gas pipeline inspection; remote diagnosis and monitoring services in connection with compressors; remote diagnosis and monitoring services in connection with pumps; remote diagnosis and monitoring services in connection with turbo-expanders; remote diagnosis and monitoring services in connection with fuel pumps and fuel distribution equipment; remote diagnosis and monitoring services in connection with compressed natural gas (CNG) refueling equipment; remote diagnosis and monitoring services in connection with gas turbines; remote diagnosis and monitoring services in connection with steam turbines; remote diagnosis and monitoring services in connection with air-cooled heat exchangers; remote diagnosis and monitoring services in connection with steam condensers; remote diagnosis and monitoring services in connection with heavy-wall reactors; remote diagnosis and monitoring services in connection with tubular reactors; information technology solution services in the field of railway and transit industries on a global scale; research, consultancy and technical assistance services in connection with engineering, design and technical development problems encountered by governments, individuals and industrial, commercial and utility companies; computer programming services for others; software design and analysis services for others; information

technology consultancy services; maintenance and updating of computer software for others; software installation; design and analysis of computer systems for others; consultancy services relating to chemical research; scientific consultancy services in connection with the discovery and evaluation of medicines and components with diagnostic, prophylactic and/or therapeutical properties; consultancy services concerning diagnostic methods by means of optical laser systems; tests for high data rate analysis for producing medicines; biotechnology services; technical assistance in connection with factory automation software, namely maintenance of software and periodical updating of software; customized design of security access systems; design and consultancy services relating to configuration of systems used in fiber-optic technology applications; technical assistance services, namely resolution of problems in connection with computer hardware, video and electronic communication and computer software; technical consultancy services relating to information technology and software in the field of access and security systems; technical consultancy services relating to surveillance cameras; customized design of security systems, access systems and systems for checking inventories and tangible assets for others; laboratory and testing services for liquid separation and membrane testing; engineering and technological consultancy services regarding water treatment; engineering and technological consultancy services regarding water supply systems; engineering and technological consultancy services regarding cooling water circuits; engineering and technological consultancy services regarding industrial boiler water systems; engineering and technological consultancy services regarding systems for water supply and industrial processes; engineering and technological consultancy services regarding industrial fuel treatment systems; engineering and technological consultancy services regarding pulp and paper making systems; engineering and technological consultancy services regarding systems for treating plastics and metals; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of water supply systems; engineering and technical assistance services concerning the design and configuration of systems comprising computer

hardware and software for use in treatment of pulp and paper making systems; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of oil and petrochemical product treatment systems; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of metal and plastic finishing operations; consultancy services in all the aforesaid fields; chemical testing concerning supply of chemical treatment products via industrial water systems; programming for information processing machines, in particular programming services in the field of electronic money; development of computer programs for securing data transfers; industrial research and development services in the field of information technology; all technical consultancy in the field of information technology; development of computerized databases and computer programs; development of software concerning machines, apparatus and instruments; rental of data processing apparatus; computer engineering services; consultancy regarding computer programming and data processing, particularly in connection with financial transactions; hosting of computer sites (Web sites); maintenance of software; provision of Internet search engines; quality control; computer data recovery; research and development of new products (for others); technical project studies; surveying; updating of software; maintenance of software, engineering, testing and research concerning electric machines, apparatus and instruments, computer rental; recovery of data, images, documents, mails, messages and audio and video data via local or global communication networks; recovery of data, images, documents, mails, messages and audio and video data via the Internet, intranets, extranets, television; recovery of data, images, documents, mails, messages and audio and video data via mobile communication networks, cellular networks and satellite networks; identification and testing of microbiological organisms; management of value-added data computer servers comprising multimedia systems, interactive videography, global computer networks for telecommunications; consultancy regarding information technology management; industrial research, development and testing in the field
