

香港特別行政區政府知識產權署商標註冊處  
Trade Marks Registry, Intellectual Property Department  
The Government of the Hong Kong Special Administrative Region

### 接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

### ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

Class(es) No(s) .:

[511] 貨品/服務說明 : Class 9:  
Specification: (A) Computer software for the recording,  
transmission and reproduction of sound, images  
or data; Broadband wireless equipment, namely,  
telecommunications base station equipment for  
cellular and fixed networking and  
communications applications; Computer hardware  
and recorded software for setting up and  
configuring local area networks sold as a  
unit; Computer hardware and recorded software  
for setting up and configuring wide area  
networks sold as a unit; Computer hardware for  
telecommunications; Computer networking  
hardware; Computer software for internet  
access, streaming media and content delivery;  
Computer software for location-based  
transmission of information; Geolocation  
software; LAN (local area network) access  
points for connecting network computer users;  
Mobile device software for use in  
teleconferencing and video conferencing;  
Network access server hardware; Computer

software to enable uploading, downloading, accessing, posting, displaying, streaming, linking, sharing or otherwise providing electronic media or information via computer and communication networks; Software and software applications to enable transmission, access, organization, and management of text messaging, instant messaging, web links, locations and images via the Internet and other communications networks.

Class 38:

(B) Telecommunications consultation; Information about telecommunication; IP (Internet Protocol) telecommunications services; Rental (lease) of equipment for telecommunications. (C) Communications services, namely, providing network access points through which information on the global computer information network passes from one global computer information network service provider to another; Communications services, namely, the transmission of audio and video signals by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; Personal communications services; Providing a high speed access to area networks and a global computer information network; Providing computer network access services to others by means of Ethernet services, managed router services and virtual private networks (VPN); Providing facilities and equipment for telecommunication access services; Providing facilities and equipment for video conferencing and telepresence conferencing; Providing communication facilities, equipment and voice, data, graphics, images, audio and video transport-based communication services for use by cloud computing providers; Content delivery networking services, namely, delivering content on behalf of others (communication services); Providing voice communication services via the Internet; Session initiation protocol (SIP) trunking services (communication services); Telecommunication services, namely, cloud-based telephone, telephone voice and electronic messaging, teleconferencing and video conferencing, and mobile telephone communication; Telecommunication services, namely, private branch exchange (PBX) dialing services and private branch exchange (PBX) wireless services; Telecommunications gateway services; Telecommunications services, namely, Integrated Services Digital Network (ISDN) services; Teleconferencing and video

conferencing services; Telephone services provided via prepaid telephone calling cards; Telephony communication services; Time division multiplexing (TDM) services, namely, providing for the transmission of multiple digitized data, voice, and video signals using broadband networks; Voice over Internet Protocol (VoIP) services; Communications services, namely Local Area Networking (LAN) communication services, Wide Area Networking (WAN) communication services, wavelength communication services and Ethernet networking communication services.

Hong Kong
- [511] 類別編號 : 9, 42  
Class(es) No(s) .:
- [511] 貨品 / 服務說明 : Class 9:  
Specification: Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, blank digital or analogue recording and storage media; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating devices, data processing equipment and computers; computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive

entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); computer, electronic and video games programmes and software (including software downloadable from the Internet); computer board game software; computer game software, downloadable; computer game software, recorded; computer video game programs; computer applications for streaming audio materials, video materials, videos, music, and images; digital media streaming devices; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); digital music (downloadable from the Internet); downloadable games, pictures, motion pictures, movies and music; alarm systems; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor

memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information,

data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites;

computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; design, development, updating and upgrading of computer and video games software; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

through a web browser; downloadable computer  
software for accessing, viewing, and  
controlling remote computers and computer

networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); computer, electronic and video games programmes and software (including software downloadable from the Internet); computer board game software; computer game software, downloadable; computer game software, recorded; computer video game programs; computer applications for streaming audio materials, video materials, videos, music, and images; digital media streaming devices; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); digital music (downloadable from the Internet); downloadable games, pictures, motion pictures, movies and music; alarm systems; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and

firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing

on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; design, development, updating and upgrading of computer and video games software; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer

networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

computer screen saver software, recorded or downloadable; computer network monitoring and control systems; communications and networking software; computer software and telecommunication apparatus to enable connection to databases and the global communication network; computer software and computer programs for digital certification; computer software and programs for mobile application acceleration; computer software and programs for collection and management of big data; application, database, web and file servers; computer software for hosting of digital content on the Internet; computer software for network and information technology security; content distribution network (CDN) systems; computer hardware and software for use in data transformation, indexing, conversion, storage, retrieval, distribution and in record management; apparatus and instruments for monitoring of telecommunication network and data communication networks; computer software for use in resource planning; Internet and web-based application software; apparatus and equipment for recording, processing, receiving, reproducing, transmitting, modifying, compressing, decompressing, broadcasting, merging and/or enhancing sound, video images, graphics and data; computer firmware; computer hardware and computer software for a wireless technology to provide communication between multiple computers and between computers and local and global computer networks; digital communication systems; network interface devices; network communication apparatus; voice messaging systems; on-line and off-line electronic payment apparatus; computer software and application software for use with mobile phones for providing travel information, including information about flights, hotels, travel attractions, insurance, to users; software for the uploading, posting, displaying, tagging, blogging, sharing or providing of electronic media or information over communications networks or the Internet; personal information management software; portable telecommunication instant messaging devices; game software and entertainment software for use with mobile devices; downloadable publications and software supplied on-line from a mobile telecommunication network or the Internet; computer hardware and software for facilitating and processing electronic payment

and for transferring funds to and from others; billing application software specifically designed to facilitate automated payment of multiple bills; bank credit, debit, cash, cheque and identification cards, all being encoded or magnetic; encoded cards used in relation to the electronic transfer of funds and other financial transactions; cash payment service computer terminals; sound recording strips; PDA (personal digital assistant); blockchain-based computer software and application software [downloadable]; cloud computing software; encryption software for use in the field of virtual currency and cryptocurrency; security tokens [encryption devices]; bank note counters; counterfeit bank notes and coin detecting machines; apparatus for processing card transactions and data relating thereof and for payment processing; card readers and authentication apparatus for encoded or magnetic data carriers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; video tapes, audio tapes, compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash dispensers cards; cash dispensers and parts and fittings therefor, talking machines, cash registers, automatic teller machines; computer hardware and software, computer programmes for use in cash dispensers and all relating to banking; computer software to enable sharing of multimedia content and comments among users about businesses operations, to send and receive electronic messages and conduct audio and video teleconferences; credit screening software; quantity indicators; electronic billboards; global positioning system (GPS) apparatus and instruments; security surveillance robots; computer programs for monitoring; identity cards, magnetic; encoded magnetic cards; magnetic data media; computer hardware; computer application software for cellular phones; computer database; computer programs for use in database management; databases; databases (electronic publications); card readers for credit cards; cards for use as credit cards (encoded or magnetic); computer terminals for use with credit cards at point of sale; credit card controlled ticket issuing machines; credit card embossing machines (computer peripherals); credit card encoding machines (computer peripherals); credit card imprinters, electric; credit card payphones;

credit card processing terminals; credit card terminal; terminals for electronically processing credit card payments; terminals for processing credit card transaction; terminals for processing credit card; terminals for the electronic payment of charges with credit cards; banking cards (encoded or magnetic); banking cards (encoded or magnetic) for debit purposes; computer programs for simulating the trading in futures and options; automatic distributors for pre-payment apparatus; electronic modules; electronic and computer apparatus and instruments for debiting and/or crediting financial accounts and/or for paying for goods or services; computer, electronic and video games programmes and software (including software downloadable from the Internet); audiovisual teaching apparatus; cards for electronic, optical or magnetic storage of data for use as customer loyalty cards; computer software and electronic user manuals for use in connection with fraud management in the fields of financial, debit, and credit card services; automatic ticket dispensing machines; electronic anti-theft devices; computer operating system software; network operating software; computer software development tools; website development software; computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software for developing and operating cloud computer networks and applications; computer software for use in database management; computer software platforms for cloud computing networks and applications; computer software enabling commerce over a global communications network; interactive computer software; computer software platforms for e-commerce; computer software and telecommunications apparatus (including modems) to enable connection to databases and the Internet; computer software to enable searching of data; computer application software for blockchain-based platforms, namely, software for distributed applications; computer software platforms for distributed computing platforms; computer software platforms for blockchains; scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, lifesaving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or

controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire extinguishing apparatus; credit cards; debit cards; all included in Class 9.

Class 35:

Advertising; publicity; on-line advertising on a computer network; commercial information agency services; business management consultancy; business appraisals; professional business consultancy; business advice and information; providing business information via a web site; business research; commercial information and advice for consumers in the choice of products and services; commercial intermediation services; marketing and promotional services; business and market research and consultancy; business inquiries; business investigations; business management; business organization consultancy, assistance and advisory services; business administration, office functions; rental of advertising space on communication media; rental of advertising time on communication media; on-line trading services relating to electronic auctioneering and providing on-line business evaluation relating thereto; compiling, maintaining and providing business directories; business evaluation services; business and commercial information services, all provided on-line from a computer database, computer network, global computer network or the Internet; commercial information services provided by access to a computer database; economic analysis for business purposes; business referral services; tax services (business management and accountancy services); accounting; administrative processing of purchase orders; systematization and compilation of information into computer databases; data handling, processing, updating, administering, storage, retrieval, maintenance and management services; advertising by mail order; the bringing together, for the benefit of others, of a variety of goods and services, enabling customers to conveniently view and purchase

those goods and services from an Internet web site particularly specializing in the marketing of the sale of goods and services of others; Internet retail services; presentation of goods on communication media, for retail purposes; sales promotion and management for others; procurement services for others (purchasing goods and services for other businesses); opinion polling; sponsorship search; providing shopping information; catalogue mail order services; business strategies; online business networking services; arranging and conducting of fairs and exhibitions for business purposes; digital currency business networking services; business administration and business management in the field of financial services, financial technology, digital currency, cryptocurrency and virtual currency, and blockchain technology information, consultancy and advisory services relating to all the aforementioned services; business advisory services and business information relating to banking, finance, monetary affairs and the stock market; company record keeping; employee benefit services; company data information services; economic advisory services; preparation of statement of account; book-keeping; cost price analysis; market studies; marketing research; marketing; marketing services; provision of an on-line marketplace for buyers and sellers of goods and services; public relations; auditing services; payroll preparation; telephone answering (for others); arranging subscriptions to telecommunication services for others; invoicing; relocation services for businesses and corporations; data search (for third parties) in computer files; commercial administration of the licensing of the goods and services of others; import-export agency; targeted marketing; website traffic optimisation; administration relating to marketing; design of marketing material; planning of marketing strategies; preparation of reports for marketing; product marketing; provision of information relating to marketing; provision of customer loyalty, incentive and reward programs; management, supervision and promotional services relating to customer loyalty, incentive and reward programs; promoting the sale or provision of the goods or services of third parties through customer loyalty, incentive and reward programs, merchant currency for single or multiple merchants; customer relationship management; registration services (customer

services) for credit cards, charge cards, cash cards, cheque guarantee cards, debit cards, payment cards, financial cards and purchase cards, merchant currency for single or multiple merchants; managing and tracking credit card, debit card, automated clearing house, prepaid cards, payment cards, and other forms of payment transactions via electronic communications networks for business purposes; providing a directory of third party web sites to facilitate business transactions; promotion; administration of consumer loyalty programs; operating on-line marketplaces for sellers of goods and/or services; compilation, provision, storage and retrieval of business and commercial information; marketing, promotional and advertising services, all provided on-line from a computer database or the Internet; data processing services; compilation and transcription of data; database management services; electronic database management services; interactive database information management services; compilation of advertisements for use as web pages on the Internet; compilation, storage, analysis and retrieval of business information; price comparison services; provision of price information relating to the supply of consumer goods and services including insurance, telecommunication services, utilities and financial products; price analysis services; price comparison of other vendors; on-line, offline and telephone based price comparison service within the following industries: utilities, telecommunications, personal finance, insurance, tax advice, accountancy, real estate; performance comparison of the goods and services of others; advertising of the goods or services of other vendors, enabling customers to conveniently view and compare the goods or services of those vendors; arranging of contracts for the buying and selling of goods and the use of services for others, and the billing therefor (office functions) including via an electronic marketplace; advertising and marketing, including on digital networks; arranging subscription to utilities for others; business intermediary services for the provision of banking, telecommunications and utilities; auctioneering services including via the Internet; corporate communication services; information and advisory service relating to all of the aforesaid services; all included in Class 35.

## Class 36:

Instalment loans; capital investment; loan [financing]; financing services; mortgage banking; financial analysis; financial consultancy; financial information; debt advisory services; providing financial information on-line from a computer database or Internet; providing financial information via a web site; credit bureaux; banking; banking services; mutual funds; fund investments; savings bank services; financial and asset management; financial planning; investment services; securities financing; commodities brokerage and trading; securities brokerage services; options and margin trading services; bullion broking; currency exchange; provision of security margin financing facilities; custodian trustees and nominees; financial brokerage; corporate financing services; credit card services; lending services; investment information; insurance information; arranging of discount and privileges at selected merchants exclusively for credit card holders; financial transaction services, namely, electronic funds transfer; electronic funds transfer; exchanging money; on-line banking; provision of electronic payment services; financial transaction services, namely, providing secure commercial transactions and payment options using a mobile device at a point of sale; electronic credit card transaction processing, debit card services, pre-paid purchase card services, namely, processing electronic payments made through prepaid cards and processing electronic payment through pre-paid cards, processing electronic payments made through loyalty cards; charge card services and cheque guarantee services; electronic payment, namely, electronic processing and transmission of credit card transactions, wireless wallets, mobile wallets, electronic wallets, wireless credit, debit and prepaid credit cards; issuance of stored valued cards; providing secure commercial transactions and payment options relating to finance; bill payment services; automated payment services; electronic payment services conducted via a global communications network; management and execution of electronic bill payment, electronic purchase payments, fund transfers, and other value exchanges, management and execution of financial transactions using mobile communication devices; clearing and reconciling financial transactions via a global computer network; providing a wide

variety of payment and financial services, namely, issuing credit cards and lines of credit, processing and transmission of bills and payments thereof, bill payment services with guaranteed payment delivery, and brokerage of money market funds, all conducted via a global communications network; reimbursement of funds for disputed items in the field of electronic payment purchasers; providing purchase protection services (financial services) for goods and services purchased by others via a global computer and wireless networks; credit services, namely, providing revolving credit account services; electronic foreign exchange payment processing; payment processing services, namely, providing virtual currency transaction processing services for others; providing secure financial transaction in the nature of electronic cash transactions, electronic credit card transactions, electronic debit transactions, electronic check processing transaction and electronic transmission of bill payment data via a global computer network; Internet-secure electronic transaction solutions for ecommerce, namely processing electronic custody, banking, cash management, trade finance transactions and payments; financial administration services; issuance and redemption of cryptocurrency, digital currency, electronic cash and electronic money; issuing of notes, coins, drafts and bills of exchange; agency services for buying, selling and storing gold coins and bars; investment services and analysis services of gold; registration services for credit cards, charge cards, cash cards, cheque guarantee cards, debit cards, payment cards, financial cards and purchase cards; telephone banking services; mortgage bank insurance; research and advisory services relating to banking, finance, monetary affairs and the stock market; valuation of businesses and companies; investment banking services; financial trading; financial management and administration of digital assets such as cryptocurrency, digital tokens, virtual currency and digital currency; raising of capital; investment management; private equity funds services; hedge funds; investment trust services; executor and trustee services; electronic banking services and financial services; safety deposit and issuing of travel vouchers services; safety deposit and issuing of e-coupons and e-tickets services; financial evaluation [insurance, banking, real estate];

stock exchange quotation services; credit verification via global computer information network; electronic credit risk management service; financial accounts debiting and crediting services; telephone credit card services; tax information supply (financial services); charitable fund raising; organizing of charitable collections; charitable collections; rental of paper money and coin counting or processing machines; rental of cash dispensers or automated-teller machines; arranging finance for construction projects; monetary transaction services; automated payment of accounts provided on-line from the Internet; international commodity trading and exchanges services for others; international financial exchange and monetary services; integrated financial clearing house services; investment fund transfer and transaction services; operation of financial derivatives markets; financial derivative and trading services relating to bitcoins; providing a virtual currency for use by members of an on-line community via a global computer network; electronic financial trading, namely trading in the field of digitised assets such as bitcoins, crypto currency, digital tokens, virtual currency and digital currency; insurance brokerage; financial sponsorship; investment schemes and accounts; on-line financial, banking, savings, payment and credit facilities; home banking and Internet banking; advisory, consultancy and information services relating to the aforesaid services; cash management; cheque account services; verification of cheques; organising financial collections; credit agency; credit brokerage; credit recovery agency; provision for finance for credit sales; debt collection and recovery agency; factoring; debt factoring; deposit taking; discount card services; escrow services; provision and raising of finance; hire-purchase financing; investment advice; investment research and survey; issuing and redemption of travellers' cheques and gift cheques; lease-purchase financing; lending against security; lending on mortgage; arranging and provision of loans against security; market-making; merchant banking; money order services; mortgage broking; pawn broking; pension services; investment portfolio management services; preparation of financial reports and analyses; provision of information relating to rates of exchange; savings account services; share underwriting; financial studies; provision of finance for

consumers; provision of finance for trade credit; unit trust services; estate agency and management services; stock broking agency services; bonding; fiduciary services; provision of financial guarantees; surety services; share registration services; professional consultancy services relating to banking or finance; conducting surveys relating to banking or finance; insurance; financial affairs; monetary affairs; real estate affairs; processing of credit card payments; processing of debit card payments; business liquidation services, financial; organization of collections; provision of financial information via an on-line calculator; provision of on-line financial calculators; electronic settlement of account via mobile wireless Internet; financial management; mortgage financing services; provision of home equity loans; financial leasing and management services; loan financing and financing related services provided on-line from a computer database or the Internet or on a mobile application; financial services relating to credit card customer loyalty and reward programs; providing rebates at participating establishments of others through use of a membership card; credit card cash advance services; credit card issuance; personal loan services; mortgage services; deposit services; arranging insurance; estimates for financial purpose; financial assessments relating to insurance, banking and real estate; issue of securities; futures brokerage; stock market services; art appraisals; brokerage of real estate; evaluation of real estate; pawn brokerage; provident fund services; insurance intermediary services; financial intermediary services; provision of advice relating to the supply of insurance and insurance products; provision of financial advice relating to the supply of consumer goods and services including insurance, telecommunications services, utilities, financial products, tax advisors, estate agents; financial forecasting and analysis; financial strategy planning services; credit intermediation; broking and brokerage services in relation to insurance, banking, financial services, telecommunications and utilities; all included in Class 36.

Class 38:

Consulting services relating to electronic data interchange in the field of banking and finance; message sending; computer aided

transmission of messages and images; electronic bulletin board services; electronic bulletin board services [telecommunications services] for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing user access to global computer networks; providing Internet chatrooms; providing access to databases; transmission of greeting cards on-line; transmission of digital files; providing online forums; streaming of data; wireless broadcasting; providing electronic transmission of credit card, charge card, stored value and debit card and on-line account payment data via a global computer network; transmission of information for carrying out transactions in electronic form over the Internet or other communication networks or other electronic means (including all mobile or wireless devices); telecommunication services for the transmission, provision or display of information from a computer-stored information bank or via the Internet; providing multi-user access to secure computerised information network for the transfer and dissemination of a range of information in the field of financial services; on-line electronic transmission services for use in handling of secure payment transactions; providing electronic mail and electronic mail forwarding services; providing access to a web site on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; providing access to electronic calendar, address book and notes feature, via local and global computer networks; electronic transmission of data and information; information, advisory and consultancy services relating to all the aforesaid services; transmission of text, data, pictures, images, video, voices, information and messaging by mobile devices and computer terminals; leasing of access time to a central database server; instant messaging services on mobile phones and computer terminals; communication services over mobile telecommunication networks and computer networks; communication services for accessing a database; Internet protocol transmission services; communications via fiber-optic networks; pay-mobile telephone

communication services; telecommunication services relating to banking, financial and insurance services; transmission (including on-line transmission) of financial transactions; computer aided transmission of messages, documents, data, information and images; news agency services; rental of message sending apparatus; telegraph services; wire services; telecommunication of information, web pages, computer programs and data; providing access to on-line databases in the fields of portfolio management tools and account information; providing access to on-line databases relating to news, information research, data, analysis, all for use in the fields of investment, finances, and financial planning; providing access to on-line databases in the fields of portfolio management, tools and account information via a global communication network; providing access to databases relating to financial decision making tools and financial investment research tools via a global communication network; providing access to on-line databases relating to news, information, research, data, analysis, all for use in the fields of investments, finances, and financial planning, via a global communication network; providing direct connection services between computer users for exchanging data; providing computer access and leasing access time to on-line interactive bulletin boards and databases; transmitting information, data, documents, and images over the Internet; providing an on-line access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; videoconferencing services; video-on-demand transmission; communication services; communication services between computers; communication services for the electronic transmission of data; communication services for the transmission of information; communication services for the transmission of information by electronic means; providing customers with on-line access to on-line reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; telecommunication services by providing on-line collaboration services allowing users to access applications, platforms, jointly-shared

documents, data and task lists; providing telecommunication channels for teleshopping; digital transmission of voice, data, images, audio, video, signals, messages and information; mobile and electronic communication services; data transfer and information transfer services via computer networks; television broadcasting; communications by computer terminals; mobile phone communications; electronic files and data transfer; telecommunications of information (including web pages), computer programs and any other data; electronic mail services; providing user access to the Internet; providing telecommunications connections to the Internet or databases; providing access to ecommerce platforms on the Internet; providing access to a global computer network to facilitate peer-to-peer transactions; providing multiple-user access to a global computer information network; telecommunications services relating to the provision of secure transactions on the Internet; telecommunications; all included in Class 38.

Class 42:

Computer programming; computer software design; updating of computer software; maintenance of computer software; computer system analysis; computer system design; computer software consultancy; software as a service [SaaS]; software as a service (SaaS) services for database design and development; software as a service (SaaS) services for use in database management; web site design consultancy; cloud computing; computer virus protection services; technological consultancy; computer technology consultancy; computer security consultancy; consultancy in the design and development of computer hardware; conversion of data or documents from physical to electronic media; data security consultancy; data encryption services; electronic data storage; information technology [IT] consultancy; consulting in the field of information technology; consulting in the field of information technology related to insurance; providing information on computer technology and programming via a web site; computer services in relation to providing an interactive website featuring technology that allows users to enter, access and synthesize information and generate reports for use in insurance selection and underwriting; designing, creating and hosting of bill payment websites; data conversion from one

digital/electronic format to another; computer services; computer system software services; design and development of web pages; advisory and consultancy services relating to all the aforesaid services; platform as a service [PaaS]; computerised business information storage; rental of computer software; providing computer or wireless terminal application services featuring software to enable or facilitate the uploading, posting, displaying, tagging, blogging, sharing or providing of electronic media or information over communications networks or the Internet; providing computer services for downloading computer software via mobile telecommunication networks and the Internet; maintenance and upgrading of computer networks; computer network and time-sharing services; design, development, updating and upgrading of game software and entertainment software; hosting computer sites (web sites); rental of web servers; providing search engines for the Internet; computer development services for intranet and web-based portals; computer services provided online, interactive or via the Internet; design and development of computer hardware and software for authentication of identity; computer consultancy services relating to electronic business transactions; providing temporary on-line use of non-downloadable software for use in financial trading, financial transaction, financial management and administration, electronic commerce, payment processing via global communications network, and financial management and administration of digital assets; providing temporary on-line use of nondownloadable software; providing on-line nondownloadable computer software for use in blockchain technology; designing, creating and hosting an on-line platform for processing electronic payment, financial trading, financial transaction, financial management and administration, electronic commerce, payment processing via global communications network, and financial management and administration of digital assets; technical research, information, consultancy and advisory services relating to all the aforementioned service; technical project studies; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document

collaboration, video conferencing, and voice and call processing; application service provider (ASP), namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases; technical support (technical consultancy) services relating to computer software and applications provided on-line, by email and by telephone; computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer service relating to creating indexes of information, sites and resources on computer networks; computer integration services; hosting computer application software for searching and retrieving information from databases and computer networks; product testing and evaluation services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer services relating to certification of business transactions and preparation of reports therefor; security of data transmission and of transactions via computer network; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; authentication services for computer security; off-site data backup; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; rental of computer hardware and software for use in electronic banking services; updating of game software in the Internet; creating and maintaining web sites for others; design, development, rental and leasing of computers and computer software for use in banking or financial services; scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; design and development of computer hardware and software; design and development of multimedia software applications; software design for mobile applications; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; electronic monitoring of personally identifying information to detect

identity theft via the Internet; graphic art design; conversion of computer programs and data, other than physical conversion; electronic monitoring of credit card activity to detect fraud via the Internet; database design; design of computer databases; design and development of on-line calculators; hosting of on-line calculators (computer services); research and development of new products for others; quality control; valuation of intangible assets; providing on-line non-downloadable operating software for accessing and using a cloud computing network; providing on-line non-downloadable software for software development and website development; providing on-line non-downloadable software for operating and maintaining computer networks and servers; providing on-line non-downloadable software for database management; providing a full line of on-line non-downloadable business and application software; providing information in the fields of computers, computer software, computer networks and the development and operation of computer systems, software and networks; computer services relating to customization of computer hardware and software; computer hardware and software consulting services; consulting in the field of cloud computing networks and applications; design and development of networks and network software and applications; leasing computer facilities; design and development of computer software for e-commerce portals; providing (hosting) an on-line platform and interactive website for use in providing retail and ordering services for a wide variety of consumer goods and services of others; electronic storage of files, documents and databases; design, development, and implementation of software for distributed computing platforms; design, development, and implementation of software for blockchains; software development and product development consulting in the field of distributed computing platforms; analysis of product safety information by using algorithms; product safety testing services; safety testing of consumer products; technical advice relating to product safety; digitization of document [scanning]; development of computer platforms; all included in Class 42.

Class 45:

Personal and social services rendered by others to meet the needs of individuals; social media services, namely, providing

online platform and database to supply customer-specific information to meet individual needs; on-line social networking services; providing information relating to social networking; user authentication and verification services for payment transaction; user authentication services for secure access to financial account information; providing user authentication of electronic funds transfer, credit and debit card and electronic check transactions via a global computer network; social introduction and networking services; providing user authentication services in e-commerce transactions; identity verification services; on-line identity verification services; document verification services; online document verification services; providing authentication of personal identification information; providing authentication of identity in the nature of authentication of personal identification information; identity theft and fraud prevention services; advisory services, including on-line, relating to identity verification and document verification; providing information, including on-line, about identity verification and document verification; legal services; security services for the physical protection of tangible property and individuals; consultancy, information and advisory services relating to the aforesaid services.
