

香港特別行政區政府知識產權署商標註冊處  
Trade Marks Registry, Intellectual Property Department  
The Government of the Hong Kong Special Administrative Region

### 接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

### ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

Specification:

Downloadable electronic newsletters in the fields of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management; downloadable electronic newsletters delivered by e-mail in the field of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management; computer software for use in health care database management; electronic databases in the field of health care claims review, managed care utilization rates, and health care coding and reimbursement, recorded on computer media; computer software, namely, an application for collecting and analyzing information in the process of underwriting health care insurance; computer software used for the secured transmission of health care data and health insurance data via a global computer network; computer software for case management in the field of health care; computer software for data processing in the field of health care; computer software for providing data analysis of member-provider relationships; computer software for use in analyzing and generating reports on health care data; coding and compliance software programs used in the health care industry; databases for coding evaluation in the healthcare industry; database management software provided to health care providers in the health care and insurance industries for health information and physician credentialing management and tracking; downloadable electronic publications in the nature of books and newsletters in the fields of health data, health management, insurance, and medical diagnosis coding; computer software for use in developing other computer software for conducting health related transactions in the healthcare and insurance industries and accompanying user manuals sold as a unit therewith; computer software for use in accessing health information and conducting health-related transactions via computer and communication networks; computer software that allows the maintenance of reimbursement terms,

formulas, and rates associated with managed care contracts and that calculates expected reimbursement for both the inpatient and outpatient settings using a variety of reimbursement strategies including case-based, per diem, tiered per diem, discounted charges, and case rates; computer software featuring a window environment for creating healthcare provider directories; computer software used for comparing and analyzing facility and medical device utilization data, financial data, and clinical data in the health care industry; computer software for analyzing and communicating the accessibility of managed care networks; computer software providing database analysis and management for use in the healthcare industry for bill auditing, treatment management, treatment guidelines and parameters, provider analysis, fraud management and control, coding verification, and pricing and payment; computer software databases containing payor and provider data of medical, dental, anesthesia, and workers compensation prices, billing, and payment rules, and containing treatment guidelines and parameters, for use in the healthcare industry; customized downloadable computer databases featuring business data and information regarding drug prescriptions; computer software for use by health care providers to control and manage patient information; computer software for integrating patient data taken from medical devices, laboratories and information systems; computer software for automating caregiver workflow; computer software for accessing and analyzing medical information databases; computer software for scheduling and tracking patients, personnel and the use of medical facilities; computer software for tracking and reporting patient and health care provider information and instruction manuals sold therewith; computer software for capturing, storing, organizing, exchanging and reporting data from medical equipment, for automated patient charting and data storage, to assist health care providers in their review and assessment of patients' conditions; computer documentation system comprising computer software for recording clinical documentation in an electronic medical record and pattern encoded paper; software for tracking, analyzing, and reporting hospital resource location and information for movement within a healthcare facility or system; computer software for automated patient management and clinical documentation for use by healthcare providers; computer software for managing the transmission of data between two different computer software systems; computer software for tracking, reporting, and communicating information related to patient care, hospital administration, hospital operation, hospital department management, patient billing, and patient charging and coding; computer software for tracking and reporting medical and health care information in the fields of patient, medication reconciliation, documentation creation, and health care provider information; computer software and manuals sold as a unit for monitoring and reporting the status and locations of patients and resources in a health care facility; software for managing data for use by health care facilities; revenue management software that captures and calculates charges for services provided to patients by health care institutions, infusion centers, and

chemotherapy/oncology organizations; computer software for providing communication between health care providers concerning patient, clinical and insurance information, storing and managing patient information, generating prescriptions and storing and managing prescription information, locating price information and ordering medical and office supplies and services, scheduling and tracking patient appointments, generating and filing insurance claims, generating, storing and managing referral information and creating, storing and managing administrative information; computer software for use in the communication of personal and medical information for patients.

Class 16:

Printed materials, namely, pamphlets, magazines, and brochures regarding physical and mental health, substance abuse, legal and financial issues, and daily living problems; newsletters in the fields of health care and employee assistance services; books on health data and health management; printed materials, namely, newsletters, pamphlets, manuals, printed guides, and booklets in the fields of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management, and insurance; printed materials, namely, brochures, forms, reports, and booklets, all featuring information regarding comprehensive eldercare services and eldercare needs.

Class 35:

Business management services in relation to health care utilization and review services; medical cost management; business organization and administration services for health care providers; providing medical business directory information services regarding health care professionals and health care provider organizations; promoting the medical services of others by dissemination of prior effectiveness record information indicating that the providers meet certain criteria; business development and administration of group purchasing programs as a value-added employee benefit; medical and health-care cost/price analysis; business administration of a discount program for enabling participants to obtain health care services from a network of health care providers; cost management services for health benefit plans of others; business management consultation, namely, development of health care delivery systems for independent practice associations, medical clinics and other forms of physician organizations; business consultation to the health care industry in the fields of the development and implementation of policies, practices, and quality assurance; promoting the sale of credit card and debit card accounts through the administration of a discount program for enabling participants to obtain discounts on goods and services through use of discount membership cards and purchasing with a credit card or debit card; promoting the goods and services of others through the distribution of discount membership cards; accounting services in relation to accounts receivable services; administration of business payroll for others; providing telephone answering services; business administration services for physician practices; compilation of health care information in electronic format; providing information in the field of business administration of health care and medical

practices; business consultation in the field of management, operation, and development of health care services; providing business management services for healthcare organizations namely, providing practice organization, management and administrative support services to individual physicians or small group practices; cost management services for pharmacy benefit and prescription drug benefit plans of others; business management of pharmacy benefit plans and prescription drug benefit plans of others; mail order services featuring prescription medications, specialty pharmaceuticals, over-the-counter medications, diabetic products, health products, home care products, first aid products, foot care products, eye and ear care products, oral care products, skin care products, vitamins, nutritional supplements, and women's health products; on-line retail store services featuring prescription medications, specialty pharmaceuticals, over-the-counter medications, diabetic products, health products, home care products, first aid products, foot care products, eye and ear care products, oral care products, skin care products, vitamins, nutritional supplements, and women's health products; retail drugstore and retail pharmacy services rendered by telephone featuring prescription medications, specialty pharmaceuticals, over-the-counter medications, diabetic products, health products, home care products, first aid products, foot care products, eye and ear care products, oral care products, skin care products, vitamins, nutritional supplements, and women's health products; business management in relation to physician practice and medical practice management for others; computerized database management in the fields of medical records and medical billing; online company record keeping in relation to business and financial records in the fields of medical records and medical billing; business research in the nature of providing health economics and outcomes research and market informatics to the biotech and pharmaceutical industry; business consultation services for the healthcare industry; outsourcing services in the field of healthcare; provision of computerized business data and business information management in the fields of health care and insurance for health care provider; providing on-line business directory information service featuring electronic healthcare trading partners, namely, healthcare providers and claims processors and payers, including their electronic data interchange capabilities and requirements for healthcare transactions; providing an on-line computer database containing business information concerning physician credentials for health care providers in the health care and insurance industries; providing temporary employment staffing for technical, scientific, and administrative positions for medical, pharmaceutical, and biotechnology research; business consulting and outsourcing in the field of clinical and health economic research services for pharmaceutical, biotech, medical device companies, and other health care companies; provision of business management for clinical trials in the field of investigational drugs, namely, arranging for sites to perform clinical trials, arranging for the import, packaging, shipping, labeling, and distribution of drugs and other investigational supplies to and from the clinical trial

sites, arranging for the central collection of laboratory specimens from clinical trial sites, regulatory submission management for investigational new drugs, and preparing statistical reports resulting from clinical trials; business research and consulting services in the nature of analysis of health care data and in the field of health care data analysis; computer generated information services, namely, providing customized online, non-downloadable computer databases featuring business data and information regarding drug prescriptions; conducting business research and surveys; conducting business surveys in the field of health and wellness; telecommunication warehousing (computerized data storage and retrieval of health data); providing evaluation of personnel requirements information regarding the outcomes, structure, processes, and effectiveness of health care professionals and health care provider organizations to health plan members for use in evaluating and selecting health care professionals and health care provider organizations; promoting health care awareness to members of health benefit plans.

Class 36:

Insurance claims administration; insurance claims processing; administration of pre-paid health care plans in the fields of chiropractic, physical medicine, and complementary and alternative medicines; insurance services, namely, underwriting insurance and reinsurance for pre-paid health care and health, life, dental, vision, and disability insurance; insurance underwriting in the field of excess risk, medical, life, and disability insurance, and insurance administration related thereto including managed care services; providing managed care optical benefits plans for others; insurance and financial services, namely, verifying insurance eligibility, processing and facilitating insurance copayment transactions, administration of employee benefits plans, banking services, credit card services, debit card services, issuing stored value cards, administering deposit and medical spending accounts, consumer lending services, electronic funds transfer, administration of defined contribution plans, administration of health care plans, health transaction clearinghouse services, management of revenue and expense transactions for providers of health and medical products and services; providing financial transaction services to health care practitioners via an on-line computer network, namely, insurance eligibility and verification, referral authorizations, billing and payment in the insurance field; insurance brokerage; financial administration, financial management and maintenance of health savings accounts, medical savings accounts, health reimbursement arrangements and flexible spending accounts; offering consumer-driven health care plans, namely, underwriting, administration, financing, and maintenance of consumer-driven health care plans and defined contribution health care plans; providing online, telephonic and in-person consultation and information regarding retirement fund, life-event financial planning, and credit card and debt financing; health savings account services, namely, providing banking services and savings account administration for consumer-driven health care plans and defined contribution health care plans; medical insurance services,

namely, providing a qualified medical insurance plan with a tax advantaged medical savings account; business banking services; credit and debit card transaction processing services; investment consultation, brokerage and management services; financial investment services in the fields of securities, mutual funds, certificates of deposit, and portfolio management; financial accounts payable services; mortgage banking services, mortgage lending services, mortgage brokerage services; consumer loans and checking and savings account services; commercial lending services; issuing letters of credit; foreign exchange services, namely, foreign exchange transactions; foreign exchange information services and providing for the exchange of foreign currency; financial consultation for educational financial assistance and student loan services; treasury management services; trust management services; cash management services; online banking services; online business banking services; bill payment services; electronic processing and transmission of bill payment data; providing information regarding banking, credit, money management, investing, investments and financial matters; counseling in the field of banking and financial services; provision of consolidated reports of banking and financial activity; financial services, namely, mortgage loan services, home equity financing and revolving lines of credit; trustee services; administration of prescription drug benefit programs; administration of pharmacy benefit programs; prescription drug and pharmacy benefit claims processing services; pharmacy benefit management services; providing on-line information in the field of pharmacy benefits; provision of electronic financial transaction of health insurance claims via computer and communications networks; electronic bill payment services in the health care and insurance industries; claim recovery services for medical insurance payors; insurance consultation services for the healthcare industry; administration of health care service plans; insurance services, namely, claims administration of health care service plans; insurance underwriting and administration in the field of health care; administration of health care service plans and health care benefit plans for medical care services provided to elderly and chronically ill populations; medical billing services; administration of pharmacy reimbursement programs; providing financial reimbursement consultancy to the biotech and pharmaceutical industry in the nature of analyzing current health care payment program reimbursement policy and evaluating product cost-effectiveness for the purposes of product development, product approval and market acceptance; financial administration of pharmacy reimbursement programs and services; provision of financial rating of healthcare organizations; providing an online computer database containing health insurance claims data; consulting services related to databases in the field of health insurance information; insurance claims examination relating to fraud detection, prevention, and recovery of health care insurance; insurance claims assessment services relating to compiling and analyzing statistical health data in order to uncover and identify health care fraud and claims errors; providing an online database for use in research in the fields of health insurance.

## Class 38:

Instant messaging services and e-mail messaging services, namely, providing real time electronic messaging and electronic communications to individuals regarding their health and well-being concerns; providing multiple-use access to a global computer information network in the field of health care; electronic transmission of data and documents via computer terminals; electronic data interchange services; aggregating and organizing electronic transmissions of voice mail, electronic mail and facsimile messages through an on line computerized database; telephone communication management services; computer generated information services, namely, providing access to a computer database in the field of healthcare, medical, pharmaceutical, and health insurance information; secure transmission of medical record data to medical care providers via fax, dedicated electronic mailbox, print servers, and interfaces to electronic medical records (EMRs).

## Class 41:

Providing continuing medical education courses; education services, namely, conducting seminars, courses, conferences, audio conferences, and online seminars in the fields of continuing medical education and health care and well-being, and distribution of course materials in connection therewith; training clinical trial site personnel in the use of tests and rating systems for drug protocol requirements; training clinical trial site personnel in the use of medical and research equipment required by drug protocols; educational services, namely, providing clinical education and training to physicians and hospital managed care personnel in the fields of utilization review, case management, medical cost management, and quality assurance.

## Class 42:

Database development services in the field of health care; computer services, namely, providing analysis of computer databases in the field of health care; providing temporary use of on-line non-downloadable software for health risk assessment and profiling for use in the field of preventative health; quality assurance services in the field of health care; providing temporary use of non-downloadable health database management software for use in evaluating a person or population's health status by analyzing answers to a questionnaire and generating a report that provides behavior modification suggestions to reduce health risks; provision of computer services for enabling practitioners to exchange clinical and laboratory information with laboratories and other healthcare participants; technical support services relating to computer software and applications, namely, providing patient and physician web portals and applications to enable electronic health records, electronic health information exchange, claims processing and telehealth; scientific research and consulting services for others in the field of health care data analysis used to improve management of health care systems; application service provider (asp) featuring software for use in physician practice management; application service provider (asp) featuring software for use in electronic records management in the fields of medical records and

medical billing; application service provider (asp) featuring software for use in revenue management and claims reimbursement management for medical practices; providing temporary use of non-downloadable computer software for use in physician practice management; providing temporary use of non-downloadable computer software for use in electronic records management in the fields of medical records and medical billing; providing temporary use of non-downloadable computer software for use in revenue management and claims reimbursement management for medical practices; application service provider (asp) with a web-based graphic user interface that features software used for coding, compliance and reimbursement management in the health care industry; providing temporary use of on-line non-downloadable software used for coding, compliance and reimbursement management in the health care industry; development and consultancy services relating to computer data warehousing system; data mining consulting services; consultancy services relating to designing, developing, implementing and operating of computer data warehousing system in the field of health care; providing temporary use of an interactive web-based non-downloadable software application used for data management and data assessment, decision-making and as a reporting tool in the fields of health care and health care claims reimbursement providing temporary use of online non-downloadable software for accessing and manipulating health insurance claims data and other medical data contained in an online computer database in the field of pharmaceutical research; research to the biotech and pharmaceutical industry on the clinical outcomes from treatment plans; application service provider featuring software for an on-line searchable database in the field of healthcare, medical and pharmaceutical, and health insurance information; database development in the field of healthcare, medical, pharmaceutical, and health insurance information; providing an online database for use in research in the fields of healthcare, medicine and pharmaceuticals; providing temporary use of non-downloadable software for use in accessing, managing and analyzing data in the field of healthcare, medical, pharmaceutical, and health insurance information;; database development and computer software design; consulting services related to databases in the field of healthcare, medical and pharmaceutical information; research and consulting services for others in the field of medical science; computer systems and applications consultancy services for the healthcare industry; data mining and data mining consulting services; application service provider (ASP) featuring software used for reporting and analyzing medical costs and health care claims data; providing temporary use of on-line, non-downloadable software applications for collecting and analyzing information in the process of underwriting health care insurance; providing on-line, non-downloadable computer software for analyzing cost utilization patterns, transactional data, and financial data in the health care industry; providing online, non-downloadable software for accessing, analyzing, and manipulating health insurance claims data and other medical data; providing on-line, non-downloadable software for use by healthcare providers to verify insurance

coverage for their patients; providing on-line, non-downloadable software for preparing, editing, and transmitting claims, bills, and payments for health care services; providing temporary use of non-downloadable software for use in accessing, managing, and analyzing data in the fields of healthcare, medical, pharmaceutical, and health insurance information; providing medical and scientific research information containing drug safety and other performance metrics for the pharmaceutical industry in the nature of providing an electronic proprietary database designed by epidemiologists containing integrated medical and pharmacy claims data used by purchasers for the purpose of tracking and assessing potential health risks of new or existing pharmaceutical products; providing customized online computer databases featuring information and analytical reports about research in the field of prescribed drugs and pharmaceuticals; consulting services in the field of pharmaceutical research; computer software design and development for others and programming and consultation services, namely, customizing, integration, support, and updating of computer software for use in accessing health information and conducting health related transactions via computer and communications networks in the health care and insurance industries; providing an on-line database in the field of medical, pharmaceutical, and biotechnical research and analysis; conducting clinical protocols and trials for others in the field of investigational drugs; consulting services regarding scientific and technical aspects of clinical trials of investigational drugs, namely, advising others on conducting clinical protocols and trials and regulatory requirements; technical writing for others of clinical report forms that are required by clinical trial drug protocols; technical writing for others of clinical trial reports; database development services to process data collected from clinical trials; computer systems and applications consultancy services; consulting services in the field of computer software used in the field of health care; configuration of computer systems and computer analysis; computer systems integration services; technical support services relating to computer hardware and software, namely, troubleshooting of computer hardware and software problems; computer programming; providing patient health information to computer users, health care personnel and health care institutions, offered via the internet and providing information in the field of health care via a global computer network; hosting of software as a service (SAAS) services featuring software in the field of patient medical information management; hosting of software as a service (SAAS) services featuring software in the field of application and database integration; hosting of software as a service (SAAS) services featuring software for the mining, reporting and analysis of health information exchange (HIE) data; hosting of software as a service (SAAS) services featuring software in the field of controlled access service which maintains databases of patient health information and provides access to such information to health care personnel and health care institutions; providing temporary use of non-downloadable communications software for connecting clinical systems for use in the field of healthcare; providing temporary use

of online non-downloadable computer software for application and database integration in the field of healthcare; providing temporary use of non-downloadable computer software for controlling and managing patient medical information; providing temporary use of non-downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information in the field of healthcare; preparation of biostatistic for scientific research for the pharmaceutical and biotechnology industries; computer services, namely, testing the electronic data interchange transactions of others for the purpose of certification and for compliance with healthcare industry and electronic data interchange laws, including the Health Insurance Portability and Accountability Act.

Class 44:

Medical counselling in relation to hospital admission; patient health care support services in the nature of health care decision support counseling and health care planning for individuals at risk of needing intensive treatment; health care services, namely, disease management programs; provision of medical consultancy in relation to medical case management and disease management namely, provision of specific disease information and medical care to assist patients in managing their own health care and to reinforce the treatment plan; providing health information; providing online, telephonic and in-person medical and psychological consultation and information regarding physical and mental health, and substance abuse for employee; providing online, telephonic and in-person medical and psychological consultation and information in the fields of aging, chronic condition support, medications and drug interactions, special needs assistance, and pet care; providing online, telephonic and in-person medical and psychological consultation and information regarding daily living problems in the fields of parenting, childcare, and eldercare as they relate to health and well being; provision of medical information regarding specific health-related concerns and general health issues by nurse and/or nurse call centers; health care consulting and health care counseling services in the field of preventative health care and total health management, namely, establishing health risk assessment profiles to identify personal and group health risks, personal and group health risk counseling, health care counseling in the field of health risk intervention, health promotion, health risk and behavior modification, and preventative medical assessment and screening; health care services, namely, preventative medical assessment and screening; provision of medical consultancy services in the field of medical triage protocols, policies, and practices; providing an online database featuring medical news and information in the fields of medicine for health care practitioners; providing an on-line computer database in the field of health care used in connection with health and productivity research and analysis; providing health care information online via computer and communications networks; providing information in the field of health and wellness; providing a web site featuring information in the field of health and wellness; health care management services; providing in home health care and health care evaluations;

providing health care information; health care in the nature of health maintenance organizations (hmos), preferred provider organizations (ppos), and fee for service medical services; conducting disease management programs for elderly and chronically ill populations; palliative care services; home health care services; providing online, telephonic, and in-person medical consultation, information, assessment, and referral services for physical health, mental health; medical services in relation to medical case management and disease management services, namely, medical referral of individuals to appropriate health management programs; providing health information and analysis in the nature of the performance of and quality of care provided by hospitals, clinics and other health care providers via a global computer network; providing an online computer database containing medical data in the field of pharmaceutical research.

Class 45:

Providing health care coordination services to individuals, namely, facilitating medical care services, behavior health services, and health care management; verification of physician credentials; provision of social work services in relation to referral services to the elderly in the fields of health care and well-being, wellness and nutrition, medical equipment and medical supplies, transportation, housing and home repair, financial counseling and financial services, insurance services, community services and resources, home security systems and personal emergency response systems, and legal services.

Class (es) No (s).:
- [511] 貨品／服務說明： Class 9:  
Specification: Downloadable electronic newsletters in the fields of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management; downloadable electronic newsletters delivered by e-mail in the field of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management; computer software for use in health care database management; electronic databases in the field of health care claims review, managed care utilization rates, and health care coding and reimbursement, recorded on computer media; computer software, namely, an application for collecting and analyzing information in the process of underwriting health care insurance; computer software used for the secured transmission of health care data and health insurance data via a global computer network; computer software for case management in the field of health care; computer software for data processing in the field of health care; computer software for providing data analysis of member-provider relationships; computer software for use in analyzing and generating reports on health care data; coding and compliance software programs used in the health care industry; databases for coding evaluation in the healthcare industry; database management software provided to health care providers in the health care and insurance industries for health information and physician credentialing management and tracking; downloadable electronic publications in the nature of books and newsletters in

the fields of health data, health management, insurance, and medical diagnosis coding; computer software for use in developing other computer software for conducting health related transactions in the healthcare and insurance industries and accompanying user manuals sold as a unit therewith; computer software for use in accessing health information and conducting health-related transactions via computer and communication networks; computer software that allows the maintenance of reimbursement terms, formulas, and rates associated with managed care contracts and that calculates expected reimbursement for both the inpatient and outpatient settings using a variety of reimbursement strategies including case-based, per diem, tiered per diem, discounted charges, and case rates; computer software featuring a window environment for creating healthcare provider directories; computer software used for comparing and analyzing facility and medical device utilization data, financial data, and clinical data in the health care industry; computer software for analyzing and communicating the accessibility of managed care networks; computer software providing database analysis and management for use in the healthcare industry for bill auditing, treatment management, treatment guidelines and parameters, provider analysis, fraud management and control, coding verification, and pricing and payment; computer software databases containing payor and provider data of medical, dental, anesthesia, and workers compensation prices, billing, and payment rules, and containing treatment guidelines and parameters, for use in the healthcare industry; customized downloadable computer databases featuring business data and information regarding drug prescriptions; computer software for use by health care providers to control and manage patient information; computer software for integrating patient data taken from medical devices, laboratories and information systems; computer software for automating caregiver workflow; computer software for accessing and analyzing medical information databases; computer software for scheduling and tracking patients, personnel and the use of medical facilities; computer software for tracking and reporting patient and health care provider information and instruction manuals sold therewith; computer software for capturing, storing, organizing, exchanging and reporting data from medical equipment, for automated patient charting and data storage, to assist health care providers in their review and assessment of patients' conditions; computer documentation system comprising computer software for recording clinical documentation in an electronic medical record and pattern encoded paper; software for tracking, analyzing, and reporting hospital resource location and information for movement within a healthcare facility or system; computer software for automated patient management and clinical documentation for use by healthcare providers; computer software for managing the transmission of data between two different computer software systems; computer software for tracking, reporting, and communicating information related to patient care, hospital administration, hospital operation, hospital department management, patient billing, and patient charging and coding; computer software for tracking and reporting medical and health

care information in the fields of patient, medication reconciliation, documentation creation, and health care provider information; computer software and manuals sold as a unit for monitoring and reporting the status and locations of patients and resources in a health care facility; software for managing data for use by health care facilities; revenue management software that captures and calculates charges for services provided to patients by health care institutions, infusion centers, and chemotherapy/oncology organizations; computer software for providing communication between health care providers concerning patient, clinical and insurance information, storing and managing patient information, generating prescriptions and storing and managing prescription information, locating price information and ordering medical and office supplies and services, scheduling and tracking patient appointments, generating and filing insurance claims, generating, storing and managing referral information and creating, storing and managing administrative information; computer software for use in the communication of personal and medical information for patients.

Class 16:

Books on health data and health management; printed materials, namely, newsletters, pamphlets, manuals, printed guides, and booklets in the fields of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management, and insurance.

Class 35:

Business management in relation to physician practice and medical practice management for others; computerized database management in the fields of medical records and medical billing; online company record keeping in relation to business and financial records in the fields of medical records and medical billing; business research in the nature of providing health economics and outcomes research and market informatics to the biotech and pharmaceutical industry; business consultation services for the healthcare industry; outsourcing services in the field of healthcare; provision of computerized business data and business information management in the fields of health care and insurance for health care provider; providing on-line business directory information service featuring electronic healthcare trading partners, namely, healthcare providers and claims processors and payers, including their electronic data interchange capabilities and requirements for healthcare transactions; providing an on-line computer database containing business information concerning physician credentials for health care providers in the health care and insurance industries; providing temporary employment staffing for technical, scientific, and administrative positions for medical, pharmaceutical, and biotechnology research; business consulting and outsourcing in the field of clinical and health economic research services for pharmaceutical, biotech, medical device companies, and other health care companies; provision of business management for clinical trials in the field of investigational drugs, namely, arranging for sites to perform clinical trials, arranging for the import, packaging, shipping, labeling, and distribution of drugs

and other investigational supplies to and from the clinical trial sites, arranging for the central collection of laboratory specimens from clinical trial sites, regulatory submission management for investigational new drugs, and preparing statistical reports resulting from clinical trials; business research and consulting services in the nature of analysis of health care data and in the field of health care data analysis; computer generated information services, namely, providing customized online, non-downloadable computer databases featuring business data and information regarding drug prescriptions; telecommunication warehousing (Computerised data storage and retrieval of health data).

Class 36:

Provision of electronic financial transaction of health insurance claims via computer and communications networks; electronic bill payment services in the health care and insurance industries; claim recovery services for medical insurance payors; insurance consultation services for the healthcare industry; providing financial reimbursement consultancy to the biotech and pharmaceutical industry in the nature of analyzing current health care payment program reimbursement policy and evaluating product cost-effectiveness for the purposes of product development, product approval and market acceptance; provision of financial rating of healthcare organizations; providing an online computer database containing health insurance claims data; providing an online database for use in research in the fields of health insurance; consulting services related to databases in the field of health insurance information.

Class 38:

Computer generated information services, namely, providing access to a computer database in the field of healthcare, medical, pharmaceutical, and health insurance information; secure transmission of medical record data to medical care providers via fax, dedicated electronic mailbox, print servers, and interfaces to electronic medical records (EMRs).

Class 41:

Training clinical trial site personnel in the use of tests and rating systems for drug protocol requirements; training clinical trial site personnel in the use of medical and research equipment required by drug protocols; educational services, namely, providing clinical education and training to physicians and hospital managed care personnel in the fields of utilization review, case management, medical cost management, and quality assurance.

Class 42:

Scientific research and consulting services for others in the field of health care data analysis used to improve management of health care systems; application service provider (asp) featuring software for use in physician practice management; application service provider (asp) featuring software for use in electronic records management in the fields of medical records and medical billing; application service provider (asp) featuring software for use in revenue management and claims reimbursement management for medical practices; providing temporary use of non-downloadable computer software for use in physician practice management; providing

temporary use of non-downloadable computer software for use in electronic records management in the fields of medical records and medical billing; providing temporary use of non-downloadable computer software for use in revenue management and claims reimbursement management for medical practices; application service provider (asp) with a web-based graphic user interface that features software used for coding, compliance and reimbursement management in the health care industry; providing temporary use of on-line non-downloadable software used for coding, compliance and reimbursement management in the health care industry; development and consultancy services relating to computer data warehousing system; data mining consulting services; consultancy services relating to designing, developing, implementing and operating of computer data warehousing system in the field of health care; providing temporary use of an interactive web-based non-downloadable software application used for data management and data assessment, decision-making and as a reporting tool in the fields of health care and health care claims reimbursement; providing temporary use of online non-downloadable software for accessing and manipulating health insurance claims data and other medical data contained in an online computer database in the field of pharmaceutical research; research to the biotech and pharmaceutical industry on the clinical outcomes from treatment plans; application service provider featuring software for an on-line searchable database in the field of healthcare, medical, pharmaceutical, and health insurance information; database development in the field of healthcare, medical, pharmaceutical, and health insurance information; providing an online database for use in research in the fields of healthcare, medicine and pharmaceuticals; providing temporary use of non-downloadable software for use in accessing, managing and analyzing data in the field of healthcare, medical, pharmaceutical, and health insurance information; database development and computer software design; consulting services related to databases in the field of healthcare, medical and pharmaceutical information; research and consulting services for others in the field of medical science; computer systems and applications consultancy services for the healthcare industry; Data mining and data mining consulting services; application service provider (ASP) featuring software used for reporting and analyzing medical costs and health care claims data; providing temporary use of on-line, non-downloadable software applications for collecting and analyzing information in the process of underwriting health care insurance; providing on-line, non-downloadable computer software for analyzing cost utilization patterns, transactional data, and financial data in the health care industry; providing online, non-downloadable software for accessing, analyzing, and manipulating health insurance claims data and other medical data; providing on-line, non-downloadable software for use by healthcare providers to verify insurance coverage for their patients; providing on-line, non-downloadable software for preparing, editing, and transmitting claims, bills, and payments for health care services; providing temporary use of non-downloadable software for use in accessing, managing, and analyzing data in the fields of

healthcare, medical, pharmaceutical, and health insurance information; providing medical and scientific research information containing drug safety and other performance metrics for the pharmaceutical industry in the nature of providing an electronic proprietary database designed by epidemiologists containing integrated medical and pharmacy claims data used by purchasers for the purpose of tracking and assessing potential health risks of new or existing pharmaceutical products; providing customized online computer databases featuring information and analytical reports about research in the field of prescribed drugs and pharmaceuticals; consulting services in the field of pharmaceutical research; computer software design and development for others and programming and consultation services, namely, customizing, integration, support, and updating of computer software for use in accessing health information and conducting health related transactions via computer and communications networks in the health care and insurance industries; providing an on-line database in the field of medical, pharmaceutical, and biotechnical research and analysis; conducting clinical protocols and trials for others in the field of investigational drugs; consulting services regarding scientific and technical aspects of clinical trials of investigational drugs, namely, advising others on conducting clinical protocols and trials and regulatory requirements; technical writing for others of clinical report forms that are required by clinical trial drug protocols; technical writing for others of clinical trial reports; database development services to process data collected from clinical trials; computer systems and applications consultancy services; consulting services in the field of computer software used in the field of health care; configuration of computer systems and computer analysis; computer systems integration services; technical support services relating to computer hardware and software, namely, troubleshooting of computer hardware and software problems; computer programming; providing patient health information to computer users, health care personnel and health care institutions, offered via the internet and providing information in the field of health care via a global computer network; hosting of software as a service (SAAS) services featuring software in the field of patient medical information management; hosting of software as a service (SAAS) services featuring software in the field of application and database integration; hosting of software as a service (SAAS) services featuring software for the mining, reporting and analysis of health information exchange (HIE) data; hosting of software as a service (SAAS) services featuring software in the field of controlled access service which maintains databases of patient health information and provides access to such information to health care personnel and health care institutions; providing temporary use of non-downloadable communications software for connecting clinical systems for use in the field of healthcare; providing temporary use of online non-downloadable computer software for application and database integration in the field of healthcare; providing temporary use of non-downloadable computer software for controlling and managing patient medical information; providing temporary use

of non-downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information in the field of healthcare; preparation of biostatistics for scientific research for the pharmaceutical and biotechnology industries.

Class 44:

Providing an online computer database containing medical data in the field of pharmaceutical research.

Specification: Downloadable electronic newsletters in the fields of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management; downloadable electronic newsletters delivered by e-mail in the field of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management; computer software for use in health care database management; electronic databases in the field of health care claims review, managed care utilization rates, and health care coding and reimbursement, recorded on computer media; computer software, namely, an application for collecting and analyzing information in the process of underwriting health care insurance; computer software used for the secured transmission of health care data and health insurance data via a global computer network; computer software for case management in the field of health care; computer software for data processing in the field of health care; computer software for providing data analysis of member-provider relationships; computer software for use in analyzing and generating reports on health care data; coding and compliance software programs used in the health care industry; databases for coding evaluation in the healthcare industry; database management software provided to health care providers in the health care and insurance industries for health information and physician credentialing management and tracking; downloadable electronic publications in the nature of books and newsletters in the fields of health data, health management, insurance, and medical diagnosis coding; computer software for use in developing other computer software for conducting health related transactions in the healthcare and insurance industries and accompanying user manuals sold as a unit therewith; computer software for use in accessing health information and conducting health-related transactions via computer and communication networks; computer software that allows the maintenance of reimbursement terms, formulas, and rates associated with managed care contracts and that calculates expected reimbursement for both the inpatient and outpatient settings using a variety of reimbursement strategies including case-based, per diem, tiered per diem, discounted charges, and case rates; computer software featuring a window environment for creating healthcare provider directories; computer software used for comparing and analyzing facility and medical device utilization data, financial data, and clinical data in the health care industry; computer software for analyzing and communicating the accessibility of managed care networks; computer software providing database analysis and management for use in the healthcare industry for bill auditing, treatment management, treatment guidelines and parameters, provider analysis, fraud management and control, coding verification, and pricing and payment; computer software databases containing payor and provider data of medical, dental, anesthesia, and workers compensation

prices, billing, and payment rules, and containing treatment guidelines and parameters, for use in the healthcare industry; customized downloadable computer databases featuring business data and information regarding drug prescriptions; computer software for use by health care providers to control and manage patient information; computer software for integrating patient data taken from medical devices, laboratories and information systems; computer software for automating caregiver workflow; computer software for accessing and analyzing medical information databases; computer software for scheduling and tracking patients, personnel and the use of medical facilities; computer software for tracking and reporting patient and health care provider information and instruction manuals sold therewith; computer software for capturing, storing, organizing, exchanging and reporting data from medical equipment, for automated patient charting and data storage, to assist health care providers in their review and assessment of patients' conditions; computer documentation system comprising computer software for recording clinical documentation in an electronic medical record and pattern encoded paper; software for tracking, analyzing, and reporting hospital resource location and information for movement within a healthcare facility or system; computer software for automated patient management and clinical documentation for use by healthcare providers; computer software for managing the transmission of data between two different computer software systems; computer software for tracking, reporting, and communicating information related to patient care, hospital administration, hospital operation, hospital department management, patient billing, and patient charging and coding; computer software for tracking and reporting medical and health care information in the fields of patient, medication reconciliation, documentation creation, and health care provider information; computer software and manuals sold as a unit for monitoring and reporting the status and locations of patients and resources in a health care facility; software for managing data for use by health care facilities; revenue management software that captures and calculates charges for services provided to patients by health care institutions, infusion centers, and chemotherapy/oncology organizations; computer software for providing communication between health care providers concerning patient, clinical and insurance information, storing and managing patient information, generating prescriptions and storing and managing prescription information, locating price information and ordering medical and office supplies and services, scheduling and tracking patient appointments, generating and filing insurance claims, generating, storing and managing referral information and creating, storing and managing administrative information; computer software for use in the communication of personal and medical information for patients.

Class 16:

Printed materials, namely, pamphlets, magazines, and brochures regarding physical and mental health, substance abuse, legal and financial issues, and daily living problems; newsletters in the fields of health care and employee assistance services; books on

health data and health management; printed materials, namely, newsletters, pamphlets, manuals, printed guides, and booklets in the fields of health care, medical diagnosis coding, health care billing and reimbursement, health data and health management, and insurance; printed materials, namely, brochures, forms, reports, and booklets, all featuring information regarding comprehensive eldercare services and eldercare needs.

Class 35:

Business management services in relation to health care utilization management services and health care utilization and review services; business consultation services in the fields of health care, health benefits and health care systems; retail pharmacy services provided via a network of retail pharmacies; medical cost management; business organization and administration services for health care providers; providing medical business directory information services regarding health care professionals and health care provider organizations; promoting the medical services of others by dissemination of prior effectiveness record information indicating that the providers meet certain criteria; business development and administration of group purchasing programs as a value-added employee benefit; medical and health-care cost/price analysis; business administration of a discount program for enabling participants to obtain health care services from a network of health care providers; cost management services for health benefit plans of others; business management consultation, namely, development of health care delivery systems for independent practice associations, medical clinics and other forms of physician organizations; business consultation to the health care industry in the fields of the development and implementation of policies, practices, and quality assurance; promoting the sale of credit card and debit card accounts through the administration of a discount program for enabling participants to obtain discounts on goods and services through use of discount membership cards and purchasing with a credit card or debit card; promoting the goods and services of others through the distribution of discount membership cards; accounting services in relation to accounts receivable services; administration of business payroll for others; providing telephone answering services; business administration services for physician practices; compilation of health care information in electronic format; providing information in the field of business administration of health care and medical practices; business consultation in the field of management, operation, and development of health care services; providing business management services for healthcare organizations namely, providing practice organization, management and administrative support services to individual physicians or small group practices; cost management services for pharmacy benefit and prescription drug benefit plans of others; business management of pharmacy benefit plans and prescription drug benefit plans of others; mail order services featuring prescription medications, specialty pharmaceuticals, over-the-counter medications, diabetic products, health products, home care products, first aid products, foot care products, eye and ear care products, oral care products, skin care products, vitamins,

nutritional supplements, and women's health products; on-line retail store services featuring prescription medications, specialty pharmaceuticals, over-the-counter medications, diabetic products, health products, home care products, first aid products, foot care products, eye and ear care products, oral care products, skin care products, vitamins, nutritional supplements, and women's health products; retail drugstore and retail pharmacy services rendered by telephone featuring prescription medications, specialty pharmaceuticals, over-the-counter medications, diabetic products, health products, home care products, first aid products, foot care products, eye and ear care products, oral care products, skin care products, vitamins, nutritional supplements, and women's health products; business management in relation to physician practice and medical practice management for others; computerized database management in the fields of medical records and medical billing; online company record keeping in relation to business and financial records in the fields of medical records and medical billing; business research in the nature of providing health economics and outcomes research and market informatics to the biotech and pharmaceutical industry; business consultation services for the healthcare industry; outsourcing services in the field of healthcare; provision of computerized business data and business information management in the fields of health care and insurance for health care provider; providing on-line business directory information service featuring electronic healthcare trading partners, namely, healthcare providers and claims processors and payers, including their electronic data interchange capabilities and requirements for healthcare transactions; providing an on-line computer database containing business information concerning physician credentials for health care providers in the health care and insurance industries; providing temporary employment staffing for technical, scientific, and administrative positions for medical, pharmaceutical, and biotechnology research; business consulting and outsourcing in the field of clinical and health economic research services for pharmaceutical, biotech, medical device companies, and other health care companies; provision of business management for clinical trials in the field of investigational drugs, namely, arranging for sites to perform clinical trials, arranging for the import, packaging, shipping, labeling, and distribution of drugs and other investigational supplies to and from the clinical trial sites, arranging for the central collection of laboratory specimens from clinical trial sites, regulatory submission management for investigational new drugs, and preparing statistical reports resulting from clinical trials; business research and consulting services in the nature of analysis of health care data and in the field of health care data analysis; computer generated information services, namely, providing customized online, non-downloadable computer databases featuring business data and information regarding drug prescriptions; conducting business research and surveys; conducting business surveys in the field of health and wellness; telecommunication warehousing (computerized data storage and retrieval of health data); providing evaluation of personnel

requirements information regarding the outcomes, structure, processes, and effectiveness of health care professionals and health care provider organizations to health plan members for use in evaluating and selecting health care professionals and health care provider organizations; promoting health care awareness to members of health benefit plans.

Class 36:

Insurance claims administration; insurance claims processing; administration of pre-paid health care plans in the fields of chiropractic, physical medicine, and complementary and alternative medicines; insurance services, namely, underwriting insurance and reinsurance for pre-paid health care and health, life, dental, vision, and disability insurance; insurance underwriting in the field of excess risk, medical, life, and disability insurance, and insurance administration related thereto including managed care services; providing managed care optical benefits plans for others; insurance and financial services, namely, verifying insurance eligibility, processing and facilitating insurance copayment transactions, administration of employee benefits plans, banking services, credit card services, debit card services, issuing stored value cards, administering deposit and medical spending accounts, consumer lending services, electronic funds transfer, administration of defined contribution plans, administration of health care plans, health transaction clearinghouse services, management of revenue and expense transactions for providers of health and medical products and services; providing financial transaction services to health care practitioners via an on-line computer network, namely, insurance eligibility and verification, referral authorizations, billing and payment in the insurance field; insurance brokerage; financial administration, financial management and maintenance of health savings accounts, medical savings accounts, health reimbursement arrangements and flexible spending accounts; offering consumer-driven health care plans, namely, underwriting, administration, financing, and maintenance of consumer-driven health care plans and defined contribution health care plans; providing online, telephonic and in-person consultation and information regarding retirement fund, life-event financial planning, and credit card and debt financing; health savings account services, namely, providing banking services and savings account administration for consumer-driven health care plans and defined contribution health care plans; medical insurance services, namely, providing a qualified medical insurance plan with a tax advantaged medical savings account; business banking services; credit and debit card transaction processing services; investment consultation, brokerage and management services; financial investment services in the fields of securities, mutual funds, certificates of deposit, and portfolio management; financial accounts payable services; mortgage banking services, mortgage lending services, mortgage brokerage services; consumer loans and checking and savings account services; commercial lending services; issuing letters of credit; foreign exchange services, namely, foreign exchange transactions; foreign exchange information services and providing for the exchange of foreign currency;

financial consultation for educational financial assistance and student loan services; treasury management services; trust management services; cash management services; online banking services; online business banking services; bill payment services; electronic processing and transmission of bill payment data; providing information regarding banking, credit, money management, investing, investments and financial matters; counseling in the field of banking and financial services; provision of consolidated reports of banking and financial activity; financial services, namely, mortgage loan services, home equity financing and revolving lines of credit; trustee services; administration of prescription drug benefit programs; administration of pharmacy benefit programs; prescription drug and pharmacy benefit claims processing services; pharmacy benefit management services; providing on-line information in the field of pharmacy benefits; provision of electronic financial transaction of health insurance claims via computer and communications networks; electronic bill payment services in the health care and insurance industries; claim recovery services for medical insurance payors; insurance consultation services for the healthcare industry; administration of health care service plans; insurance services, namely, claims administration of health care service plans; insurance underwriting and administration in the field of health care; administration of health care service plans and health care benefit plans for medical care services provided to elderly and chronically ill populations; financial management in relation to cost containment; medical billing services; administration of pharmacy reimbursement programs; providing financial reimbursement consultancy to the biotech and pharmaceutical industry in the nature of analyzing current health care payment program reimbursement policy and evaluating product cost-effectiveness for the purposes of product development, product approval and market acceptance; financial administration of pharmacy reimbursement programs and services; provision of financial rating of healthcare organizations; providing an online computer database containing health insurance claims data; providing an online database for use in research in the fields of health insurance; consulting services related to databases in the field of health insurance information; insurance claims examination relating to fraud detection, prevention, and recovery of health care insurance; insurance claims assessment services relating to compiling and analyzing statistical health data in order to uncover and identify health care fraud and claims errors.

Class 38:

Instant messaging services and e-mail messaging services, namely, providing real time electronic messaging and electronic communications to individuals regarding their health and well-being concerns; providing multiple-use access to a global computer information network in the field of health care; electronic transmission of data and documents via computer terminals; electronic data interchange services; telephone communication management services; aggregating and organizing electronic transmissions of voice mail, electronic mail and facsimile messages through an online computerized database; computer generated

information services, namely, providing access to a computer database in the field of healthcare, medical, pharmaceutical, and health insurance information; secure transmission of medical record data to medical care providers via fax, dedicated electronic mailbox, print servers, and interfaces to electronic medical records (EMRs).

Class 41:

Providing continuing medical education courses; education services, namely, conducting seminars, courses, conferences, audio conferences, and online seminars in the fields of continuing medical education and health care and well-being, and distribution of course materials in connection therewith; training clinical trial site personnel in the use of tests and rating systems for drug protocol requirements; training clinical trial site personnel in the use of medical and research equipment required by drug protocols; educational services, namely, providing clinical education and training to physicians and hospital managed care personnel in the fields of utilization review, case management, medical cost management, and quality assurance; development and dissemination of educational materials in the field of pharmacy benefits for others.

Class 42:

Database development services in the field of health care; computer services, namely, providing analysis of computer databases in the field of health care; providing temporary use of on-line non-downloadable software for health risk assessment and profiling for use in the field of preventative health; quality assurance services in the field of health care; providing temporary use of non-downloadable health database management software for use in evaluating a person or population's health status by analyzing answers to a questionnaire and generating a report that provides behavior modification suggestions to reduce health risks; provision of computer services for enabling practitioners to exchange clinical and laboratory information with laboratories and other healthcare participants; technical support services relating to computer software and applications, namely, providing patient and physician web portals and applications to enable electronic health records, electronic health information exchange, claims processing and telehealth; scientific research and consulting services for others in the field of health care data analysis used to improve management of health care systems; application service provider (ASP) featuring software for use in physician practice management; application service provider (ASP) featuring software for use in electronic records management in the fields of medical records and medical billing; application service provider (ASP) featuring software for use in revenue management and claims reimbursement management for medical practices; providing temporary use of non-downloadable computer software for use in physician practice management; providing temporary use of non-downloadable computer software for use in electronic records management in the fields of medical records and medical billing; providing temporary use of non-downloadable computer software for use in revenue management and claims reimbursement management for medical practices;

application service provider (ASP) with a web-based graphic user interface that features software used for coding, compliance and reimbursement management in the health care industry; providing temporary use of on-line non-downloadable software used for coding, compliance and reimbursement management in the health care industry; development and consultancy services relating to computer data warehousing system; data mining consulting services; consultancy services relating to designing, developing, implementing and operating of computer data warehousing system in the field of health care; providing temporary use of an interactive web-based non-downloadable software application used for data management and data assessment, decision-making and as a reporting tool in the fields of health care and health care claims reimbursement; and other medical data in the field of pharmaceutical research; providing temporary use of online non-downloadable software for accessing and manipulating health insurance claims data and other medical data contained in an online computer database in the field of pharmaceutical research; research to the biotech and pharmaceutical industry on the clinical outcomes from treatment plans; application service provider featuring software for an on-line searchable database in the field of healthcare, medical, pharmaceutical, and health insurance information; database development in the field of healthcare, medical, pharmaceutical, and health insurance information; providing an online database for use in research in the fields of healthcare, medicine and pharmaceuticals; providing temporary use of non-downloadable software for use in accessing, managing and analyzing data in the field of healthcare, medical, pharmaceutical, and health insurance information; database development and computer software design; consulting services related to databases in the field of healthcare, medical and pharmaceutical; information; research and consulting services for others in the field of medical science; computer systems and applications consultancy services for the healthcare industry; data mining and data mining consulting services; application service provider (ASP) featuring software used for reporting and analyzing medical costs and health care claims data; providing temporary use of on-line, non-downloadable software applications for collecting and analyzing information in the process of underwriting health care insurance; providing on-line, non-downloadable computer software for analyzing cost utilization patterns, transactional data, and financial data in the health care industry; providing online, non-downloadable software for accessing, analyzing, and manipulating health insurance claims data and other medical data; providing on-line, non-downloadable software for use by healthcare providers to verify insurance coverage for their patients; providing on-line, non-downloadable software for preparing, editing, and transmitting claims, bills, and payments for health care services; providing temporary use of non-downloadable software for use in accessing, managing, and analyzing data in the fields of healthcare, medical, pharmaceutical, and health insurance information; providing medical and scientific research information containing drug safety and other performance metrics for the pharmaceutical industry in the

nature of providing an electronic proprietary database designed by epidemiologists containing integrated medical and pharmacy claims data used by purchasers for the purpose of tracking and assessing potential health risks of new or existing pharmaceutical products; providing customized online computer databases featuring information and analytical reports about research in the field of prescribed drugs and pharmaceuticals; consulting services in the field of pharmaceutical research; computer software design and development for others and programming and consultation services, namely, customizing, integration, support, and updating of computer software for use in accessing health information and conducting health related transactions via computer and communications networks in the health care and insurance industries; providing an on-line database in the field of medical, pharmaceutical, and biotechnical research and analysis; conducting clinical protocols and trials for others in the field of investigational drugs; consulting services regarding scientific and technical aspects of clinical trials of investigational drugs, namely, advising others on conducting clinical protocols and trials and regulatory requirements; technical writing for others of clinical report forms that are required by clinical trial drug protocols; technical writing for others of clinical trial reports; database development services to process data collected from clinical trials; computer systems and applications consultancy services; consulting services in the field of computer software used in the field of health care; configuration of computer systems and computer analysis; computer systems integration services; technical support services relating to computer hardware and software, namely, troubleshooting of computer hardware and software problems; computer programming; providing patient health information to computer users, health care personnel and health care institutions, offered via the internet and providing information in the field of health care via a global computer network; hosting of software as a service (SAAS) services featuring software in the field of patient medical information management; hosting of software as a service (SAAS) services featuring software in the field of application and database integration; hosting of software as a service (SAAS) services featuring software for the mining, reporting and analysis of health information exchange (HIE) data; hosting of software as a service (SAAS) services featuring software in the field of controlled access service which maintains databases of patient health information and provides access to such information to health care personnel and health care institutions; providing temporary use of non-downloadable communications software for connecting clinical systems for use in the field of healthcare; providing temporary use of online non-downloadable computer software for application and database integration in the field of healthcare; providing temporary use of non-downloadable computer software for controlling and managing patient medical information; providing temporary use of non-downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information in the field of healthcare; preparation of biostatistic for scientific research for the

pharmaceutical and biotechnology industries; medical research for assessing medication use history and providing information to health care providers and prescription drug benefit plan designers regarding medication use, options, and cost management; computer services, namely, testing the electronic data interchange transactions of others for the purpose of certification and for compliance with healthcare industry and electronic data interchange laws, including the Health Insurance Portability and Accountability Act.

Class 44:

Medical counselling in relation to hospital admission; patient health care support services in the nature of health care decision support counseling and health care planning for individuals at risk of needing intensive treatment; health care services, namely, disease management programs; providing health information; providing information on pharmaceuticals and healthcare; provision of medical consultancy in relation to medical case management and disease management namely, provision of specific disease information and medical care to assist patients in managing their own health care and to reinforce the treatment plan; providing health information; providing information to physicians regarding prescription drugs and treatment guidelines; providing online, telephonic and in-person medical and psychological consultation and information regarding physical and mental health, and substance abuse for employee; providing online, telephonic and in-person medical and psychological consultation and information in the fields of aging, chronic condition support, medications and drug interactions, special needs assistance, and pet care; providing online, telephonic and in-person medical and psychological consultation and information regarding daily living problems in the fields of parenting, childcare, and eldercare as they related to health and well being; provision of medical information regarding specific health-related concerns and general health issues by nurse and/or nurse call centers; health care consulting and health care counseling services in the field of preventative health care and total health management, namely, establishing health risk assessment profiles to identify personal and group health risks, personal and group health risk counseling, health care counseling in the field of health risk intervention, health promotion, health risk and behavior modification, and preventative medical assessment and screening; health care services, namely, preventative medical assessment and screening; provision of medical consultancy services in the field of medical triage protocols, policies, and practices; providing an online database featuring medical news and information in the fields of medicine for health care practitioners; providing an on-line computer database in the field of health care used in connection with health and productivity research and analysis; providing health care information online via computer and communications networks; providing information in the field of health and wellness; providing a web site featuring information in the field of health and wellness; health care management services; providing in home health care and health care evaluations; providing health care information; health care in the nature of

health maintenance organizations (HMOs), preferred provider organizations (PPOs) and consumer directed health plans, and fee for service medical services; conducting disease management programs for elderly and chronically ill populations; palliative care services; home health care services; providing online, telephonic, and in-person medical consultation, information, assessment, and referral services for physical health, mental health; pharmaceutical drug development services in relation to drug utilization review (DUR) programs; medical services in relation to medical case management and disease management services, namely, medical referral of individuals to appropriate health management programs; providing health information and analysis in the nature of the performance of and quality of care provided by hospitals, clinics and other health care providers via a global computer network; providing an online computer database containing medical data in the field of pharmaceutical research.  
Class 45:

Providing health care coordination services to individuals, namely, facilitating medical care services, behavior health services, and health care management; verification of physician credentials; provision of social work services in relation to referral services to the elderly in the fields of health care and well-being, wellness and nutrition, medical equipment and medical supplies, transportation, housing and home repair, financial counseling and financial services, insurance services, community services and resources, home security systems and personal emergency response systems, and legal services.
