接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期爲 2003 年 4 月 4 日，則該三個月的最後一日爲 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0.

Specification: Class 1:
Chemicals, silicas for general industrial use, desiccants for use as humidity buffers for electronics, insulated glass, windows, artwork, cosmetics, pharmaceuticals, refrigerants, chromatography, petrochemical and refining industry and foods products, packing materials for chromatography columns; silica gel adsorbents used as desiccants for pharmaceutical containers; chemical reference standards and derivatization reagents; sodium calcium hydrate; micron-sized synthetic silica; fluid-cracking catalysts and additives used in the petroleum field; silica for use in tires; investment casting and catalyst supports; polyolefin catalysts used in the petroleum industry and in polyethylene processing; hydrogenation catalysts for use in the chemical process industry; metal tolerance and hydrogen selectivity additive for use in the manufacturing of gasoline; hydrotreating catalysts, hydroprocessing catalysts used to enhance petroleum processing; chemicals for use in the manufacture of pharmaceuticals and toothpastes; chemical polishing powders, rare earth chemicals for general industrial use; chemical catalysts for industrial chemical reactions; catalyst for making polypropylene; catalysts for converting renewable feedstocks into fuel and other chemical products; molecular sieves; silica used in the food and beverage industries and in edible oil refining, ethanol production, and in the manufacture of organic additives, resins, plastic containers, and films, paints and coatings; anti-block agents; colloidal and precipitated silica;

carbon dioxide absorbent for use in medical, marine and industrial use; chemicals, namely, specialty amino acids, peptide building blocks and fragments, and propriety custom chirals for development, manufacture and use as pharmaceutical intermediates; Chemicals for use in industry and science; chemicals for use in or on cement, concrete, mortar, masonry, shotcrete, or other cementitious compositions; chemicals for use in the processing or manufacture of cement, concrete, mortar, masonry, shotcrete, or other cementitious compositions; chemical additives, dispersants and water-reducing agents for use in cement, concrete, mortar, masonry, shotcrete, or other cementitious compositions or in the processing or manufacture of cementitious compositions; setting agents and hardening agents for cementitious compositions; additives and admixtures for use in manufacture of cement, concrete, masonry or aggregates; chemical agents for washing or modifying a property of construction aggregates; chemicals for use in the processing or manufacturing of sand, crushed gravel or stones, quarry rock or other aggregates; fireproofing compositions; fire retardant compositions; adhesive compositions for use in industry; mastic compositions for use in industry; soda lime; waterproofing compositions; adhesive-impregnated mat for applying tile to a substrate, such as counters, floors and walls; adhesive primer for use on building substrates to adhere weatherizing tape, flashing or membrane; weatherizing polymeric coating for use on building substrates; chemical sealant preparations for use in the container industry; chemical sealant compounds for pails and drums; chemical sealant compounds for single, double, triple or rolled seams; artificial and synthetic resins for use in the container industry; adhesive substances for use in the container industry; chemical compositions for coating or sealing food, drug or beverage containers, closures or crowns; polymer or resin based materials for sealing packaging and containers for container liners and closure liners; thermoplastic elastomeric compositions for use in the container industry; chemical additives for use in relation to polymeric closures, sealants, or liners used in food, drug or beverage packaging or containers; plastics in the form of powders, pastes, liquids, emulsions, dispersions or granulates for use in the container industry; oxygen scavenging chemical compositions for use in closures, sealants, liners or coatings used in food, drug or beverage containers or packaging, namely, oxygen scavenging chemical compositions comprising, as oxygen scavenging components, ascorbate and/or sulfite salts, optionally together with a metal catalyst, and polymer resins comprising ascorbate and/or sulfite salts, optionally together with a metal catalyst; chemical additives for polymers; chemical additives for modifying the coefficient of friction in polymers, polymeric closures, sealants, and liners used in food, drug or beverage packaging or containers; chemical substances for use in relation to the preparation and curing of cement and concrete, in International Class 01.
Class 11:
Chromatography apparatus for industrial purposes.
Class 19:
Non-metallic building materials; materials for use in building and

civil engineering, construction and repair; bituminous or synthetic polymer based coatings for roofs, decks and building foundations; roof flashing; window and door flashings; cementitious fireproofing materials for application to steel floors and beams, concrete surfaces and other construction materials; fire retardant building materials; building materials, natural and artificial stone, cement, lime, mortar, plaster and gravel; pipes of earthenware or cement; road-making materials; asphalt, pitch and bitumen; waterproofing membranes; roofing underlayments; weatherproofing coatings materials [chemicals, other than paints] for use in building or civil engineering; waterstops; non-metallic materials for filling and plugging joints or openings in building or civil engineering structures; moulded plastic sheet material for use in building and civil engineering construction; vapor barriers; moulded plastic sheet material for use in building and civil engineering construction for drainage.

[511] 貨品／服務說明：
Specification:

Class 1:
Chemical compositions for treating water and liquid and/or solid waste, namely flocculants, coagulants, polyelectrolytes and reagents; chemicals and additives for water conditioning, namely biocides, bio detergents, anti-corrosive preparations, softeners, chemical agents for conditioning boiler water, tanks of metal, apparatus and installations for heating, cooling, refrigerating and water supply purposes, heat condensers and other installations comprising pipes and pipework; organic soil conditioning preparations, derived from the treatment and purification of water and liquid waste, for soil fertilising purposes; composts and cultivation media produced by treatment processes carried out in plants for the treatment of liquid and solid waste and/or in plants for the purification of urban or industrial waste water; oxidising preparations for purification, sterilisation and disinfection of liquids, in particular for water treatment and food preservation; chemicals used in industry or as part of industrial manufacturing processes.
Class 5:
Chemical preparations for medical purposes; chemical preparations for pharmaceutical purposes; chemico-pharmaceutical preparations; Sanitary preparations for medical purposes; diagnostic preparations for medical use; medicines for human purposes; medicines for dental purposes; pharmaceutical preparations; radioactive substances for medical purposes; Dietetic substances adapted for medical use, food for babies; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; Chinese medicine; pills and drugs made of Chinese herbal ingredients; medicinal drinks and concoctions.

Class 7:
Machines for use in the processing of water, machines for the filtration of water, in particular by means of diaphragms, ion exchangers, biological reactors, and mixers; machines for injecting chemical or physical reagents for the treatment of water or waste; machines for water supply purposes; pumps, valves and other machines for the storage and distribution of water for domestic use, including drinking water, waste water, rain water and sprinkler water; irrigation, pulverisation and bottling machines; machines and installations for physicochemical or biological processing, dehydration, centrifugation, pressing and spreading of liquids, semi-liquid and solid waste, in particular sludge derived from water treatment; machines for the drying of waste and of sewage sludge; mobile or fixed machines for water treatment and waste treatment; machines for the automatic sorting of waste, in particular household packaging waste; waste packaging and de-packaging machines; apparatus for vacuum cleaning of waste; installations for electricity generation; automatic vending machines.
Class 9:
Scientific, nautical, surveying, signalling and life-saving apparatus; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; dosage apparatus for chemicals and biological and physicochemical reagents; programmable controllers for measuring, monitoring and controlling water quality parameters, computer software for analysing and controlling water and waste quality parameters; measuring and checking apparatus and instruments for water supply and treatment purposes; measuring and checking apparatus and instruments for monitoring energy and fluid consumption; mechanical, electronic, magnetic and/or optical data carriers for measuring and recording fluids including water, gas and electricity, for the purpose of supplying and monitoring consumption of the aforesaid; programmable computer apparatus and installations for remote monitoring, remote management and remote control, using the auto-switched network, of specialist lines or radio links for the control of installations intended for the processing, supply and collection of drinking water, waste water and industrial water; apparatus and installations for remote measuring, remote management and remote control, using the auto-switched network, of specialist lines or radio links for measuring and controlling fluids including water, gas and electricity, for the purpose of supplying and monitoring consumption of the aforesaid; computer software for monitoring of supply and collection networks for drinking water and waste water; computer software for the management and analysis of power and fluid consumption (recorded programs); computer hardware for simulating the functions of plants for the potabilisation or sanitation of industrial and municipal water; computer hardware and software, databases and computers for controlling, regulating, modelling and management of potabilisation and sanitation plants; scientific

apparatus and instruments (not for medical purposes) for the optimisation of carbon dioxide emissions associated with the operation of a water treatment facility, with the management of water resources, with waste collection and treatment, and with air treatment; electrical apparatus and instruments for generating ozone from gases including oxygen or air; parts for the aforesaid apparatus; electrical apparatus for monitoring and checking the quality of sea water; apparatus and instruments for chemical and bacteriological analysis (not for medical purposes); computer software for establishing water pricing systems; measuring and checking apparatus for detecting leaks in pipework, branch pipes and water storage tanks.

Class 10:

Surgical, medical and dental apparatus and instruments; Artificial limbs, eyes and teeth; Orthopaedic articles; Suture materials; Acupuncture needles; Apparatus for preparing Chinese medicine; medical diagnostic imaging apparatus including but not limited to x-ray and radiological apparatus, x-ray tubes and accessories, computer tomography apparatus, magnetic resonance imaging and spectroscopic apparatus, ultrasonic medical apparatus, nuclear medical apparatus, positron emission tomography apparatus, radiation therapy apparatus, medical interventional apparatus and medical diagnostic imaging, therapy and interventional accessories, fetal pulse and vital signs monitors; bone densitometers; magnetic gradient coils used in magnetic resonance imaging; massage instruments and apparatus for home and personal use; sound therapy and aroma therapy instruments and apparatus for home and personal use; including accessories and component parts of all the foregoing; massage instruments and apparatus for home and personal use; sound therapy and aroma therapy instruments and apparatus for home and personal use; all included in Class 10.

Class 11:

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; installations for steam generating and waste incineration purposes; apparatus and installations for the treatment and distribution of water or liquids; apparatus and equipment for clarification, physical and physicochemical filtration, softening, deionisation and demineralisation on ion exchangers of water or of liquids; equipment and accessories for treating water or liquids on diaphragms (ultrafiltration, nanofiltration and hyperfiltration or reverse osmosis); cartridge filters of metal or textile, sand filters, activated carbon filters or filters using any other granular material; installations for iron and manganese removal and biological removal of nitrates from water; apparatus and installations for the disinfection and sterilisation of fluids in liquid and gas form using ultra-violet radiation and other kinds of radiation; installations for the treatment of organic materials based on plants and/or animals, of urban or industrial origin (in particular waste from green spaces, sludge from plants for the treatment of effluents and of liquids and solid waste and/or from plants for the purification of domestic or industrial waste water); water heating installations, installations for the desalination of

sea water, apparatus and installations for the treatment of water and effluents from the chemical and agri-foodstuffs industry, installations and apparatus for the treatment and recycling of effluents; apparatus for steam generating, distillation, crystallisation and drying purposes, heat exchangers, air heating apparatus, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for the treatment of water or liquids, namely settler apparatus, sterilising installations, air humidifiers, coalescers and mixers; apparatus for the treatment of air, namely for deodorising and purification; mobile or fixed installations and equipment for water treatment and waste treatment; apparatus and devices for water supply purposes.
Class 12:
Vehicles; apparatus for locomotion by land, air or water; handling carts, dump carts, automotive lorries, trailer vehicles.
Class 16:
Paper, cardboard and goods made from these materials, not included in other classes; printed matter; bookbinding materials; photographs; stationery; adhesives for stationery or household purposes; artists' tools and materials; paint brushes; typewriters; instructional and teaching materials (except apparatus); printers' type; printing blocks; calendars, books, catalogues, prospectuses, postcards, posters, periodicals, printed publications, newspapers and magazines; greeting cards; announcement cards; covers (stationery); writing instruments; rubber stamps; stamps and seals; stamp pads, ink pads photo albums; mats for framing paintings, pictures or photographs; painters' easels; oil blotting paper for skins; photograph stands; inks; tissues, toilet paper for removing make up, paper towels; placemats and coasters of paper or cardboard; packing and wrapper paper and packaging materials; plastic material for packaging not included in other classes; artists' water colours; graphic reproductions, portraits; lithographs; pens, pencils, fountain pens, ball pens, pen nibs, penholders, pencil holders; refills for pens and writing instruments; writing materials; pencil leads; colour pencils, crayons; pen and pencil cases; pencil sharpeners, pencil sharpening machines; paper clips; paperweights; paper pins, drawing pins; drawing rulers; pastels; pastes and glues for stationery and household purposes; papier mache; letter trays and racks; letter holders; letter openers; office requisites (except furniture); adhesive tapes and adhesive tape dispensers; drawing materials, boards, pens and instruments; drawing sets; photo, stamp and coin albums; bags and envelopes; conical paper bags; bags of paper or plastics for packaging; envelopes of paper or plastics for packaging; bags of paper or plastics for packaging in the form of pouches; blotters; bookends, bookmarks; bookmarkers; cabinets for stationery; canvas for painting; booking binding materials; labels; notebooks, diaries; files; writing pads, memo pads, writing paper; drawing paper; writing cases; writing and drawing books; chalks, blackboards, poster boards; passport holders; elastic bands; photo frames, picture frames; stencils; erasing products, erasers, erasing fluids, electric letter openers; sheet music; wipe-off

boards; signboards of paper or cardboard; tickets; ornaments and decoration made of paper and/or cardboard; Lai See packets; all included in Class 16.
Class 35:
Business advisory, consultancy, research, information, management, management assistance, administration, inquiries, appraisals and investigation services; compilation, provision, storage and retrieval of business and commercial information; marketing, promotional and advertising services; rental of advertising space; rental of publicity materials; market analysis, research and surveys; business information, advertising and promotional services provided on-line from a computer database or by means of web pages on the Internet; compilation and systemization of information into computer databases; organization and arranging of exhibitions and fairs for commercial and/or advertising purposes; public relations; business statistical analysis; accounting; real estate auctioneering; provision of labour for construction; providing of assistance to commercial or industrial companies in the conduct of their business; business inquiries, advertising sponsorship of sporting and artistic competitions; organisation and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, news clipping services, relocation services for businesses, writing of publicity texts, market research, economic forecasting, compilation of statistics, computerised file management, personnel recruitment, cost price analysis, document reproduction, compilation of information in computer databases, commercial information and advice for consumers; administrative management of websites and intranet sites relating to the management and monitoring of power and fluid consumption for a real estate property; computerised file management, input and compilation of business information relating to logistical organisation of the collection, transport, storage, distribution and treatment of all kinds of municipal or industrial waste in computer databases; providing of business and advertising information to users; business consultancy services in the field of setup and management of computerized user files in connection with services for the collection, transport, storage, distribution and reclamation of all kinds of household and/or industrial waste; sales promotion, for others, relating to authorised packaging or equipment for the collection of waste from medical facilities; administrative processing of purchase orders; arranging of collective buying, namely procurement for others; procuring of purchase and sale contracts for others; providing of business information on the business management of the collection, transport and treatment of waste from medical facilities; computerised file management relating to the management of waste from medical facilities; all included in Class 35.
Class 36:
Insurance; financial affairs; monetary affairs; real estate affairs; real estate transactions; fund and asset management services; portfolio management; unit trusts services, financial and fiscal evaluation; securities, currency and commodity trading,

brokerage and underwriting; custodian services for securities; stock exchange quotations; bond issuance services; stocks and bonds brokerage; investment research, reports and advice; corporate financing; financial information services; capital investment and transfer advice; assurance services, life assurance; reinsurance services; actuarial services; reinsurance brokerage; insurance loss control and loss adjustment services; insurance claims examination; insurance and financial research; insurance, insurance underwriting; insurance brokerage; management and administration of mandatory provident fund; retirement payment services; fiduciary; factoring; housing agency services; trusteeship; financial analysis; preparation of financial report services; financial evaluation, provision of financial and insurance information, financial management; financial valuation and assessment; financing of loans services; financial clearing; arranging, provision and financing of loans and revolving loans; lease-purchase or hire-purchase financing; credit financing; financial sponsorship; financial and asset management for securities of all kinds, company shares, bonds and other stock market quotations; portfolio management and financial portfolio valuation of stock market quotations, management, for others; providing and procurement of data for assisting during the underwriting of agricultural insurance; analysis and research in the field of agricultural risk analysis from an insurance perspective; financial analysis and providing of reports relating thereto; debt collection services; debt factoring; debt collection agency; credit bureau services; credit card services; issuance of credit cards; electronic funds transfer; fund investments; mutual funds, capital investments; administration of mutual funds; financial planning; securities brokerage; stocks and bonds brokerage; surety services; real estate agency services; real estate management, real estate appraisal; real estate brokerage; leasing of real estate; rent collection, renting of offices, shops, restaurants, flats and apartments; actuarial services; banking; savings bank services; guarantees; bail-bonding; arranging of lease and lease-purchase financing revolving credit securities; lending against securities pawnbroking; mortgage banking; organizing collections; renting of apartments and flats; money exchange services; safe deposit services; renting of safes; evaluation of patents; evaluation of industrial property rights and copyrights; banking transactions, banking, financial transactions, financial analysis, financial services, financing services, collecting of outstanding payments, lending, leasing, in particular of installations, land, machines, vehicles and apparatus for locomotion and propulsion by land, air, water, rail and in space, in particular aircraft, helicopters and rotorcraft, spacecraft and satellites; online services in the field of banking, financial affairs, insurance underwriting and real estate affairs via telecommunications networks (including mobile telephones), data transmission networks and data communications networks, in particular the Internet and intranets via electronic websites; credit and loans for the financing of aircraft, spacecraft, satellites, helicopters and rotorcraft; financial services in relation to the leasing of aircraft, spacecraft,

satellites, helicopters and rotorcraft; insurance in relation to aircraft, spacecraft, satellites, helicopters and rotorcraft; guarantee services for aircraft, spacecraft, satellites, helicopters and rotorcraft; financial sponsorship of events and meetings in the field of aircraft, spacecraft, satellites, helicopters and rotorcraft; charitable services, namely procurement of financial support for developing countries for advancing their autonomy; charitable fund raising services, namely organization and development of projects with the aim of improving the life of underprivileged people, impoverished people, people with disabilities and sick people; charitable fund raising services, namely organisation and development of projects with the aim of supporting developing countries through advancing and supporting their autonomy; advisory and consultancy services relating to all of the foregoing services; all included in Class 36.
Class 37:
Repair and maintenance of apparatus for the treatment of fluids and liquids; servicing and maintenance of pipework systems, refurbishment of water channels or water supply pipes, construction of sewerage systems, wastewater collectors, rainwater decontamination facilities and flood protection facilities, renovation of pumping stations, development of existing facilities with a view to improving the security and quality of water supply, construction of water treatment plants (for drinking water, urban and industrial waste water, rain water); creation of water pipes and water treatment works, drilling of wells, construction, installation and repair of irrigation devices; renovation and maintenance of buildings and properties, refurbishment of sites, buildings and warehouses, property development; restoration and refurbishment of deteriorated sites (cleaning and rebuilding); maintenance or cleaning of buildings, premises and ground surfaces (exterior surface cleaning of buildings); disinfection, rat extermination and fumigation; cleaning of buildings, urban buildings, works of art, underground structures, road installations, industrial premises and sites (interior and exterior surface cleaning), cleaning of water pipes and industrial installations, high-pressure cleaning of underground structures, cleaning of roads; upkeep and maintenance of structures, buildings, roads and urban installations; repair and maintenance of installations, apparatus, centres and units for the storage of waste and refuse, and centres, installations, apparatus and units for the recycling, treatment, reclamation and destruction of waste and refuse; construction of installations, centres and units for the storage of waste and refuse, and centres, installations and units for the recycling, treatment, reclamation and destruction of waste and refuse; cleaning of waste and refuse, maintenance and renovation of industrial and urban sanitation systems; refurbishment of industrial and urban sanitation systems; construction of ports, installation of facilities in ports; development of ports; construction, repair maintenance, and installation services for computers, computer networks, telecommunications apparatus, equipment, construction and repair services of information technology systems and telecommunication

apparatus; building of roads; cleaning of site roads; construction of foundations for roads; construction of roads; custom construction of roads; hire of road making apparatus; hire of road working machinery; maintenance of roads; marking of roads; road paving; rental of road sweeping machines; road surfacing; road sweeping; installation of electrical apparatus; installation of electricity generators; maintenance and repair services in respect of electrical control apparatus; maintenance of commercial electrical systems; mechanical and electrical engineering; building construction; building construction supervision; building insulating; cleaning interior and exterior of buildings; rental of construction equipment; rental of site clearance equipment; provision of information relating to construction; damp proofing of buildings; electrical appliances installation and repair; elevator installation and repair; rental of excavation equipment; pipeline construction and maintenance; plastering; plumbing; quarrying services; building renovation; rental of crane; rental of excavators; road laying and paving; roofing services; scaffolding; custom construction of residential and commercial communities; building of fair stalls and stops; building sealing; cleaning of buildings; construction services; demolition of buildings; factory construction; harbour construction; lift installation and repair; shipbuilding; warehouse construction and repair; construction information services; construction engineering services; information services relating to repair or installation, provided online from a computer database or the internet; civil engineering; supervision of construction of buildings; building repair, maintenance and installation services; property development services (construction); furniture installation, maintenance and restoration; painting, installing, cleaning, maintaining and repairing of machinery, plants and signs; repair, installation and maintenance of electronic, computer and telecommunication instruments and apparatus; installation and repair of computer hardware; telephone installation and repair; office machines and equipment installation, maintenance and repair; underwater construction and repair; rental and leasing of mineworking machines and instruments; rental and leasing of gasoline station equipment (not for repair and maintenance of automobiles); consultancy, information and advisory services relating to the aforesaid services; all included in class 37.

Class 38:

Telecommunications services; information services relating to the operation of telecommunications systems, communications by on-line, Internet and other electronic means; consultancy services relating to telecommunications, electronic communication and on-line communication networks; data interchange services by telecommunications; electronic mail services; computer aided, transmission of messages and images; transmission of information and data by telephonic and electronic media; providing telecommunications connections to a global computer network; rental of telecommunications equipment; teleconferencing; electronic mail; rental of access time to global computer networks; radio communications between fluid metering apparatus and a central

receiver transmitting information to a database; transmission of information relating to consumption, monitoring, tracking and pricing via radio communications from metering apparatus to a central database; communications by computer terminals; providing of access to databases relating to the management of waste from medical facilities; dissemination (transmission) of announcements and alerts to the public via computer networks or other telecommunications media in connection with security; all included in Class 38.

Class 39:

Electricity distribution; electricity distribution via cables; electricity distribution via wires; electricity storage; electricity supply services; storage of electrical appliances; storage of electrical plant; operating of road and motorway tolls; provision of information relating to road conditions; rental of portable roadways; providing toll road; operation of bridges; services for the exploitation of bridges; transporter-bridge services; port services; operation of ferry ports and piers; provision of information relating to ports; harbour towage; rental of water distribution apparatus; rental of water supply apparatus; services for the supply of water by pipeline; storage of water in reservoirs; water distribution and supply; water supply services; gas distribution and supply; electricity distribution and supply; heat distribution and supply; logistics services relating to the process of planning, implementing and controlling the efficient and cost-effective flow and storage of raw materials, in-process inventory, finished goods and related information from the point of origin to the point of consumption, for the purpose of conforming to customer requirements; freight management services; computerized freight management services; customs clearance services; distribution of goods services; supply chain management services relating to transportation, collection, warehousing, storage, packing, delivery and distribution of goods, and managing movement of goods; packaging and storage of goods; provision of information relating to transportation and movement of goods, including electronic tracking of freight, transportation documentation, tariffs and customs requirement; provision of storage information; mooring facility services; rental of warehouses; rental of storage containers; rental of cars and vehicles; rental of parking places; provision of car parking; management of parking spaces; rental and/or leasing of mechanical parking systems; transport and travel reservations; arranging tours and cruises; freight forwarding by sea, land and air; freight brokerage; air transport; ocean transport; road transport; railway transport; river transport; transportation information; travel agency services; travel ticket agency services; brokerage for rental, leasing, selling, purchasing and/or chartering of ships and/or boat; rental and/or leasing of pallets; rental and/or leasing of packaging or wrapping machines; vehicle-towing services; provision of information, advisory and consultancy services relating to the all the aforesaid services; transport and delivery services by buses, coaches, vehicles, boats, ships, junks and ferry boats; transport of passengers and travellers; car transport; taxi transport; provision of transport

information; delivery of goods; delivery of goods by mail orders; logistics services relating to the process of planning, implementing and controlling the efficient and cost-effective flow and storage of raw materials, in-process inventory, finished goods and related information from the point of origin to the point of consumption, for the purpose of conforming to customer requirements; freight management services; computerized freight management services; customs clearance services; distribution of goods services; supply chain management services relating to transportation, collection, warehousing, packing, delivery and distribution of goods, and managing movement of goods; provision of information relating to transportation and movement of goods, including electronic tracking of freight, transportation documentation, tariffs and customs requirement; recovery and recycling of aircraft and aircraft parts; rental of aircraft and aerial vehicles; positioning and remote control of satellites and spacecraft, in particular launching and suspension of satellites, for others; flight tracking; transport by means of aircraft, helicopters and rotorcraft; stockpiling of aircraft, helicopters and rotorcraft and replacement parts therefor, for others; leasing of aircraft, helicopters and rotorcraft; airport operation, in particular management, administration and organisation of an airport; logistics management in the field of aircraft, helicopters and rotorcraft; planning and coordination of the transport of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others; warehousing of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others; warehouse management in the field of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others; water supplying, water distribution, collection of urban or industrial waste water and sludge; collection, transport, sorting, unloading and storage of valuable materials or urban, industrial and radioactive, solid or liquid waste, industrial greases, and paper for office use; collection, transport, grouping together, sorting, identification, packaging and repackaging (storage) of all kinds of waste, in particular urban, household and industrial waste, normal and special industrial waste, and hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; unloading and storage of valuable materials, waste and hazardous or perishable goods; storage of waste in landfill; transport, packaging and storage of manures, organic soil conditioning preparations, composts and cultivation media, all included in Class 39.

Class 40:

Treatment and processing of waste produced by individuals, groups and businesses (whether public or private), normal waste, special waste, solid, liquid and hazardous waste, and providing of information relating to the aforesaid; purification and regeneration of waste; recycling of refuse and waste, composting of refuse and waste; reclamation (treatment of materials) of industrial, household and hospital waste, normal and special waste, and waste from groups and businesses (whether public or private),
