放棄註冊所關乎的下列貨品或服務：

Surrendered in respect of the following goods or services for the registration:

類別 Class 1

Chemical products for commercial and photographic purposes; gumming solutions (glues for use in industry) for printing plates; solvents for printing machines, for their accessories, for folding apparatuses and for reel changers, and their parts, namely for printing cylinders and printing systems, for rollers and for rubber blankets; adhesives for commercial purposes, namely for printing material, for paper goods, for printing machine consumables, for silicone emulsions and for chemical wax emulsions (included in Class 1), chemical additives for damping water, damping chemical agent concentrate, damping agents as wetting agents, alcohol substitute materials, dusting powder (chemical preparations) for printing fabric webs and sheets, processing agents and correction agents as chemical products for commercial purposes, for printing plates; photographic developers for print pre-stages all included in Class 1.

#### 類別 Class 2

Inks, printing inks, varnishes, dispersion and UV varnishes, all aforesaid goods being or for use with or as parts or consumables for industrial gravure printing, letterpress printing or offset printing machines.

#### 類別 Class 3

Washing, bleaching, cleaning, polishing, grease removal and grinding agents; cleaning agents, (included in Class 3) for printing machines, their accessories and their parts (included in Class 3); cleaning chemicals (included in Class 3).

#### 類別 Class 11

Mechanical filtering devices as printing machine accessories for fluids and liquids for damping water and detergent, all aforesaid goods being or for use with or as parts or consumables for industrial gravure printing, letterpress printing or offset printing machines.

#### 類別 Class 16

Addressing machines, printed matter as advertising and communication means included in Class 16, brochures, invitations, flyers, customer magazines, corporate presentations, newsletters and adverts for internal and external communication; printed matter on objects in exhibition stand construction; advertising and communication means in form of articles being office requisites (except for furniture); sleeve-shaped printing blankets (not of textile material) and rubber blankets (writing accessories), printing blankets (not of textile material), all aforesaid goods being or for use with or as parts or consumables for industrial gravure printing, letterpress printing or offset printing machines.

#### 類別 Class 17

Adhesive tapes, synthetic plastic in strip form for printing material, for paper goods, for printing materials and for paper webs.

#### 類別 Class 21

Cleaning cloths for printing machines, their accessories and their parts.

類別 Class 35

Economic consultation in the business management of an industrial or commercial enterprise; economic consultation in the performance of business management of an industrial or commercial enterprise; brokerage of contracts for third parties relating to the purchase and sale of goods on behalf of others; economic analysis for business purposes relating to production data acquisition (office work), optimisation and production control in the production and in the management of an industrial enterprises; assistance in the establishment, the analysis and optimisation of the personnel structure of an industrial or commercial enterprise (personnel management consultancy), all aforesaid services being provided in connection with industrial gravure printing, letterpress printing or offset printing machines or in connection with parts of consumables for industrial gravure printing, letterpress printing or offset printing machines.

類別 Class 36

Financial consultation; financial analysis relating to development of financial utilisation concepts for real estate and of financial utilisation concepts for machines; financing of real estate and of machines; provision of financial information; merger and acquisition transactions, namely financial consultation in the purchase or sale of enterprises as well as company partnerships; financial consultation for franchising concepts.

類別 Class 41

Training: Training consultation and further education consultation; personnel development through training and further education, all aforesaid services being provided in connection with industrial gravure printing, letterpress printing or offset printing machines or in connection with parts of consumables for industrial gravure printing, letterpress printing or offset printing machines.

類別 Class 45

Consultation concerning the legal provision for the drawing up of contracts and for contract negotiations for capital goods and software.

紀錄冊內的貨品或服務現修改如下：

The remaining goods or services on the register now read as follows:

類別 Class 7

Printing machines for reel-fed offset for newspaper and illustration printing, for sheet-fed offset, for digital printing and their parts, included in Class 7; machines for plastic processing, for varnishing and for print refinement, mechanical folding apparatuses, feed and discharge machines for printing products; folding machines, printing plate bending machines, cutting, punching, sewing, gluing and proof machines

and their parts included in Class 7, and wear parts of the aforesaid goods; printing rollers and printing cylinders as machine parts; printing plates and sleeve-shaped printing plates, each as machine parts; sleeve-shaped printing and rubber blankets as machine parts; printing and rubber blankets for offset printing machines, all aforesaid goods being or for use with or as parts or consumables for industrial gravure printing, letterpress printing or offset printing machines, industrial printing machines, apparatus and instruments, including parts thereof, insofar as contained in Class 7.

#### 類別 Class 9

Electrical and electronic control, regulating, switching, monitoring, display and process computers and computer programs and software for this stored on data carrier; computer programs and data carriers in the field of engineering, for design, planning and manufacture of machine construction products; electronic or optical data carriers for advertising and communication; films, videos, measuring and electronic control devices for printing machines and their accessories for advertising and communication; electronic devices for computer-supported manufacture of printing plates; electronic devices for print pre-stages, namely RIP (Raster Image Processor); exposed films for print pre-stages, all aforesaid goods being or for use with or as parts or consumables for industrial gravure printing, letterpress printing or offset printing machines.

#### 類別 Class 37

Installation and assembly of printing works buildings, printing machines and their equipment; maintenance and repair of machines and printing machines.

#### 類別 Class 42

Technical project planning; technical project management in the electronic data processing (EDP) sector; drawing up, leasing, installation and maintenance of software for the operation or the management of an industrial or commercial enterprise, for the execution of transactions or commercial activities of an industrial or commercial enterprise, for the development of utilisation concepts for real estate and machines with regard to economics and for the development of strategic building and production process concepts as basis for the investment planning or building planning; drawing up, leasing, installation and maintenance of software for the production data acquisition, the analysis, the optimisation and the production control in the production and in the management of an industrial enterprise; drawing up, leasing, installation and maintenance of electronic data processing (EDP) data bases (software) for the operation or the management of an industrial or commercial enterprise, for carrying out transactions or commercial activities of an industrial or commercial enterprise, for the development of utilisation concepts for real estate and machines with regard to economics and for the developments of strategic building and production process concepts as basis for the investment planning or building planning; drawing up, leasing, installation and maintenance of databases (software) for the production data acquisition, the analysis, the optimisation and the production control in the production and in the management of an industrial enterprise; planning and configuring

of software applications for the networking of production processes pre-stage, printing and further processing, dispatch and administration, such as the integration of a machine presetting system of a printing machine in a workflow for digitised print production, in publishing houses and printing works; planning and configuration of software applications for the networking of printing works with printing customers and printing works suppliers via the Internet for the processing of printing orders, all aforesaid services being provided in connection with industrial gravure printing, letterpress printing or offset printing machines or in connection with parts of consumables for industrial gravure printing, letterpress printing or offset printing machines.
