Advertising; business management; commercial administration; advertising by using satellites in space, dissemination of advertisements, transcription of communications, television advertising; dissemination of advertising information by satellite; subscriptions to electronic journals; statistical analysis services concerning telecommunications, in particular in connection with the tariff setting, charging for telecommunication networks and remote meter reading of used telecommunication charge units; auditing services in the field of telecommunications; file creation services relating to programming data used for telecommunication apparatus, devices and installations; personnel management services for making available qualified staff to carry out sporadic assignments including engineering, installation and training in the field of telecommunications.

類別 Class 37

Installation, repair and maintenance services for telecommunication terminals, apparatus for recording, transmitting, reproducing and processing data, sounds and images, for telephone equipment, telecommunication, radiocommunication, mobile radio telephone and radio paging equipment, telephone and radiotelephone apparatus and sets, telephone and radiotelephone receivers and transmitters, for faxes; information services concerning installation maintenance and repair of the said apparatus for recording, transmitting, reproducing and processing data, sounds and images, the said telephone equipment, the said telecommunication, radiocommunication, mobile radiotelephony equipment, the said telephone and radiotelephone apparatus and sets, the said telephone and radiotelephone receivers and transmitters, the said faxes and said telecommunications terminals; installation services for telecommunications apparatus and devices; repair services for telecommunications apparatus, devices and installations; construction and repair services; repair services for satellites in orbit or on their return to earth; services of installation, maintenance, updating and repair of databases, database servers, provider centres for access to a computer or data transmission network; information services concerning installation, maintenance and repair of databases, database servers, provider centres for access to a computer or data transmission network.

類別 Class 38

Satellite communications, telecommunications; telecommunication of business information by satellite; transmission of industrial, commercial, advertising, educational and leisure information and programmes; direct television broadcasts, electronic mail services, transmission of messages by direct link to one or more satellites; television programme broadcasting, televised broadcasts, information on telecommunications, cable television, facsimile and telegram transmission, computer-assisted message and image transmission, computer-assisted transmission and distribution of data, sounds and images, particularly regarding meetings conducted by telephone, audioconferences, videoconferences; phone conferencing, rental of transmission apparatus, information agencies (news), communications via fibre optic networks, communications via computer terminals, including Internet, Extranet and Intranet networks, radio communications,

telephone communications, radio broadcasts, sending of telegrams, transmission of telegrams, rental of telecommunications apparatus, rental of message sending apparatus, with the exception of computers, rental of modems, rental of facsimile apparatus, rental of telephones, transmission of messages, radio programme broadcasting, radio broadcasting, satellite transmission, telegraph services, telephone services, telex services; information transmission via computer; telecommunication, radiocommunication and mobile radiotelephony services, including call transfer, call forwarding, telephone directory and voice messaging services; remote data communications, mobile data communications; communications via computer terminals, access services to computer or data communication databases and central services (communication services); service of electronic mail and dissemination of information by electronic means, in particular for global communication networks similar to the Internet; rental of apparatus for transmission of data, sounds and images, rental of telephone and radiotelephone apparatus and sets, rental of telephone and radiotelephone receivers and transmitters; news and information agency; global telecommunication networks; information services concerning telecommunications; telecommunications services relating to remote meter reading of used telecommunication charge units; telecommunication services relating to automatic remote loading of voice and data systems of telecommunications installations; telecommunications services relating to remote loading services for software updates intended for telecommunications networks; telecommunication services relating to telecommunication apparatus, device and installation exchange; rental services for emergency telecommunications apparatus, devices and installations; hotline services intended for users of telecommunications apparatus, devices and installations; subscription for apparatus used for receiving programmes broadcast by satellite; subscription for receiving programmes broadcast by satellite; telephone subscriptions, subscriptions to a radiopaging service; data communications subscriptions, subscriptions to a database, subscriptions to a database server; subscriptions to a central service providing access to a computer network or data communications network, including for Internet-type global communication; subscriptions to a telecommunications service; remote control (remote monitoring) of variable parameters of the voice and data systems of telecommunications installations; broadcasting updates of telecommunications software.

#### 類別 Class 41

Education; training; entertainment; sports activities; television entertainment, entertainment information, rental of videotapes; rental of television apparatus, rental of radio and television sets; leisure services, production of radio and television programmes; production of films on videotapes, production of shows; training services for specialised telecommunications equipment users and technicians; videotape recording (filming).

#### 類別 Class 42

Computer rental; engineering project studies, engineer's office services, engineering, weather forecasting services, expert opinion relating to technology; licensing of

intellectual property rights, rental of computer software, leasing access time to a database server centre, leasing access time to a computer for the manipulation of data, maintenance of computer software, computer system configuration analyses, development (design) of software, computer programming; technical research; services for rental of apparatus for recording, reproducing and processing data, sounds and images, leasing access time to a database server in particular for global communication networks similar to the Internet; design services for creating virtual and interactive images; scientific and industrial research concerning new information, computer and communications network and communications technologies and concerning virtual and interactive images; technological advice and expert assessments in the field of telecommunications and computer or data transmission networks; technical assistance for improving conditions for implementing apparatus for recording and transmitting, reproducing and processing data, sounds and images, telecommunication terminals, database servers, provider centres for access to a computer or data transmission network, the monitoring and efficiency of the above appliances and instruments; rental of access time to software updates intended for telecommunications networks; technological services in connection with automatic remote backup of voice and data systems for telecommunication installations; telecommunication apparatus, device and installation testing; engineering study and consulting, project and plan implementation in the field of telecommunications; remote diagnosis of malfunctions of telecommunication apparatus, devices and installations; technical services concerning the launch of satellites, their recovery and their repair in orbit or when returned to earth.

放棄註冊所關乎的下列貨品或服務：

Surrendered in respect of the following goods or services for the registration:

**類別 Class 16**

Paper, cardboard, printing products, office requisites (except furniture); documents in paper form reproducing analogue or digital data transmitted by satellite, publications concerning programmes and broadcasts transmitted by satellite; photographs; stationery; instructional or teaching material (except apparatus), plastic packaging materials, namely plastic packaging bags, sachets, films and sheets; posters; advertisement boards of paper or cardboard; albums; stickers (stationery); tickets; pads (stationery); calendars; exercise books; notebooks; cards; playing cards; geographical maps; cardboard articles; catalogues; packaging packets namely paper or plastic bags and sachets and/or packaging cartons; signboards of paper or cardboard; envelopes (stationery); graphic representations; printed timetables; printed images; prints; newspapers; photograph stands; postage stamps; prospectuses; publications, bookbindings; bookbinding material; indexes; reviews (periodicals); sachets (envelopes, small bags) for packaging (made of paper); printers' type; printing blocks.

紀錄冊內的貨品或服務現修改如下：

The remaining goods or services on the register now read as follows:

**類別 Class 9**

Scientific apparatus and instruments, adding machines, electronic agendas, antennae, audiovisual teaching apparatus, tape recorders, marking buoys, pocket calculators, calculating machines, memory or microprocessor cards, electronic pens for visual display units, video screens, transmitters of electronic signals, magnetic encoders, intercommunication apparatus, cassette players, bar code readers, compact disk players, optical readers, computer printers, computer memories, computer peripherals, notebook computers, projection apparatus, radiotelegraphy sets, answering machines, telecommunications software; data, sound and image input apparatus; computer-gaming software, games apparatus designed solely to be used with television sets; automatic coin-operated amusement machines; computers, in particular computer servers, computer, data communication and telephone terminals, including for global communication networks similar to the Internet; modems, connectors to a computer or telephone network, electrical or optical cables, databases; database server centres; computer and telecommunications transmitting and receiving apparatus; telephone switches, software for access to a computer or data transmission network, in particular to a global communication network (similar to the Internet); magnetic or optical data media, and particularly media for data constituting databases; electronic memories.

## 類別 Class 35

Advertising; business management; commercial administration; advertising by using satellites in space, dissemination of advertisements, transcription of communications, television advertising; dissemination of advertising information by satellite; subscriptions to electronic journals; statistical analysis services concerning telecommunications, in particular in connection with the tariff setting, charging for telecommunication networks and remote meter reading of used telecommunication charge units; auditing services in the field of telecommunications; file creation services relating to programming data used for telecommunication apparatus, devices and installations; personnel management services for making available qualified staff to carry out sporadic assignments including engineering, installation and training in the field of telecommunications.

## 類別 Class 37

Installation, repair and maintenance services for telecommunication terminals, apparatus for recording, transmitting, reproducing and processing data, sounds and images, for telephone equipment, telecommunication, radiocommunication, mobile radio telephone and radio paging equipment, telephone and radiotelephone apparatus and sets, telephone and radiotelephone receivers and transmitters, for faxes; information services concerning installation maintenance and repair of the said apparatus for recording, transmitting, reproducing and processing data, sounds and images, the said telephone equipment, the said telecommunication, radiocommunication, mobile radiotelephony equipment, the said telephone and radiotelephone apparatus and sets, the said telephone and radiotelephone receivers and transmitters, the said faxes and said telecommunications terminals; installation services for telecommunications apparatus and devices; repair services for telecommunications apparatus, devices and installations; construction and repair services; repair services for satellites in orbit or on their return to earth; services of installation, maintenance, updating and repair of databases, database servers, provider centres for access to a computer or data transmission network; information services concerning installation, maintenance and repair of databases, database servers, provider centres for access to a computer or data transmission network.

## 類別 Class 38

Satellite communications, telecommunications; telecommunication of business information by satellite; transmission of industrial, commercial, advertising, educational and leisure information and programmes; direct television broadcasts, electronic mail services, transmission of messages by direct link to one or more satellites; television programme broadcasting, televised broadcasts, information on telecommunications, cable television, facsimile and telegram transmission, computer-assisted message and image transmission, computer-assisted transmission and distribution of data, sounds and images, particularly regarding meetings conducted by telephone, audioconferences, videoconferences; phone conferencing, rental of transmission apparatus, information agencies (news), communications via fibre optic networks, communications via computer

terminals, including Internet, Extranet and Intranet networks, radio communications, telephone communications, radio broadcasts, sending of telegrams, transmission of telegrams, rental of telecommunications apparatus, rental of message sending apparatus, with the exception of computers, rental of modems, rental of facsimile apparatus, rental of telephones, transmission of messages, radio programme broadcasting, radio broadcasting, satellite transmission, telegraph services, telephone services, telex services; information transmission via computer; telecommunication, radiocommunication and mobile radiotelephony services, including call transfer, call forwarding, telephone directory and voice messaging services; remote data communications, mobile data communications; communications via computer terminals, access services to computer or data communication databases and central services (communication services); service of electronic mail and dissemination of information by electronic means, in particular for global communication networks similar to the Internet; rental of apparatus for transmission of data, sounds and images, rental of telephone and radiotelephone apparatus and sets, rental of telephone and radiotelephone receivers and transmitters; news and information agency; global telecommunication networks; information services concerning telecommunications; telecommunications services relating to remote meter reading of used telecommunication charge units; telecommunication services relating to automatic remote loading of voice and data systems of telecommunications installations; telecommunications services relating to remote loading services for software updates intended for telecommunications networks; telecommunication services relating to telecommunication apparatus, device and installation exchange; rental services for emergency telecommunications apparatus, devices and installations; hotline services intended for users of telecommunications apparatus, devices and installations; subscription for apparatus used for receiving programmes broadcast by satellite; subscription for receiving programmes broadcast by satellite; telephone subscriptions, subscriptions to a radiopaging service; data communications subscriptions, subscriptions to a database, subscriptions to a database server; subscriptions to a central service providing access to a computer network or data communications network, including for Internet-type global communication; subscriptions to a telecommunications service; remote control (remote monitoring) of variable parameters of the voice and data systems of telecommunications installations; broadcasting updates of telecommunications software.

#### 類別 Class 41

Education; training; entertainment; sports activities; television entertainment, entertainment information, rental of videotapes; rental of television apparatus, rental of radio and television sets; leisure services, production of radio and television programmes; production of films on videotapes, production of shows; training services for specialised telecommunications equipment users and technicians; videotape recording (filming).

#### 類別 Class 42

Computer rental; engineering project studies, engineer's office services, engineering, weather forecasting services, expert opinion relating to technology; licensing of intellectual property rights, rental of computer software, leasing access time to a database server centre, leasing access time to a computer for the manipulation of data, maintenance of computer software, computer system configuration analyses, development (design) of software, computer programming; technical research; services for rental of apparatus for recording, reproducing and processing data, sounds and images, leasing access time to a database server in particular for global communication networks similar to the Internet; design services for creating virtual and interactive images; scientific and industrial research concerning new information, computer and communications network and communications technologies and concerning virtual and interactive images; technological advice and expert assessments in the field of telecommunications and computer or data transmission networks; technical assistance for improving conditions for implementing apparatus for recording and transmitting, reproducing and processing data, sounds and images, telecommunication terminals, database servers, provider centres for access to a computer or data transmission network, the monitoring and efficiency of the above appliances and instruments; rental of access time to software updates intended for telecommunications networks; technological services in connection with automatic remote backup of voice and data systems for telecommunication installations; telecommunication apparatus, device and installation testing; engineering study and consulting, project and plan implementation in the field of telecommunications; remote diagnosis of malfunctions of telecommunication apparatus, devices and installations; technical services concerning the launch of satellites, their recovery and their repair in orbit or when returned to earth.
