

香港特別行政區政府知識產權署商標註冊處
Trade Marks Registry, Intellectual Property Department
The Government of the Hong Kong Special Administrative Region

接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條, 接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條, 公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條, 任何人擬就下列商標的註冊提出反對, 須在本公告公布日期起計的三個月內, 採用表格第 T6 號提交反對通知。(例如, 若果公布日期為 2003 年 4 月 4 日, 則該三個月的後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時, 將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請, 請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0>.

Class 38:

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services,

providing access to an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and

transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global

computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; all included in Class 38.

Class 39:

Transport; packaging and storage of goods; travel arrangement; physical storage of electronically stored data or documents; physical storage of electronically-stored data or documents; transportation information; transport brokerage; transportation logistics; transport of goods and passengers; packaging; ship brokerage; car transport; air transport; armoured-car transport; vehicle rental; message delivery; transport by pipeline; delivery of goods by mail order; courier services [messages or merchandise]; transport services in the nature of transport management; car rental services; car parking services; yacht and/or boat trips; travel agency services; travel reservation and travel information services; travel ticket agency services; arranging travel and information therefor, all provided on-line from a computer database or the Internet; provision of information relating to travel and tourism through the Internet or through telecommunication networks; providing driving directions for travel purposes; arranging of cruises; arranging of transportation for travel tours; booking of seats for travel; escorting of travellers; transport services for sightseeing tours; arranging of passenger transportation services for others via an online application; travel reservation; providing road and traffic information, chauffeur services; loading and unloading of cargo; freight brokerage; removal services; brokerage for rental, leasing, selling, purchasing and/or chartering of ships and/or boats; salvage and refloating of ships and/or boats; piloting; gas distribution and supply; electricity distribution and supply; heat distribution and supply; water supplying; water distribution and supply; mooring

facility services; rental of warehouses; providing flying areas; providing toll road; rental and/or leasing of wheelchairs; car parking; management of parking spaces; rental and/or leasing of airplanes; rental and/or leasing of containers; rental and/or leasing of bicycles; rental and/or leasing of cars; rental and/or leasing of ships and/or boats; rental and/or leasing of man-powered vehicles; rental and/or leasing of mechanical parking systems; rental and/or leasing of pallets; rental and/or leasing of packaging or wrapping machines; rental and/or leasing of refrigerator; collection of domestic waste and trash; collection of industrial waste and trash; rental of navigational systems; aircraft rental; cash replenishment of automated teller machines; chauffeur services; collection of recyclable goods [transport]; delivery of goods; delivery of newspapers; distribution of energy; flower delivery; franking of mail; freight [shipping of goods]; garage rental; gift wrapping; horse rental; launching of satellites for others; luggage storage; motor coach rental; parcel delivery; parking place rental; refrigerator rental; rental of freezers; rental of motor racing cars; rental of storage containers; rental of tractors; rental of vehicle roof racks; rental of wheelchairs; replenishment of vending machines; rescue operations [transport]; salvaging; taxi transport; towing; traffic information; transport reservation; wrapping of goods; consultancy, information and advisory services relating to the aforesaid services; all included in Class 39.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet web sites; entertainment and education services relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; preparation of entertainment, educational, documentary and news programmes for broadcasting; news

reporters' services; providing information relating to sporting or cultural events, current affairs and breaking news provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information, multimedia content, TV entertainment programs and provision of films online; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops in relation to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; entertainment provided via electronic and digital interactive media; online game services; electronic games services provided by means of the Internet; providing video games, computer games, sound or images, or movies through telecommunication or computer networks; providing online computer games and contests; computer game services provided on-line from a computer database; game entertainment services; providing online videos, not downloadable; provision of on-line electronic publications streaming from the Internet or on a computer network or a computer database; publication of texts, books and journals (others than publicity texts); publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; providing online electronic publications (not downloadable); education, training and instruction services relating to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; design of educational courses, examinations and qualifications; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials and agency thereof; arranging, organizing, planning and management of seminars; animal training; instructional services relating to operation of machines and equipment, including audiovisual equipment used for the production of broadcasting programs; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural

activities; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions for cultural or educational purposes, fashion shows, educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to fine arts leasing; entertainment ticket agency services; music entertainment services; rental of sound recordings; television programmes, radio and film production; premium or pay television programming services and television programming services; planning of TV entertainment programs; preparation and production of television programmes; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show and night club services; club services relating to entertainment, education and cultural services; direction in producing broadcasting programs; providing audio and visual studios; providing sports facilities; providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental and leasing of motion pictures; rental and leasing of musical instruments; rental and leasing of television programmes; rental and leasing of television sets; lending libraries; archive library services; subtitling services; sign language interpretation services; rental of pre-recorded video tapes; rental and leasing of game machines; lending of arcade game equipment; lending of pictures; photography; translation; language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of education and entertainment news; lottery services; tutoring; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41.

Class 42:
Scientific and technological services and

research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five)

computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; design, development, updating and upgrading of computer and video games software; computer system design; design and development of webpages; hosting webpages for others; hosting computer application; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer

technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

Specification:

Class 9:
Scientific, research, navigation, surveying,
photographic, cinematographic, audiovisual,
optical, weighing, measuring, signalling,
detecting, testing, inspecting, life-saving
and teaching apparatus and instruments;
apparatus and instruments for conducting,
switching, transforming, accumulating,
regulating or controlling the distribution or
use of electricity; apparatus and instruments
for recording, transmitting, reproducing or
processing sound, images or data; recorded and
downloadable media, blank digital or analogue
recording and storage media; magnetic data
carriers, recording discs; mechanisms for
coin-operated apparatus; cash registers,
calculating devices, data processing equipment
and computers; computer peripheral devices;
diving suits, divers' masks, ear plugs for
divers, nose clips for divers and swimmers,
gloves for divers, breathing apparatus for
underwater swimming; computer programs;

software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); computer, electronic and video games programmes and software (including software downloadable from the Internet); computer board game software; computer game software, downloadable; computer game software, recorded; computer video game programs; computer applications for streaming audio materials, video materials, videos, music, and images; digital media streaming devices; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); digital music (downloadable from the Internet); downloadable games, pictures, motion pictures, movies and music; alarm systems; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business,

sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; memory cards for video game machines; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players; telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; fire-extinguishing apparatus; automobile navigation system; compact discs; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control; data storage programs; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses; all included in Class 9.

Class 38:

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents,

data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services, providing access to an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and

whether in real or delayed time; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products,

services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; consultancy, information and advisory services relating to the aforesaid services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; consultancy, information and advisory services relating to the aforesaid services; all included in Class 38.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others;

application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring technology that enables users to share information and advice; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service relating to creating indexes of information, sites and resources on computer networks; providing internet search engines; providing software for searching and retrieving information from databases and computer networks; computer services in relation to providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer services relating to customized searching of computer databases and websites; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer software design; design, development, updating and upgrading of computer and video games software; computer system design; design and development of webpages; hosting webpages for others; hosting computer application;

consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services relating to certification of business transactions and preparation of reports therefor; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a web site; rental of entertainment software; cartography services; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer technology advice provided to Internet users by means of a support hotline; providing technical information at the specific request of end-users by means of telephone or global computer network; technical project studies; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.
