[511] 貨品／服務說明 :

Specification:

Class 4:

Coal; coal-based fuel; coal briquettes; coal dust (fuel); coal naphtha; coal tar oil; coke; combustible oil; combustible substances for use in heating apparatus; diesel oil; electrical energy; electricity; fuels (including motor spirit) and illuminants; fuels for heating purposes; fuel gas; fuels made from anthracite coal and coke; gas oil; gases for use in heating; gasoline; low sulphur coal; mineral coal; motor oil; oils for use as additives to heating oils; petrol; petroleum ether; petroleum textile oil; propane for heating; propane for use as fuel; propane gas; industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; candles and wicks for lighting.

Class 7:

Coal cutting machines; coal handling machines; coal loader; coal ploughs; electric alternators; electric current generators; electric power generators; electric power tools; electrical generator groups; electrical generator plant; electrical generator stations; electrical power supply apparatus being generators; electricity generating sets; electricity generators; electric motors for heating installations; emergency power generators; engines for the generation of electricity; heat engines, other than for land vehicles; heat exchangers [parts of machines]; heat exchanging apparatus [parts of machines]; heat recovery devices [parts of machines]; heat transfer apparatus [parts of machines]; installations for generating power from natural sources; machines

and apparatus for generating power; machines for transmitting [generating] electrical power; mechanical power transmitting mechanisms [other than for land vehicles]; motors and engines used in industrial applications for the petroleum, gas and coal industries; portable power supply generating apparatus; power transmissions [other than for land vehicles]; power installations [generators]; power operated machines for loading minerals; power operated machines for mechanical handling of minerals; power supply devices [generators]; propulsion mechanisms used in industrial applications, namely, hydraulic and mechanical pumps, drives, hammer and jacks for the petroleum, gas and coal industries; pumps for heating installations; reserve electrical power supply apparatus [generators]; turbine electricity generating machines; turbines for generation of electricity; machines and machine tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand-operated; incubators for eggs; parts and fittings for all the aforesaid goods.

Class 9:

Alternating current power apparatus and installations; apparatus for use in fuel dispensing; apparatus for use in fuel measurement; apparatus for use in the protection of power lines; cable management installations for power transmission; digital control apparatus for power units; digital direct current power supplies; electric power analyzers; electric power converters; electric power line detectors; electric power storage apparatus; electric power supplies [other than generators]; electric power supplies for electronic apparatus; electric power supply sockets; electric power supply units; electrical power adaptors; electrical power outlet boxes; electrical power packs comprising transformers and rectifiers; electrochemical power generating fuel devices; electronic control installations for fuel burners; emergency electrical power supply apparatus; fuel cells; fuel consumption measuring apparatus; fuel dispensing pumps; fuel level indicators; fuel regulating apparatus; heat detectors; heat regulators; heat sensors; heating meters; high voltage power supplies; laboratory power supply apparatus; mains power units (Electric-); power analyzers; power capacitors; power cells [electric]; power conditioning apparatus; power controlling apparatus [electric]; power distributors [electrical]; power dividers [electric]; power installations [other than generators]; power line disturbance analyzers; power line monitoring systems; power line phase meters; power line protectors; power meters; power modules; power output amplifiers; power stabilizers; power testers; regulated direct current power supplies; regulated power supply apparatus; static power convertors; static power supply units; uninterruptible power supply apparatus and instruments; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording

discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; parts and fittings for all the aforesaid goods.

Class 36:

Acquisition for financial investment; arranging of investments; capital investments; financial affairs; financial investment; financial valuation relating to heating costs; financing of investments; insurance; investment; investment advice; investment analysis; investment banking; investment business services; investment consultancy; investment information; investment management; investment research; investment trust services; management of investment portfolios; monetary affairs; provision of investment services; real estate affairs; real estate investment; information, advisory and consultancy services relating to all the aforesaid.

Class 37:

Advisory services relating to the installation of power plants; building and construction of electrical power plants; construction of power plants; construction and supervision of subcontractors; construction of structures for the transportation and storage of oil and gas; dismantling of power lines; electrical installation services; drilling and pumping of wells; drilling of crude oil; drilling of hydrocarbons; electrical wiring services; exploitation and extraction of oil and gas; installation, maintenance and repair services for solar powered systems, electricity generators, pumps, commercial electrical systems; installation, maintenance and repair services for apparatus for gathering of fuel, natural gas, coal and oil; installation, maintenance and repair services, all relating to equipment and machines for use in fluids management, solid control, production waste management machines, filtration and screening machines, machines for completion services, machines with clean and purify environments and environmental clean-up in the oil, coal and gas and environmental industries sectors; installation, maintenance and repair services, all relating to equipment and machines for use in the separation of solids from liquids, liquids from solids and liquids from liquids, all through mechanically or chemically enhanced means in the oil, coal and gas and environmental industries; installation, maintenance and repair services for equipment and apparatus in the oil, coal and gas and mining industries, including pipelines, drill pipes, tubing, casing, line pipes, and other tubular goods and accessories; mechanical and electrical engineering; oil and gas drilling; laying, repair, maintenance, replacement, refurbishment of pipelines; oil and gas pipeline inspection, maintenance and repair services; oil pumping and extraction; mining extraction; pipeline construction and maintenance; preparation of reports relating to the construction of power stations; preparation of reports relating to the installation of power stations; preparation of reports relating to the maintenance of power stations; rental, installation and maintenance of cleaning machines, including high pressure washing and machines for cleaning sewers, containers and drill holes, slurry treating machines, all for the oil, coal and gas and ecological industries;

rental of mining equipment; rental of treatment, cleaning and purification machines for use in the oil, coal and gas and ecological industries; rental of solids control machines, production waste management machines, filtration and screening machines and machines for completion services, all for the oil, coal and gas industries; rental, installation and maintenance of oil and gas well drilling tools; repair and maintenance of gas installations; repair services for machines in the oil and gas industries; technical supervision of building and construction projects; threading services; information, advisory and consultancy services relating to all the aforesaid.

Class 39:

Coal bunker services for ships; storage, supply, distribution, transportation and delivery of gas, natural gas, liquefied natural gas, gas hydrates, gaseous fuels, oil and coal; distribution of heat; distribution, supply and storage of electricity; distribution and storage of energy; electricity transmission services including the management and operation of power distribution and transmission of plants and facilities; fuel, gas, oil and coal distribution services; loading of coal; storage of gas; transportation of gas, fuel, oil and coal by pipelines; transportation, collection and delivery of gas and coal by land and by sea; information, advisory and consultancy services relating to all the aforesaid.

Class 40:

Electricity generating; heat treatment; rental of electricity generators; rental of power-generating equipment; refining of petroleum, gas and coal, including refining of motor fuel, heat and combustion gas, gas oil, gasoline, kerosene, industrial oil, motor oil, petroleum gas and mineral oil; processing and re-processing of fuel, gas, coal and oil; treatment of fuel, gas, coal and oil; recycling of oil and recycling of waste and trash; information, advisory and consultancy services relating to all the aforesaid.

Class 42:

Design, technical support and project management relating to telecommunications apparatus, instruments, networks and systems; services relating to the auditing of energy consumption and of the efficiency of operation of appliances and the safety checking of appliances and pipework; design services; engineering services; scientific, engineering and environmental research and development services; inspection of pipelines; design of pipelines; management of projects relating to electricity, oil, telecommunications and gas, and consultancy services related thereto; metering of gas, electricity, water and oils; measuring gas consumption; testing of gas, electricity, water and telecommunications installations, apparatus and instruments and pipework apparatus and instruments; scientific and technological services; research services; advice, information and consultancy services relating to all of the aforesaid services; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; information, advisory and consultancy services relating to all the aforesaid.
