

香港特別行政區政府知識產權署商標註冊處  
Trade Marks Registry, Intellectual Property Department  
The Government of the Hong Kong Special Administrative Region

### 接納註冊 (全文本)

商標註冊處處長已根據《商標條例》(第 559 章)第 42 條，接納下列商標的註冊申請。現根據《商標條例》第 43 條及《商標規則》(第 559 章附屬法例)第 15 條，公布申請的詳情。

根據《商標條例》第 44 條及《商標規則》第 16 條，任何人擬就下列商標的註冊提出反對，須在本公告公布日期起計的三個月內，採用表格第 T6 號提交反對通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 3 日。)反對通知須載有反對理由的陳述及《商標規則》第 16(2)條所提述的事宜。反對人須在提交反對通知的同時，將該通知的副本送交有關申請人。

有關商標註冊處處長根據商標條例(第 43 章)第 13 條/商標條例(第 559 章)附表 5 第 10 條所接納的註冊申請，請到 <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=c&agree=0> 檢視電子憲報。

### ACCEPTANCE FOR REGISTRATION (FULL VERSION)

The Registrar of Trade Marks has accepted the following trade marks for registration under section 42 of the Trade Marks Ordinance (Cap. 559). Under section 43 of the Trade Marks Ordinance and rule 15 of the Trade Marks Rules (Cap. 559 sub. leg.), the particulars of the applications are published.

Under section 44 of the Trade Marks Ordinance and rule 16 of the Trade Marks Rules, any person who wishes to oppose the registration of any of these marks shall, within the 3-month period beginning on the date of this publication, file a notice of opposition on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 3 July 2003.) The notice of opposition shall include a statement of the grounds of opposition and the matters referred to in rule 16(2). The opponent shall, at the same time as he files the notice of opposition, send a copy of it to the applicant of the application in question.

For applications for registration accepted by the Registrar of Trade Marks under section 13 of the Trade Marks Ordinance (Cap. 43)/section 10 of Schedule 5 to the Trade Marks Ordinance (Cap. 559), please view e-gazette at <http://www.gld.gov.hk/cgi-bin/gld/egazette/index.cgi?lang=e&agree=0>.

[511]	貨品/服務說明: Specification:	Class 6: Grids, frameworks and structures of metal or predominantly made of

metal, including rail structures for conveying machines and roller conveyors for conveying goods for storage and retrieval, for use in warehousing; bins, boxes and containers of metal or predominantly made of metal for storage and transportation of goods; parts and fittings for all the aforementioned goods.

Class 7:

Conveying machines, apparatus and installations; conveying machines, apparatus and installations, namely conveyors and roller conveyors for conveying goods for storage and retrieval, for use in warehousing; electronically controlled machines and apparatus for use for storage and retrieval of goods; boxes and containers (being parts and fittings) adapted for use with the aforementioned machines and apparatus; machine coupling and transmission components (except for land vehicles); parts and fittings for all the aforementioned goods.

Class 9:

Electronically controlled apparatus and instruments, namely, computerized storage and retrieval apparatus and instruments for use in the warehousing of goods; boxes and containers (being parts and fittings) adapted for use with the aforementioned goods; electronically controlled apparatus and instruments, namely, computerized electronic apparatus and instruments for observation, management and/or operation of storage and retrieval machines and systems for use in the warehousing of goods; data processing apparatus and appliances for management of storage depots and warehouses; recorded computer programs and software for management of storage depots and warehouses; electric, electronic and/or optical apparatus and instruments for measuring, monitoring and/or checking (supervision); parts and fittings for all the aforementioned goods.

Class 20:

Bins, boxes and containers made of plastic or predominantly made of plastic; bins, boxes and containers made of plastic or predominantly made of plastic for storage and retrieval by conveying machines in warehousing; parts and fittings for all the aforementioned goods.

Class 37:

Installation, maintenance and repair of storing depots and of machines, apparatus and systems for storing and retrieving goods; installation and maintenance services in the field of electric and electronic apparatus and systems; installation, maintenance and repair of conveying machines, apparatus and installations, including conveyors, roller conveyors and conveyor grids for conveying goods for storage and retrieval, for use warehousing; installation, maintenance and repair of electronic apparatus and instruments for observation, management and operation of automated storage and retrieval machines and systems for use in warehousing; information and consultancy in respect of all the aforementioned services.

Class 42:

Preparation, design, updating, maintenance and rental of computer programs and software for the management of storage depots and warehouses; preparation, design, updating, maintenance and rental

of computer programs and software for operating conveying machines, apparatus and systems for storage and retrieval of goods in warehouses; rental of computers and computer peripherals; information and consultancy in respect of all the aforementioned services.

Class(es) No(s).:
- [511] 貨品/服務說明 :  
Specification:
- Class 7:  
alternators; current generators; dynamos; generators of electricity; emergency power generators; wind turbines; hydraulic turbines; turbines other than for land vehicles; fittings for engine boilers; steam engines; flues for engine boilers; boiler tubes [parts of machines]; fuel conversion apparatus for internal combustion engines; internal combustion engines; borers (mine-); drilling rigs, floating or non-floating; oil refining machines; excavators; bulldozers; diggers [machines]; hoists; control mechanisms for machines, engines or motors; motors, electric, other than for land vehicles; propulsion mechanisms other than for land vehicles; pumps [parts of machines, engines or motors]; automatic vending machines.
- Class 9:  
Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; photovoltaic modules for creating and generating electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers; calculating machines, data processing equipment and computers; solar batteries; solar panels for electricity generation; solar sensors; transformers (electricity); battery boxes; battery chargers; battery jars.

## Class 11:

solar furnaces; solar thermal collectors [heating]; evacuated heat pipe solar collectors [heat exchangers]; solar energy collectors for heating; solar energy powered heating apparatus; solar energy powered heating installations; solar heating panels; solar lamps; solar powered ventilation apparatus.

## Class 36:

Financial analysis; financial management consultancy; financial administration and advice; professional advice in relation to corporate finance; financial planning services; loan financing; real estate advisory and consultancy services; real estate management; real estate appraisal; banking; lending against security; investment (capital); lease-purchasing financing; factoring; money (exchanging-); fiduciary; financial management; financial information; financial sponsoring; funds investments; insurance brokerage; insurance underwriting; issuance of credit cards; mortgage banking; mutual funds; safe deposit services; saving bank services; securities brokerage; stock exchange quotations; stocks and bonds brokerage; surety services; trusteeship.

## Class 37:

installation of solar powered systems, power plants, power stations; building construction supervision; construction; construction consultation; construction information; pipeline construction and maintenance; road paving; factory construction; warehouse construction and repair; machinery installation and repair; mining extraction; masonry; electric appliance installation and repair; furnace installation and repair; heating equipment installation and repair; boiler cleaning and repair; office machines and equipment installation, maintenance and repair; rebuilding engines that have been worn or partially destroyed; rebuilding machines that have been worn or partially destroyed; rental of construction equipment; underwater construction; underwater repair; vehicle maintenance; wells (drilling of-).

## Class 39:

electricity supply and distribution service; distribution of energy.

## Class 42:

technical research; project studies (technical); prospecting (geological); consulting in the field of energy-saving; environmental protection (research in the field of-); provision of scientific information, advice and consultancy in relation to carbon offsetting; quality control; surveys (geological); architecture; construction drafting; computer software design.

Specification: Scientific, photographic, cinematographic, optical and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; calculating machines, data processing equipment, computers; computer software; computer hardware and software; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer software; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area

network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

## Class 16:

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

## Class 35:

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT business strategic planning services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; consulting in the field of marketing optimization; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis.

## Class 36:

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services.

## Class 37:

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware.

## Class 38:

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic

communications over a private or public computer network;  
consulting in the field of communications and telecommunications;  
providing online chat rooms, bulletin boards and forums for  
transmission of messages among users in the fields of computers,  
software, information technology and general interest; streaming of  
audio and video material on the Internet; voice over Internet  
protocol (VOIP) services; file sharing services, namely, electronic  
transmission of data via global computer networks.

Class 41:

Education; providing of training; educational and training  
services, namely, conducting classes, workshops, seminars and  
conferences in the field of computers, software, electronic  
commerce and information technology; online journals, namely, blogs  
featuring information in the fields of computers, software,  
electronic commerce and information technology.

Class 42:

Scientific and technological services and research and design  
relating thereto; industrial analysis and research services; design  
and development of computer hardware and software; computer  
services, software consulting services, cloud computer services and  
information technology consulting services; computer services;  
computer systems analysis, planning, integration and design;  
integration of computer systems and software; integration of  
computer systems and networks; computer system administration for  
others; rental and leasing of computer hardware and computer  
peripherals; computer consulting services; advice on designing,  
selecting, and using computer hardware and systems; computer  
software consultancy; consulting services for others in the  
selection, implementation and use of computer software; consulting  
services in the field of software as a service; Internet consulting  
services; information technology (IT) consulting services;  
consulting in the field of IT and applications transformation,  
integration, modernization, migration, design, development,  
implementation, testing, optimization, operation and management;  
consulting in the field of cloud computing and big data; consulting  
in the field of cloud infrastructure; consulting services in the  
fields of datacenter architecture, public and private cloud  
computing solutions, and evaluation and implementation of Internet  
technology and services; consulting in the field of information  
security, governance and compliance; consulting in the field of  
computer and information security and IT risk management;  
consulting in the field of IT mobility and workplace services;  
consulting in the field of unified communications hardware and  
software; consulting with respect to the IT aspects of business  
processes; consulting in the field of IT solutions for customer  
relationship management, finance and administration, human  
resources, payroll and document processing; consulting in the field  
of application delivery management; consulting in the field of  
converged IT systems; consulting in fields of IT converged and  
hyper-converged IT infrastructure; technological consulting in the  
field of utility industry services, operations and billing;  
consulting in the field of environmental and energy efficiency;  
scientific and technological services, namely, research and design

in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of online non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; computer technical support services; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) consultancy services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization services; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; database services; data center and data warehouse services; database

development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; IT asset management services; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software-defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for

automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

Specification: Scientific, photographic, cinematographic, optical and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; calculating machines, data processing equipment, computers; computer software; computer hardware and software; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters;

data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer software; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining

information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16:

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35:

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT business strategic planning services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; consulting in the field of marketing optimization; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis.

Class 36:

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others;

providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services.

Class 37:

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware.

Class 38:

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

Class 41:

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer services, software consulting services, cloud computer services and information technology consulting services; computer services; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing and big data; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud

computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services; consulting in the field of unified communications hardware and software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery management; consulting in the field of converged IT systems; consulting in fields of IT converged and hyper-converged IT infrastructure; technological consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; computer technical support services; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) consultancy services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure

hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization services; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; database services; data center and data warehouse services; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; IT asset management services; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for

business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software-defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.
