

香港特別行政區政府知識產權署商標註冊處  
Trade Marks Registry, Intellectual Property Department  
The Government of the Hong Kong Special Administrative Region

## 註冊商標的貨品／服務說明重新分類

商標註冊處處長根據《商標規則》(第 559 章附屬法例)第 59／60 條，為對下列註冊商標的貨品／服務說明重新分類，作出修訂的建議。

根據《商標規則》第 61 條，任何聲稱受擬作出的修訂影響的人，可在本公告公布日期後的三個月內，採用表格第 T6 號提交反對建議的通知。(例如，若果公布日期為 2003 年 4 月 4 日，則該三個月的最後一日為 2003 年 7 月 4 日。)反對通知須載有提出反對理由的陳述，該陳述尤須解釋如作出修訂，反對人會如何受有關修訂影響，以及反對人為何認為作出該等修訂會違反《商標條例》(第 559 章)第 58(5)條。

根據《商標規則》第 95 條，提交反對通知的時限不得延展。

## RECLASSIFICATION OF SPECIFICATION OF GOODS OR SERVICES OF REGISTERED TRADE MARKS

The Registrar of Trade Marks has made proposals for amendment under rule 59/60 of the Trade Marks Rules (Cap. 559 sub. leg.) for reclassification of the specification in respect of the following registration(s).

Under rule 61 of the Trade Marks Rules, any person claiming to be affected by the proposed amendment may, within 3 months after the date of this publication, file a notice of opposition to the proposals on Form T6. (For example, if the publication date is 4 April 2003, the last day of the 3-month period is 4 July 2003.) The notice of opposition shall include a statement of the grounds of opposition, which statement shall, in particular, explain how the opponent would be affected by the amendments if they were made and why in the opponent's opinion the amendments would be contrary to section 58(5) of the Trade Marks Ordinance (Cap. 559).

It should be noted that under rule 95 of the Trade Marks Rules, extension of time cannot be allowed for filing the notice of opposition.

[511] 原來的貨品／服務說明:

**Original Specification:**

Class 41

education and training services in the fields of healthcare, sanitation, emergency medical and chirurgical care, emergency medical and chirurgical assistance, childcare services, organization of sporting, cultural and educational activities; all included in Class 41.

Class 42

healthcare; provision of emergency food, drink and drug supplies; provision of temporary accommodation, including sanitation; rest home services; emergency medical and chirurgical care; emergency medical and chirurgical assistance; childcare services; medical and chirurgical research; non-business construction draughting; engineering drawing; printing services; photographic reporting; video taping; computer programming; professional consultancy services relating to all the aforesaid services; all included in Class 42.

[511] 建議的新貨品／服務說明:

**Proposed New Specification:**

Class 40

printing services; professional consultancy services relating to all the aforesaid services; all included in Class 40.

Class 41

photographic reporting; video taping; professional consultancy services relating to all the aforesaid services; education and training services in the fields of healthcare, sanitation, emergency medical and chirurgical care, emergency medical and chirurgical assistance, childcare services, organization of sporting, cultural and educational activities; all included in Class 41.

Class 42

medical and chirurgical research; non-business construction

draughting; engineering drawing; computer programming; professional consultancy services relating to all the aforesaid services; all included in Class 42.

Class 43

provision of temporary accommodation, including sanitation; childcare services; professional consultancy services relating to all the aforesaid services; all included in Class 43.

Class 44

healthcare; provision of emergency food, drink and drug supplies; rest home services; emergency medical and chirurgical care; emergency medical and chirurgical assistance; professional consultancy services relating to all the aforesaid services; all included in Class 44.

[511] 原來的貨品/服務說明:

**Original Specification:**

Class 37

construction, maintenance, repair, installation, restoration and retrofitting services in relation to airports and airport facilities, buildings, building complexes and facilities, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport infrastructure, bridges, railways, roads, tunnels, irrigation facilities for agricultural use, fuel supply systems, sewer outfalls, mining facilities, pipelines, facilities for reticulation, trunk mains, treatment plants, aerated lagoons, power stations, townships, industrial estates; installation, maintenance and repair of heating and ventilation systems, air conditioning and filtration systems, land transport vehicles, lighting systems, fire protection systems, security systems, computer hardware, lifts, plumbing, drainage, sound systems, electronic or computer systems for building management, sprinkler systems, temperature control systems, standby electricity generators, seismic strengthening apparatus, development of regular maintenance programmes, consultancy services in relation to civil engineering and construction, maintenance and facility management systems, maintenance management of property assets; all included in Class 37.

## Class 42

design and consultancy services in relation to civil engineering, engineering of airports and airport facilities, buildings, building complexes and facilities, forestry, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport, land transport infrastructure, bridges, railways, roads, tunnels, irrigation or water supply, water and fuel supply systems, sewer outfalls, mining, monitoring systems, pipelines, facilities for reticulation, pumping stations, trunk mains, heating and ventilation systems, air conditioning and filtration systems, electrical and lighting systems, fire protection systems, security systems, computer facilities, lifts, plumbing, drainage, sound systems, sprinkler systems, temperature controls, standby generators, power stations, seismic strengthening, town planning, planning of industrial estate, oil exploration engineering, power generation; design of computer software; architectural services relating to landscape; technical project studies relating to water resource; river engineering; legal services, planning and technological consultancy services relating to hazardous chemicals and toxins or inorganic wastes; monitoring services in relation to compliance with codes, regulations or other rules; planning services in relation to engineering; planning services in relation to resource management; legal services relating to policy development and planning to ensure compliance with codes, regulations and other rules prescribed by Statute; health care; architectural design; testing of wind tunnels; technical project studies relating to earthquake risk assessment, flood protection; seismic studies; advisory services relating to engineering; land surveying; quality control and quantity surveying; security services; project management services, feasibility studies, site investigations, engineering services; surveying services; planning services; scientific research services; environmental advisory services; interior design; ecological services; architectural services; computer programming services; network maintenance management; industrial design services; drafting services; geological services; hydrology services; lighting design services; provision of structural testing facilities; computer services relating to feasibility studies; engineering design; environmental surveys; engineering design for experimental purpose; analysis on buildings structure; investigation services relating to buildings foundations; construction, maintenance, repair and installation services in relation to forestry; research and development services in this class in relation to all of the aforesaid services; all included in Class 42.

[511] 建議的新貨品／服務說明:

**Proposed New Specification:**

## Class 37

construction, maintenance, repair, installation, restoration and retrofitting services in relation to airports and airport facilities, buildings, building complexes and facilities, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport infrastructure, bridges, railways, roads, tunnels, irrigation facilities for agricultural use, fuel supply systems, sewer outfalls, mining facilities, pipelines, facilities for reticulation, trunk mains, treatment plants, aerated lagoons, power stations, townships, industrial estates; installation, maintenance and repair of heating and ventilation systems, air conditioning and filtration systems, land transport vehicles, lighting systems, fire protection systems, security systems, computer hardware, lifts, plumbing, drainage, sound systems, electronic or computer systems for building management, sprinkler systems,

temperature control systems, standby electricity generators, seismic strengthening apparatus, development of regular maintenance programmes, consultancy services in relation to civil engineering and construction, maintenance and facility management systems, maintenance management of property assets; all included in Class 37.

#### Class 42

design and consultancy services in relation to civil engineering, engineering of airports and airport facilities, buildings, building complexes and facilities, forestry, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport, land transport infrastructure, bridges, railways, roads, tunnels, irrigation or water supply, water and fuel supply systems, sewer outfalls, mining, monitoring systems, pipelines, facilities for reticulation, pumping stations, trunk mains, heating and ventilation systems, air conditioning and filtration systems, electrical and lighting systems, fire protection systems, security systems, computer facilities, lifts, plumbing, drainage, sound systems, sprinkler systems, temperature controls, standby generators, power stations, seismic strengthening, town planning, planning of industrial estate, oil exploration engineering, power generation; design of computer software; architectural services relating to landscape; technical project studies relating to water resource; river engineering; legal services, planning and technological consultancy services relating to hazardous chemicals and toxins or inorganic wastes; monitoring services in relation to compliance with codes, regulations or other rules; planning services in relation to engineering; planning services in relation to resource management; legal services relating to policy development and planning to ensure compliance with codes, regulations and other rules prescribed by Statute; architectural design; testing of wind tunnels; technical project studies relating to earthquake risk assessment, flood protection; seismic studies; advisory services relating to engineering; land surveying; quality control and quantity surveying; project management services, feasibility studies, site investigations, engineering services; surveying services; planning services; scientific research services; environmental advisory services; interior design; ecological services; architectural services; computer programming services; network maintenance management; industrial design services; drafting services; geological services; hydrology services; lighting design services; provision of structural testing facilities; computer services relating to feasibility studies; engineering design; environmental surveys; engineering design for experimental purpose; analysis on buildings structure; investigation services relating to buildings foundations; research and development services in this class in relation to all of the aforesaid services; all included in Class 42.

#### Class 44

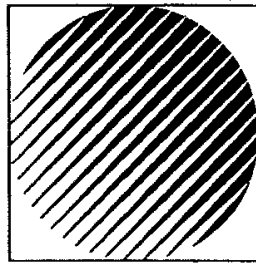

health care; construction, maintenance, repair and installation services in relation to forestry; all included in Class 44.

#### Class 45

security services; all included in Class 45.

**Proposed New Class No.:** 37, 42, 44

[511] 原來的貨品/服務說明:  
**Original Specification:** Class 37  
 construction, maintenance, repair, installation, restoration and retrofitting services in relation to airports and airport facilities, buildings, building complexes and facilities, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport infrastructure, bridges, railways, roads, tunnels, irrigation facilities for agricultural use, water supply facilities, fuel supply systems, sewer outfalls, mining facilities, pipelines, facilities for reticulation, pumping stations, trunk mains, treatment plants, oxidation ponds, aerated lagoons, disposal systems, stormwater and wastewater collection and treatment systems, power stations, townships, industrial estates; installation, maintenance and repair of heating and ventilation systems, air conditioning and filtration systems, land transport vehicles, electrical and lighting systems, fire protection systems, security systems, lifts, plumbing, drainage, sound systems, electronic or computer systems for building management, sprinkler systems, temperature control systems, standby electricity generators, seismic strengthening apparatus, development of regular maintenance programmes, consultancy services in relation to civil engineering and construction, maintenance and facility management systems, maintenance management of property assets; all included in Class 37.

Class 42  
 design and consultancy services in relation to civil engineering, engineering of airports and airport facilities, buildings, building complexes and facilities, forestry, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport, land transport infrastructure, bridges, railways, roads, tunnels, irrigation or water supply, water and fuel supply systems, sewer outfalls, mining, monitoring systems, pipelines, facilities for reticulation, pumping stations, trunk mains and sophisticated treatment plants, conventional treatment plants, oxidation ponds, aerated lagoons, disposal systems, stormwater and

wastewater collection and treatment, heating and ventilation systems, air conditioning and filtration systems, electrical and lighting systems, fire protection systems, security systems, computer facilities, lifts, plumbing, drainage, sound systems, sprinkler systems, temperature controls, standby generators, power stations, seismic strengthening, town planning, planning of industrial estate, oil exploration engineering, power generation; design of computer software; architectural services relating to landscape; technical project studies relating to water resource; river engineering; legal services, planning and technological consultancy services relating to hazardous substances or inorganic wastes; monitoring services in relation to compliance with codes, regulations or other rules prescribed by Statute; planning services in relation to engineering; planning services in relation to resource management; legal services relating to policy development and planning to ensure compliance with codes, regulations and other rules prescribed by Statute; health care; architectural design; testing of wind tunnels; material testing services; technical project studies relating to earthquake risk assessment, flood protection; seismic studies; advisory services relating to engineering; laboratory services; land surveying; quality control and quantity surveying; security services; project management services, feasibility studies, site investigations, engineering services; surveying services; planning services; scientific research services; environment advisory services; interior design; ecological services; architectural services; computer programming services; network maintenance management; industrial design services; drafting services; geological services; hydrology services; lighting design services; provision of structural testing facilities; computer services relating to feasibility studies; engineering design; environmental surveys; engineering design for experimental purpose; analysis on buildings structure; investigation services relating to buildings foundations; material evaluation; construction, maintenance, repair and installation services in relation to forestry; research and development services in this class in relation to all of the aforesaid services; all included in Class 42.

[511] 建議的新貨品／服務說明:

**Proposed New Specification:**

Class 37  
 construction, maintenance, repair, installation, restoration and retrofitting services in relation to airports and airport facilities, buildings, building complexes and facilities, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport infrastructure, bridges, railways, roads, tunnels, irrigation facilities for agricultural use, water supply facilities, fuel supply systems, sewer outfalls, mining facilities, pipelines, facilities for reticulation, pumping stations, trunk mains, treatment plants, oxidation ponds, aerated lagoons, disposal systems, stormwater and wastewater collection and treatment systems, power stations, townships, industrial estates; installation, maintenance and repair of heating and ventilation systems, air conditioning and filtration systems, land transport vehicles, electrical and lighting systems, fire protection systems, security systems, lifts, plumbing, drainage, sound systems, electronic or computer systems for building management, sprinkler systems, temperature control systems, standby electricity generators, seismic strengthening apparatus, development of regular maintenance programmes, consultancy services in relation to civil engineering and construction, maintenance and facility management systems, maintenance management of property assets; all included in Class 37.

Class 42

design and consultancy services in relation to civil engineering, engineering of airports and airport facilities, buildings, building complexes and facilities, forestry, ports, harbours and harbour facilities, coastal protection works, marine pipelines, offshore jetties, major sea walls, slurry pipelines, temporary ferry pier facilities, infrastructure, land transport, land transport infrastructure, bridges, railways, roads, tunnels, irrigation or water supply, water and fuel supply systems, sewer outfalls, mining, monitoring systems, pipelines, facilities for reticulation, pumping stations, trunk mains and sophisticated treatment plants, conventional treatment plants, oxidation ponds, aerated lagoons, disposal systems, stormwater and wastewater collection and treatment, heating and ventilation systems, air conditioning and filtration systems, electrical and lighting systems, fire protection systems, security systems, computer facilities, lifts, plumbing, drainage, sound systems, sprinkler systems, temperature controls, standby generators, power stations, seismic strengthening, town planning, planning of industrial estate, oil exploration engineering, power generation; design of computer software; architectural services relating to landscape; technical project studies relating to water resource; river engineering; legal services, planning and technological consultancy services relating to hazardous substances or inorganic wastes; monitoring services in relation to compliance with codes, regulations or other rules prescribed by Statute; planning services in relation to engineering; planning services in relation to resource management; legal services relating to policy development and planning to ensure compliance with codes, regulations and other rules prescribed by Statute; architectural design; testing of wind tunnels; material testing services; technical project studies relating to earthquake risk assessment, flood protection; seismic studies; advisory services relating to engineering; laboratory services; land surveying; quality control and quantity surveying; security services; project management services, feasibility studies, site investigations, engineering services; surveying services; planning services; scientific research services; environment advisory services; interior design; ecological services; architectural services; computer programming services; network maintenance management; industrial design services; drafting services; geological services; hydrology services; lighting design services; provision of structural testing facilities; computer services relating to feasibility studies; engineering design; environmental surveys; engineering design for experimental purpose; analysis on buildings structure; investigation services relating to buildings foundations; material evaluation; research and development services in this class in relation to all of the aforesaid services; all included in Class 42.

#### Class 44

health care; construction, maintenance, repair and installation services in relation to forestry; all included in Class 44.
